About Daytona State

Daytona State College at a Glance
Offering more than 100 certificate, associate and bachelor's degree programs, Daytona State College has responded to the education and workforce training needs of Volusia and Flagler counties and beyond for 60 years. The college enrolls about 28,000 students a year at its seven instructional sites, with graduates serving in critical fields, including health care, emergency services, business, education, hospitality, engineering technology, computer science and more.

Among the Best in Online Programs
Daytona State has been recognized as a leader in higher education numerous times, most recently by U.S. News & World Report, which consistently ranks the college among the Best Online Bachelor's Programs in the nation. U.S. News also placed DSC among the top for Best Online Bachelor's Programs for Veterans.

Bachelor's Degrees
Daytona State offers 11 bachelor's degrees in Supervision and Management, Education, Engineering Technology, Information Technology and Nursing. These offerings include opportunity for qualified first-time-in-college students to earn a degree in one of seven Bachelor of Science in Education tracks for $10,000. (Speak with an academic advisor for details.)

Choose Daytona State and Save
U.S. Department of Education's College Affordability and Transparency Center ranks DSC among the most affordable public four-year institutions in the country, with less than half the tuition of the national average. Community College Week, a leading publication in higher education, featured the college in its list of Top 100 Associate Degree Producers.

Academic Support When You Need It
Daytona State's Academic Support Centers, located at all campuses, are recognized statewide and nationally as models for best learning center practice. In 2010, the ASC earned the Association of Florida College's Exemplary Practice Award for Learning Support Services. In 2007, the ASC was awarded the prestigious National College Learning Center Association Frank Crist Outstanding Learning Center Award. During the 2013-2014 academic year, nearly 20,000 students received assistance with their coursework in the ASC, tallying a total 234,448 visits.

The Association of Florida Colleges has awarded Daytona State's ASC its Learning Resources Exemplary Practice Award for the Math Up: Gateway to Success program Math Up is a free, four-day workshop offered a week prior to the start of spring and fall semester classes that helps students get a leg up on the challenges posed for some by Intermediate Algebra (MAT1033).

Top Fifteen Programs (Enrollment)
- Associate of Arts
- BAS Supervision and Management
- Nursing Associate Degree
- Business Administration
- Cosmetology
- Culinary Management
- FLA Law Enforcement Academy
- BS Information Technology
- Music Production Technology
- BS Nursing (BSN)
- Photographic Technology
- Computer Program Analyst
- BS Elementary Education
- Emergency Medical Technician
- Paralegal (Legal Assisting)

Top Fifteen Programs (Graduates)
- Associate of Arts
- BAS Supervision and Management
- Nursing Associate Degree
- FLA Law Enforcement Academy
- Emergency Medical Technician
- Cosmetology
- Business Oper./Entrepren.
- Fire Fighter
- Nursing Assistant (LTC)
- BS Elementary Education
- Photographic Technology
- Practical Nursing
- Info Tech Support Specialist
- Office Support (Tech. Cert.)
- Culinary Management

Accreditation and Equity Statement

Accreditation
Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor’s degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

The college is a member of the American Association of Community Colleges and the Association of Florida Colleges, and is an approved institution of higher education for veterans and war orphans.

To comply with our Accountability Standards (64-14.060), which provided a basis for quality improvement and for accountability, external accreditors provide additional oversight of academic program content, quality, and effectiveness, and faculty members play a key role in preparing academic programs for external review by accrediting agencies.

Several academic programs (list of external accrediting bodies), at the college maintain state and/or national accreditations or approval by professional associations or licensing boards. All programs with external accreditations develop and implement standards, monitor results and generate reports for their accrediting agencies. All program with external reviews are in good standing, demonstrating the quality of academic programs at Daytona State College.

**Statement of Non-Discrimination**

Daytona State College prohibits discrimination and provides equal opportunity in employment and education services to all individuals without regard to age, ancestry, belief, color, disability, ethnicity, gender, genetic information, marital status, national origin, political affiliation, pregnancy, race, religion, sex, sexual orientation or veteran status.

Our pledge covers recruitment, admission, registration, financial help, counseling, advising, course offerings, educational resources, facilities, extracurricular programs, health services, athletics, employment and its privileges and benefits.

To obtain more information about the college's equal access and equal opportunity policies, procedures and practices, please telephone or email him at: (386) 506-3973 or Thompsl@daytonastate.edu.

Students with Disabilities can visit our Student Disabilities Services site for more info.

Daytona Beach Campus, Building 130, Room 108
(386) 506-3988

**Daytona State College Title IX Statement**

Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex under any education program or activity receiving federal financial aid. Sexual assault and sexual harassment is a form of sex discrimination prohibited by Title IX.

Daytona State College is committed to providing a learning, living, and working, environment free from discrimination. Any gender based discrimination, including sexual misconduct which includes but is not limited to, sexual assault, sexual harassment, stalking, relationship violence and sexual exploitation committed by DSC students, staff, faculty, vendors, partners, contractors or affiliates will not be tolerated. This applies to academic, education, athletic, residential, and other college-operated programs, events or facilities.

Daytona State College encourages individuals who believe they have been sexually harassed, assaulted, or subjected to sexual misconduct by an DSC student or employee to seek assistance. If you have immediate concerns, please contact the DSC Campus Safety Office at (386)506-4444 or Ext. 4444 (from a campus phone).

While compliance with the law is everyone's responsibility at DSC, the person designated to handle inquiries of Title IX related discrimination is:

Lonnie D. Thompson
Director of Equity, Inclusion, and Title IX
Daytona State College
(386) 506-3973
Thompsl@daytonastate.edu

**Sexual Assault and Misconduct**
Instances of sexual misconduct occurring on college property or at college related functions which involve the violation of any state statute or any federal or civil law will be reported to the appropriate law enforcement agency for investigation and prosecution. Campus Safety personnel will report such incidents and cooperate fully with law enforcement agencies. The college will not shelter faculty, staff or students from the state of Florida’s sexual misconduct laws. (Legal Authority: F.S. 228-2001; 240.319, SBE 6A-19.08; 19.09: 6A-14.0247).

**Sexual Harassment**

Sexual harassment is conduct of a sexual nature or with sexual implications, which interferes with a student’s status or performance by creating an intimidating, hostile or Student Rights & Responsibilities offensive educational or working environment. This conduct may include, but is not limited to: inappropriate and unwanted touching; the display of sexually explicit or suggestive materials; use of sexually explicit or suggestive language or gestures; and subtle pressure for sexual activity, as well as demands for sexual favors, or physical assault.

**Notice**

This catalog is prepared and presented as an informational guide only. Course offerings, fee schedules and other representations provided are not controlling and are subject to change, amendment or deletion by the college as deemed appropriate. The information is taken from Board rules and administrative procedures. These sources may be consulted for additional information.

Please be advised that your photo may be taken and used in materials (including Daytona State’s website) promoting the college. If you do not want your photograph used, please contact the Marketing Department at (386) 506-4499.

**Administration and Faculty**

**President's Message**

**Welcome to Daytona State College – where learning for life is our way of life.**

Whether you're a student, a parent, a supporter or someone interested in exploring our institution, you’ll find remarkable opportunities at DSC to enrich lives and open doors. We offer pathways to exciting careers, further education, in-demand skills training and personal enrichment.

Daytona State has distinguished itself with high-quality academic programs, outstanding faculty dedicated to teaching, and small class sizes that ensure our students get the attention and support to help them succeed. This year, we offer new programs that reflect the evolving economic and workforce needs of our communities. They include an Associate of Science in Engineering Technology that provides a smooth pathway to a Bachelor's in Engineering Technology for those who have earned certificates in a variety of technical and computer science disciplines. Other new additions include certificates in Phlebotomy, Beverage Science and an advanced technical certificate in Project Management that can lead to enhanced career opportunities across a variety of industries. We're also proud to offer a new Associate of Science in Broadcast Television Production, leveraging the power of WDSC TV 15 to introduce student to live productions of Falcon sporting events, including our newest men's and women's soccer competition to kick off in a newly constructed sports complex slated to open this fall.

As a college community, we're proud that Daytona State consistently earns high marks from U. S. News & World Report due to top-notch faculty, smart technology and focused student engagement. We rank among the nation's Best Online Bachelor's Programs, and have earned a similar placement for Best Online Bachelor's Programs for Veterans. That goes along with placing among the Top 100 Associate Degree Producers in America and, in Florida, earning the top spot for undergraduate elementary-education bachelor's programs.

Our students, who number about 28,000 a year, can expand their college experience with many student services and activities, including:

- championship athletic teams,
- an award-winning student newspaper and literary magazine,
- an active Student Government Association and
- more than 25 clubs and organizations.

On our campuses you'll also find the internationally recognized Southeast Museum of Photography, a state-of-the-art fitness and aquatic facility and two theaters that host theatrical, musical and dance productions throughout the year.

Let us know if we can help you join in the Daytona State College experience from where ever you are in life. I applaud you for making the smart choice and taking the next step toward your goals.

Sincerely,

**Thomas LoBasso, Ed.D.**

President

Facts
Advanced Technology College
Technology is changing the world. It's also changing education. Today, many jobs require training in technology. That's why the Advanced Technology College
(ATC) was created. The ATC provides local residents with advanced technological training that meets the current and future needs of industry in the area. How do we know? We asked! What businesses in Volusia and Flagler counties told us became the foundation for the programs being offered at the ATC.

What does this mean for you? It means that your training is driven by the real needs of local employers. In other words, you're getting the skills that get jobs now! When you graduate, you'll be prepared for a job where applicants are in high demand.

The ATC is located on Williamson Boulevard near LPGA Boulevard in Daytona Beach. The facility includes occupational classrooms and lab areas with brand new, state-of-the-art equipment and smart classrooms designed for each specific program. The building also includes wireless access throughout, along with Internet access and network connections in all classrooms, science labs, a multi-purpose room, a media center and open computer labs. The two-story classroom area surrounds an enclosed atrium that is the site of exhibits and gatherings. The ATC is designed to serve a wide variety of students looking to obtain certificates, associate of science and bachelor's degrees.

Programs Offered at the ATC:

Engineering Technology Programs
Engineering Technology (BSET)
Engineering Technology - Electrical Engineering
Technology Concentration (BSET-EET)
Information Technology (BSIT)
AS in Engineering Technology

Computer Science Programs
Advanced Network Infrastructure
Advanced Technical Certificate in Cyberforensics and Cybersecurity
Cable Installation
Computer Engineering Technology
Computer Information Technology
Computer Programming and Analysis (Software Engineering Technology)
Computer Programming
Electronics Engineering Technology
Information Technology Administration
Information Technology Analysis
Information Technology Support Specialist
Internet Services Technology
Microcomputer Repairer/Installer
Network Communications (LAN)
Network Communications (WAN)
Network Infrastructure
Network Server Administration
Network Support Technician

Automotive Programs
Automotive Collision Repair and Refinishing
Automotive Service Technology

Construction, Manufacturing & Engineering Programs
Air Conditioning, Refrigeration and Heating Mechanic and Technology
Architectural and Building Technology
AutoCAD Foundations (Architectural)
AutoCAD Foundations (Engineering)
Drafting and Design Technology (CAD)
Drafting and Design Technology
Interior Design Technology
Interior Design Technology - Kitchen and Bath Specialization
Machining

Emergency Services Programs
Correctional Officer Recruit Training
Criminal Justice Technology Bridge
Emergency Medical Services
Emergency Medical Technician
Fire Science Technology
Firefighter
Florida Law Enforcement Academy
Paramedic

Continuing Education Programs
Advanced and Specialized Criminal Justice Training

Apprenticeship Programs
Electrical Non-Union
Electrical Union

Some programs will be held at the ATC as well as other Daytona State College campuses.

Location:
Advanced Technology College
1770 Technology Blvd.
Daytona Beach, FL 32117
(386) 506-4100

Crime Statistics

The Daytona State College Annual Security Report contains statistics for the previous three years concerning reported crimes that occurred on-campus; in certain off-campus buildings or property owned or controlled by Daytona State; and on public property within, or immediately adjacent to and accessible from, the campus.

The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters. You can obtain a copy of this
report by contacting the Campus Safety office on any campus or by accessing the following website: Daytona.edu/campus_safety/.

Daytona State College Foundation

The Daytona State College Foundation is a not-for-profit, Internal Revenue Code 501(c)(3) corporation chartered under Florida Statutes to serve as a direct support organization of the College. It was formed in 1974 and remains exclusively to benefit the educational endeavors of the college. Since its inception, the Foundation has provided financial assistance to students as well as funding for critical needs that are beyond the scope of the college's budget.

The Foundation embraces the concept of the college mission as adopted by the District Board of Trustees. Management of Foundation affairs is vested with a self-perpetuating Board of Directors from the community that the college serves. Directors receive no compensation for their services.

For additional information, please visit the Foundation website at Donate.Daytonastate.edu/ or call us at (386) 506-3195.

History of Daytona State College

Over the past 60 years, Daytona State College has evolved from a small campus into an academically superior multi-campus institution providing educational and cultural programs for the citizens of Volusia and Flagler counties. It began in 1957 when the Florida Legislature authorized Daytona Beach Junior College as one of the state's first comprehensive colleges. The college was divided into three divisions: college credit, adult education and the Mary Karl Vocational School. Although the three divisions were administered by one president, they essentially functioned as separate entities under the Volusia County School System.

Volusia County Community College, also a separate entity under the school system, merged with DBJC in 1965. The 1968 Legislature combined the divisions into a single administrative unit under a District Board of Trustees independent of the county school system. In 1971, the official name of the college was changed from Daytona Beach Junior College to Daytona Beach Community College. In 2008, the District Board of Trustees and the state of Florida approved the college's request for yet another name change - Daytona State College. This was done to reflect the institution’s transition to a four-year institution offering workforce baccalaureate degrees.

Today, Daytona State offers more than 100 certificate, associate and baccalaureate degree programs, with graduates serving in critical fields that include health care, emergency services, business, education, hospitality, engineering, technology and more. The college also offers the Associate of Arts University Transfer degree, which provides students the first two years of a four-year bachelor's degree, saving our students and their families thousands in the process. As a Level II state college, the institution also offers the Bachelor of Applied Science in Supervision and Management, as well as seven bachelor's degrees in education, including: Mathematics (grades 6-12), Biology (grades 6-12), Earth/Space Science (grades 6-12), Exceptional Student Education (grades K-12), Chemistry (grades 6-12), Physics (grades 6-12) and Elementary Education (grades K-6). The college also offers the Bachelor of Science in Engineering Technology, a Bachelor of Science in Information Technology and a Bachelor of Science in Nursing degree.

Daytona State prides itself on its ability to provide students with affordable tuition, convenient and flexible course scheduling, and an expanded array of online programs. The college's online bachelor's programs have been rated among America's best by U.S. News and World Report. In addition, the U.S. Department of Education placed Daytona State's annual tuition for full-time students among the top 50 most affordable in the nation. Community College Week, one of the nation's leading publications focusing on higher education institutions that offer two-year associate degrees, also named Daytona State among its list of Top 100 Associate Degree Producers.

Over the years, the college has fostered a tradition of excellence in academics and service to a growing community. A leader in the area's workforce and economic development initiatives, Daytona State is continually developing new means to deliver educational services to the community. The college now serves nearly 28,000 students annually.

Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor’s degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Institutional Mission, Values, and Strategic Priorities

Mission Statement

Daytona State College Mission Statement

Daytona State College, a comprehensive public college, provides access to a range of flexible programs, from community enrichment to the baccalaureate degree, emphasizing student success, embracing excellence and
diversity, as well as fostering innovation to enhance teaching and learning.

**Going for the Gold: Strategic Priorities and Initiatives**

To fulfill its vision, carry out its mission, and live its values, Daytona State College has established the following strategic priorities and initiatives as the foundation for its future:

**ENSURE ACADEMIC EXCELLENCE**

Offer quality educational programs that meet the academic and non-academic workforce needs of Volusia and Flagler counties and beyond.

- Establish clear, learning-based pathways that link coursework to a range of credentials and careers.
- Implement innovative teaching practices that increase student success.
- Close education attainment gaps among students from diverse backgrounds.

**ENHANCE STUDENT SUCCESS**

Increase student development and academic support to enhance student performance, engagement and retention.

- Ensure that all students are on a guided academic pathway leading to a credential and a career.
- Track students along their pathway in real time and identify any problems they face in meeting their learning goals.
- Provide targeted academic, social and financial supports to keep students on a pathway to completion.

**BUILD COMMUNITY PARTNERSHIPS**

Expand and create partnerships with business, community and educational organizations that enhance the college mission and vision.

- Raise the profile of DSC in the community by contributing to meeting community needs and increasing community awareness of the college's mission and services.
- Develop partnerships that expand and strengthen educational pathways for our students.
- Partner with community organizations and businesses to increase student success, retention and completion.

**EMPHASIZE INSTITUTIONAL EFFECTIVENESS**

Ensure efficient and effective use of college resources (fiscal, physical, human and technological).

- Leverage organizational resources to advance wide-scale implementation of effective solutions.
- Offer a positive working environment that attracts and retains diverse and talented faculty, staff and administrative leaders whose primary focus is to promote student success.
- Provide a learning and working environment that supports the student success agenda of the college.

**University of Central Florida**

Serving Volusia and Flagler counties, UCF Daytona Beach is a state-supported, upper-level campus enrolling junior, senior and graduate students. UCF opened a local facility in 1968 specifically to serve students in East Central Florida who earn associate degrees from Daytona State and transfer students who complete two years (60 semester hours) at other approved public or private colleges and universities.

UCF is a member of the State University System and fully accredited by the Southern Association of Colleges and Schools. In addition to regional accreditation agencies, a number of scientific, academic and professional bodies confer special accreditation to various UCF programs. UCF serves more than 46,000 students throughout Central Florida.

**Direct Connect to UCF**

Daytona State associate of arts degree students have a clear path to transfer to UCF through the university's nationally recognized Direct Connect program. Direct Connect guarantees admission to UCF for AA graduates and adds touch points that track students from their freshman year at DSC through their senior year at the university to ensure they stay on a path toward success.

In addition to increased academic advising, touch points include having students complete a career-assessment plan, confirm early major declaration, and complete skills workshops related to academic planning, financial literacy and other topics.

To get started on your path to UCF through Direct Connect, speak with your DSC academic advisor early in your freshman year.

**Programs at UCF Daytona Beach**

UCF offers a variety of program offerings at the Daytona Beach Campus. Students can complete the following undergraduate degrees, undergraduate minors and graduate degrees at UCF Daytona Beach.

**Undergraduate**

- Human Communication
- Nursing
- Photography
- Psychology
- Political Science

Academic Information

Contemporary education should provide a level of knowledge that all members of our society must possess regardless of any specialized occupation or profession. To this end, Daytona State College has designed its curriculum to provide you with sufficient knowledge which will permit you to be a more responsible, articulate and informed citizen. Over 100 programs are offered at the bachelor's, associate and certificate level.

Programs and Courses

Academic Program Code Listing (PDF)
View the Academic Program Code Listing (PDF).

or

View the Academic Program CIP Code Listing (PDF).

Academic Program Information

Adult Education
Through the School of Adult Education, Daytona State College provides several options for students who need to earn a high school diploma, improve basic skills or prepare for college. Students must be 16 years or older and not currently enrolled in a public school system. The courses are offered during the day and evening on campus and at various locations throughout the county. Online courses are also available in some program areas for students who meet specified criteria. For more information regarding any of the programs call (386) 506-4495.

In compliance with state law, students must pay tuition of $30 per semester for Florida residents and non-Florida residents. This will cover all classes during a semester.

1. Adult Basic Education (ABE) classes prepare students for the academic requirements of the Adult High School, GED® test preparation classes and select vocational certificate programs. More information can be located at http://www.daytonastate.edu/adulted/abe_index.html.

2. English for Speakers of Other Languages (ESOL) classes teach non-native English speakers English skills necessary to gain employment, increase work-related skills to obtain a better job, and prepare to continue their education in degree or certificate programs. The program is designed to develop all components of language – speaking, listening comprehension, reading, writing, grammar and pronunciation. For more information, see English for Speakers of Other Languages.

3. General Educational Development (GED®) test prep classes are offered for students preparing to take the GED® test examination. For course information, go to http://www.daytonastate.edu/adulted/ged.html. For specific test information, see Assessment Services.

4. The Daytona State College Adult High School provides students the opportunity to earn both the 24- and 18-credit hour diploma options. The diploma is offered through smaller, competency-based classes. Students must earn the required credits, successfully complete all state-required exit assessments and have a grade point average (GPA) in accordance with state of Florida guidelines. Students are responsible for the purchase of textbooks for this program. For the current booklist and other information, go to http://www.daytonastate.edu/adulted/ahs_index.html.

5. Applied Academics for Adult Education prepares students to meet the academic requirements for vocational programs.

6. Citizenship courses prepare students for the U.S. Naturalization test and are offered at the Daytona Beach Campus during fall semester and at the Deltona Campus during spring semester.

7. Adult Tutoring Services are provided in partnership with the Volusia Literacy Council, Inc. Trained tutors work with adult students individually and in small groups to improve literacy skills.

Apprenticeship Programs

Apprenticeship programs allow participants to learn while they earn. Motivated individuals have the opportunity to learn a trade as they work full-time under the supervision of skilled professionals of the trade. Apprentices attend related classroom training. Each apprentice receives a prescribed period of on-the-job training to learn applied skills while taking related academic classes. Apprenticeship programs vary in length depending on program of interest.

Daytona State provides instruction under the direction of industry apprenticeship committees that sponsor the programs. Students who complete a program successfully are awarded certificates. These programs are registered with the Apprenticeship Office of Workforce Education, Florida Department of Education.

Daytona State currently is associated with the Volusia County Child Care Apprenticeship Committee, GNJ; Mid-Florida Electrical Non-union Apprenticeship Committee, GNJ; Electrical Training Alliance of Daytona Beach, Electrical Union Apprenticeship, JATC Program and
Associate of Arts Transfer Degree Program

Daytona State College’s Associate of Arts degree transfer program is as easy as 2+2. Two years at Daytona State followed by two years in Daytona State's Bachelor of Applied Science degree, Bachelor of Science in Education degree, or Bachelor of Science in Engineering Technology programs, or two years at a State of Florida Public College or University. You spend your first two years at Daytona State, taking the same courses you would take if you were a freshman or sophomore at a four-year institution. That means you plan your program of study around the major or career you want to pursue and the four-year institution you plan to attend. You graduate with your AA degree from Daytona State, transfer to the four-year program and earn your bachelor's degree. More than 70 percent of our AA degree graduates transfer to state four-year institutions.

Our courses are designed to meet standard four-year institution requirements; however, you should know the requirements of the four-year college or university you plan to attend. Different majors require a specific course of study during the first two years of college. Colleges and universities periodically change their requirements for a major. Information about majors and the Florida colleges and universities that offer them are available in the Career Planning Center.

Associate of Science Degree Programs

The two-year Associate of Science (AS) degree programs prepare students for careers which require specialized college-level training. The programs are tailored for immediate entry into business, health, human services, engineering technology, nursing, computer science, technical and public services careers. Graduates of these programs may be eligible to be enrolled in Daytona State College's Bachelor of Applied Science in Supervision and Management program.

Baccalaureate Studies

Daytona State College offers 11 baccalaureate degree programs: the Bachelor of Applied Science (BAS) in Supervision and Management program, the Bachelor of Science in Engineering Technology, the Bachelor of Science in Information Technology, the Bachelor of Science in Nursing and seven (7) Bachelor of Science in Education programs. These programs are an excellent option for students looking to remain in our local communities and earn an affordable bachelor’s degree. Please see the Excess Hours Advisory Statement below from the Division of Florida Colleges.

Bachelor of Science in Education Programs (BSED)

The Bachelor of Science in Education degree programs include Elementary Education, Exceptional Student Education (ESE), Secondary Math Education, Secondary Biology Education, Secondary Physics Education, Secondary Chemistry Education and Secondary Earth/Space Science Education. Elementary Education and Exceptional Education graduates also receive full Reading and ESOL Endorsements.

The majority of courses are designed in a hybrid (50% live, 50% online) model. Most courses are 7 weeks in length and require 15 hours of field experience in a public Volusia or Flagler County school. The senior internship is a full semester (16 weeks) and serves as the pre-service teacher's culminating learning experience.

Bachelor of Science in Nursing (BSN)

The Registered Nurse to Bachelor of Science in Nursing (RN-BSN) program was developed for the new or working nurse interested in career advancement. The program offers a flexible schedule for the working adult. It is designed for nurses whose highest academic credential is an Associate Degree in Nursing or Diploma in Nursing, and who possess a registered nursing license in Florida. It provides a seamless transition from the associate degree to the baccalaureate degree and prepares graduates for a broader scope of nursing practice.

Bachelor of Applied Science in Supervision and Management Program (BAS)

The Bachelor of Applied Science in Supervision and Management degree allows students from various industries to study the principles of applied management as they progress in their chosen career fields.

The BAS degree program offers both online and in-person evening courses, allowing students to design a schedule that accommodates their work, family and travel obligations.

Bachelor of Science in Engineering Technology (BSET)

The Bachelor of Science in Engineering Technology prepares individuals who have completed an AA or AS degree with some education in specific technical areas for supervisory and management roles and positions. The degree focuses primarily on analyzing, applying, implementing and improving existing technologies, and is aimed at preparing graduates for the practice of engineering in product improvement, manufacturing, construction and engineering operational functions.
Bachelor of Science Information Technology (BSIT)
The Bachelor of Science Information Technology prepares individuals who have completed an AA or AS degree with some education to function within the field of Information Technology. Students will receive coursework to develop proficiency in areas of information management, programming, networking, security and information assurance, system administration and maintenance, and web systems.

Excess Hours Advisory Statement
This Division of Florida Colleges advisory statement for incoming students is intended to ensure that all students within The Florida College System understand the importance and potential consequences of their course selections.

Section 1009.286, Florida Statutes, establishes an “excess hour” surcharge for students seeking baccalaureate degrees at state universities. It is critical that students, including those entering Florida College System Institutions, are aware of the potential for additional course fees. For the 2012-13 academic year and thereafter, “excess hours” are defined as hours that go beyond 110% of the hours required for a baccalaureate degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 132 credit hours (110% X 120).

All students whose educational plan may include earning a bachelor’s degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida College System students intending to transfer to state universities should identify a major or “transfer program” early and, by the time the student earns 30 semester hours of college credit, be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats, as well as enrollment in courses nonessential to the intended major, may contribute to a potential excess hours surcharge.

Supervision and Management
BAS in Supervision and Management
Your Associate degree program prepared you to enter the job market at an entry-level or mid-level position. The BAS program will broaden your knowledge of applied management practices and put you on the path to career advancement.

BAS Program Mission Statement
To provide access for students to earn a quality baccalaureate education that aligns with the program outcomes to meet local business and industry management workforce needs. Students will broaden their knowledge in management skills, be creative thinkers in an applied business environment, practice behaviors in business that are centered in ethical and socially responsible relationships, and cultivate the entrepreneurial spirit that provides career choices and encourages life-long learning.

Contact
For information, call (386) 506-4BAS or email BASinfo@DaytonaState.edu.

Website: http://www.daytonaState.edu/sbs/
The Bachelor of Applied Science (BAS) in Supervision and Management program prepares individuals who already have skills in specific occupational/technical areas for supervisory and management roles and positions. Associate degree programs have prepared these individuals to enter the job market at entry-level or mid-level positions. Upper-level coursework in the BAS program broadens their knowledge in applied management practices and prepares them for supervisory and management opportunities within their occupational/technical fields. Those with associate degrees are eligible to apply for admission to the Daytona State College BAS in Supervision and Management program.

Contact
For more information, call (386) 506-4BAS or email BASinfo@DaytonaState.edu.

Website: www.DaytonaState.edu/sbs

Admission Requirements for the BAS Program
Applications are accepted year-round and students may start the program during any semester of the academic year. There is no application fee. Admission to the Bachelor of Applied Science (BAS) in Supervision and Management program is open to all applicants who meet the admission requirements.

Requirements for Admission to the BAS Program:
1. Applicants must complete a Bachelor of Applied Science Application for Admission. You may complete an application to the BAS degree program in the Admissions Office, the BAS program office, or online through http://www.daytonastate.edu/. All applicants must provide an official transcript from all previous institutions attended.
2. Applicants for the BAS program must have earned an Associate of Science (AS), an Associate of Applied Science (AAS), or an Associate of Arts (AA) degree. Those with AA degrees who have completed all core general education courses will be required to complete a total of 18 credits in an occupational/technical area (e.g.,
accounting technology, computer science, business, etc.). AS/AAS graduates must complete additional core general education courses. Associate degree applicants must have earned an overall grade point average of 2.0 in their associate degree program.

3. College or university transfer applicants must have attended must be received for evaluation by the Records Office at Daytona State. International students must have transcripts evaluated by a recognized international evaluator such as Josef Silny and Associates, Inc. or World Education Services. Official transcripts from all postsecondary institutions attended must be received for evaluation by the Records Office at Daytona State. International students must have their transcripts evaluated by a recognized international evaluator such as Josef Silny and Associates, Inc. or World Education Services.

All transferable applicants must have successfully completed the core general education courses that transfer into the BAS program, and must have earned an overall grade point average of 2.0 in the associate degree program courses. Students must complete at least 25 percent (30 credits) of their bachelor's degree courses at Daytona State.

**Career Opportunities**

Students graduating from Daytona State College's Bachelor of Applied Science in Supervision and Management program will be prepared to effectively lead and manage business operations. Specifically, the business community in Volusia and Flagler counties articulated the need for Daytona State College to produce individuals with bachelor's level supervisory and managerial skills to enhance the preparation provided by their associate degree programs. Earning your Daytona State College bachelor's degree will provide the access needed to advance your skills in the workplace for managerial career opportunities.

**Completion Requirements for the BAS Program**

Requirements for graduation from the Bachelor of Applied Science (BAS) program are:

1. Students must successfully complete 120 hours of college-level credit courses in the degree program, including the lower division associate degree, and the 42 hours of BAS in Supervision and Management coursework, which concludes with the Capstone course.

2. Students must successfully complete 36 hours of general education in the areas of communications core, mathematics core, sciences core, humanities, cultural and aesthetic core, behavioral and human (social) sciences core, health and wellness core, political, economic and business core, and historical and global core (according to the distribution or its equivalent, established by Daytona State College for its Associate of Arts degree program).

3. Students will be required to complete 18 occupational/technical hours in a concentration area, such as project management or business.

4. Students must maintain a cumulative GPA of at least a 2.0 on a 4.0 scale for all BAS in Supervision and Management courses, plus complete each BAS course with a grade of "C" or higher.

5. Students must have completed the Florida foreign language requirement prior to the completion of the bachelor's degree. The requirement may be met by taking two years of the same foreign language in high school or eight credits of the same foreign language in college.

6. Students must meet all other Daytona State graduation policies and deadlines.

**BAS FrequentlyAsked Questions**

**What is the definition of a Bachelor of Applied Science degree?**

The Bachelor of Applied Science (BAS) is the designated degree for flexible baccalaureate programs that are designed to accommodate the unique demands required for entry to and advancement in specific workforce sectors. BAS programs provide degree-completion opportunities for students from a variety of educational backgrounds, but primarily those with an associate degree or equivalent. BAS degree programs within the state of Florida conform to all articulation conventions (including common course prerequisites and common course numbering). BAS programs typically include capstone experiences that provide opportunities for students to demonstrate the application of acquired knowledge, skills and competencies.

**What does the BAS program provide to associate degree graduates?**

Associate degree programs traditionally consist of coursework specific to occupational or technical fields and may not transfer to conventional baccalaureate programs. However, general education coursework (core courses) can be applied to the core requirements of many educational institutions. Associate degree graduates are invited to apply to the BAS program. Associate of Arts graduates who wish to upgrade their career also may apply. Additional coursework within an occupational/technical program of study (e.g., accounting technology, computer
Academic Information

Academic Information

Science, business, etc.) is required. This BAS degree allows for a seamless transition between the associate and bachelor's degrees.

What will the BAS degree provide for me in the workplace or on the job?
Many jobs today require a four-year degree; therefore, the bachelor's degree often can provide more employment opportunities and higher compensation for graduates. The BAS program concentrates on skills that are required to be an effective supervisor or manager. These skills include human resource management, leadership, organizational behavior, strategic management, customer relations and operational decision making.

Can I attend either as a part-time or full-time student?
Yes. To accommodate varying work schedules, BAS courses are offered online, during the evening and on weekends.

Are online and half-and-half courses available?
Yes. Please see the online schedule for available course offerings. Online courses require 100 percent of class time through the Internet. Half/Half Web-enhanced courses require 50 percent class time in a face-to-face traditional classroom setting and 50 percent of class time through the Internet. In addition, many of the BAS courses are offered in a six, seven, or eight-week format depending on the semester.

Will I need additional General Education courses?
All bachelor's degree programs at Florida public institutions require 36 hours of General Education credits. Students may need additional General Education courses to complete the 36 credit requirement, depending on their degree.

Is there a Foreign Language requirement to complete the Bachelor Of Applied Science Degree in Supervision and Management?
Yes. If students completed two years of the same foreign language in high school the BAS Foreign Language requirement is satisfied. If students did not take two years of the same foreign language in high school they will need to complete two semesters (8 credits) of the same foreign language at the college level to meet the State Foreign Language Requirement for graduation.

Will I be able to continue on to graduate school?
You can enter a master's degree program provided you meet the admission criteria of the program to which you apply.

How long will it take to complete the B.A.S. degree requirements?
Completion of this degree will depend upon your own timetable. Bachelor of Applied Science students need to complete a minimum of 42 semester hours of 3000-4000 Level courses and any remaining General Education, Foreign Language, required occupational/technical courses (depending on the type of associate's degree you have). Students must complete a total of 120 semester hours with a minimum of 30 semester hours taken at Daytona State College.

Program of Study
Refer to Program Guide. (p. 247)

Supervision and Management Courses
The upper-division supervision and management courses provide students with a general, but comprehensive understanding of business enterprises and a command of practical management skills. The curriculum builds from the practitioner viewpoint to a thorough understanding of all facets of enterprise management as the student progresses. Many local businesses and industries were involved in developing curricula for workforce education programs. The results of curriculum development panels, composed of experts from a wide variety of occupations and professions, consistently indicate that supervisory and management skills are necessary for an increasingly broad spectrum of occupations. Students will discover that the BAS in supervision and management courses are balanced with a theoretical foundation and a practical, applied methodology to allow students to meet learning outcomes.

Education

BSED Admission Requirements

Bachelor of Science in Education Admission Requirements

• Conferred Associate of Arts degree from a regionally accredited institution
• Cumulative GPA of 2.5 in all higher education classes
• Satisfactory completion of the General Knowledge Test (GKT) portion of the Florida Teacher Certification Examination. Click here for more information or to register for the exam (http://www.fl.nesinc.com/). Please contact the College of Education at (386) 506-3770 for additional test preparation resources.

Volusia County Schools Volunteer clearance:
1. Complete the Volunteer Online Application. The following links will take you directly to the Online Volunteer Application site:
   English Application: https://apps.raptorware.com/vsoft/kiosk/volunteerregistration?clientId=6c556628d-1b14-4ef1-99a0-6fc318d172b1
   Spanish Application: https://apps.raptorware.com/vsoft/kiosk/volunteerregistration?clientId=6c556628d-1b14-4ef1-99a0-6fc318d172b1&lang=esp
The above applications also can be found under the Volunteer/Partnership Program's website at http://myvolusiaschools.org/volunteer-partnership/Pages/default.aspx
All students who are going to complete their field hours must complete the volunteer application by visiting the district website (access it through any computer or other electronic device) or to complete an application at the Raptor Kiosk (if available at the Volusia school site). Just click on the URL of choice and complete the application. On the third page of the online application, be sure to check the following:

2. In the Affiliations column, the box marked 'other,' type in 'DSC Junior Intern.'
3. In the Organizations column, select the box marked 'Daytona State College.'
4. Once submitted, the online application will be redirected to the VIPS Department for approval. The application will stay on a 'hold' queue until the volunteer applicant has visited the Volusia County school of choice and has scanned an ID into the visitor module. Provided that the application clears the sexual predator/offender database performed by the Raptor System, then, the application will be approved and an email will be generated by the system that will inform the applicant of their volunteer status.

For questions, please contact Ashorda Foley (386) 255-6475 ext. 38379.

**Additional Information:**

- Once accepted, students must enroll in and complete a mandatory orientation class (SLS3355L) in their first semester of enrollment.
- Students who have not taken two years of the same foreign language in high school, must complete two semesters or 8 credit hours of the same foreign language at the college level to meet the state foreign language requirement to graduate.
- Students must also complete the state-mandated 36 hours of general education core prior to graduation: Communications - 9 hrs; Mathematics - 6 hrs; Science - 6 hrs; Humanities (Cultural and Aesthetic Foundation) - 9 hrs; Social (Science) Foundation - 6 hrs.

Information about the application process

**BS in Education**

Daytona State's Bachelor of Science in Education degree programs prepare students to design, develop and implement effective classroom management techniques and instructional strategies. While enrolled in our programs, you will spend many hours in Flagler and Volusia County schools working with children in kindergarten through high school, practicing the instructional strategies learned in class. While enrolled in our programs, the pre-service spend many hours in Flagler and Volusia County schools working with public school children practicing the instructional strategies learned in class. Degree programs include:

- Bachelor of Science in Elementary Education (K-6)/Reading Endorsement/ESOL Endorsement
- Bachelor of Science in Exceptional Student Education (K-12)/Reading Endorsement/ESOL Endorsement
- Bachelor of Science in Secondary Math Education (6-12)
- Bachelor of Science in Secondary Biology Education (6-12)
• Bachelor of Science in Secondary Earth/Space Science Education (6-12)
• Bachelor of Science in Secondary Chemistry Education
• Bachelor of Science in Secondary Physics Education

These programs fulfill the education courses, professional education competencies and practical experience required to obtain a five-year Florida Professional Educators Certificate. Students enrolled in these programs are required to complete field experience hours and a fulltime student internship in the public schools. Elementary Education and Exceptional Student Education programs also include a reading endorsement and an ESOL endorsement.

Mission Statement

The School of Education will provide ESOL and Reading infused instructional programs that will produce highly qualified, state certified teachers ready for entry in a K-12 environment. The fundamentals of the programs embrace diversity, promote ethics in education, focus on student excellence and enhance teaching and learning through innovative instructional practices.

BSED Completion Requirements

• Complete all required courses in the program (60 hours) with a GPA of 2.5 or higher and a grade of "C" or higher in all courses.
• Complete a full fall or spring term/semester teaching senior internship at an approved K-12 public school in Flagler or Volusia County.
• Pass all 3 of the FTCE (Florida Teacher Certification Exams):
  • GKT (General Knowledge Test);
  • PEd (Professional Education Test);
  • SAE (Subject Area Exam) aligned to the specific program.
• Demonstrate mastery of the FEAP/PEC (Florida Educators Accomplished Practices/Professional Education Competencies).
• Meet all other Daytona State College policies for graduation and deadlines.

Educator Preparation Institute

The Educator Preparation Institute (EPI) is for people with a bachelor's degree (other than education) who are interested in becoming highly-qualified, certified teachers in Florida. The program is approved by the state of Florida. Those who successfully complete the EPI courses, program requirements and all portions of the Florida Teacher Certification Exam (FTCE) are eligible to receive a five-year Professional Educator's Certificate.

BSED Frequently Asked Questions

1. Can I attend either as a part-time or full-time student?
   Yes, you can attend the B.S. in Education program as a part-time or full-time student.

2. Are online, half and half-, or hybrid courses available?
   The B.S. in Education program offers classes that are half and half-hybrid. These Web-enhanced courses require 50 percent class time in a face-to-face traditional classroom setting and 50 percent of class time through the Internet. There are a few select online courses offered.

3. Can I start working on my teaching degree before I finish my A.A. degree?
   No, you must earn an A.A. degree and successfully complete the entrance requirements before you can be admitted into the B.S. program.

4. Are classes offered during the day and evening?
   Yes, classes are offered in the day and evening. However, not all of the classes are offered both day and evening, and evening offerings are limited.

5. Do I have to be proficient with technology in the B.S. program?
   Many classes require Internet knowledge as well as Falcon Online (Daytona State's learning management system) and LiveText skills; however, we offer training and assistance with computers and software.

6. Does the B.S. program satisfy Reading and ESOL endorsements?
   Elementary Education and Exceptional Student Education majors will be fully endorsed in Reading and ESOL. Secondary Mathematics and Secondary Science majors will have completed ESOL-infused course work in their content, which will qualify them to teach their content area with ESOL modifications and strategies to ESOL students. This is not a full ESOL endorsement, but it will satisfy the requirement that meets the Florida Consent Decree stipulations for content area teachers. Students in the College of Education enrolled in Secondary Mathematics and Secondary Science Education majors will graduate with the first two reading endorsement competencies (Reading 1 and Reading 2).
7. Are Education students required to complete a Senior Internship?

Yes. The last semester of all Education programs requires students to complete a senior internship. This is a full-time, semester-long student teaching assignment. Student interns are assigned to a teacher and classroom for the full semester and assume the duties and responsibilities of a full-time teacher under the supervision of their assigned Volusia or Flagler County teacher.

BSED Program Overview

Degree Programs

Daytona State's Bachelor of Science degree programs in education will prepare you to design and develop the competencies needed to be successful in today's classrooms. While enrolled in our programs, you will spend many hours in college classrooms, implementing or working with technology, and in public K-12 schools in Volusia and Flagler counties. While enrolled in our programs, pre-service teachers learn and implement pedagogy within academic classrooms, and participate in field experience hours in public K-12 schools in Volusia and Flagler counties. Degree programs include:

B.S. in Elementary Education (K-6)/ESOL Endorsement/Reading Endorsement

Elementary teachers help mold young minds! They are responsible for developing lessons that provide instruction in all subject areas, including reading, writing, math, science and social studies. Every day these teachers experience the excitement of watching children learn. As a B.S. in Elementary Education student, you will learn to design, develop and implement effective classroom management techniques and instructional strategies. While enrolled, you will spend many hours in area schools working with children in kindergarten through sixth grade and practicing the instructional strategies learned in class.

B.S. in Exceptional Student Education (K-12)/ESOL Endorsement/Reading Endorsement

Upon graduating with a B.S. in Exceptional Student Education (ESE), you will be certified to teach students from kindergarten through 12th grade whose exceptionalities range from severe disabilities to gifted. Daytona State College instructors provide the resources necessary for graduates to develop and teach lessons that accommodate the individual needs of ESE students.

ESE teachers enjoy the challenge of helping exceptional students reach their full potential. These teachers also work with the families of students as well as the community to provide exceptional students with rich opportunities for learning. Furthermore, these teachers are responsible for providing instruction in multiple subject areas in elementary or secondary schools.

B.S. in Secondary Math Education (6-12)

The B.S in Secondary Mathematics Education will prepare you to teach mathematics in grades 6-12 (middle and high school). Graduates meet mandated state teaching requirements, including teacher certification exams.

This degree program includes courses in teaching students with exceptionalities, reading competency, classroom management, assessment and integrated approaches to teaching methodologies at the middle and high school levels.

B.S. in Secondary Biology Education (6-12)

The B.S. in Secondary Biology Education prepares you to become a biology teacher at the middle and high school level (grades 6-12), and is for those who are seeking initial teacher licensure. Courses in the program will help you master the content knowledge you will need to be successful in the classroom.

You will study the structure and function of biological systems, including cells, tissues, genetics, immunity and more.

This program also includes courses in teaching students with exceptionalities, reading competency, classroom management, assessment and integrated approaches to teaching methodologies at the middle and high school levels.

B.S. in Secondary Earth/Space Science Education (6-12)

As a graduate of the B.S. in Secondary Earth/Space Science Education, you will be poised to foster in middle and high school students a stewardship of the planet and a zest to explore the wonders of space. The program offers a comprehensive overview of interacting earth systems, including the hydrosphere and atmosphere, as well as an understanding of the evolution of the earth's physical and biological systems through time.

Courses include subject areas in astronomy, meteorology, oceanography, ecology, geology and botany. Graduates are eligible to earn a Florida professional teaching certificate at the middle and high school levels.

BS in Secondary Chemistry (6-12)

If you are a person who enjoys chemistry and likes to work with young people, you should consider a career as a chemistry teacher. The B.S. in Secondary Chemistry Education prepares you to be a highly-qualified, state-certified teacher ready to teach at the middle and high school levels.
Your coursework will include hours spent in Daytona State’s chemistry laboratories working with an array of tools and modern instrumentation. Graduates of this program also learn to embrace diversity, promote ethics in education, focus on student excellence and enhance teaching and learning through innovative instructional practices.

**BS in Secondary Physics (6-12)**

Physics is among the pillars of the STEM (science, technology, engineering, and mathematics) disciplines; however, there is a shortage of highly qualified physics teachers in every state. The B.S. in Secondary Physics Education provides you rigorous training in the discipline along with the necessary skill sets to effectively teach at the middle and high school levels as a highly qualified and certified teacher in the state of Florida.

You will learn educational theories and effective teaching practices, and participate in field experiences at area schools, which will require observation and participation.

**These are fully-accredited, state-approved programs** that fulfill the education courses, professional education competencies and practical experience required to obtain a five-year Educator’s Certificate in their respective disciplines. The programs include state endorsements in Reading and ESOL for students majoring in Elementary Education and Exceptional Student Education. Students in these programs complete several field experiences in public school settings and complete one semester as full-time senior interns in a Flagler or Volusia County K-12 public school.

*Secondary Mathematics and Secondary Science majors will have completed ESOL infused course work in their content, which will qualify them to teach their content area with ESOL modifications and strategies to ESOL students. This is not a full ESOL endorsement, but it will satisfy the requirement that meets the Florida Consent Decree stipulations for content area teachers. Students in the college of education in Secondary Mathematics and Secondary Science Education majors will graduate with the first two reading endorsement competencies (Reading 1 and Reading 2).*

Students will observe teachers in the field, teach lessons through the practicum courses, and complete a full-time teaching internship in their final semester. Courses are offered for full and part time students, with blended technology components where applicable.

**Engineering Technology**

**BS in Engineering Technology**

The Engineering Technology degree is a hands-on program with an optional concentration in Electrical Engineering Technology. Associate degree programs will prepare you to enter the job market at entry-level or mid-level positions. Upper-level coursework in the Engineering Technology program broadens your knowledge in technical concepts and practices, and prepares you for supervisory and management opportunities within your technical field while increasing your knowledge in engineering and technology.

For more information please visit The School of Engineering Technology Home Page.

**Information Technology**

**Bachelor of Science in Information Technology**

Advance your skills with an online bachelor's degree in Information Technology and prepare for unlimited possibilities in one of America's most high-growth, fast-paced industries.

**Program features**

- 2+2 Program – Earn your associate degree in two years, then complete the BSIT program in an additional two years.
- Learn how to develop, deliver, manage and secure information systems.
- Course work includes operating systems, networks, programming, digital security and forensics, databases and Web systems.
- Get the know-how to solve real-world IT challenges for business and industry.

**Career opportunities**

- Graduates may find employment as computer programmers, computer software engineers, systems analysts, network and computer systems administrators, database administrators and more.
- The U.S. Department of Labor estimates IT-related job growth to expand by more than 50 percent through 2018.
- Salaries for baccalaureate degree holders who have experience average about $70,000 annually and are expected to climb in many areas by as much as 6 percent a year.
- Labor predictions show there will be nearly 500 openings for BSIT graduates over the next five years in Volusia and Flagler counties.

Learn more at DaytonaState.edu/Admissions/BSIT.html.

**Nursing**

**Bachelor of Science in Nursing**

The registered nurse to bachelor of science in nursing (RN-BSN) program was developed for the new or working nurse interested in career advancement. The program offers
a flexible schedule for the working adult. It is designed for nurses whose highest academic credential is an associate degree in nursing or diploma in nursing, and who possess a registered nursing license in Florida. It provides a seamless transition from the associate degree to the baccalaureate degree and prepares graduates for a broader scope of nursing practice.

Save over 30 percent on the cost of tuition compared to the most price-competitive area BSN program.

For more information, please visit http://www.daytonastate.edu/nursing/bsn.html

**Entrance Requirements**
1. Download and complete an application.
2. Include the following documents with the College Application:
   - Unencumbered Florida Registered Nursing License
   - Two professional letters of recommendation (one from a current or prior employer)
3. Submit official copies of all high school, GED®, and higher education transcripts to: Daytona State College, Admissions Office, 1200 W. International Speedway Blvd., Daytona Beach, FL 32114
4. Apply for financial aid if desired
5. Requirements for admission to this program include:
   - An earned Associate of Science (AS) or Diploma in Nursing (Diploma must equate to the AS nursing degree)
   - A minimum 2.5 cumulative grade point average
   - Unencumbered Florida Registered Nursing License
   - Two professional letters of recommendation (one from a current or prior employer)
6. Upon receipt of the baccalaureate application and prior to completion of the application packet an acknowledgement letter will be sent
7. Once the application packet is complete students will receive an acceptance letter
8. Upon acceptance to the BSN program students will meet with academic advising to develop a curriculum plan (full or part time status)
9. If MAC1033 or ENC1101 are not complete consult with an admissions advisor

**Graduation Requirements**
Requirements for graduation from the Bachelor of Science in nursing (BSN) program are:
1. Students must successfully complete 120 hours of college-level credit courses in the degree program, including the lower-division associate degree and the 48 hours of BSN program.
2. Students must successfully complete 36 hours of general education as established by Daytona State College for its Associate of Arts degree program.
3. Students must maintain a cumulative GPA of at least a 2.0 on a 4.0 scale for all BSN, plus complete each BSN course with a grade of "C" or higher.
4. Students must have completed the Florida foreign language requirement prior to the completion of the bachelor's degree. The requirement may be met by taking two years of the same foreign language in high school or eight credits of the same foreign language in college.
5. Students must complete 25 percent of the overall degree requirements, 25 percent of program-specific classes and 25 percent of the upper-level program-specific credits at Daytona State College.
6. Students must meet all other Daytona State graduation policies and deadlines.

The Bachelor of Science in Nursing program is nationally accredited through the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326. Phone: (404)975-5000, Fax: (404)975-5020, www.acenursing.org.

**Developmental Education**
The Developmental Education program at Daytona State helps students develop the skills essential for academic success. The curriculum emphasizes reading, communicating through writing, basic mathematical concepts, and effective life and study skills.

Developmental Education consists of non-college credit courses in reading, writing and mathematics. We also offer three college-credit courses to assist students with their academic needs: Intermediate Algebra, Critical Reading Techniques and English Grammar. The college-credit courses can be used toward the A.A. degree.

**Occupational Certificate Programs**
Daytona State's certificate programs prepare you for those jobs that require one year or less of training. Most certificate programs are offered for vocational credit. However, some college certificate programs provide credit toward AS degrees. College credit certificate programs are
General Education

General Education Mission Statement

General Education

General education at Daytona State College constitutes the academic preparation for participation in a pluralistic society and global community and is the basis for lifelong learning. It is a framework for the acquisition and use of broad bodies of knowledge and a foundation of intellectual, social and ethical skills and behaviors. Through the general education curriculum, students will acquire the skills necessary for:

- Critical/Creative Thinking
- Communication
- Cultural Literacy
- Information and Technical Literacy

General education requirements comprise an important part of the hours necessary for the associate of arts and associate of science degrees.

Daytona State College considers the knowledge, skills and attitudes cultivated by the general education curriculum vital for educated men and women in our society.

General Education Competency Components

Requirements for Associate of Arts Degree

Students are required to complete 60 hours of transferable college-level credit to receive an associate of arts (AA) degree. Florida State Board of Education Administrative Rule 6A-14.0303 requires 36 semester hours of general education courses, excluding college prep/developmental education courses. The remaining 24 credit hours are elective credits. Graduates must also meet the requirements of the Florida State Board of Education Administrative Rule 6A-10.030, known as College-Level Communication and Computation Skills (formerly known as the Gordon Rule). Students must complete the state-mandated foreign language requirement by the time they graduate with their bachelor's degree. If students are not going to pursue a bachelor's degree they must complete their foreign language requirement before graduating with their AA. Students also must meet the Daytona State College residency requirements and have a cumulative 2.0 GPA and a Daytona State 2.0 GPA. (See Graduation Requirements and Procedures (p. 72).)

Foreign Language Requirements

Completion of two years of the same foreign language in high school, or completion of or demonstration of proficiency in a foreign language or American Sign Language at the elementary 2 level or above (e.g. French, German, Italian, Spanish 1121 or higher or ASL2150 or higher.) Foreign and sign language courses satisfy elective credits toward the AA degree.

Additional Requirements

In accordance with the Florida Department of Education Administrative Rule, ALL students are mandated to satisfactorily complete 12 semester hours of courses which include written assignments demonstrating college-level writing skills and also satisfactorily complete a minimum of six (6) semester hours of mathematics. This rule applies to all students prior to receipt of an AA degree from a public community college or university, or prior to entry into upper division of a public university. For the purpose of this rule, a grade of "C" or better shall be considered successful completion.

Courses that satisfy the College-Level Communication and Computational Skills rule are part of the General Education Core and are denoted with an "^.

Courses consist of any course denoted as a College-Level Communication and Computational Skills Writing Courses consist of any course denoted as a College-Level Communication and Computational Skills course EXCEPT those in the Mathematics Core.
Each course used to satisfy this rule and all General Education Core courses must be completed with a grade of "C" or higher.

Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory course work.

**General Education Core**

The state-mandated 36 hours of general education are distributed in the following areas:

I. Communication - 9 Credits
- ENC1101 Introduction to Composition 3
- ENC1102 Writing with Research 3
- SPC2608 Oral Communications/Research/Presentation Skills 3

**ENC1101, ENC1102: satisfy the College-Level Communication and Computational Skills rule**

II. Mathematics - 6 Credits
- Note: Higher-level mathematics courses also will satisfy the core requirement.

Completion of 6 credits of college-level courses in this area satisfies the College-Level Communication and Computational Skills Administrative Rule requirement in mathematics.
- MGF2106 Survey in Mathematics 3
- MGF2107 Mathematics for Liberal Arts 3
- STA2023 Elementary Statistics 3
- MAC1105 College Algebra 3
- MAC2311C Calculus I and Lab 4

In areas of NATURAL SCIENCES, HUMANITIES, AND SOCIAL SCIENCES, one choice MUST come from Column I.

III. Natural Sciences - 6 Credits (Choose two)

*Note: Higher-level natural science courses also will satisfy the core requirement.*

Column I
- AST1002 Astronomy 3
- BSC1005 Survey of Biological Sciences (For Non-Science Majors) 3
- BSC1010C General Biology I (For Science Majors) and Lab 4
- BSC1085C Human Anatomy and Physiology I and Lab 4
- CHM1020 Chemistry in Society 3
- CHM1045C General College Chemistry I and Lab 4
- EVR2001 Introduction to Environmental Science 3
- PHY1020 Energy and its Environmental Effects 3
- PHY1053C General Physics I and Lab 4
- PHY2048C Physics with Calculus I and Lab 5

Column II
- BOT1010C General Botany and Lab 4
- BSC1020 Human Biology 3
- CHM1025C Introduction to Chemistry and Lab 4
- GLY2010C Physical Geology and Lab 4
- HUN1201 Human Nutrition 3
- MET2010 Meteorology 3
- OCB2000C Introduction to Marine Biology and Lab 4
- OCE1001 Introduction to Oceanography 3
- PSC1121 Physical Science 3

IV. Humanities - 6 Credits

(Choose two: one must be a literature course: (AML, LIT) and one must be a humanities or art course: (ARH, DAN, HUM, MUH, MUL, PHI, REL, THE).

Note: All courses in this area satisfy the College-Level Communication and Computational Skills Administrative Rule writing requirement.

Column I
- ARH1000 Art Appreciation 3
- HUM2020 Introduction to Humanities 3
- LIT2000 Literature and Culture 3
- MUL1010 Music Appreciation 3
- PHI2010 Introduction of Philosophy 3
- THE1000 Theatre Appreciation 3

Column II
- AML2050 Modern American Literature 3
- AML2060 Contemporary American Literature 3
- AML2600 Introduction to African American Literature 3
- ARH2050 Survey of Art History I 3
- ARH2051 Survey of Art History II 3
- DAN1100 Dance Appreciation 3
- HUM2210 Prehistory to Medieval Humanities 3
- HUM2230 Renaissance to Postmodern Humanities 3
- LIT2030 Understanding Poetry 3
- LIT2040 Dramatic Literature 3
- LIT2110 Masterpieces of World Literature I 3
- LIT2120 Masterpieces of World Literature 3
LIT2380 Literature By Women 3
MUH2110 Introduction to Music History and Literature 3
MUL2380 Popular Music in America 3
REL2300 World Religion 3

HUM2020, HUM2210, HUM2230, LIT2110, LIT2120, REL2300: Satisfies the Cultural/Global Focus Area

V. Social Sciences - 6 Credits (Choose two)
Note: Those courses that contribute to the College-Level Communication and Computational Skills Administrative Rule writing requirement are identified as AMH2020, ECO2013, SYG2000, AMH2010, ECO2023, and GEB2430.

Column I
AMH2020 United States History 1865 to Present 3
ANT2000 Introduction to Anthropology 3
ECO2013 Principles of Macroeconomics 3
PSY1012 General Psychology 3
SYG2000 Introduction to Sociology 3

Column II
AMH2010 United States History to 1877 3
DEP2004 Developmental Psychology 3
ECO2023 Principles of Microeconomics 3
GEO2000 World Geography 3
INR2002 International Relations 3

GEO2000, INR2002: Satisfies the Cultural/Global Focus Area

VI. Cultural/Global Focus - 3 Credits (Required Focus Area)
Note: If the Cultural/Global Focus Area is already satisfied using a course marked with an asterisk in another category of the general education curriculum (*), then the Cultural/Global Focus Area is satisfied. If not, choose one core course from the course options below.

CPO2001 Comparative Government 3
EDF2085 Introduction to Diversity for Educators 3
EUH2000 History of Western Civilization to 1648 3
GEB2351 International Business 3
GEO2420 Cultural Geography 3
SLS2281 Diversity, Culture and Communication 3
SYG2010 Social Problems and Deviance 3

TOTAL GENERAL EDUCATION 36 credits
ASSOCIATE OF ARTS (AA) ELECTIVES 24 credits*

TOTAL CREDIT HOURS FOR THE AA DEGREE 60 credits

*Three (3) of the 24 elective credits must be SLS1122 (Managing Your Success). This course is a graduation requirement for students in the Associate of Arts (A.A.) degree. Some students may be exempt from the requirement to complete SLS1122. Cases in which a student in the AA program are exempt are 1. Transfer students with 30+ credits and a 3.0 cumulative GPA; 2. Readmit students with 30+ credits and a 3.0 cumulative GPA; and 3. Students who change their program from an AS program to the AA program with 30+ credits toward the AA degree and a 3.0 cumulative GPA.

Associate of Arts (AA) Elective Courses
Students are required to have 24 credit hours of elective credits to complete the Associate of Arts (AA) degree. Any college credit course that is not already counting toward a General Education requirement may be used to meet this requirement, except courses that have a course number that begins with a 0, for example MAT0018C, ARR0121C, CJK0012. Courses in limited access programs are available only for students admitted to that program. (See Course Descriptions (p. 327))

Florida regulations require you to take any prerequisites needed for your intended transfer school/major as part of your AA degree. Students are required to meet with an academic advisor to discuss their intended transfer school and major and be informed of the prerequisites for their intended program before they have earned 30 credit hours. Students should know the requirements of the senior university they plan to attend and work with their Daytona State College faculty advisor or an academic advisor to select electives to fulfill the prerequisites for their major. *Please see the Excess Hours Advisory Statement below from the Division of Florida Colleges.

Courses transferred from other institutions are decided on an individual basis.

*EXCESS HOURS ADVISORY STATEMENT

This Division of Florida Colleges advisory statement for incoming students is intended to ensure that all students within The Florida College System understand the importance and potential consequences of their course selections.

Section 1009.286, Florida Statutes, establishes an “excess hour” surcharge for students seeking baccalaureate...
degrees at state universities. It is critical that students, including those entering Florida College System Institutions, are aware of the potential for additional course fees. For the 2012-13 academic year and thereafter, “excess hours” are defined as hours that go beyond 110% of the hours required for a baccalaureate degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 132 credit hours (110% X 120).

All students whose educational plan may include earning a bachelor’s degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida College System students intending to transfer to state universities should identify a major or “transfer program” early and, by the time the student earns 30 semester hours of college credit, be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats, as well as enrollment in courses nonessential to the intended major, may contribute to a potential excess hours surcharge.

General Education Requirements for Associate of Science Degree

A minimum of 15 credits in specific general education courses is required to complete the AS degree. The 15 credits include at least one course from each of the following general education core areas: Communications; Humanities, Cultural/Global Focus; Behavioral & Social Sciences; and Natural Sciences/Mathematics. Appropriate competencies in oral communications and/or basic use of computers have been included in program specific courses for those programs not requiring general education courses in these areas.

Complete program descriptions and requirements are listed in this catalog. For information about the AS degree or certificate programs, contact an academic advisor, the School’s chairperson or assistant chair, or the specific College Associate Vice President.

SLS1122 Managing Your Success

Managing Your Success teaches students how to navigate through college, learn about themselves and develop lifelong skills. It builds awareness of the skills and expectations in college and the workplace, and provides hands-on experience with commonly used tools and services.

The course covers:

- College expectations and resources - the College Catalog, Student Handbook and a variety of student support services;
- Academic and personal skills - motivation, goal setting, time management, financial literacy, stress management and more;
- Technology - using the student portal, Falcon Online course navigation, basic Word and PowerPoint skills;
- Academic and career planning - developing a strong understanding of individual major/degree goals and how to prepare for the world of work.

Special Notes:

This course is a graduation requirement for all students enrolled in the Associate of Arts (AA) program; students must earn a C or better to pass the course.
- Students who transfer or readmitted students with 30+ credits and minimum 3.0 GPA are exempt.
- Students who are switching from an A.S. to A.A. program with 30+ credits and minimum 3.0 GPA are exempt.

For additional information, please contact an Academic Advisor, or call Charlene Latimer: (386) 506-3142.

State of Florida Articulation Agreement

According to the articulation agreement among all Florida public institutions of higher learning, students who receive the Associate of Arts degree from Daytona State are guaranteed entry into one of Florida's four-year upper division public institution as juniors. Daytona State also maintains a similar agreement with most of the state's private institutions.

Although an AA degree guarantees admission to an upper division institution, it does not guarantee acceptance to a particular university's selected, special or limited access programs. Associate of Arts degree recipients compete for admission to these programs on the same basis as students already enrolled at these institutions.

Modes of Instruction

College Your Way

Daytona State College offers a variety of courses that provide flexible delivery methods and formats, and convenient meeting times. These non-traditional approaches to traditional education are designed for individuals with busy lives. Students can choose more convenient schedules such as those offered by the seven-week courses, hybrid courses, and online courses.

Seven-Week Courses
Daytona State's seven-week courses are designed for students who want to earn their degrees as quickly as possible. These courses are the same college credit courses that are offered during our traditional 15-week semesters, only they are condensed into seven weeks. Course start dates vary. For Seven-Week courses, select Subsession A or B.

Hybrid Courses

Hybrid courses are part lecture and part online delivery. Lecture time may vary from 21% to 70% of the hours needed to complete the course. The remaining hours devoted to the course are delivered through the Internet via Daytona State's learning management system through Falcon Online. Depending on the percentage of online activity, students are charged an additional fee per course. For course access and computer requirements, go to http://www.daytonastate.edu/online/index.html. For Hybrid courses, select 'Online and Hybrid' for Instructional Method, and read 'Section Info'.

Online Courses

Online courses are delivered 80 to 100% online. Students access the course through the Internet via Daytona State's learning management system through Falcon Online. Students are charged an additional fee per credit hour. Students may obtain degrees/certificates with limited or no visitation to campus. Currently, students may obtain an AA degree and some BS degrees online. Students may also work toward many AS degree options. For course access and computer requirements, go to http://www.daytonastate.edu/online/index.html. For Online courses, select 'Online and Hybrid' for Instructional Method, and please read 'Section Info'.

Cooperative Education/Internships

Cooperative Education empowers you to get a head start in meaningful professional employment, learning through hands-on experience in your chosen field of study. Internship experience is a great way to gain work experience in a new profession. This experience will be valuable, not only during your enrollment at Daytona State, but also after graduation as you build your professional resume.

Students are required to complete 80-320 program contact hours at an employer work site, depending on their program of study, for an average of 12-15 hours a week within a semester. (1 credit hr. = 80 contact hrs.; 2 credit hrs. = 160 contact hrs.; 3 credit hrs. = 240 contact hrs.; 4 credit hrs. = 320 contact hrs.)

To be eligible, you must be admitted to an AS or certificate program. Your department chairperson will work with faculty and staff to help you to arrange a field placement related to your major. Whether you are paid or unpaid is left to the discretion of the employer.

Co-op and internships will give you a competitive edge when applying for employment after graduation. Many co-op jobs are posted in the online job listings through Career Services Online: daytonastate.edu/career_services.

For additional information, or to register for a co-op experience, contact the chairperson of your academic department or Career Services.

Specialized Programs/Services

Associate of Arts: Psychology Areas of Specialization Certification

Daytona State College offers students who have declared Psychology as their major program code the opportunity to complete a General Psychology Track. The General Psychology Track requires students to successfully complete 9 semester hours of Psychology courses which include General Psychology (PSY1012), Human Development (DEP2004), and Survey of Personality (PPE2001). Additionally, students can further their studies in Psychology by completing a Specialized Psychology Track in one of four different applied areas. Students can complete a Specialized Psychology Track in Marriage & Family (Relational) Psychology, Psychology of Business, Clinical & Counseling Psychology, or Developmental Psychology. Students who plan to major in Psychology at the baccalaureate level will be better prepared for the baccalaureate curriculum by completing one of these tracks. Students who wish to complete a Specialized Psychology Track must successfully complete an additional 6 – 9 hours of specialized courses beyond the General Psychology Track. Students who are interested in a Psychology Track should meet with an academic advisor early in their tenure at Daytona State College to establish an academic plan that will ensure that all program requirements will be met. For more information on this program, students should contact the department chair, Dr. Ron Morrison at (386) 506-3918, or the department assistant chair, Mr. Nick Petropouleas at (386) 506-3409.

Athletic Training Education Program (ATEP)

Daytona State College offers a unique opportunity for students to prepare to successfully transfer into an accredited athletic training program at a four-year college or university. Students may complete their first two years of prerequisite courses at Daytona State while gaining valuable experience under the direct supervision of NATABOC-certified athletic trainers (ATCs). Athletic
training students work with Daytona State's Division I sports program at both practices and intercollegiate competitions to assist in providing care for athletic injuries. More information can be found on the ATEP website at http://www.daytonastate.edu/athletic_training/index.html. Follow the links to Health/Wellness Academics. You also may contact Kim Csabi, ATC, Director of Sports Medicine, at 386-506-3989.

Center for Interactive Media/WDSC-TV 15

The Center for Interactive Media at Daytona State College combines the Instructional Resources department and WDSC TV with the college's new Associate of Science degree in Broadcast Television Production program. Within this unique, collaborative and high-tech learning environment, students enrolled in the associate degree program prepare for entry-level positions that focus on multiple career paths, including broadcasting, print and Web-based media. A cross-disciplinary approach to skill development in critical thinking, writing, photography, video, audio, social media, web design and more provides students with a depth of knowledge necessary to adapt and thrive in the constantly evolving interactive media industry. Students gain experience in television and video production through comprehensive hands-on training in all areas of live television productions.

Instructional Resources' key role is to support the college's Falcon Online. Falcon Online is Daytona State's online learning management system, which hosts fully online and hybrid courses. These courses are developed through the Instructional Resources Department and the Faculty Innovation Center, which helps faculty leverage technology when developing video and other components of their online curricula.

As an independent public broadcasting station in Central Florida, WDSC TV offers its viewing audience an alternative in educational and entertaining programs, from local productions, government information and emergency awareness to international programs, how-to's and much more. For more information about WDSC TV, visit www.wdsctv.org.

Florida East Coast TechHire Grant

Daytona State College has been awarded the Florida East Coast Tech Hire (FECT) grant through the Department of Labor. This grant is a partnership between Daytona State College, Eastern Florida State College, and Florida State College. The grant will focus on providing free training and related services to achieve employment and certifications in the areas of Advanced Manufacturing and Information Technology.

The grant will provide the following:

- TECHHIRE training Boot Camps that are short-term, accelerated, programs that offer industry-recognized credentials in the Advanced Manufacturing and Information Technology Fields;
- Support Services that may include childcare, behavioral counseling, career counseling and other related services to successfully complete the training programs;
- Assistance with employment including internships, apprenticeships, and job placement;
- Additional job skills development to include resume design, interviewing skills and workplace/employer expectations.

Quanta-Honors College

Daytona State's Quanta-Honors College is a learning community that offers an alternative to regular college classes for highly motivated students who value academic achievement and want the competitive advantage that an Honors degree gives.

Honors College students take all their general education courses in learning community clusters. (Major-specific courses may still be taken outside the Quanta Honors College program.) Each cluster is made up of three courses that are integrated around a theme. For example, the fall semester focuses on issues of race and ethnicity in the United States, and spring semester deals with the interaction of religion and politics in India, Europe and the Middle East.

The classes are challenging, but extensive support is available to ensure that students do well. Students work in small groups and will have plenty of time to discuss, explore new ideas and apply these ideas to real-world problems.

Why do students choose Quanta-Honors College for their associate degree?

Students tell us that they like the classes because they are participatory – we discuss rather than lecture. They like that we value thinking outside the box and challenging the conventional wisdom. And there are some awesome perks:

- Everyone uses I-Pads in the classroom, so books cost less and real-time interactive activities are used in class.
- Students make a lot of new friends because class work is done mainly in small groups.
- Students who maintain a 3.25 grade point average receive a 10-percent tuition refund each semester.
- Quanta-Honors students are provided a dedicated classroom with a student lounge and computers for their exclusive use.
- Quanta-Honors faculty help you figure out where to transfer for your bachelor's degree and help you decide on a major. We also have specialized transfer
agreements with Stetson University and the Burnett Honors College at UCF.

Entrance Requirements
Students are eligible to join the Quanta-Honors College if they:
• Have a high school grade point average of 3.0 or better
• Have PERT scores of 106 in reading and 103 in writing
• Have SAT scores of 500 in critical reading or math
• Have ACT scores of 20 in reading, English and math.

Graduating with a Quanta-Honors College degree
In addition to class work in the Quanta-Honors College program, students must complete the following requirements in order to graduate with an Honors degree:
• Do 60 hours of service learning in the community prior to earning the A.A. degree.
• Complete a final research project.
• Graduate with a cumulative grade point average of 3.25.

Recognition of Academic Excellence
Daytona State students who have pursued and achieved academic excellence during their course of study may be eligible for one or more of the following honors.
• President’s List - Students are eligible if they earn at least six semester hours of credit and have a 3.8-4.0 semester GPA. The names of students achieving this honor are published on the Daytona State College website for the Fall and Spring semesters. (College prep/developmental courses, which do not count in the GPA calculation, are excluded.)
• Dean’s List - Students are eligible if they earn at least six semester hours of credit and have a 3.2-3.79 semester GPA. (College prep/developmental courses, which do not count in the GPA calculation, are excluded.)
• Honors Recognition - Students who graduate with high cumulative GPAs are recognized at graduation as follows: High honors (3.8-4.0 GPA) and honors (3.2-3.79 GPA). A statement will appear on transcript reflecting the honors recognition received. (All coursework used for GPA calculation is used, excluding college prep/developmental courses).
• Hall of Fame - Daytona State's highest honor in scholarship, leadership and citizenship is presented at the annual awards ceremony.
• Outstanding Student Awards - Each department presents these at the annual awards ceremony to students in BAS, AA, AAS and AS degree and certificate programs. Students involved in extracurricular activities are also recognized.
• Phi Theta Kappa - This is the only nationally accredited honors organization for two year colleges. Daytona State's chapter is Mu Rho. The Mu Rho office is in Building 130, Room 107, on the Daytona Beach Campus. For information about membership and activities, call the Daytona Beach Campus office at (386) 506-3330. This is an international honors society that is open to AA, AS, and AAS students who meet certain academic criteria.
• Who's Who is awarded annually by the National Organization of Who's Who in American Community and Junior Colleges.
• Sigma Beta Delta - This is an international honor society that is open to students in the BAS program who meet certain academic criteria.
• Alpha Delta Nu - National honors society for associate degree nursing students.
• Sigma Kappa Delta - National English honors society.

Small Business Development Center
The Florida SBDC at Daytona State College is a grant-funded program of the U.S. Small Business Administration and a sub-center of the Florida SBDC at UCF. The FSBDC at Daytona State College is a team of certified professionals who are dedicated to providing management advice and training to potential and existing entrepreneurs. The center's no-cost services include individual consulting, workshops, specialized assistance and online classes.

Consultant expertise focuses on areas vital to accelerating business growth:
• Strategic Market Research
• Business and Strategic Plan Development
• Market and Revenue Growth Strategy Development and Implementation
• Capital Access and Loan Packaging
• Financial Analysis and Assessment
• Accounting Systems and Financial Literacy

For more information please call (386) 506-4723 or visit our website at www.sbdcdaytona.com.

Study Abroad
Daytona State offers a variety of study abroad programs each academic year in which students can earn college credit. All study abroad programs are led by Daytona State faculty. Programs vary in length; although, most are less than two weeks in duration and are offered during the spring and summer semesters.

Details on upcoming study abroad programs can be found at http://www.daytonastate.edu/studyabroad or by contacting John Brady at (386) 506-3837.

Veterinary Technology (Distance Education)

Veterinary Technology (Distance Education Program through St. Petersburg College)

Daytona State College offers students this specialized program in partnership with St. Petersburg College. Students will enroll at Daytona State College to complete their general education/core courses, and then enroll in a totally distant learning program at St. Petersburg College. The Veterinary Technology courses are taught online. All program specific courses and general education/core courses must be completed with a grade of ‘C’ or better. Applicants must have worked or volunteered in veterinary hospital at least 40 hours prior to applying for admission to fulfill clinical observation requirement.

The Veterinary Technology Program at St. Petersburg College has been accredited by the American Veterinary Medical Association since 1978.

Graduates have a variety of career opportunities in veterinary clinics, hospitals, universities and college facilities, research laboratories, zoological gardens and reserves, animal shelters, and pounds.

Daytona State College - General Education/Core Course Requirements

The Veterinary Technology Track (AA Advising Track Code: 7971) requires students to successfully complete 22 semester hours of General Education/Core courses at Daytona State College, which include:
- Introduction to Composition (ENC1101)
- Oral Communications/Research/Presentation Skills (SPC2608)
- College Algebra (MAC1105) or Survey in Mathematics (MGF2106) or Mathematics for Liberal Arts (MGF2107) or Elementary Statistics (STA2023)
- General Biology I and Lab (For Science Majors) (BSC1010C) or Survey of Biological Sciences (For Non-Science Majors) (BSC1005) and Survey of Biological Sciences Lab (For Non-Science Majors) (BSC1005L)
- Introduction to Ethics (PHI2600)
- Behavioral & Social Sciences Core Selection
- Humanities, Cultural & Aesthetic Core Selection
- Microcomputer Applications (CGS2100)*

St. Petersburg College - Program-Specific Online Course Requirements**

Students will complete 51 semester hours of Program Specific Online courses at St. Petersburg College, which include:
- Animal Anatomy and Lab (ATE1110/1110L)
- Animal Physiology (ATE1211)
- Veterinary Office Procedures (ATE1311L)
- Large Animal Clinical and Nursing Skills (ATE1636)
- Veterinary Clinical Practice Lab I (ATE1650L)
- Veterinary Clinical Practice Lab II (ATE1654L)
- Laboratory Animal Medicine (ATE1671L)
- Veterinary Medical Terminology (ATE1741)
- Veterinary Work Practicum I (ATE1943)
- Veterinary Work Practicum II (ATE1944)
- Small Animal Breeds and Behavior (ATE2050C)
- Introduction to Dental Techniques (ATE1412C)
- Animal Anesthesia (ATE2611)
- Animal Medicine (ATE2612)
- Animal Nursing (ATE2631)
- Animal Pharmacology (ATE2634)
- Animal Laboratory Procedures I and Lab (ATE2638/2638L)
- Animal Laboratory Procedures II and Lab (ATE2639/2639L)
- Animal Nursing and Medicine Laboratory I (ATE2651L)
- Animal Nursing and Medicine Laboratory II (ATE2653L)
- Large Animal Clinical and Nursing Skills Lab (ATE2656L)
- Large Animal Diseases (ATE2661)
- Animal Emergency Medicine (ATE2710)
- Avian and Exotic Pet Medicine (ATE2722)
- Veterinary Work Practicum III (ATE2945)
- Veterinary Work Practicum IV (ATE2946)

Students who are interested in this track should contact the Academic Advisor in the College of Health and Public Services, Melissa Brown at (386) 506-3052, or the department chair, Geraldine Rimstidt at 386-506-3823.

*Recommended course

Enrollment Services

Admissions

Daytona State College Admissions

If you’re considering a college that can offer you a quality education at an affordable cost, Daytona State College is the right place for you. For more than 50 years, Daytona State has been the institution of choice for thousands of Volusia and Flagler County residents as well as students from all over the state, country, and internationally. In addition to the Associate of Arts/University Transfer degree, Daytona State also offers more than 100 associate of science degrees and certificates, as well as the Bachelor of Applied Science in Supervision and Management, the Bachelor of Science in Engineering Technology, the Bachelor of Science in Information Technology, the Bachelor of Science in Nursing and seven Bachelor of Science in Education degrees. Daytona State features small class sizes, personal attention from expert faculty, six campus locations and convenient, flexible class schedules that can fit your busy lifestyle.

We offer you a comprehensive college experience, including career planning, varsity athletics, student clubs and cultural events. Whether you’ve been out of school for some time and need help preparing for the rigors of college studies, or are ready to take on the challenge of our acclaimed honors programs, our dedicated staff and faculty are ready to help you achieve your goals at Daytona State.

Great value

Daytona State College is less expensive than other colleges for similar classes. Offering quality education at affordable prices, it is the best value in higher education today! Student financial assistance is also available to those who qualify.

Over 100 degree and certificate programs to choose

Daytona State College offers many degree and program options to fit your life goals, whether you want to gain short-term training to start a career, build new skills, or transfer to other four-year public or private colleges or universities.

Direct Connect to UCF

Daytona State associate of arts degree students have a clear path to transfer to UCF through the university's nationally recognized Direct Connect program. Direct Connect guarantees admission to UCF for AA graduates and adds touch points that track students from their freshman year at DSC through their senior year at the university to ensure they stay on a path toward success. In addition to increased academic advising, touch points include having students complete a career-assessment plan, confirm early major declaration, and complete skills workshops related to academic planning, financial literacy and other topics. To get started on your path to UCF through Direct Connect, speak with your DSC academic advisor early in your freshman year.

Seamless transfer to other four-year colleges and universities

Daytona State College students transfer seamlessly to many public and private colleges and universities every year. They save hundreds, sometimes thousands of dollars by starting at Daytona State College.

Bachelor's degree programs offered

Daytona State College offers the Bachelor of Applied Science in Supervision and Management (BAS). Your associate degree program prepared you to enter the job market at an entry level or mid-level position. The BAS program will broaden your knowledge of applied management practices and put you on the path to career advancement.

The college also offers seven Bachelor of Science in Education (BSED) degrees: Elementary Education, Exceptional Student Education, Secondary Mathematics Education, Secondary Biology Education, Secondary Chemistry Education, Secondary Physics Education, and Secondary Earth/Space Science Education for students whose dream is to become a teacher. These programs incorporate an innovative curriculum with cutting-edge technology. Our experienced faculty is dedicated to providing students with the essential knowledge and strategies needed to become a successful teacher.

The Bachelor of Science in Engineering Technology (BSET) can be pursued as a stand-alone program or with a concentration in electrical engineering technology. Engineering technology focuses primarily on analyzing, applying, implementing and improving existing technologies for the practice of engineering closest-to-product improvement, manufacturing and engineering operational functions.

The Bachelor of Science in Information Technology (BSIT) prepares graduates with the knowledge to design and implement information technology systems to solve real-world problems. Job titles for graduates of the program include: computer programmer, computer software engineer, systems analyst, network and computer systems administrator, and database administrator.

The Bachelor of Science in Nursing (BSN) is designed for students who already have an Associate of Science in
Nursing (or equivalent) who desire to continue their education at the baccalaureate level. It provides a seamless transition from the associate degree to the baccalaureate degree and can prepare students for advancement in the field of nursing.

**Short-term training to begin a career**
If you are aiming to enter the workforce as soon as possible, or improve your skills, Daytona State College’s career programs prepare you to go right into high-demand careers. Check out the list of associate of science and certificate programs to find a program that fits your goals: immediate career entry after graduation.

**Small class sizes**
With a 26:1 student/faculty ratio, you will receive individualized attention from faculty who care. No large, impersonal lecture halls here!

**Great professors who care**
Because Daytona State College faculty members are dedicated to teaching instead of research; their focus is on your learning. Your professors will know your name and care about your perspectives and success. You can ask additional questions or discuss coursework during their office hours.

**Superior student services**
Not only will you receive personal attention in the classroom, but all across the campus. Tutoring, career services, advising and counseling are just some of the student-centered services available.

**Academic support services**
The Academic Support Center offers free tutoring and individualized assistance to help you succeed in your classes. You can drop in anytime for math and writing assistance or make an appointment for tutoring in other subjects.

**Day/ evening on-site and online**
Daytona State College offers courses during the day, at night, online, weekends and through independent study and self-directed modular learning. Please see the college's Online Programs website at http://www.daytonastate.edu/online for the variety of classes being offered.

**Up-to-date facilities**
Our main campus is located on 100 acres in Daytona Beach, with regional campuses located throughout Volusia and Flagler counties. All of the facilities include multimedia classrooms and computer labs equipped with the latest software.

**Fully-accessible campus**
Daytona State College is fully-accessible to students with disabilities. An array of services and accommodations can also be arranged through the Office of Student Disability Services. The college has adaptive computer equipment to assist with technology services to help students with disabilities achieve academic success. For more information, contact the Director of Student Disability Services.

**Quanta-Honors College**
Daytona State’s well-respected Quanta-Honors College is perfect for students seeking to transfer to other competitive four-year colleges or who want an additional intellectual challenge. Quanta-Honors is a small, nationally recognized learning community that combines several traditional courses under a common theme, offering students the challenge of seeing and exploring the relationships and ideas between seemingly unrelated subjects.

You will participate in groups with other students to share ideas and explore a multitude of viewpoints. This sense of community will help you to develop a greater sense of involvement with other students and your professors, while the group skills that you gain will be invaluable to you later in the workplace. Quanta-Honors students receive special recognition at graduation and on their official transcripts.

General Admission Requirements

Admission Requirements for Associate Degrees and Certificate Programs:

Daytona State College has an open-door policy, which gives all students the opportunity to pursue an education beyond high school. Admission to the college is granted to applicants who have a Florida standard high school diploma, a GED® diploma or to home school graduates. Applicants from private schools and high schools from states other than Florida will be considered in accordance with current state statute if their diploma is recognized as equivalent to a Florida standard high school diploma. Students who have previously demonstrated competency in post-secondary level course work (through successful completion of 12 transferable college credits, not including Developmental course work) will be eligible for acceptance to the college. Applications are accepted year-round.

For any questions regarding admission to the college, please call (386) 506-3059. You can apply online or in person at any campus.

Students with a Certificate of Completion or Special Diploma, or without a high school diploma may be admitted to the following certificate programs:

- Air Conditioning, Refrigeration and Heating Mechanic
- Air Conditioning, Refrigeration and Heating Technology
- Automotive Collision Repair and Refinishing
- Automotive Service Technology
- Barbering
- Cosmetology
- Culinary Operations – Baking and Pastry Specialization
- Customer Service Representative
- Machining
- Nursing Assistant (Long Term Care)
- Welding Technology (Applied)

Students who have received a Certificate of Completion- CPT Eligible from their high school can pursue any available degree offering with the exception of limited access programs. However, students who do not have a standard high school diploma or GED® will not be able to receive financial aid.

Admission Requirements for the Bachelor of Applied Science in Supervision and Management Program:

Applications are accepted year-round and students may start the program during any semester of the academic year. There is no application fee. Admission to the Bachelor of Applied Science (BAS) in Supervision and Management program is open to all applicants who meet the admission requirements.

1. Applicants must complete an application to the BAS in Supervision and Management program. Applications may be submitted online at www.DaytonaState.edu/apply.

2. Applicants for the BAS program must have earned an associate degree. Students with an Associate of Arts (AA) degree may be admitted to the program with the approval of the Chair of the BAS program. Those with AA degrees who have completed all core general education credits are required to complete 18 credits in an occupational/technical area, e.g., accounting technology, computer science, business, etc. (i.e., 60 AA credits plus 18 occupational/technical credits) in place of the additional general education core credits required of the AS/AAS graduate.

3. Applicants must have at least 60 college credit hours, including a minimum of 15 credit hours of transferable general education courses. Applicants must have received a grade of "C" or better in all core general education courses that transfer into the BAS program, and must have earned an overall grade point average of 2.0 in the associate degree program courses. In addition, students must have completed all Developmental coursework, MAT1033 and ENC1101 prior to being accepted to the BAS program.

Admission Requirements for the Bachelor of Science in Education Program:

Applicants to any of the Bachelor of Science in Education degrees must have:

1. Conferred Associate of Arts degree from a regionally accredited institution
2. Cumulative GPA of 2.5 in all higher education classes
3. Satisfactory completion of the General Knowledge (GK) Test portion of the Florida Teacher Certification Examination. Click here for more information or to register for the exam: http://www.fl.nesinc.com
4. Volusia County Schools Volunteer clearance. Go to http://www.daytonastate.edu/education under the Admissions Requirements Section to obtain the Volusia County Schools Application to Volunteer. Follow the steps on our website for completion and submission instructions. For a list of disqualifying offenses view Florida Statute 1012.315.
5. Bachelor of Science in Education Program application
6. Grade of "C" or higher in the following pre-requisite classes: EDF1005, EDF2085 formerly EDG2071, EME2040 in addition to the following program specific pre-requisites:
• Elementary Education and Exceptional Student Education: no additional pre-requisites.
• Secondary Mathematics Education Program: MAC2311C (4 credits), MAC2312C (4 credits) and an additional 4 credit math elective (MAS, MTG, or MAC)
• Secondary Biology Education: MAC2311C (4 credits), BSC1010C (4 credits), BSC1011C (4 credits) and one of the following: CHM1045C (4 credits), PHY1053C (4 credits) or PHY2048C (5 credits)
• Secondary Earth/Space Science Education: MAC2311C (4 credits), OCE1001, GLY2010C (4 credits) and one of the following combinations: BSC1010C and BSC1011C, or CHM1045C and CHM1046C, or PHY2048C and PHY2049C
• Secondary Chemistry Education: Grade of "C" or higher in the following pre-requisite classes: MAC2311 (4 credits), CHM1045C (4 credits), CHM1046C (4 credits), and one of the following combinations: PHY2048C and PHY2049C, or PHY1053C and PHY1054C
• Secondary Physics Education: MAC2311C (4 credits), MAC2312C (4 credits), MAC2313C (4 credits), PHY2048C, PHY2049C, CHM1045C, and CHM1046C

Notes:
1. Once accepted, students must enroll in and complete a mandatory orientation class (SLS3355) in their first semester of enrollment.
2. Students who have not successfully completed two years of the same foreign language in high school, must complete two semesters or 8 credit hours of the same foreign language at the college level to meet the state foreign language requirement to graduate.
3. Students must also complete the state-mandated 36 hours of general education core prior to graduation: Communications - 9 hrs; Mathematics - 6 hrs; Sciences - 6 hrs; Humanities, Cultural and Aesthetic - 3 hrs; Behavioral and Social Sciences - 3 hrs; Health and Wellness - 3 hrs; Political, Economic and Business - 3 hrs; Historical and Global - 3 hrs.

Admission Requirements for the Bachelor of Science in Information Technology
Applicants for the BSIT program must have earned an Associate of Science (AS), an Associate of Applied Science (AAS), or an Associate of Arts (AA) degree with an overall grade point average of 2.5. Students with a grade point average of between 2.0 and 2.49 may be admitted conditionally. AA graduates may be admitted to the program with the approval of the Chair of the BSIT program. Those with AA degrees who have completed all core general education courses will be required to complete a total of 18 credits in appropriate technical prerequisite courses. AS/AAS graduates must complete additional core general education courses.

Applicants who have not earned an associate degree may be admitted to the BSIT program if they have earned at least 60 BSIT transferrable credits with a grade of "C" or better in all core general education courses. Applicants in this category must otherwise meet all other requirements for admission which will be granted by approval of the Chair. In addition, students must have completed all Developmental coursework, MAC1105 and ENC1101 prior to being accepted to the BS in Engineering Technology program.

Admission Requirements for the Bachelor of Science in Nursing (BSN)
Applicants for the BSN must have earned an Associate of Science (AS) or Diploma in Nursing (Diploma must equate to the AS nursing degree). A minimum 2.5 cumulative grade point average also is required, as well as an Unencumbered Florida Registered Nursing License. Applicants must submit two professional letters of recommendation (one from a current or prior employer). In addition, students must have completed MAT1033 and ENC1101 prior to being accepted to the BS in Nursing program.
Upon receipt of the baccalaureate application and prior to completion of the application packet an acknowledgement letter will be sent. Once the application packet is complete, students will receive an acceptance letter. Upon acceptance to the BSN program, students will meet with academic advising to develop a curriculum plan (full- or part-time status).

Admission Requirements for Adult Education:

Daytona State College offers the following programs under its Adult Education Department:

- Adult Basic Education (ABE)
- Adult High School
- English as a Second Language (ESL)
- General Education Development (GED)

Adult Education applicants must be 16 years of age. Applications are accepted year round at all Daytona State College campuses. Additional documentation required may include:

- Picture identification from Florida State Department of Motor Vehicles or Student ID
- Official transcripts from last high school attended (For Adult High School only.)
- For students under 18:
  - Official withdrawal form (Volusia County only)
  - GED® consent form
  - Parent signature

Transcripts

Acceptance to Daytona State College is contingent upon the receipt of final, official copies of your high school transcripts, documenting a standard high school diploma, or GED® scores, and if applicable, final, official transcripts from all colleges and educational institutions previously attended. Home school students are required to submit a home school verification statement. Students who are home schooled outside of Florida must submit proof they met the graduation requirements of their State. Students who completed high school in another country or who attended a college or university outside the U.S. must have a NACES-recognized evaluation service complete a course-by-course evaluation of these transcripts. NACES members can be viewed at http://www.naces.org. Also, submit translated syllabi for all post-secondary courses you wish to have considered for transfer. Additional documentation may also be required. Please contact the Records Office for more information.

With the exception of international students, all certificate and degree-seeking students are given a one-semester grace period to submit official documents mentioned above. Until all transcripts are received students will be unable to register for future semesters. Financial aid will not be disbursed until all transcripts are received. If you have questions about transcripts or are having trouble obtaining your transcripts please contact the Admission Department at 386-506-3642.

Application Dates

Admission to Daytona State College may be granted during any semester; however, specific programs may restrict entry to certain times. Applications are processed year round. Due to limited space in some classes and programs, we strongly encourage you to complete the admission process as soon as possible. Registration begins in April for fall semester classes, November for spring semester classes, and March/April for summer classes. International students should contact the Admissions Office at least three to six months in advance of their initial enrollment.

Enrollment Process Checklist

Associate Degree and Certificate Program Enrollment Checklist:

1. Submit an Admission Application - You can apply online (DaytonaState.edu/apply) or in person at any campus. Submit final, official high school or GED® transcript, including a graduation date. Students who graduated from a home school program are required to submit a home school verification. Students who are home schooled outside of Florida must submit proof they met the graduation requirements of their State. Submit final, official transcripts from all colleges or universities you have attended. An official transcript is one that arrives in a sealed envelope. Electronic transcripts may be accepted if they are sent directly from the issuing institution. If you graduated high school or have attended college in another country, please download the information sheet, Evaluating Credentials from Outside the U.S., and follow the instructions. Contact Admissions for more information about your transcript requirements. Please DO NOT submit your original international documents to the college.

2. Complete a Financial Aid Application - Apply for financial aid as soon as possible. Financial aid is available to qualified students enrolled in an eligible program to assist in meeting educational expenses. Applicants should complete the FAFSA at fafsagov to determine eligibility. Daytona State's school code is 001475. Processing time is 4-6 weeks. Additional information about Financial Aid or Daytona State College scholarships is available from the Office of Financial Aid Services.
3. Complete Placement Requirements – Students who are not exempt should fulfill their placement requirements by taking the P.E.R.T. for degree programs and TABE for certificate programs. If you have previous course work or have taken the SAT/ACT/CPT/AP, make sure to submit official copies to the Admissions Office and bring an unofficial copy with you to Academic Advising.

4. Meet with an Academic Advisor - Talk with an academic advisor to interpret your placement test scores and discuss program requirements. Students must meet with an advisor prior to registering for the first time. Students are also encouraged to register with Career Services at this time.

5. Complete Online Orientation – Log in to the student portal (My.DaytonaState.edu) using your College username and password. Select "My Academics" from the menu bar and then select "Orientation." Watch the videos and complete the Assessment Questions. Select "Next Step of Orientation" to progress to the next section. At the end, you must submit the Verification of Completion Survey to document successful completion of orientation.

6. Register for Classes - Log in to the student portal (My.DaytonaState.edu) using your College username and password. Select "My Academics" from the menu bar and then select "Enrollment" and "Add Classes."

7. Pay for Classes - Pay for your classes either in person at the Office of Student Accounts or online. REMEMBER - you are not officially registered until you have paid in full. Online payments may be made by logging in to the student portal (My.DaytonaState.edu) using your College username and password. Select "My Finances" from the menu bar and then select "Make a Payment."

8. Obtain Your Student I.D., Parking Decal and Books- Get your student ID card and parking decal at the Campus Safety Office on any campus. You can also get your books in person or online at efollett.com.

**Bachelor of Applied Science Enrollment Checklist:**

1. Submit an Admission Application - You can apply online (DaytonaState.edu/apply) or in person at any campus. Continuing Daytona State students are still required to submit a new application for the BAS program in order to change levels. Submit final, official high school or GED® transcript including a graduation date. Students who graduated from a home school program are required to submit a home school verification. Students who are home schooled outside of Florida must submit proof they met the graduation requirements of their State. Submit final, official transcripts from all colleges or universities you have attended. An official transcript is one that arrives in a sealed envelope. Electronic transcripts may be accepted if they are sent directly from the issuing institution. If you graduated high school or have attended college in another country, please download the information sheet, Evaluating Credentials from Outside the U.S., and follow the instructions. Contact Admissions for more information about your transcript requirements. Please DO NOT submit your original international documents to the college.

2. Complete a Financial Aid Application - Apply for financial aid as soon as possible. Financial aid is available to qualified students enrolled in an eligible program to assist in meeting educational expenses. Applicants should complete the FAFSA at fafsa.gov to determine eligibility. Daytona State’s school code is 001475. Processing time is 4-6 weeks. Additional information about Financial Aid or Daytona State College scholarships is available from the Office of Financial Aid Services.

3. Meet with an Academic Advisor - Contact Academic Advising at any campus. The advisor will assist you with choosing your first classes, requirements for program completion and graduation plans. Take copies of your college/university transcripts. More information is available from the Academic Advising office.

4. Complete Online Orientation – Log in to the student portal (My.DaytonaState.edu) using your College username and password. Select "My Academics" from the menu bar and then select "Orientation." Watch the videos and complete the Assessment Questions. Select "Next Step of Orientation" to progress to the next section. At the end, you must submit the Verification of Completion Survey to document successful completion of orientation.

5. Register for Classes - Log in to the student portal (My.DaytonaState.edu) using your College username and password. Select "My Academics" from the menu bar and then select "Enrollment" and "Add Classes."

6. Pay for Classes - Pay for your classes either in person at the Office of Student Accounts or online. REMEMBER - you are not officially registered until you have paid in full. Online payments may be made by logging in to the student portal (My.DaytonaState.edu) using your College username and password. Select "My Finances" from the menu bar and then select "Make a Payment."

7. Obtain Your Student I.D., Parking Decal and Books- Get your student ID card and parking decal at the Campus Safety Office on any campus. You can also get your books in person or online at efollett.com.

Online payments may be made by logging in to the student portal (My.DaytonaState.edu) using your College username and password. Select "My Finances" from the menu bar and then select "Make a Payment." To check your account balance and due date, select "Account Inquiry" from the "My Finances" menu item.

7. Obtain Your Student I.D., Parking Decal and Books- Get your student ID card and parking decal at the Campus Safety Office on any campus. You can also get your books in person or online at efollett.com.
1. Submit an Admission Application - You can apply online (DaytonaState.edu/apply) or in person at any campus. Continuing Daytona State students are still required to submit a new application for the BSN program in order to change levels. Submit final, official high school or GED® transcript including a graduation date. Students who graduated from a home school program are required to submit a home school verification. Students who are home schooled outside of Florida must submit proof they met the graduation requirements of their State. Submit final, official transcripts from all colleges or universities you have attended. An official transcript is one that arrives in a sealed envelope. Electronic transcripts may be accepted if they are sent directly from the issuing institution. If you graduated high school or have attended college in another country, please download the information sheet, Evaluating Credentials from Outside the U.S., and follow the instructions. Contact Admissions for more information about your transcript requirements. Please DO NOT submit your original international documents to the college. Submit proof of an active unencumbered Florida Registered Nursing license and two professional letters of recommendation to the Admissions office.

2. Complete a Financial Aid Application - Apply for financial aid as soon as possible. Financial aid is available to qualified students enrolled in an eligible program to assist in meeting educational expenses. Applicants should complete the FAFSA at fafsa.gov to determine eligibility. Daytona State's school code is 001475. Processing time is 4-6 weeks. Additional information about Financial Aid or Daytona State College scholarships is available from the Office of Financial Aid Services.

3. Meet with an Academic Advisor - Contact Academic Advising at any campus. The advisor will assist you with choosing your first classes, requirements for program completion and graduation plans. Take copies of your college / university transcripts, if any. More information is available from the Academic Advising office.

4. Complete Online Orientation – Log in to the student portal (My.DaytonaState.edu) using your College username and password. Select "My Academics" from the menu bar and then select "Orientation." Watch the videos and complete the Assessment Questions. Select "Next Step of Orientation" to progress to the next section. At the end, you must submit the Verification of Completion Survey to document successful completion of orientation.

5. Register for Classes - Log in to the student portal (My.DaytonaState.edu) using your College username and password. Select "My Academics" from the menu bar and then select "Enrollment" and "Add Classes."

6. Pay for Classes - Pay for your classes either in person at the Office of Student Accounts or online. REMEMBER - you are not officially registered until you have paid in full. Online payments may be made by logging in to the student portal (My.DaytonaState.edu) using your College username and password. Select "My Finances" from the menu bar and then select "Make a Payment." To check your account balance and due date, select "Account Inquiry" from the "My Finances" menu item.

7. Obtain Your Student I.D., Parking Decal and Books- Get your student ID card and parking decal at the Campus Safety Office on any campus. You can also get your books in person or online at efollett.com.

Florida Residency for Tuition Purposes

Daytona State's fees and tuition are based upon your status as a legal permanent Florida resident. Daytona State is required to follow the Florida state guidelines regarding residency for tuition purposes. A student qualifies as a Florida resident for tuition purposes - or if a dependent child, his/her parent(s) - if the student has established and maintained a legal residence in the state of Florida for at least 12 consecutive months immediately prior to the first day of classes. The applicant must state that his/her length of residence, or if a dependent child, his/her parent(s) length of residence, was for the purpose of maintaining a bona fide domicile and not for the purpose of maintaining a temporary residence incident to enrollment. A dependent child whose parents are divorced or separated may qualify as a resident for tuition purposes if either parent is a legal resident of Florida regardless of which parent claims the child as a dependent for federal income tax purposes. A dependent child living with an adult relative other than his/her parent(s) may qualify as a Florida resident for tuition purposes if the adult relative and the student have maintained a legal residence in the state of Florida for 12 consecutive months prior to the first day of classes and the dependent child has lived with the relative for three years immediately preceding residency classification and has been claimed by that relative as a "dependent" under the Federal Income Tax Codes.

The following categories will be considered as Florida residents for tuition purposes, pending corresponding documentation:

- Active duty members of the armed forces stationed in Florida, or whose home of record is in Florida, and their dependents
- Full-time instructional and administrative personnel employed by the State public school system and institutions of higher education and their dependents
- Qualified beneficiaries under the Stanley G. Tate Florida Pre-Paid College Program

Others as permitted by state statute or rule.

The documentation necessary to verify residency may be different for “dependent” and “independent” students. Dependent students normally use their parent/guardian’s documentation for residency; whereas, independent students use their own documentation. For dependent students, the “claimant” is the parent/guardian; for independent students, the student is the “claimant.” For more information regarding dependency, please see an Admissions Advisor.

Documentation:

The claimant must provide the Admissions office with a completed Residency Declaration and originals or legible copies of the documents used to document residency prior to the first day of classes. The claimant must submit at least two of the following items with dates that evidence the 12 month qualifying period. At least one of the documents must be from the tier one list. No single document is considered conclusive and there must be no conflicting evidence present. Note that while the Admissions office makes every attempt to validate residency documentation as entered on the Declaration, the ultimate responsibility to ensure residency requirements have been satisfied belongs to the student.

First Tier (at least one of the two documents submitted must be from this list)

- A Florida voter’s registration card.
- A Florida driver’s license.
- A State of Florida identification card.
- A Florida vehicle registration.
- Proof of a permanent home in Florida which is occupied as a primary residence by the individual or by the individual’s parent if the individual is a dependent child.
- Proof of a homestead exemption in Florida.
- Transcripts from a Florida high school for multiple years (2 or more years) if the Florida high school diploma or GED® was earned within the last 12 months.
- Proof of permanent full-time employment in Florida for at least 30 hours per week for a consecutive 12-month period.

Tier 2 (may be used in conjunction with one document from Tier 1):

- A declaration of domicile in Florida.
- A Florida professional or occupational license.
- Florida incorporation.
- A document evidencing family ties in Florida.
- Proof of membership in a Florida-based charitable or professional organization.
- Any other documentation that supports the student’s request for resident status, including, but not limited to, utility bills and proof of 12 consecutive months of payments; a lease agreement and proof of 12 consecutive months of payments.

Examples of “other” documentation:

- Utility bills and proof of 12 consecutive months of payments
- Lease agreement and proof of 12 consecutive months of payments
- Official state, federal, or court documents evidencing legal ties to Florida

Unacceptable documentation includes a hunting/fishing license, a library card, a shopping club/rental card and a birth certificate or passport.

Any student who seeks reclassification as a Florida resident must complete and submit an updated Residency Declaration prior to the start date of the term in which they seek reclassification. Reclassification will require the claimant to provide at least one document from the tier 1 list and 2 other documents from either the tier 1 or 2 category that are a year old prior to the start date of classes for a total of 3 items (please see list above). Continuous full-time enrollment at Daytona State College or any college during your qualifying period may make you ineligible for reclassification for in-state tuition. Please consult with an Admissions Advisor for possible exceptions. All residency reclassification documentation must be submitted no later than the first day of classes for the term in which reclassification is sought. Any question about this procedure or filing an appeal should be directed to the Admissions Office on the Daytona Beach Campus at (386) 506-3059.

Residency Appeals

Residency decisions must be appealed in writing. Submit the Residency Appeal form, available from the Admissions Office, with all supporting documentation to the Admissions Office on the Daytona Beach Campus, attention to Associate Director of Admissions. The appeal will be reviewed and a response provided to the student’s FalconMail email account.

International Students

Daytona State College welcomes international students. The Admissions Office should be contacted three to six months prior to your anticipated enrollment so you can obtain an international student admissions packet. The packet contains the required information for admission to
Daytona State and should be submitted at least 90 days before the start of each term.

The following official records are required to support your application for admission to Daytona State College:

1. **Application** - Complete the application for admission at DaytonaState.edu/apply.

2. **Transcripts** - International students must submit all required transcripts prior to acceptance. Students who have transcripts from outside the United States are required to submit a final, official evaluation of their transcripts. Evaluations must be performed by a member of the National Association of Credential Evaluation Services (NACES). naces.org/members.htm.

3. **Verify Finances** - Complete the Verification of Finances Form, which is available from the Admissions Office online at DaytonaState.edu/admissions/int_admissions.html. Complete both pages. Submit supporting documentation such as bank letters, award letters, etc. All financial documents must be in English and U.S. dollars. Additional instructions are available from the Admissions Office.

4. **English Language Proficiency** - If you are a citizen of a country where the official language is not English, you must provide one of the following:
   i) TOEFL Scores – 61 on the Internet Based Test (IBT); 173 on the Computerized / International version. You can schedule a test or request your scores at www.toefl.org. Daytona State's ETS school code is 5159. TOEFL scores are good for two years from the date of the test.
   ii) IELTS Bandwidth of 5.5 or higher is also accepted in place of TOEFL.
   iii) Proof of completion of the equivalent of ENC1101, Introduction to Composition
   iv) Proof of graduation from a United States high school
   v) Students who are citizens of countries where the primary language is English, as identified by the Department of State, are not required to submit proof of English language proficiency

5. **Transfer Clearance** - If you are already studying in the U.S. on a visa and wish to transfer to Daytona State or take classes as a transient student, you must submit the following:
   i) Transfer / Transient Clearance Form – available from the Admissions Office; to be completed by your current / home institution prior to acceptance at Daytona State College
   ii) Copy of your I-94
   iii) Copy of your most recent I-20
   iv) Copy of your visa

6. **Passport Copy** - Please submit a clear copy of your passport. After you submit all required documents, Daytona State College will mail your SEVIS Form I-20 and Letter of Acceptance to you at the mailing address provided on your application. Overnight delivery services can be utilized at the student's expense. Contact the Admissions Office for more information.

   After the admission requirements are met:
   • Daytona State College will mail you the I-20 eligibility form attached to your acceptance letter. Pay the SEVIS fee at http://www.fmjfee.com prior to attending the U.S. Consulate.
   • Take the I-20 eligibility form to the U.S. Consulate in your native country and apply for a student visa.
   • Travel to Daytona State College at least three weeks before classes start to complete the registration process for the best selection of class availability.
   • Report to the International Student Advisor on the Daytona Beach Campus.
   • Take the placement test in Assessment Services.
   • Speak with an Academic Advisor and register for classes.
   • Show proof of health and accident insurance coverage to the International Student Advisor.

**International Student Assistance**

International students are required to meet with the international student advisor upon arrival at Daytona State College for immigration registration in the Student Exchange Visitor Information System (SEVIS). U.S. Immigration and Customs Enforcement (ICE) requires all students on F-1 visas to be enrolled full-time for the fall and spring semesters or their initial term. Daytona State College defines full-time status as 12 or more credit hours. (International Students may not participate in programs that are fully online. Other restrictions apply regarding online courses. Please speak to the International Student Advisor for more detailed information).

To remain in compliance with their I-20, students must maintain a 2.0 or better grade point average (GPA) each semester they are enrolled. Students are required to comply with all Daytona State College rules and regulations. International students are a vital part of our educational program. International students are required to meet with
the International Student Advisor each semester of their enrollment. The college will do everything it can to help students have a successful and enjoyable educational experience at Daytona State. Please contact our Admissions Office at (386) 506-3059 or email admissions@DaytonaState.edu if you have any questions or need assistance.

International Enrollment and Student Development:
For other services such as health insurance, housing or community support, please contact the Global Education and International Student Affairs Office at (386) 506-3141.

Limited Access Programs
Admission to the following limited access programs is determined by demand, available classroom space, state licensure requirements and/or related criteria specified by each program. Certain limited access programs require additional tests for admission. Please see the Program Guide for your field of interest for details. Applicants to these programs must submit a Daytona State College application and be accepted according to general College admission requirements, in addition to a separate limited access application which is available from the program chairperson. Please check with the program chairperson for details and applications.

For more information about these programs please visit the program guide (p. 111).
- Correctional Officer Recruit Training
- Criminal Justice Technology Bridge
- Dental Assisting
- Dental Hygiene
- Emergency Medical Services
- Emergency Medical Technician
- Fire Fighter II
- Florida Law Enforcement Academy
- Health Information Technology
- Industrial Management Technology
- Massage Therapy
- Medical Assisting
- Medical Information Coder / Biller
- Nursing (Associate Degree)
- Nursing (Transition Into Profession)
- Occupational Therapy Assistant
- Paramedic
- Physical Therapist Assistant
- Practical Nursing
- Radiography
- Respiratory Care
- Surgical Technology
- Transit Technician I
- Transit Technician II
- Transit Technician III

Maximum Course Load and Credit Overload
Students are typically limited to enrolling for no more than 18 credits during any semester (fall, spring, summer). Subsessions (e.g. A & B terms) within any semester have a maximum credit limit of nine hours.

Credit Overload
Students in good standing who desire to take more than 18 credit hours must obtain approval from the Director of Academic Advising. Determinations for approval are based on an individual basis, reviewing the combination of courses being requested, the student's previous course work attempted, number of credits attempted in previous semesters, grade point average earned (minimum 3.0 for both semester and cumulative is required) and commitments outside of courses (numbers of hours working, family obligations, etc.).

Readmission to Daytona State College
Students who previously attended Daytona State must:
- Resubmit an admission application to the Admissions Office if you were not enrolled during the last two major semesters (fall, spring);
- Contact the Admissions Office to update your application if you were admitted to the College for a given semester but did not register for courses. Applications for students who applied but did not register are maintained for one year. If you applied prior to that, a new application is required;

After reapplying to the College, students will follow all other steps for enrollment (p. 41) applicable to their program.

Special Credit Students
Students may take courses even if they do not intend to earn a college degree or certificate from Daytona State College. A special credit (non-matriculated) student is one who enrolls in courses to upgrade career skills, takes courses for personal enrichment, or enrolls in courses for the purpose of transferring to another institution. Special Credit students must meet all course placement and prerequisite requirements.

Special credit students are limited to a total of 15 credits, after which they must meet with an advisor to discuss career and educational plans and options. Taking additional credits will be approved with the understanding that the classes will not lead to a degree or certificate and that all placement and prerequisites need to be met. If a
student has already received an associate of arts degree or a bachelor's (or higher) degree, the 15-credit limit is not applicable. Students are required to provide transcripts to document degrees earned and to have placement tests waived and prerequisites documented. Special credit students are not eligible to receive financial aid.

If a special credit student subsequently applies for admission to the college as a degree seeking student, the catalog requirements at the time of admission will need to be met.

Student Insurance

Health Insurance is mandatory for all international students. It will be the student's responsibility to acquire health insurance and provide proof to the International Student Advisor prior to class registration each term (including students on OPT). The coverage must be for a full academic year. Health insurance is not an option – it is a requirement. Students who do not show proof of health insurance will not be permitted to register for classes or continue their enrollment. If you have any questions, please contact the International Student Advisor at 386-506-3059.

Advising

Academic Advising

Academic Advising is an important part of getting started and staying on the right path as you move closer to your educational, career and personal goals. Advising provides you with specific details about your courses, programs and policies that affect you.

Professional Academic Advisors are available on each campus to:
• discuss your educational goals and the programs and courses available to help you meet those goals;
• help you understand the College's rules, regulations and policies;
• inform you about campus services such as Student Disability Services, the Academic Support Center and the Writing Center;
• help you find information on transfer programs and how to best prepare to meet transfer requirements.

Academic Advisors also reach out to you when your instructor reports that you are having difficulties in class, notify you about courses you should be taking to meet the graduation requirements for your major, talk to you about your intended transfer college and major, and contact you periodically to make sure you have the help you need to be successful in school.

First-Semester Advising

All new students are required to meet with an Academic Advisor before they can register for their first semester of course work. During that meeting, you will have the opportunity to discuss placement requirements, required course work and policies governing allowable first-semester courses and program requirements. Advisors will also review important information that you need to be successful in college. Once your advisor recommends classes, you are responsible for selecting your course meeting days and times and registering for your courses online or in the Falcon Center on the campus of your choice. More specific descriptions about services and department contacts are available under Academic Advising at http://www.daytonastate.edu.

Continuing Student Advising

Both professional and faculty academic advisors are available to assist you during continuing semesters.
• If you are enrolling in an A.S. or a Certificate program, you will be assigned to a faculty academic advisor during your first semester of coursework. The faculty advisor teaches in your program of study and can provide you with extensive background knowledge about program requirements for your major.
• If you are enrolled in an A.A. degree program, your advisor can provide you with information about how to meet degree requirements and offer referrals for how to learn more about transfer information and requirements.

The Associate of Arts Degree (A.A.) is a degree that is intended for students who will be transferring into a bachelor's degree program. The state of Florida requires that advisors make students declare an intended transfer college/university and major before the student completes 30 credit hours of coursework. In addition, the advisor is required to inform you of the list of pre-requisite courses for your intended bachelor's degree program. If you have not already declared this information with your advisor, you will receive an advising hold when you have completed 15 college credits. You must meet with an academic advisor and declare this information before the hold is released.

Please note: There is only one A.A. degree at DSC. Advisors will assign you a secondary "Advising Major" in order for you to have a list of pre-requisite courses needed for your intended bachelor's degree major.

You are encouraged to contact an advisor each semester. You can find out who your advisor is and how to contact him/her using Online Services and selecting Your Student Information. If there is no advisor listed, you can either visit the Academic Advising Center located in the Wetherell Building (100) on the Daytona Beach Campus or talk to a faculty member in your major. You can also email the advising office from your FalconMail account at
advising@daytonastate.edu. The Advising email account is answered every business day.

You will receive email notifications throughout the semester regarding advising information. We encourage you to check your free Falconmail email account often.

Dual Enrollment

Dual Enrollment is an acceleration mechanism that provides students attending a Florida public or private high school, or who are enrolled in a home school program, an option to simultaneously earn college credit toward the Associate of Arts degree, Associate of Science degree or Vocational Credit toward a certificate program while meeting the requirements for a high school diploma. Students are exempt from the payment of registration, tuition and laboratory fees while they are dual enrolled.

Dual enrollment students are eligible to use all services available to other students including the Academic Support Center, Writing Center, student activities, student clubs, Career Services, Student Disability Services and enrollment services such as Advising and Assessment.

Current information about the Dual Enrollment program, including entry qualifications and current Articulation Agreements are available at http://www.daytonastate.edu/advising/deaeandged.html

Assessment

Assessment and Placement

Please note that assessment may be required for first-semester students.

A student who entered 9th grade in a Florida public school in the 2003-2004 school year, or any year thereafter, and earned a Florida standard high school diploma or a student who is serving as an active duty member of any branch of the U.S. Armed Services shall not be required to take the common placement test and is not required to enroll in developmental education.

Students who entered the 9th grade in a Florida public school prior to the 2003-2004 school year or did not attend a Florida public high school must take the Florida Post-Secondary Education Test (P.E.R.T.) or submit SAT, ACT, Accuplacer, or FCAT scores that exempt them from the college developmental education program or they must submit college transcripts that show the completion of Freshman English I or Intermediate Algebra.

Students who score below the minimum scores on one or more of the three sections of the P.E.R.T. must complete college preparatory requirements prior to enrolling in college-level courses.

Placement Test Scores - All placement test score results and test scores used for exemption to taking a placement test are valid for 2 years. There is an exception for Adult Education placement testing.

Developmental Education - Students will meet with Academic Advising for recommendations about Developmental Education courses.

Assessment Services

Assessment Services provides information, registration and administration of a wide range of tests, as well as the Assessment of Prior Learning Experience (APLE) program. Please note that assessment may be required for first-semester students. Students can register for and take the following assessments at Daytona State College:

- Daytona State placement tests - P.E.R.T., ACCUPLACER (CPT), TABE, CASAS
- Daytona State entrance exams - CJBAT, TEAS
- APLE (Assessment of Prior Learning Experience) exams
- CLEP (College Level Exam Program) exams
- FCAT (Florida Comprehensive Assessment Test) make-up exams
- Certification Exams - IT, SOCE, MSSC, FTCE, AHIMA, FLORIDA FIRE STANDARDS & PREVENTION
- GED® (General Education Development) exam

All placement test score results, and test scores used for exemption to the placement test, are valid for 2 years. There is an exception for Adult Education placement testing.

New Student Assessment

Per Florida state rule 6A-10.0315, a degree-seeking student who entered 9th grade in a Florida public school in the 2003-2004 school year, or any year thereafter, and earned a Florida standard high school diploma or a student who is serving as an active duty member of any branch of the U.S. Armed Services shall not be required to take the common placement test and shall not be required to enroll in developmental education. Students who entered the 9th grade in a Florida public school prior to the 2003-2004 school year or did not attend a Florida public high school must take the Florida Post-Secondary Education Test (P.E.R.T.) or submit SAT, ACT, Accuplacer, or FCAT scores that exempt them from the college preparatory program or they must submit college transcripts that show the completion of Freshman English I or Intermediate Algebra.

New students admitted to a degree or certificate program who are not eligible for the above rule may be required to take a placement test unless they meet one of the
exemptions listed below. The results will help with your placement into appropriate courses to ensure your academic success. Placement instruments are not used for admission to the college; although, they may be used as a guide for admission to certain limited access programs.

There are two assessment instruments approved for general admission to the college. The Postsecondary Education Readiness Test (P.E.R.T.), and the Test of Adult Basic Education (TABE). Each measures reading, math and language skills. The placement test for degree programs (AA, AS and BAS) and business or computer related college credit certificates is the P.E.R.T.

The placement test for Career and Technical Education (CTE) certificate programs and the EMT, Office Support and Paramedic certificate programs is the TABE. All placement tests and tests used for exemption to the placement tests are valid for two years.

**Exemptions to the Placement Tests**

**Postsecondary Education Readiness (P.E.R.T.)** - You are not required to take the related portions of the test if the following conditions are met:
- SAT scores of 440 or above on critical reading or 440 or above on math for placement into Intermediate Algebra (MAT1033), or 500 or above on math for placement into College Algebra (MAC1105)
- ACT scores of 19 or above on the reading or 17 or above on English or 19 or above on math for placement into Intermediate Algebra (MAT1033), or 21 or above on math for placement into College Algebra (MAC1105)
- Proof of successful completion of the equivalent of ENC 1101 (Introduction to Composition) or MAT 1033 (Intermediate Algebra) at another college
- Accuplacer (CPT) scores of 83 or above on both the reading and language or for math 85 or above on arithmetic and 72 or above on the elementary algebra.
- FCAT scores of 262 or above on Reading 2.0 or 375 or above on Math (Level 5) You already have an Associate in Applied Science degree or higher.

For **Career and Technical Education (CTE)** certificate programs and the EMT, Office Support and Paramedic certificate programs, the School of Adult Education offers CTE preparatory instruction for the TABE exam for those students who have not met the basic exit-level test requirements.

**Developmental Education**

Students will meet with Academic Advising for recommendations about Developmental Education courses.

**Limited Access Programs Placement Tests**

Certain limited access programs require additional tests for admission. These include:

**Test of Essential Academic Skills (TEAS)** - The Nursing Associate Degree and the Practical Nursing Vocational Certificate programs require successful completion of the Test of Essential Academic Skills (TEAS) prior to admission to the program. TEAS scores are valid for three years. Contact Assessment Services on any campus for testing schedules and test fee information.

**Basic Abilities Tests** - The Florida Law Enforcement Academy and Correctional Officer Recruit Training programs require successful completion of a Basic Abilities Test prior to admission to the program. The state of Florida has approved the Criminal Justice Basic Abilities Test (CJ-BAT), and Daytona State College offers the CJ-BAT for entry into the Law Enforcement and Correctional Officer Recruit Training programs. CJ-BAT scores are valid for four years. Contact Assessment Services on any campus for testing schedules and test fee information.

**Assessment of Prior Learning Experience (APLE)**

Daytona State recognizes that students come to the institution from a variety of backgrounds. We value the training and knowledge you may have gained through experience. The Assessment of Prior Learning Experience (APLE) program, which includes APLE exams and portfolios, is designed to allow you to turn your skills and knowledge into college credit. Credit earned through the APLE program can only be awarded in courses offered at Daytona State College. Credit will not be awarded for courses in which you have already received credit. All methods of earning credit must meet equivalent classroom standards per F.S. 1001.64, 1007.27; FAC 6A-10.024.

To earn credit through the APLE program you must meet the following requirements:
• Be enrolled in a degree or certificate program at Daytona State College and the credit earned must be appropriately related to your degree or certificate program
• Be registered for and attending classes during the current semester
• Meet with Academic Advising to identify courses that match your prior experience and may qualify for the APLE credit program.
• Meet with Assessment Services staff to understand the requirements and limitations associated with earning credit through APLE and complete eligibility and registration forms.
• Make payment of all fees prior to sitting for exam or portfolio review.
• Portfolios must be able to provide documentation which satisfies all major learning outcomes for a selected course.
• Be aware credit awarded for prior experiential learning shall not exceed 25% of the units required for completion of the program.
• Be aware the maximum number of credits that can be earned through APLE and examination is 75% of the degree or certificate program.

Active U.S. military members are excluded from the above limitations.

Placement Tests and Exemptions

Please note that assessment may be required for first-semester students. Per Florida state rule 6A-10.0315, a degree-seeking student who entered 9th grade in a Florida public school in the 2003-2004 school year, or any year thereafter, and earned a Florida standard high school diploma or a student who is serving as an active duty member of any branch of the U.S. Armed Services shall not be required to take the common placement test and is not required to enroll in developmental education. All students who entered 9th grade in a Florida public school prior to the 2003-2004 school year or did not attend a Florida public high school must take the Florida Postsecondary Education Readiness Test (P.E.R.T.) and the Test of Adult Basic Education (TABE). Both measure reading, math and language skills. The placement test for degree programs (AA, AS and BAS) and business or computer related college credit certificates is the P.E.R.T. The placement test for Career and Technical Education certificate programs and the EMT, Office Support and Paramedic certificate programs is the TABE. All placement tests and tests used for exemption to the placement tests are valid for two years.

Placement instruments are not used for admission to the college; although, they may be used as a guide for admission to certain limited access programs. There are two types of assessment instruments for general admission to the college: the Postsecondary Education Readiness Test (P.E.R.T.) and the Test of Adult Basic Education (TABE). Both measure reading, math and language skills. The placement test for degree programs (AA, AS and BAS) and business or computer related college credit certificates is the P.E.R.T. The placement test for Career and Technical Education certificate programs and the EMT, Office Support and Paramedic certificate programs is the TABE. All placement tests and tests used for exemption to the placement tests are valid for two years.

Exemptions to the Placement Tests

Postsecondary Education Readiness (P.E.R.T.) - You are not required to take the related portions of the test if the following conditions are met:
• SAT scores of 440 or above on critical reading or 440 or above on math for placement into Intermediate Algebra (MAT1033), or 500 or above on math for placement into College Algebra (MAC 1105)
• ACT scores of 19 or above on the reading or 17 or above on English or 19 or above on math for placement into Intermediate Algebra (MAT1033), or 21 or above on math for placement into College Algebra (MAC1105)
• Accuplacer (CPT) scores of 83 or above on the reading, or 83 or above on the sentence skills for math 85 or above on arithmetic and 72 or above on the elementary algebra.
• Proof of successful completion of the equivalent of ENC 1101 (Introduction to Composition) or MAT1033 (Intermediate Algebra) at another college
• FCAT scores of 262 or above on Reading 2.0 or 375 or above on Math (Level 5)

Test of Adult Basic Education (TABE) - You are not required to take the related portions of the test if the following conditions are met:
• SAT scores of 440 or above on critical reading, or 440 or above on math
• ACT scores of 19 or above on the reading, or 17 or above on English or 19 or above on math
• P.E.R.T. scores of 106 or above on the reading, or 103 or above on the writing, or 114 or above on the math.
• Accuplacer (CPT) scores of 83 or above on the reading, or 83 or above on the sentence skills for math 85 or above on arithmetic and 72 or above on the elementary algebra
• You already have an Associate in Applied Science degree or higher.
• FCAT scores of 262 or above on Reading 2.0 or 375 or above on Math (Level 5)

Financial Aid

Financial Aid Services

Your decision to attend college is an important one. It's an investment in your future and involves a considerable commitment of time and money. Daytona State College provides a wide variety of quality educational programs at reasonable costs.

Financial Aid is available to help eligible students meet educational expenses. This aid is provided through the federal government, state government, directly from the College, or through private sources and may consist of grants, scholarships, loans or work.

The Office of Financial Aid Services assists over 12,000 students a year and distributes over $60 million through a variety of Federal, State and local programs in various grants, loans, scholarships and work, including Bright Futures and Veterans benefits.

Applying for financial aid is not as complicated as you might think. The important thing to remember is to take it one step at a time and plan in advance!

The first step in applying for all forms of financial aid is to complete the Free Application for Federal Student Aid (FAFSA). This form is available online, and the quickest way to apply is to visit the website www.fafsa.gov. You must list the Daytona State College federal school code on the application, which is 001475.

The processed document, called a Student Aid Report (SAR), is electronically sent to the Daytona State Office of Financial Aid Services and constitutes the application for all student financial assistance. When the SAR is received, the Financial Aid Office will post any outstanding verification documents and other necessary forms on the portal for the applicant (on the Daytona State College home page, click on the MyDaytonaState link to access the portal). Any outstanding documents must be returned to the Office of Financial Aid Services as soon as possible. Many of these outstanding documents can be completed on-line and electronically sent to the Financial Aid Services Office.

The financial aid process can be lengthy; you should allow at least 4-6 weeks prior to your enrollment for all paperwork to be finalized. When the process is complete, you will receive an email at your Daytona State email address on how to access your financial aid award on the MyDaytonaState portal (on the Daytona State home page, click on the MyDaytonaState link). Late applicants will have their applications considered for an award on a rolling basis.

Financial Aid specialists and counselors are available to assist students Monday through Friday in the Daytona campus office, and also at the regional campuses on a convenient basis.

The main office address is:
Daytona Beach Campus
Building 100, Room 104
1200 W. International Speedway Blvd
Daytona Beach, FL 32114
Phone: (386) 506-3015
Fax: (386) 506-4442
Email: financialaid@DaytonaState.edu
Office Hours:
Monday-Thursday: 8 a.m. - 6:30 p.m.
Friday: 8 a.m. - 5 p.m. (During summer hours, Friday 8 a.m. – 12 p.m.)

Daytona State College Foundation

Scholarships

Since 1974, the Daytona State College Foundation has provided financial assistance to students as well as funding for faculty and program support. It helps to fill the critical needs that are beyond the scope of the College's budget. Each year the Foundation awards hundreds of scholarships to Daytona State College students. Scholarships may be awarded based on need, academic merit, or other criteria. The Foundation embraces the concept of the college mission as adopted by the District Board of Trustees. Management of Foundation affairs is vested with a self-perpetuating Board of Directors from the community that the College serves.

Daytona State College Foundation scholarships are usually announced at the beginning of the fall, spring, and summer semesters. When available, the scholarship list and online application process can be obtained at Daytonastate.edu/scholarships or at the Financial Aid Services Office located on the Daytona Beach Campus in the Wetherell Student Services Building (Building 100, Room. 104).

For additional scholarship information, please call (386) 506-3370.

Financial Aid Eligibility Requirements

In general, to be considered eligible to apply for financial aid a student must:
1. Be a United States citizen or an eligible non-citizen.
2. Be enrolled as at least a half-time student. (Half-time enrollment is a minimum of six credits in coursework leading to a degree or certificate, and therefore excludes
Audited classes.) Fall or spring semester enrollment in a program of study abroad that has been approved by Daytona State College will be considered enrolled at Daytona State for the purpose of applying for federal aid.

3. Be accepted at Daytona State as a "regular" student, defined as one who is pursuing an AA, AS, BAS, or BS degree, or an approved college credit or vocational certificate.

4. Be enrolled in an eligible program of study, and be enrolled in courses required by that program. Eligible programs are post-secondary programs which lead to an AA, AS, BAS, or BS degree, or an approved college credit or vocational certificate.

5. Be making progress toward completion of courses of study in compliance with Financial Aid Standards of Satisfactory Academic Progress.

6. Not be in default on a loan or owe a repayment on any previous federal or state grant received.

7. Be registered with the Selective Service, if required to do so.

8. Have a standard high school diploma or GED®. (The official high school transcript or official GED® transcript must be submitted to the Admissions Office. Please check with the Admissions Office regarding the requirements to submit the official high school or GED® transcript.)

9. Have a valid Social Security number.

10. Sign a statement of educational purpose and a certification statement on overpayment and default. (Both statements are included on the Free Application for Federal Student Aid [FAFSA].)

11. Have financial need, except for some loan programs.

How are Awards Disbursed?

Eligible financial aid recipients may register for classes and defer tuition and fees against the scholarship or grant amount indicated on the financial aid award on the portal for the applicable semester. If the scholarship or grant is more than the total amount of tuition and fees, the remainder may be used for other educational expenses. A refund for the remainder of the award(s) will not be available until after the refund period has passed, enrollment verification has been completed, and the census date has passed each semester. If, after receiving a refund, a student's class is canceled or changed to an audit or the student is dropped from a class, the student will owe back a portion of the refund applicable to the change in enrollment.

Each registered student will be sent a Refund Selection Kit in the mail at the current address on file with the College 7-10 business days after the first registration for college credit or clock hour courses. This will allow you to select a refund preference. Daytona State College has partnered with BankMobile, and all refunds are disbursed by BankMobile. For more information on the DSC BankMobile disbursements, go to daytonastate.edu/studentaccounts/BankMobileDisbursements.html.

Refunds are applicable to scholarships, grants, Federal Direct Loans, and Federal Direct Parent PLUS Loans.

Please Note: Institutional fee waivers are issued for tuition only and may not be used for other educational expenses. Any funds not used as tuition will not be refunded to the student. A Federal Work-Study award cannot be used to charge fees.

Federal Direct Loans and Federal Direct Parent PLUS Loans are disbursed electronically directly to the student's account. Please note, per federal regulations, the earliest date a loan may be disbursed to a student who has not completed a minimum of 30 credits in his or her current course of study at Daytona State is 30 days after the first day of classes. Additionally, all first-time borrowers at Daytona State must complete loan entrance counseling before their loan proceeds may be disbursed. Loan entrance counseling can be completed online at Studentloans.gov.

A student attending both fall and spring semesters will receive one disbursement of one-half of the total loan proceeds per semester (as long as a minimum of half-time [six credits] enrollment is maintained). A student attending one semester (fall or spring) will receive the loan proceeds of one-half of the total loan amount in two disbursements. Per Federal regulations, the second half of the loan may not be disbursed until a minimum of one-half of the semester has elapsed. A loan disbursement will not be made after a student ceases to be enrolled in at least six credit hours.

A student's eligibility for financial aid is partially based on enrollment status as well as the start date of classes. Students should be aware that certain courses may have staggered or irregular start dates that are not the same as the beginning of the standard semester. Students enrolled in these courses are not eligible to receive financial aid funds until the classes are in progress and enrollment can be verified. [NOTE: Students in vocational credit (clock hour) programs are not eligible for the second disbursement of financial aid until the student has successfully completed the required weeks of attendance and clock hours.]

How Need is Determined

When a student applies for financial assistance by completing the Free Application for Federal Student Aid (FAFSA), the information the student reports is used in a
formula established by the U.S. Congress. The formula
determines the student's Expected Family Contribution
(EFC). This EFC is an amount that the student (and
spouse, if the student is married), or the student (and
parents, if the student is dependent) is expected to
contribute to the student's education. The EFC is subtracted
from the student's cost of attendance. A student is
considered to have financial need if the EFC is less than
the cost of attendance.

The cost of attendance is determined by Daytona State
College using rules established by the U.S. Congress. The
cost of attendance includes the student's tuition and fees
based upon the student's enrollment status. Please note that
when determining enrollment status, audited courses are
not taken into consideration since no credit toward a
degree or certificate is received.

In determining a student's eligibility for aid from the
federal financial assistance programs and from state need-
based assistance programs, Daytona State College must
first consider other aid the student is expected to receive. If
the student is eligible to receive financial aid, the student
will be sent an email at the DSC email address on how to
access your financial aid award on the MyDaytonaState
portal.

How Does a Student Apply for Financial Aid

Applying for financial aid is not as complicated as you
may think! The important thing to remember is to take it
one step at a time. The process consists of completing the
appropriate applications and submitting requested
documentation to the Financial Aid Services Office. To be
considered for financial aid at Daytona State College, a
student must do the following:

• Complete the Free Application for Federal Student Aid
  (FAFSA). Indicate that you are planning to attend
  Daytona State College on the FAFSA. Daytona State
  College's Title IV School Code is 001475. This
  application is required to determine eligibility for all
  sources of federal financial aid. (Please note, the
  accurate FAFSA results must be received by the
  Financial Aid Services Office prior to your last day of
  attendance at Daytona State.) The FAFSA is available
  on the Web at www.fafsa.gov. The FAFSA should be
  completed at least six weeks prior to the beginning of
  the semester.

• In addition, a student will be required to supply further
documentation if the student's financial aid application
is selected for verification. Verification is the required
federal process of checking the accuracy of the
information supplied on the FAFSA. Selection is based
on the guidelines set up by the U.S. Department of
Education. If selected for verification, the Financial Aid
Services Office will post on the portal any documents or
information that must be submitted (such as an IRS Tax
Transcript). This information is available on the
MyDaytonaState portal. Verification is completed when
all required documents are received and when Daytona
State College has received a valid processed FAFSA.
The valid processed FAFSA must be received while the
student is enrolled for the award year, but no later than
June 30, 2018. (Verification must be completed within
120 days after a student's last day of attendance, but not
later than June 30, 2018.)

Standards of Satisfactory Progress

Financial Aid Satisfactory Academic Progress
Policy

The following will be in effect for all periods of enrollment
following the Spring 2014 semester to meet U.S.
Department of Education regulations.

Financial Aid Satisfactory Academic Progress will be
reviewed each semester for all students. In order to
determine if a student is meeting the financial aid
satisfactory academic progress standards, all official
transcripts from any previous post-secondary school
attended are required. Students are usually notified by
FalconMail email within a week after each semester has
ended if they are not meeting the financial aid standards of
satisfactory academic progress (or after the FAFSA is
received, or after all official transcripts are received and
evaluated). Students can view their financial aid
satisfactory academic progress status (as well as the
effective semester/year for that status) on
MyDaytonaState.edu under Financial Aid Awards.

Good Standing

To be in good standing you must satisfy all of the
following elements of the policy:

1. Successful Completion Ratio: Earn 67 percent or above
   of cumulative credits attempted, combining all Daytona
   State College attempted credits and all attempted
   transfer credits added to the Daytona State College
   transcript(including all developmental/remedial credits);

2. Cumulative Grade Point Average: Earn a cumulative
   grade point average (cum GPA) of a 2.0 or above
   (including developmental college credits and transfer
   credits added to the Daytona State College transcript),
   with the exception of the BS in Education degree.
   Students in the BS in Education degree must earn a cum
   GPA of a 2.5 or above (including
   developmental/remedial college credits and all transfer
   credits added to the Daytona State College transcript);

3. Maximum Time Frame: Graduate within 150 percent of
   the normal length for the student's program, including
   all Daytona State attempted credits and all transfer
Standards of Satisfactory Academic Progress.

Academic amnesty does not apply to the financial aid received during the academic amnesty period. Financial aid (which includes grants, loans, and work-study) cannot be received once suspension occurs. An appeal of suspension is allowed, and will be approved only if the appeal is approved, the student will no longer be eligible for financial aid.

**Successful Completion Rate**

This standard requires students to successfully complete (with letter grade of A, B+, B, C+, C, D+) a minimum of 67 percent of the total number of credits attempted. For example, if you have attempted a total of 30 credits, you must successfully complete 20 credits with a cumulative grade point average of 2.0 or above. (30 credits x .67 = 20 credits successfully completed)] Attempted credits include all credits in which you are registered at the end of the add/drop period. Letter grades of F, FN, W, I, SP or IP will not be considered as credits successfully completed or earned. Students who repeat a course for any reason should be aware that each time you enroll in a course it counts as an attempt, but only one attempt is considered earned. Repeated courses will have an impact on your ability to complete your program within the required maximum time frame. (Please note: Academic amnesty does not apply to the financial aid standards of satisfactory academic progress.)

**Cumulative Grade Point Average (cum GPA)**

You are required to maintain a minimum cumulative grade point average of 2.0 (C grade). Students in the BS in Education degree must maintain a minimum cumulative grade point average of 2.5. Refer to the College catalog for more information regarding grading policies. (Please note: Academic amnesty does not apply to the financial aid standards of satisfactory academic progress.)

**Maximum Credit Review/Pace**

Under this standard, students must complete their degree or certificate within 150 percent of the program length, including all Daytona State attempted credits and all attempted transfer credits on the Daytona State College transcript. All attempted credits, including incomplete grades and repeats, are counted toward the 150 percent maximum time frame. The only exception to this are all ESL courses and non-credit courses. [For Associate degree programs, a maximum of 90 attempted credits; for Bachelor degree programs, a maximum of 180 attempted credits; for certificate programs, 150 percent of the published length of the certificate program.] (Please note: Academic amnesty does not apply to the financial aid standards of satisfactory academic progress.) Students will also be ineligible for financial aid as soon as it is determined to be mathematically not possible to graduate within the 150% timeframe, not when the 150 percent time frame is reached. If you exceed the maximum number of credits (or if it is determined to be mathematically not possible to complete your degree/program within the 150 percent time frame), students are no longer eligible to receive financial aid unless a one-time appeal is approved.

If approved for an appeal for exceeding 150 percent of the program length, it will be a one-time only appeal for the degree or certificate program for which the appeal was based. If the appeal is approved, the student would be eligible for a specific number of attempted credits, and cannot change majors (Academic Plan). Students must successfully complete all classes attempted each semester, enrolling only in classes required for the approved major. Students who do not comply with these terms will be suspended and be ineligible for financial aid. All attempted credits, including incomplete grades and repeats, are counted toward the 150 percent maximum time frame. Once the number of approved attempted credits is reached or exceeded, the student will no longer be eligible for financial aid. If the student changes to another major, degree, or certificate program and has not completed the degree or certificate program for which the appeal was approved, the student will no longer be eligible for financial aid and will not be considered for another appeal for maximum credit.

Students who change their education program or graduate and reapply to a new program must still adhere to the maximum credit policy. In other words, all of your previous Daytona State attempted credits and all attempted transfer credits will count toward the 150 percent time frame. Consideration will be given to students completing a second degree or certificate.

**Financial Aid Warning**

A student will be placed on Warning the first time the first two Good Standing requirements are not met (a student who is not meeting the requirement to graduate within 150% of the program length will be suspended). Students can continue to receive financial aid while on Warning, even though they are not in Good Standing, with the understanding that all the Good Standing criteria must be met at the end of the Warning term or they will be suspended.

**Financial Aid Suspension**

A student who is not in Good Standing after the warning period will be ineligible for financial aid (suspended). Financial aid (which includes grants, loans, and work-study) cannot be received once suspension occurs. An appeal of suspension is allowed, and will be approved only if the appeal is approved.
in the cases of a documented exceptional personal circumstance beyond the control of the student (death of an immediate family member; serious illness/injury resulting in excessive class absences; non-voluntary military activation; etc.). The first time a student is suspended and an appeal is approved for not meeting the overall completion rate and/or not earning the required cum GPA, the status will be changed to Probation. As part of the Probation process, the student is required to agree to, and sign, an Academic Plan. Students may also be required to obtain the signature of an Academic Advisor on their Academic Plan. If the terms of Probation and the Academic Plan are not met, this will result in a final suspension, and the student will be ineligible to receive financial aid.

Financial Aid Probation/Academic Plan

If the student's appeal of suspension for not meeting the overall completion rate and/or not earning the required cum GPA is approved, the status of Probation is given for the next period of enrollment for one final opportunity to demonstrate satisfactory academic progress. As part of the Probation process, the student is required to agree to an Academic Plan. Students can continue to receive financial aid while on probation and the academic plan, even though they are not in Good Standing. Students on Probation and an academic plan will be reviewed at the end of the Probation semester to determine if they have returned to Good Standing. If at the end of the Probation semester, they have not returned to Good Standing, but have met the requirements of the Academic Plan, they will continue on Probation and the Academic Plan for the subsequent semester of enrollment.

As part of probation status, students will be required to agree to, and sign, an Academic Plan as designated by the college. The requirements of the Academic Plan will vary depending on your specific academic history:

- In general, students who are approved for Probation will be required to successfully earn 100% of all future credits attempted and earn a 2.0 GPA in each subsequent semester of enrollment until they return to Good Standing.

The Office of Financial Aid will assign the appropriate Probation and Academic Plan based upon a review of each student's specific academic history. Students enrolled in Certificate programs will be assigned an Academic Plan that meets the pace requirements required by the U.S. Department of Education.

The Academic Plan will have to be signed and returned by the student prior to the reinstatement of financial aid.

Students will not be allowed to change majors while on an Academic Plan. Therefore, if a change of major is contemplated, it must be done in conjunction with the signing of the original Academic Plan.

The college reserves the right to conduct an Administrative Review on a case-by-case basis if an appeal is denied, or when a student fails to meet the requirements of Probation and the Academic Plan if there was a significant one-time unanticipated life changing event while on the Academic Plan causing the student to withdraw or fail classes during a probationary semester. Request for an Administrative Review should be sent to the Financial Aid Services Office.

Reinstatement from Suspension

Students who fail to maintain successful completion rate and/or cum GPA as outlined on their Academic Plan will be suspended from future financial aid and must return to Good Standing prior to being eligible to receive financial aid in a future semester. Based upon the number of credits attempted and grades received, this could mean a student suspended would have to pay for a year or more of classes before the student may become eligible for aid again. (Please note: Reinstatement does not pertain to the suspension for exceeding the maximum credit review, unless the student is accepted into an eligible degree or certificate program which the student has not exceeded 150% of the program length. [For example, a student has been suspended for exceeding 150% of the program length for an Associate degree. The student is now accepted into a Bachelor degree, and has not exceeded 150% of the program length for that degree.]

Repeated Courses

When repeating a course, students may receive financial aid for a course if the previous grade was an F, FN, or W. (Please note: For vocational courses, a student may not receive financial aid for repeated courses unless 180 days has passed). In addition, students may also receive financial aid for a repeated course if the initial grade earned does not meet the requirements for the program or meet the pre-requisite requirement for the next course in the sequence. Students may only receive financial aid for a repeated course one additional time once they has passed the class (grade of D or above).

Developmental/Remedial Courses

A student may receive financial aid for a maximum of 30 attempted developmental credits. After the student has attempted 30 developmental/remedial credits, any additional developmental/remedial credits taken by the student will not be included in determining the enrollment status of the student for financial aid.

Non-Credit Courses
These courses are not eligible for Title IV assistance and do not satisfy requirements of any Title IV eligible academic program. As such they are not considered in the Standards of Satisfactory Academic Progress.

Prior Baccalaureate Degree

Students who have completed a baccalaureate or professional degree from an institution, regardless of whether the institution is unaccredited or a foreign school, are not eligible for federal or state grant funds. It does not matter whether the degree is accepted or recognized by Daytona State College.

Completion Rate Chart for Successful Progression toward a Degree or Eligible Certificate by Term

The chart below demonstrates 67 percent completion rate for attempted hours in a semester. The left-hand column is the attempted hours, and the number of credits needed to be successfully completed with at least a 2.0 GPA (2.5 GPA for students in BS in Education) is in the right-hand column. For example, if you register for 11 credit hours, you must successfully complete 8 credit hours with a 2.0 GPA or higher to meet the satisfactory academic progress completion rate requirement for the semester. Both the 2.0 GPA (2.5 GPA for students in BS in Education) and completion rate of 67 percent applies to both the semester and cumulative credit hours on your transcript.

Student Employment

The Financial Aid Services Office provides employment assistance to currently enrolled Daytona State College students and provides employment verifications. The Student Employment Coordinator collaborates with faculty, staff and employers in providing federal work-study, institutional work-study, community service and other eligible work-based programs. The Financial Aid Services Office is located on the Daytona Beach Campus in the Wetherell Student Services Building (Building 100, Room 104). The Student Employment Coordinator may be reached at (386) 506-3023.

Federal Work-Study (FWS) - The Federal Work-Study program is a federally-funded, need-based employment program available to Daytona State students. Eligibility is based on the student's financial need as determined by the Free Application for Federal Student Aid (FAFSA). Jobs are located at all of the college's campuses.

Community Service (FWS) - Community service Federal Work-Study is a federally-funded, need-based employment program available to Daytona State students. Eligibility is based on the student's financial need as determined by the FAFSA. These jobs can be located on or off campus.

Community Service "Tutors" (FWS) - Community service is a federally-funded, need-based employment program available to Daytona State students. Students work as reading or math tutors. The tutors assist children to develop reading or mathematics skills. Such skills are necessary for the children's education and for future employment. Eligibility is based on the student's financial need as determined by the FAFSA. These jobs can be located on or off campus.

Institutional Work-Study (IWS) - The Institutional Work-Study program is funded by Daytona State. Eligibility is not based on financial need. These jobs are located on campus, and funds are limited.

Florida Work Experience Program (FWEP) - The Florida Work Experience Program is a need-based program funded by the state of Florida. The purpose of the program is to introduce eligible students to work experience that will complement and reinforce their educational program and career goals, and provide a self-help student aid program. Eligibility is based on the student's financial need as determined by the FAFSA. Students must enroll for a minimum of six credit hours and meet Florida's residency requirement. Participating in the Florida Work Experience Program is an initial stepping-
stone to building your employment history. These jobs can be located on or off campus.

Rights and Responsibilities of Financial Aid Recipients

As consumers, students have a right to:

• Be informed of the correct procedures for applying for aid, cost of attendance, types of aid available, how financial need is determined, criteria for awarding aid, how academic progress is determined, and what must be done to continue receiving aid;
• Be informed of the type and amount of assistance the student will receive, and how and when the student will receive the aid;
• View the contents of the student's financial aid file, in accordance with the Family Educational Rights and Privacy Act;
• Know the conditions of any loan.

It is the student's responsibility to:

• Complete application materials correctly and submit them on time;
• Read all materials sent from the Financial Aid Services Office and all agencies awarding aid; read, understand and keep copies of all forms the student signs;
• Know and comply with the rules governing the aid received;
• Provide additional documentation, verification, corrections, and/or any new information the Financial Aid Services Office requests;
• Comply with the provisions of any promissory note and all other agreements signed;
• Use financial aid only for expenses related to attending the College;
• Maintain satisfactory academic progress;
• Notify the Financial Aid Services Office of any resources not considered during the original need analysis and aid not listed on the award letter;
• Keep local and permanent addresses current at the Records Office.

Federal Requirements Relating to Financial Aid

This policy applies only to students who receive Federal student financial assistance under Title IV of the Higher Education Act. Types of assistance are the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Teacher Education Assistance for College and Higher Education Grant (TEACH), Iraq Afghanistan Service Grant, Federal Direct Loan (subsidized and unsubsidized), and Federal Direct Parent PLUS Loan. A student who withdrawals from or stops attending courses (considered an unofficial withdrawal) prior to completion of more than 60 percent of the semester will be required to repay all or a percentage of the federal aid received. If a student plans to attend both the A term and the B term, and withdraws from all classes in the A term or withdraws from all classes in the B term, he/she may be required to repay all or a percentage of the federal aid received. For example: A student who withdraws from all A term classes prior to completion of more than 60 percent of that term, and is registered for B term classes, must confirm in writing at the time of withdrawal from the A term that he/she does intend to enroll in the B term classes. If the student does not submit this written confirmation of the intent to enroll in the B term classes at the time of withdrawal from the A term, the student will be considered withdrawn for financial aid purposes, and the student may be required to repay all or a percentage of the federal aid received. (Also, if the student completes all classes from the A term, but withdraws (or drops) from all classes from the B term, the student will also be considered withdrawn for financial aid purposes, and the student may be required to repay all or a percentage of the federal aid received.)

This may result in the student owing a balance to the College and/or the federal government. These funds are returned in a specific order until each program is reimbursed up to 100 percent of the amount received by the student for that term. The distribution order for the return of funds is as follows:

• Federal Direct Unsubsidized Loan
• Federal Direct Subsidized Loan
• Federal Direct Parent PLUS Loan
• Federal Pell Grant
• Federal SEOG
• Federal TEACH Grant
• Iraq Afghanistan Service Grant

If determined by the calculation, the student must repay the portion of the original grant overpayment that is in excess of half of the total Title IV grant funds that he/she received or could have received. The student does not have to repay grant overpayments of $50 or less per program. Any repayment of Title IV loans is to be repaid under the conditions of the existing promissory note. A student who owes a grant repayment remains ineligible for further Title IV financial aid until the grant is repaid, unless the student and the U.S. Department of Education agree on a satisfactory repayment arrangement. The U.S. Department of Education allows a student to retain eligibility for 45 days from the date that the institution sends the repayment notification to the student. After 45 days, the student will either have to pay the overpayment in full or make satisfactory arrangements with the U.S. Department of Education to repay the overpayment to retain eligibility for Title IV financial aid.
Unpaid balances will result in a hold on the student's records, diplomas, transcripts, and future registration activity. Furthermore, these debts may be referred to an outside collection agency and to appropriate credit bureaus. Resulting collection costs will be added to the original debt and the student must pay these costs, as well as attorney's fees, if applicable.

Please contact the Financial Aid Services Office at 386-506-3015 or email us at financialaid@DaytonaState.edu if you have any questions regarding financial aid.

Types of Financial Aid

Financial aid is available in the form of grants, scholarships, work-study, and loans. Grants are usually based on financial need and do not have to be repaid. Scholarships are usually awarded for academic merit or achievement and do not have to be repaid. Work-study positions are jobs that enable students to earn funds to assist with educational expenses. Loans usually must be repaid in cash. Student loan programs have varying rates and repayment provisions.

The Free Application for Federal Student Aid (FAFSA) must be completed to apply for all need-based federal, state, and institutional sources of financial aid.

In general, students must be enrolled at least half-time to receive financial aid. However, some aid programs require students to enroll in and maintain full-time status. The following are the major financial aid programs that Daytona State's Financial Aid Services Office administers:

A. Grants

Federal Pell Grant - Funded by the federal government, this need-based grant is designated for undergraduate students working toward a first bachelor's degree. The amount of grant a student is eligible to receive is determined by the cost of attendance, the Expected Family Contribution (EFC), the length of the program of study and the student's enrollment status. The cost of attendance includes such items as tuition, fees, books and supplies. The EFC is derived from the information supplied by the student on the FAFSA. Eligible students enrolled in a program of study that is less than 30 weeks per academic year (fall and spring semesters) will receive a prorated Pell award. Eligible students enrolled in a program of study that is less than 24 college credits or less than 30 vocational credits (900 clock hours) per academic year (fall and spring semesters) will receive a prorated Pell award. For Pell Grant awarding purposes (applicable to college credits), 12 college credits per semester is considered full-time enrollment; 9-11 college credits per semester is considered three-quarter time enrollment; 6-8 college credits per semester is considered half-time enrollment; and 1-5 college credits per semester is considered less than half-time enrollment. Pell Grants range from $598-$5,815 for full-time attendance during an academic year. (For Pell Grant purposes, an academic year consists of 30 weeks during which a student may complete 24 college credits or 30 vocational credits [900 clock hours]). The maximum time frame that a student would be eligible to receive a Federal Pell Grant is 12 semesters of full-time enrollment (600 percent). Students taking pre-requisite courses are not eligible for Pell Grants.

Federal Supplemental Educational Opportunity Grant (FSEOG) - Funded by the federal government, this need-based grant is designated for undergraduate students working toward a first bachelor's degree. Eligibility is based on exceptional financial need. Funds are limited.

Florida Student Assistance Grant (FSAG) - Funded by the state, this need-based grant is designed for eligible Florida residents enrolled in college credit degree programs working toward a first bachelor degree. Award levels are based on state appropriations and vary each year. Specific renewal requirements must be met. Funds are limited.

Renewal Requirements for FSAG

- Must have a 2.0 cumulative GPA. (Only college credit courses are calculated in the GPA; remedial classes are excluded.)
- Full-time students must have successfully completed 12 credit hours for each semester for which an award was received;
- Three-quarter time students must have successfully completed nine credit hours for each semester for which an award was received;
- Half-time students must have successfully completed six credit hours for each semester for which an award was received;
- May receive an award of up to nine semesters within a period of six consecutive years after receipt of the first FSAG award.

Daytona State Need Grant - Funded by the College, this need-based grant is designated for undergraduate students who have not previously completed a baccalaureate or professional degree and who are pursuing the AA, AS, BAS or BS degree or eligible college credit certificate programs. [Due to extenuating circumstances, an exception may be made to award the Daytona State Need Grant to a student who has completed a baccalaureate or professional degree.] Eligibility is based on financial need. The maximum grant per semester is usually $1,000. Funds are limited.

Daytona State Vocational Need Grant - Funded by the College, this need-based grant is designated for undergraduate students who have not previously completed a baccalaureate or professional degree and who are...
enrolled in an eligible post-secondary adult vocational certificate program. Eligibility is based on financial need. The maximum grant per semester is usually $1,000. [Due to extenuating circumstances, an exception may be made to award the Daytona State Need Grant to a student who has completed a baccalaureate or professional degree.] Funds are limited.

**Federal Teacher Education Assistance for College and Higher Education (TEACH) Grant** - Funded by the Federal Government, this grant is for undergraduate students in the B.S. in Education degree in a high need field such as Bilingual Education and English Language Acquisition, Foreign Language, Mathematics, Reading Specialist, Science, Special Education, and other identified teacher shortage areas. Students must have at least a 3.25 cumulative grade point average. The maximum grant per semester is up to $2,000 for full-time attendance. Due to sequestration, the award amount may be reduced. In exchange for receiving a TEACH Grant, the student must agree to serve as a full-time teacher in a high-need field in a public or private elementary or secondary school that serves low-income students. The student must teach for at least four academic years within eight calendar years of completing the program of study for which he/she received a TEACH Grant. If the student fails to complete this service obligation, all amounts of TEACH Grants that were received will be converted to a Federal Direct Unsubsidized Loan. The student must then repay this loan to the U.S. Department of Education. The student will be charged interest from the date the grant was disbursed. For more information, please visit the website.

**Iraq and Afghanistan Service Grant** – Funded by the Federal Government, this grant is for undergraduate students who have not previously completed a baccalaureate or professional degree, and are not eligible for a Federal Pell Grant based on the Expected Family Contribution. To be eligible for the grant, the parent or guardian of the student was a member of the U.S. armed forces and died as a result of military service performed in Iraq or Afghanistan after the events of 9/11, and the student was under 24 years old or enrolled in college at least part-time at the time of the parent's or guardian's death. The grant is equal to the amount of a maximum Pell Grant for the award year, but cannot exceed the cost of attendance for that award year. Due to sequestration, the award amount may be reduced.

**B. Scholarships**

**Air Force Scholarships** - ROTC - The USAF offers ROTC academic scholarships to students who meet specific requirements. These scholarships cover the cost of tuition and books, and up to a $500 cash monthly stipend. For more information contact AF ROTC, Embry-Riddle Aeronautical University, 600 S. Clyde Morris Boulevard, Daytona Beach, Florida 32114-3900 or call (386) 226-6880.

**Athletic Scholarships** - Daytona State offers a limited number of scholarships to students who are participating in specified activities through the Athletic Department. Students must enroll full-time in a program leading to an AA, AS, BAS, or BS degree, and follow the Standards of Progress. Students are strongly encouraged to complete the FAFSA. The Athletic Department determines which students are eligible for the scholarship. The amount of the scholarship varies each year.

**Cultural Arts Scholarships** - These scholarships will pay a portion of a student's tuition for classes in the areas of music, drama, or dance. Scholarships are awarded on a semester-by-semester basis, pending availability of funds. The performing arts department determines which students are eligible. The amount varies each year. Funds are limited.

**SGA Scholarship** - Daytona State offers a limited number of scholarships to students who are participating in the Student Government Association. Students are strongly encouraged to complete the FAFSA. The Assistant Dean of Student Activities determines which students are eligible for the scholarship. The scholarship amount varies with each position. Funds are limited.

**Publication Scholarship** - Daytona State offers a limited number of scholarships to students who are participating in student publications. Students are strongly encouraged to complete the FAFSA. The Assistant Dean of Student Activities determines which students are eligible for the scholarship. The scholarship amount varies with each position. Funds are limited.

**Activities Scholarship** - Daytona State may offer a limited number of scholarships to students who are participating in cheerleading. The Assistant Dean of Student Activities determines which students are eligible for the scholarship. The scholarship amount varies. Funds are limited.

**Florida Bright Futures Scholarship Program** - Funded by the Florida Lottery, scholarships are awarded to Florida high school graduates who demonstrate high academic achievement. This scholarship program has three award levels - the Florida Academic Scholars Award, the Florida Medallion Scholars Award, and the Florida Gold Seal Vocational Scholars Award. Applications, application deadlines and eligibility criteria are available from high school guidance counselors. The amount of the Bright Futures Scholarship is determined each year by the Florida Legislature. Students must be enrolled in a minimum of six college credits for fall and/or spring. Specific renewal requirements must be met.
**Daytona State College Foundation Scholarships** - The Daytona State College Foundation provides scholarships to students who might otherwise not be able to afford a college education. The Foundation offers scholarships that have been established by outside donors. Listings of these scholarships, with their own specific criteria as established by the donors, are available each semester and are posted on the Daytona State Financial Aid website, (daytonastate.edu/finaid/), as is the on-line scholarship application process. Please contact the Financial Aid Office at (386) 506-3370 for additional information on Foundation scholarships.

**Other State of Florida Programs** - Additional scholarship programs such as Rosewood Scholarship and Scholarships for Spouses/Children of Deceased/Disabled Veterans are available. Students should contact their high school guidance counselors or the Florida Office of Student Financial Assistance for criteria, applications and deadlines.

**C. Work**

**Federal Work-Study (FWS)** - The FWS program provides part-time employment to students who have financial need. Students are paid an hourly rate and are placed in jobs on campus or in community service jobs off campus. Work schedules are arranged around the student's class schedule. Students work an average of 20 hours per week. Funds are limited. For student employment opportunities...Click here!

**Institutional Work-Study (IWS)** - Daytona State's IWS program provides part-time employment to students. Students are paid an hourly rate and are placed in jobs working on campus. Work schedules are arranged around the student's class schedule. Students work an average of 20 hours per week. Eligibility is not based on need. Funds are limited. For student employment opportunities...Click here!

**Florida Work Experience Program (FWEP)** - The Florida Work Experience Program provides eligible Florida students the opportunity to secure part-time work experiences, which are complementary to and reinforce their educational program and career goals. Specific GPA and earned credit hour requirements must be met. FWEP is awarded to students demonstrating need. Funds are limited. Specific renewal requirements must be met. Funds are limited.

**D. Direct Loans**

Loans usually must be repaid in cash. It is important that students budget their money effectively and borrow responsibly. Student loan programs have varying rates and repayment provisions. Loan payments to students are made in two disbursements. A student attending for the academic year (fall and spring semesters) will receive the loan proceeds of one-half of the total loan amount in two disbursements (one disbursement in the fall and one disbursement in the spring). A student attending one semester (fall or spring) will receive the loan proceeds of one-half of the total loan amount in two disbursements in that one semester. Per Federal regulations, the second half of the loan may not be disbursed until a minimum of one-half of the semester has elapsed. [NOTE: Students in vocational credit (clock hour) programs are not eligible for the second disbursement until the student has successfully completed the required weeks of attendance and clock hours.] A loan disbursement will not be made after a student ceases to be enrolled in at least six credit hours. A student must submit a Direct Loan Request Form to the Financial Aid Services Office to request a subsidized/unsubsidized loan.

The loans available at Daytona State are listed below:

**Federal Direct Subsidized Loan** – Federal Direct Subsidized Loans are made by Department of Education and eligibility is based on financial need. The loan's interest rate is 3.76% percent for loans first disbursed on or after July 1, 2016 and before July 1, 2017. Students must be enrolled in an eligible program at least half-time, and enrolled in courses required by that program. First-year students may be eligible to borrow up to an annual maximum of $3,500. Students who have successfully completed their first year (30 earned college credits) may borrow up to an annual maximum of $4,500.* The maximum loan amount will be reduced utilizing a proportional pro-ration for those academic programs less than 24 college credits or 30 vocational credits (900 clock hours) and/or 30 weeks per academic year (fall and spring semesters). There is a 1.069% origination fee which will be deducted from the gross amount of the loans disbursed on or after October 1, 2016 and before October 1, 2017. Loan repayments generally begin six months after the student graduates, leaves school, or drops below half-time enrollment.

*BAS or BS students admitted at the junior or senior status to the program may borrow up to the annual maximum of $5,500.

**IMPORTANT INFORMATION FOR FIRST-TIME BORROWERS:**

Beginning with the 2015-2016 academic year, the Moving Ahead for Progress in the 21st Century Act established a time limit on Direct Subsidized Loan eligibility for first-time borrowers. A first-time borrower is a student who has no outstanding balance of principal or interest on a Direct Loan or FFEL (Federal Family Education Loan) as of July 1, 2014, or the date the borrower obtains a Direct Loan after July 1, 2014.
First-time borrowers will no longer be eligible for a Direct Subsidized Loan once the student has received the Direct Subsidized Loan for a period that is 150 percent of the published length of the student's current educational program (as determined by years). Below are examples of the 150-percent maximum eligibility periods for Daytona State College degree and certificate programs:

<table>
<thead>
<tr>
<th>Program Length</th>
<th>Maximum Eligibility Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>4-year bachelor degrees</td>
<td>X 6.0 years 1.5</td>
</tr>
<tr>
<td>2-year associate degrees</td>
<td>X 3.0 years 1.5</td>
</tr>
<tr>
<td>1-year certificate programs</td>
<td>X 1.5 years 1.5</td>
</tr>
</tbody>
</table>

A first-time borrower who loses eligibility for additional subsidized loans as a result of reaching the maximum eligibility period also loses the interest subsidy on subsidized loans received on or after July 1, 2014 for all periods if the student did not complete the program and continues enrollment in the same program or enrolls in another program of the same or shorter length. The loss of the interest subsidy would be effective on the date of the continued or new enrollment.

Please Note: The determination of the 150-percent limit on Direct Subsidized Loan eligibility is not the same as the financial aid standards of satisfactory academic progress maximum time frame of 150 percent for completion of a degree or certificate program. The financial aid standards of satisfactory academic progress maximum time frame is based on 150 percent of the program length as determined by total attempted credits.

**Federal Direct Unsubsidized Loans** – Federal Direct Unsubsidized Loans are available for students who do not qualify, in whole or in part, for Federal Direct Subsidized Loans. Students must be enrolled in an eligible program at least half-time, and enrolled in courses required by that program. The loan's interest rate is 3.76% for loans first disbursed on or after July 1, 2016 and before July 1, 2017. There is a 1.069% origination fee which will be deducted from the gross amount of the loans disbursed on or after October 1, 2016 and before October 1, 2017.

A first-time borrower who loses eligibility for additional unsubsidized loans as a result of reaching the maximum eligibility period also loses the interest subsidy on unsubsidized loans received on or after July 1, 2014 for all periods if the student did not complete the program and continues enrollment in the same program or enrolls in another program of the same or shorter length. The loss of the interest subsidy would be effective on the date of the continued or new enrollment.

**Federal Direct Plus Loans** – Federal Parent Direct PLUS Loans enable parents with good credit histories to borrow for educational expenses of their dependent children. Students must be enrolled in an eligible program at least half time, and enrolled in courses required by that program. The interest rate is 6.31% for loans first disbursed on or after July 1, 2016 and before October 1, 2017. Parent PLUS borrowers may borrow up to the cost of education minus any estimated financial assistance the student has been, or will be, awarded for the period of enrollment. Borrowers generally must begin repayment on the loans within 60 days after the funds are disbursed. The borrower may request a deferment of repayment if the student is enrolled at least half full time.

Please Note: When a student accepts a loan as part of his/her award, the student must understand that he/she is incurring a serious financial obligation. The student must repay the loan in full, along with all interest and additional fees (collection, legal, etc.). It is very important that the student realize that loan payments must be made in the future to satisfy this obligation. Students who want to borrow on a Federal Direct Loan while at Daytona State College will be required to complete loan entrance counseling and loan exit counseling to review repayment obligations.

To apply for a federal Direct Subsidized/Unsubsidized Loan, the student must first complete a FAFSA. After the student receives a financial aid award, the student can submit a Direct Loan Request Form to the Financial Aid Services Office to request a subsidized/unsubsidized loan. Allow approximately four to six weeks from the initial date of completion of the Direct Loan Request form for processing of the loan to be completed.

Before borrowing under one or more of the Direct Loan Programs, always investigate the possibility of scholarship assistance.

Award amounts and program availability may be subject to change after this information is printed based on federal and state appropriations.

**Typical Costs Associated with Attending Daytona State College**
Most individuals calculate the cost of a college education by the amount of tuition and fees charged plus the cost of books and supplies. These are direct educational expenses. There are, however, indirect educational expenses, such as personal and transportation expenses, for which students will need to budget. Below are charts illustrating examples of both in-state and out-of-state budgets for full-time college credit and vocational credit students for one academic year (Fall and Spring Semesters). These costs are tentative until District Board of Trustees approval.

**College Credit**

Please note—Tuition for in-state Bachelor students: $2,888*; out-of state Bachelor: $14,960*

Some programs of study have additional costs. Please refer to the Program Descriptions.

Please note: Daytona State College does not provide residence halls.

*Based on 2016-2017 rates.

**Veterans Affairs**

**Veterans and Others Applying for Veterans Administration Educational Assistance**

Daytona State College is an approved institution for veterans training. Veterans eligible for Veterans Administration (VA) benefits must be certified through the college's Veterans Services Office to receive educational benefits. Eligible veterans must also meet Daytona State admission requirements. Application for VA benefits should be started as soon as possible, as approval of benefits can take as long as 90 days. Course approval and certification are required each semester through the Daytona State Veterans Services Office.

**Non-VA Financial Aid**

The veteran/dependent student is also eligible to apply for any other financial aid available to the general campus population. This financial aid includes loans, grants, scholarships and student employment. The Free Application for Federal Financial Aid (FAFSA) is used to determine financial need for all forms of federal aid, as well as most scholarships. You can apply for federal aid at fafsa.gov.

**VA Contacts**

If you are or wish to inquire about receiving veterans benefits, please visit the Veterans Center website at
daytonastate.edu/admsvet for further information about eligibility of benefits. The Veterans Certifying Officer is located in the Veterans Center (Daytona Beach Campus, Building 130, Room 124). Veterans Certifying Officer Lisa Randel can be reached at 386-506-3545 and Veteran Center Coordinator Robert Forman can be reached at 386-506-3065.

For additional information or questions, contact the Department of Veterans Affairs Regional Office at 1-888-442-4551 or email http://benefits.va.gov/gibill/.

What Determines Dependency

When a student applies for federal student aid, the answers to certain questions will determine whether the student is considered dependent on their parents or whether the student is considered independent. A dependent student must report the parents' income and assets as well as the student's income and assets. An independent student must report only the student's own income and assets (and those of the student's spouse, if married).

A student is considered independent if at least one of the following applies to the student:

- the student was born before January 1, 1994;
- the student is married;
- the student has children or legal dependent(s) (other than a spouse) who receive more than half of their support from the student;
- at any time since the student turned age 13, both of the student's parents are deceased, the student was in foster care, or the student was a ward of the court;
- the student is currently serving on active duty in the U.S. Armed Forces for purposes other than training;
- the student is a veteran of the U.S. Armed Forces;
- the student is an emancipated minor as determined by a court in the student's state of legal residence;
- the student is in legal guardianship as determined by a court in the student's state of legal residence;
- at any time on or after July 1, 2016, the student's high school or school district homeless liaison, or director of an emergency shelter or transitional housing program funded by the U.S. Department of Housing and Urban Development, determined that the student was an unaccompanied youth who was homeless; or
- at any time on or after July 1, 2016, the director of a runaway or homeless youth basic center or transitional living program determined that the student was an unaccompanied youth who was homeless or was self-supporting and at risk of being homeless.

If a student cannot answer "yes" to one of the above questions, the student is dependent and parental information must be reported.

What is Financial Aid?

Financial aid is the assistance available to help a student meet educational expenses. This assistance is provided by federal, state, institutional, or private sources and may consist of grants, scholarships, loans or work. Qualified students may be offered combinations of the various types of aid or aid from a single source. Most forms of aid are based on an individual's financial need, college costs, enrollment status, and the availability of funds.

Records

Academic Standards of Progress

The college graduation requirement states a student must have earned 2.0 cumulative GPA and a 2.0 GPA for Daytona State College classes. Therefore, students have this minimum GPA requirement as a goal throughout their enrollment, and the plan outlined below outlines the process for informing, advising, and counseling students who fall below this minimum threshold.

For the Satisfactory Academic Progress policy described below, the term "cumulative GPA" is defined to mean either the cumulative GPA or the Daytona State College GPA, because both must be met to meet the graduation criteria.

Academic Alert

The first time a student's cumulative GPA falls below 2.0 will be considered to be on Academic Alert. Each student will be contacted by email and/or phone by an academic advisor or faculty mentor to discuss issues with course work and why student was unsuccessful. After completing the Alert semester, a student whose term GPA is below a 2.0, will be placed on Academic Warning and notified. A student who earns a term GPA greater than 2.0 while on Academic Alert, but is still less that a 2.0 cumulative GPA, will remain on Academic Alert.

Academic Warning

A student is considered to be on academic warning when either the term GPA while on Academic Alert, or the cumulative GPA is below 2.0 after completing an Academic Alert semester. A student on academic warning will have an advising hold placed on the student's record and is required to speak to an academic advisor to develop an academic plan to ensure the student works toward good standing good standing. A student on Academic Warning will remain on Academic Warning until the cumulative GPA reaches 2.0 when the student is returned to good standing. After completing the Academic Warning semester, if the student's term GPA is below a 2.0, the
student is placed on probation and notified at the end of the term.

**Probation**

A student is considered on probation when either the term GPA or cumulative GPA is below 2.0 and they had a previous academic warning classification in which they were not successful in returning to good academic standing. A student is informed of the probation classification at the end of the term. A student on academic probation will have an advising hold placed on the student's record and is required to speak to an academic advisor to develop an intervention strategy that would assist them in meeting individualized educational goals. Required strategies will include but are not limited to:

1. Repeating all courses where the final grade of "D" or "F" has been earned and/or
2. Enrolling in fewer courses than past attempts in a given term.

A student will be removed from academic probation and returned to good standing when his/her cumulative GPA is a 2.0 or higher. A student will return to Academic Warning status if his/her term GPA is a 2.0 or higher but the cumulative GPA is still below a 2.0. If while on probation, the student fails to earn a 2.0 term GPA, the student's status will be changed to academic suspension.

**Academic Suspension**

Students placed on suspension will be required to stop enrollment for one major semester (Spring or Fall). A student will be allowed to appeal a suspension based upon extraordinary, one-time events during their probationary semester that should not affect academic success in the future.

If a suspended student wishes to return, he/she may submit an appeal to the Records Office requesting reinstatement. The appeal should explain what factors prevented the student from succeeding earlier and how those factors will no longer interfere with the student's progress. If the appeal is granted, the student also is required to meet with the advisor who initially approved the student's probation status to review and once again develop a prescriptive program before the student is allowed to register. The returning student will still be on probation and his/her status will be reviewed again at the end of the semester. If the student does not earn a 2.0 term GPA in their return, completing all classes attempted, the suspension will be reinstated.

**Academic Second Chance Policy**

The Academic Second Chance program is an “amnesty” program that provides a benefit to students who are returning to the college, or transferring to Daytona State, when their prior educational experience has not been totally satisfactory.

The Second Chance Program does not apply once a certificate or a degree (associate or bachelor's) has been earned. The program will only apply to additional courses taken toward a subsequent degree. The Academic Second Chance Program can only be used once in a lifetime.

All courses remain on the transcript, except from new transfer students. Students planning to transfer to another college or university are cautioned that the receiving institution may use all original grades earned when computing a GPA for admissions eligibility or for other purposes.

If a student has earned a certificate and subsequently takes additional courses toward an associate degree, only the new courses taken would be applicable to this policy. The same applies to students who return for a second associate degree. Grades for courses that qualify for this amnesty program will be remain on the transcript and the code “AMN” is added to indicate the amnesty was applied. The following statement will be added to the student’s course on the transcript when the petition is approved: “Academic Amnesty.” The transcript legend will indicate the “AM” grade original grade of “F” excluded from GPA calculation upon Second Chance Amnesty Appeal approval.

Courses that receive amnesty will still count for the Financial Aid Satisfactory Progress Policy with regard to attempted/earned credits. Academic Second Chance has no effect on the student’s financial aid award history. It also has no effect on the calculation of course attempts related to the multiple course attempts surcharge.

**A. Academic Second Chance Policy – Daytona State College Returning Students**

The Academic Second Chance Program allows former students of Daytona State College who return to college after a three calendar year break in higher education enrollment to have coursework with a grade of “F” be excluded from Daytona State College GPA calculations once their appeal is approved.

Requirements:

- Return to Daytona State after a minimum of a three-year break in higher education enrollment.
- Complete 12 credits, completing all courses attempted (college preparatory courses are not counted).
- Earn a “C” or higher in all courses attempted.
- Submit a petition to the Records Office for review. (If a student petitions after completing more than 12 credits, all credits attempted must have been completed with a 2.0 GPA to be considered for amnesty.)
Students who are repeating courses with grades of "F" will still use the current grade forgiveness policy that uses the highest grade when calculating GPA.

**B. Academic Second Chance Policy – Daytona State College Current Students**

Many times students are unsure of their career goals, or may attempt courses and programs not suited to their academic skills. For students who are successful after a career/program change, the Academic Second Chance Policy permits a student to select up to three grades of “F” earned previously in required courses (not electives or General Education courses) in the prior major, to be marked “AMN” and not counted in the GPA. To take advantage of this provision the student must have earned 50% of the credits toward their new program.

For example:
- AA students changing to AS where the amnesty courses are not required in the new program.
- AS students changing to AA where the amnesty courses are not required in the new program.
- AS students changing to another AS where the courses are not required in the new program.

**C. Academic Second Chance Policy – Daytona State College Transfer Students**

New students transferring to Daytona State College will automatically take advantage of the Academic Second Chance Policy for Transfer Students. The college will not transfer grades of “F” and “W” onto the Daytona State College transcript. This policy does not apply to students who were enrolled at the college prior to fall 2009. The college will continue to require the receipt of all prior college transcripts, even if no credits are to be awarded in transfer.

**Student Caution:**

Students must clearly understand that other colleges may not use the Daytona State College GPA for transfer purposes if any type of grade amnesty has been applied.

**Continuous Enrollment Requirement for Graduation**

**Graduation Requirements**

Students typically follow the degree requirements as listed in the catalog for the year in which they began enrollment as a degree seeking student. If a student misses two or more consecutive major semesters (fall or spring) a student must be readmitted to the college and their catalog year will be updated for advising and graduation purposes. However, students may request to use the graduation requirements in effect the year they originally entered the college as a degree seeking student, or any year in which they were enrolled if the requirements have changed.

**Records Maintenance and Privacy Guidelines**

The Records Office maintains permanent educational records for all students who have ever enrolled at Daytona State College. The student educational record may contain an application for admission, high school and/or college transcripts, the Daytona State College academic record or transcript, authorized changes to the record and other documentation appropriate to a student’s enrollment at the college.

**Family Educational Rights and Privacy Act (FERPA)**

FERPA is a federal law that applies to educational agencies and institutions that receive funding under a program administered by the U.S. Department of Education. The statute is found at 20 U.S.C. 1232g and the Department’s regulations are found at 34 CFR Part 99.

Under FERPA, schools must generally afford students attending a postsecondary institution access to their educational information, an opportunity to seek and have their records amended, and some control over the disclosure of information from the records.

FERPA requires the college to protect the privacy of student record information. This includes restricting access to these records, the release of records and the opportunity to challenge records should they be inaccurate, misleading or inappropriate. A peer-graded test or paper becomes an educational record when and if the grade received is used in the calculation of the final grade for the course. Educational records exclude records that are created or received by the college after the student is no longer a student in attendance and are not directly related to the student’s attendance.

No information other than the data determined to be “directory information” can be provided to a custodial parent, non-custodial parent, or other third party without the permission of the student unless very specific criteria have been met.

FERPA requires the college to establish a policy with regard to the data items that can be released to third parties upon request, and to establish the procedures for the release of such information. Students have the option of making their “file” and “data” confidential. Students choosing to have their data marked as confidential are identified in the student information system and their information is excluded from the college’s directory information. Students cannot use the “opt out” provisions of FERPA to prevent disclosure of name, institutional
email address, or other identifier in classes in which they are enrolled.

**Disclosure of Education Records**

**A school must:**
1. Have a student’s written consent prior to the disclosure of education records
2. Ensure that the consent is signed and dated and states the purpose of the disclosure

**A school may disclose education records without prior consent when:**
1. The disclosure is to school officials who have been determined to have a legitimate educational interest. For these purposes a school official is defined to include contractors, consultants and other third parties providing services and functions acting under contract with and on behalf of the college.
2. To another college when the student is seeking or intending to enroll in another college. This disclosure, upon request, could include disciplinary and health records.
3. The disclosure is to state or local education authorities auditing or enforcing federal or state supported education programs or enforcing federal laws which relate to those programs.
4. The disclosure is to the parents of a student who is a dependent for income tax purposes.
5. The disclosure is in connection with determining eligibility, amounts and terms for financial aid or enforcing the terms and conditions of financial aid.
6. The disclosure is pursuant to a lawfully issued court order or subpoena.
7. The information disclosed has been appropriately designated as directory information by the school.
8. The disclosure without consent is allowed when the school is returning records to the apparent creator (e.g. of a transcript) to verify authenticity.
9. Disclosure can be made to organizations conducting educational studies for or on behalf of the college for purposes of testing, student aid and improvement of instruction; this disclosure can also be made even in cases where the college is not a party to the research project.
10. Disclosures allowed under amendments to the federal regulations.

**Parent Access to Records**

Student records may be released to a parent (either custodial or non-custodial) of the student without the student’s prior approval only when a Daytona State College parent information request form has been completed. This form requires the requesting party to attach documentation that verifies the student was claimed as a dependent on the most recently filed IRS tax return. (Copies already supplied to the Financial Aid Office can be used.) Once this form and documentation are received, the student will be notified of the request 10 days prior to the release of the information. Student information is subject to the FERPA guidelines even if the student is under age 18.

FERPA permits institutions to disclose information to a parent if a health or safety emergency involves their son or daughter. Schools are also allowed to inform parents if a student under age 21 has violated any law or college policy concerning the use or possession of alcohol or a controlled substance. A school official may generally share with a parent information that is based on that official’s personal knowledge or observation of the student. Students may choose to have their records provided to a parent, or other third party, on a one-time or one-year basis by completing the student Release of Academic Information form.

**Health or Safety Emergency**

In addition, the school is allowed to disclose without the student consent education records, including personally identifiable information from those records if the college determines that there is a articulate and significant threat to the health or safety of a student or other individuals, but only to those persons whose knowledge of the information is necessary to protect the health or safety of the student or other individuals. A record of the threat and the information disclosed will become part of the student's record. At such times, records and information may be released to appropriate parties such as law enforcement officials, public health officials, parents and trained medical personnel. This exception to FERPA’s general consent rule is limited to the period of the emergency, and generally does not allow for a blanket release of personally identifiable information.

**Disciplinary Records**

While student disciplinary records are protected as education records under FERPA, there are certain circumstances in which disciplinary records may be disclosed without the student’s consent. A postsecondary institution may disclose to an alleged victim of any crime of violence or non-forcible sex offense the final results of a disciplinary proceeding conducted by the institution against the alleged perpetrator of that crime. An institution may disclose to anyone the final results of a disciplinary hearing if it determines that the student is an alleged perpetrator of violence or non-forcible sex offense and with respect to the allegation made against him or her, the student has committed a violation of the institution's rules or policies.
Law Enforcement Unit Records

Investigative reports and other records created and maintained by the law enforcement units are not considered to be education records subject to FERPA. Accordingly, institutions may disclose information from law enforcement unit records to anyone, including outside law enforcement authorities, without student consent. The Daytona State Campus Safety Office is responsible for referring potential or alleged violations of law to local police authorities.

The college may not require the accuser to execute a non-disclosure agreement or otherwise interfere with re-disclosure of information about alleged sex offenses released under the Clery Act.

The college may disclose information received under a community notification program about a student who is required to register as a sex offender.

Directory Information

Directory information can be released to the public without the student’s consent following specific request procedures. Directory information will not be released if the student had requested in writing to keep their information confidential. At any time the student can complete a form in the Records Office to mark their records as confidential.

The Daytona State College directory information includes:
1. Student name and city of residence
2. Student college sponsored email address
3. Date of birth
4. Enrollment status
5. Major and fields of study
6. Participation in college recognized activities and athletics
7. Dates of attendance
8. Degrees and awards received
9. Most recent educational institution attended
10. Photograph and height/weight of athletic team members

The college reserves the right to provide additional information, such as street address and telephone number, where there is a signed articulation agreement with another postsecondary institution for purposes of recruiting students, and in cases that are superseded by the Solomon Amendment giving military recruiters access to student recruiting information. Any other information is considered to be personally identifiable information and cannot be released to a third party, including parents, without the student’s written consent.

Directory Requests

The procedure to request Daytona State College directory information is indicated below. Directory information requests are not recorded in individual student records.

1. The college participates with the National Student Clearinghouse to provide electronic requests for confirmation of individual academic degrees, academic awards/honors, dates of attendance by employers and colleges, and confirmation of enrollment status. The website is www.degreeverify.com; email is service@studentclearinghouse.org; phone is 703-742-4200; and the fax is 703-742-4239.

2. Requests for additional information or for other purposes may be made in writing or by email to the college registrar.

3. If the request is being made by an individual, it must indicate the name, address, email address and phone number of the requestor and the reason for the request.

4. Requests for the entire student directory, requests from any military sources under the Solomon Amendment, or requests for a "class" of students, such as all students in any one major, should be directed to the Records Office.

Student Access to Educational Records

Schools are required by FERPA to:

1. Provide a student with an opportunity to inspect and review his or her education records within 45 days of the receipt of the request.

2. Provide the student copies of education records or otherwise make records available to the student if the student, for instance, lives outside of commuting distance of the school.

3. Redact the names and other personally identifiable information about other students that may be included in the student’s education records.

Amendment of Education Records

Under FERPA a school must:

1. Consider a request from a student to amend inaccurate or misleading information in the student’s education records.

2. Offer the student a hearing on the matter if it decides not to amend the records in accordance with the request.

3. Offer the student a right to place a statement to be kept and disclosed with the record if as a result of the hearing the school decides not to amend the record.

A school is not required to consider requests for amendment under FERPA that:

1. Seek to change a grade or disciplinary record.

2. Seek to change the opinions or reflections of a school official or other person reflected in an education record.
Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

Questions about the administration of FERPA at Daytona State College and the release or amendment of any student record should be addressed to the Associate Vice President of Enrollment and Student Development.

**Student Requests**

**Change in records** - Students may request a change to their record in writing or by presenting photo identification if requesting the change in person. Typical changes include name, address, telephone number, social security number and program code (major). Most changes require the student to present appropriate documentation. Address, phone and most program code changes can be made online at [http://www.daytonastate.edu/](http://www.daytonastate.edu/).

**Enrollment verification** – An official college statement indicating semester of enrollment and student status (i.e. full- or part-time). The college utilizes the services of the National Student Clearinghouse to automatically process enrollment verifications for students. Students may go online to [http://www.degreeverify.com](http://www.degreeverify.com) to request enrollment verification. Transfer credit evaluation – Statement of all course work and grades accepted from another postsecondary institution. A transcript evaluation summary is available online at [http://www.daytonastate.edu/](http://www.daytonastate.edu/) on the Registration and Records menu.

**Non-release of directory information** - A student may submit a request for non-release of directory information by completing a form in the Daytona Beach Campus Records Office or in the administrative office at any Daytona State campus. This non-release request will remain in effect until the student requests a removal of the non-release hold. Students cannot use the “opt out” provisions of FERPA to prevent disclosure of name, institutional email address, or other identifier in classes in which they are enrolled.

**Official transcripts** - Students may request an official copy of their academic record via the Daytona State online transcript request system at [www.daytonastate.edu](http://www.daytonastate.edu). There is a $5 fee for each official transcript requested.

**Unofficial transcripts** - Students may view/print an unofficial transcript online at [www.daytonastate.edu](http://www.daytonastate.edu).

**Social Security Number Collection and Use**

In compliance with Florida Statute 119.071(5), this document serves to notify you of the purpose for the collection and usage of your Social Security number by Daytona State College. Daytona State collects and uses your social security number only if specifically authorized by law to do so or it is imperative for the performance of its duties and responsibilities as prescribed by law. The college, and vendors, may not use a Social Security number or other non-directory information, either alone in or combination with other data elements, to identify student records when disclosing or confirming directory information without the written consent from the student.

Specifically, Daytona State collects your Social Security number for the following purposes:

**Admissions Department**

Federal legislation related to the Hope Tax Credit requires that all postsecondary institutions report student Social Security numbers to the Internal Revenue Service. This IRS requirement makes it necessary for colleges to collect the Social Security number of every student. A student may refuse to disclose his or her Social Security number to Daytona State College, but the IRS is then authorized to fine the student in the amount of $50.00.

In addition to the federal reporting requirements, the public school system in Florida uses Social Security numbers as a student identifier (section 229.559, Florida Statutes-new school code section 1008.386). In a seamless K-20 system, it is beneficial for postsecondary institutions to have access to the same information for purposes of tracking and assisting students in the smooth transition from one education level to the next. All Social Security numbers are protected by federal regulations Family Educational Rights and Privacy (FERPA).

**Continuing Education, Corporate Training**

Because of Florida State Education Reporting requirements, students who enroll in Continuing Education and Corporate Training seminars are required to submit their Social Security numbers.

**Financial Aid Department**

The Office of Financial Aid at Daytona State College and the U.S. Department of Education require students to submit their Social Security numbers on various forms in order to correctly identify applicants, match each applicant’s financial aid record with the student record, and to help coordinate state aid programs with federal and institutional aid programs.

**Human Resources Department**
An employee’s (including Federal or Institutional Work Study employees) Social Security number is required for any or all of the following:

- Completing an Employment Application/Packet
- Completing and processing the Federal I-9 (Department of Homeland Security)
- Completing and processing Federal W4, W2, 1099 (Internal Revenue Service)
- Completing and processing Federal Social Security taxes (FICA)
- Processing and Distributing Federal W2 (Internal Revenue Service)
- Completing and processing quarterly Unemployment Reports (Florida Department of Revenue)
- Completing and processing Florida Retirement Contribution reports (Florida Department of Revenue)
- Workers Comp Claims (FCCRMS and Department of Labor)
- Completing and processing Federal and State Employee and Educational Reports
- Completing and processing Direct Deposit Files (Bank of America, ACH)
- Completing and processing 403b and 457b contribution reports
- Completing and processing group health, life and dental coverage enrollment
- Completing and processing various supplemental insurance deduction reports

Workforce Programs

These programs use your Social Security number as an identifier for program enrollment and completion. Also, it is used for entering placement information into either the OSMIS or the Employ Florida Marketplace statewide data collection and reporting system. Because these are performance-based contract programs, it is required that all participants and their program related activities be recorded in the Florida state system.

Identification and verification, billings and payments, data collection, reconciliation, tracking, benefit processing and tax reporting

To protect your identity, Daytona State will secure your Social Security number from unauthorized access and assign you a unique student/employee identification number. This unique identification number will then be used for all associated employment and educational purposes at Daytona State.

Grading System

Student grade reports are not mailed; however, they are available to all students at the end of each semester, as the grades are entered by the faculty, on their MyDaytonaState account. Students may access the Web from the computer commons and labs on any campus, or from any off-campus computer that has access to the Internet.

Grading Policies

- Grades are posted to the student record at the end of each semester or subsession.
- A Grade Point Average (GPA) is calculated for each semester based on the number of hours attempted per course and the grade point value associated with the letter grade.
- For vocational certificates, the unit of credit is the vocational credit/clock hours. Generally, 30 vocational credits/clock hours represent 1 semester credit hour. To calculate semester hours when the course is listed in vocational hours, divide by 30.

Example:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credit</th>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>3</td>
<td>A</td>
<td>4.0(x3) = 12.0</td>
</tr>
<tr>
<td>Math</td>
<td>3</td>
<td>B+</td>
<td>3.5(x3) = 10.5</td>
</tr>
<tr>
<td>Speech</td>
<td>3</td>
<td>F</td>
<td>0.0(x3) = 00.0</td>
</tr>
<tr>
<td>Psychology</td>
<td>3</td>
<td>C</td>
<td>2.0(x3) = 06.0</td>
</tr>
<tr>
<td>History</td>
<td>3</td>
<td>D</td>
<td>1.0(X3) = 03.0</td>
</tr>
</tbody>
</table>

Total Credits: 15
Total Grade Points: 31.5
Divide 31.5 (grade points) by 15 (credits) = 2.1 GPA

Letter grades used to calculate GPA:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Definition</th>
<th>Grade Point Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4.0</td>
</tr>
<tr>
<td>B+</td>
<td>Very Good</td>
<td>3.5</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>3.0</td>
</tr>
<tr>
<td>C+</td>
<td>High Average</td>
<td>2.5</td>
</tr>
<tr>
<td>C</td>
<td>Average</td>
<td>2.0</td>
</tr>
<tr>
<td>D+</td>
<td>Below Average</td>
<td>1.5</td>
</tr>
<tr>
<td>D</td>
<td>Poor</td>
<td>1.0</td>
</tr>
<tr>
<td>F</td>
<td>Failure</td>
<td>0.0</td>
</tr>
<tr>
<td>FN</td>
<td>Failure (non-attendance prior to withdrawal date)</td>
<td>0.0</td>
</tr>
</tbody>
</table>

The college does not define a numerical score that equates to each grade. The determination of which grade the
student has earned is left to the discretion of each instructor.

**Grades not used to calculate GPA:**

"I" - Incomplete - A temporary grade issued only when a student who is passing the course but who, for valid and unforeseen reasons, is not able to complete the course requirements before the middle of the next major semester. Student agrees with the instructor to complete the requirements before the middle of the next major semester. "I" grades automatically convert to "F" grades if the requirements are not met and the appropriate grade change is not submitted by the deadline as published in the College catalog.

"IP" - In Progress - The class is currently in session and has not ended.

"W" - Withdrawal - Grade issued when a student officially withdraws from a class.

"WI" – Administrative Withdrawal – Grade issued when the student is administratively withdrawn for non-attendance (first issued Spring 2017).

“AM” – Second Chance Program grade amnesty applied.

"SP" - Completion - Issued only for college preparatory courses and/or vocational courses, and selected college credit classes, when a student completes all course work but has not mastered the skill associated with the course. Example: A typing course requires the minimum skill of 45 words per minute and the student only masters 40 words per minute. No credit is awarded. Student must register and repeat the course.

“S” – Satisfactory Progress - Topics discussed and required learning has been accomplished.

"NR" – Grades Not Reported - The Records Office may issue this grade when an instructor has not submitted a grade.

"X" - Audit - Issued when a student does not want credit for a particular course and officially audits the course by the deadline for the semester (published in the academic calendar).

"CR" - Credit Only - Issued for alternate methods of earning credit such as Advance Placement, IB, etc.

"NC" - No Credit - Issued for zero credit courses.

"CN" - Continuing Credit - Issued for open exit courses that cross semesters.

Students who no longer want to attend class:
1. Must withdraw by the deadline for the semester (published in the academic calendar).

2. May initiate the withdrawal process at any Falcon Center location or online.

3. Students with extenuating circumstances (i.e.: hospitalized, out of town, etc.) may withdraw by mail provided the request is postmarked by the deadline and contains an original signature of the student, or with an email from the FalconMail account.

4. Students are permitted a maximum of two withdrawals per course. Upon the third attempt, students will not be permitted to withdraw and will receive a grade other than "W" for that course.

5. A student who stops attending class and does not withdraw before the last day to withdraw will receive a grade of “FN” (F for non-attendance) when the grades are submitted. The last date of attendance will be noted and a student who receives the “F for non-attendance” grade for all classes will be subject to the federal Title IV refund guidelines. For more information about the refund that will be required, please see the Financial Aid section (p. 53) of this catalog.

**Graduation Requirements and Procedures**

All students seeking an Associate of Arts or a Bachelor's degree must satisfy the following degree requirements as established by the Florida Board of Education. You are required to complete a minimum of 60 hours of transferable college-level credit to receive an A.A. degree. Florida State Board of Education Administrative Rule 6A-10.024 (3a) requires 36 semester hours of general education courses, excluding college prep courses. The remaining 24 credit hours are elective credits. Graduates must also meet the requirements of the Gordon Rule and a state-mandated foreign language requirement. You also must meet the Daytona State College residency requirements (see below).

Students seeking a Bachelor's degree, Associate of Science, Associate of Applied Science, or certificate must have a cumulative 2.0 GPA, a Daytona State 2.0 GPA and meet the Daytona State College residency requirements (see below).

Students graduating from a vocational certificate program must have earned a 2.0 GPA in their program-specific classes and meet the Daytona State College residency requirements (see below).

Grade forgiveness applies when students repeat the same course in which they earned a "D" or "F" grade. The highest earned grade will be used in the calculation of GPA and graduation requirements. (A subsequent "W"
grade will not replace an earned grade.) Students may not repeat the same course to improve a "C" grade or better.

**Courses in Residency**

The Daytona State College residency requirements are an overall 25 percent of degree requirements, 25 percent of program-specific classes, a cumulative 2.0 GPA and a Daytona State 2.0 of GPA. For bachelor's degree students, in addition to meeting the 25 percent overall residency requirement, a minimum of 25 percent of the upper-level program-specific credits must be completed at Daytona State College.

For instance, if your bachelor's degree program requires 42 upper-level program-specific credits, at least 10.5 of these must be completed at Daytona State, or if your bachelor's program requires 60 upper-level program-specific credits, at least 15 of these must be completed at Daytona State.

In addition, students can only earn a maximum of 25 percent of degree requirements through experiential learning, i.e. APLE. Credits earned by active US military members are excluded from this requirement.

**Second Associate of Arts Degree**

Students who transfer to Daytona State College, or who have previously earned an Associate of Arts or Baccalaureate degree from another college, are not normally allowed acceptance to the A.A. program. The only exception to this policy would be for a student whose transcript evaluation indicates that at least 15 credits (including the foreign language requirement) are needed to meet our A.A. degree requirements, indicating that the prior education is not comparable. Students transferring with a prior degree, A.A. or higher, are not allowed enrollment in the A.A. program to rehabilitate their GPA or to meet university prerequisites. Students with a prior A.A. degree or higher are encouraged to enroll as non-matriculated students and take courses that meet their personal and career goals. Normally, a non-matriculated student is not eligible for student financial assistance, but non-matriculated students who are taking specific prerequisite courses for a Daytona State College limited access program will be eligible for student loans.

**Foreign Language Requirements for A.A. and Bachelor's**

Completion of two years of the same foreign language in high school or completion of or demonstration of proficiency in a foreign language or American Sign Language at the elementary 2 level or above (e.g. French, German, Italian, Spanish 1121 or higher or ASL2150 or higher). Foreign and sign language courses satisfy elective credits toward the A.A. degree. All A.A. and Bachelor's degree recipients must meet the foreign language requirement.

**Catalog Year**

Students typically follow the degree requirements as listed in the catalog for the year in which they began enrollment as a degree seeking student. If a student misses two or more consecutive major semesters (fall or spring) a student must be readmitted to the college and their catalog year will be updated for advising and graduation purposes. However, students may appeal to their academic department to use the graduation requirements in effect the year they originally entered the college as a degree seeking student, or any year in which they were enrolled.

**Graduation Application**

The graduation application is completed online when students are in their last term. Students log in, click on MyAcademics, and click on "Apply for Graduation" and pay the applicable graduation fee. The application will then be sent to the department chair for approval. Students who complete all graduation requirements and pay the graduation fee are entitled to receive a diploma and participate in the May commencement ceremony. Daytona State reserves the right to certify students as graduates/completers once they complete all requirements for the degree or certificate, regardless if they completed an application for graduation. Students who do apply for graduation after completing requirements will not receive a diploma but may have the degree or certificate earned statement on their official transcript. Students will be notified of the degree or certificate earned and will have the opportunity to pay the graduation fee to receive their diploma. Completers are no longer eligible to receive student financial assistance.

Graduation deadline dates are located on the Academic Calendar or the Records and Registration web page. Certain priority deadlines will apply for inclusion in the commencement booklet.

Students who complete all degree requirements are no longer eligible to receive student financial assistance for their current degree program.

Students not meeting graduation requirements must reapply for the new term/semester for which they are applying.

Students must fulfill all financial and other obligations to the college before receiving their degree or certificate.

Commencement ceremonies for degree, certificate and adult education candidates are held in May. Students who complete graduation requirements in the previous fall and those who have applied for graduation at the end of the summer semester, are encouraged to participate in
commencement ceremonies in May. The Records Office will inform students of the date and time for the ceremony for their degree level.

Students are responsible for determining if they have fulfilled graduation requirements. A Degree Audit is available on My.DaytonaState.edu student services. We encourage all students to run a degree audit before applying for graduation. Assistance can be obtained from the Academic Advising Office for graduation check downs, as well as from the academic department for career/occupational programs. Students may be permitted to substitute requirements upon completion of a substitution form signed by the appropriate program manager/program chairperson and Dean/AVP if it is determined that the substitution does not substantially alter the program and is in the student's best interest.

Students typically follow the degree requirements as listed in the catalog for the year in which they began enrollment as a degree seeking student. If a student misses two or more consecutive major semesters (fall or spring) a student must be readmitted to the college and their catalog year will be updated for advising purposes. However, students may request to use the graduation requirements in effect the year they entered the college as a degree-seeking student, or any year in which they were enrolled if the requirements have changed.

Other Forms of Earned Credit

Other Earned Credit

Daytona State College offers opportunities to earn credit for experience, accepts advanced placement credits and credit through other approved exams/programs. The following descriptions can help you choose which alternative best suits your needs.

IMPORTANT: If you plan to transfer after leaving Daytona State, check if the transfer institution accepts credits earned through these various other ways to earn credit. Students can earn a maximum of 25 percent of credits needed for their degree or certificate through experiential learning.

Alternative Learning:

1. Cooperative Education - The cooperation of Daytona State College College credit may be awarded for knowledge gained outside the normal classroom setting, including prior work experience, workshops and seminars, formal or informal classes taken or other documented past experience. Daytona State students may earn credit through the APLE program by completing exams or developing portfolios. (Students can earn a maximum of 25 percent of credits needed for their degree or certificate through experiential learning.)

Acceleration Mechanisms:

1. Advanced Placement (AP) - AP credit is granted to students who have the College Entrance Examination Board/AP send official Advanced Placement Test results to the Daytona State College Admissions Office. Required scores to earn credit vary by course. Check with the Records Office for details on specific scores for subject areas. You receive credit, but not letter grades, for courses earned through AP. Earned credits are not computed into your GPA. Contact Daytona State’s Records Office for AP requirements and information.

2. College Level Examination Program (CLEP) - The CLEP is the national exam program which offers exams in academic subject matters. Certain scores will result in credit for college courses. (Score requirements vary depending on the institution.) Official CLEP scores should be sent from the College Entrance Examination Board/CLEP to the Admissions Office. If required scores are earned, you will receive credit, but not letter grades for the courses earned through CLEP. Applications, registration materials and test fee information about CLEP are available in Assessment Services Offices on each Daytona State College campus.

3. Cambridge AICE Exam (CAMBRIDGE) - The Cambridge Advanced International Certificate of Education (AICE) exam program offers exams in academic subject matters. Passing certain exams will result in credit for college courses. Official scores should be sent from Cambridge International Examinations to the Admissions Office. If required scores are earned, you will receive credit, but not letter grades for the courses earned through Cambridge AICE. Contact Daytona State’s Records Office for Cambridge AICE requirements and information.

Experiential Learning:

1. The Assessment of Prior Learning Experience (APLE) - College credit may be awarded for knowledge gained outside the normal classroom setting, including prior work experience, workshops and seminars, formal or informal classes taken or other documented past experience. Daytona State students may earn credit through the APLE program by completing exams or developing portfolios. (Students can earn a maximum of 25 percent of credits needed for their degree or certificate through experiential learning.)
3. **Air Force/Army Reserve Officers Training Corp (ROTC)** - Daytona State students may register for ROTC courses offered at Embry-Riddle Aeronautical University. AF ROTC offers two- and four-year programs. Students may complete the first two years of ROTC without military commitment. Elective credit is awarded for these courses. The US Air Force offers ROTC academic scholarships to eligible students. For scholarship information, see the Financial Aid section (p. 53) of the catalog. For information on ROTC, call the ROTC office at Embry-Riddle at (386) 226-6880.

**Records and Registration**

Students register for classes each semester based on the dates listed in the academic calendar. Before registering for classes, we encourage you to use the information here as a guide to ensure your success. You may register online at http://www.daytonastate.edu or at Daytona State College's Daytona Beach, DeLand, Deltona, Flagler/Palm Coast and New Smyrna Beach-Edgewater campuses.

**Facts about Registration**

- **Schedule of Classes** - A listing of all classes offered for a specific semester is available online at http://www.daytonastate.edu. Using the Advanced Search feature, you can search by campus, sub-session, instructional method, time of day and other variables.
- **Advance Registration** - Typically a three-day period which allows currently enrolled students to register on a priority order based on credits earned.
- **Open Registration** - For new or returning students and those who did not register during the advance registration period.
- **Transfer Hours** - Will be calculated into the advanced registration time if all transcripts have been received and evaluated.
- **Schedule Adjustment** - Students may continue to modify their schedules throughout the registration period and up until the last day to adjust schedules date (add/drop courses) listed in the academic calendar.
- **Audit Registration** - Students who do not want to earn college credit for a course may enroll as audit students. Students desiring to audit a course must complete the Audit form, have it signed by the instructor and return it to the Question and Answer Center no later than the last day of the add/drop period. Students may not audit developmental courses.
- **State Employee Registration** - State employees as identified by the Florida Accounting and Information Resource website may register and have their tuition waived for a maximum of six hours per semester under the following conditions:
  a. Fulfill all admission and placement testing requirements of the College
  b. Register on the designated State Employee registration dates as indicated in the academic calendar
  c. Enroll only in courses on a space-available basis
  d. Enroll in courses as either a credit or audit student. Enrollments are subject to all College academic regulations, including required placement testing, prerequisites and limits on course repeats and grade forgiveness. State employees will be assessed fees for the full cost of instruction for any course in which they exceed the maximum number of attempts
  e. State employees will be assessed other fees, i.e. laboratory fees, assessment fees, access fees, etc.
- **Schedule and Fee Statements** - Identifies the registered courses, lists days and times of the courses and gives summary of tuition and fees. They also include fee payment due date.
- **Registration is not complete until all fees have been paid.**
- **Reinstatement Procedure** - Students wishing to re-register into a section after the add/drop date for any given semester must meet the following criteria:
  a. Must have been registered and attending the course prior to the add/drop date and subsequently dropped due to cancellation for non-payment, class roll or other process. Students must document why the original drop occurred (document using reinstatement form available in the Q & A/Falcon Center). Courses dropped due to an administrative error, documented by a signed statement from the faculty member or director/department chairperson of the department that caused the error, may be reinstated.
  b. Must have a signature from the instructor of each course in which they are re-enrolling, indicating that they have been attending the section and have permission to get back into the course.
  c. Reinstatements may not be processed after the midpoint of the subsequent semester (I-grade deadline published in the catalog).
  d. If reinstatement occurs after grades have been submitted, each instructor must also deliver a memo to the Records Office (not via the student) that indicates what grade the student should receive.
  e. Students who withdraw from class(es) may not be reinstated.
  f. All documentation must not have a date more than five business days prior to when the reinstatement is processed.

**Attendance Policy**
Regular attendance is a critical part of your success. Students are expected to attend class meetings as scheduled. When an absence is unavoidable, students should notify their instructors as soon as possible. Make-up work and deadlines will be at the discretion of the instructor. Faculty may adopt attendance policies in the classes they teach. In such cases, the faculty member will describe the policy and its impact, if any, on the student's grade.

Daytona State College takes attendance twice within each session of a term. The initial attendance roster is completed following the add/drop period of each session (A, B, and full term). Financial aid students who are marked as not attending during this time will be dropped from the course for non-payment because attendance in the course is required to apply that class to your financial aid eligibility.

A second roster will go out after the withdrawal deadline for each session. Students who are reported as not attending during the two weeks leading up to the withdrawal date will be administratively withdrawn from the class. A last date of attendance will be reported and used to calculate the return of any Title IV aid (including Pell grant, Stafford Loans, etc.).

Student Consumer Information

In order to provide students with information related to attending Daytona State College, the following reports, policies and general information are available to students at the websites indicated, or by requesting a printed copy from the respective office.

Academic Programs and Policies

The complete list of programs and course descriptions (p. 17) can be found in the college catalog. The catalog also has links for academic information (p. 17) and graduation requirements (p. 72), and for policies regarding academic standards of progress (p. 55).

Student Privacy Information

The Family Educational Rights and Privacy Act (FERPA) provides certain rights to students related to educational records. This information can be found in the college catalog or is available from the Records Office, Wetherell Center on the Daytona Beach Campus. FERPA regulations pertain to the release of student records to third parties, including parents, and the right to review and amend student records. For more information: Records Maintenance and Privacy Guidelines (p. 67)

Campus Crime Statistics and Safety Policies

This information is available from Campus Safety, Bailey Hall on the Daytona Beach Campus, or from campus safety on any branch campus. For more information: Crime Statistics (p. 8).

Financial Assistance Information

The Financial Aid Office administers all federal, state and local grant, loan, work and scholarship programs. This information can be found in the college catalog, and from the Financial Aid Office, Wetherell center, on the Daytona Beach Campus, or at each of the regional campuses. For more information: http://www.daytonastate.edu/finaid/index.html

For specific information about loan options and repayment options please see the following: Loan Options

Athletic Participation and Financial Support

Information about athletic program participation rates and financial support, and the annual completion and graduation rates of student athletes can be obtained from the Athletic Department, Lemerand center, Rm. 235, on the Daytona Beach Campus, or from the Athletic Department website at: http://www.daytonastate.edu/athletics.

Drug Free Workplace

In compliance with the Drug Free Schools and Campuses Act of 1989, Daytona State prohibits the illegal use, purchase, sale, distribution, manufacture, or possession of drugs and alcohol on its campuses, or at any college-related activities. This policy applies to all employees and students. Employees, students and job applicants are required to receive information and or sign a Drug Free Certification form at the time of admission to the college. For more information: http://www.daytonastate.edu/campus_safety/drug_policy.html

For more information about the colleges response to the Drug Free Schools and Campuses Act, please click on the following link: Drug Free Information

Graduation/Completion and Transfer-out Rates

This information is available on the Daytona State Web or from the Office of Institutional Research, Wetherell Center, on the Daytona Beach Campus. To access online, please go to: http://www.daytonastate.edu/ir/facts.html

Institutional Information

Information about Daytona State regarding its academic and financial policies and practices can be found throughout the online college catalog. Searches can be done to find specific information about the cost of attending Daytona State, including the tuition and fees charged, estimates for the cost of books and necessary
supplies, and any additional program costs. In addition, the catalog includes information regarding refund policies; the requirements and procedures for officially withdrawing from the institution; a summary of the requirements for the return of Title IV grant or loan assistance; a listing of the academic programs of the institution, including the current degree programs and other educational and training programs; the instructional, laboratory, and other physical facilities which relate to the academic program; and the institution's faculty and other instructional personnel. Other information in the catalog includes: The names of associations, agencies or governmental bodies that accredit, approve, or license the institution and its programs, and the procedures by which documents describing that activity may be reviewed; a description of the facilities and services available to disabled students and how to access the services; and information about study abroad and other consortia programs.

Other information of a general demographic nature can be found at: http://www.daytonastate.edu/ir/facts.html.

Voter Registration Information

Voter registration forms are available from the Records Office, Wetherell Center, on the Daytona Beach Campus, from the Student Activities Office, and from your County Supervisor of Elections Office of your permanent residence.

The website for Volusia County is: http://volusia.org/elections.

The website for Flagler County is: http://www.flagler.elections.com

Substitutions/Waivers

Course Substitutions

There are two types of course substitutions, one in which a student submits a request to the Chair or Assistant Chair of their program of study asking that a course previously taken be substituted for a program-specific course or a general education core course. If the Chair or Assistant Chair agrees to the substitution, a Course Substitution form is completed and is routed to the appropriate Associate Vice President (AVP) over the program who may approve or deny the request. If the substitution request is for a general education core course, the Course Substitution form must also be sent to the appropriate Academic AVP in charge of the general education curriculum who may approve or deny the request.

These requests must be in writing to the appropriate Chair or Assistant Chair. They may be presented as a hard copy or email request sent from the student's Falcon Mail address. Course substitutions will be reviewed to determine if the request does not alter the core requirements of the occupational or academic program. The request will not be approved if it is determined that the substitution would substantially alter the program. For example, if math is a core requirement of a certain program, a course substitution for math will not be approved.

If denied, the student will be given a written notice of the denial.

The second type of request is one based on a documented disability. To be eligible for this type of substitution, the student must be registered with Student Disability Services and have a diagnosed disability on file with the Student Disability office that states specifically the subject affected by the disability.

Disability-based Course Substitution Requests

1. The student must provide Student Disability Services a written diagnosis stating the disability and the specific subject affected by the disability.

2. The student must submit a request for a course substitution. This request must include the following:
   a. Documentation of the his/her disability, which is the basis for the request
   b. Proof that his/her failure to meet a course requirement is caused by his/her disability
   c. A copy of his/her complete college transcript and current class schedule
   d. A list of the accommodations that he/she could use in lieu of a course substitution
   e. Documentation that he/she has identified his/her program of study, intended degree, and identified the transfer institution to which he/she plans to matriculate
   f. His/her completed, signed and dated Course Substitution Form
   g. A typed essay that conforms to the conventions of Standard English in which the student explains the following:
      i. That he/she understands that the course substitution, if granted, only applies to the program of study at Daytona State College indicated on the Course Substitution form;
      ii. What his/her education plans are after receiving the degree for which they are applying to have the substitution and that he/she understands the future graduation requirements and how this substitution may impact on the future degree he/she may pursue.
      iii. If the substitution is for a mathematics course or courses, the essay must state if the student will be expected to complete a course requiring a
mathematics course as a pre-requisite or complete a specific mathematics course for the degree above the degree for which the substitution is being requested.

iii. If the student is not planning to continue their education beyond the degree for which the substitution is requested, that must be stated in the essay.

3. When an SDS Advisor determines that the student’s course substitution request is accurate and complete, he/she will submit it to the SDS Director for review. If the application is complete, the SDS Director submits the application to the Academic Associate Vice President (AVP) for consideration.

4. The AVP may consult with the program chair(s) involved and may schedule an appointment to meet with the student. At this meeting, the student will state verbally and sign a document stating that he/she understands the limits of the course substitution. If the request is denied, the AVP will forward a written denial notice to the SDS Advisor. The SDS Advisor will notify the student of the denial. If the request is approved, the AVP will provide the student with a written notice of the decision.

Appealing the Denial of a Substitution Based on Disability

Students may obtain appeals information from the Question & Answer Center on any DSC campus.

1. The appropriate academic Associate Vice President shall administer the appeals involving denials of course substitutions, degree requirement substitutions, and graduation requirement substitutions. A student denied a substitution must file his/her written appeal to the appropriate Associate Vice President within thirty (30) days of receiving his/her written notification of denial. The Associate Vice President shall render his/her decision in writing to the student within thirty (30) days after receiving the appeal.

2. The appropriate Associate Vice President of Enrollment shall administer the appeals involving denials of admission requirement substitutions. A student denied a substitution must file his/her written appeal to the Associate Vice President within thirty (30) days of receiving his/her written notification of denial. The Associate Vice President shall render his/her decision in writing to the student within thirty (30) days after receiving the appeal.

3. The decisions of the Associate Vice Presidents are final.

Disability Waiver for the Test of Adult Basic Education (TABE)

Daytona State College provides waivers to a student with disabilities as defined in Section 1004.02(7) of the Florida Statutes to meet the career basic skills grade levels required for completion of career programs as described in rule 6A-10.040 (2). Accordingly, any adult student of Daytona State College with a documented disability that is registered with Student Disability Services (SDS) and has completed his/her occupational program of study with a cumulative GPA of 2.0 or greater may petition to receive a waiver for the TABE exit exam after attempting to pass it on at least two occasions.

Prerequisites for Requesting an Exemption of the TABE Exit Requirement

1. The student must have completed his/her occupational program of study with a cumulative GPA of 2.0 or greater.

2. He/she must have the recommendation of his/her occupational program manager.

3. He/she must have documentation on file in Student Disabilities Services that shows his/her disability substantially interferes with his/her ability to pass the TABE exit requirements.

4. He/she must have taken the TABE two times before petitioning for an exemption.

Process to Request for a TABE Exemption:

1. Students will complete a TABE Waiver Request Form after meeting the requirements listed above. Forms are available in the College Assessment Center.

2. The TABE Waiver committee may include the following college officials:
   • The Vice President or Dean of Occupational Programs
   • The program manager of the specific occupational program of study or his/her representative
   • The SDS Director or his/her representative
   • The Director of Assessment Services or his/her representative

3. To deliberate the request for a TABE Waiver, the Committee may consider the following:
   • The student has a disability that substantially interferes with his/her ability to pass the TABE exit requirements and is registered with SDS
   • The student’s achievement in his/her occupational program of study
   • The student’s remediation effort to satisfy the TABE exit requirement
   • The student’s job opportunities and any other pertinent data.

4. The Committee shall approve or disapprove the student’s request for a TABE Waiver based on a majority vote.
5. Documentation of a student’s petition for TABE Waiver shall be maintained by Daytona State College for audit purposes. The student’s TABE Waiver Request Form will be posted in his/her SDS record. Daytona State College may report a student with a TABE Waiver as a program completer.

6. Whenever the committee disapproves a student's petition for a waiver of the TABE exit requirement, he/she may appeal the Committee's decision to the appropriate Vice President of Academic Affairs and the Associate Vice President of Enrollment. The student must file his/her written appeal within thirty (30) days of receiving his/her written notification of disapproval. The Provost of Academic Affairs shall render their decision in writing to the student within thirty (30) days after receiving the appeal.

7. Daytona State College's Assessment Services institutional policy is based upon the Basic Skills Exemption, Rule 6A-10.040 FAC.

Transcripts

Requesting Daytona State College Transcripts

Unofficial Transcripts:
Current students can review an unofficial transcript from the Records link by logging in to the portal and clicking on MyAcademics. Former students can access an unofficial transcript after signing into the Alumni page.

Official College Credit Transcripts:
Official transcript requests are processed by Credentials, our online service provider, for a $5 charge per transcript. Overnight options are also available for an additional fee. Please read the order form carefully and fill out all required fields.

To request your transcript, you can choose one of these options:

Current Students
• If you are a current student and know your username and password, you can use the automated authentication process.
• Sign in to the student portal at MyDaytonaState.edu
• Enter your username and password at the top of the screen
• Click on the FalconNet tab on the menu bar
• Select the Records link on the left menu
• Click on the Official Transcript link to order your transcript.
If you are a current student and do not know your username and password, click on the Retrieve College ID and email address link listed on the login page: http://webapps.daytonastate.edu/ics/.

Former Students may request transcripts at http://webapps.daytonastate.edu/ics/alumni.

After accessing the page:
• Click on Request Alumni Access
• Enter your last name
• Enter the last four digits of your Social Security Number
• Enter your birthday
• Click on Submit (Note: It may take up to 20 minutes for your file to update.)

Official Daytona State High School Transcript:
High School and adult education official transcripts request cannot be taken online. Please submit the transcript Request Form to the Records Office by mail or fax (386-506-4489) or bring in the form to the Q&A Center at your local campus.

Download an Official Daytona State High School Transcript Request Form.

How do I track my order or talk to Customer Service?
Contact Credentials at 800-646-1858, or you can also check the status of your transcript order at Credentials Online Services.

For more information contact: records@DaytonaState.edu or see Transfer Student (p. 80).

Students who have attended other colleges and postsecondary institutions must meet the same admissions requirements as new students. Students must request official transcripts from each postsecondary institution attended. The official transcript must be submitted directly to the Admissions Office. Transcripts received from students will not be considered official unless they are in a sealed envelope from the issuing institution.

If official transcripts have not been received or the evaluation is not complete at the time of registration, the student should bring an unofficial transcript when meeting with an advisor for scheduling purposes. Transfer students who have met Daytona State equivalents for ENC1101 (College Composition) and MAT1033 (Intermediate Algebra) or higher are not required to take the college placement examinations.

Transferring Courses and Grades to the Daytona State College transcript:

Once the student's transfer credit evaluation is completed, an email is sent to the student's email address and the transfer credit summary report will be available online at the Records section of their email account.
The college will include on the Daytona State College transcript all courses and grades that were attempted at a prior college except for the following:

- courses that meet the Academic Second Chance provisions
- courses that were taken at an upper (junior, senior etc.) level for which there are no comparable Daytona State College courses.

Grades received at prior colleges will be included in the cumulative grade point average, except for developmental courses.

Please allow at least 7 business days after receipt of your order for your transcript to be received by you via first class mail. Pick up orders will be available 2 to 3 business days after order is processed.

Students who have any form of hold, including a tuition and fee bill, a Title IV refund bill, or a past student loan default are prohibited from receiving a transcript until the obligation is cleared.

If you need assistance to sign into your account, please contact the Records Office at records@DaytonaState.edu.

Teacher Certification/Recertification Preparation

Individuals who want to take courses for teacher certification or re-certification should visit daytonastate.edu/assessment/fla_teach_cert.html for further information.

In addition, applicants must:

- Contact the certification specialist in their county educational system for additional information and approval of courses before you register.
- Submit an official transcript showing that a Bachelor's degree was previously earned.
- Receive clearance as a volunteer by Volusia County Schools. Download the Application to volunteer and submit to the address at the top of the form. In the 3rd box, indicate "Daytona State College" as the College Name and "admissions@DaytonaState.edu" as the Professor's Name.
- Inaccurate or incomplete information may delay your results. The clearance is good for five years.
- Submit a tuition waiver form if your county educational system will be paying for the classes.

Check the academic calendar for specific dates for the registration of state employees.

Transfer Information

The state of Florida mandates that Florida state colleges require all Associate of Arts degree seeking students to declare an intended Bachelor's degree major and transfer institution by the time the student has earned 30 credit hours. In addition, advisors are required to provide students with information about required transfer pre-requisites for their intended transfer school/major if it is a Florida Public institution.

An advising hold will be placed on the record of all Associate of Arts degree seeking students when they have earned 15 credit hours toward their degree if the student has not previously declared an intended transfer major/institution. Students will be required to meet with an Academic Advisor to discuss transfer information and declare an intended bachelor's degree major/institution.

Students who are undecided will be encouraged to work with a Career Advisor or take a Career course. Links to websites that can help you with this decision are also available on the Career Services website at http://daytonastate.edu/career_services.

Transfer Students

Students who have attended other colleges and postsecondary institutions must meet the same admissions requirements as new students. Students must request official transcripts from each postsecondary institution attended. There is a one-semester grace period to provide all prior college transcripts, even if no credits are to be transferred, as well as an official high school transcript. The official transcript must be submitted directly to the Admissions Office. Transcripts received from students will not be considered official unless they are in a sealed envelope from the issuing institution.

If official transcripts have not been received or the evaluation is not complete at the time of registration, the student should bring an unofficial transcript when meeting with an advisor for scheduling purposes. Transfer students who have met Daytona State equivalents for ENC 1101 (College Composition) and MAT 1033 (Intermediate Algebra) or higher are not required to take the college placement examinations.

Transferring Courses and Grades to the Daytona State College Transcript

The college requires submission of all prior college transcripts, even if no credits are to be awarded in transfer. All lower-level (developmental, freshman and sophomore) transfer credit courses will be evaluated and posted to your Daytona State College record. Grades of D and higher received at prior colleges will be included in the cumulative grade point average, except for developmental courses. The Records Office will evaluate and post credits to your DSC record. Completed transfer evaluations can be viewed on your MYDAYTONASTATE account, located
under My Academics > Records > View Transfer Credit Report.

The college will include on the Daytona State College transcript all courses and grades that were attempted at a prior college except for the following:

- New students transferring to Daytona State College will automatically take advantage of the Academic Second Chance Policy for Transfer Students. The college will not transfer grades of “F” and “W” onto the Daytona State College transcript; although, they will count toward financial aid satisfactory academic progress. Students who were enrolled at the college prior to Fall 2009 must submit an Academic Second Chance appeal in order to have these courses removed from the transcript. For more information refer to the Academic Second Chance Policy (p. 66).
- Courses that were taken at an upper-level (junior, senior etc.) for which there is no comparable Daytona State College course.

We accept credits from institutions accredited by the following regional accreditation agencies:

- New England Association of Schools and Colleges, Commission on Institutions of Higher Learning
- Middle States Association of Colleges and Secondary Schools, Commission on Higher Education
- North Central Association of Colleges and Schools
- Northwest Association of Schools and Colleges
- Southern Association of Colleges and Schools, Commission on Colleges
- Western Association of Schools and Colleges, Accrediting Commission for Senior Colleges and Accrediting Commission for Junior Colleges

Transfer Credits from Non-Regionally Accredited Institutions

If the transfer institution is not regionally accredited by one of the agencies listed above, credits are evaluated on a course-by-course basis by departmental review. Supporting documentation is required to validate the transfer of courses to insure they are academically equivalent to courses offered at Daytona State College, including equivalency of faculty credentials and course syllabi. Students must submit official transcripts to the Admissions Office and the documentation for credit to be considered. However, if the student chooses not to have any of these credits considered for transfer to Daytona State College only the official transcript is needed. Contact the Records Office for further information.

Transfer of International credits:
- Request an official college transcript. An official transcript is one that is mailed directly from the issuing institution to the Daytona State College Admissions Office or hand-carried in a sealed envelope.
- Obtain official course-by-course evaluation of educational credentials prepared by one of the recognized National Association of Credential Evaluation Services (NACES). Please refer to the NACES LIST or contact NACES at info@naces.org or www.naces.org. (An official evaluation is one that is mailed directly from the evaluation service to the DSC Admissions Office.
- In order to receive credit for coursework taken at an international institution, provide translated course descriptions or detailed course outlines for all courses that may apply to your program of study at Daytona State College to the Records Office.
- Courses are evaluated on a course-by-course basis by the appropriate department chairperson.
- Students are not required to transfer international credits; however, they must provide Daytona State College with the official transcript and evaluation of their educational credentials.

Non-Traditional Credit Evaluation/Conversion of Credit

The state of Florida Statutes and Rules define the types of non-traditional credit that may be accepted for transfer and specifies minimum scores when applicable. Credit may be awarded per FAC 6A-10 guidelines and the Articulation Coordinating Committee Credit-By-Exam Equivalents, adopted November 14, 2001, and the American Council on Education recommendations and the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). The Advanced Standing and Conversion of Credit are the methods of earning credit for knowledge gained outside the normal classroom setting.

Advanced Standing methods include: • Nursing
Conversion of Credit methods include: • Military Training • Business and Industry Training Programs • Vocational Credit to College Credit

Request the official transcript, official examination results or official credentials be mailed to the Admissions Office or provided to the Assessment Services Office.

The Records Office reviews the transcripts, credentials, etc. for completeness and clarity in accordance with state of Florida Statutes and Rules when applicable. The Advanced Standing or Conversion of Credit form and credentials are forwarded to the appropriate department chairperson for determination of credit acceptance and DSC equivalencies.
The procedure for researching and submitting documentation and credentials of learning experiences are as follows:

- Business and Industry Training programs courses are researched in the ACE National Guide for Training Programs.
- Vocational to College Credit courses are submitted on the Conversion of Credit Form from the appropriate department and approved by Assessment Services.
- Advanced Standing – Nursing credit is submitted on the Advance Standing Form by the Nursing Department with documentation of licensure attached.
- Military courses are researched via the American Council on Education (ACE) guides under ACE Evaluation of Educational Experiences in the Armed Forces.
- Specification that if the course to which the military training or coursework is determined equivalent fulfills a general education or major course or degree program requirement, the credit will apply toward the award as such. Otherwise, credit will be granted to the extent elective credits are needed to fulfill program requirements.
- A receiving Florida public postsecondary institution may accept in transfer any military credit that was previously evaluated and awarded by a Florida public postsecondary institution, and that is appropriate to the student's program of study.

Military evaluation process follows the State Rule 6A-14.0302 Credit for Military Service

The appropriate chairperson determines course and credit to be awarded and records the course/credit on the Conversion of Credit Form. All materials are returned to the Records Office for processing. Duplicate Credits will not be awarded for any course for which the student has a grade of C or higher, or has earned prior credit by exam. Credit awarded is posted to the student's academic record with the grade of "CR" (credit). Student will receive credit hours earned. Earned credits are not computed into the student's GPA. The student may access the credits awarded via the DSC website on FalconNet. The student is mailed notification if no credit is awarded and the denial of credit is recorded on the student's Educational Plan.

Transfer Students who have earned a prior Associate of Arts or Baccalaureate Degree

- Students who transfer to Daytona State College, who have previously earned an associate of arts or baccalaureate degree from another college are not normally allowed acceptance to the AA program. The only exception to this policy would be for a student, whose transcript evaluation indicates that at least 15 credits (including the foreign language requirement) are needed to meet our AA degree requirements, indicating that the prior education is not comparable. Students transferring with a prior degree are not allowed enrollment in the AA program to rehabilitate their GPA or to meet university prerequisites. Students with a prior degree are encouraged to enroll as non-matriculated students and take courses that meet their personal and career goals.
- Students transferring to Daytona State College who have earned an associate of arts degree from a Florida public college or baccalaureate degree or higher from regionally accredited U.S. institution at the time the degree was earned are deemed to have met the General Education requirements for degree programs at Daytona State College, and also qualify for an exemption from the college placement tests. Specific majors may still require the completion of specified course requirements or prerequisites.

Registration

Auditing a Course

Students who do not want to earn college credit for a course or have taken a course before and received a grade of "C" or better may audit a course with approval of the instructor or Department Chair. College preparatory courses may not be audited. Students must meet all prerequisites and placement standings when auditing a course. The last day to audit a course is the last day of the schedule adjustment period or designated Add/Drop date. An audit status may not revert back to a grade status after the end of the schedule adjustment period. Credit courses and audited courses are assessed the same tuition and fees. Tuition and fees for audited courses are not covered by a third party such as Financial Aid, Scholarships, Veteran's Benefits, etc. and are the students' responsibility. Students who audit a course will receive a grade of "X" on their official student record and will not be given credit for the course. The grade will not be calculated into the grade point average. An audited course is not counted or used when calculating GPA, academic standing, graduation requirements, veteran's benefits or other financial aid eligibility or for certifying enrollment for outside agencies. Students may repeat an audited course for credit at a later date as long as it does not violate any other Daytona State College policies or regulations.

Course Description Information

Florida’s Statewide Course Numbering System

Courses in this catalog are identified by prefixes and numbers that were assigned by Florida's Statewide Course Numbering System (SCNS). This numbering system is ...
used by all public postsecondary institutions in Florida and by participating non-public institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions. Students and administrators can use the online SCNS to obtain course descriptions and specific information about course transfer between participating Florida institutions. This information is on the SCNS website at http://scns.fldoe.org.

Each participating institution controls the title, credit, and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have a meaning in the SCNS. The listing of prefixes and associated courses is referred to as the "SCNS taxonomy." Descriptions of the content of courses are referred to as "statewide course profiles."

**Example of Course Identifier**

<table>
<thead>
<tr>
<th>Prefix</th>
<th>Level Code</th>
<th>Century Digit</th>
<th>Decade Digit</th>
<th>Unit Digit</th>
<th>Lab Code</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENC</td>
<td>1</td>
<td>1</td>
<td>0</td>
<td>1</td>
<td></td>
</tr>
</tbody>
</table>

The *English Composition* prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or subcategory of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix to identify the course.

**General Rule for Course Equivalencies**

Equivalent prefixes at different institutions are identified by the same prefixes and same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with a few exceptions, as listed below in Exception to the General Rule for Equivalency.

For example, a freshman composition skills course is offered by 84 different public and non-public postsecondary institutions. Each institution uses "ENC_101" to identify its freshman composition skills course. The level code is the first digit and represents the year in which students normally take the course at a specific institution. In the SCNS taxonomy, "ENC" means "English Composition," the century digit "1" represents "Freshman Composition," the decade digit "0" represents "Freshman Composition Skills," and the unit digit "1" represents "Freshman Composition Skills I."

In the sciences and certain other areas, a "C" or "L" after the course number is known as a lab indicator. The "C" represents a combined lecture and laboratory course that meets in the same place at the same time. The "L" represents a laboratory part of a course that has the same prefix and course number but meets at a different time or place.

Transfer of any successfully completed course from one participating institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution.

Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, ENC 1101 is offered at a community college. The same course is offered at a state university as ENC 2101. A student who has successfully completed ENC 1101 at a Florida College System institution is guaranteed to receive transfer credit for ENC 2101 at the state university if the student transfers. The student cannot be required to take ENC 2101 again since ENC 1101 is equivalent to ENC 2101. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed that have not been designated as equivalent. **NOTE:** Credit generated at institutions on the quarter-term system may not transfer the equivalent number of credits to institutions on the semester-term system. For example, 4.0 quarter hours often transfers as 2.67 semester hours.

**The Course Prefix**

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or subcategory of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix to identify the course.

**Authority for Acceptance of Equivalent Courses**

Section 1007.24(7), Florida Statutes, states:

Any student who transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the statewide course numbering system shall be awarded credit by the receiving institution for courses
satisfactorily completed by the student at the previous institutions. Credit shall be awarded if the courses are judged by the appropriate statewide course numbering system faculty committees representing school districts, public postsecondary educational institutions, and participating nonpublic postsecondary educational institutions to be academically equivalent to courses offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or nonpublic control of the previous institution. The Department of Education shall ensure that credits to be accepted by a receiving institution are generated in courses for which the faculty possess credentials that are comparable to those required by the accrediting association of the receiving institution. The award of credit may be limited to courses that are entered in the statewide course numbering system. Credits awarded pursuant to this subsection shall satisfy institutional requirements on the same basis as credits awarded to native students.

Exceptions to the General Rule for Equivalency

Since the initial implementation of the SCNS, specific disciplines or types of courses have been excepted from the guarantee of transfer for equivalent courses. These include courses that must be evaluated individually or courses in which the student must be evaluated for mastery of skill and technique. The following courses are exceptions to the general rule for course equivalencies and may not transfer. Transferability is at the discretion of the receiving institution.

1. Courses not offered by the receiving institution.
2. For courses at non-regionally accredited institutions, courses offered prior to the established transfer date of the course in question.
3. Courses in the _900-999 series are not automatically transferable, and must be evaluated individually. These include such courses as Special Topics, Internships, Apprenticeships, Practica, Study Abroad, Thesis, and Dissertations.
4. Applied academic for adult education courses.
5. Graduate courses.
6. Internships, apprenticeships, practica, clinical experiences, and study abroad courses with numbers other than those ranging from 900-999.
7. Applied courses in the performing arts (Art, Dance, Interior Design, Music, and Theatre) and skills courses in Criminal Justice (academy certificate courses) are not guaranteed as transferable. These courses need evidence of achievement (e.g., portfolio, audition, interview, etc.).

Courses at Non-Regionally Accredited Institutions

The SCNS makes available on its home page (http://scns.fldoe.org) a report entitled "Courses at Non-Regionally Accredited Institutions" that contains a comprehensive listing of all non-public institution courses in the SCNS inventory, as well as each course's transfer level and transfer effective date. This report is updated monthly.

Questions about the SCNS and appeals regarding course credit transfer decisions should be directed to Alicia Alexander in the Office of Academic Affairs at Daytona State College or to the Florida Department of Education, Office of Articulation, 1401 Turlington Building, Tallahassee, Florida 32399-0400. Special reports and technical information may be requested by calling the SCNS office at (850) 245-0427 or at http://scns.fldoe.org.

Falcon-Aid Student Help Desk

Kiosk Now Open!

Please visit us at the Daytona campus, Building. 300, Room 109
Falcon-AID Student Help Desk Kiosk
Personalized assistance via walk-in, email and over the phone

Our Mission

The Daytona State College Student Help Desk, Falcon-AID, is dedicated to being the first point of contact for students seeking technical assistance. Falcon-AID now works with the IT Help Desk and Falcon Online at the main Daytona State College campus to address all technical concerns with regard to the student/faculty/staff college environment.

We offer assistance with your smart devices in areas such as:

- MyDaytonaState Student Portal (New Student Portal)
- MyDaytonaState Student Portal password help
- Navigating/accessing important service areas such as: Financial Aid, Admissions, Registration, etc.
- Searching for available courses
- Falcon Online support
- Access to college DSC Wireless WIFI
- Access to Office365 through your student account
- Directions to appropriate academic departments
- Assistance with smart devices (i.e., laptops, tablets, smart phones) in topics related to college resources/services (only)
- And more...
WALK-IN HOURS (Daytona Beach Campus only)

**FALL/SPRING**
Monday – Friday 7:30 a.m. – 5 p.m. (Building 300, Room 109)
Saturday 8 a.m. - 4 p.m. (Building 210/R103A)

**SUMMER "A" – "B"**
Building 300, Room 109
Monday – Thursday 7:30 a.m. - 5 p.m.
Friday 8 a.m. – 12 p.m.
Saturday CLOSED

OVER THE PHONE SUPPORT (386) 506-3950 or extension 3950 for on-campus calls:

**FALL/SPRING**
Monday – Friday 8 a.m. – 8 p.m.
Saturday 8 a.m. – 4 p.m.

**SUMMER "A" – "B"**
Monday – Thursday 7 a.m. – 8 p.m.
Friday 8 a.m. – 12 p.m.
Saturday CLOSED

Email us at: helpdesk@daytonastate.edu

Full Cost of Instruction

The following information applies to courses attempted at Daytona State College only. Courses completed at another institution and transferred to Daytona State are not impacted by the following rules.

**Maximum attempts for full cost of instruction in each course:**

Students are normally permitted to enroll in the same course a maximum of three times. Students will be assessed 100 percent of the full cost of instruction (the out-of-state tuition rate) on the third attempt unless the college grants a one-time exception to the student due to extenuating circumstances or financial hardship. Students may not withdraw from the third or fourth attempt.

Students are permitted to appeal to take a course a fourth time if they were unsuccessful during their third attempt due to major extenuating circumstances. Students will be assessed the full cost of instruction on the fourth attempt. There is no appeal to reduce the full-cost assessment on the fourth attempt. All grades from the third and subsequent attempts will be calculated in the student's grade point average. 

A fifth attempt is not allowed under any circumstances.

Application forms for an appeal are available at the Question & Answer Center on any Daytona State campus, online at the Registration website, or from the Enrollment Services staff on any campus. The full-cost assessment is the equivalent of the nonresident fee for courses. Additional fee information is available in the Student Accounts section of this catalog under the Tuition and Fee Information heading (p. 96).

**Grade forgiveness policies:**

Grade forgiveness applies when students repeat the same course in which they earned a "D" or "F" grade. The highest earned grade will be used in the calculation of GPA and graduation requirements. (A subsequent "W" grade will not replace an earned grade.) Students may not repeat the same course to improve a "C" grade or better. However, the college will allow a student who returns to Daytona State, or transfers to Daytona State after an extended period of time has elapsed since they had completed a developmental class to repeat that class under certain circumstances. The college has established a process that allows students to retake a developmental class completed successfully, if their absence from college has been two years or more, and the student retests into the developmental course level. In such cases, students are offered the choice of repeating or moving forward with the understanding that financial aid will not be awarded for a repeated course.

**Course Repeats:**

Students are not permitted to repeat courses in which a grade of "C" or better was earned. This includes a grade of "C" or better transferred in from another institution. Students may repeat a course for grade forgiveness twice. Upon the third attempt in the same course, the highest grade earned is a final grade and cannot be forgiven. Students should understand that other institutions may not honor Daytona State's grade forgiveness policy. As a result, students' grade point averages may change when they transfer to another institution. In addition, repeating courses to improve grades may impact a student's financial aid award. Students receiving financial aid should contact the Financial Aid Office prior to repeating any courses. Courses that are designed as "repeatable courses" in the Course Descriptions area of the college catalog may be repeated and are not subject to the forgiveness policy.

**Withdrawal Policy:**

Students may withdraw from a course any time prior to the final withdrawal date. Students are responsible for the completion of the formal withdrawal process. The withdrawal date deadlines are published in the college's academic calendar. Students who remain enrolled in courses after the final withdrawal date will be assigned a final grade for the course from the faculty. Students are permitted a maximum of two withdrawals in the same
course. Upon the third attempt in the same course, a student will not be permitted to withdraw and will be assigned a final grade other than "W" (withdrawal). Students who drop any course during the schedule adjustment period or who enroll in a course as an audit student are not impacted by this policy.

Online Orientation
Orientation is an important step in getting started in the right direction! Our Orientation program is geared toward awareness, engagement and student success. Moving to an interactive platform, the orientation is administered with multiple short videos. These videos provide a general overview of academic programs, enrollment, important dates, financial aid, Title IX and the various departments available to assist you during your time at Daytona State College.

All new and readmitted students pursuing a degree or certificate program are required to complete Online Orientation. The following programs/majors are excluded from the Orientation requirement (*):

- Apprenticeships, including 1020 Child Care Specialist, 1071 Electrical Non-Union, 1072 Electrical Union, 1070 Plumbing Union Special Credit, including 0001 Non-Degree, 0002 Employment, 0004 and 0007 Transient, including 0005 Daytona State HS, 1056 Firefighter II (1156) 1051 Law Enforcement Training (1151) 0960 Emergency Medical Technician (1960) 0957 Paramedic (1957) 2208 Emergency Medical Services (2108) 1050 Correctional Officer Recruit Training (1150)

The online version is available under Online Services at DaytonaState.edu. You will be required to enter your Username and password. Your college password will be Dsc (Capital D, lowercase s, lowercase c) + Your birthdate (in MMDDYY format) + The last five digits of your social security number. Example: With a birthdate of January 1, 1990 and a social of 123-45-6789, Your default password would be Dsc01019056789 After you are logged into the portal, just click on the tab that says "My Academics" and you will find the option for orientation. Online Orientation can be accessed from any computer with Internet access (home, work, public library or Daytona State computer labs). Orientation also can be accessed by going to DaytonaState.edu/orientation.

If you have questions about Orientation, contact advising@DaytonaState.edu or call (386) 506-3661.

MyDaytonaState Online Enrollment
MyDaytonaState is a convenient, secure way to access the information and transactions you need online around the clock. Privacy is of the utmost importance to us and your educational records are protected by FERPA. You can learn more about FERPA and other consumer information in the Student Consumer section (p. 76) of this catalog.

Step-by-step guides for navigating your student portal can be found at www.daytonastate.edu/help

Browse College Catalog
View and print the most current version of the Daytona State College catalog.

Class Registration
Enroll/drop/swap classes under the My Academics section of your portal. Be sure to review your tuition due date, and pay your bill, located under the My Finances section.

College Communications
Daytona State will communicate using its college-sponsored email system and the MyDaytonaState portal. Students must check FalconMail routinely and review the information within MyDaytonaState. Information regarding Registration & Records, including holds, transcript evaluation, appeals and graduation, are communicated through FalconMail. Financial Aid and Student Account information is available under the My Finances tab in the student portal.

Course Availability
Search the available course offerings to look for open classes that meet your personal scheduling needs by reviewing My Academics > Enrollment > Add Classes > My Requirements.

FalconMail (Student Email)
FalconMail is email available to all current students, faculty and staff at Daytona State College.

Financial Aid Award Status
Any missing documents are visible under the ‘My Student Finances Quicklook’ section of your portal. View your detailed financial aid status by clicking My Finances > View Financial Aid.

MyDaytonaState Username and Password
Before you can access MyDaytonaState you will need your username and password.

Your username is: yourfirstname_yourlastname@daytonastate.edu
Your password is: Dsc (Capital D, lowercase s, lowercase c) + Your birthdate in MMDDYY format + the last five digits of your social security number.

Example: Birthdate of January 1, 1990 with a social of 123-45-6789 the password would be Dsc01019056789
We STRONGLY encourage you to utilize the password manager to change your password upon first successful login. Student privacy laws prevent us from changing passwords based on a telephone or email request.

Personal Information
Update your personal information by clicking on the “My Profile” section so College staff can contact you about courses, events and upcoming registrations.

Student Help Desk
Provides you with troubleshooting information and frequently asked questions about using the Web, MyDaytonaState and some basic computing tutorials. NOTE: This is not a live, technical support site. NOTE: Live technical is support available during college work hours.

Transcript Requests
View and print your unofficial transcript via MyDaytonaState > My Academics > Records > View Unofficial Transcripts. Official transcripts must be ordered online using your MyDaytonaState account.

View Student Schedule/Grades
Look up your schedule and/or your grades in the My Academics section of your portal. Grades are not mailed each semester.

Student Identification Cards
Student identification cards will give you access to the library, aquatic center, fitness center, computer commons and student activities. To obtain a free ID card, take a copy of your class schedule and a picture ID to Campus Safety on the Daytona Beach Campus, or to the Enrollment Services Office on a regional campus.

Deltona Center - Administration Bldg. 1
Flagler/Palm Coast Campus – Administration Bldg. 1
New Smyrna Beach-Edgewater Campus - Administration Bldg. 1
Advanced Technology College - Administration Office

Transient Students to Other Institutions

Outgoing Transient Students
Definition: Daytona State College students currently enrolled in a degree or certificate program who want to take courses at another regionally accredited institution, to apply the credits at DSC to fulfill remaining program graduation requirements. DSC is the home institution, while the other institution is the host institution.

Outgoing transient students must:
1. Be currently enrolled in a degree or certificate program at DSC with graduation credit requirements remaining.
2. Be in good academic, financial and judicial standing, with no absolute holds.
3. Have a cumulative GPA of 2.0 or better. (First-semester DSC students also must be co-enrolled in Daytona State College courses.)
4. Be able to apply their transient course requests toward current degree or certificate requirements at DSC.
5. Already have met all placement requirements and prerequisites for the requested courses. If applicable, test scores for placement must not be expired.

For assistance in determining these guidelines, students are strongly encouraged to visit with an Academic Advisor at any Daytona State campus.

General transient information:
Students must remember that the college residency requirement is 25 percent of the degree requirements.

When applying for transiency, students may need to provide the Records Office with a course description for each transient course requested. This must accompany the Transient Form.

All tuition and fees owed to the host institution are to be paid directly to that institution. If applicable, potential reimbursement via financial aid would follow.

Students who attempt transient courses at a host institution must provide an official transcript with final grades from the host institution upon completion of the transient courses. Note: As an exception to our general transfer grade amnesty policy, all transient course attempts, including those with grades of F or W, will be posted to a student's Daytona State transcript.

How to apply to be a transient student:

Paper form
Students wishing to attend a private or out-of-state institution must submit a paper Transient Form to the Records Office. The form is available at any Daytona State campus or online at http://www.daytonastate.edu/recreg/forms.html.
1. If applicable, the student must have the approval of the associate of science/certificate program chairperson before the form can be processed.
2. Students wishing to receive financial aid while taking courses at another college as a transient student must complete a consortium agreement indicating the course
name, credits and cost signed by the other college and presented to the Daytona State Office of Financial Aid. Note: Effective in 2012-2013, Florida’s public colleges and universities may have an overall consortium agreement administered by floridashines.org, so individual agreements may not be necessary.

3. Students receiving veteran's benefits must obtain approval from the Veteran's Affairs Office.

**Transferring courses back to Daytona State:**

Failure to provide DSC with an official transcript from the host institution may affect a student's financial aid status, if applicable.

It is the student's responsibility to provide the Office of Admissions with an official transcript upon completion of approved coursework. Daytona State is not responsible for the acceptance of any credit other than the credits approved by Daytona State. Transient credit hours will be recorded on the Daytona State transcript and will be computed into the cumulative GPA.

**Question and Answer Center**

The Question and Answer Center, located in the Wetherell Center (Bldg.100), room 119, on the Daytona Beach Campus is where students can go to complete many student services in one place. Similar services are available at all regional campuses Enrollment/Falcon Center offices. Services include the following:

- Appeals Applications
- Enrollment Verification Requests
- Independent Study Requests
- Reinstatement Requests
- Late Registration Requests
- Registration Issues
- Request Official Transcripts
- Request Transient Form at flvc.org
- Unofficial Transcripts
- Request Enrollment Verification
- Reset Student Password
- Student Advocate

The Falcon Center is located in the Wetherell Center (Bldg.100), room 105, on the Daytona Beach Campus. Similar services are available at all regional campus Enrollment/Falcon Center offices. The Falcon Center is a student service center where students can complete online registration and other college transactions. Students can receive help navigating online student services at the Falcon Center on any campus. Students also can complete the following transactions online or in the Falcon Center.

- Add/Drop
- Change of Address
- Orientation
- Pay Tuition Online
- Print Class Schedule
- Register
- Reset Student Password
- Request Official Transcripts
- Request Enrollment Verification
- Withdraw from Classes
- Request Transient Form at flvc.org
- Unofficial Transcripts

**Enrollment Terminology**

Daytona State offers college credit and vocational courses as well as college preparatory courses. Students may attend full-time or part-time.

- **College Credit** - Courses that typically lead to a bachelor’s or associate degree or college credit certificate, and may transfer to other regionally accredited institutions.

- **Vocational Credit** - Courses that typically lead to a certificate and do not transfer to other postsecondary institutions.

- **College Preparatory Courses** - Courses are designed to help students achieve a specific skill level. Credits earned in preparatory courses will not transfer and are not calculated in a student's grade point average (GPA). Students may not audit a preparatory class.

- **Audit** - Students who do not want to earn college credit for a course or have taken the course before and received a grade of "C" or better may audit a course prior to the class start date. College preparatory courses may not be audited. All requisites apply when auditing a course.

- **Semester Hours** - The number of credits assigned to a specific course. The number of hours per week of class varies.

- **Semester** - A 15 or 16-week (also two seven-week sub sessions) period during the fall and spring when classes are in session. Multiple summer sessions are offered starting at various times.

- **Full-Time Status** - A student enrolled in 12 or more credit hours during any semester is considered full-time. A student may combine hours for all sub-sessions within the semester to establish full-time status. Enrollment status may be calculated differently for financial aid and veterans benefits.

- **Three-Quarter-Time Status** - A student enrolled in nine to 11 credit hours during a semester. A student may combine hours for all sub-sessions within the semester to establish three-quarter-time status. Enrollment status may be calculated differently for financial aid and veterans benefits.
• **Half-Time Status** - A student enrolled in six to eight credit hours during a semester. A student may combine hours for all sub-sessions within the semester to establish half-time status. Enrollment status may be calculated differently for financial aid and veterans benefits.

• **Less Than Half-Time Status** - A student enrolled in less than six credit hours during a semester. Enrollment status may be calculated differently for financial aid and veterans benefits.

• **Academic Calendar Year Definition** - An academic calendar year starts with the fall term and continues until the end of the next summer term.

---

**Student Accounts**

**BankMobile Disbursements**

Daytona State College (DSC) has partnered with BankMobile (formerly Higher One) to deliver student refunds. We are committed to delivering 100% of your refund at no cost, providing students with clear choices and offering great customer service.

**How It Works**

**Getting Started**

Each registered student will be sent a Refund Selection Kit in the mail at your current address on file with the College. You should receive it in the mail approximately 7-10 business days from the date of your first registration for college credit or vocational courses (note: Adult Education and Continuing Workforce Education students are not mailed the selection kit). All refunds are disbursed by BankMobile. DSC does not issue refund checks. Regardless of whether you anticipate that you will receive a refund, it is important for you to choose a refund preference. **Do not discard your personal refund code contained in the Refund Selection Kit.**

_Look for the bright green envelope_

**Selecting Your Refund Preference**

In order to receive a refund, you must select a refund preference. Your refund options are:

1. **Electronic deposit to an existing bank account.** Money is deposited to your Vibe Account the same business day BankMobile receives the funds from DSC. To access the secure site to make your refund preference, go to RefundSelection.com and use the personal code mailed to you in the Refund Selection Kit. If you inadvertently discarded the code, you can contact the Office of Student Accounts at 386-506-3024 to request a new code.

2. **Electronic deposit to a BankMobile Vibe account.** Money is deposited to your Vibe Account the same business day BankMobile receives the funds from DSC.

Contact BankMobile Disbursements

Contact BankMobile Disbursements

**Accessing ATMs**

You can use your BankMobile Debit Mastercard to withdraw cash without a foreign ATM fee at any of the Allpoint Network ATMs. Go to Allpointnetwork.com for locations.

**e-Cashier Payment Plan**

Daytona State College is pleased to partner with Nelnet Business Solutions to offer a tuition installment plan. Enrollment is easy and completed online, so it eliminates the need to come in to one of the campuses. Students can either choose automatic ACH bank transfers or automatic credit card payments to make their tuition installment payments. Payments are processed automatically on the 5th of each month. There is no interest, but there is an enrollment fee that varies ($30, $35 or $40) depending on the number of installment payments in the plan.

To enroll:

- Log in to My.DaytonaState.edu
- Locate the My Finances tab at the top of the page
- Click on the "enroll in payment plan" link

Once the school receives confirmation of your enrollment, a hold will be placed on your account to keep your courses from being dropped until the college receives payment from Nelnet. You will only be able to have one agreement per semester. You should register for your A term courses and your B term courses at the same time.

If you stop making your tuition installments, your agreement will be terminated and your courses will be dropped if not paid in full within 48 hours. Any refunds for previous payments made will not occur until the funds are received by the college, which may be up to 45 days after the last day to drop/add courses for the semester.
Check the Student Accounts web page for Important Dates for the e-Cashier for each semester.

Click here for more information on the payment plan options.

If you have any questions regarding the e-Cashier payment plan, please contact the Office of Student Accounts by email at studentaccounts@DaytonaState.edu or by phone at 386-506-3024.

Falcon Loans, Book Deferments and Other Receivables

Falcon Loans

Falcon Loans have been replaced with the e-Cashier Payment Plan; however, a limited amount of Falcon Loans may be available when the e-Cashier has closed. Generally, students must make a down payment of 50 percent of the cost of tuition. The Falcon Loan will be awarded to cover the other 50%. A service charge of $45.00 per loan will be assessed in lieu of charging interest.

Loans for full-semester courses are due 60 days from the start of classes. Loans for 7-week classes or late-start classes vary but will always be due before the end of the semester. If the loan is not paid in full by the due date, a late fee will be added to the account. Late fees are 5 percent of the total amount due OR $10.00, whichever amount is greater.

From the date the loan is awarded until it is paid in full, a hold will be placed on the borrower’s records, diplomas and transcripts. The hold will also prevent any future registration activity including withdrawals. The loan will be referred to an outside collection agency and to appropriate credit bureaus in the event of default. Resulting collection fees will be added to the original loan and the student must pay these fees and attorney’s fees if applicable.

Falcon Loans are available in the Office of Student Accounts on the Daytona Campus or in the Enrollment Center on any other campus.

Book Deferments

Book deferments are available to students who have applied for financial aid and have submitted all required paperwork but who have not yet been awarded. Deferments are based on the number of credit hours the student is enrolled:

<table>
<thead>
<tr>
<th>Student is Registered For</th>
<th>Book Loan Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 – 5 credits</td>
<td>$200</td>
</tr>
<tr>
<td>6 – 8 credits</td>
<td>$325</td>
</tr>
<tr>
<td>9 – 11 credits</td>
<td>$500</td>
</tr>
</tbody>
</table>

| 12 or more credits       | $650             |

Additional amounts may only be approved with appropriate written documentation verifying the cost of the books or required supplies.

Book deferments can only be used for new purchases and cannot be used on previous purchases. Funds may be used to purchase required books and supplies only. If a student does not use the full amount of the deferment, the charge to the student account will be reduced to the actual amount spent at the bookstore. Books that are returned to the bookstore will be credited back to reduce the amount of the deferment if they are returned by the bookstore refund deadline. No cash refunds will be given.

Unpaid book deferments will result in a negative service indicator being placed on the student's records, diplomas and transcripts. This service indicator will also prevent any future registration activity including withdrawals. Outstanding deferments will be referred to an outside collection agency and to appropriate credit bureaus in the event of default. Resulting collection fees will be added to the deferment amount and the student must pay these fees and attorney’s fees if applicable.

Book Deferments are available in the Office of Student Accounts on the Daytona Campus or in the Enrollment Center on any other campus.

Veterans Deferment

Veterans eligible for VA education benefits are granted a deferment once per academic year. See the Veterans Specialist in the Veteran's Center in Building 130, Room 124, on the Daytona Beach Campus to apply for a deferment. The deferment may be for up to 60 days, but will always be due before the end of the semester. This deferment must be paid by the due date whether or not benefit checks are received from the United States Department of Veterans Affairs.

From the date of this deferment until it is paid in full, a negative service indicator will be placed on the borrower's records, diplomas and transcripts. This service indicator will also prevent any future registration activity including withdrawals. The deferment will be referred to an outside collection agency and to appropriate credit bureaus in the event of default. Resulting collection fees will be added to the original deferment and the student must pay these fees and attorney’s fees if applicable.

Emergency Loans

Limited funds may be available to assist students with an emergency or crisis financial situation. These funds are not intended to substitute for financial aid and will be deducted from the first available financial aid the student may
subsequently receive. The funds are awarded based upon an individual's documented need.

You may have up to 60 days to repay the loan; however, the loan may be due sooner depending on the number of days remaining in the semester. If the loan is not paid in full by the due date, a late fee will be added to the account. Late fees are 5 percent of the total amount due OR $10.00 whichever amount is greater.

From the date the loan is awarded until it is paid in full, a negative service indicator will be placed on the borrower's records, diplomas and transcripts. This service indicator will also prevent any future registration activity including withdrawals. The loan will be referred to an outside collection agency and to appropriate credit bureaus in the event of default on the loan. Resulting collection fees will be added to the original loan and the student must pay these fees and attorney's fees if applicable.

**Title IV Repayment**

A Title IV Repayment is a receivable that results from a mandatory federal requirement to return Title IV funds to the U.S. Department of Education when a student withdraws or ceases attending all classes. Title IV funds include Pell Grants, SEOG Grants and Direct Student Loans. Financial aid awards are based on attendance for the entire semester. When the student withdraws or ceases attendance prior to completing at least 60 percent of the semester, the federal government has determined that the student has not earned the entire amount of the grant or loan. Therefore, the unearned portion must be returned to the appropriate federal aid program.

The student will initially be notified by the Financial Aid Department of any Title IV Repayments. The Office of Student Accounts will follow up with several notices to the student. If the Title IV Repayment is not paid by the due date, this obligation will be referred to an outside collection agency and to appropriate credit bureaus. Resulting collection fees will be added to the original debt and the student must pay these fees and attorney's fees if applicable.

**Financial Aid Repayment**

A financial aid repayment is a receivable that results from a reduction in a student's financial aid award. The receivable may be for tuition, a book voucher, or a refund the student received before their aid was reduced. Financial Aid may be reduced because the student either dropped all classes, reduced their registered hours (ie. dropped from full-time to half-time) or otherwise became ineligible for financial aid.

The Office of Student Accounts will notify the student of a Financial Aid Repayment and will follow up with additional notices to the student. If the Financial Aid Repayment is not paid by the due date, this obligation will be referred to an outside collection agency and to appropriate credit bureaus. Resulting collection fees will be added to the original debt and the student must pay these fees and attorney's fees if applicable.

**Misc. Accounts Receivable**

These receivables result from various different scenarios. It may be that a student had a financial aid deferment and then was either not awarded any aid or was not awarded enough to cover the student's tuition and fees. It may be the result of a balance remaining for an access fee, lab fee or online fee. Or, it may be that a third-party sponsor declined to pay and the receivable is now the student's responsibility.

Regardless of the reason for the receivable, the Office of Student Accounts will notify the student of the outstanding obligation and will follow up with additional notices to the student. If the receivable is not paid by the due date, this obligation will be referred to an outside collection agency and to appropriate credit bureaus. Resulting collection fees will be added to the original debt and the student must pay these fees and attorney's fees if applicable.

**Financial Aid Disbursements**

**Direct Loans**

Direct Loans are disbursed by the Office of Student Accounts according to federal regulations. All Direct, Alternative and PLUS loan funds will be sent to the College electronically (by EFT). Loan funds will be disbursed each semester once the registration period is over and once attendance verifications are completed by the instructors. Disbursement dates are listed on the Student Accounts home page under Important Dates.

A student must be registered and currently attending at least 6 credit hours before loan funds may be released. Students enrolled in late-start courses are not eligible to receive loan funds until at least 6 credit hours are in progress and attendance verification has been completed by the instructor. Direct Loans for first-time and/or first-year borrowers may not be disbursed until 30 days after the first day of classes. A first-year student is defined as a student who has not completed a minimum of 30 credits in the student's current course of study. If you are a new borrower at Daytona State College, you must complete Federal Direct Loan Entrance Counseling before the funds will be disbursed. Entrance counseling can be completed on the Web at www.studentloans.gov.

Federal regulations require loan disbursements to be made in two disbursements. If you attend both Fall and Spring semesters, you will receive one disbursement of one-half
of the total loan proceeds in each semester (as long as enrollment in at least six credits is maintained). If you attend one semester only, you will still receive the loan proceeds of one-half of the total loan amount in two disbursements. However, per federal regulations, the second half of the loan may not be disbursed until a minimum of one-half of the semester has elapsed. Furthermore, students who have less than 6 credits for the A term plus additional classes for the B term will not be disbursed any loan funds until the student is attending the B term (at least 6 credit hours total for A and B) and attendance has been verified by the instructor. Check the Student Accounts home page under Important Dates for first and second disbursement dates.

A process to post Direct Loans to the student account is run once a week on Wednesday night. In order for financial aid to post, the student must have completed the Financial Aid 101 Seminar. Once a loan is posted to the student account the College will begin the process of verifying the loan and requesting funds from the federal government. Only those funds that have posted to the student account are actually sent to the College. The College will receive the funds just in time to refund to students on Friday. Refunds are generally available to students between 3 and 6 p.m. on Friday.

All loan funds will be refunded through Bank Mobile using the refund preference selected. Tuition, book deferments, book vouchers and any other outstanding balances due the College will be deducted first before any remaining funds are refunded to the student. Refunds are processed according to the refund method that was chosen when the Refund Selection Kit was processed or when the Refund Preference was last updated. You will receive an email or text message from our partner Bank Mobile when your refund has been processed.

**Parent PLUS Loans**

Parent PLUS loan funds are sent to the College electronically (by EFT). The parent has the option to have the loan disbursement sent to the parent or to the student. The parent will indicate when applying for the Parent PLUS Loan if they want a check mailed to him/her or if they want the student to receive the refund once all outstanding balances for the student have been paid. If payable to the parent, a paper check will be mailed. If payable to the student, the refund will be processed through Bank Mobile using the refund preference selected.

**Book Vouchers**

Book vouchers are available on each campus for registered students whose anticipated financial aid exceeds the student's tuition and fees for the current semester. Financial aid is defined as federal direct loans and any refundable grants or scholarships the student may be awarded for attendance at Daytona State College. Book vouchers are based upon the number of hours the student is enrolled and upon the credit balance remaining after all tuition and fees have been paid. If there is a sufficient credit balance on the student's account, book vouchers are disbursed in the following increments:

<table>
<thead>
<tr>
<th>Student is Registered For</th>
<th>Book Voucher Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 – 5 credits</td>
<td>$200</td>
</tr>
<tr>
<td>6 – 8 credits</td>
<td>$325</td>
</tr>
<tr>
<td>9 – 11 credits</td>
<td>$500</td>
</tr>
<tr>
<td>12 or more credits</td>
<td>$650</td>
</tr>
</tbody>
</table>
Book vouchers may be issued for partial amounts if there is a remaining credit balance but it is not sufficient to cover the maximum amount allowed. If a student drops classes after receiving a book voucher or otherwise becomes ineligible for the original amount of financial aid, the student will be responsible for repaying the amount of the book voucher back to the College.

The book voucher information will be transmitted electronically to the bookstore at multiple times throughout the day. Once the Bookstore has received the file and uploaded it to their system, students may go to the Bookstore or go online to make their purchases. The last day to make purchases using a voucher is the next business day after the last day vouchers are issued.

Students must wait until at least the first day of vouchers for the semester to go to the bookstore. If the amount of the voucher changes due to a change in the number of registered hours, etc. the new amount will be sent to the bookstore. Please allow 24 hours for the update to occur. See the Important Dates section on the Student Accounts homepage for the dates vouchers are available each semester.

Financial Aid Refunds

If there is a credit balance remaining on a student's account after all obligations are paid, then a financial aid refund will be generated. Financial aid refunds are not generated until registration is over and until the instructors have completed their attendance verifications. The attendance verifications must be complete for each class that a student is registered for or the financial aid refund will be delayed.

In order to receive a financial aid refund, the student must select a refund preference at www.refundselection.com. One option is to open a free checking account through Bank Mobile and to have the refund directly deposited into this account. The other option is to have the refund transferred to a checking or savings account with an existing bank.

For additional information contact the Office of Student Accounts at 386-506-3024 to speak to a Student Account Specialist. Financial aid refunds that are not deliverable to a student because the student has not selected a refund preference will be returned to one of the U.S. Department of Education Title IV programs or to the State of Florida Unclaimed Property Division in accordance with applicable federal regulations or state statutes.

Florida Prepaid College Program

The Office of Student Accounts will bill the Florida Prepaid College Program on the student's behalf. In order to have the Florida Prepaid College Program applied to tuition and fees, the student must either bring in their Florida Prepaid card to the Office of Student Accounts or fax a copy of the card to 386-506-4443. It is the student's responsibility to specify how many hours they would like applied to their student account. Florida Prepaid will cover the following amounts for 2016-2017:

- **Regular Account** $92.66 per credit hour
- **Local Fees Account** $104.48 per credit hour
- **Vocational Courses** $80.42 per credit hour
- **Baccalaureate Courses** $107.12 per credit hour
- **Baccalaureate w/ Local Fees** $120.89 per credit hour
The Florida Prepaid program does NOT cover access fees, assessment fees, lab fees, or online fees. The student must pay any remaining balance due after Florida Prepaid has been applied by the tuition due date to avoid cancellation of classes for nonpayment. If a student adds a course after the initial award is applied, it is the student's responsibility to notify the Office of Student Accounts so the award can be adjusted accordingly. If the Florida Prepaid College Program declines to pay any amount billed, the outstanding balance due becomes the student's responsibility to pay.

**Third-Party Billings**

The Office of Student Accounts has agreements with various third-party sponsors to bill for tuition and fees on the student's behalf. Each semester the student must submit an authorized Letter Of Intent from the third party who is guaranteeing payment on behalf of the student. This guarantee may NOT be contingent upon the student receiving a particular grade and may NOT be contingent upon the student completing the course. After the 100-percent refund date, bills are generated and mailed to the third-party sponsors. If the third party fails to pay the amount billed, the outstanding balance due becomes the student's responsibility to pay.

**Outside Agency Scholarships**

The Office of Student Accounts receives scholarship funds from various outside agencies. All outside agency scholarships should be accompanied by a letter from the agency which provides instructions to the Office of Student Accounts as to how the scholarship should be applied. The scholarship will be applied to the student's account once the student has registered for the designated semester. If allowed by the donor and if the scholarship is in excess of the student's tuition, the student may use a book voucher at the designated time. Any remaining credits will either be returned to the agency or refunded to the student depending upon the agency's instructions. These student refunds will be handled in the same manner as other financial aid refunds.

**Refunds**

**Refund Overview**

The dates to drop a course with a refund are established for each semester and published in the Academic Calendar and in each semester’s Schedule of Classes. Drop deadlines for “late start” classes can be found at FalconNet Online Services under Online Course Availability or on your Schedule and Fee Statement. Please check the dates carefully. Refunds will not be given after the deadlines. Students who withdraw from a course will not be entitled to a refund. In addition, any outstanding balances must be paid in full prior to processing the withdrawal.

Students who pay for courses by credit card will be refunded by crediting back that same credit card in approximately 7 to 10 business days following the official drop. Students who pay for their courses by cash or check will be refunded through the Daytona State BankMobile Disbursement (p. 89) process. Each new student will be mailed the Daytona State BankMobile card when the student registers for classes for the first time.

To receive a refund, you must activate your Daytona State BankMobile card. During this process, you will choose between two options for receiving your refund. You may elect to have your refund directly deposited to your Daytona State OneAccount (funds will be deposited within 1 day or less) or you may elect to have your refund deposited to another bank account of your choice (funds will be deposited in 2 – 3 business days). For additional information regarding refunds go to BankMobile Disbursements (p. 89) or contact the Office of Student Accounts at (386) 506-3024 to speak to a Student Account Specialist.

**Refunds will be based upon the following:**

1. **College Credit and Vocational Credit Courses**
   - A 100 percent refund will be given if a student drops a course(s) by the date published in the College’s academic calendar. For classes that meet on the weekend only, students will have until the next business day following the first scheduled class meeting to drop with a refund.

2. **Continuing Education and Lifelong Learning Courses**
   - Courses lasting one week or less - A 100 percent refund will be given if you drop a course before the first scheduled class meeting.
   - Courses lasting longer than one week - A 100 percent refund will be given if you drop a course within five working days from the date of the first scheduled class meeting.

3. **Student Appeals**
   - Appeals to drop with a refund after the published deadline must be based upon extraordinary circumstances beyond your control. Supporting documentation is required before the appeal may be considered. For additional information about student appeals, contact the Office of Appeals at (386) 506-3781. Appeal forms are available at all campuses.

**Stop Payments and Stale Checks**

If a student believes he/she was entitled to a refund which was never received, contact the Office of Student Accounts at 386-506-3024 for more information. It may be that a refund is still pending but is unable to be disbursed because the Daytona State BankMobile Card has not been activated. If the refund has not been returned to the college,
the only thing needed is for the student to go to BankMobile Disbursements (p. 89) to activate the Daytona State BankMobile Card and choose a refund preference.

If the refund was returned to the College because the disbursement period elapsed before the Daytona State BankMobile Card was activated, a student may request to have these funds reissued if they have not been forwarded to the State of Florida Unclaimed Property Division or to one of the U.S. Department of Education Title IV financial aid programs. First, the Daytona State BankMobile Card must be activated. In addition, a request to have the refund reissued must be completed and submitted to the Office of Student Accounts. A refund would then be processed in 7 – 10 business days according to the refund method chosen during the card activation.

Refunds that go unclaimed will be returned to the State of Florida Unclaimed Property Division as required by the State of Florida Unclaimed Property Act or, if applicable, will be returned to one of the U.S. Department of Education Title IV financial aid programs.

Students who had a refund check issued by Daytona State that was never cashed, may wish to have a stop payment placed on the original check and to have a new check issued. A Stop Payment Form must be completed and submitted to the Office of Student Accounts. The Accounting Department will verify that the check was never cashed and reissue a new one if necessary. If it is believed that someone other than the student cashed the check, then the student must contact the Accounting Department at 386-506-3595 to file a Fraud Affidavit. A check will not be reissued to the student unless the funds are recovered by the bank and re-deposited into Daytona State’s bank account.

Dropped Class Refund Policy

The dates to drop a course with a refund are established for each semester and published in the academic calendar and in each semester’s schedule of classes. Please check the dates carefully. Refunds will not be given after the deadlines.

Any refund due to the student will be applied to any outstanding obligations before any remaining refund is issued. In the event of a nonrefundable waiver or scholarship, or in the event of a third-party sponsorship payment, the student’s refund will revert back to the waiver, scholarship or third party.

Refunds for Adult Education, Continuing Education, or Lifelong Learning courses will be refunded back to the original credit card used for payment or will be refunded by DSC check for payments originally received by cash or check.

Students who pay for college credit courses by credit card will be refunded by crediting back that same credit card in approximately seven to 10 business days following the official drop. Students who pay for their college credit courses by cash or check will be refunded through Bank Mobile.

To receive your refund, you must select a refund method at bankmobilevibe.com. During this process, you will choose between two options for receiving your refund. You may elect to have your refund directly deposited to your Bank Mobile Vibe account, or you may elect to have your refund deposited to another bank account of your choice. For additional information regarding refunds go to bankmobilevibe.com or contact the Office of Student Accounts at (386) 506-3024 to speak to a student account specialist.

Refunds will be based upon the following:

1. College Credit and Vocational Credit Courses
   a. A 100-percent refund will be given if a student drops a course(s) by the date published in the College’s academic calendar. For classes that meet on the weekend only, students will have until the next business day following the first scheduled class meeting to drop with a refund.

2. Continuing Education and Lifelong Learning Course
   a. Courses lasting one week or less - A 100-percent refund will be given if you drop a course before the first scheduled class meeting.
   b. Courses lasting longer than one week - A 100-percent refund will be given if you drop a course within five working days from the date of the first scheduled class meeting.

3. Adult Education Courses
   a. A 100-percent refund will be granted if the student drops the course(s) within 3 business days of the completion of the orientation or within 3 business days from the start of classes if the orientation was completed in the previous semester.

4. Student Appeals
   a. Appeals to drop with a refund after the published deadline must be based upon extraordinary circumstances beyond your control. Supporting documentation is required before the appeal may be considered. For additional information about student appeals, contact the Question and Answer Center. Appeal forms are available at all campuses.

Withdrawals for Tuition Purposes

Students who withdraw from a course will not be entitled to a refund. In addition, any outstanding balances for withdrawn courses must be paid in full prior to processing the withdrawal.
Tuition and Fee Information

Refer to the MyFinances tab on the My.DaytonaState.edu portal to perform an Account Inquiry to check for any outstanding balances due and the corresponding due date. If fees are not paid in full by the due date, your registration will be canceled and your classes dropped.

After classes begin, additional late registration fees or reinstatement fees may apply and payment of all charges will be due at the time of registration.

You may pay your tuition and fees by cash, check, money order, debit card, VISA, MasterCard, Discover Card or American Express. Online payment processing is available through the MyDaytonaState portal. Payments may also be made in person at any campus or by mail. Please DO NOT SEND CASH BY MAIL.

YOU SHOULD KNOW THAT:
• Daytona State's tuition and fees are based upon your status as a legal permanent Florida resident.
• Daytona State follows the state's guidelines regarding residency for tuition purposes. Students who have not completed the residency process completely, or those whose residency cannot be determined, will be charged the non-resident rate until a final determination is made.
• Fees to audit a course are the same as the cost of a credit course.
• Many courses require lab fees, distance learning fees, and/or insurance fees in addition to per credit tuition charges.
• Full-cost charges (equivalent to non-resident tuition charges) will be assessed to students who repeat a course(s) for the third time. (See Full Cost of Instruction, Maximum Attempts, Grade Forgiveness and Withdrawals (p. 85) for more information.)
• Personal checks are accepted only for the exact amount of fees.
• Students assume the responsibility to drop classes before the end of the drop period for each term and session. Otherwise, payment will be expected, regardless of attendance. Please review the Academic Calendar for these important dates for each term and session.
• Students accept responsibility for meeting the prerequisite course requirements for every class in which they are enrolled. It is the student's responsibility to withdraw from a course if they withdraw from or fail a prerequisite class. If the student decides to remain in the class without meeting the prerequisite, the student will do so at their own discretion and liability.
• If you need financial assistance, contact the Financial Aid Office before you register. Veterans eligible for VA education benefits are granted a deferment once per academic year. The deferment may be for up to 60 days, but will always be due before the end of the semester. Consult the Veterans Specialist in Building 130, Room 124, on the Daytona Beach Campus.
• All unpaid obligations, regardless of whether they are past due or current, result in a hold being placed on student records, diplomas, transcripts and registration activity until the obligation is paid in full.

EXCESS HOURS ADVISORY STATEMENT

Since many of our graduates will eventually transfer to a state university, students should be aware of a new provision affecting the tuition charges at the universities. Section 1009.286, as amended Florida Statutes, establishes an "excess hour" surcharge of 100% for a student seeking a baccalaureate degree at a state university. It is critical that students, including those entering Florida colleges, are aware of the potential for additional course fees.

"Excess hours" are defined as hours that go beyond 115% of the hours required for a baccalaureate degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 138 credit hours (120 x 115%).

All students whose educational plan may include earning a bachelor's degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida college students intending to transfer to a state university should identify a major or "transfer program" early and be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats, as well as enrollment in courses non-essential to the intended major, may contribute to a potential excess hours surcharge.

This law was passed by the Legislature to encourage each student to complete the baccalaureate degree in the most efficient way possible.

Tuition and Fee Schedule 2017-2018

Tuition rates are subject to change based on legislative action and/or at the discretion of the District Board of Trustees.

**Other Fees**

- Application Fee: International Students Only $50 / first semester only
- Assessment Fee: $33 / first semester only
- Access Fee: $1.26 / credit hour
- Late Registration Fee: $50 / semester
- Laboratory Fees (Varies by course): $1 - $598
- Distance Learning Course Fee: $15 / credit hour
- Testing Fees: $10 - $80
- Returned Check Fee Per F.S.: 832.08 - minimum $25
- Transcript Fee: $5 / Transcript

Graduation Fee (non-refundable) – one charge per academic tier:
- High School $10
- Certificate $10
- Associate $20
- Baccalaureate $20

Collection Fees: If obligations are not paid in full upon notification by the College, these debts may be referred to an outside collection agency and to appropriate credit bureaus. Resulting collection fees will be added to the original debt and the student must pay these fees as well as attorney's fees if applicable. Furthermore, all unpaid obligations will result is a negative service indicator on student records, diplomas, transcripts and future registration activity.

**Student Development**

**Career Services**

The Career Services Department is dedicated to providing employment assistance to current students and alumni. By offering support related to career path selection, resumes and interview preparation, the Career Services Department is devoted to helping job seekers achieve their career aspirations by emphasizing student success and embracing excellence and diversity.

The services offered are available at the regional campuses as well as the main campus in Daytona Beach.

**Career Placement & Job Search Assistance**

We offer a number of services to help you secure employment. Our main priority is to help you prepare for your job search and secure employment in your field of study. We also can help you secure part-time or temporary work that is ideal for students.
Resources:
• Resume and Cover Letter Writing - We can help you build a professional resume and cover letter and help you tailor it to the jobs for which you're applying.
• Career Services Online Electronic Job Board - an opportunity to connect with employers that are specifically looking for Daytona State College students.
• Perfect Interview - An interactive, multimedia tool that helps you practice and enhance your job interviewing skills.
• Job Fairs - Offered at a variety of campuses throughout the year.

Career Planning Resources
Before you search for a job, you might need help to discover the career that is best suited to your interests, skills and values. The Career Placement Office has a number of resources to help you explore the opportunities available to you. We also can help you plan the educational path you'll need to follow in order to maximize your ability to take advantage of those opportunities.

Contact Us
The Career Services staff looks forward to helping you leverage your education and training and helping you transition into the workforce in your chosen career field. Services are available to all currently enrolled students and all alumni of Daytona State College.

The Career Services office is open from 8 a.m. – 5 p.m. The Career Services office on the Daytona Beach Campus also is open until 6:30 two nights a week. Please contact us at 386-506-3073 to verify late evening days for the current semester.

The college will close at 5 p.m. prior to all federal holidays that are observed by the college such as the Wednesday before Thanksgiving and the day before Independence Day (if a weekday).

Counseling Services

Crisis Counseling Services
Brief crisis counseling services are available on each campus by making an appointment or on a walk-in basis. A college counselor serves as a student advocate and as a resource for students in crisis. Students who have ongoing, long-term or therapeutic needs are referred to community agencies for assistance. The office staff maintains a list of available community providers for professional testing, counseling and alternative support services. Please see the most recent student handbook for more details.

The Counseling staff offers gatekeeper trainings and educational seminars at all instructional sites to help students, faculty and staff recognize the signs and risk factors in order to help prevent suicides.

Grade Changes and Disputes

I. Grade Change Request and Academic Disputes
Informal Appeals Process for Academic Disputes: The College provides an informal procedure to assist faculty and students in resolving grade disputes. The teaching faculty is authorized to issue grades based on their assessment of the student's level of performance, participation, quality and quantity of work. However, students who believe a faculty member has issued an incorrect grade(s) based on written documentation may seek recourse through the Informal Appeals Process, as outlined below: It is the student's responsibility to request a conference with the instructor(s) involved within 30 calendar days after the end of the term in which the grade was issued. If the student and the instructor agree on the terms and conditions of a grade change or grade dispute, the matter will be resolved. If the student disagrees with the instructor, the student's next step is to contact the appropriate School Chair. The School Chair may arrange a meeting with the student and/or the instructor in an effort to resolve the grade dispute. If the issue remains unresolved, the matter moves to the Formal Appeals Process.
II. Formal Appeals Process for Academic Grade Disputes

If the grade dispute is not resolved at the level of the School Chair, the student must submit a formal appeal form with supporting documentation in writing to the Question & Answer Center. The Question & Answer Center is located on all Daytona State College campuses. The Question and Answer Center staff will forward the appeal to the appropriate Associate Vice President for review and decision. The student will be notified of the decision in writing. If the student is satisfied with the decision, the matter is closed. If the student is not satisfied with the decision, the matter moves to the administrative review process. Reasonable accommodations will be made for distance learning students who are not able to attend meetings on one of the college's campuses.

Administrative Review Process for Academic Grade Disputes

If the student is not satisfied with the decision made by the Associate Vice President, the student may request an administrative review process to the Vice President of Academic Affairs and/or the Vice President of Student Development. The student must submit a written request and explain the reason for the administrative review. The vice presidents will review the written request and make an appropriate decision. The student will be notified of the final decision in writing. Please see the most recent student handbook for detailed information.

Academic Integrity Code

Daytona State College is committed to providing students with quality instruction, guidance and opportunities for academic and career success by fostering academic excellence in a supportive and personalized learning environment. Maintaining high standards of academic honesty and integrity in higher education is a shared responsibility and an excellent foundation for assisting you in making honorable and ethical contributions to the profession for which you are preparing. In order to preserve academic excellence and integrity, the College expects you to know, understand and comply with the Academic Integrity Code, which prohibits academic dishonesty in any form, including, but not limited to, cheating and plagiarism. Grades conferred by instructors are intended to be accurate and true reflections of the coursework actually produced and submitted by you. Suspected violations of the student academic dishonesty code may be reported to the appropriate academic chairperson for resolution. In some cases, students may also be referred to the Judicial Affairs Office for appropriate disciplinary action. For detailed information, please see the most recent student handbook.

The Resolution Process for Academic Dishonesty

1. The instructor conducting the course may notify the student verbally or in writing that the student is suspected of academic dishonesty and offer an appropriate resolution or academic consequence.

2. If the matter is not resolved with the instructor, the student has the option of scheduling a meeting with the appropriate school chairperson, who will review the matter and offer an appropriate resolution or academic consequence.

3. If the student is not satisfied with the decision made by the school chairperson, the student may request a meeting with the appropriate Associate Vice President for review and/or resolution. This ends the formal process for resolving grade disputes and academic dishonesty. The student may request an administrative review to the Vice President of Academic Affairs and/or the Executive Vice President and Chief Operating Officer. The student must submit a written request and explain the reason for the administrative review. The Vice Presidents may uphold and decision of the Associate Vice President or make an alternate decision. The student will be notified of the decision in writing, in person or by telephone.

Student's Grade Pending Appeal Decision

Until a decision is rendered, the student's grade for the exam, assignment or project in question may be placed on hold pending an appeal decision. If a decision has not been made by the end of the semester in which the incident occurred, a grade of "Incomplete" may be assigned until the matter is resolved. If the student is found in violation of any form of academic dishonesty, the exam, assignment or project will be graded and an appropriate grade will be assigned by the instructor. The instructor is authorized to issue an "F" failing grade for the course in question. Additional discipline sanctions may also be administered by the college's Judicial Affairs Office.

Judicial Affairs Office

Daytona State College is responsible for providing a safe teaching and learning environment in which all of its students can realize their academic and career goals. The College experience is a privilege that is afforded to students. All students are expected to abide by and be held accountable for violations of the College Code of Conduct Rules for acceptable behavior.

Students who choose to be a member of the college community accept the responsibility to be informed and acquainted with the College regulations. Students are expected to comply with all of the College regulations and respect the personal rights and property of other members and guests of the college community.
Daytona State is committed to provide a learning environment that is safe, secure, respectful and free from threats of violence of any kind. The College administration reserves the unilateral and unlimited right to waive, suspend, alter or amend any policies, procedures, guidelines or practices to insure public safety and the safety of students, employees and guests of the College.

The Judicial Affairs Office is responsible for administering disciplinary actions for student conduct that is inconsistent with the College's rules for acceptable behavior. Students who are accused of violating the College rules, policies, procedures and practices will be provided an opportunity to respond to an allegation unless a College restriction or law enforcement trespass is warranted. The Judicial Affairs Office staff may conduct judicial administrative meetings or student disciplinary hearings as a means of resolving complaints against students. Reasonable accommodations will be made for distance learning students who are unable to attend meetings on one of the College campuses. For more detailed information about sexual harassment, sexual assault, abuse reporting, student equity, religious observances, infectious diseases, drug testing procedures and the College computer acceptable use policies, please see the most recent student handbook.

Prepare for Your Future

Getting a Job through Career Services

Career Services provides complete support for Daytona State College students seeking employment. Whether you are trying to find a temporary job while attending Daytona State, or preparing for your first job in your profession following graduation, we have specialized expertise to help you accomplish your goal.

Before you graduate, you must be especially well prepared for the job search. The job market is very competitive at this time. You must know how to distinguish yourself above the rest.

- Create a great resume of your accomplishments and skills.
- Know the names of the employers in your field who will hire you.
- Know what they are looking for in qualified candidates.
- Make yourself the most qualified applicant for the job.

Find out how to do all of these things through Career Services.

Some of our services include:

- Workshops –
  - Create Your Resume, College Transfer, Interviewing Techniques
  - Perfect Interview
- Business Etiquette
- Dress for Success
- Employer Recruitment Visits
- Job Fairs
- University Recruitment Visits and Fall Transfer Fair
- Career Services Online (CSO):

Office of Student Appeals

Student Services Advocate (Ombudsman)

The Student Services Advocate is a central point of contact who can offer informal and neutral assistance to resolve student concerns. For more information, please contact studentadvocate@daytonastate.edu.

The advocate can:

- Help identify and evaluate your options, including appropriate appeal processes;
- Connect you to the appropriate person/campus resource;
- Clarify DSC policies and procedures;
- Listen to your concerns or suggestions;
- Provide feedback to administration and recommend changes when appropriate.

Submitting an Appeal

The appeals process provides students an opportunity to request an exception to a college policy or procedure due to documented extraordinary circumstances. The college will accept an appeal in rare situations involving the following:

1. Serious illness or personal injury
2. Unforeseen and unplanned medical emergency
3. Death of an immediate family member (parent or child)
4. Documented non-voluntary military activation.

To submit an appeal, students must:
1. Complete an appeal form in the Question & Answer Center, or obtain an online application;
2. Write a personal statement clearly explaining the circumstances surrounding the situation or incident that prevented you from completing the class or courses;
3. Attach relevant supporting letters from medical providers or other third parties;
4. Support letters MUST INCLUDE a physician's statement, if a medical issue, on letterhead explaining how your condition will prevent you from completing the course(s) you are attempting;
5. For non-medical situations, you must attach letters (on official letterhead) from ordained clergy, attorneys or mental health professionals to document and explain how that circumstance prevented you from completing the course(s);
6. Due to student privacy protections, please do not submit personal medical records or other private confidential information.

Appeals may be submitted for the following reasons:
1. Financial Aid Suspension – GPA and/or completion rate
2. Financial Aid Suspension – Excessive Hours
3. Waiver of full cost of tuition for the third attempt of a course
4. Permission for a fourth attempt of a course
5. Withdrawal from a class after the posted deadline to receive a "W" grade
6. Request for grade change from "F" to "W"
7. Administrative Drop with a Refund
8. Academic Second Chance
9. Formal Grade Dispute Appeal
10. College Suspension Appeal
11. Student Equity Appeal

The appeal application must be complete with all supporting letters attached to the appeal form.

The completed appeal form must be submitted to the Question & Answer Center, Daytona Beach Campus, or to the Falcon Center on any campus. Reasonable accommodations will be made for distance learning students who are unable to come to one of the College campus locations.

Prior to submitting an appeal, please read carefully and completely the information at the Appeal Policies - Criteria and Deadlines link. Please remember that in order for appeals to be accepted, they must be submitted within the established time frame allowed.

Incomplete and unsigned appeal forms without the required supporting letters (on official letterhead) will not be processed and WILL BE DENIED.

Examples of acceptable documentation include:
- Dated and signed letters on official letterhead from an attorney, physician, or ordained clergy explaining the extenuating circumstances that prevented you from completing the course or semester;
- Written statements on official letterhead;
- Copy of an official death certificate that verifies a relationship of parent or child;
- Copy of non-voluntary official military orders with the date and signature of the commanding officer.

Special Notice: Issues involving the following circumstances will not be considered and ARE NOT valid situations for requesting an appeal:
1. Child care issues;
2. Transportation issues;
3. Employment changes;
4. Normal pregnancy;
5. Incarceration;
6. Disagreement with the instructor teaching method;
7. Difficulty learning the course material;
8. College disciplinary actions and judicial sanctions.

The appeal forms are available online with a link from the Registration and Records home page. All students, including those who are taking online classes only, must print the forms, and fax, email or deliver the information and supporting documents to the Question & Answer Center located on the Daytona Beach Campus (Bldg. 100, Rm. 119). The fax number is 386-506-3037, or email to registration@daytonastate.edu. Appeals can also be dropped off at the Falcon Center on any campus. Reasonable accommodations will be made for distance learning students who are unable to attend one of the College campuses.

Important Notice: Each student applying for an appeal who is receiving a financial aid award must check with the Financial Aid Office Staff BEFORE submitting an appeal. This is necessary to be sure that the requested appeal will not cause unintended problems for your financial aid eligibility. Federal and state financial aid are governed by separate laws and rules regarding standards of progress and course completion. The actions requested by appeals may have an adverse impact on your financial aid award. Please be advised that even if your appeal is approved you may be required to pay back all or part of any financial aid that you received.
Appeals Decisions

All appeals will be reviewed and processed in the order they are received, provided:

1. The appeal form is signed by the student and is complete;
2. It is submitted by the established timeline;
3. All relevant supporting letters are attached to the appeal form.

Appeal decisions will be made as quickly as possible. Review of an appeal will not begin until it is fully complete. Lack of supporting letters will delay an appeal from being reviewed. Some appeal decisions will require contact and verification with multiple members of the college community.

All appeal decisions will be sent to the student's Daytona State Falcon Mail account only. Please activate and check your Falcon Mail account on a regular basis for official notification regarding the status of your appeal. For more information, see Falcon Mail at www.DaytonaState.edu.

Each appeal will be reviewed in relation to the disbursement of financial aid funds. State and federal financial regulations regarding student enrollment may require you to pay back part or all of any financial aid funds you may have received.

All appeal forms and supporting letters used as documentation are subject to verification for authenticity. If it is determined that letters have been forged or misrepresent the facts, the student will be referred to the Judicial Affairs Office for appropriate disciplinary actions.

Student Disability Services

The goal of Student Disability Services is to promote student independence, arrange reasonable accommodations and course substitution requests for students with disabilities. Our objective is to empower students with disabilities to become self-advocates and support access to college academic and career programs. In order to receive services, a student must meet personally with a Student Disability Services (SDS) advisor and provide current written verification of his/her disability from a licensed physician, psychologist or mental health professional. The professional must have the credentials to render an appropriate diagnosis on a valid measurement scale. Students requesting accommodations for any Daytona State College placement exam must meet with an SDS advisor in advance to scheduling the exam to arrange certain accommodations. Student Disability Services are available on all Daytona State College campuses.

Reasonable accommodations will be made for distance learning students who are unable to attend meetings on one of the College campuses. For more detailed information, please see the most recent student handbook.

For more information please contact:
Director of Students for Disabilities and Counseling Services
Daytona State College
1200 West International Speedway Blvd.
Wetherell Building Annex, Room 108
386-506-3988

Please visit our Student Disability Services website for more information and contact info.

Read our Equity Statement.

Student Handbook (PDF)

Office of College Equity and Inclusion

Daytona State's Office of College Equity & Inclusion works to ensure students are provided equal opportunity and equal access to the various services the college provides based on its mission, policies and procedures, as well as state and federal law. Student Equity information is available in the Student Handbook and on the college's website located at www.daytonastate.edu.

The office is located in the Wetherell Student Services/Administration (bldg. 100), Room 316. The staff welcomes all students who would like to learn more about services provided by the office. For more information please contact:

Lonnie Thompson
Director of Equity & Inclusion
Daytona State College
ThompsL@DaytonaState.edu

Student Policies, Rights and Responsibilities

Daytona State College has established specific policies and procedures to ensure the rights, integrity and safety of all members of the college community. Each year a Student Handbook is published with the following information:

Student Code of Conduct
Academic Integrity Policy
Computer Network & Internet Acceptable Use Policy
Infectious Diseases Policy
Drug Free Schools and Campuses Policy
Grievance Procedure
Due Process Procedure
Appeals Procedures

The student handbook is available on all campuses and online. It is distributed by the Office of Co-Curricular Activities. For more information call (386) 506-3131.
Daytona State encourages students to fully participate in the college experience, both inside and outside the classroom.

A wide variety of student services is available to help you academically and socially, or to simply help you to keep informed of college events, activities or issues.

Student Support

Catalog Archive

This online Daytona State College catalog is the most recent version and is considered to be the official catalog for the 2014-2015 academic year. The Records and Registration Office archives prior academic year catalogs to maintain and store historical data for the institution. Physical catalog archives may be inspected in the Records office on the Daytona Beach Campus.

You can access catalogs from previous years by clicking on the links below. To download to your computer, please right click on each link and select "Save As." Viewing these files requires Adobe Acrobat Reader, which you can download for free here.

If you need information from a catalog not provided here, please email our Registration Department.

2016 -2017

PDF Catalog - Facts about the College; Bachelor's Degree Information; Engineering Technology Degrees; Admission, Academic Advising and Registration; Financial Information, Student Services, Academic Information and Graduation Requirements, Program Description and Guides.

2015 -2016

PDF Catalog - Facts about the College; Bachelor's Degree Information; Engineering Technology Degrees; Admission, Academic Advising and Registration; Financial Information, Student Services, Academic Information and Graduation Requirements, Program Description and Guides.

2014 - 2015

PDF Catalog - Facts about the College; Bachelor's Degree Information; Engineering Technology Degrees; Admission, Academic Advising and Registration; Financial Information, Student Services, Academic Information and Graduation Requirements, Program Description and Guides.

2013 - 2014

PDF Catalog - Facts about the College; Bachelor's Degree Information; Engineering Technology Degrees; Admission, Academic Advising and Registration; Financial Information, Student Services, Academic Information and Graduation Requirements, Program Description and Guides.

2012 - 2013

PDF Catalog - Facts about the College; Bachelor's Degree Information; Engineering Technology Degrees; Admission, Academic Advising and Registration; Financial Information, Student Services, Academic Information and Graduation Requirements, Program Description and Guides.

2011 - 2012

PDF Catalog - Facts about the College; Bachelor's Degree Information; Engineering Technology Degrees; Admission, Academic Advising and Registration; Financial Information, Student Services, Academic Information and Graduation Requirements, Program Description and Guides.

2010 - 2011

PDF Catalog - Facts about the College; Bachelor's Degree Information; New Engineering Technology Degrees; Admission, Academic Advising and Registration; Financial Information, Student Services, Academic Information and Graduation Requirements, Program Description and Guides.

2009 - 2010

PDF Catalog - Facts about the College; Bachelor's Degree Information; Admission, Academic Advising and Registration; Financial Information, Student Services, Academic Information and Graduation Requirements, Program Description and Guides.

2008 - 2009

PDF Catalog - Facts about the College; Bachelor's Degree Information; Admission, Academic Advising and Registration; Financial Information, Student Services, Academic Information and Graduation Requirements, Program Description and Guides.

2007 - 2008

Part 1 - Facts about the College; Bachelor's Degree Information; Admission, Academic Advising and Registration; Financial Information, Student Services, Academic Information and Graduation Requirements, Program Description and Guides.
Academic Support Center

The Academic Support Center (ASC) provides a variety of instructional support programs and services to help students make satisfactory academic progress. The ASC, located on all campuses, combines personal attention with computer-assisted instruction in an environment where students, faculty, and staff collaborate to ensure student success. The following educational support programs are available for students:

**Content-Specific Tutoring** – ASC Learning Specialists and peer tutors provide help on a question and answer basis for: assignment decoding and content challenges; study skills and exam reviews; computer and technology assistance; citation formatting; and help facilitating student/faculty communication. No appointment is necessary.

**Virtual Tutoring** – Students who are unable to make it to an ASC location are able to consult one-on-one with a Learning Specialist or peer tutor using web-conferencing software.

**Supplemental Instruction (SI)** – SI is an internationally recognized academic support program offering regularly scheduled study sessions for traditionally difficult courses. These sessions are run by a Faculty or Peer SI Leader.

**Workshops** –

*Gear-Up Workshops:* These workshops are designed to get students "geared-up" for upcoming course work and are scheduled in the weeks before the semester begins. Some of the workshops in this series include Math-Up (Elementary, Intermediate, and College Algebra, and Survey of Mathematics), Word-Up (College Composition), and Tech-Up (a variety of digital resources).

*Exam and Subject-Area Review Sessions:* Learning Specialists organize review sessions during exam time based on student and instructor requests.

**Space & Resources** – Study space, computer labs, mobile technology, textbooks, and a variety of discipline-specific software are available at the ASC.

College can be challenging, especially for first-time students. Visit one of the Academic Support Centers where professional learning specialists and peer tutors can assist you. The wide variety of free instructional support programs and services offered at the ASC will help to ensure your academic success. Please visit the Academic Support Center website at DaytonaState.edu/ASC for updated information on services provided or email ASC@DaytonaState.edu. You can also visit or call an ASC at our regional campuses:
Daytona Beach – Baker Hall (Bldg. 500), Rm. 124  
(386) 506-3673
Mary Karl Learning Resources Center (Bldg. 210), Rm. 102  
(386) 506-4217
Flagler/Palm Coast – Academic Hall (Bldg. 2), Rm. 106  
(386) 246-4814
New Smyrna Beach-Edgewater – Academic Hall (Bldg. 2), Rm. 104  
(386) 423-6329
DeLand – Bert Fish Hall (Bldg. 6B), Rm. 217  
(386) 785-2087
Deltona – Fathi Hall (Bldg. 1), Rm. 104  
(386) 789-7306

Athletics and Fitness
Daytona State College offers varsity-level programs in men's basketball, soccer and baseball, and women's basketball, soccer, fast-pitch softball, volleyball and golf. Our teams consistently compete at top levels statewide and nationally.

The College emphasizes the need for athletes to perform well in the classroom as well as in their respective sports, and provides specialized tutoring and mentoring programs to help them achieve academic success. More information can be found at daytonastate.edu/athletics/.

Computer Commons
Library Services Computer Commons are located on the Daytona Beach, DeLand and ATC campuses. The Computer Commons is a dedicated area meant to serve our diverse college student community by providing access to computer resources and technical support from our full-time staff and highly trained Student Support Technicians.

The Computer Commons supports the mission and goals of the college's Library and Academic Support Services, whose mission is "to create a cooperative environment offering direct referrals that will foster student success, enhance faculty support and provide the services and resources needed to promote college-wide teaching and learning" to the Daytona State College community.

The Computer Commons provides a wide range of Information Technology tools and resources, including computer labs, iPads for check out, course-specific software, and study space with plenty of outlets for mobile devices.

Falcon Center
The Falcon Center is an online student service center where students can complete online transactions. Students can receive help navigating online student services at the Falcon Center on any campus. Students can complete the following transactions online or in the Falcon Center.
• Add/Drop
• Change of Address
• Orientation
• Pay Tuition Online
• Print Schedule and Fee Statement
Co-Curricular Activities

Expand and enrich your college experience by getting involved with your campus and your community. The Co-Curricular Activities Department is the social hub of the college, where you can meet other students who share common interests. Take advantage of the many opportunities to develop valuable career skills and earn scholarships by taking on leadership roles in various student clubs and organizations.

Student Publications – Gain valuable career experience, or just find an outlet for your photography and literary works. Student Publications include In Motion Student Newspaper and Aeolus Literary Magazine. In Motion is an award-winning monthly newspaper that is produced entirely by students. Aeolus is an annual literary magazine featuring student poems, short stories, essays and artwork. Many former writers, photographers and editors for these publications are now employed in various media organizations throughout the world.

Student Government Association – The SGA is made up of elected officers and appointed members who are directly involved in the college decision-making process. SGA representatives serve on various college wide committees that review college policies, procedures and expenditures. SGA officers also organize various campus events and many community service projects.

Student Leadership Workshops and Seminars – Gain valuable leadership skills by attending workshops, seminars and retreats offered each semester. Combine these events with participation in Student Government, student clubs and college committees for an experience that will enhance your resume and build your professional career.

Intramurals and Recreational Sports – There are several intramural sports activities that are open to all students. From flag football and soccer tournaments to informal ping pong games, you’ll find it all at “Rec Sports.”

Clubs and Organizations – There are more than 40 student clubs and organizations on campus to appeal to a wide variety of interests. In most cases, membership to clubs and organizations is open to all students.

For more information and a calendar of activities, contact Co-Curricular Activities in Building 130, Room 113 at the Daytona Beach Campus; Building 7, Room 151 at the DeLand Campus; or the director’s office at the other campuses.

Writing Center

The DSC–UCF Writing Center Is Here to Help You:

• Achieve your communication goals;
• Brainstorm, collaborate and revise;
• Format in MLA, APA and other citation styles;
• Break through writer's block;
• Write with confidence!

Writing Center services are available for free to DSC and UCF students, staff and faculty.

Services

Consultations for individuals or small groups start on the hour and half hour and last up to 45 minutes. Making an appointment in advance is the best way to ensure someone will be available to work with you, but you can always walk in to see if someone is available immediately.

You also are welcome to visit any Writing Center location to use our resources and space; we have cutting-edge technology and innovative resources to help you with all stages of your writing process and with all types of writing and communication. The Daytona Beach Campus also is home to the Cellar, which is an open, reconfigurable space equipped with couches, work tables, bean bags, white boards, toys and technology.

The Writing Center offers classroom visits or workshops on topics such as using MLA or APA, choosing a topic, or learning presentation software, such as Prezi or PowerPoint. We're happy to work with faculty or groups to create custom writing workshops or to reserve the Cellar space.

Contact us

Please call (386) 506-3297 with any questions or to make an appointment. You're welcome to visit our website, daytonastate.edu/cwc, for information and online resources. You also can "like" the DSC–UCF Writing Center on Facebook or follow us on Twitter or Instagram for updates on Writing Center and campus events, writing tips and tricks, and other interesting academic tidbits.

Campus Life

Aquatic/Fitness Center
The L. Gale Lemerand Health, Wellness and Community Education Center is located on the Daytona Beach Campus. In addition to being home of the Falcons basketball and volleyball teams, the center also features one of the most comprehensive fitness training facilities in Florida, including state-of-the-art weight training and aerobic equipment, and an Olympic-sized aquatic center.

More information can be found at daytonastate.edu/fitnessCtr/ or daytonastate.edu/aquatic_Ctr/.

Campus Locations

Advanced Technology College Campus
1770 Technology Blvd., Daytona Beach (Locator Map)

The Advanced Technology College offers a wide variety of technological training in engineering, computer science, robotics and simulation, automotive, heating and air conditioning, emergency medical services, paramedic training and criminal justice programs. The state-of-the-art facility includes occupational classrooms and laboratory areas that feature industry-designed, program-specific equipment. It offers science labs, a multi-purpose room, a media center and open computer labs. The two-story classroom area surrounds an enclosed atrium that is the site of numerous exhibits and events. The facility is located five miles from the Daytona Beach Campus, where students enrolled in courses at the ATC can access the full range of student enrollment and development services. On average, more than 2,200 students attend classes at the ATC each year.

Daytona Beach Campus
1200 West International Speedway Blvd. Daytona Beach (Locator Map)

The Daytona Beach Campus, Daytona State’s largest campus, is located in a tourist city that attracts more than 10 million visitors each year, including snowbirds, students on spring break, families on vacation, NASCAR race fans and 500,000 bikers who come on motorcycles each spring and fall for Daytona’s famous Bike Weeks.

The campus houses the college's primary administrative offices and instructional space. Special features include the Mori Hosseini College of Hospitality and Culinary Management, home to the student-run Cafe 101 and the Southeast Museum of Photography; a full-service Learning Resource Center that also houses the library and DSC-UCF Writing Center; two locations for the Academic Support Center; and a Performing Arts Center, which is home to some of the area’s finest performing arts productions. Also located on this campus is the Lemerand Center, an outstanding athletic multiplex with a fitness center, pool, gymnasium, and classrooms; Daytona State’s WDSC TV-15 broadcasting station; and a joint-use facility shared with the University of Central Florida.

Classroom and laboratory space serve a range of academic offerings – from baccalaureate programs to associate of arts, associate of science and certificate programs; adult high school, general education development and adult basic education; and customized training for business and industry. More than 24,000 students on average attend the Daytona Beach Campus each year.

DeLand Campus
1155 County Road 4139, DeLand (Locator Map)

The DeLand Campus offers a full-service library and Learning Resources Center, classroom space for college-credit courses that meet the general education requirements for the associate of arts degree, some associate of science degree programs, various certificate programs and adult high school classes. The Bert Fish Building houses up-to-date facilities for dental hygiene, nursing, science labs and a multimedia learning center. As on all the campuses, comprehensive student and academic support services include Student Disability Services, the Center for Women and Men, career advisement, individual tutoring and a computerized learning/tutoring center, as well as a foreign language lab. Approximately 5,200 students attend classes at the DeLand Campus each year.

Deltona Campus
2351 Providence Boulevard, Deltona (Locator Map)

The Deltona Campus offers access to quality postsecondary education and advanced training in a rapidly growing area of western Volusia County. The 100-acre site features a 42,000-square-foot facility that houses classrooms, computer labs and administrative offices. The regional campus helps meet the local demand for academic programs such as the associate of arts and nursing degrees, career certificates in cosmetology and barbering (barbering launches in fall 2013) and adult education classes. More than 3,000 students a year attend the Deltona Campus.

Flagler/Palm Coast Campus
3000 Palm Coast Parkway Southeast, Palm Coast (Locator Map)

The Flagler/Palm Coast Campus is Daytona State’s fastest-growing regional campuses. The campus offers college credit, college preparatory and the first year of the two-year Associate Degree Nursing program. All general education requirements for the associate of arts degree may be completed here. Facilities include a nursing laboratory, two science laboratories, an Academic Support Center, two computer laboratories, an amphitheater and modern classrooms. Nearly 3,000 students attended this campus last year, and the numbers are projected to continue on the increase. To accommodate this growth, planning is under
way to expand the campus with new facilities that will meet student needs through the next decade.

On-site student services include: Academic and Financial Aid Advising, Registration/Student Accounts, Student Disabilities Services, and the Women’s Center. Facilities include a Nursing laboratory, two science laboratories, state-of-the-art “smart classrooms”, an academic support center, a student computer lounge, and a unique college/community use amphitheater.

**New Smyrna Beach-Edgewater Campus**
940 Tenth Street, New Smyrna Beach (Locator Map)

The New Smyrna Beach-Edgewater Campus offers college credit, college preparatory, continuing education, adult high school, adult basic education, general education development (GED)/courses. All general education requirements for the associate of arts degree and many requirements for associate of science degree programs may be completed at New Smyrna Beach-Edgewater Campus. The campus has expanded its nursing, health occupations, science, computer, engineering, public service and occupational programs, including a new Barbering program. It also has two science laboratories, a nursing laboratory, a learning center and state-of-the-art "smart classrooms." On-site student services include: academic and financial aid advising, placement testing, registration and student accounts. Nearly 2,000 students a year choose to call the New Smyrna Beach-Edgewater Campus their home campus.

**College Bookstore**

Daytona State College, in partnership with the Follett Higher Education Group, operates the Daytona State College Bookstores. The Daytona State College Bookstores are the authorized source for required course materials, recommended study aids, school supplies, educationally discounted software, nursing and medical reference books, Daytona State clothing, gifts and more. Store hours and services vary by campus.

Call a bookstore on a campus near you for more information. If you are calling from a Daytona State campus site, just dial the extension listed.

Shop your efollett Daytona State Bookstore online at http://www.DaytonaStateShop.com or visit one of our Campus Bookstores.

**Daytona Beach Campus (386) 506-3234**
Building 200, 1200 International Speedway Blvd
Daytona Beach, FL 32114

**Library Services**
The Daytona Beach Campus Library (Bldg. 210) and DeLand Campus Library (Bldg. 1) provide a wide range of resources and services, including print and non-print collections, access to extensive electronic databases, and research assistance provided by professional librarians. Daytona State College Library networks with other state and national libraries to obtain the information you need, when you need it.
All Daytona State students, faculty and staff have 24/7 access to library services via the Daytona State Library Services website (http://library.daytonastate.edu/index). Items in the Daytona State College Daytona and DeLand collections may be ordered from other campuses using the request feature of the online catalog. These items may be delivered to the campus of your choice. Virtual Reference Service is available to all by phone, live chat, and by email – Librarian@daytonastate.edu.

The Daytona Campus Library supports Daytona State's upper-level programs, including the baccalaureate programs, as well as the upper-level and graduate programs of partnership colleges and universities, including the University of Central Florida.

**Library Hours (unless otherwise posted for holidays, summer, etc.):**

**Daytona Beach Campus Library**
- Monday - Thursday: 7:30 a.m. - 8 p.m.
- Friday: 7:30 a.m. - 5 p.m.
- Saturday: 8 a.m. - 4 p.m.
- Sunday: Closed

**DeLand Campus Library**
- Monday - Thursday: 8 a.m. - 8 p.m.
- Friday: 8 a.m. - 5 p.m.
- Closed Weekends

For more information, please visit our website or contact the Research Assistance Desk at (386) 506-3518.

**Parking Regulations**

Parking decals are available at the Campus Safety Office on the Daytona Beach Campus (bldg. 540) or at the Falcon Center on any other campus.

**Designated Parking Areas**

Daytona State has open parking, except for areas mandated and enforced by state law: Yellow (Fire Lane), Blue (Handicapped). Visitor and other reserved areas are designated by signage. Please observe all parking regulations to ensure fairness to everyone attending the College.

Parking fines are $10. Unpaid fines will result in a hold on student records, diplomas, transcripts and future registrations. Repeat or flagrant offenders may be towed at their expense.

Students wishing to challenge a parking ticket issued by Campus Safety must attend an informal meeting with the Director of Campus Safety, Bldg. 540, on the Daytona Beach Campus, from 8-9 a.m. on any Wednesday. Students on all other campuses should contact the Provost's Office for an appointment. If necessary, the student will receive a referral to the Office of Judicial Affairs to file a grievance.

**Speed Limit**

The speed limit on campus is 10 mph unless posted otherwise.

**Southeast Museum of Photography**

Daytona State College is the parent organization of the Southeast Museum of Photography (SMP), one of the largest photography museums in the nation and one of fewer than 13 such museums in the country. SMP presents more than 12 exhibitions annually, organized around such interdisciplinary themes as "Women's Worlds", "Time and Space" and "Behind The News."

SMP is very involved with academic and community programs at our college. Since its opening in April 1992, the museum has mounted more than 300 exhibitions and produced more than 40 catalogues and publications. Each semester, the museum presents films, lectures, seminars, workshops, professional classes and talks. The museum's education division produces academic support materials for a wide range of college and high school classes in conjunction with each new series of exhibitions. Public programs feature internationally known photographers, critics, writers and scholars.

The museum offers Daytona State students extensive opportunities for internships and professional training, as well as paid and volunteer employment. Many of the museum's former student workers are now employed in museums and galleries around the world. For more information visit the museum website SMPonline.org, or call (386) 506-4475.

SMP is located on Daytona State's Daytona Beach Campus, 1200 W. International Speedway Blvd., in the Mori Hosseini Building.

**Museum Hours**

**Open:** Tues., Thurs. and Friday, 11 a.m. - 5 p.m.; Wednesday, 11 a.m. - 7 p.m.; and Saturday from 1 - 5 p.m.

**Closed:** Sundays & Mondays and during major holidays and college closures.

For complete listing, visit SMPonline.org.

**Alumni and Friends**

The Daytona State College Foundation supports and houses the DSC Alumni and Friends Association to keep our alumni, friends and our students connected to Daytona State College and to support and promote the mission of the College and Foundation.
The Alumni and Friends Association strives to develop and strengthen relationships with DSC alumni, friends and students. Our goal is to provide you with opportunities to re-connect with your former classmates, teachers, mentors and professors so you can stay in touch, share ideas, take advantage of opportunities to network and volunteer. Through our shared experience, the Daytona State College story can be told, benefitting future alumni and friends of Daytona State and the community at large.

The DSC Alumni and Friends Association is open to graduates and former students. Whether you have received your degree or certificate, completed training or taken courses and simply want to support the College's mission, we welcome your participation. Being a member of the Alumni and Friends Association demonstrates to our current students what it means to be a successful college graduate.

Membership is free. Become a member today by completing the Membership & Contact Form.

We are developing our online community and look forward to seeing you in our virtual world. Please continue to check our website for any new information and events throughout the year. For more information, you can also contact our office at (386) 506-4506 or email alumni@DaytonaState.edu.
Contemporary education should provide a level of knowledge that all members of our society must possess regardless of any specialized occupation or profession. To this end, Daytona State College has designed its curriculum to provide you with sufficient knowledge which will permit you to be a more responsible, articulate, and informed citizen.

To see the wide range of degrees and programs we offer, please use the search system below. You can search by the first number of the program code, the first letter of the program name, the program type, or choose to show all of our programs.

Associate of Arts Degree

Program Information

A.A. Degree - Code 7000 - Catalog 2017/2018
Alan McCoy, Administrative Assistant, 386-506-3009, mccoya@daytonastate.edu
Alycia Ehler, AVP, College of Arts & Sciences, 386-506-3769, alycia_ehler@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:

General education at Daytona State College constitutes the academic preparation for participation in a diverse society and is the basis for lifelong learning. It is a framework for the acquisition and use of broad bodies of knowledge with an emphasis on: Critical/Creative Thinking; Communication; Cultural Literacy; and Information and Technical Literacy.

General education requirements comprise an important part of the hours necessary for the associate of arts and associate of science degrees.

Daytona State College considers the knowledge, skills, and attitudes cultivated by the general education curriculum vital for educated men and women in our society.

Outcomes - General Education Competency Components:

1. Critical/Creative Thinking: Students will use systematic and creative thinking to analyze and evaluate issues and arguments, to solve problems, and/or to make decisions.
2. Communication: Students will be able to read, write, and exchange information, ideas, and concepts effectively.
3. Cultural Literacy: Students will understand the impact of the variations among and within cultures.
4. Information and Technical Literacy: Students will use appropriate technology to locate, evaluate, and effectively process information.

Description:

Students are required to complete 60 hours of transferable college-level credit to receive an associate of arts (AA) degree. Florida State Board of Education Administrative Rule 6A-14.0303 requires 36 semester hours of general education courses, excluding college prep/developmental courses.

The remaining 24 credit hours are elective credits. Graduates must also meet the requirements of the Florida State Board of Education Administrative Rule 6A-10.030, known as College-Level Communication and Computation Skills (formerly known as the Gordon Rule), and a state-mandated foreign language requirement. Students also must meet the Daytona State College residency requirements and have a cumulative 2.0 GPA and a Daytona State 2.0 GPA. (See Graduation Requirements and Procedures (p. 72).)

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

Foreign Language Requirements:

Completion of two years of the same foreign language in high school, or completion of or demonstration of proficiency in a foreign language or American Sign Language at the elementary 2 level or above (e.g. French, German, Italian, Spanish 1121 or higher or ASL2150 or higher.) Foreign and sign language courses satisfy elective credits toward the AA degree.

Florida State Board of Education Administrative Rule 6A-10.030, College-Level Communication and Computational Skills (formerly known as the Gordon Rule):

In accordance with the Florida Department of Education, ALL students are mandated to complete satisfactorily 12 semester hours of courses which include written assignments demonstrating college-level writing skills and also complete satisfactorily a minimum of six (6) semester hours of mathematics.

This rule applies to all students prior to receipt of an AA degree from a public community college or university, or prior to entry into upper division of a public university. For the purpose of this rule, a grade of "C" or better shall be considered successful completion.
The AA program is designed to ensure that students meet the College-Level Communication and Computation Skills requirements.

Each course used to satisfy this rule and all General Education Core courses must be completed with a grade of "C" or higher.

Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

College Transfer Electives (24)

See note 2.

Note: Sequence of courses may vary. Check catalog course descriptions for requisite requirements.

**Notes**

1. The state-mandated 36 hours of general education are distributed in Communication, Mathematics, Natural Sciences, Humanities, Social Sciences, and Cultural/Global Focus. In the areas of NATURAL SCIENCE, HUMANITIES, and SOCIAL SCIENCES, you must choose two (2) courses each to satisfy the core requirement. The appropriate course selections for each of these areas are designated by Column I and Column 2.
II designations; students must complete at least one (1) course from Column I in the areas of NATURAL SCIENCE, HUMANITIES, and SOCIAL SCIENCES. Visit link to Requirements for Associate of Arts Degree (p. 28) for details.

2. COLLEGE TRANSFER ELECTIVE COURSE OPTIONS: Students are required to have 24 credit hours of elective credits to complete the Associate of Arts (AA) degree. Three (3) of the credits must be SLS 1122 (Managing Your Success). This course is a graduation requirement for students in the Associate of Arts (AA) degree. Some students may be exempt from the requirement to complete SLS 1122. Cases in which a student in the AA program are exempt are:

1. Transfer students with 30+ credits and a 3.0+ cumulative GPA;
2. Readmit students with 30+ credits and a 3.0+ cumulative GPA; and
3. Students who change their program from an AS program to the AA program with 30+ credits toward the AA degree and a 3.0+ cumulative GPA. Any college credit course that is not already counting toward a General Education requirement may be used to meet this requirement, except courses that have a course number that begins with a 0, for example MAT 0018C, ARR 0121C, CJK 0012, etc. Courses in limited access programs are available only for students admitted to that program. Link to Catalog Course Descriptions (p. 327) for college transfer elective options.

Florida regulations require you to take any prerequisites needed for your intended transfer school/major as part of your AA degree. Students are required to meet with an academic advisor to discuss their intended transfer school and major and be informed of the prerequisites for their intended program before they have earned 30 credits. However, it is recommended that students know the requirements of the senior university they plan to attend and that they work with their faculty advisor or an academic advisor to select electives to fulfill the prerequisites for their major upon transfer.

3. Mathematics Core - Higher level mathematics courses will also satisfy this core requirement.

4. SLS 1122 (Managing Your Success) is a graduation requirement for students in the Associate of Arts (AA) degree. See possible exemptions in note #2 above.

5. Cultural/Global Focus - You may choose any of the following Cultural/Global Focus electives to satisfy this requirement: CPO2001; EDF2085; EUH2000; GEB2351; GEO2000; GEO2420; HUM2020; HUM2210; HUM2230; INR2002; LIT2110; LIT2120; REL2300; SYG2010.

6. Humanities Core - Students MUST choose 6 credits to meet this requirement and ONE MUST be a Literature course (AML, LIT); ONE MUST be a Humanities course (ARH, DAN, HUM, MUH, MUL, PHI, REL, THE).

7. Natural Sciences Core - Higher-level natural science courses will also satisfy this core requirement.

Note: Courses transferred from other institutions are decided on an individual basis.

Please refer to the Excess Hours Advisory Statement (p. 28) from the Division of Florida Colleges in the College Catalog under General Education - Requirements for the Associate of Arts Degree.

A.S. Certificate

Accounting Technology Management, A.S. Certificate

Program Information

A.S. Certificate - Code 0943 - Catalog 2017/2018
Max Grunbaum Nagiel, Assistant Chair, 386-506-3829, nagielm@DaytonaState.edu
John Fortner, 386-506-3990, fortnej@daytonastate.edu
School of Business Admin., 386-506-4227

Program Mission, Description and Outcomes

Mission:
In support of the College mission, the Accounting Technology Management program mission is to provide students with a working knowledge of principles, practices, and tools necessary for successful entry into the field of accounting.

Description:
The program provides a solid foundation in theory and practice needed to work in the field of accounting.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate clear and effective communication.
2. Solve business problems using critical thinking.
3. Identify and discuss legal and ethical issues in tax preparation, financial planning, and the business environment.
4. Use appropriate software and hardware to produce tax returns, financial plans, and financial reports.
5. Demonstrate a basic working knowledge of estate planning, investment planning and cash management.
6. Apply Generally Accepted Accounting Principles to record, summarize, and report business transactions.
7. Demonstrate an understanding of corporate finance in the field of business.
Credits earned in this certificate may be applied toward the 208400 AS degree in Accounting Technology and 093500 Accounting Technology Operations certificate.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

| Program Tuition and Fees: $2,764* |
| Access Fee: $36 ($1.35 per credit) |
| Assessment Fee: $31 |
| Textbook Estimate: $900 |

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grants, loans and work program available please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements

• Program Specific Courses require a "C" or better.

Careers

Program Length: The typical length of this program is two (2) semesters (30 weeks) for a full-time student, with 18% graduating within 2 semesters for 2014-15. The Florida Education and Training Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field at 72%.

Some program specific courses in this program may be applied toward the Accounting Operations Certificate #093500.

Some program specific courses in this program may be applied toward the AS Accounting Technology Degree #208400.

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on any career, job, or salary potential can be found at http://www.onetonline.org. For additional career information, please see: http://www.onetonline.org/link/summary/43-3031.00.

**Advanced Network Infrastructure, A.S. Certificate**

**Program Information**

A.S. Certificate - Code 0908 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Timothy Pintello, Assistant Chair, 386-506-4126, pintelt@DaytonaState.edu
Program Mission, Description, and Outcomes

Mission:
The certificate program is designed to provide the students with a solid background of computer networking and communications. Students plan, install, configure, and monitor computer networks in a LAN/WAN environment. The program incorporates innovative teaching methods, uses latest technology, thus encouraging student success.

Description:
The certificate program in Advanced Network Infrastructure is designed to provide a strong background of computer networking, network communications, network security and wireless technology. Students plan, install, configure, and monitor computer networks in a LAN/WAN environment. Students will be prepared to apply conceptual and theoretical knowledge to the workplace utilizing technical skills learned during the program. Program courses transfer directly into Associate of Science Network Systems Technology and other Associate degree programs.

Outcomes:
Graduates of the program will be able to:
1. Configure a wireless network according to client requirement.
2. Measure and evaluate network security, associated technologies and their application.
3. Evaluate how data communications protocols and devices interact with each other.
4. Plan and perform troubleshooting and maintenance on network hardware and software.
5. Plan out and program network devices such as switches and routers and configure wireless devices.

Outcomes: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Program Tuition and Fees: $3,686*
Access Fee: $49 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $15
Textbook Estimate: varies depending on new, used, renting, or e-books

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work programs, please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements
- Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

Careers
Most of these courses count toward the AS degree in Computer Engineering Technology, and some courses could be applied toward AS degrees in Computer Information Technology, Electronics Engineering Technology, Networking Services Technology and Computer Programming and Analysis.

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on the any career, job, or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of this program is four (4) semesters (36 weeks) for a full-time student, with no students graduating within 4 semesters for 2014-15. The Florida Education and Training Information Program (FETPIP) lists the placement rate (2013-14) for this field at 100%.

Program Mission, Description, and Outcomes

Mission:
The program prepares students for employment or provides additional training for persons employed in manufacturing and high technology industries. This certificate is a part of the Engineering Technology AS degree program. The program prepares students for entering into the manufacturing career cluster.

Description:
This certificate prepares students for Engineering Technology support positions dealing with electronics, cabling, soldering, basic device testing and engineering in the manufacturing career cluster.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate a fundamental understanding of electronics and electricity.
2. Demonstrate proficiency in using tools, instruments and testing devices.
3. Apply soldering techniques and basic laboratory practices.
4. Demonstrate proficiency in surface mount soldering.
5. Create and analyze fiber optics terminations.

Additional Admission Requirements
- Consult college bookstore for approximate costs of textbooks. Consult college catalog for lab fees. Other

Program Mission, Description, and Outcomes

Mission:
The purpose of this program is to prepare students for initial employment as a sound technician or recording technician, or to provide supplemental training for persons previously or currently employed in these occupations.

Description:
The program's curricular content includes, but is not limited to, set up and configuration of a computer for audio applications, and the operation of basic reproduction, and audio recording equipment.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate a functional ability to work in cohesive teams focusing on organizational and leadership skills while contributing to the community through audio-related service learning.
2. Expand their knowledge set and proficiencies in music production technology and audio engineering.
3. Enhance or refine their existing skills in technical problem solving for audio engineering through integrated and reflective learning.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs
Consult college bookstore for approximate costs of textbooks. See college catalog for lab fee requirements.

Additional Admission Requirements
- Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

AutoCAD Foundations (Architectural), A.S. Certificate

Program Information
A.S. Certificate - Code 0927 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

03/29/2017 M - 2592

Program Mission, Description, and Outcomes

Mission:
The mission of the AutoCAD Foundations (Architectural) program is to provide the knowledge and skills necessary for entry-level employment as a drafter in architecture, building construction, land development or related fields. The program, which uses the latest technology and innovative teaching methods, also transitions into 2-yr or 4-yr degree opportunities.

Description:
The program provides a foundation in the use of AutoCAD for architecture and construction. The certificate includes instruction in architectural drawing and the use of AutoCAD software for 2D drafting, 3D modeling, and Architectural CAD. Students will earn AutoCAD User Certification. Program courses apply toward the Associate of Science degree in Drafting and Design.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate knowledge and skills to generate architectural drawings which comply with American Institute of Architects (AIA) standards.
2. Identify and use both drawing board tools and computer software procedures to produce drawings.
3. Design virtual 2-D and 3-D models to solve problems associated with the use of interior and exterior space.
4. Create presentations for communicating designs using appropriate digital rendering techniques.
5. Demonstrate proficiency in industry-related computer applications by earning software certification.
6. Evaluate digital sources using the Internet to find and compare existing conditions, designs, and solutions.

Note: The length of this program makes it ineligible for federal and state financial aid.

Additional Admission Requirements
• Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

Program Specific Courses

AutoCAD Foundations (Engineering), A.S. Certificate

Program Information
A.S. Certificate - Code 0928 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Linda Sullivan, 386-506-4154, sullivi@daytonastate.edu

Program Mission, Description, and Outcomes
Mission:
The mission of the AutoCAD Foundations (Engineering) program is to provide the knowledge and skills necessary for entry-level employment as a drafter in manufacturing, simulation, aerospace, or related fields. The program, which uses the latest technology and innovative teaching methods, also transitions into Associate of Science and baccalaureate programs.

Description:
The program provides a foundation in the use of 2D drawings and 3D modeling for manufacturing and related industries. The certificate includes instruction in engineering drawing and the use of AutoCAD software for 2D drafting and 3D modeling. Additional instruction is also provided in 3D solid modeling using INVENTOR and SOLIDWORKS software. Industry-certifications are included to validate acquired software skills. Program courses apply toward the Associate of Science degree in Drafting and Design.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate knowledge and skills to produce engineering drawings which comply with American National Standards Institute (ANSI) regulations.
2. Identify and use different tools, equipment, materials and products used in the industry.
3. Use design software to structure solutions to respond to needs and solve characteristic, industry-related problems.
4. Take an active role in a community context by earning AutoCAD User Certification and/or designation as a Certified SOLIDWORKS Associate.
5. Develop search algorithms to find existing virtual models to incorporate as components of final designs.
6. Create visual presentations with images, animations, and/or stereo lithography to effectively communicate design solutions.

Note: The length of this program makes it ineligible for federal and state financial aid.

Additional Admission Requirements
• Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

Broadcast TV Production, A.S. Certificate

Program Information
A.S. Certificate - Code 0824 - Catalog 2017/2018
Anita Bevins, Associate Professor, 386-506-3936, Anita.Bevins@DaytonaState.edu
Program Office, 386-506-4227, BASinfo@DaytonaState.edu

Program Mission, Description, and Outcomes
Mission:
The mission of the Broadcast Television Production Certificate is to prepare students for employment as television and video production personnel. The program teaches broadcast television and production stressing academic knowledge, problem-solving skills, work ethics, and specific occupational skills necessary for studio and field production.

Description:
The Broadcast Television Production Certificate stresses a comprehensive understanding and demonstration of video production skills including studio and field productions.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate team skills.
2. Demonstrate safe and efficient work practices.
3. Generate a production schedule.
4. Plan a production set.
5. Create appropriate lighting for location and/or set productions.
6. Operate a video camera.
7. Shoot studio and/or location footage.
8. Record, mix, and edit audio resources.
9. Operate control room equipment.
10. Organize and edit video resources.

Credits earned in this certificate may be applied toward the A.S. degree in Broadcast Television Production.

Note: Financial aid eligibility for this program is pending.

Business Management, A.S. Certificate

Program Information
A.S. Certificate - Code 0916 - Catalog 2017/2018
Max Grunbaum Nagiel, Assistant Chair, 386-506-3829, Max.Nagiel@daytonastate.edu
John Weiss, 386-506-3792, John.Weiss@daytonastate.edu
School of Business Admin., 386-506-4227

Program Mission, Description, and Outcomes

Mission:
The mission of the Business Management Certificate program is to prepare students for employment in small business or promotion with a current employer into management through innovative curriculum that emphasizes student success, promotes diversity, and provides the fundamental concepts, knowledge, and skills needed to meet local industry needs.

Description:
The college credit certificate program is designed to provide individuals with the skills and knowledge necessary to start, operate, and/or improve a small business. Classes will be scheduled to accommodate the needs of individuals already working in the business world.

Outcomes:
Graduates of the program will be able to:
1. Prepare financial information for management-related decisions.
2. Generate effective communication of ideas, concepts and terminology.
3. Apply business related theories to problems, cases, or research papers.
4. Create business documentation using appropriate software.
5. Formulate a company marketing plan using marketing concepts.
6. Develop a business plan for a new business venture.

Credits earned in this certificate may be applied toward the 205900 AS degree in Business Administration and 091300 Business Operations Entrepreneurship certificate.

Note: This program is eligible for federal financial aid and state bright futures.

Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The certificate program provides the student a basic understanding of electronic skills, use of various types of precision test equipment for analyzing, troubleshooting and repairing electronic circuitry. This program incorporates innovative teaching methods, uses the latest technology, thus encouraging student success.

Description:
The certificate program provides students with the knowledge and skills necessary to install and test cable. This program is designed to prepare students for employment as a cable installer, cable tester, cable technician, or to provide supplemental training to persons previously or currently employed in these occupations. More specifically, students will be able to use the various types of precision test equipment found in general use throughout the electronics industry for the purpose of analyzing, troubleshooting and repairing electronic circuitry. Program courses transfer directly into other Associate of Science programs.

Outcomes:
Graduates of the program will be able to:
1. Assess the effectiveness of transmission and distribution systems.
2. Demonstrate knowledge of basic electronics.
3. Evaluate proficiency in network communications.
4. Analyze proficiency of telephony communication systems.
5. Evaluate and analyze proficiency of analog and digital systems.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Program Tuition and Fees: $1,229*
Access Fee: $16 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $96
Textbook Estimate - varies depending on new, used, renting, or e-books

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: For more information on grant, loans and work programs, please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements

- Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

Careers

All of these courses count toward either the AS degree in Computer Engineering Technology, Computer Information Technology, Computer Programming and Analysis, Electronics Engineering Technology, and Networking Services Technology.

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on the any career, job, or salary potential can be found at http://www.onetonline.org.

Computer Programming, A.S. Certificate

Program Information

A.S. Certificate - Code 0938 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Luke Sui, Assistant Chair, suil@daytonastate.edu
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The certificate program provides the student with a basic understanding of writing computer programming codes using a variety of programming languages. The students also learn to test, monitor, debug, and document and maintain computer programs. The program incorporates innovative teaching methods, uses latest technology and industry relevant coding languages, thus encouraging student success.

Description:
The program provides a solid foundation in programming. Students develop skills enabling them to program C, C++, Visual Basic; as well as to design and develop software. All credits earned in this program are applicable to the AS degree in Computer Programming and Analysis. Selected courses prep for MCP, MCAD, MOS, and Sun Java certifications. Program courses transfer directly into Associate of Science in Computer Programming and Analysis and other Associate degree programs.

Outcomes:
Graduates of the program will be able to:

1. Plan and perform data file activities.
2. Design and assess analysis activities.
3. Prepare, plan and perform program design activities, coding activities and testing activities.
4. Propose and perform user-training activities, implementation activities and user support activities.
5. Use and evaluate multiple integrated development environment and programming languages.
6. Illustrate professional development skills and general organizational computing workplace competencies.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Program Tuition and Fees: $3,379*
Access Fee: $45 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $30
Textbook Estimate: varies depending on new, used, renting, or e-books

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work programs, please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements
- Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.
- Successful completers of CET 1600 are eligible to take the test to become a Network Plus Certified Professional.

Careers
The courses from this program could also be used to other AS degrees.

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on the any career, job, or salary potential can be found at http://www.onetonline.org.
Program Length: The typical length of this program is four (4) semesters (36 weeks) for a full-time student, with 10% graduating within 4 semesters for 2014-15. The Florida Education and Training Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field at 92%.

Computer-Aided Design and Drafting, A.S. Certificate

Program Information
A.S. Certificate - Code 0821 - Catalog 2017/2018
Anindya Paul, Department Chairperson, 386-506-4155, paula@DaytonaState.edu
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The program prepares students for employment or provides additional training for persons employed in manufacturing and high technology industries. This certificate is a part of the Engineering Technology AS degree program. The program prepares students for entering into the manufacturing career cluster.

**Description:**
This certificate provides a program of study with courses in CAD and sold modeling needed to assist the engineering activities of industry and consultants in planning, designing, and detailing. Rapid prototyping is also utilized throughout the solid modeling courses. This certificate is a part of the Engineering Technology AS degree program.

**Outcomes:**
Graduates of the program will be able to:
1. Demonstrate proficiency in using advanced CAD commands.
2. Design three-dimensional (3-D) drawings.
3. Demonstrate proficiency in using solid (3D) modeling software.
4. Demonstrate proficiency in engineering design fundamentals.
5. Demonstrate proficiency in solid modeling fundamentals.

**Note:** Financial aid eligibility for this program is pending.

**Approximate Additional Costs**
Program Tuition and Fees: $2,457*
Access Fee: $32 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $330
Other costs include a scientific calculator, computer repair tool kit (approx. $20), and soldering kit (approx. $20). Consult college bookstore for approximate costs of textbooks.

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work programs, please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

**Additional Admission Requirements**
- Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.
- Program Specific Courses require a "C" or better.

**Careers**
The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on the any career, job, or salary potential can be found at http://www.onetonline.org.

**Program Length:** The typical length of this program is two (2) semesters (30 weeks) for a full-time student. This is a new program and no information is currently available on graduation and placement rates.

17-3019 Drafters
17-3012 Electrical and Electronic Drafters
17-3013 Mechanical Drafters
17-3026 Industrial Engineering Technicians

Culinary Arts, A.S. Certificate

Program Information
A.S. Certificate - Code 0819 - Catalog 2017/2018
Costa Magoulas, Dean, 386-506-3578, Costa.Magoulas@daytonastate.edu
Lisa Allen, Administrative Specialist, 386-506-3946, Lisa.Allen@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The Culinary Arts Certificate Program at Daytona State College is committed to providing a quality education incorporating both theory and practice in order to prepare professionally responsible and capable individuals who will demonstrate value to employers within the hospitality industry. Additionally, our mission is to provide the hospitality industry with leaders who will make meaningful contributions to both the industry and their communities.

Description:
This program provides students with the necessary food service skills and culinary skills for an entry-level position as a restaurant cook. The curriculum is designed to give the student a solid foundation of cooking skills. Students are also taught basic sanitation and safety and are Serv Safe Certified before program completion. The program provides technical skill proficiency and includes competency-based, applied learning that contributes to greater academic knowledge, including higher-order reasoning and problem-solving skills, work attitudes, general employability skills, technical skills, and occupation-specific skills related to all aspects of the Hospitality and Tourism Industry.

Credits earned in this certificate program may be applied toward the AS Degree in Culinary Management - 222600 (p. 175).

Outcomes:
Graduates of the Program will be able to:
1. Identify organization and functions of the culinary industry.
2. Demonstrate skills in food and beverage service, sanitation and safety, and management services.
3. Recognize, identify and demonstrate usage of foods.
4. Demonstrate proficiency in employability skills.
5. Demonstrate the application of mathematics commonly used in the culinary industry.
6. Analyze recipe costs and portion sizes.
7. Identify the organization and functions of the culinary industry.
8. Demonstrate equipment operation and maintenance skills.
9. Analyze labor, fire and liquor laws that affect the culinary industry.
10. Plan and maintain purchasing and receiving procedures.
11. Demonstrate skill in preparing foods for cooking.

Approximate Additional Costs

Program Tuition and Fees: $3,583*
Access Fee: $44 ($1.26 per credit)
Assessment Fee: $33
Lab Fees: $1250 (lab fees are charged for each Food Production course @ $150)
Uniforms: $150
Professional Cutlery: $260
Textbook Estimate: $1000

*In-state tuition only; out-of-state tuition will be higher.

Careers

Restaurant Cook, First Line Supervisor. Work in the hospitality industry in restaurants, hotels, country clubs, resorts, industrial kitchens.

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on the career, job, or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of this program is three (3) semesters (36 weeks) for a full-time student. This
is a new program and no information is currently available on graduation and placement rates.

Drafting and Design Technology, A.S. Certificate

Program Information
A.S. Certificate - Code 0929 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Linda Sullivan, 386-506-4155, sullivi@daytonastate.edu
03/29/2017 M - 2594

Program Mission, Description, and Outcomes
Mission:
The mission of the Drafting and Design Technology program is to provide the knowledge and skills necessary to secure entry-level employment as a drafter in any application. The program, which uses the latest technology and innovative teaching methods, also transitions into Associate of Science and baccalaureate programs.

Description:
The program provides entry-level skills in Drafting and Design Technology for engineering, manufacturing, architecture and related disciplines. Instruction covers the various aspects of engineering and architectural drawings with specific instruction in 2D and 3D computer aided drafting. Solid modeling is emphasized to provide a variety of modes for communicating designs. With the inclusion of general education courses, this certificate can be directly applied toward the Associate of Science degree in Drafting and Design Technology.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate knowledge and skills to produce orthographic drawings which comply with the standards of various industry organizations.
2. Identify and use different tools, equipment, materials and products commonly used to produce design media.
3. Demonstrate proficiency in industry-related computer applications by earning software certification.
4. Plan and initiate design projects to provide solutions to needs and problems.
5. Create presentations to communicate designs using rendering, animating, prototyping, and printing.
6. Evaluate existing models, solutions, and conditions as influences on final designs.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Program Tuition and Fees: $2,457*
Access Fee: $32 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $300 or $360 (including electives)
Textbook Estimate: varies depending on new, used, renting, or e-books

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work programs, please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Program Mission, Description, and Outcomes

**Mission:**
The program prepares students for employment or provides additional training for persons employed in manufacturing and high technology industries. This certificate is a part of the Engineering Technology AS degree program. The program prepares students for entering into the manufacturing career cluster.

**Description:**
This certificate prepares students for entry-level employment with an occupational title as Engineering Support Specialist or Engineering Specialist in various specialized areas to support engineering design, manufacturing processes and production, testing, and/or maintaining product quality, or to provide supplemental training for persons previously or currently employed in these occupational areas.

**Outcomes:**
Graduates of the program will be able to:
1. Demonstrate an understanding of industrial processes and material properties.
2. Generate and interpret computer-aided drawings.
3. Demonstrate a fundamental understanding of electronics and electricity.
4. Demonstrate an understanding of industrial safety, health, and environmental requirement.
5. Summarize quality assurance methods and quality control concepts.
6. Demonstrate proficiency in using tools, instruments and testing devices.
7. Implement basic troubleshooting skills.
8. Apply appropriate communication skills.
9. Apply appropriate math skills.
10. Evaluate and apply modern business practices and strategies.
11. Exhibit employability skills

*Note: To ensure Financial Aid program eligibility, students need to also be accepted to the parallel associate degree program.*

**Additional Admission Requirements**
Consult college bookstore for approximate costs of textbooks. Consult college catalog for lab fees. Other costs include a scientific calculator, computer repair tool kit (approx. $20), and soldering kit (approx. $20).

**Hospitality Beverage Science, A.S. Certificate**

**Program Information**

A.S. Certificate - Code 0819 - Catalog 2017/2018
Costa Magoulas, Dean, 386-506-3578, magoulc@daytonastate.edu
Lisa Allen, Administrative Specialist, 386-506-3946, allenl@DaytonaState.edu

Program Mission, Description, and Outcomes

**Mission:**
The mission of the Hospitality Beverage Science Certificate program is to give students the required knowledge, experience and skills for employment in the beverage segment of the hospitality and culinary industry. The program is committed to providing and fostering a student centered learning environment that combines theory and practical hands on teaching methods in a state of the art professional setting.

**Description:**

The Hospitality Beverage Science program is designed to prepare students for a variety of careers in the craft brewing, hospitality or culinary industry.

**Outcomes:**

Graduates of the program will be able to:
1. Handle and process brewing ingredients for making beer.
2. Manage yeast propagation and cultivation in a craft brewery setting.
3. Discuss wine production, identification, production methods, and proper service technique.
4. Pair wines and beer with appropriate food choices.
5. Understand standard cleaning, sanitizing, and safety procedures in a commercial brewery or bar.
6. Demonstrate skills in sanitation and safety procedures for a commercial brewery or bar.
7. Demonstrate beverage servings in a commercial setting while conforming to safe practices and applicable laws.
8. Identify and explain the various components of beverage management in accordance with federal, state and local regulations.
9. Demonstrate the ability to design a beverage menu.
10. Identify and develop a marketing plan for beverage products for a hospitality establishment.

*Note: Financial aid eligibility for this program is pending.*

**Approximate Additional Costs**

Program Tuition and Fees: $3,071.40*
Access Fee: $37.80 ($1.26 per credit)
Assessment Fee: $33
Lab Fees: $110
Uniforms: $100
*In-state tuition only; out-of-state tuition will be higher.

**Careers**

Foodservice Manager, Brewery Assistant, Brewery Worker, Beverage Server in brewery tap room, brewpub, restaurant, or hotel

Information Technology Administration, A.S. Certificate

Program Information
A.S. Certificate - Code 0902 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Luke Sui, Assistant Chair, suil@daytonastate.edu
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The certificate program provides the student a basic understanding of the technology used in web development along with proficiency in hardware and software tools. The program is aligned with the industry standards and prepares students for further education and careers in Information Technology cluster. The program incorporates innovative teaching methods, uses latest technology, thus encouraging student success.

Description:
The certificate program in Information Technology Administration provides the student a solid understanding of web based technology. The student develops proficiency with hardware and software installation, networked environment, development and use software tools and web programming language in building, maintaining and optimizing websites for personal and business use. The content prepares students to work in Internet, Intranet, and Extranet environments; installing and configuring Intranet and web based resources. Program courses transitions directly into Associate of Science in Internet Services Technology and other Associate degree programs.

Outcomes:
Graduates of the program will be able to:
1. Design and implement websites with logical structure, organization, and navigation.
2. Demonstrate understanding of networked environments, hardware and software.
3. Assess, evaluate and understand installation and configuration of computer hardware and related software.
4. Evaluate and support web design/development and web site management activities.
5. Create web pages using web coding languages to support e-commerce-related tasks.

Note: To ensure Financial Aid program eligibility, students need to also be accepted to the parallel associate degree program.

Approximate Additional Costs

Program Tuition and Fees: $1843*
Access Fee: $47 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $15
Textbook Estimate: varies depending on new, used, renting, or e-books

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work programs, please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships

Additional Admission Requirements

• Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

Careers

Most of these courses count towards the AS degree in Networking Services Technology, and some courses could be applied towards AS degrees in Computer Programming and Analysis, Computer Information Technology, Internet Services Technology, and Computer Engineering Technology.

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on the any career, job, or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of this program is two (2) semesters. The Florida Education and Training
Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field at 88%.

Information Technology Analysis, A.S. Certificate

Program Information

A.S. Certificate - Code 0903 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Luke Sui, Assistant Chair, suil@daytonastate.edu
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The program provides the student a basic understanding of microcomputer operating procedures, software application packages and knowledge of configuring, maintaining and troubleshooting hardware related to a microcomputer based work environment. The program incorporates innovative teaching methods, uses latest technology, thus encouraging student success.

Description:
The certificate program in Information Technology Analysis prepares the student to review microcomputer oriented operating procedures, software applications packages, and hardware in order to select the appropriate information technology equipment for a particular microcomputer based environment; install information technology equipment, troubleshoot information technology equipment, support technology users. Program courses transfer directly into Associate of Science Computer Information Technology and other Associate degree programs.

Outcomes:
Graduates of the program will be able to:
1. Perform installation and configuration of computer hardware and software.
2. Design, create, and test a networked environment.
3. Demonstrate understanding of internet structure, organization and navigation.
4. Plan, perform and evaluate technical system support functions.
5. Design, perform and evaluate troubleshooting activities.
6. Plan and perform systems monitoring activities.
7. Assess and perform computer information systems analysis activities.
Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Program Tuition and Fees: $2,764*  
Access Fee: $36 ($1.35 per credit)  
Assessment Fee: $31  
Lab Fees: $55  
Textbook Estimate: varies depending on new, used, renting, or e-books

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. Program Mission, Description, and Outcomes
Mission:
The certificate program in Information Technology Support Specialist provides the student with an understanding of the computer hardware and software and its interaction in a networked environment and supporting technology users. The program incorporates innovative teaching methods, uses latest technology, thus encouraging student success.

Description:
The certificate program in Information Technology Support Specialist provides the student with a solid understanding of the computer hardware and software and its interaction in a networked environment. The certificate program also provides soft skills and technical skills for providing customer support in a networked office and business environment. The course content prepares students to install, troubleshoot information technology equipment and support its users. Program courses transfer directly into Associate of Science Computer Information Technology and other Associate degree programs.

Outcomes:
Graduates of the program will be able to:
1. Design, create, and test a network environment.
2. Arrange, install, and configure network hardware and software.
3. Arrange, install, and configure computer hardware and software.
4. Plan and perform internetworking administration, management, and other activities.
5. Plan and perform troubleshooting and maintenance on network hardware and software.
6. Plan and perform systems monitoring activities and customer service skills.

Note: To ensure Financial Aid program eligibility, students need to also be accepted to the parallel associate degree program.

Interior Design Technology - Kitchen and Bath Specialization, A.S. Certificate

Program Information

A.S. Certificate - Code 0816 - Catalog 2017/2018

Anindya Paul, Chair, 386-506-4155,
paula@DaytonaState.edu
Linda Sullivan, 386-506-4154,
Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The program prepares students with quality training, practice and skill development necessary to progress in the interior design industry with a focus on kitchen and bath interiors. The program seeks to provide unique learning opportunities through practical hands-on training, involvement in and from the design community, and a comprehensive curriculum to ensure a successful transition from student of kitchen and bath design to practitioner of kitchen and bath design.

Description:
The primary purpose of this program is to prepare students for initial employment in the interior design, architecture, or construction industry, specifically in the kitchen and bath disciplines. This program offers a sequence of courses that provides coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for careers in this field. Program competency-based applied learning covers the elements and principles of design, advanced hand and computer aided drawing skills, visual and oral presentation skills, and NKBA (National Kitchen and Bath) standards for kitchen and bath design.

Graduates of the Kitchen and Bath specialization certificate can transfer all 39 certificate credits should they wish to pursue an AS degree in Interior Design Technology - 207000 (p. 202) at Daytona State College. Certificate completers also have an option to transfer up to 17 credits should they wish to pursue an AS degree in Architectural and Building Technology - 221900 (p. 161).

Graduates may secure entry-level positions with kitchen and bath showrooms, interior design studios, home improvement stores, or architectural firms. Graduates career options are kitchen designer, bath designer, industry representative, salesperson, drafting technician, or design assistant.

Outcomes:
Graduates of the program will be able to:
1. Identify and apply elements and principles of design to interior spaces.
2. Incorporate evaluations, space planning, layout, workflow, and design into kitchen and bath projects
3. Research and specify interior design materials and resources as they apply to kitchen and bath projects.
4. Identify interior building codes, regulations, and legislation relating to residential and non-residential spaces.
5. Explain sustainability issues related to the design, construction, and maintenance of the built environment.
6. Communicate design concepts effectively through drawing, written, visual, and oral presentations.
7. Demonstrate employability skills and an understanding of entrepreneurship and systems for a professional practice.

Note: This program is eligible for federal financial aid and state bright futures.

### Approximate Additional Costs

- Program Tuition and Fees: $3,993*
- Access Fee: $53 ($1.35 per credit)
- Assessment Fee: $31
- Lab Fees: $500
- Textbook Estimate: varies depending on new, used, renting, or e-books

*In-state tuition only: out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work programs, please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

### Additional Admission Requirements

- Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

### Careers

Kitchen designer, bath designer, salesperson for kitchen and bath showroom, drafting technician, CAD technician, industry representative, project manager, and design assistant to an architecture or interior design firm. Upon completion, students will be qualified for positions with "to-the-trade-only" fabric/furniture/flooring showrooms serving the interior design professionals.

Additional information on the any career, job, or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of this program is three (3) semesters (45 weeks) for a full-time student, with no students graduating within 3 semesters for 2014-15. The Florida Education and Training Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field: no data available at this time.

27-1025.00 Interior Designers

Marketing, Sales and Service - Entrepreneurship, A.S. Certificate

Program Information
A.S. Certificate - Code 0817 - Catalog 2017/2018
Max Grunbaum Nagiel, Assistant Chair, 386-506-3829, nagielm@DaytonaState.edu
Diana-Joy Colarusso, 386-506-3603, colarud@daytonastate.edu
School of Business Admin., 386-506-4227

Program Mission, Description, and Outcomes

Mission:
The mission of the Marketing, Sales, and Service - Entrepreneurship Certificate Program is to prepare students for entry-level employment in a marketing-related field through innovative curriculum that emphasizes student success, promotes diversity, and provides the fundamental concepts, knowledge and skills needed to meet local industry needs.

Description:
This college credit certificate program is designed to provide individuals with the skills and knowledge necessary to work in sales positions, assist advertising managers, and develop social media marketing strategies.

Outcomes:
Graduates of the program will be able to:

1. Identify various marketing strategies or service techniques.
2. Demonstrate effective communication via marketing strategy.
3. Plan the components of a marketing strategy.
4. Develop a business plan.

Credits earned in this certificate may be applied toward the AS degree in Business Administration or AA degree.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Program Tuition and Fees: $1,229*
Access Fee: $16 ($1.35 per credit)
Assessment Fee: $31
Textbook Estimate: $400

*In-state tuition only; out-of-state tuition will be higher.

Students are encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information, see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements

• Program specific courses require a “C” or better.

Careers

Program Length: The typical length of this program is two (2) semesters.

Some credits earned in this program may be applied toward the Business Operations Certificate - 091300 (p. 123), Business Management Certificate - 091600 (p. 121) or AS degree in Business Administration - 205900 (p. 165). Credits earned in this program may also be applied toward the electives for an AA degree or the occupational/technical credits required for the BAS program.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account, or email your Daytona State College Career Advisor.

Medical Information Coder Biller (Limited Access Program), A.S. Certificate

Program Information
A.S. Certificate - Code 1912/0912 - Catalog 2017/2018
Linda Moss, Assistant Chair, 386-506-3756, mossl@daytonastate.edu
Martin Smith, Faculty, 386-506-3748,
Melissa Brown, Academic Advisor, 386-506-3052,
Melissa.Brown@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Medical Information Coder/Biller program at Daytona State College is to provide a quality program to educate students regarding the coding and billing in an outpatient setting.

Description:
This certificate program prepares students for entry-level employment as a medical coder/biller in ambulatory, physician office, and hospital outpatient settings. The Medical Information Coder/Biller is responsible for translating diagnostic and procedural narrative from the medical record into alphanumeric codes. Credits earned in this certificate program may be applied toward the AS degree in Health Information Technology. Graduates are eligible to take applicable credentialing examinations.

Outcomes:
Graduates of the program will be able to:

1. Demonstrate appropriate communication skills in verbal and written tasks in a health care office environment
2. Accurately code and bill in an outpatient setting by analyzing medical data, including problem solving complex medical data scenarios with a high degree of accuracy.
3. Identify and evaluate information in the electronic medical record by effectively navigating the system.
4. Function as a valuable member of a quality healthcare team.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Program Tuition and Fees: $3,788*
Access Fee: $50 ($1.35 per credit)
Assessment Fee: $31
Lab Fees (including liability insurance): $108
Textbooks: $500
FDLE/FBI Background Screening: $90

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work program available please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://daytonastate.edu/scholarships.

Additional Admission Requirements
• This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.
• To be eligible for continuing enrollment, the student must qualify for ENC 1101 (Introduction to Composition). The student must show successful completion of MAT 0028C (Elementary Algebra and Lab). This eligibility can be met through assessment results or course work. Applicants that graduated from a Florida public high school after the year 2003 and earned a Standard High School diploma are not required to take the placement test. Those applicants that have successfully completed college level English and/or Math may be exempt from placement testing. All other applicants are required to take the Postsecondary Education Readiness Test (PERT) and be at the 10th grade level for reading, language and arithmetic.
• Completion of the following course with a grade of 'C' or better is required for continuing enrollment approval: HSC1531 (Medical Terminology).

• Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).

• High School Diploma or equivalent GED.

• Submit completed application for continuing enrollment to the School of Health Careers. Applications are accepted anytime during the year. Selections are made once per year. Applicants with cumulative GPA's of 2.5 or higher and successful completion of all prerequisite and corequisite courses will be considered more favorably.

• A physical examination is required prior to entering the clinical setting.

• All courses must be completed with a 'C' or better. Program specific courses must have been completed within one year and evaluated by the assistant chair. All other substitutions must be approved by the Assistant Chair.

• Students will be held accountable for the policies and procedures of the Medical Information Coder/Biller program as outlined in the Health Information Technology and Coder/Biller student handbook, as well as the College Student handbook.

The Medical Information Coder Biller AS Certificate is fully embedded in the AS Degree Health Information Technology Program. Classes taken for the Medical Information Coder Biller Program can be applied towards the Health Information Technology AS Degree.

Careers
Medical Coder
Medical Biller

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on any career, job, or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of this program is three (3) semesters (45 weeks) for a full-time student, with 93% graduating within 3 semesters for 2014-15. The Florida Education and Training Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field at 100%.

For additional career information, please see: http://www.onetonline.org/link/summary/29-2071.00

2nd Semester
Microcomputer Repairer/Installer, A.S. Certificate

Program Information
A.S. Certificate - Code 0907 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The certificate program provides a basic understanding of microcomputer architecture, electrical circuits and network analysis. The program is aligned with the industry standards and prepares students for further education and careers in the manufacturing cluster. The program incorporates innovative teaching methods, uses latest technology, thus encouraging student success.

Description:
The certificate program in Microcomputer Repair/Installer provides the student a thorough understanding of the computer hardware and software, microcomputers and computer system architecture. The program provides a general electronics background, prepares student to pass A+ certification exams and user support skills. Program courses transitions directly into Associate of Science in Computer Engineering Technology and other Associate degree programs.

Outcomes:
Graduates of the program will be able to:
1. Evaluate proficiency in computer systems architecture.
2. Perform in microcomputer disk operating system services and functions with proficiency.
3. Present, test, verify, install, and configure computer operating systems.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs
Program Tuition and Fees: $1,536*
Access Fee: $20 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $50
Textbook Estimate: varies depending on new, used, renting, or e-books

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: For more information on grant, loans and work programs, please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements
• Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

Careers
Most of these courses count toward the AS degree in Computer Engineering Technology, and some courses could be applied toward AS degrees in Computer Information Technology, Electronics Engineering Technology and Networking Services Technology.

Program Mission, Description, and Outcomes

Mission:
The certificate program provides students with the knowledge and skills of network support, telecommunications and user support. The curriculum includes, but is not limited to, basic electronics skills, telephony cabling and network communications. This program incorporates innovative teaching methods using the latest technology, thus improving student knowledge and encouraging their success.

Description:
The certificate program provides students with the knowledge and skills of network support, telecommunications and field support. This program is designed to prepare students for employment as a network support technician, telecommunications technician, field support engineer, sub-system specialist, communications specialist, or to provide supplemental training to persons previously or currently employed in these occupations. Students will be prepared for the following industry certifications: CompTIA Network+ and CCNA.

The specialization content includes, but is not limited to, basic electronics skills, telephony cabling and network communications. Program courses transfer directly into other Associate of Science degree programs.

Outcomes:
Graduates of the program will be able to:
1. Plan and create a computer network system.
2. Plan and assess the proficiency in network communications.
3. Design and set up a computer network with routers and bridges and hubs.

Note: To ensure Financial Aid program eligibility, students need to also be accepted to the parallel associate degree program.

Approximate Additional Costs
Program Tuition and Fees: $1,843*
Access Fee: $24 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $90
Textbook Estimate: varies depending on new, used, renting, or e-books

*In-state tuition only; out-of-state tuition will be higher.

Network Infrastructure, A.S. Certificate

Program Information

A.S. Certificate - Code 0922 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Timothy Pintello, Assistant Chair, 386-506-4126, pintelt@DaytonaState.edu
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The certificate program provides students with the knowledge and skills of network support, telecommunications and user support. The curriculum includes, networking fundamentals and troubleshooting, and network communications. This program incorporates innovative teaching methods, uses the latest technology, thus encouraging student success.

Description:
The certificate program provides students with the knowledge and skills necessary to install, configure and maintain simple networks. The program includes networking fundamentals, routing concepts and protocols along with router configuration skills. The students can take the CCNA exam, if they wish to, after completing the courses. The overall benefits for preparing for such a certification is to increase the holder's professional credibility by ensuring high standards of technical expertise. In particular, the CCNA certification indicates knowledge of networking for the Small-Office, Home-Office (SOHO) market and the ability to work in small businesses or organizations whose networks have fewer than 100 nodes. Program courses transfer directly into Associate of Science Network Systems Technology and other Associate degree programs.

Outcomes:
Graduates of the program will be able to:
1. Plan and create a computer network system.
2. Plan and assess the proficiency in network communications.
3. Design and set up a computer network with routers and bridges and hubs.

Note: To ensure Financial Aid program eligibility, students need to also be accepted to the parallel associate degree program.

Approximate Additional Costs

**Program Mission, Description, and Outcomes**

**Mission:**

The certificate program prepares the student to plan, install, configure, troubleshoot and monitor computer networks. Students will also be able to understand, plan, manage and implement security in a networked environment. This program incorporates innovative teaching methods, uses the latest technology, thus encouraging student success.

**Description:**

The certificate program in Network Server Administration prepares the students to plan, install, configure, and monitor computer networks in a LAN/WAN environment. Students will have a good background in networking fundamentals and capable of maintaining and supporting a small network. Program courses transfer directly into Associate of Science Network Systems Technology and other Associate degree programs.

**Outcomes:**

Graduates of the program will be able to:

1. Design, create, and test a network environment.
2. Present how data communications protocols and devices interact with each other.
3. Plan and perform internetworking administration, management, and other activities.
4. Plan and perform troubleshooting and maintenance on network hardware and software.

**Note: This program is eligible for federal financial aid and state bright futures.**

**Approximate Additional Costs**

Program Tuition and Fees: $2,457*
Access Fee: $32 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $15
Textbook Estimate: varies depending on new, used, renting, or e-books

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work programs, please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.
**Additional Admission Requirements**

- Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

**Careers**

Most of these courses count toward the AS degree in Networking Services Technology, and some courses could be applied toward AS degrees in Computer Information Technology, Computer Engineering Technology and Electronics Engineering Technology.

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on the any career, job, or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of this program is three (3) semesters (30 weeks) for a full-time student, with 13% graduating within 3 semesters for 2014-15. The Florida Education and Training Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field at 90%.

**Program Mission, Description, and Outcomes**

**Mission:**
The certificate program provides the student a basic understanding of hardware and software interacting with each other. The program also includes some basic networking concepts and the use of software application packages in a technology environment. This program incorporates innovative teaching methods using the latest technology, thus improving student knowledge and encouraging their success.

**Description:**

The certificate program in Information Technology Technician prepares the student to plan, install, configure, and monitor computer networks in a LAN/WAN environment. Students will be prepared to apply conceptual and theoretical knowledge to the workplace utilizing technical skills learned during the program. Program courses transfer directly into Associate of Science Network Systems Technology and other Associate degree programs.

**Outcomes:**

Graduates of the program will be able to:

1. Design, create, and test a network environment.
2. Arrange, install, and configure network hardware and software.
3. Arrange, install, and configure computer hardware and software.
4. Plan and perform internetworking administration, management, data communications and other activities.
5. Plan and perform troubleshooting and maintenance on network hardware and software.

*Note: To ensure Financial Aid program eligibility, students need to also be accepted to the parallel associate degree program.*

**Approximate Additional Costs**

Program Tuition and Fees: $2,150*
Access Fee: $28 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $105
Textbook Estimate: varies depending on new, used, renting, or e-books

**Office Management, A.S. Certificate**

**Program Information**

A.S. Certificate - Code 0914 - Catalog 2017/2018
Linda Cupick, Assistant Chair, 386-506-3511, cupickl@DaytonaState.edu
Diane Farrow, 386-506-3799, farrowd@DaytonaState.edu
School of Business Admin., 386-506-4227

**Program Mission, Description, and Outcomes**

**Mission:**
The mission of the Office Management Certificate Program is to prepare students through the use of an innovative curriculum that promotes student success for entry-level office management positions in customer relations, office support, and records management meeting local industry needs.

**Description:**
This program is designed for the student seeking employment as an office administration specialist. It provides a solid foundation in computer operations, word processing software, and office procedures. The student develops business communication, computation, computer software application and office management skills. This college credit certificate is articulated into the AS degree in Office Administration.

**Outcomes:**
Graduates of the program will be able to:
1. Communicate in a clear and effective manner.
2. Perform keyboarding and document processing activities.
3. Demonstrate knowledge of human relations skills.
4. Demonstrate employability skills.
5. Develop leadership skills.
6. Perform information processing and transmittal activities.
7. Perform decision-making activities as related to business software and the office environment.
8. Perform business computations, records and office management skills.

Credits earned in this certificate may be applied toward the 092600 Office Support (Technical Certificate) and the 222900 AS Office Administration. The 092600 certificate can be earned in the first semester. See the sample program of study.

*Note: This program is eligible for federal financial aid and state bright futures.*

**Approximate Additional Costs**

Program Tuition and Fees: $2,764*
Access Fee: $36 ($1.35 per credit)
Assessment Fee: $31
Textbook Estimate: $1,200

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. Office Support (Technical Certificate), A.S. Certificate

Program Information

A.S. Certificate - Code 0926 - Catalog 2017/2018
Linda Cupick, Assistant Chair, 386-506-3511, cupickl@DaytonaState.edu
Diane Farrow, 386-506-3799, farrw@dDaytonaState.edu
School of Business Admin., 386-506-4227

Program Mission, Description, and Outcomes

Mission:
The mission of the Office Support Certificate Program is to prepare students for entry-level employment in a variety of office settings using an innovative curriculum which emphasizes student success and meets local industry needs.

Description:
Office Support (Technical Certificate) is a 12 hour college credit certificate in the Office Administration program. It is the first step toward the AS degree in Office Administration. This program teaches high quality entry office skills and in addition to being the first semester of the Office Administration AS degree, it is also valuable for clients of One Stop and Fresh Start programs to reinsert into the work force. Job titles: Entry-level support positions such as general office clerk, office assistant, receptionist, office and administrative support worker, and information clerk.

Credits earned in this certificate may be applied toward the College Credit Certificates

This certificate is embedded in the following AS certificates: Office Management - 091400 (p. 152); and the AS degree in Office Administration - 222900 (p. 218).

Outcomes:
Graduates of the program will be able to:
1. Communicate in a clear and effective manner.
2. Perform keyboarding and document processing activities.
3. Demonstrate knowledge of human relations skills.
4. Demonstrate employability skills.
5. Perform information processing and transmittal activities.
6. Perform decision-making activities as related to business software and the office environment.

**Note:** The length of this program makes it ineligible for federal and state financial aid.

**Approximate Additional Costs**

Program Tuition and Fees: $1,229*  
Access Fee: $16 ($1.35 per credit)  
Assessment Fee: $31

*In-state tuition only; out-of-state tuition will be higher.

**Additional Admission Requirements**

- Program Specific Courses require a "C" or better.

**Careers**

This certificate is the basis for continuing education. Graduates of this certificate are eligible to enroll in certificate 091400 or AS degree 222900.

**Paramedic (Limited Access Program), A.S. Certificate**

**Program Information**

A.S. Certificate - Code 1957/0957 - Catalog 2017/2018  
Megan Johnson, Senior Staff Assistant, Megan.Johnson@daytonastate.edu  
Martha Driscoll, Clinical Coordinator, 386-506-4159, Martha.Driscoll@daytonastate.edu  
EMS Department Email, ems@daytonastate.edu

**Program Mission, Description, and Outcomes**

**Mission:**

The mission of the Paramedic program is to provide students with the necessary training and practices to deliver high quality, caring patient care in the pre-hospital environment, emphasizing student success and embracing excellence and diversity.

**Description:**

The program trains students in the specialized and advanced skills and techniques required for emergency in-the-field pre-hospital care. Instruction covers IV therapy, advanced cardiac life support, advanced care skills for the patient in shock and telemetry and communications. It also provides additional information and skills practice to allow you to become proficient in the care of respiratory, medical and traumatic emergencies. The specific purpose of this program is to meet minimum requirements set by the Florida Department of Health, Bureau of Emergency Medical Services to allow you to take the Florida state certification examination for paramedic. Graduates of the program are eligible to take the Florida state board examination for paramedic. Graduates are qualified to work as advanced care providers on ambulances, in hospital emergency rooms, intensive care units and emergency helicopter transport agencies.

**Note:** In order to take this program of study, students must have proof of completion of an Emergency Medical Technician (EMT) course. Florida certification as an EMT must be obtained prior to Semester 2 Credits earned in this program may be counted in the Emergency Medical Services AS degree.

**Program Accreditation:** The Daytona State College EMS Program is approved by the Florida Department of Health Bureau of Emergency Medical Services, as meeting all statutory requirements of section 401 for EMS Training Centers in Florida. The Daytona State College EMS Program is accredited by the Commission on Accreditation of Allied Health Education Programs upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

**College Accreditation:** Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

**Outcomes:**
1. Exhibit effective communication within the Paramedic profession
2. Demonstrate professional behaviors consistent with the expectations for entry level Paramedic provider
3. Demonstrate safe practices within the Paramedic profession.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Program Tuition and Fees: $4,300*
Access Fee: $53 ($1.26 per credit)
Assessment Fee: $33
Lab Fees: Semester One ($283); Semester Two ($160);
Semester Three ($175); Semester Four (Field Internship - $160)
Textbooks/Equipment: $550 Entire Year
Uniforms: $200 Entire Year
Criminal Background Check and Drug Screen: $90

* In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work program available please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements

- Attendance at the EMS Orientation Session is Mandatory - Date and time will be announced by the EMS Program.
- Applications are accepted until courses are full or the stated application deadline, whichever comes first.

Careers

Paramedic Graduates have been employed at the local public safety agencies, theme parks and local hospitals.

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on any career, job, or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of this program is three (3) semesters (36 weeks) for a full-time student, with 95% graduating within 3 semesters for 2014-15. The Florida Education and Training Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field at 46%.

For additional career information, please see: http://www.onetonline.org/link/summary/29-2041.00

Web Development Specialist, A.S. Certificate

Program Information
A.S. Certificate - Code 0909 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Luke Sui, Assistant Chair, suil@daytonastate.edu
Linda Sullivan, 386-506-4154, sullivi@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The certificate program provides the basic technical skills aligned with the industry standards to design and build websites using web programming languages and to prepare for further education and careers in Information Technology cluster. The program incorporates innovative teaching methods, uses latest technology and industry relevant web coding languages, thus encouraging student success.

Description:
The certificate program in Web development specialist provides the student a solid understanding of the web based technology. The student develops the technical skills to design and build websites using multiple web programming languages for personal and business use, maintain, troubleshoot and implement web based technology on the website for optimization and analysis purposes. The content prepares students to work in Internet, Intranet, and Extranet environments; installing and configuring Intranet and web based resources. Program courses transitions directly into Associate of Science in Internet Services Technology and other Associate degree programs.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate proficiency with Internet structure, organization, and navigation.
2. Plan and perform installation and configuration of computer hardware and computer hardware.
3. Plan and perform enterprise architecture-related tasks.
4. Prepare, plan and perform web design/development activities and web site management activities.
5. Plan and perform programming and scripting using multiple languages.
6. Perform testing/troubleshooting activities and illustrate professional development skills and general organizational computing workplace competencies.
7. Use integrated development environment, and write codes in multiple web languages to create and support e-commerce websites.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Program Tuition and Fees: $3,583*
Access Fee: $47 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $55
Textbook Estimate: varies depending on new, used, renting, or e-books

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work programs, please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements
- Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an
Academic Advisor to determine developmental course requirements.

Careers

Most of these courses count toward the AS degrees in Internet Services Technology, and some courses could be applied toward AS degrees in Computer Information Technology, Computer Programming and Analysis, and Computer Engineering Technology.

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on the any career, job, or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of this program is four (4) semesters (45 weeks) for a full-time student, with 27% graduating within 4 semesters for 2014-15. The Florida Education and Training Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field at 75%.

Wireless Communications, A.S. Certificate

Program Information

A.S. Certificate - Code 0925 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Timothy Pintello, Assistant Chair, 386-506-4126, pintelt@DaytonaState.edu
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The certificate program provides students with the knowledge and skills of wireless technologies, networks, services, and applications. Students also get a basic knowledge of electronics and transmitters, receivers and transmission and distribution systems. This program
incorporates innovative teaching methods, uses the latest
technology, thus encouraging student success.

**Description:**
The certificate program provides students with the
knowledge and skills of wireless technologies, networks,
services, and applications. The Wireless Communications
Certificate is designed to prepare students for employment
as a wireless installer, wireless technician, wireless field
service technician or to provide supplemental training to
persons previously or currently employed in these
occupations. Program courses transfer directly into other
Associate of Science degree programs.

**Outcomes:**
Graduates of the program will be able to:
1. Demonstrate knowledge of basic electronics.
2. Construct and examine the basic operation and
   application of transmitters, receivers, and transmission
   and distribution systems.
3. Design and analysis of digital communications systems.
4. Evaluate the performance of transmission and
   distribution systems.
5. Appraise effectiveness of network communications.
6. Assess the proficiency in the analysis of telephony
   communication systems.

*Note: To ensure Financial Aid program eligibility,
students need to also be accepted to the parallel associate
degree program.*

**Approximate Additional Costs**
Program Tuition and Fees: $1,843*
Access Fee: $24 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $105
Textbook Estimate: varies depending on new, used,
renting, or e-books

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply
for federal and state student financial assistance by
completing the FAFSA at http://www.fafsa.gov. For more
information on grant, loans and work programs, please see
the Office of Financial Aid webpage at
http://www.daytonastate.edu/finaid. Students are also
encouraged to apply for one of the many Daytona State
College Foundation scholarships offered each semester.

A.S. Degree

Accounting Technology, A.S. Degree

Program Information

A.S. Degree - Code 2084 - Catalog 2017/2018
Max Grunbaum Nagiel, Assistant Chair, 386-506-3829, nagielm@DaytonaState.edu
Jerold Braun, 386-506-3538, braunj@DaytonaState.edu
School of Business Admin., 386-506-4227

Program Mission, Description, and Outcomes

Mission:
In support of the College mission, the Associate of Science Degree - Accounting Technology program mission is to provide theories, principles, and practices necessary for a successful career in the accounting profession or for transfer into a Bachelor's degree program.

Description:
The program provides a solid foundation in basic accounting theory as well as accounting practice including financial planning and taxation. Students apply their practical knowledge of these areas through computer simulations.

AS Certificates That Lead To This Degree:
The following AS Certificates are embedded within this degree: Accounting Technology Operations - 093500 (p. 114); Accounting Technology Management - 094300 (p. 113). You may pursue the AS degree and also earn the AS certificates while completing the requirements for the degree, or pursue the AS certificates to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate clear and effective communication.
2. Solve business problems using critical thinking.
3. Identify and discuss legal and ethical issues in tax preparation, financial planning, and the business environment.
4. Use appropriate software and hardware to produce tax returns, financial plans, and financial reports.
5. Demonstrate a basic working knowledge of estate planning, investment planning and cash management.
6. Apply Generally Accepted Accounting Principles to record, summarize, and report business transactions.
7. Demonstrate an understanding of corporate finance in the field of business.
8. Identify sound measures of internal control and protection of business assets.
9. Demonstrate an understanding of the global business environment.

Graduates of this program are eligible to be enrolled in Daytona State College, Bachelor of Applied Science in Supervision and Management program. Call (386) 506-4227 or email BASinfo@daytonastate.edu for details. Upon completion of this degree program, students are eligible to apply for the 093500 and 094300 certificates.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

Program Specific Courses require a "C" or better.

Careers

Program Specific Courses count toward Accounting Technology Operations Certificate 093500. Program Specific Courses count toward Accounting Technology Management Certificate 094300.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account, or email your Daytona State College Career Advisor.

Architectural and Building Technology, A.S.

Program Information
A.S. Degree - Code 2219 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155,
paula@DaytonaState.edu
Linda Sullivan, 386-506-4154,
Linda.Sullivan@daytonastate.edu
Program Mission, Description, and Outcomes

Mission:
The mission of the Architectural and Building Technology program is to provide the knowledge and skills necessary to progress in the diverse career options in the building, construction, and architecture industries. This program incorporates innovative teaching methods using the latest technology, thus improving student knowledge and encouraging their success. After completion, students may seek career jobs or transition into baccalaureate programs.

Description:
The program provides a solid foundation in the building industry. Students will receive a broad understanding of building materials, processes of construction, overall cohesiveness, current industry standards, sustainable design, barrier free design, drawing and computer drafting skills.

Outcomes:
Graduates of the program will be able to:
1. Execute architectural drawings and specifications.
2. Communicate effectively through written and verbal means.
3. Apply laws, building codes, ADA standards, and regulations to contract documents.
4. Identify tools, equipment, materials, and processes used in the building and construction field.
5. Explain sustainability issues related to the design, construction, and maintenance of the built environment.
6. Identify means to plan, coordinate, schedule, and control construction projects.
7. Estimate costs and take off quantities.
8. Demonstrate an understanding of entrepreneurship and employability skills.

Note: This program is eligible for federal financial aid and state bright futures.

Notes
Any AS degree at Daytona State College will articulate into and allow admission into the BS programs offered at Daytona State College.

Broadcast TV Production, A.S. Degree

Program Information
A.S. Degree - Code 2233 - Catalog 2017/2018
Anita Bevins, Associate Professor, 386-506-3936, Anita.Bevins@DaytonaState.edu
Program Office, 386-506-4227, BASinfo@DaytonaState.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Broadcast Television Production program is to prepare students for employment as television and video production personnel. The program offers a specialization in Broadcast Television and Media Production stressing academic knowledge, problem-solving skills, work ethics, and specific occupational skills.

Description:
The Broadcast Television Production A.S. stresses a comprehensive understanding and demonstration of video production skills including studio and remote live productions, as well as recorded field productions.

A.S. Certificates that Lead to this Degree:
The following A.S. Certificates are embedded within this degree: Broadcast Production - Code 082400 (p. 120) (24 Semester Hours); Television Studio Production - Code 097900 (p. 156) (12 Semester Hours). You may pursue the A.S. degree and also earn the A.S. certificates while completing the requirements for the degree, or pursue the A.S. certificates to develop or upgrade your skills. Contact
your faculty or academic advisor for details and course options.

**Outcomes:**

Graduates of the program will be able to:
1. Demonstrate effective written and oral communication skills.
2. Develop and produce a TV or video based project.
3. Direct a TV production, video production, or webcast.
4. Create a marketing and distribution plan.
5. Demonstrate team skills.
6. Operate studio and field video cameras.
7. Demonstrate knowledge of appropriate industry laws, regulations, trade terminology, and ethical practices.
8. Design and generate graphic elements.
9. Plan a production set and acquire appropriate production resources.
10. Create appropriate lighting for location and/or set productions.
11. Record, mix, and edit audio resources.
12. Operate control room equipment.
13. Organize and edit video resources.
14. Demonstrate safe and efficient work practices.

Business Administration, A.S. Degree

Program Information

A.S. Degree - Code 2059 - Catalog 2017/2018
Max Grunbaum Nagiel, Assistant Chair, 386-506-3829, nagielm@DaytonaState.edu
John Weiss, 386-506-3792, weissj@daytonastate.edu
School of Business Admin., 386-506-4227

Program Mission, Description, and Outcomes

Mission:
The mission of the Business Administration A.S. degree program is to prepare students for entry-level employment in management or administration through innovative curriculum that emphasizes student success, promotes diversity, and provides the fundamental concepts, knowledge, and skills needed to meet local industry needs.

Description:
The program provides a solid foundation in business administration principles and the basic techniques and skills for efficient and effective management of businesses. Specific courses will utilize the latest Microsoft Suite as designated by the course syllabus. Graduates learn marketing, finance, accounting, management, human relations, business law, and entrepreneurial skills.

AS Certificates That Lead To This Degree:
The following AS Certificates are embedded within this degree: Business Management - 091600 (p. 121); Business Operations - Entrepreneurship - 091300 (p. 123). You may pursue the AS degree and also earn the AS certificates while completing the requirements for the degree, or pursue the AS certificates to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

Outcomes:
Graduates of the program will be able to:
1. Generate effective communication of ideas, concepts and terminology.
2. Identify ethical concerns through social responsibility.
3. Explain how economic theories impact businesses and consumers.
4. Apply business related theories to problems, cases, or research papers.
5. Create business documentation using appropriate software.
6. Prepare financial information for management-related decisions.
7. Formulate a company marketing plan using marketing concepts.
8. Develop a business plan for a new business venture.

Graduates of this program are eligible to be enrolled in Daytona State College, Bachelor of Applied Science in Supervision and Management program. Call (386) 506-4BAS or email BASinfo@daytonastate.edu for details.

Credits earned in this AS degree may be applied toward the 091300 Business Operations-Entrepreneurship and the 091600 Business Management certificates.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

Program Specific Courses require a "C" or better.

Careers

Program specific courses count toward Business Operations - Entrepreneurship Certificate - 091300 and Business Management Certificate - 091600

MUL1010  Music Appreciation  3
PHI2010  Introduction of Philosophy  3
THE1000  Theatre Appreciation  3

Social Science (6 Credits)
Choose Two Courses
ECO2013  Principles of Macroeconomics  3
ECO2023  Principles of Microeconomics  3

Note: Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

Program Specific Courses
ACG2021  Principles of Financial Accounting  3
ACG2071  Principles of Managerial Accounting  3
BUL2241  Business Law I  3
GBE1011  Introduction to Business  3
GBE2430  Ethics and Social Responsibility  3
ISM2000  Business Information Processing  3
MAN2021  Principles of Management  3
MAR2011  Principles of Global Marketing  3
SBM2000  Small Business Management  3

ISM2000: Will utilize the latest Microsoft Suite as designated by the course syllabus.

Accounting or Finance Elective (3 credits)
Choose One Course
APA1111  Office Accounting I  3
FIN1100  Personal Financial Planning  3
FIN2000  Principles of Finance  3

2nd Semester
MAR2011  Principles of Global Marketing  3
SBM2000  Small Business Management  3
First Math Core  3

SBM2000: Will utilize the latest Microsoft Suite as designated by the course syllabus.

Business Elective - Choose Two of the Following
GBE2351  International Business  3
MAR2101  Social Media Marketing  3
MAR2321  Advertising  3
MAR2720  Digital Marketing in Business  3
MKA2021  Building Selling Relationships  3
MNA2161  Customer Service Management  3
MNA2345  Supervision of Personnel  3
QMB1001  Business Math  3

Sample Program of Study
Year 1
1st Semester
ENC1101  Introduction to Composition  3
GBE1011  Introduction to Business  3
ISM2000  Business Information Processing  3

Accounting or Finance Elective (3 credits)
Choose One Course
APA1111  Office Accounting I  3
FIN1100  Personal Financial Planning  3
FIN2000  Principles of Finance  3

2nd Semester
MAR2011  Principles of Global Marketing  3
SBM2000  Small Business Management  3
First Math Core  3

Business Elective - Choose Two of the Following
GBE2351  International Business  3
MAR2101  Social Media Marketing  3
MAR2321  Advertising  3
MAR2720  Digital Marketing in Business  3
MKA2021  Building Selling Relationships  3
MNA2161  Customer Service Management  3
MNA2345  Supervision of Personnel  3
QMB1001  Business Math  3

Summer Semester
SPC2608  Oral Communications/Research/Presentation Skills  3
Humanities Core  3

Year 2
1st Semester
ACG2021 Principles of Financial Accounting 3
ENC1102 Writing with Research 3
MAN2021 Principles of Management 3
ECO2013 Principles of Macroeconomics 3

2nd Semester
ACG2071 Principles of Managerial Accounting 3
ECO2023 Principles of Microeconomics 3
BUL2241 Business Law I 3
GEB2430 Ethics and Social Responsibility 3

Note: Sequence of courses may vary. Check catalog course descriptions (p. 327) for requisite requirements.

Subtotal: 60

Notes
Upon completion of this degree, students are eligible to apply and receive both the 091300 Business Operations-Entrepreneurship and the 091600 Business Management Certificates.

*If the sample program of study is followed, students may earn certificate 091300 after completing two semesters.

Computer Engineering Technology, A.S. Degree

Program Information
A.S. Degree - Code 2013 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes
Mission:
The program prepares individuals to assemble, install, operate, maintain, troubleshoot and repair electronic equipment used in industry. In addition, it also includes content related to the design, theory, and analysis of electronic systems and applications along with general electronics background. This program incorporates innovative teaching methods, uses the latest technology, thus encouraging student success.

Description:
The program provides a solid foundation in the installation, maintenance, and repair of computer systems, computer networks, robotics and simulation technology. The program provides a general electronics background and prepares students to pass the A+ Certification Examination. Selection of advanced electives allows students to specialize in networking, simulator technician or robotics options. After completion, students may seek career jobs or transition into baccalaureate programs.

Outcomes:
Graduates of the program will be able to:
1. Apply knowledge of mathematics, basic science, and engineering technology to solve problems encompassing the fundamental areas of computer engineering technology.
2. Apply knowledge of one or more disciplines to the application, installation, operation, and/or maintenance of computer systems.
3. Conduct and create experiments to acquire needed data and to analyze and interpret the data to solve engineering technology problems.
4. Comply and function as a member of a diverse multidisciplinary team in the solution of engineering problems.
5. Demonstrate proficiency in communicating ideas and information orally and in writing.
6. Relate the need for, and an ability to learn and apply new concepts as required in the continually evolving and rapidly changing practice of computer engineering technology.
7. Comprehend ethical responsibility and professional integrity issues as related to computer engineering technology.
8. Comprehend contemporary technological and societal issues and the impact of computer engineering technology on society in both a local and global context.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Consult college bookstore for approximate costs of textbooks. Consult college catalog for lab fees. Other costs include a scientific calculator, computer repair tool kit (approx. $20), and soldering kit (approx. $20).

General Education Courses
General Education Core - 18 Credits
Communication Core (9 credits)

### Computer Information Technology, A.S. Degree

#### Program Information
A.S. Degree - Code 2067 - Catalog 2017/2018  
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu  
Luke Sui, Assistant Chair, suil@daytonastate.edu  
Linda Sullivan, 386-506-4154, linda.sullivan@daytonastate.edu

#### Program Mission, Description, and Outcomes

**Mission:**

The program prepares students to analyze microcomputer oriented operating procedures, software applications packages, and hardware in order to devise efficient methods to manage a microcomputer-based work environment; manage technology equipment and support its users. The program incorporates innovative teaching methods, uses the latest technology, thus encouraging student success. After completion, students may seek career jobs or transition into baccalaureate programs.

**Description:**

The Computer Information Technology program provides students with the technical credentials needed for analyzing computer oriented operating procedures, software applications packages and hardware in order to devise efficient methods to manage a computer-based work environment. In addition, students will be able to develop new systems to meet projected needs, select and install information technology equipment, troubleshoot information technology equipment and manage and support information technology users. Selected courses prep for CompTIA A+, Network+, MCP and MOS certifications.

**AS Certificates That Lead To This Degree:**

The following AS Certificates are embedded within this degree: Information Technology Analysis - 090300 (p. 136); Information Technology Support Specialist - 090500 (p. 138). You may pursue the AS degree and also earn the AS certificates while completing the requirements for the degree, or pursue the AS certificates to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

**Outcomes:**

Graduates of the program will be able to:

---

### Notes
1. Students seeking to transfer to Bachelor's program are recommended to complete MAC1105 to satisfy their Mathematics core requirement.
1. Use current techniques, skills, tools, and emerging technologies necessary for computing practices.
2. Create information systems solutions for transactional, operational, managerial and executive problems.
3. Demonstrate knowledge and understanding of computer hardware and networked environments.
4. Demonstrate proficiency with Internet structure, organization, and Web site development.
5. Design, implement and manage database applications.
6. Communicate effectively with customers, supervisors and peers both orally and in writing, including technical training for users.
7. Participate and function as a member of a team in the solution of problems.
8. Contribute to chosen field by gaining employment in a related field or by continuing professional development.
9. Evaluate and practice ethical and professional behaviors in the area of computer information technology.

*Note: This program is eligible for federal financial aid and state bright futures.*

**Approximate Additional Costs**
Consult college bookstore for approximate costs of textbooks. Consult college catalog for lab fees.

**Additional Admission Requirements**
- Successful completers of CTS2306 are eligible to take the test to become a Microsoft Certified Professional.
- Successful completers of CTS1600 are eligible to take the test to become a Network Plus Professional.
- Successful completers of CET2154 are eligible to take the test to become a CompTia A+ Hardware Professional.

Notes

Any AS degree at Daytona State College will articulate into and allow admission into the BS programs offered at Daytona State College.

Computer Programming and Analysis (Software Engineering Technology), A.S. Degree

Program Information

A.S. Degree - Code 2047 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Luke Sui, Assistant Chair, suil@daytonastate.edu
Linda Sullivan, 386-506-4154, linda.sullivan@daytonastate.edu

Program Mission, Description, and Outcomes
Mission:
The program prepares students to analyze business situations, to design, develop and write computer programs using industry-relevant computer languages, and to test, monitor, debug, and document solutions. Student success is encouraged by using innovative teaching methods. After completion, students may seek career jobs or transition into baccalaureate programs.

Description:
The program provides a solid foundation in computer programming. Students develop analytical skills in designing, developing, writing and maintaining computer programs in a variety of industry relevant coding languages. Students also learn the use of the latest technologies and multiple integrated development platforms in the program.

AS Certificate That Leads To This Degree:
The following AS Certificate is embedded within this degree: Computer Programming - 093800 (p. 126). You may pursue the AS degree and also earn the AS certificate while completing the requirements for the degree, or pursue the AS certificate to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

Outcomes:
Graduates of the program will be able to:
1. Use current techniques, skills, tools, and emerging technologies necessary for computing practices.
2. Apply critical thinking and problem solving skills in designing algorithms and programming code in various programming languages.
3. Demonstrate knowledge and understanding of computer hardware and networked environments.
4. Demonstrate proficiency with Internet structure, organization, and Web site development.
5. Design, implement and manage database applications.
6. Communicate effectively with customers, supervisors and peers both orally and in writing, including technical training for users.
7. Ability to function as a member of a team in the solution of problems.
8. Contribute to chosen field by gaining employment in a related field or by continuing professional development.
9. Evaluate and practice ethical and professional behaviors in the area of computer programming and analysis.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Consult college bookstore for approximate costs of textbooks. Consult college catalog for lab fees.

Notes

Any AS degree at Daytona State College will articulate into and allow admission into the BS programs offered at Daytona State College.

Criminal Justice Technology Bridge (Limited Access Program), A.S. Degree

Program Information

A.S. Degree - Code 2039 - Catalog 2017/2018
Kevin Duffy, Assistant Chair, 386-506-4148, Kevin.Duffy@daytonastate.edu
Louie Mercer, Director, 386-506-4201, Louie.Mercer@daytonastate.edu

Program Mission, Description, and Outcomes
**Mission:**

The Mission of the Criminal Justice Technology Bridge program is to equip students to pursue advanced study and meaningful rewarding careers in the various fields of criminal justice, emphasizing student success and embracing excellence and diversity.

**Description:**

The Criminal Justice Training Center offers an Associate of Science Degree in Criminal Justice Technology Bridge that will prepare officers for promotion to a supervisory capacity or assignment to specialized units within their agencies. This program meets the qualifications for Florida salary incentives. Those who have successfully completed the Florida Department of Law Enforcement (FDLE) Law Enforcement or Correctional Academy in Florida and passed the State Officer Certification Exam (SOCE) are eligible to transfer their vocational credit earned in the academy to college credit and apply that credit to their CJ Technology Bridge degree. Students with no previous college can complete their degree with eleven or twelve courses. Credits earned at other colleges may be transferred to Daytona State College for consideration for transfer credit. Students can take college courses and the academy in any order, understanding that the academy and state exam are an integral part of the degree.

**Outcomes:**

Graduates of the program will be able to:
1. Exhibit effective communication within the field of Criminal Justice.
2. Exhibit professional behaviors within the field of Criminal Justice.
3. Exhibit cultural appropriately behavior within the field of Criminal Justice.

*Note: This program is eligible for federal financial aid and state bright futures.*

**Approximate Additional Costs**

Students should contact the Criminal Justice Training Center for approximate costs of lab fees and textbooks.

**General Education Courses**

- General Education Core - 15 Credits

**Communication Core (9 Credits)**

- ENC1101 Introduction to Composition 3

Culinary Management, A.S. Degree

Program Information
A.S. Degree - Code 2226 - Catalog 2017/2018
Costa Magoulas, Dean, 386-506-3578, Costa.Magoulas@daytonastate.edu
Lisa Allen, Program Advisor, 386-506-3946, Lisa.Allen@daytonastate.edu

Program Mission, Description, and Outcomes
Mission:
The Culinary Management Program at Daytona State College is committed to providing a quality education incorporating both theory and practice in order to prepare professionally responsible and capable individuals who will demonstrate value to employers within the hospitality industry. Additionally, our mission is to provide the hospitality industry with leaders who will make meaningful contributions to both the industry and their communities.

Description:
This program provides students with the necessary food service skills and culinary skills for an entry-level position as a restaurant cook, chef (restaurants, hotels, clubs, large industrial kitchens) or a food service manager. The curriculum is designed to give the student a solid foundation of cooking skills. Students are also taught sanitation and safety, basic nutrition, supervision of personnel, craft beer and wine pairing, and purchasing and cost controls. With this base, graduates will be successful in any environment that requires basic or advanced knowledge of food preparation and handling.

AS Certificate That Leads To This Degree:
The following AS Certificate is embedded within this degree: Culinary Arts - 081900 (p. 129). You may pursue the AS degree in Culinary Management and also earn the Culinary Arts certificate while completing the requirements for the degree along with completing 2 additional courses: LIS2004 and OST1141 or pursue the Culinary Arts certificate to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

Graduates of this program are eligible to enroll in Daytona State's Bachelor of Applied Science in Supervision and Management Program. Call our admissions office, (386) 506-3059, or visit DaytonaState.edu/admissions.html for additional information.

Outcomes:
Graduates of the program will be able to:
1. Define the organization and layout of a foodservice operation.
2. Apply and supervise others on the principles of sanitation and safety.
3. Use learned knife skills in the preparation of meats and vegetables.
4. Prepare meats, fish, poultry, vegetables and fruits utilizing a wide variety of cooking methods.
5. Demonstrate professionalism that is appropriate to the industry.
6. Apply basic management principles demanded within the industry.
7. Discuss and identify indigenous ingredients common to various international cuisines.
8. Prepare and discuss dishes reflective of a variety of cuisines, both international and domestic.
9. Demonstrate basic professional food preparation in organized manner.
10. Identify and utilize food service equipment and tools.
11. Prepare complex contemporary recipes for table and banquet service.
12. Demonstrate contemporary plating techniques.
13. Analyze food dishes for nutritional content.
14. Prepare baked items including, but not limited to, quick breads, yeasted breads, pies, tarts, cookies, laminated doughs, choux pastry, creams, custards, dessert sauces and frozen desserts.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees charged for each Food Production Course for food costs: $150
Uniforms: $150
Professional Cutlery: $270

Careers

Restaurant Cook, Chef, Food Service Manager, Baker. Work in the industry in restaurants, hotels, country clubs, resorts, industrial kitchens.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account, or email your Daytona State College Career Advisor.

2nd Semester
SPC2608 Oral Communications/Research/Presentation Skills 3
FSS1063C Baking and Lab 3
FSS2284C Catering and Buffet Management and 3
Description:

Students are taught to remove deposits from tooth surfaces; provide methods of oral physiotherapy; obtain and analyze dental digital radiographic images; provide oral health education as well as acquire knowledge in methods of infection control practices. Dental hygienists are licensed professionals who, under the supervision of a licensed dentist, provide preventive, therapeutic, and educational services. During the last semester of this program, students are eligible to take the National Board Dental Hygiene Examination. Upon successfully passing the National Board Dental Hygiene Examination and graduating from the program, graduates are eligible to take state/regional licensure examinations.

Program Accreditation: The Dental Hygiene Program is accredited by the Commission on Dental Accreditation, a specialized accrediting body recognized by the United States Department of Education. The Commission can be contacted at (312)440-4653 or at 211 East Chicago Avenue, Chicago, IL 60611.

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Outcomes:

Graduates of the program will be able to:
1. Apply the dental hygiene process of care and problem solving strategies to provide dental hygiene care for patients of all age groups, medically compromised, and all types of periodontal disease classifications.
2. Demonstrate interpersonal and communications skills to effectively interact with diverse population groups.
3. Apply ethical, legal, and regulatory concepts to the provision and/or support of oral health care services.
4. Apply self-assessment skills to prepare for life-long learning as a foundation for maintaining competency and quality assurance.
5. Evaluate current scientific literature as a basis for life-long learning, evidence-based practice and as a foundation for adapting to changes in health care.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Program Tuition and Fees: $9,129*
Access Fee: $111 ($1.26 per credit)
Assessment Fee: $33
Lab Fees (including liability insurance): $849  
Textbooks: $2,417  
Uniforms and Supplies: $345  
Instrument Kits, Clinical Supplies, and Tooth Model: $2,460  
American Dental Hygienists' Association Student Membership: $160  
National Board Dental Hygiene Review Course: $425  
National Board Dental Hygiene Examination: $415  
Class Pin and Composite Picture: $120  
Florida Dental Hygiene Licensure Board Examination: $1,500  
Health Screening and Immunizations (depends on applicant's health care provider): $275  
Basic Life Support Certification: $50  
Florida Department of Law Enforcement/Federal Bureau of Investigation Background Check: $90  

*In-state tuition only; out-of-state tuition will be higher

Additional Admission Requirements

• This is a Limited Access Program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the required general education courses.
• Completion of the following courses with a grade of "C" or better is required before submitting an application for continuing enrollment: ENC1101 Introduction to Composition; MGF2106 Survey in Mathematics (MAC1105 College Algebra or STA2023 Elementary Statistics also accepted); BSC1085C Human Anatomy and Physiology I and Lab; BSC1086C Human Anatomy and Physiology II and Lab; and CHM1025C Introduction to Chemistry and Lab.
• A cumulative grade point average of 2.5 or better is the minimum required for consideration for continuing enrollment.
• Applicants for continuing enrollment who have graduated within a two-year time frame from an accredited (Commission on Dental Accreditation) dental assisting program may receive credit for DES1100C Elements of Dental Materials and Lab. Transfer of credit for this course will be at the discretion of the Chairperson.
• Submit completed School of Dental Science application for continuing enrollment to the Academic Advisor in the College of Health and Public Services between February 1st and February 28th.
• Students are approved for continuing enrollment based on specific admission criteria.
• Completion of health screening to include: recent physical examination; verification of immunization against tetanus-diphtheria, measles, mumps, rubella and Hepatitis B; and negative test for tuberculosis is required prior to enrolling in program specific courses.
• Basic Life Support (BLS) certification for the Health Care Provider to include adults, infant, children, and automatic external defibrillator (AED); through the American Heart Association or the American Red Cross is required prior to enrolling in program specific courses.
• Admission into the program will be contingent on the satisfactory completion of both a drug screen and background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI). This must be completed prior to the first day of program specific classes.
• All program prerequisite, general education and dental hygiene courses must be completed with a grade of "C" or better.
• Students will be held accountable for the policy and procedures of the Dental Hygiene Program as outlined in the Dental Hygiene Student Policy Handbook as well as the College Student Handbook.

Drafting and Design Technology (CAD), A.S. Degree

Program Information

A.S. Degree - Code 2220 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Drafting and Design Technology program is to provide the knowledge and skills necessary to secure entry-level employment as a designer and drafter in any application. The program, which uses the latest technology and innovative teaching methods, also transitions into baccalaureate programs.

Description:
This program offers a sequence of courses that provides coherent and rigorous content aligned with the challenging academic standards and relevant technical knowledge and skills needed to prepare for careers in the architecture, construction, engineering, and manufacturing disciplines. Instruction covers the various aspects of engineering and architectural drawings with specific instruction in 2D and 3D computer aided drafting. Solid modeling is emphasized to provide a variety of modes for communicating designs.

AS Certificates That Lead To This Degree:
The following AS Certificates are embedded within this degree: AutoCAD Foundations (Architectural) - 092700 (p. 119); AutoCAD Foundations (Engineering) - 092800 (p. 120); Drafting and Design Technology - 092900 (p. 130). You may pursue the AS degree and also earn the AS certificates while completing the requirements for the degree, or pursue the AS certificates to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

Outcomes:
Graduates of the program will be able to:
1. Apply basic drafting skills.
2. Prepare mechanical and architectural drawings.
3. Prepare computer aided drawings.
4. Prepare civil drafting drawings.
5. Execute analytical, practical, and creative tasks as they apply to drafting and design projects.
6. Communicate effectively through written and verbal means.
7. Demonstrate an understanding of entrepreneurship and employability skills

*Note: This program is eligible for federal financial aid and state bright futures.*

Early Childhood Education, A.S. Degree

Program Information
A.S. Degree - Code 2044 - Catalog 2017/2018
Catherine Twyman, Assistant Chair, 386-506-3113,
twymanc@daytonastate.edu
Connie Kisner, Staff Assistant, 386-506-3080,
kisnerc@daytonastate.edu
Melissa Brown, Academic Advisor, 386-506-3052,
Melissa.Brown@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The purpose of this program is to provide students with supplementary training focusing on early childhood development and education.

Description:
The program prepares students to work as child development center teachers, child development center curriculum coordinators, infant-toddler teachers, preschool teachers, child development center managers, or to provide supplementary training for persons previously or currently employed in these occupations. The program includes a core of courses which must be completed by all students. A pre-admission consultation with the assistant chair is strongly recommended.

Select courses in this program meet the educational requirements for the CDA credential and the Director's Credential. Contact the assistant chair for further information.

Note: In addition to the required courses, students will be required to have a current approved certificate in first aid and infant child and adult CPR. This certificate must be earned in the semester prior to graduation.

Outcomes:
Graduates of the program will be able to:
1. Successfully plan and implement lessons with targeted population of children, using developmentally appropriate curriculum techniques and materials.
2. Utilize appropriate guidance techniques when dealing with targeted population of children.
3. Design units of study, integrating all areas of the curriculum with a developmentally appropriate focus.
4. Demonstrate the responsibilities of an intern in relation to the overall program, to the child care center, to the center student, and to self.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Lab Fees: $8
FDLE Background Screening: $24

Additional Admission Requirements
• Upon entering the program, students should earn a Basic Cardiac Life Support for Health Care Provider and AED through American Heart Association or American Red Cross.
• Applicants that graduated from a Florida public high school after the year 2003 and earned a Standard High School diploma are not required to take the placement test. Those applicants that have successfully completed college level English and/or Math may be exempt from placement testing. All other applicants are required to take the Postsecondary Education Readiness Test (PERT) and be at the 10th grade level for reading, language and arithmetic.
• Program specific courses and general education courses must be completed with a grade 'C' or better.
• Students will be held accountable for the policies and procedures as outlined in the College Student handbook.
• Students interested in pursuing Child Development Associate (CDA) credential are strongly encouraged to contact the Program Manager.
• Students may be eligible for the TEACH scholarship to help defray costs. Please refer to http://teach-fl.org/ for more information.

Electronics Engineering Technology, A.S. Degree

Program Information
A.S. Degree - Code 2003 - Catalog 2017/2018  
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu  
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:  
The program prepares students in the field of electronics in areas of AC circuits, solid-state devices, analog circuits, digital circuits and microprocessor systems. Additionally, the content covers concepts of circuit diagrams and schematics, soldering, fiber optics system and laboratory practices. The program incorporates innovative teaching methods, uses latest technology, thus encouraging student success. After completion, students may seek career jobs or transition into baccalaureate programs.

Description:  
The Electronics Engineering Technology program offers opportunities for students desiring to learn about the field of electronics in such areas as analog and digital circuits, computers, instrumentation, communications, microprocessor and fiber optics systems.

Outcomes:  
Graduates of the program will be able to:

1. Apply knowledge of mathematics, basic science, and engineering to solve problems encompassing the fundamental areas of electronic engineering technology.
2. Apply knowledge of one or more disciplines within electronic engineering technology to the solution of technical problems.
3. Identify and analyze applications of electrical components or systems to meet desired needs.
4. Create and conduct experiments to acquire needed data, and to analyze and interpret data to solve engineering technology problems.
5. Demonstrate proficiency in the use of computers and other modern tools and skills to solve technical problems.
6. Comply with and function as a member of a diverse multidisciplinary team in the solution of engineering problems.
7. Demonstrate proficiency in communicating ideas and information orally and in writing.
8. Relate the need for, and an ability to learn new concepts as required for the continuing practice of electronic engineering technology.
9. Comprehend ethical responsibility and professional integrity issues related to the practice of electronic engineering technology.
10. Comprehend contemporary technological and societal issues, and the impact of technology on society in both a local and global context.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Consult assistant chair for approximate costs of textbooks, lab fees and project fees. A scientific calculator is required first semester. Electronics Assembly project cost is $187.

Notes

Any AS degree at Daytona State College will articulate into and allow admission into the BS programs offered at Daytona State College.

Emergency Medical Services (Limited Access Program), A.S. Degree

Program Information

A.S. Degree - Code 2108/2208 - Catalog 2017/2018
Megan Johnson, Senior Staff
Assistant, Megan.Johnson@daytonastate.edu
Martha Driscoll, Clinical Coordinator, 386-506-4159, Martha.Driscoll@daytonastate.edu
EMS Department Email, ems@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Emergency Medical Services program is to provide students with the necessary training and practices to deliver high quality, caring patient care in the pre-hospital environment, emphasizing student success and embracing excellence and diversity.

Description:
The program prepares the student for state certification as an Emergency Medical Technician and Paramedic. The Paramedic delivers pre-hospital life support care and transportation necessary for accident and emergency illness victims. Instruction covers IV therapy, advanced cardiac life support, advanced care skills for patients in shock, telemetry and communications. Graduates are qualified to work as basic EMTs or advanced care paramedics on ambulances, in hospital emergency rooms, intensive care units and emergency helicopter transport agencies, and they may also qualify for management positions. Credits earned in the EMT and Paramedic certificate programs will be counted toward completion of this degree. Completers of this degree program are eligible for state certification as an EMT and subsequently for state certification as a paramedic.

Program Accreditation: The Daytona State College EMS Program is approved by the Florida Department of Health Bureau of Emergency Medical Services, as meeting all statutory requirements of section 401 for EMS Training Centers in Florida. The Daytona State College EMS Program is accredited by the Commission on Accreditation of Allied Health Education Programs upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP)

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Additional Admission Requirements
• General education courses may be completed without application to the EMS Department and can be taken at any time.
• Enrollment in the EMS AS Degree Code does not guarantee admission into the EMT and Paramedic programs. EMS specific courses require a separate application for admission which contains a background check, drug screen, physical and immunization records.
• Please consult 096000 Emergency Medical Technician Program Guide for application instructions.
• Please consult 095700 Paramedic Program Guide for application instructions.

Careers
Paramedic/EMT Graduates have been employed at the local public safety agencies, theme parks and local hospitals.

Note: Need help preparing for your job search? Login to Daytona State’s Career Services Online (CSO) to create your personal career account, or email your Daytona State College Career Advisor.

Engineering Technology, A.S. Degree

Program Information
A.S. Degree - Code 2232 - Catalog 2017/2018
Anindya Paul, Department Chairperson, 386-506-4155, paula@DaytonaState.edu
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Engineering Technology program is to prepare students for employment or provide additional training for persons employed in manufacturing and high technology industries. The program has two specializations - Electronics and Digital Design and Modeling. The program prepares students for entering into the manufacturing career cluster.

Description:
The Engineering Technology Associate of Science degree program at Daytona State College prepares students for employment or provides additional training for persons employed in the highly evolving manufacturing (embedded with new technology) and high technology industries. The program also provides specialization in Digital Design and Modeling and Electronics along with embedded college credit certificates in Applied Technology Specialist, Computer Aided Design and Drafting, Electronics Aide, and Engineering Technology Support Specialist.

The 18 credit hour technical core of this degree is closely aligned with the national Manufacturing Skill Standards Council (MSSC) - Certified Production Technician (CPT) industry certification. After completing this core, students will be prepared to take the MSSC assessment for the CPT certification. Students who have already earned the MSSC-CPT will receive 15 articulated credit-hours towards the Engineering Technology degree. The Engineering Technology Associate in Science is fully transferable to four year BSET degree granting institutions.

AS Certificates That Lead To This Degree:
The following AS Certificates are embedded within this degree. You may pursue the AS degree and also earn the AS certificates while completing the requirements for the degree, or pursue the AS certificates to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

Electronics Specialization:
082200 - Electronics Aide (12 Semester Hours)
082000 - Applied Technology Specialist (16 Semester Hours)
082300 - Engineering Technology Support Specialist (21 Semester Hours)

Digital Design and Modeling Specialization:
082100 - Computer-Aided Design and Drafting (24 Semester Hours)

Outcomes:
Graduates of the program will be able to:
1. Demonstrate an understanding of industrial processes and material properties.
2. Generate and interpret computer-aided drawings.
3. Demonstrate a fundamental understanding of electronics and electricity.
4. Demonstrate an understanding of industrial safety, health, and environmental requirements.
5. Evaluate the use of quality assurance methods and quality control concepts.
6. Design tests using tools, instruments and testing devices.
7. Assess failure in equipment and troubleshoot equipment/devices.
8. Demonstrate appropriate communication skills.
9. Demonstrate appropriate math skills.
10. Evaluate modern business practices and strategies.
11. Demonstrate employability skills.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements
Consult college bookstore for approximate costs of textbooks. Consult college catalog for lab fees. Other costs include a scientific calculator, computer repair tool kit (approx. $20), and soldering kit (approx. $20).
General Education Courses

General Education Core - 15 Credits

Communications Core (6 credits)
ENC1101 Introduction to Composition 3
SPC2608 Oral Communications/Research/Presentation Skills 3

Mathematics Core (3 credits)
MAC1105 College Algebra 3

Social Sciences Core (3 credits) - Choose One
PSY1012 General Psychology 3
DEP2004 Developmental Psychology 3
SYG2000 Introduction to Sociology 3

Humanities Core (3 credits) - Choose One
ARH1000 Art Appreciation 3
HUM2020 Introduction to Humanities 3
LIT2000 Literature and Culture 3
MUL1010 Music Appreciation 3
PHI2010 Introduction of Philosophy 3
THE1000 Theatre Appreciation 3

Note: Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

Program Specific Courses

Program Core - 18 Credits
EET1011C Introduction to Electrical Circuits and Lab 3
ETD2320C Computer Aided Drafting I (AutoCAD) and Lab 3
ETI1110 Intro to Quality Assurance 3
ETI1420 Manufacturing Processes and Materials 3

**Note:** Sequence of courses may vary. Check catalog course descriptions (p. 327) for requisite requirements.

**Subtotal: 60**

**Notes**

1. Students seeking to transfer to Bachelor's program are recommended to complete MAC1105 to satisfy their Mathematics core requirement.
   - Students continuing on "Electronics" specialization SHOULD choose MAC1105 to satisfy their Mathematics core requirement.
   - Students continuing on "Digital Design and Modeling" specialization could choose EITHER MGF2106 OR MAC1105 to complete the Mathematics core requirement.

2. Any AS degree at Daytona State College will articulate into and allow admission into the BS programs offered at Daytona State College.

**Environmental Science Technology, A.S. Degree**

**Program Information**

A.S. Degree - Code 2230 - Catalog 2017/2018  
Sandra Horikami, Chair, 386-506-4313, Sandra.Horikami@daytonastate.edu

**Program Mission, Description, and Outcomes**

**Mission:**

The mission of the Environmental Science Technology Program is to provide and to enrich the students with the basic skills, knowledge and abilities in the fields of environmental compliance and technology, and to enable the students to gain entry-level employment in the field.

**Description:**

The Environmental Science Technology program focuses on environmental compliance and protection of our land and water at the federal, state, and local level. Under the direction of an environmental scientist, graduates will be expected to perform physical, chemical and biological sampling in the field. Graduates will also identify and quantify organisms, establish sampling areas, perform water and soil analysis, maintain field equipment, record test data and prepare reports. Much of this work will occur in the field or in the laboratory.

**Outcomes:**

Graduates of the program will be able to:

1. Demonstrate knowledge of environmental processes and human-environment interactions.
2. Critically analyze and evaluate environmental issues on local and global scales and to apply interdisciplinary perspectives and approaches.
3. Monitor, sample and evaluate environmental conditions and then design effective presentations using their data.

**Note:** This program is eligible for federal financial aid and state bright futures.

**Approximate Additional Costs**

Lab Fees: $406 (refer to course descriptions (p. 327) in current college catalog)

**Additional Admission Requirements**

General Education courses (pre- and co-requisites) and Program Specific courses must be completed with a grade
of ‘C’ or better. Orientation to the Institute of Marine and Environmental Studies (SLS1127) also must be completed within the first year of the Program.

**Careers**

Graduates may secure entry-level positions with environmental companies, federal, state and local governments, utilities, the military, industry or nonprofit organizations locally, as well as on state, national and international levels.

*Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account, or email your Daytona State College Career Advisor.*

Fire Science Technology, A.S. Degree

Program Information
A.S. Degree - Code 2056 - Catalog 2017/2018
David McCallister, Assistant Chair, 386-506-4177, David.McCallister@daytonastate.edu
Louie Mercer, Director, 386-506-4201, Louie.Mercer@daytonastate.edu

Mission:
The mission of the Fire Science Technology program is to provide students the knowledge, skills, and practices necessary for a successful career in the fire service, emphasizing student success and embracing excellence and diversity.

Description:
This program is designed for students interested in the fire service, and for promotion purposes for students employed in the fire service. Students take a balance of general education and fire science courses covering fire service organization, strategy and tactics, fire codes, and alarm and extinguishing systems. As certain classes are completed, students may apply to take state certification exams which may lead to advancement within the fire service.

Note: This program is eligible for federal financial aid and state bright futures.

Outcomes:
Graduates of the program will be able to:
1. Exhibit effective communication within the Fire Science profession
2. Demonstrate professional behaviors consistent with the expectations for the Fire Science profession
3. Demonstrate safe practices within the Fire Science profession

Note: Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

Health Information Technology (Limited Access Program), A.S. Degree

Program Information
A.S. Degree - Code 2114/2214 - Catalog 2017/2018
Linda Moss, Assistant Chair, 386-506-3756, mossl@daytonastate.edu
Martin Smith, Faculty, 386-506-3748,
Melissa Brown, Academic Advisor, 386-506-3052,
Melissa.Brown@daytonastate.edu

Program Mission, Description, and Outcomes
Mission:
The mission of the Health Information Technology program at Daytona State College is to provide a quality program to educate and promote the science of Health Information Technology.
Description:
The program trains individuals to supervise many of the health information management department’s daily functions; review records for consistency, completeness and accuracy; index and classify all diagnosis and operations on diseases for public health authorities; prepare studies for medical staff; and respond to authorized inquiries for insurance or legal purposes. Clinical experience will be provided in local health care facilities. Graduates are eligible to take the Registered Health Information Technician (RHIT) Examination. Successful candidates are awarded the RHIT credential. RHIT designation signifies a person is a qualified specialist in coding, assembling, analyzing, abstracting and maintaining health information.

Program Accreditation: The Health Information Management program is accredited by the Commission on Accreditation for Health Informatics and Information Management (CAHIIM).
AHIMA/CAHIIM Offices
233 N. Michigan Avenue, 21st Floor
Chicago, IL 60601

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Outcomes:
Graduates of the program will be able to:
1. Student will learn communication skills including not just the ability to read, write, and speak, but also to listen and use non-verbal skills with different audiences, thus becoming a valuable member of a quality healthcare team.
2. Student will be able to accurately code and bill in an outpatient setting using critical thinking skills by analyzing medical data, problem solving, and using the creative process.
3. Students will gain personal growth and responsibility with the ability to understand and manage oneself and to make reasonable judgments based on an understanding of the diversity of the world community
4. Students will show an understanding of information technology and quantitative literacy by showing an ability to locate and evaluate information in the electronic medical record thus being part of a technological society.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Lab Fees (including liability insurance): $159
Textbooks: $600
FDLE/FBI Background Screening: $90

Additional Admission Requirements
- This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.
- To be eligible for continuing enrollment, the student must qualify for ENC1101 (Introduction to Composition) and MAT1033 (Intermediate Algebra). This eligibility can be met through assessment results or course work.
- Applicants starting in a Florida Public high school in 2003 or after and graduating from a Florida public high school with a standard high school diploma and active duty military are exempt from any placement testing. Applicants that have successfully completed college level English and/or Math may also be exempt from placement testing. All other applicants will be required to take the Postsecondary Education Readiness Test (PERT) and must be at the 10th grade level for reading, language and arithmetic.
- Completion of the following course with a grade of ‘C’ or better is required for continuing enrollment approval: HSC1531 (Medical Terminology).
- Submit completed application for continuing enrollment to the School of Health Careers.
- Applications accepted anytime during the year.
- Selection is made once per year. Applicants that have a 2.5 Cumulative GPA or higher will be given priority acceptance. Applicants with higher cumulative GPA's and successful completion of all prerequisite and corequisite courses will be considered more favorably.
- Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).
- A pre-admission consultation with the assistant chair is recommended.
- All program specific courses and general education courses must be completed with a grade ‘C’ or better. Program specific courses must have been completed within one year and evaluated by the assistant chair. All other substitutions must be approved by the Assistant Chair.
- Students will be held accountable for the policies and procedures of the Health Information Technology program as outlined in the Health Information
Program Guides

Technology student handbook, as well as the College Student handbook.

The Medical Information Coder Biller AS Certificate is fully embedded in the AS Degree Health Information Technology Program. Classes taken for the Medical Information Coder Biller Program can be applied towards the Health Information Technology AS Degree.

Hospitality Management, A.S. Degree

Program Information
A.S. Degree - Code 2012 - Catalog 2017/2018
Costa Magoulas, Dean, 386-506-3578, Costa.Magoulas@daytonastate.edu
Lisa Allen, Program Advisor, 386-506-3946, Lisa.Allen@daytonastate.edu

Program Mission, Description, and Outcomes
Mission:
The Hospitality Management Program at Daytona State College is committed to providing a quality education incorporating both theory and practice in order to prepare professionally responsible and capable individuals who will demonstrate value to employers within the hospitality industry. Additionally, our mission is to provide the hospitality industry with leaders who will make meaningful contributions to both the industry and their communities.

Description:
This program provides a solid foundation in hospitality management skills including travel and tourism, food preparation, property management, hotel/motel basics, and service management.

Outcomes:
Graduates of the program will be able to:
1. Discuss the various components of a successful lodging operation.
2. Formulate and analyze hospitality industry marketing strategies including targeting, positioning and consumer behaviors.
3. Discuss the specialized needs of marketing within the hospitality industry.
4. Describe leadership styles applicable to the hospitality industry.
5. Explain how effective communication skills are important to success as a hospitality supervisor and describe personal characteristics that affect communication skills.
6. Differentiate between problem solving and decision making, and apply decision making skills and techniques to solving problems.
7. Describe the organizational structure of small, medium, and large operations within the hospitality industry, including, but not limited to hotels and restaurants.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Lab Fees charged per Food Production Course for Food Costs: $150
Uniforms: $150
Professional Cutlery: $270

Careers
Manager in Hotel/Lodging Industry, Resorts, Spas, Corporate, Country Clubs, Restaurants and Food Service Industry.

Industrial Management Technology (Limited Access Program), A.S. Degree

Program Information
A.S. Degree - Code 2121/2221 - Catalog 2017/2018
Max Grunbaum Nagiel, Assistant Chair, 386-506-3829, nagielm@DaytonaState.edu
John Weiss, 386-506-3792, weissj@daytonastate.edu
School of Business Admin., 386-506-4227

Program Mission, Description, and Outcomes

Mission:
The mission of the Industrial Management Technology A.S. degree program is to prepare vocational students for entry-level employment in management or administration through innovative curriculum that emphasizes student success, promotes diversity, and provides the fundamental concepts, knowledge, and skills needed to meet local industry needs.

Description:
This limited access program is designed to provide graduates of certificate and registered apprenticeship programs additional technical and supervisory skills, while enhancing the basic general education skills necessary for placement in entry-level management positions. With the Industrial Management Technology program students can advance in their field and elevate their overall performance. This program will increase their technical knowledge and enhance their communication, computation and job skills.

AS Certificate That Leads To This Degree:
The following AS Certificate is embedded within this degree: Business Operations - Entrepreneurship - 091300 (p. 123). You may pursue the AS degree and also earn the AS certificate while completing the requirements for the degree, or pursue the AS certificate to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

Outcomes:
Graduates of the program will be able to:
1. Prepare financial information for management-related decisions.
2. Generate effective communication of ideas, concepts and terminology.
3. Apply business related theories to problems, cases, or research papers.
4. Create business documentation using appropriate software.
5. Formulate a company marketing plan using marketing concepts.
6. Develop a business plan for a new business venture.
7. Demonstrate proficiency in a technical field including theory, applications, troubleshooting and safety.
8. Demonstrate the ability to plan and initiate projects within a technical field.
Graduates of this program are eligible to be enrolled in Daytona State College, Bachelor of Applied Science in Supervision and Management program. Call (386) 506-4BAS or email BASinfo@daytonastate.edu for details.
Upon completion of this program, students are eligible to apply for and receive certificate 0913 - Business Operations - Entrepreneurship.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Financing Options: All students are encouraged to apply for federal and state student financial assistance by visiting FAFSA at http://www.fafsa.gov For more information on grants, loans and work programs available please visit the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information, see: http://www.daytonastate.edu/scholarships

Additional Admission Requirements
Students must have completed an appropriate registered apprenticeship or certificate program of 700 contact hours or equivalent with a GPA of 2.0 or better. Demonstrated work experience with supporting documentation equivalent to a registered apprenticeship or certificate may be acceptable. The certificate or registered apprenticeship program will be evaluated based on Assessment of Prior
Learning Experience (APLE) portfolio showing proof of successful achievement of program outcome. If approved, credit will be awarded as BCT 2990 (Technical Training) for 23 credit hours.

A pre-admission consultation with the Chairperson, Workforce or Associate Vice President, College of Workforce, Continuing and Adult Education is required.

**Careers**

Team leaders, shift supervisors, crew managers, project managers, foremen and project directors

Interactive Media Production, A.S. Degree

Program Information

A.S. Degree - Code 2231 - Catalog 2017/2018

Steven Benson, Program Coordinator, 386-506-3932, Steven.Benson@daytonastate.edu

Hector Valle, Program Advisor, 386-506-4468, Hector.Valle@daytonastate.edu

Cathy Shone, 386-506-3581, Cathy.Shone@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the program is to equip students with skills that prepare them for entry-level positions in interactive media including broadcast, print, web design, and related professions; embracing excellence and diversity.

Description:
In the discipline, students will combine skills in critical thinking, writing, photography, video, audio, social media and web creation/design to tell both traditional and interactive media stories. Students will have an area of emphasis but will perform media production coursework in teams. Excellence in storytelling is the goal. A department website, with content provided by students, will be one means of disseminating their coursework.

Outcomes:
Graduates of the program will be able to:
1. Explain the functions of hardware and software as relate to multi-media production and delivery.
2. Demonstrate professional interpersonal and business communications skills in a diverse environment.
3. Employ team skills in the production of multi-media projects.
4. During the planning process for multi-media projects, critically evaluate relevant information and assets for targeted audiences.
5. Design a multi-media project that incorporate writing and reportage, still photography, video, audio and web creation, design and analytics.
6. Evaluate audience feedback and analytics of the multi-media projects.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

*Lab Fees: $267 over the entire program
*Equipment: estimated $400 for DSLR or $100 for start-up equipment through rental program
*Minor equipment and other supplies: estimated $400 over the entire program
*Textbooks: $250 per semester

Additional Admission Requirements

All new and transfer students are required to meet with the Chair or Program Advisor prior to registration. Please call
or email for an appointment for an hour-long consultation and tour of the facilities.

Interior Design Technology, A.S. Degree

Program Information

A.S. Degree - Code 2070 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155,
paula@DaytonaState.edu
Linda Sullivan, 386-506-4154,
Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
To provide students with quality training, practice and skill development necessary to progress in the diverse career opportunities available within the interior design field. The program seeks to provide unique learning opportunities through practical hands-on training, involvement in and from the design community, and a comprehensive curriculum to ensure a successful transition from student of interior design to practitioner of interior design.

Description:
The primary purpose of this program is to prepare students for initial employment in the interior design, architecture, or construction industry. This program offers a sequence of courses that provides coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for careers in this field. Program competency-based applied learning covers the elements and principles of design, advanced hand and computer aided drawing skills, visual and oral presentation skills, technical and historical reference, and interior design concepts and theory.

Interior designers that wish to be licensed and practice commercial design are required by the Florida Department of Business and Professional Regulation, Board of Architecture and Interior Design to have a combination of six years of education and work experience and National Council for Interior Design Qualification Certification.

AS Certificate That Leads To This Degree:
The following AS Certificate is embedded within this degree: Interior Design Technology - Kitchen and Bath Specialization - 081600 (p. 139). You may pursue the AS degree and also earn the AS certificate while completing the requirements for the degree, or pursue the AS certificate to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

Daytona State College is the only college in Florida that offers the unique opportunity for students to earn an Associate Level Certification with the Window Fashions Certification Program prior to graduation.

After earning the A.S. degree and gaining four years of work experience, graduates are eligible to take the National Council for Interior Design Qualification (NCIDQ) state exam to become a licensed interior designer. Graduates may secure entry-level positions with architectural firms, interior design studios or with related businesses specializing in interior furnishings. Types of employment include interior designer, design assistant, sales representatives, CAD operator, interior decorator, visual merchandiser, salesperson and space planner.

Outcomes:
Graduates of the program will be able to:
1. Apply elements and principles of design to interior space.
2. Execute appropriate, functional, and balanced space planning and furniture layout techniques.
3. Specify appropriate furniture, fixtures, equipment, materials, lighting, and accessories.
4. Identify interior building codes, regulations, and legislation relating to residential and non-residential spaces.
5. Analyze historical, cultural, and societal influences on structures, interiors, and furnishings.
6. Explain sustainability issues related to the design, construction, and maintenance of the built environment.
7. Communicate design concepts effectively through visual, written, and oral presentation skills.
8. Demonstrate employability skills and an understanding of entrepreneurship and systems for a professional practice.

Note: This program is eligible for federal financial aid and state bright futures.

**Approximate Additional Costs**
1. Individual Art and Presentation Supplies - $500
2. A lab fee is charged for certain courses - refer to individual course descriptions.

**General Education Courses**

**General Education Core - 15 Credits**

- Communication Core (6 credits)
  - ENC1101 Introduction to Composition 3

### Notes

Any AS degree at Daytona State College will articulate into and allow admission into the BS programs offered at Daytona State College.

### Internet Services Technology, A.S. Degree

#### Program Information

A.S. Degree - Code 2005 - Catalog 2017/2018  
Anindya Paul, Chair, 386-506-4155, Anindya.Paul@daytonastate.edu  
Luke Sui, Assistant Chair, Luke.Sui@daytonastate.edu  
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

#### Program Mission, Description, and Outcomes

**Mission:**  
The program prepares students to work in Internet, Intranet, and Extranet environments; installing, configuring, designing and managing Intranet and web-based resources. This program incorporates innovative teaching methods, uses the latest technology, thus encouraging student success. After completion, students may seek career jobs or transition into baccalaureate programs.

**Description:**  
The Internet Services Technology program provides students with the technical credentials needed for Internet-related careers in planning, building, maintaining and managing interactive Web sites. First, this program helps students learn the fundamentals of computers, operating systems, programming and graphic design. Then, this program directs students into the planning, building and managing of Web pages and sites. Finally, this program helps students learn the knowledge that is essential for the management of Web servers. Students learn multiple web programming languages and web design tools.

**AS Certificates That Lead To This Degree:**  
The following AS Certificates are embedded within this degree: Information Technology Administration - 090200 (p. 135); Web Development Specialist - 090900 (p. 157). You may pursue the AS degree and also earn the AS certificates while completing the requirements for the degree, or pursue the AS certificates to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

**Outcomes:**  
Graduates of the program will be able to:
1. Demonstrate proficiency with Internet structure, organization, and navigation.
2. Apply independent problem solving and trouble shooting skills in web site development, e-commerce related tasks, and web database integration.
3. Demonstrate knowledge and understanding of computer hardware and networked environments.
4. Manage websites and database applications.
5. Communicate effectively with customers, supervisors and peers both orally and in writing, including technical training for users.
6. Function as a member of a team in the solution of problems.
7. Contribute to chosen field by gaining employment in a related field or by continuing professional development.
8. Demonstrate ethical and professional behaviors in the area of Internet Services Technology.

**Note:** This program is eligible for federal financial aid and state bright futures.

Any AS degree at Daytona State College will articulate into and allow admission into the BS programs offered at Daytona State College.

### Music Production Technology (Audio/Recording), A.S. Degree

#### Program Information

A.S. Degree - Code 2209 - Catalog 2017/2018
Douglas Peterson, Chairperson, SMEA, 386-506-3276, Doug.Peterson@daytonastate.edu
Jake Niceley, 386-226-1914, James.Niceley@daytonastate.edu

#### Program Mission, Description, and Outcomes

**Mission:**

This program provides a solid foundation in the skills necessary for students seeking careers in music recording, sound reinforcement, music production, sound equipment installation and maintenance.

**Description:**

The AS degree in Music Production Technology will focus upon the technical aspects of audio recording and sound reinforcement. The AS degree is open to all degree-seeking college credit students and will concentrate on the areas of Recording Technology and Techniques, Audio Mixing, Studio Maintenance, Audio Processing, Acoustic Design, Sound Reinforcement, and Audio for Video. Students will develop a functional understanding of musical language, musical elements and performance skills. Business and legal areas related to the musical/entertainment industry will complete the course of study.

**AS Certificate That Leads To This Degree:**

The following AS Certificate is embedded within this degree: Audio/Recording Technology - 0818 (p. 118). You may pursue the AS degree and also earn the AS certificate while completing the requirements for the degree, or pursue the AS certificate to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

**Outcomes:**

Graduates of the program will be able to:
1. Demonstrate the ability to work in cohesive teams focusing on organizational and leadership skills while
contributing to the community through audio-related service learning.

2. Establish short and long-term goals for a career capitalizing on personal strengths and professional ambitions in the entertainment industry.

3. Explore and acquire broad-based knowledge of music production technology and demonstrate proficiency in the application of practical audio engineering skills.

4. Apply theoretical and technical problem solving skills in audio engineering through integrated and reflective learning.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Consult college bookstore for approximate costs of textbooks. See college catalog for lab fee requirements.

Additional Admission Requirements
All Program Specific courses require a grade of "C" or better.

Careers
Broadcast Technician
Recording Engineer
Audio and Video Technician
Instructional Coordinator
Producer and Director
Public Relations
Marketing
Event Coordinator
Booking and Promotion
Artist and Related Workers
Entertainers and Performers
Music Director and Composer
Amusement and Recreation

**Network Systems Technology, A.S. Degree**

**Program Information**

A.S. Degree - Code 2002 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, paula@DaytonaState.edu
Timothy Pintello, Assistant Chair, 386-506-4126, pintelt@DaytonaState.edu
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

**Program Mission, Description, and Outcomes**

**Mission:**

The program is designed to prepare students to plan, install, configure, monitor, troubleshoot and manage computer networks in a LAN/WAN environment. This program helps students learn the fundamentals of computer hardware, operating systems and network essentials.
Student success is encouraged by using innovative teaching methods. After completion, students may seek career jobs or transition into baccalaureate programs.

**Description:**

The Network Systems Technology program provides students with the technical credentials needed for IT (information technology) careers in computer network management, design, installation, maintenance and support. This program helps students learn the fundamentals of computer hardware, operating systems and network essentials. It shows students how to install, configure, maintain, troubleshoot and repair computers and networks. Students choose networking elective courses to further prepare to administer, configure, connect, plan, maintain, manage and secure complex local area and wide area networks. Depending upon network electives selected, the student can simultaneously complete industry certifications including Microsoft MCSA Certification, CompTIA A+, Network+, Linux+, Security+, Wireless Networking Certifications, and Cisco CCNA Certification. After completion, students may seek career jobs or transition into baccalaureate programs.

**AS Certificates That Lead To This Degree:**

The following AS Certificates are embedded within this degree: Advanced Network Infrastructure - 090800 (p. 115); Network Infrastructure - 092200 (p. 148); Network Server Administration - 090400 (p. 149); Network Support Technician - 090600 (p. 150); Wireless Communications - 092500 (p. 158); Network Communications (WAN) - 092400 (p. 146); Network Communications (LAN) - 092300 (p. 145). You may pursue the AS degree and also earn the AS certificates while completing the requirements for the degree, or pursue the AS certificates to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

**Outcomes:**

Graduates of the program will be able to:

1. Analyze a problem, and identify and define the network services requirements appropriate to its solution.
2. Demonstrate proficiency in computer networking, maintenance and support of network based systems.
3. Apply knowledge of network services appropriate to the discipline.
4. Function effectively on teams to accomplish a common goal.
5. Apply and understand professional, ethical, legal, security, and social issues and responsibilities.
6. Communicate effectively with a range of audiences.
7. Analyze the local and global impact of network services on individuals, organizations and society.
8. Recognize the need for, and an ability to engage in, continuing professional development.
9. Use current techniques, skills, and tools necessary for network services practices.
10. Apply network services foundations and theory in the modeling and design of network services based systems in a way that demonstrates comprehension of the tradeoffs involved in design choices.
11. Apply design and development principles in the construction of network services systems of varying complexity.

*Note: This program is eligible for federal financial aid and state bright futures.*

**Approximate Additional Costs**

Class Materials Fees: Refer to course descriptions (p. 327) in the current college catalog.

Nursing (Limited Access Program), A.S.
Degree

Program Information
A.S. Degree - Code 2171/2071 - Catalog 2017/2018
Linda Vought, Office Assistant, 386-506-3250,
Linda.Vought@DaytonaState.edu
Patricha Dabney, Administrative Specialist, 386-506-
3721, Patricha.Dabney@daytonastate.edu
Maria Smith, 386-506-3069,
maria.smith@daytonastate.edu

Program Mission, Description, and Outcomes
Mission:
The mission of the School of Nursing is to provide an
innovative learning environment that promotes excellence
in the field. Programs prepare students to exhibit
professionalism, ethical behaviors and competency in
meeting the dynamic health-care needs of individuals
across the lifespan, amongst diverse cultures and across
health-care continuums.

Description:
The associate degree nursing program prepares students to
pursue a career in nursing by providing high quality
instruction in classroom, laboratory and clinical learning
environments. Healthcare employment opportunities are
available in long-term care, home health, hospital, and
outpatient settings. Clinical experiences are provided at
local extended care facilities, hospitals, and other
community agencies. Job title: Registered Nurse.
Graduates are eligible to take the National Council
Licensing Examination for Registered Nurses.
Classes admitted in January and August. Registered nurses
with associate of science degrees are eligible for admission
to Daytona State College's bachelor of science in nursing
(BSN) degree program.

Program Accreditation: The associate degree nursing
program is accredited by the Accreditation Commission for
Education in Nursing. Information about tuition, fees and
program length also may be obtained from the
Accreditation Commission for Education in Nursing
(ACEN) 3343 Peachtree Road, NE, Suite 850, Atlanta,
Georgia, 30326 or call 404 975-5000.

College Accreditation: Daytona State College is accredited
by the Southern Association of Colleges and Schools
Commission on Colleges to award associate and bachelor's
degrees. Contact the Commission on Colleges at 1866
Southern Lane, Decatur, Georgia 30033-4097 or call 404-
679-4500 for questions about the accreditation of Daytona
State College.

Program Outcomes:
Graduates of the program will be able to:
1. Seek creative approaches in meeting the needs of
   individuals, families, groups and communities across the
   lifespan.
2. Will determine the caring, spiritual and cultural needs of
   individuals, families, groups and communities across the
   lifespan.
3. Will select professional and technical resources to
   manage care for individuals, families, groups and
   communities across the lifespan.
4. Will propose best practices to meet the needs of
   individuals, families, groups and communities.
5. Will select system resources to provide optimal care for
   individuals, families, groups and communities.

Note: This program is eligible for federal financial aid and
state bright futures.

Approximate Additional Costs
Nursing Laboratory and Technology Fees (including
liability insurance): Average $250 per semester
Textbooks: $1,000
Uniforms: $150
Laboratory Supplies: $225
NCLEX Exam: $435
Background Check/ Drug Screening/ Document Tracker:
$120

Additional Admission Requirements
• This is a limited access program. How to Apply to the ADN Program

• Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completed the General Education classes required.

• Applications for continuing enrollment are submitted May and September. Students will be approved for continuing enrollment based on specific admission criteria. Students must apply each application cycle until accepted based on the selection process.

• Completion of the following courses with a grade of ‘C’ or better is required before submitting a request for continuing enrollment: ENC 1101 (Introduction to Composition); MGF 2106 (Survey in Mathematics) OR MAC 1105 (College Algebra); PSY 1012 (General Psychology); and BSC 1085C (Human Anatomy and Physiology I and Lab).

• Cumulative grade point average of 2.5 or better is the minimum required for consideration for continuing enrollment.

• Completion of the Test of Essential Academic Skills (ATI TEAS) or TEAS V with minimum scores of 59 percentile composite, 63 percentile mathematics and 69 percentile reading is required for continuing enrollment approval.

• Completion of health screening to include: recent physical examination; verification of immunization against influenza, tetanus, measles, mumps, rubella, varicella and Hepatitis ‘B’; and PPD test for tuberculosis (or chest X-ray if indicated) is required prior to enrolling in program specific courses.

• Basic Cardiac Life Support (BLS) certification for healthcare providers to include adults, infant, children, and automatic external defibrillator (AED) affiliated with the American Heart Association or the American Red Cross is required prior to enrolling in program specific courses.

• Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).

• According to Florida Board of Nursing, convicted felons who have had their civil rights removed are not eligible to take the National Council Licensure Examination for Registered Nurses.

• General education courses (pre- and co-requisites) and Nursing courses must be completed with a grade of ‘C’ or better.

• Students progressing to the bachelor of science in nursing program (BSN) program must complete the Humanities (6 credit) graduation requirement as established by Daytona State College for its Associate of Arts degree program. Students who are not progressing to the BSN can select a Humanities course from column I or II of the requirements established by Daytona State College for its Associate of Arts degree program.

• Students will be held accountable for the policies and procedures of the nursing program as outlined in the nursing student policy handbook, as well as the college student handbook.

• Readmission and transfer nursing courses must have been taken within one year and evaluated by the nursing readmission and transfer committee. Transfer nursing students are accepted on a limited basis depending on space availability.

• Courses must be taken in the sequence published in the sample program of study.

General Education Courses

General Education Core - 26 Credits

Communication Core (9 credits)

ENC1101 Introduction to Composition 3
ENC1102 Writing with Research 3
SPC2608 Oral Communications/Research/Presentation Skills 3

Mathematics Core (3 credits)

#### Program Mission, Description, and Outcomes

**Mission:**

The mission of the School of Nursing is to provide an innovative learning environment that promotes excellence in the field. Programs prepare students to exhibit professionalism, ethical behaviors and competency in meeting the dynamic health-care needs of individuals across the lifespan, amongst diverse cultures and across health-care continuums.

**Description:**

The program is designed for Licensed Practical Nurses (LPN), Paramedics, or Registered Respiratory Therapists (RRT) seeking an associate of science degree in nursing. Healthcare employment opportunities are available in long term care, home health, hospital, and outpatient settings. Clinical experiences are provided at local extended care facilities, hospitals, and other community agencies. Job title: Registered Nurse. Graduates are eligible to take the National Council Licensing Examination for Registered Nurses.

Classes admitted every January and August. Registered nurses with associate of science degrees are eligible for admission to Daytona State College's bachelor of science in nursing (BSN) degree program.

Program Accreditation: The associate degree nursing program is accredited by the Accreditation Commission for Education in Nursing. Information about tuition, fees and program length also may be obtained from the Accreditation Commission for Education in Nursing (ACEN) 3343 Peachtree Road, NE, Suite 850, Atlanta, Georgia, 30326 or call 404-975-5000.

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-
Outcomes:
Graduates of the program will be able to:
1. Seek creative approaches in meeting the needs of individuals, families, groups and communities across the lifespan.
2. Will determine the caring, spiritual and cultural needs of individuals, families, groups and communities across the lifespan.
3. Will select professional and technical resources to manage care for individuals, families, groups and communities across the lifespan.
4. Will propose best practices to meet the needs of individuals, families, groups and communities.
5. Will select system resources to provide optimal care for individuals, families, groups and communities.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Nursing Lab Fees (including liability insurance): Average $250 per semester
Textbooks: $900
Uniforms: $150
Laboratory Supplies: $181
NCLEX Exam: $435
Background Check/ Drug Screening/ Document Tracker: $120

Additional Admission Requirements
• This is a limited access program. How to Apply to the ADN Program
• Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.
• Applications for continuing enrollment are submitted May and September. Students will be approved for continuing enrollment based on specific admission criteria. Students must apply each application cycle until accepted based on the selection process.
• Cumulative grade point average of 2.5 or better is the minimum required for consideration for continuing enrollment.
• Have completed LPN, Paramedic, or RRT program and have one year working experience within the last three years. **Florida license as a practical nurse, or certification as a paramedic, or registered respiratory therapist. Students will be given ten semester hours of Advanced Standing for this licensure.
• LPNs must provide evidence of a current Florida license as a practical nurse. Paramedics and RRTs must provide evidence of Florida certification. Must be in good standing with the Board that regulates profession.
• Paramedics and RRTs must have acquired the skills to practice as a Certified Nursing Assistant through work experience, program of study, review program or provide evidence of a current Certified Nursing Assistant license in Florida.
• Completion of the following courses with a grade of 'C' or better is required before submitting a request for continuing enrollment: ENC1101 (Introduction to Composition); MGF2106 (Survey in Mathematics) OR MAC1105 (College Algebra); BSC1085C (Human Anatomy and Physiology I and Lab); and PSY1012 (General Psychology).
• Completion of the Test of Essential Academic Skills (ATI TEAS) or TEAS V with minimum adjusted individual total score of 59 percentile and 63 percentile mathematics and 69 percentile reading is required for continuing enrollment approval.
• Completion of health screening to include: recent physical examination; verification of immunization against influenza, tetanus, measles, mumps, rubella, varicella and Hepatitis "B"; and negative test for tuberculosis is required prior to enrolling in program specific courses.
• Basic Cardiac Life Support (BLS) certification for healthcare providers to include adults, infant, children, and automatic external defibrillator (AED) affiliated with the American Heart Association or the American Red Cross is required prior to enrolling in program specific courses.
• Paramedics and RRTs will be required to attend a medication skills laboratory and prove competency in critical skills.
• Basic computer competency skills. Specific courses involve web-enhanced learning.
• Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).
• According to Florida Board of Nursing, convicted felons who have had their civil rights removed are not eligible to take the National Council Licensure Examination for Registered Nurses.
• General education (pre and co-requisites) and Nursing courses must be completed with a grade of "C" or better.
• Students progressing to the bachelor of science in nursing program (BSN) program must complete the Humanities (6 credit) graduation requirement as
established by Daytona State College for its Associate of Arts degree program. Students who are not progressing to the BSN can select a Humanities course from column I or II of the requirements established by Daytona State College for its Associate of Arts degree program.

- Students will be held accountable for the policies and procedures of the nursing program as outlined in the nursing student policy handbook, as well as the college student handbook.
- Readmission and transfer nursing courses must have been taken within one year and evaluated by the nursing readmission and transfer committee. Limited space is available for transfer nursing students.
- Courses must be taken in the sequence published in the sample program of study.

General Education Courses

General Education Core - 26 Credits

Communication Core (9 credits)
- ENC1101 Introduction to Composition 3
- ENC1102 Writing with Research 3
- SPC2608 Oral Communications/Research/Presentation Skills 3

Mathematics Core (3 credits)
- MGF2106 Survey in Mathematics 3
- OR MAC1105 College Algebra 3

Natural Sciences Core (8 credits)
- BSC1085C Human Anatomy and Physiology I and Lab 4
- BSC1086C Human Anatomy & Physiology II and Lab 4

Students who choose the BSC 1085C/1086C option to fulfill the biological sciences core requirements can use remaining credits to fulfill elective hours as appropriate. Both courses must be successfully completed to satisfy the biological sciences core requirements.

Humanities Core (3 credits)
- ARH1000 Art Appreciation 3
- HUM2020 Introduction to Humanities 3
- LIT2000 Literature and Culture 3
- MUL1010 Music Appreciation 3
- PHI2010 Introduction of Philosophy 3
- THE1000 Theatre Appreciation 3

Social Sciences Core (3 credits)
- PSY1012 General Psychology 3

Additional Required Courses - 4 Credits
- MCB1010C Microbiology and Lab 4

Note: Prior to enrollment in college-level English or math courses, some students may be advised to complete college preparatory/developmental course work. See an Academic Advisor to determine developmental course requirements.

Occupational Therapy Assistant (Limited Access Program), A.S. Degree

Program Information
A.S. Degree - Code 2115/2215 - Catalog 2017/2018
Mary Craig-Oatley, Assistant Chair, 386-506-3624, craigom@daytonastate.edu
Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu
Melissa Brown, Academic Advisor, 386-506-3052, Melissa.Brown@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
Our mission is to train occupational therapy assistant generalists, who come from diverse backgrounds and experience, to successfully become competent entry-level practitioners and meet the needs of their community, using occupation to promote health and participation in daily life.

• We seek to maximize student success (opportunity, mastery of skills, and satisfaction) through excellent, innovative learning practices and up-to-date technologies and evidence.
• We provide both academic and clinical experiences to provide a strong professional foundation.
• We strive to develop effective, responsible, and contributing practitioners who can continue life-long learning.

Description:
The program trains and qualifies graduates to work in occupational therapy. Occupational therapy is a health and rehabilitation profession that provides services to individuals who are physically, psychologically or developmentally disabled or are at risk for these. Occupational therapy aims to help clients achieve a maximum level of participation and function in their daily activities (occupations).

Job title: Occupational Therapy Assistant.

Program Accreditation: The Occupational Therapy Assistant program is currently accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449. AOTA's phone number is (301) 652-AOTA (2682) and Web address is http://www.acoteonline.org/. Graduates of the program will be able to sit for the national certification examination for the occupational therapy assistant administered by the National Board for Certification in Occupational Therapy, Inc. (NBCOT). (Their phone number is 301-990-7979 or http://www nbcot.org/.) After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA). Most states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination.

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Outcomes:
Graduates of the program will be able to:
1. Value the ethics, values, and beliefs of the profession.
2. Differentiate the roles of the occupational therapist (OT) and occupational therapy assistant (OTA) in practice.
3. Reflect on and develop behaviors consistent with professional conduct and continuing development.
4. Use skills in various occupational therapy applications/situations based on concepts learned about communication, clinical reasoning, human body structures and functions, development, pathology, and behavior, and sociocultural conditions and health.
5. Emphasize and analyze how occupation is inherent to human health and participation in life, and is a foundation for service delivery.
6. Apply the concepts of the Occupational Therapy Practice Framework to a variety of delivery models and systems where occupational therapy is both currently practiced and emerging.
7. Distinguish and apply occupational therapy theories, intervention rationales and approaches, and expected outcomes in client care.
8. Practice the processes of screening, evaluation, goal-setting and review, discharge planning, and referral under the supervision of a registered occupational therapist; design and implement an intervention plan; compose service documentation.
9. Deliver services in various practice settings.
10. Select and customize practices based on best available evidence and community-identified needs.
11. Identify and demonstrate selected tasks for managing a practice.
12. Apply a client-centered approach to service delivery.
13. Establish an environment that assures personal and psychological safety and dignity of clients.
14. Practice in compliance with laws, rules, and policies that pertain to clients' services.
15. Participate in service opportunities based on community needs.

Note: All OTA students must complete Level II Fieldwork within 18 months following completion of academic course preparation.

A felony conviction may affect admission into the program and graduate's ability to sit for the NBCOT certification examination or attain state licensure.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Lab Fees (Including liability insurance): $197
Textbooks: $1,000
Licensure Fees: $700
FDLE/FBI Background Screening: $180

Additional Admission Requirements
• This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.
• Submit completed application for continuing enrollment to the School of Health Careers.
• Applications for continuing enrollment are accepted January 1st through April 30th.
• Completion of the following courses with a grade of 'C' or better is required before being considered for admission into the program: BSC1085C (Human Anatomy & Physiology I and Lab), ENC 1101 (Introduction to Composition), PSY 1012 (General Psychology), HSC1000 (Introduction to Health Care) and OTH1001 (Introduction to Occupational Therapy). All math requirements through MAT1033 should be completed before entering into the program.
• Observation hours are required as part of the admission process; however, these are done as part of the Introduction to Occupational Therapy OTH1001 course.
• Applicants starting in a Florida Public high school in 2003 or after and graduating from a Florida public high school with a standard high school diploma and active duty military are exempt from any placement testing. Those applicants that have successfully completed college level English and/or Math may be exempt from placement testing. All other applicants are required to take the Postsecondary Education Readiness Test (PERT) and be at the 10th grade level for reading, language and arithmetic.
• Selection is made once per year. Applicants for continuing enrollment that have a prerequisite GPA of 3.0 or better and have successfully completed the corequisite courses will be ranked higher for program consideration.
• Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).
• Basic Cardiac Life Support for Health Care Provider and AED through American Heart Association or American Red Cross.
• A pre-admission consultation with the assistant chair is recommended.
• Program specific courses and general education courses must be completed with a grade 'C' or better.
• Students will be held accountable for the policies and procedures of the Occupational Therapy Assistant (OTA) program as outlined in the OTA student handbook, as well as the College Student handbook.

Office Administration (General, Legal or Medical Specializations), A.S. Degree
Program Information
A.S. Degree - Code 2229 - Catalog 2017/2018
Linda Cupick, Assistant Chair, 386-506-3511, Linda.Cupick@daytonastate.edu
Diane Farrow, 386-506-3799, Diane.Farrow@daytonastate.edu
School of Business Admin., 386-506-4227

Program Mission, Description, and Outcomes
Mission:
The mission of the Office Administration A.S. degree program is to prepare students through the use of an innovative curriculum to provide administrative support to a manager or a department performing general clerical and project related tasks, and to provide day-to-day operational and administrative skills to meet local industry needs.

Description:
The program provides a solid foundation in office management, computer operations, business law, and word processing software programs. Students develop communication, computation, management, and computer software application skills. Students who successfully complete the courses in the first year of study, are eligible to receive the Office Support and the Office Management Certificate. Additionally, the student will have the option of focusing in Office, Legal Office or Medical Office Specializations.

AS Certificates That Lead To This Degree:
The following AS Certificates are embedded within this degree: Office Management - 091400 (p. 152); Office Support (Technical Certificate) - 092600 (p. 153). You may pursue the AS degree and also earn the AS certificates while completing the requirements for the degree, or pursue the AS certificates to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

Graduates of this program are eligible to be enrolled in Daytona State College, Bachelor of Applied Science in Supervision and Management program. Call (386) 506-4BAS or email BASinfo@daytonastate.edu for details.

Outcomes:
Graduates of the program will be able to:
1. Communicate in a clear and effective manner.
2. Perform business computations, records and office management skills.
3. Perform keyboarding and document processing activities.
4. Demonstrate knowledge of human relations skills.
5. Demonstrate employability skills.
6. Perform information processing and transmittal activities.
7. Develop leadership skills.
8. Perform consumer purchasing activities.
9. Perform decision-making activities.

Credits earned in this AS degree may be applied toward the 092600 Office Support (Technical certificate) and the 091400 Office Management certificate.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements
Program specific courses require a "C" or better.

Careers
Program specific courses count toward Office Support (Technical) Certificate #092600 and Office Management Certificate #091400. Upon completion of the required program specific courses for each program, a certificate may be awarded.

In the second year of study, students have the option to focus in either Office, Legal Office or Medical Office Specializations.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account, or email your Daytona State College Career Advisor.

Paralegal Studies (Legal Assisting), A.S. Degree

Program Information

A.S. Degree - Code 2062 - Catalog 2017/2018
Linda Cupick, Assistant Chair, 386-506-3511, Linda.Cupick@daytonastate.edu
Todd Richardson, 386-785-2054, Todd.Richardson@daytonastate.edu
School of Business Admin., 386-506-4227

Program Mission, Description, and Outcomes

Mission:
The mission of the Paralegal Studies A.S. degree program is to provide students with a solid foundation in procedural and substantive areas of law including research, drafting legal documents, interviewing clients and witnesses, investigative techniques, and managing law offices. Additionally, it prepares students to transfer to a four year program. It also provides eligible students with the necessary skills the students need to take the Certified Legal Assistant/Certified Paralegal Examination offered by the National Association of Legal Assistants. http://www.nala.org.

Outcomes:
Graduates of this program will be able to:
1. Communicate in a clear and effective manner.
2. Apply ethical and professional standards of the paralegal profession.
3. Utilize the law library and electronic legal research to create well-written legal documents.
4. Apply knowledge of tort law, constitutional law, and criminal law concepts to analyze factual situations.
5. Demonstrate knowledge of all phases of litigation practice and procedure.
6. Examine real property law and its application to real property transactions.
7. Analyze issues related to estate planning and probate administration concepts and their application probate procedures.
8. Identify the fundamental principles of the law of business organizations.
10. Demonstrate knowledge of entrepreneurship, management techniques and procedures.
11. Apply knowledge of family law and procedures.
12. Identify and demonstrate employability skills.

Note: This program is eligible for federal financial aid and state bright futures.

       Experience in Legal Assisting

Note: Sequence of courses may vary. Check catalog course descriptions (p. 327) for requisite requirements.

Subtotal: 64

Notes
It is recommended that the above sequence of courses be followed.
1. Unlicensed Practice of Law (UPL) Statement:
   Paralegals cannot give legal advice, represent a client, or provide legal services directly to the public, except as permitted by law.
2. Most public service agencies and some law firms require the student to undergo a drug screening and a criminal background check prior to placement in legal departments. A student whose drug screening and criminal background check is deemed unsatisfactory may be denied an internship, a cooperative education experience and/or future employment for any of these organizations.

Photographic Technology, A.S. Degree

Program Information
A.S. Degree - Code 2075 - Catalog 2017/2018
Daniel Biferie, Chairperson, 386-506-3581, Daniel.Biferie@daytonastate.edu
Roger Linke, Program Advisor, 386-506-3280
Cathy Shone, 386-506-3891, Cathy.Shone@daytonastate.edu

Program Mission, Description, and Outcomes

Mission: The School of Photography is committed to providing a course of study that affirms and nurtures the creative spirit of each individual and provides the aesthetic, technical and intellectual skills necessary as a foundation for a wide variety of professional careers or advanced studies. A major goal of the faculty, as practicing photographers and scholars, is to impart an understanding of the lifelong vitality of artistic development and practice within a multicultural and rapidly evolving world.

Description: The program provides students with comprehensive aesthetic, technical and theoretical training within a wide range of photographic practices and imaging technologies. Successful completion of the A.S. Degree in Photographic Technology ensures a seamless transfer to the University of Central Florida B.S. Degree program. The joint program between the University of Central Florida and Daytona State College is offered exclusively at UCF Daytona Beach.

Program Outcomes:
1. Competency in the creative process and critical thinking to effectively resolve technical and aesthetic issues within the field of photography.
2. Effectively communicate with clients and peers as individuals or groups/creative teams within the field of photography.
3. Demonstrate the ability to apply knowledge of multicultural concerns and aesthetic concepts as it relates to the use of photography to address ethical, legal, societal and cultural concerns.
4. Demonstrate an understanding of information and technical literacy; in the use of the Internet for information gathering and research; effectively utilize digital editing software.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
• Lab Fees: $725 over the entire program
• Equipment: estimated $3000 over entire program (see Photography department chair for start-up equipment needs and rental options)
• Individual Film/Paper and Other Supplies: $750 to $1000 per semester
• Textbooks: $250 per semester

Additional Admission Requirements
All new and transfer students are required to meet with the Department Chair or Program Advisor prior to registration. Please call or email for an appointment for a hour-long consultation and tour of the School of Photography.

Physical Therapist Assistant (Limited Access Program), A.S. Degree

Program Information
A.S. Degree - Code 2116/2216 - Catalog 2017/2018
Robert Wagner, Assistant Chair, 386-506-3752, Robert.Wagner@daytonastate.edu
Connie Kisner, Staff Assistant, 386-506-3080, Connie.Kisner@daytonastate.edu
Melissa Brown, Academic Advisor, 386-506-3052, Melissa.Brown@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The Physical Therapist Assistant Program promotes the ideals of the Daytona State College Mission Statement of emphasizing student success, embracing excellence and diversity, as well as fostering innovation to enhance teaching and learning. Each student in the PTA Program will receive academic and clinical experiences to provide them with a professional foundation to become an effective, responsible, licensed and contributing team member in Physical Therapy.

Description:
The program prepares graduates to work in physical therapy. Physical Therapy is a health and rehabilitation profession that provides services to individuals of all ages with physical dysfunction including those suffering from strokes, heart disease, arthritis, diabetes, serious burns, neurological and orthopedic disorders. The profession tailors the rehabilitation process individually for each patient and through evaluation and treatment, seeks to restore or improve impaired functions. Physical therapy strives to help patients attain a maximum level of independent living by developing the capacities that remain after disease, accident or deformity. Job title: Physical Therapist Assistant. The Physical Therapist Assistant program is accredited by the Commission on Accreditation in Physical Therapy Education. Graduates, upon completion of the program, apply for state licensure.

Program Accreditation: This program is accredited by the Commission on the Accreditation in Physical Therapy Education (CAPTE) - 1111 N. Fairfax Street, Alexandria, VA 22314. (703) 706-3245. email: accreditation@apta.org; website: http://www.capteonline.org/.

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Outcomes:
Graduates of the program will be able to:
1. Integrate scientific principles which form the foundation of physical therapy into clinical practice.
2. Differentiate the normal vs. abnormal states of physiology that are observed and/or treated in the clinical setting.
3. Describe his/her role and responsibilities to the patient, the physician, the physical therapist and other members of the health care team.
4. Perform interventions, under the supervision of the physical therapist, consistent with evidenced-based physical therapy practice safely, effectively and efficiently.
5. Analyze and evaluate the physical therapy literature in pursuit of life long learning.
6. Value active participation in the American Physical Therapy Association, the Florida Chapter and East Central District as means of professional development.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Lab Fees (including liability insurance): $155
Textbooks: $1,000
Uniforms: $100
Laboratory Supplies: $100  
Licensure Fees: $755  
FDLE/FBI Background Screening: $180

**Additional Admission Requirements**

- This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.
- Completion of the following courses with a grade of 'C' or better is required before submitting a request for continuing enrollment: BSC1085C (Human Anatomy & Physiology I and Lab), ENC1101 (Introduction to Composition), PHT1006 (Introduction to Physical Therapy), and MAC1105 (College Algebra) or MGF2106 (Survey in Mathematics) or MGF2107 (Mathematics for Liberal Arts).
- Cumulative grade point average of 2.5 or better to apply for continuing enrollment.
- Complete a minimum of 20 hours of observation with a licensed Physical Therapist or P.T.A. (Physical Therapist Assistant) evenly distributed between at least 2 different types of physical therapy settings - outpatient, inpatient, and long-term care. Some facilities may require a background check.
- Submit the completed application for continuing enrollment to the School of Health Careers.
- Program starts annually in January; applications are only submitted during the month of September.
- Student selection for continuing enrollment will be based on a point system. Applicants considered for continuing enrollment will be contacted for an interview. Applicants for continuing enrollment that have a cumulative GPA of 3.0 or better and have successfully completed all prerequisite and all corequisites by the application deadline will be ranked higher for program consideration.
- Applicants starting in a Florida Public high school in 2003 or after and graduating from a Florida public high school with a standard high school diploma and active duty military are exempt from any placement testing. Those applicants that have successfully completed college level English and/or Math may be exempt from placement testing. All other applicants are required to take the Postsecondary Education Readiness Test (PERT) and be at the 10th grade level for reading, language and arithmetic.
- Attendance at a program information session is required. Dates will be announced.
- Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI). A second screening will be required in the third semester of the program.
- Basic Cardiac Life Support (BLS) certification for health care providers to include adults, infants, children, and AED affiliated with the American Heart Association or American Red Cross.
- Program corequisites and Physical Therapist Assistant courses must be completed with a grade of 'C' or better.
- Completion of health screening to include: recent physical examination; verification of immunization against tetanus, measles, mumps, rubella, varicella and Hepatitis 'B'; and PPD test for tuberculosis (or chest X-ray if indicated) is required prior to enrolling in program.
- Students will be held accountable for the policies and procedures of the Physical Therapist Assistant (PTA) program as outlined in the PTA student handbook, as well as the College Student handbook.

### Respiratory Care (Limited Access Program), A.S. Degree

#### Program Information

A.S. Degree - Code 2117/2217 - Catalog 2017/2018
Melanie McDonough, Assistant Chair, 386-506-3759, Melanie.McDonough@daytonastate.edu
Connie Kisner, Staff Assistant, 386-506-3080, Connie.Kisner@daytonastate.edu
Melissa Brown, Academic Advisor, 386-506-3052, Melissa.Brown@daytonastate.edu

#### Program Mission, Description, and Outcomes

**Mission:**

The mission of the Respiratory Care program is to provide a learning-centered, widely diverse, high quality education to empower individuals to meet the needs of the community.

**Description:**

This program provides training in the use of special equipment, medications and other diagnostic and therapeutic modalities to assist in the diagnosis and treatment of patients who need temporary, emergency or
long-term cardiopulmonary assistance. Students learn to administer medical gases, humidity and aerosol therapy, use positive pressure breathing machines, perform pulmonary drainage and clearance procedures, manage patient airways, perform pulmonary rehabilitation and home care, manage short and long term continuous mechanical ventilation and perform a variety of other special procedures.

Graduates are eligible to take the Respiratory Therapist multiple-choice exam and the clinical simulation exams of the National Board for Respiratory Care (NBRC), qualifying them for the credentials of Certified Respiratory Therapist (CRT) and Registered Respiratory Therapist (RRT).

Program Accreditation: The Respiratory Care Program is accredited by the Committee on the Accreditation of Respiratory Care [CoARC], 1248 Harwood Road, Bedford, Texas 76021-4244 [817] 283-2835. Outcomes data from the Annual Report of Current Status can be found at www.coarc.com/47.html.

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Outcomes:

Graduates of the program will be able to:
1. Perform entry-level skills competently as described by the scope of practice for Respiratory Care.
2. Employ effective communication skills within the healthcare setting.
3. Assemble a safe environment within the healthcare setting.
4. Apply professional behaviors within a healthcare setting.
5. Execute safe clinical decision making in respiratory care.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees: Program Specific RET Courses @ $467; Science Courses @ $193
Uniforms: $150
Stethoscope/Scissors: $50
Textbooks: $1,000
FDLE/FBI Background Screening: up to $180

Additional Admission Requirements

- This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.
- Applicants starting in a Florida Public high school in 2003 or after and graduating from a Florida public high school with a standard high school diploma and active duty military are exempt from any placement testing. Those applicants that have successfully completed college level English and/or Math may be exempt from placement testing. All other applicants are required to take the Postsecondary Education Readiness Test (PERT) and be at the 10th grade level for reading, language and arithmetic.
- Completion of the following courses with a grade of 'C' or better is required before submitting a request for continuing enrollment: BSC1085C (Human Anatomy and Physiology I and Lab), MAC 1105 (College Algebra) or MGF2106 (Survey in Mathematics) and ENC 1101 (Introduction to Composition). Completion of at least 25% of the degree requirement credits in residence at Daytona State College.
- Basic Cardiac Life Support for Health Care Provider and AED through American Heart Association or American Red Cross.
- Submit completed application for continuing enrollment to the School of Health Careers.
- Applications for continuing enrollment are accepted anytime during the year.
- Selection is made once per year based on the applicants cumulative GPA and successful completion of prerequisite and co-requisite courses. Applicants considered for continuing enrollment will be contacted for an interview. Attendance at a program information session is mandatory. Pre-registration is not required. A brief statement explaining your interest in Respiratory Care is required along with application paperwork.
- Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).
- Program specific courses and general education courses must be completed with a grade 'C' or better.
- Physical exam and BCLS CPR Card are due by deadlines established by the Program.
- Applicants will need a 2.5 Cumulative GPA to apply for continuing enrollment. Applicants with cumulative GPA's of 3.5 or better and successful completion of all prerequisite and corequisite courses will be considered more favorably.
• Readmission and transfer respiratory care courses must have been taken within one year and evaluated by the respiratory care readmission and transfer committee. Transfer respiratory care students are accepted on a case by case, limited basis depending on space availability. Transfer students must show documentation that they are in good academic standing and eligible for re-admission in their current respiratory care program prior to applying as a transfer respiratory care student with DSC.

• Students will be held accountable for the policies and procedures of the Respiratory Care program as outlined in the Respiratory Care student handbook, as well as the College Student handbook.

• Upon completion of the program, students may be eligible for articulation into most BS Cardiopulmonary or Respiratory Care degree programs.

Program Mission, Description, and Outcomes

Mission:
To provide a multi-skilled, comprehensive education for students in the Radiologic Sciences. The Program will promote standards to meet stated outcomes for service-oriented professionals that are entry-level into the profession, and promote multi-competency and life-long learning.

Description:
The program provides a multi-skilled comprehensive education for students in the Radiologic Sciences. The program promotes standards to meet and exceed outcomes of service-oriented professionals that are entry-level into the profession while promoting multi-competent continuing education.

Program Accreditation: This program is sponsored by Halifax Health Medical Center and accredited by the Joint Review Committee on Education in Radiologic Technology. JRCERT may be contacted at 20 North Wacker Drive, Suite 2850, Chicago, Illinois 60606-3182.

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Note: Effective Spring 2016, the course credit hours for the following courses will be changed: RTE 1523 - 4 Semester Hours, RTE 2844 - 4 Semester Hours, RTE 1804 - 4 Semester Hours, RTE 2854 - 6 Semester Hours.

Outcomes:
Graduates of the program will be able to:
1. Perform as entry-level radiographers in providing quality patient care.
2. Adapt procedures using critical thinking and problem solving skills to produce optimal images.
3. Demonstrate professional values and attributes to maintain a high standard of ethical conduct with patients, peers, employers and other members of the health care team.
4. Outline plan to continue their professional growth and development.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Students will be responsible for applicable Halifax Health Medical Center fees and Daytona State College tuition. Fees will be defined in applicable program information.

Additional Admission Requirements
• This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.
• Applicants that graduated from a Florida public high school after 2003 and received a standard high school diploma are exempt from taking placement tests. Those applicants that have successfully completed college level English and/or math may be exempt as well.
• Completion of the Test of Essential Academic Skills (TEAS V) with a minimum adjusted individual total score of 59 percentile and 63 percentile mathematics and 69 percentile reading is required for admission into the Radiography program.
• Completion of the following courses with a grade of 'C' or better is required before application is considered for continuing enrollment: BSC1085C (Human Anatomy
and Physiology I and Lab), ENC1101 (Introduction to Composition), MAC1105 (College Algebra). Program specific courses and general education courses must be completed with a grade of 'C' or better.

- A minimum of 2.0 GPA is required to apply for continuing enrollment. Applicants with cumulative GPAs of 3.5 or better and successful completion of all prerequisite and corequisite courses will be considered more favorably.
- Prior to being approved for continuing enrollment in Radiography, the student must successfully complete the application process. Applications for continuing enrollment and specific application information may be obtained at the program office at Halifax Health Medical Center. To receive a complete applicant packet, please contact 386-254-4075 and select option 2 or email your physical mailing address to DeeAnn.Vanlandingham@halifax.org or http://www.halifaxhealth.org/formedicalprofessionals/radiography_program.aspx
- Prospective students must be of good physical and mental health.
- Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) (Level 2) and Federal Bureau of Investigation (FBI).
- A pre-admission consultation with the assistant chair is strongly recommended after applicant packet is received.
- Students will be held accountable for the policies and procedures of the Radiography program as outlined in the Radiography student handbook, as well as the College Student handbook.

Simulation and Robotics Technology, A.S. Degree

Program Information

A.S. Degree - Code 2204 - Catalog 2017/2018
Anindya Paul, Chair, 386-506-4155, Anindya.Paul@daytonastate.edu
Linda Sullivan, 386-506-4154, Linda.Sullivan@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:

The Simulation and Robotics Technology program prepares students with basic electronics skills and technical credentials needed for high technology careers in simulator installation, maintenance, service and support. Students also acquire skills required for specific simulator operation, testing, and troubleshooting. This program incorporates innovative teaching methods using the latest technology, thus improving student knowledge and encouraging their success. After completion, students may seek career jobs or transition into baccalaureate programs.

Description:

The Simulation and Robotics Technology program provides students with the technical credentials needed for high technology careers in simulator installation, maintenance, service and support. This program provides a thorough foundation in basic electronics and computer networking. Students also acquire skills required for specific simulator operation, testing, and troubleshooting.

Outcomes:

Graduates of the program will be able to:

1. Apply knowledge of mathematics, basic science, and engineering to solve problems encompassing the fundamental areas of simulation and robotics technology.
2. Apply knowledge of one or more disciplines to the operation and maintenance of simulation and robotics systems.
3. Identify and apply software solutions appropriate to simulation and robotics systems.

4. Conduct experiments to acquire needed data, and to analyze and interpret data to solve engineering technology problems.

5. Use computers and other modern tools and skills to solve technical problems.

6. Function as a member of a multidisciplinary team in the solution of engineering problems.

7. Demonstrate proficiency in communicating ideas and information orally and in writing.

8. Relate the need for, and an ability to learn new concepts as required within the field of simulation and robotics technology.

9. Comprehend ethical responsibility and professional integrity issues related to the practice of simulation and robotics technology.

10. Comprehend contemporary technological and societal issues, and the impact of technology on society in both a local and global context.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab fees will be assessed for courses requiring specialized tools/equipment. See catalog descriptions (p. 327) for program specific courses.

### Notes
Any AS degree at Daytona State College will articulate into and allow admission into the BS programs offered at Daytona State College.

**Social and Human Services (Addictions Specialization), A.S. Degree**

**Program Information**

A.S. Degree - Code 2007 - Catalog 2017/2018
- Michael Flota, Department Chair, 386-506-3844, Michael.Flota@daytonastate.edu
- Nick Petropouleas, Assistant Chair, 386-506-3409, Nick.Petropouleas@daytonastate.edu
- Arlene Saum, 386-506-3430, Arlene.Saum@daytonastate.edu

**Program Mission, Description, and Outcomes**

**Mission:**

The mission of the Social and Human Services Addictions Specialization Program at Daytona State College is to prepare students for careers that focus on helping people and communities to solve problems, and to help people live more satisfying lives. This is accomplished by offering a curriculum providing graduates of the program with a solid foundation of principles, theories, ethics, and applied skills in the areas of addictions, chemical dependency, and human services. The program is specifically committed to provide training and experience that will enable graduates to become effective human services professionals that will work in agencies that provide a variety of services to help people overcome various life problems, including addiction and chemical dependency. This program can also prepare graduates for matriculation into a baccalaureate program in Human Services, Social Work, or a similar discipline. It is also a goal of this program to promote the values and ethics of working with diverse populations.

**Description:**

The Social and Human Services Addictions Specialization program focuses on teaching broad, transferable skills that encompass the areas of human services, including addiction and chemical dependency. Skill acquisition and practical experience are gained through specific coursework, and professionally supervised externships that are offered at various human services agencies throughout Volusia and Flagler Counties. The established curriculum includes coursework in the following areas: Addictions, Chemical Dependency, Psychopharmacology, Psychology, Counseling, Ethics, Treatment Planning, Sociology, and Communication. This curriculum is also designed to help prepare graduates for the appropriate Florida Certification Board exams.
A.S. Certificate That Leads To This Degree:
The following A.S. Certificate is embedded within this degree: Social and Human Services Addictions Studies Specialization - 081300 (p. 155). You may pursue the A.S. degree and also earn the A.S. certificate while completing the A.S. Degree requirements, or pursue the A.S. certificate to develop or upgrade your skills. Contact your faculty or academic advisor for details and course options.

Note: It is strongly encouraged that students take coursework in a specific order. Therefore, new students should schedule an interview with an academic counselor, faculty advisor, or department chair as soon as possible after deciding to apply to the program. Additionally, each year a mandatory program orientation is scheduled before classes begin.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate a general knowledge and understanding of the role of the human services worker in a variety of social service settings.
2. Examine current social issues and their impact on society, including substance abuse, addictions, and chemical dependence.
3. Compare and contrast a variety of family systems.
4. Apply interpersonal skills in helping relationships, including crisis intervention and group dynamics.
5. Apply case management skills, including interviewing, documentation, assessment, treatment planning, and the ability to make appropriate referrals.
6. Demonstrate the ability to adhere to professional and ethical standards of practice, including confidentiality, sensitivity when working with diverse populations, and responsibility for professional growth.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Lab Fees (including liability insurance): $8
FDLE/FBI Background Screening: $90 (estimate - will be due at time of externship)

Additional Admission Requirements
- Attend mandatory program orientation.
- Admission into the program will be contingent on the satisfactory completion of required externships at a Daytona State College approved site. These externships will require a "favorable" drug screening, and a "favorable" criminal background check including a fingerprint review of state and federal criminal history information. The specific screening and background checks will be determined by the specific externship organization, and there will, in most all cases, be a cost associated with this that the student must pay.
- Minimum GPA of 2.0 required.
- Program specific courses and general education courses must be completed with a grade of 'C' or better.
- Students will be held accountable for the policies and procedures outlined in the College Student handbook.

Advanced Technical Certificate

Construction and Design, Advanced Technical Certificate

Program Information

Advanced Technical Cert - Code 3004 - Catalog 2017/2018
Jessica Matthews, Administrative Assistant, 386-506-4138, mattheje@daytonastate.edu
Ronald Eaglin, Chair, School of Engineering, 386-506-4176, eaglinr@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the advanced technical certificate in construction and design is to prepare students for employment within the construction industry, specifically in the design and management of construction projects.

Description:
This program consists of 18 credits leading towards requirements for proficiency in construction techniques, materials, finances and construction design.

Outcomes:

Graduates of the program will be able to:
1. Implement engineering principles in construction of residential and commercial building projects.
2. Design and understand basic structural systems in construction.
3. Apply principles of construction technology in construction of buildings.
4. Analyze basic construction systems and their applications based on engineering principles.
5. Develop construction plans and procedures.

Note: The length of this program makes it ineligible for federal and state financial aid.

Additional Admission Requirements

1. Applicants must have earned an Associate of Science (AS), an Associate of Applied Science (AAS), an Associate of Arts (AA) degree, or previous Bachelor of Science (BS) with an overall grade point average of 2.5.
2. Applicants who have not earned an associate degree may be admitted to the program if they have earned at least 60 transferrable college level credits with a grade of "C" or better in all core courses. Applicants in this category must otherwise meet all other requirements for admission which will be granted by approval of the Chair.
3. Students may be required to take prerequisite courses to complete this certificate.

Careers

Job Titles for this certificate are construction manager, construction inspector, building inspector, construction design engineer.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account, or email your Daytona State College Career Advisor.

Cybersecurity and Cyberforensics, Advanced Technical Certificate

Program Information

Advanced Technical Cert - Code 3002 - Catalog 2017/2018
Jessica Matthews, Administrative Assistant, 386-506-4138, mattheje@daytonastate.edu
John Philip Craiger, Program Coordinator, 386-506-4149, craigep@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The Advanced Technical Certificate in Cybersecurity and Cyberforensics program provides the student with an understanding of both technical and management aspects of computer and network security and forensics using exposition of theory, laws, and technical forensic and security tools and techniques. Students are exposed to hands-on projects where they are required to combine theory, legal issues, and technical knowledge to solve real-world problems. The program incorporates innovative, tested methods of instruction with hands-on lab work to encourage student learning and success.

Description:
This program consists of 18 credits leading towards requirements for proficiency in protection and analysis of computer and network systems security and forensics. The program fulfills a critical need for IT professionals with expertise in cybersecurity and cyberforensics.

Objectives:

Graduates of the program will be able to:
1. Conduct a password audit.
2. Design a password security policy.
3. Identify elements of security policy.
4. Design and implement a firewall based on security risk management and policies.
5. Design and implement an intrusion detection system based on security policies.
6. Use cryptography and cryptographic protocols.
7. Identify anomalous network packets.
8. Create and verify a forensic image.
9. Recover evidence in a forensically sound manner.
10. Validate forensic tools.
11. Identify and manage computer and network incidents.
12. Use cryptography and cryptographic protocols.
13. Identify the function and purpose of malware.
15. Conduct a hash analysis for known files.
16. Identify evidence of a server intrusion.

Note: The length of this program makes it ineligible for federal and state financial aid.

**Additional Admission Requirements**

1. Applicants must have earned an Associate of Science (AS), an Associate of Applied Science (AAS), an Associate of Arts (AA) degree, or previous Bachelor of Science (BS) with an overall grade point average of 2.5.
2. Applicants who have not earned an associate degree may be admitted to the program if they have earned at least 60 transferrable college level credits with a grade of "C" or better in all core courses. Applicants in this category must otherwise meet all other requirements for admission which will be granted by approval of the Chair.
3. Students may be required to take prerequisite courses to complete this certificate.

**Careers**

**Notes**

Courses taken as part of this certificate can be applied to the Bachelor of Science Information Technology Degree - 633400 (p. 251)

**Project Management, Advanced Technical Certificate**

**Program Information**

Advanced Technical Cert - Code 3005 - Catalog 2017/2018
Theresa Moore, Assistant Chair, 386-506-3938, mooreta@daytonastate.edu
Grady Meeks, Associate Professor, 386-506-3856, grady_meeks@daytonastate.edu

**Program Mission, Description, and Outcomes**

**Mission:**

The mission of the advanced technical certificate in project management is to prepare students with industry standard skill sets for employment as project managers inclusive of all countries, industries, companies and projects.

**Description:**

This program consists of 25 credits leading towards requirements for proficiency in industry standard and internationally recognized project management skill sets and certification preparation in conjunction with respective experience in the following areas: Microsoft Project (2013 74-343), CompTIA Project+, Professional in Business Analysis (PMI-PBA), Agile Certified Practitioner (PMI-ACP), Risk Management Professional (PMI-RMP), Scheduling Professional (PMI-SP), Certified Lean Six Sigma (ICGB), Project Management Professional (PMP), and Certified Associate in Project Management (CAPM).

**Outcomes:**

Graduates of the program will be able to:
1. Demonstrate understanding of the fundamental knowledge, terminology and processes of effective project management.
2. Perform in the role of a project manager, leading and directing projects and teams.
3. Use industry recognized project management software.
4. Apply agile principles and practices on projects.

Subtotal: 18

**Notes**

Courses taken as part of this certificate can be applied to the Bachelor of Science Information Technology Degree - 633400 (p. 251)
5. Integrate stakeholder business requirements to shape the output of projects and drive successful business outcomes.

6. Assess and analyze projects risks along with plans to mitigate threats and capitalize on opportunities.

7. Apply principles of quality management throughout the Project Life Cycle.

8. Demonstrate knowledge and advanced experience in the specialized area of developing and maintaining project schedules.

**Note:** Financial aid eligibility for this program is pending.

### Additional Admission Requirements

1. Applicants must have earned an Associate of Science (AS), an Associate of Applied Science (AAS), an Associate of Arts (AA) degree, a Bachelor of Science (BS) or a previous Bachelor of Applied Science (BAS) with an overall grade point average of 2.5.

2. Applicants who have not earned an associate degree may be admitted to the program if they have earned at least 60 transferable college level credits with a grade of “C” or better in all core courses. Applicants in this category must otherwise meet all other requirements for admission which will be granted by approval of the Chair.

3. Students may be required to take prerequisite courses to complete this certificate.

### Careers

Job Titles for this certificate are Project Manager, Administrative Services Manager, General and Operations Manager, Construction Manager, Computer and Information Systems Managers, Engineering Managers, Management Analysts, Medical and Health Services Managers.

**Note:** Need help preparing for your job search? Login to Daytona State’s Career Services Online (CSO) to create your personal career account, or email your Daytona State College Career Advisor.

### Web Systems Software Development, Advanced Technical Certificate

### Program Information

Advanced Technical Cert - Code 3003 - Catalog 2017/2018

Jessica Matthews, Administrative Assistant, 386-506-4138, mattheje@daytonastate.edu

Ronald Eaglin, Chair, School of Engineering, 386-506-4176, eaglinr@daytonastate.edu

### Program Mission, Description, and Outcomes

**Mission:**

The Web Systems Software Development program provides the student with an understanding of both technical and management aspects of internet based software systems.

**Description:**

This program consists of 15 credits leading towards requirements for proficiency in development of web systems software including client server based systems, cloud based software development and management, techniques associated with the development of software...
systems, project management, and database systems design and management.

**Outcomes:**

Graduates of the program will be able to:
1. Implement internet based client server software systems.
2. Develop applications using modern web programming languages and technologies.
3. Design and implement database systems to support web applications.
4. Implement Software as a Service and Cloud based software systems.
5. Use current software project management techniques in software development.

*Note: The length of this program makes it ineligible for federal and state financial aid.*

**Additional Admission Requirements**
1. Applicants must have earned an Associate of Science (AS), an Associate of Applied Science (AAS), an Associate of Arts (AA) degree, or previous Bachelor of Science (BS) with an overall grade point average of 2.5.
2. Applicants who have not earned an associate degree may be admitted to the program if they have earned at least 60 transferrable college level credits with a grade of "C" or better in all core courses. Applicants in this category must otherwise meet all other requirements for admission which will be granted by approval of the Chair.
3. Students may be required to take prerequisite courses to complete this certificate.

**Careers**

Careers Associated Job Titles for this certificate are software engineer, software developer, programmer, software architect, database manager, and database designer.

*Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account, or email your Daytona State College Career Advisor.*

**Notes**

Courses taken as part of this certificate can be applied to the Bachelor of Science Information Technology Degree – 6334 (p. 251).

**Applied Technology Diploma**

**Emergency Medical Technician (Limited Access Program), Applied Technical Diploma**

**Program Information**

**Emergency Medical Technician (Limited Access Program), Applied Technical Diploma**

**Program Mission, Description, and Outcomes**

**Mission:**

The mission of the Emergency Medical Technician program is to provide students with the necessary training and practices to deliver high quality, caring patient care in the pre-hospital environment, emphasizing student success and embracing excellence and diversity.

**Description:**

The program teaches students the basic skills and techniques of pre-hospital emergency medical care. The course emphasizes developing skills in recognizing the symptoms of illness and injuries, and the application and proper procedures essential in delivering basic life support to the sick and injured. The program is designed to prepare students for state certification in emergency care; however, it also is open for students who wish to take it for personal development. Training includes 60 hours of clinical experience with pre-hospital care agencies and a hospital emergency room. Graduates are qualified to work as basic care providers in emergency medical systems, hospitals, and industrial medicine. Job title: Emergency Medical Technician.

This certificate serves as a prerequisite to the Paramedic certificate program. Credits earned in this program may be counted for the Emergency Medical Services degree.

Program Accreditation: The Daytona State College EMS Program is approved by the Florida Department of Health Bureau of Emergency Medical Services, as meeting all statutory requirements of section 401 for EMS Training Centers in Florida. The Daytona State College EMS Program is accredited by the Commission on Accreditation
of Allied Health Education Programs upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP)

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Outcomes:

Graduates of the program will be able to:

1. Exhibit effective communication within the Emergency Medical Technician profession.
2. Demonstrate professional behaviors consistent with the expectations for entry level Emergency Medical Technician provider.
3. Demonstrate safe practices within the Emergency Technician Service profession.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Program Tuition and Fees: $1,229*
Access Fee: $15.12 ($1.26 per credit)
Assessment Fee: $33
Lab Fees: $213 (including liability insurance)
Textbooks/Equipment: $175
Uniforms: $200
Criminal Background Check and Drug Screen: $90
State Application: $105

*In-state tuition only; out-of-state tuition will be higher.

Additional Admission Requirements

- Attendance at the EMS Orientation Session is Mandatory - Date and time will be announced by the EMS Program.
- Applications are accepted until courses are full or the stated application deadline, whichever comes first.

Careers

EMT Graduates have been employed at the local public safety agencies, theme parks and local hospitals.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account, or email your Daytona State College Career Advisor.

Apprenticeship

Early Childhood Education Apprentice

Program Information

Apprenticeship - Code 1020 - Catalog 2017/2018
Catherine Twyman, Assistant Chair 386-506-3113, 386-506-3113, Catherine.Twyman@daytonastate.edu
Bridgette Cherry, 386-506-4165, Bridgette.Cherry@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
We strive to improve the quality of care and education for young children through extensive classroom and on-the-job training.

Description:
The Early Childhood Education Apprenticeship Program is a state subsidized, two-year program. During the program's six semesters students will study suitable guidance techniques, developmentally appropriate strategies and activities for young children ages infant to school-age, basic principles of child development, and professional and ethical practices pertaining to early childhood education. Students will also receive training pertaining to the VPK Standards, will learn how to administer the VPK Assessment and will be trained in the area of Instructional Implications based on the VPK assessment data. Students will have the opportunity to engage in hands-on activities to use with young children at their own childcare centers. This program meets Child & Family Services licensing standards of a CDA Equivalency.

In most cases, a great deal of financial resources and
energy are required to prepare for your career, but in a
registered apprenticeship program, you are paid a
progressively increased wage while you learn the
occupation. This program is an aggressive step toward
addressing what has become one of the most urgent needs
of America's working families-quality child care and good
wages for child care workers. Books are loaned to the
apprentices each semester. Apprentices are required to
work a total of 4,000 hours of OJT and 400 class hours for
successful completion of the program. Classes are held at
Daytona State College's Daytona Campus, at the West
Campus in Deland, as well as the Deltona Campus.

Outcomes:
Graduates of the program will be able to:
1. Successfully plan and implement lessons with targeted
populations of children, using developmentally
appropriate curriculum techniques and materials.
2. Demonstrate appropriate guidance techniques when
dealing with targeted populations of children.
3. Demonstrate knowledge and principles of child
development.
4. Demonstrate knowledge of professional and ethical
practices pertaining to early childhood education.

Note: The length of this program makes it ineligible for
federal and state financial aid.

Additional Admission Requirements

THE ENTRY QUALIFICATIONS SHALL INCLUDE:

• Potential apprentices must be 18 years of age or older
  and employed at child care center.

• Volusia County Child Care Apprenticeship GNJ
  Committee must select first-year apprentices, before
  beginning the program.

• High school diploma, certificate, or GED equivalency is
  required for admission into the program.

• High school transcripts required. GED grades report
  required when applicable.

• Must be employed in a Child Care Facility.

DAYTONA STATE COLLEGE ADMISSIONS
REQUIREMENTS:

• Students who have been selected by the committee must
  be admitted to Daytona State College by completing the
  Daytona State College Application for Admissions. The
  College does charge a one-time, non-refundable
  assessment fee to all students, at the time of initial
  enrollment.

• Students will be registered for apprenticeship classes
  and on-the-job training through the appropriate
  apprenticeship committee.

GENERAL INFORMATION
Apprenticeship Programs are:

SKILLED BASED/APPLIED LEARNING CONSISTING OF:
Class Related Instruction
Usually 6 Hours per Week

On-the-Job Training (OJT)
Full-time Employment in Field

Access to a computer with high-speed internet connection is needed

Approved by Florida Department of Education,
Apprenticeship Office of Workforce Education

JOURNEYMAN CERTIFICATE
Awarded by Apprenticeship Office of Workforce Education,
Florida Department of Education on Successful Completion of Program

GRADUATES:
Graduates are prepared to work as head teachers of pre-school classes, or assistants/paraprofessionals in the public school system. You will learn to make lesson plans, supervise children and be responsible for a class. Graduates are awarded certificates from Daytona State College (Early Childhood Education Apprentice) and the Florida Department of Education, Apprenticeship Office of Workforce Education. Upon completion of the program, graduates can apply their credits (12.0 semester hours) toward an associate of science degree in Early Childhood Education.

Electrical Apprentice - Non-Union

Program Information
Apprenticeship - Code 1071 - Catalog 2017/2018
Joseph Wiggins, Adjunct Faculty, 386-255-0742,
Bridgette Cherry, 386-506-4165,
cherryb@daytonastate.edu

Program Mission, Description, and Outcomes
Mission:
The Mid Florida GNJ Electrical Non-Union Apprenticeship provides motivated individuals the opportunity to learn a trade by working under the supervision of a skilled craftsman and attending related classroom training.

Description:
The Mid-Florida Electrical Non-union Apprenticeship, GNJ Program is a state subsidized, four-year program. Apprentices in the electrical construction trade will be taught principles of electricity and magnetism, wiring, installation methods, community first aid, safety issues, electric motor theory, and control. Apprentices receive extensive classroom and on-the-job training (OJT).

In most cases, a great deal of financial resources and energy are required to prepare for your career, but in a registered apprenticeship program, you are paid a progressively increased wage while you learn the occupation. The curriculum provides knowledge and skills training in all aspects of electrical construction work in the residential, commercial, and industrial markets. Apprentices are required to work a total of 8,000 hours of OJT and 792 class hours for successful completion of the program. Classes are held at The Advanced Technology College, 1770 Technology Boulevard, Daytona Beach, FL 32117 and OJT is scheduled at various places of employment.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate the ability to follow OSHA and the National Electrical Code.
2. Demonstrate proper usage of different tools, equipment, materials and electrical products used in the trade.
3. Demonstrate knowledge in all aspects of the industry including but not limited to theory, application, troubleshooting and safety.
4. Demonstrate skills in the residential, commercial and industrial markets.
5. Demonstrate the ability to develop and implement projects related to the field.

Note: The length of this program makes it ineligible for federal and state financial aid.

Additional Admission Requirements
THE ENTRY QUALIFICATIONS SHALL INCLUDE:
1. Potential apprentices must be 18 years of age or older at the time the application is completed with Mid-Florida Non-union Electrical Apprenticeship, GNJ.
2. Mid-Florida Non-union Electrical Apprenticeship and Training Committee must select first-year apprentices, before beginning the program. There web site is www.midfl-electricalgnj.com.
3. High school diploma or GED equivalency is required for admission into the program.
4. Valid driver's license.
5. Physically able to perform duties of trade.
6. May be required to take a drug test prior to employment.

DAYTONA STATE COLLEGE ADMISSIONS REQUIREMENTS:
1. Students who have been selected by the committee must be admitted to Daytona State College by completing the Daytona State College Application for Admissions. The College does charge a one-time, non-refundable assessment fee to all students, at the time of initial enrollment.
2. Students will be registered for apprenticeship classes and on-the-job training through the appropriate apprenticeship committee.

Careers
General foremen, project managers, estimators, safety specialists, training director or instructor, construction, electronics, journeyman electrician

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account, or email your Daytona State College Career Advisor.

Plumbers Apprentice - Union

Program Information
Apprenticeship - Code 1070 - Catalog 2017/2018
David Fitzgerald, Adjunct
Faculty, David.Fitzgerald@daytonastate.edu
Bridgette Cherry, 386-506-4165, Bridgette.Cherry@daytonastate.edu

Program Mission, Description, and Outcomes
Mission:
The mission of the Plumbing Apprentice - Union program is to provide the knowledge, practice and skill development necessary to become a successful journeyman Plumber.

Outcomes:
The Plumbers and Pipefitters Local Union #295 apprenticeship program is a state subsidized, five-year plumbing residential, commercial and industrial program. Apprentices begin with an OSHA safety course in which every passing student will be OSHA certified by a Daytona Beach Plumbers and Pipefitters Local Union #295 instructor. Students learn rules and regulations for the "craft" in the state of Florida. Courses include: math, drawing interpretation, welding, pipefitting, layout, rigging and signaling, tubing and instruction, basic air conditioning and refrigeration as well as use and care of tools. Apprentices receive extensive classroom and on-the-job training (OJT).

In most cases, a great deal of financial resources and energy are required to prepare for your career, but in a registered apprenticeship program, you are paid a progressively increased wage while you learn the occupation. The curriculum provides knowledge and skills training in all aspects of the plumbers and pipe fitters field. Apprentices are required to work a total of 10,000 hours of OJT and 1,230 class hours for successful completion of the program 5 year program. Classes are held at Daytona State College, Daytona Campus, 1200 West International Speedway Boulevard, Daytona Beach, FL 32114 and OJT is scheduled at various places of employment.

Description:
Graduates of the program will be able to:
1. Demonstrate the ability to follow rules, building codes, and all state and federal safety regulations.
2. Demonstrate proper usage of different tools, equipment, materials and products used in the trade.
3. Demonstrate knowledge in all aspects of the industry including but not limited to theory, application, troubleshooting and safety.
4. Demonstrate skills in the residential, commercial and industrial markets.
5. Demonstrate the ability to develop and implement projects related to the field.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs
Program Tuition and Fees: None
Other Cost: Contact Daytona Beach Plumbers and Pipefitters Union at 386-252-7429.

Additional Admission Requirements
THE ENTRY QUALIFICATIONS SHALL INCLUDE:
Applicants must apply and be accepted by the sponsor, the Daytona Beach Plumbers and Pipefitters Union #295 to be eligible for the program.

1. Potential apprentices must be 18 years of age or older at the time the application is completed at Daytona Beach Plumbers and Pipefitters Union Hall, 743 N. Beach Street, Daytona Beach, FL 32114.

2. Daytona Beach Plumbers and Pipefitters Union #295 Apprenticeship Committee must select first-year apprentices, before beginning the program. Please contact David Fitzgerald (Training Director of Daytona Beach Plumbers and Pipefitters Union #295 at 386-252-7429. Website for Daytona Beach Plumbers and
Pipefitters Union #295 Apprenticeship Committee is www.ua295.org.

3. High school diploma or GED equivalency is required for admission into the program. To be determined by Committee.

4. High school transcripts required. GED grades report required when applicable.

5. Valid driver's license and physically able to perform duties of trade.

6. One credit of high school algebra.

7. Take the industry's validated aptitude test and take a drug test prior to employment.

DAYTONA STATE COLLEGE ADMISSIONS REQUIREMENTS:

Students who have been selected by the committee must be admitted to Daytona State College by completing the Daytona State College Application for Admissions. The College does charge a one-time, non-refundable assessment fee to all students, at the time of initial enrollment.

Students will be registered for apprenticeship classes and on-the-job training through the appropriate apprenticeship committee.

Careers

The following information is required by federal regulations to be provided to all students for all vocational and certificate programs. Additional information on any career, job or salary potential can be found at www.onetonline.org.

The typical length of the program is five years and includes class time and paid on-the-job-training.

46.053 Plumbing Technology/ Plumber
47-2152.02 Plumbers Bright Outlook Green
47-2152.00 Plumbers, Pipefitters, and Steamfitters
47-3015.00 Helpers--Pipelayers, Plumbers, Pipefitters, and Steamfitters
49-9071.00 Maintenance and Repair Workers, General
47-4071.00 Septic Tank Servicers and Sewer Pipe Cleaners
47-2152.01 Pipe Fitters and Steamfitters

Program Mission, Description, and Outcomes

Mission:
To provide access for students to earn a quality baccalaureate education that aligns with the program outcomes to meet local business and industry management workforce needs. Students will broaden their knowledge in management skills, be creative thinkers in an applied business environment, practice behaviors in business that are centered in ethical and socially responsible relationships, and cultivate the entrepreneurial spirit that provides career choices and encourages life-long learning.

Description:
The Bachelor of Applied Science (BAS) in Supervision and Management Program prepares individuals for supervisory and management roles and positions. Associate degree programs have prepared these individuals to enter the job market at entry-level or mid-level positions. Upper-level coursework in the BAS program broadens their knowledge in applied management practices and prepares them for supervisory and management opportunities. The Bachelor of Applied Science (BAS) Program uses a 2+2 model requiring the completion of an associate degree or 60 transferable credits from a 4-year college or university for entry into the program.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate effective communications that integrate decision-making and analytical thinking skills.
2. Identify and apply management decision-making to include an appreciation for diversity, cultural awareness, and organizational behavior.
3. Apply human resource methods and concepts that are consistent with community, industry, and organizational standards, policies, and procedures.
4. Integrate effective and efficient management and behavioral principles for leading and managing resources.
5. Demonstrate the ability to apply legal and ethical decision-making in management situations.
6. Formulate and apply effective customer relations techniques and applications.
7. Demonstrate skill in managerial accounting concepts, analysis, and applications.
8. Integrate operational processes and information systems into a managerial-specific context.
9. Identify the strategic planning process to include development of an organizational mission statement with measurable goals, objectives, and activities.
10. Apply team processes, practices, and collaboration in a management-related context.
11. Manage a project from inception to successful conclusion using critical thinking, communication, problem solving, and decision-making.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements
• General Education Core - The state-mandated 36 hours of general education.
• Typically, graduates of A.S. degree programs transfer 15-18 credits of General Education Core. A.A. graduates will typically transfer the total 36 general education core requirements into the BAS program. A.A. graduates or those admitted with 60+ college credits will also require 18 hours in an occupational/technical concentration area, or other single area approved by the department chair (e.g., business or project management, etc.) in lieu of the additional general education required of the A.S. student. Please see an advisor for individual concentration area requirements.

Supervision and Management-Hospitality Concentration, B.A.S. Degree

Program Information

BAS Degree - Code 6001 - Catalog 2017/2018
Costa Magoulas, Dean, 386-506-3578, magoulc@daytonastate.edu
Lisa Allen, Administrative Specialist, 386-506-3946, allenl@DaytonaState.edu

Program Mission, Description, and Outcomes

Mission:
To provide access for students to earn a quality baccalaureate education that aligns with the program outcomes to meet local business and industry management workforce needs. Students will broaden their knowledge in management skills, be creative thinkers in an applied business environment, practice behaviors in business that are centered in ethical and socially responsible relationships, and cultivate the entrepreneurial spirit that provides career choices and encourages life-long learning.

Description:
The Bachelor of Applied Science (BAS) in Supervision and Management - Hospitality Concentration Program prepares individuals for supervisory and management roles and positions. Associate degree programs have prepared these individuals to enter the job market at entry-level or mid-level positions. Upper-level coursework in the BAS program broadens their knowledge in applied management practices and prepares them for supervisory and management opportunities. The BAS - Hospitality Concentration Program uses a 2+2 model requiring the completion of an associate degree or 60 transferable credits from a 4-year college or university for entry into the program.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate effective communications that integrate decision-making and analytical thinking skills.
2. Identify and apply management decision-making to include an appreciation for diversity, cultural awareness, and organizational behavior.
3. Apply human resource methods and concepts that are consistent with community, industry, and organizational standards, policies, and procedures.
4. Integrate effective and efficient management and behavioral principles for leading and managing resources.
5. Demonstrate the ability to apply legal and ethical decision-making in management situations.
6. Formulate and apply effective customer relations techniques and applications.
7. Demonstrate skill in managerial accounting concepts, analysis, and applications.
8. Integrate operational processes and information systems into a managerial-specific context.
9. Identify the strategic planning process to include development of an organizational mission statement with measurable goals, objectives, and activities.
10. Apply team processes, practices, and collaboration in a management-related context.
11. Manage a project from inception to successful conclusion using critical thinking, communication, problem solving, and decision-making.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

• General Education Core - The state-mandated 36 hours of general education.
• A.A. graduates will typically transfer the total 36 general education core requirements into the program.
• Graduates of A.S. degree programs typically transfer 15-18 credits of General Education Core. The remaining 18-21 credits must be earned prior to completion of the program.
• All students enrolled in this program will be required to take the hospitality concentration courses to satisfy the 18 credit hours of occupational/technical credits requirement. Please see an advisor prior to enrolling into the program.

Careers

On a national scale, projections for the hospitality, tourism, and culinary industries are extremely favorable. Ten year projections were analyzed from the US Bureau of Labor Statistics, including job outlooks and employment projections. Between 2012 and 2020, it is expected that the hospitality industry will add 17% in wage and salary employment. Wage and salaried positions specifically within foodservice and drinking establishments are projected to increase by 16%, as compared to 14% growth projects for wage and salary employment in all other combined industries. This shows that the hospitality, tourism, and culinary industries are growing faster than the overall national average.

Additionally, the hospitality, tourism, and culinary industries rank favorably on a state and local level. Hospitality ranks within the Top 15 Industries for both Fastest Growing Industries and Gaining the Most New Jobs within the State of Florida. It is projected that Volusia and Flagler Counties will experience an increase of 5-7%
in hospitality, tourism, and culinary jobs over the timeframe between 2012 and 2020.

It is projected that Volusia County will experience an increase of 3-5% in hospitality, tourism, and culinary jobs within the timeframe from 2012-2020. It should be noted that this projection was made prior to the announcement of several tourism projections within the local area. The industry ranks among the Top 5 for Occupations Gaining New Jobs in Daytona Beach/Volusia County and among the Top 20 for Fastest Growing Industries within the local community.

The Volusia County Lodging & Hospitality Association recently provided county figures for occupational wages and employment for the industries of accommodation and food services. General and Operations Managers within the hospitality industry in Volusia County averaged an hourly rate of $35.66/hour, or $74,173.52 annually. Sales Managers employed within the hospitality industry in Volusia County were averaged an hourly rate of $35.29/hour, or $73,409.88 annually. Foodservice Managers employed within the hospitality industry in Volusia County averaged an hourly rate of $26.23/hour, or $54,558.03 annually. Lodging Managers employed within the hospitality industry in Volusia County averaged an hourly rate of $34.09/hour, or $70,918.59 annually. Finally, Chefs and Head Cooks employed within the hospitality industry in Volusia County averaged an hourly rate of $26.73/hour, or $55,587.83.

BS Degree

Information Technology – BSIT, B.S.
Degree

Program Information
BS Degree - Code 6334 - Catalog 2017/2018
Ronald Eaglin, Chair, School of Engineering, 386-506-4176, eaglinr@daytonastate.edu
Jessica Matthews, 386-506-4138, mattheje@daytonastate.edu

Program Mission, Description, and Outcomes
Mission:
To prepare students for successful employment in the field of Information Technology through quality education and advisement.

Description:
The BSIT degree prepares graduates for technical positions in the fields of information systems management, information technology, network security, and digital forensics, and computer programming. Graduates of this program will have a broad understanding of processes that support the development, delivery and management, and security of information systems.

Program Educational Objectives:
The educational objectives of the BSET program are as follows.
1. Career: Graduates will have a broad understanding of the key principles and practices of engineering technology, the written and oral communications skills, and the ability to work with others to apply these skills and knowledge to the design, implementation, and maintenance of systems.
2. **Skills**: Graduates will have an understanding of the mathematical and scientific concepts that underlie engineering technology applications, will apply this understanding, and acquire new skills and knowledge necessary to analyze technology problems and develop suitable solutions.

3. **Professionalism and Ethics**: Graduates will have an understanding of the ethical, human, and social issues of their field and will be involved members of the local and global communities acting as responsible technical professionals.

4. **Life-Long Learning**: Graduates will be active contributors to their profession with a strong commitment to continuous individual and organizational improvement, effective communication, teamwork, quality, and timeliness.

**Program Outcomes**

Graduates of the program will be able to:

1. Demonstrate an ability to apply knowledge of computing and mathematics appropriate to the discipline.
2. Demonstrate an ability to analyze a problem, and identify and define the computing requirements appropriate to its solution.
3. Demonstrate an ability to design, implement, and evaluate a computer-based system, process, component, or program to meet desired needs.
4. Demonstrate an ability to function effectively on teams to accomplish a common goal.
5. Demonstrate an understanding of professional, ethical, legal, security and social issues and responsibilities.
6. Demonstrate an ability to communicate effectively with a range of audiences.
7. Demonstrate an ability to analyze the local and global impact of computing on individuals, organizations, and society.
8. Recognize the need for and an ability to engage in continuing professional development.
9. Demonstrate an ability to use current techniques, skills, and tools necessary for computing practice.
10. Demonstrate an ability to use and apply current technical concepts and practices in the core information technologies.
11. Demonstrate an ability to identify and analyze user needs and take them into account in the selection, creation, evaluation and administration of computer-based systems.
12. Demonstrate an ability to effectively integrate IT-based solutions into the user environment.
14. Demonstrate an ability to assist in the creation of an effective project plan.

The BSIT degree uses a 2 + 2 model requiring the completion of an associate’s degree (AA, AS) for admission into the program.

Students must have course work or an equivalent educational experience that covers the fundamental areas of:

1. Human computer interaction
2. Information management
3. Computer programming and software engineering
4. Computer network design and maintenance
5. Web systems and technologies
6. Information assurance and security
7. System administration and maintenance
8. System integration and architecture
9. Professional requirements of the IT profession

Note: This program is eligible for federal financial aid and state bright futures.

**Additional Admission Requirements**

1. Students must submit a separate application for admissions to the upper two years of this program.
2. Applicants for the BSIT degree must have earned an Associate of Science (AS), an Associate of Arts (AA) degree, or previous Bachelor of Science (BS) with an overall grade point average of 2.5 or higher.
3. Students with a grade point average between 2.0 and 2.49 may be admitted conditionally. AA graduates may be admitted to the program with the approval of the Chair of the program.
4. Applicants who have not earned an associate degree may be admitted to the BSIT if they have earned at least 60 transferrable college level credits with a grade of "C" or better in all core courses. Applicants in this category must otherwise meet all other requirements for admission which will be granted by approval of the Chair. Students gaining admission through greater than 60 hours must have completed a class in College Algebra (MAC 1105) or equivalent with a grade of C or better for admission.
5. Prior to graduation, students must complete a minimum of: a) 48 hours of approved upper level technical courses, b) 36 hours of general education course work and, c) 44 hours of approved lower level technical course work.
6. Students must have completed two years of the same foreign language in high school or two semesters of the same college level foreign language to graduate.
7. Specific to the graduation requirements of the program, students must complete a course in Statistics (STA2023)
and Calculus (MAC2311C) to fulfill the mathematics requirements of the program.

8. A course in Discrete Mathematics (MAD2104) or Discrete Analysis (COT3100 or COT3103) or equivalent should be completed either as a pre-requisite to the program or in the first semester of the program.

9. It is highly recommended that students considering the BSIT take 2 semesters of programming as part of their AA or AS program prior to starting the program. Recommended courses are COP1000 and second semester programming such as COP2001, COP2220, COP2360, or COP2800.

10. Students must complete 9 hours in an area of specialization. Students should refer to the Specializations for available options.

11. Students must complete the State mandated 36 hours of general education core prior to graduation: Communications - 9 hrs; Mathematics - 6 hrs; Natural Sciences - 6 hrs; Humanities - 6 hrs; Social Sciences - 6 hrs and an additional three (3) hours from any of the five categories.

**Careers**

Some associated careers are networking, security, computer systems, programming, systems design and maintenance and project management in information technology fields.

The bureau of labor statistics reported in 2014 the mean annual wages for the following information technology professions; network and computer systems administrators - $75,790; Database administrators - $80,280, computer programmer - $77,550, Information Security Analyst - $88,890

Results compiled from BLS - http://www.bls.gov/

Note: Sequence of courses may vary. Check catalog course descriptions (p. 327) for requisite requirements.

Notes
Students must have access to a personal computer to run software required for the program. Computers are available at all Daytona State College campuses. Students wishing to purchase a computer for the program should contact the program office to determine minimum computer specifications.

Education - Elementary Education, B.S. Degree

Program Information
BS Degree - Code 6221 - Catalog 2017/2018
Amy Ringue, Chair, Education, 386-506-3186, Amy.Ringue@daytonastate.edu
Alycia Ehlert, AVP, College of Arts & Sciences, 386-506-3769, Alycia.Ehlert@daytonastate.edu

Program Mission, Description, and Outcomes
Mission:
The Bachelor of Science in Elementary Education will provide ESOL and Reading infused instructional programs that will produce highly qualified, State certified teachers ready for entry in a K-6 environment. The fundamentals of the program embrace diversity, promote ethics in education, focus on student excellence and enhance teaching and learning through innovative instructional practices.

Description:
This State of Florida approved program fulfills the education courses, professional education competencies, and practical experience required to obtain a five-year Professional Educator's Certificate in Elementary Education. The program includes endorsements for Reading and ESOL.

Outcomes:
Graduates of the program will be able to:

1. Demonstrate mastery of the Florida Educator Accomplished Practices (FEAP) and Professional Education Competencies (PEC).
2. Demonstrate mastery of the English for Speakers of Other Languages (ESOL) Performance Standards and Subject Area Competencies and Skills for ESOL.
3. Demonstrate mastery of Reading Competencies 1-5.
4. Demonstrate mastery of the Subject Area Competencies (SAC) and Skills for Teacher Certification in Elementary Education K-6.
5. Attain additional Uniform Core Curriculum content.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements
1. Conferred Associate of Arts degree from a regionally accredited institution.
2. Cumulative GPA of 2.5 in all higher education classes.
3. Satisfactory completion of the General Knowledge (GK) Test portion of the Florida Teacher Certification Examination. Click here for more information or to register for the exam. Please contact the School of Education at 386-506-3770 for additional test preparation resources.
4. Volusia County Schools Volunteer clearance:
   Complete the Volunteer Online Application on the VCS Volunteer/Partnership Program's website at: Volusia County Schools Volunteer
   All students who are going to complete their field hours must complete the volunteer application by visiting the district website (access it through any computer or other electronic device) or to complete an application at the Raptor Kiosk (if available at the Volusia school site). Just click on the URL of choice and complete the application. On the third page of
Once submitted, the online application will be redirected to the VIPS Department for approval. The application will stay on a “hold” queue until the volunteer applicant has visited the Volusia County school of choice and has scanned an ID into the visitor module. Provided that the applicant clears the sexual predator/offender database performed by the Raptor System, then, the application will be approved and an email will be generated by the system that will inform the applicant of their volunteer status.

For questions, please contact Ashorda Foley (386-255-6475 x 38379).

For a list of disqualifying offenses view Florida Statute 1012.315. Please note, the offenses may prevent program completion and future employment in the field of education.

5. Bachelor of Science in Education Program application.
6. Grade of "C" or higher in the following pre-requisite classes: EDF1005, EEX2010, MAE2801.

**NOTES:**
1. Once accepted, students must enroll in and complete a mandatory orientation class (SLS3355L) in their first semester of enrollment.
2. Students who have not taken two years of the same foreign language in high school, will need to complete two semesters or 8 credit hours of the same foreign language at the college level to meet the state foreign language requirement to graduate.
3. Students must also complete the State mandated 36 hours of general education core prior to graduation:
   - Communications - 9 hrs;
   - Mathematics - 6 hrs;
   - Natural Sciences - 6 hrs;
   - Humanities - 6 hrs;
   - Social Science - 6 hrs;
   - and Cultural/Global Focus - 3hrs. Please see the General Education requirements for Associates of Arts Degree.
4. Students enrolled in the A.A. degree program prior to the 2017-18 catalog year can complete the common prerequisites of EDF1005, EDF2085, and EME2040 with a grade of "C" or higher.

Apply for Admission to BS Program

After completion of the first two years and receipt of AA degree, students must apply for admission into the Bachelor of Science in Elementary Education program and complete additional admission requirements. Additionally, students must earn a "C" or higher in all BS program courses and must maintain an overall GPA of 2.5 or higher throughout the duration of the program.

Year 3

1st Semester

SLS3355L Orientation to BS in Education Programs Lab 3
TSL3080 ESOL Issues and Strategies I 3
EDG4323 Professional Teaching Practices 3
LAE3414 Children's Literature 3
EDF4430 Classroom Assessment 3
RED3309 Early and Emergent Reading K-2 3

2nd Semester

SCE3310 Teaching Science in the Elementary School 3
RED4519 Diagnosis, Intervention in Reading 3
EDF4603 Critical Issues in Classroom Management, Ethics, Law and Safety 3
MAE4803 Mathematics Content for Elementary Grades 3
SSE3312 Teaching Social Studies 3

Year 4

1st Semester

LAE4314 Teaching Language Arts 3
TSL4081 ESOL Issues and Strategies II 3
RED4511 Intermediate Literacy, Reading and Thinking 3
EEX4070 Teaching Exceptional Students 3
MAE4326 How Children Learn Mathematics 3
RED4844 Reading Practicum 3

RED4844 is an intensive Reading Practicum that requires departmental consent prior to enrolling and is only offered in the B term of the spring and fall semesters.

2nd Semester

EDF4943 Student Internship 9
ESE4945  Internship Seminar  3

EDF4943 and ESE4945: Students are required to pass the Professional Education Test (PEd) and the Subject Area Exam (SAE) in Elementary Education K-6, in addition to completing all program courses to be eligible for enrollment in their Senior Internship. Depending upon the county of internship, students may need to be fingerprinted with a Level 2 background check, and/or may also need to complete a drug screening.

Note: Sequence of courses may vary. Check catalog course descriptions (p. 327) for requisite requirements.

Education - Exceptional Education, B.S. Degree

Program Information
BS Degree - Code 6222 - Catalog 2017/2018
Amy Ringue, Chair, Education, 386-506-3186, Amy.Ringue@daytonastate.edu
Alycia Ehlert, AVP, College of Arts & Sciences, 386-506-3769, Alycia.Ehlert@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The Bachelor of Science in Exceptional Student Education will provide ESOL and Reading infused instructional programs that will produce highly qualified, State certified teachers ready for entry in a K-12 environment. The fundamentals of the program embrace diversity, promote ethics in education, focus on student excellence and enhance teaching and learning through innovative instructional practices.

Description:
This State of Florida approved program fulfills the education courses, professional education competencies, and practical experience required to obtain a five-year Professional Educator's Certificate in Exceptional Student Education. The program includes endorsements for Reading and ESOL.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate mastery of the Florida Educator Accomplished Practices (FEAP) and Professional Education Competencies (PEC).
2. Demonstrate mastery of the English for Speakers of Other Languages (ESOL) Performance Standards and Subject Area Competencies and Skills for ESOL.
3. Demonstrate mastery of Reading Competencies 1-5.
4. Demonstrate mastery of the Subject Area Competencies (SAC) and Skills for Teacher Certification in Exceptional Student Education K-12.
5. Attain additional Uniform Core Curriculum content.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements
1. Conferred Associate of Arts degree from a regionally accredited institution.
2. Cumulative GPA of 2.5 in all higher education classes.
3. Satisfactory completion of the General Knowledge (GK) Test portion of the Florida Teacher Certification Examination. Click here for more information or to register for the exam.
4. Volusia County Schools Volunteer clearance:
   Complete the Volunteer Online Application on the VCS Volunteer/Partnership Program's website at: Volusia County Schools Volunteer
   All students who are going to complete their field hours must complete the volunteer application by visiting the district website (access it through any computer or other electronic device) or to complete an application at the Raptor Kiosk (if available at the Volusia school site). Just click on the URL of choice and complete the application. On the third page of the online application, be sure to check the following:
   a. In the 'Affiliations' column, the box marked 'other' and type in 'DSC Junior Intern'
   b. In the 'Organizations' column, the box marked 'Daytona State College'
   Once submitted, the online application will be redirected to the VIPS Department for approval. The application will stay on a "hold" queue until the volunteer applicant has visited the Volusia County school of choice and has scanned an ID into the visitor module. Provided that the applicant clears the sexual predator/offender database performed by the Raptor System, then, the application will be approved and an email will be generated by the system that will inform the applicant of their volunteer status.
   For questions, please contact Ashorda Foley (386-255-6475 x 38379).

5. Bachelor of Science in Education Program application.
6. Grade of "C" or higher in the following pre-requisite classes: EDF1005, EEX2010, and MAE2801.
NOTES:
1. Once accepted, students must enroll in and complete a mandatory orientation class (SLS3355L) in their first semester of enrollment.
2. Students who have not taken two years of the same foreign language in high school, will need to complete two semesters or 8 credit hours of the same foreign language at the college level to meet the state foreign language requirement to graduate.
3. Students must also complete the State mandated 36 hours of general education core prior to graduation: Communications - 9 hrs; Mathematics - 6 hrs; Natural Sciences - 6 hrs; Humanities - 6 hrs; Social Sciences - 6 hrs; and Cultural/Global Focus - 3hrs. Please see the General Education requirements for Associates of Arts Degree.
4. Students enrolled in the A.A. degree program prior to the 2017-18 catalog year can complete the common prerequisites of EDF1005, EDF2085, and EME2040 with a grade of "C" or higher.

**MAE2801** is not a requirement for admission into the Exceptional Student Education Program at Daytona State

**College**: however, this course is a prerequisite to the Bachelor's level class, MAE4326. It is recommended that this class be taken as part of the AA degree coursework.

**Apply for Admission to BS Program**

After completion of the first two years and receipt of AA degree, students must apply for admission into the Bachelor of Science in Exceptional Student Education program and complete additional admission requirements. Additionally, students must earn a "C" or higher in all BS program courses and must maintain an overall GPA of 2.5 or higher throughout the duration of the program.

**Year 3**

All EEX classes may not be offered in every semester. It is strongly recommended that the students work with an advisor within the School of Education to ensure appropriate scheduling of classes to stay on track toward graduation.

Education - Secondary Biology Education, B.S. Degree

Program Information

BS Degree - Code 6224 - Catalog 2017/2018
Amy Ringue, Chair, Education, 386-506-3186, Amy.Ringue@daytonastate.edu
Alycia Ehlert, AVP, College of Arts & Sciences, 386-506-3769, Alycia.Ehlert@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The Bachelor of Science in Secondary Biology Education will provide instructional programs that will produce highly qualified, State certified teachers ready for entry in a 6-12 environment. The fundamentals of the program embrace diversity, promote ethics in education, focus on student excellence and enhance teaching and learning through innovative instructional practices.

Description:
This State of Florida approved program fulfills the education courses, professional education competencies, and practical experience required to obtain a five-year Professional Educator's Certificate in Biology Education.

Outcomes:
Graduates of the program will be able:
1. Demonstrate mastery of the Florida Educator Accomplished Practices (FEAP) and Professional Education Competencies (PEC).
2. Demonstrate mastery of Reading Competencies 1-2.
3. Demonstrate mastery of the Subject Area Competencies (SAC) and Skills for Teacher Certification in Biology Education 6-12.
4. Attain additional Uniform Core Curriculum content.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

1. Conferred Associate of Arts degree from a regionally accredited institution.
2. Cumulative GPA of 2.5 in all higher education classes.
3. Satisfactory completion of the General Knowledge (GK) Test portion of the Florida Teacher Certification Examination. Click here for more information or to register for the exam.
4. Volusia County Schools Volunteer clearance:
   Complete the Volunteer Online Application on the VCS Volunteer/Partnership Program's website at: Volusia County Schools Volunteer
   All students who are going to complete their field hours must complete the volunteer application by visiting the district website (access it through any computer or other electronic device) or to complete an application at the Raptor Kiosk (if available at the Volusia school site). Just click on the URL of choice and complete the application. On the third page of the online application, be sure to check the following:
   a. In the 'Affiliations' column, the box marked 'other' and type in 'DSC Junior Intern'
   b. In the 'Organizations' column, the box marked 'Daytona State College'
   Once submitted, the online application will be re-directed to the VIPS Department for approval. The application will stay on a "hold" queue until the volunteer applicant has visited the Volusia County school of choice and has scanned an ID into the visitor module. Provided that the applicant clears the sexual predator/offender database performed by the Raptor System, then, the application will be approved and an email will be generated by the system that will inform the applicant of their volunteer status.
   For questions, please contact Ashorda Foley (386-255-6475 x 38379).

For a list of disqualifying offenses view Florida Statute 1012.315. Please note, the offenses may prevent program completion and future employment within the field of education.

5. Bachelor of Science in Education Program application.
6. Grade of "C" or higher in the following pre-requisite classes: EDF1005, EEX2010, MAC2311C (4 credits), BSC1010C (4 credits), BSC1011C (4 credits) and one of the following: CHM1045C (4 credits), PHY1053C (4 credits) or PHY2048C (4 credits).

**NOTES:**

1. Once accepted, students must enroll in and complete a mandatory orientation class (SLS3355L) in their first semester of enrollment.

2. Students who have not taken two years of the same foreign language in high school, will need to complete two semesters or 8 credit hours of the same foreign language at the college level to meet the state foreign language requirement to graduate.

3. Students must also complete the State mandated 36 hours of general education core prior to graduation: Communications - 9 hrs; Mathematics - 6 hrs; Natural Sciences - 6 hrs; Humanities - 6 hrs; Social Sciences - 6 hrs; and Cultural/Global Focus - 3hrs. Please see the General Education requirements for Associates of Arts Degree.

4. Students enrolled in the A.A. degree program prior to the 2017-18 catalog year can complete the common Education prerequisites of EDF1005, EDF2085, and EME2040 with a grade of "C" or higher.

**Sample Program of Study**

The courses listed in the first two years of the Sample Program of Study are recommendations. The Bachelor of Science in Secondary Biology Education is a 2+2 program and full admittance into the program cannot be granted until the completion of all prerequisite courses and special admission requirements.

MAC2311C, EDF2085: This course is a prerequisite for admission into the program. All prerequisite courses require a grade of "C" or higher.

Both CHM1045C (required) and CHM1046C (recommended) require a one credit lab component.

CHM1046C is not a requirement for admission into the Secondary Biology Education program at Daytona State College; however, this course is recommended as a part of the AA degree to enhance the overall science background of the secondary teacher.

Year 3

Select courses may not be offered in every semester. It is strongly recommended that students meet with an advisor within the College of Education to ensure appropriate scheduling of classes to stay on track toward graduation.

Apply for Admission to BS Program

After completion of the first two years and receipt of AA degree, students must apply for admission into the Bachelor of Science in Biology Education program and complete all other admission requirements. Additionally, students must earn a "C" or higher in all BS program courses and maintain a 2.5 GPA or higher throughout the duration of the program.

EDF4943 Student Internship 9
ESE4945 Internship Seminar 3

ESE4945 and EDF4943 (Student Internship/Seminar) are full term classes. Students are required to have passed the Professional Education Test (PED) and their Subject Area Exam (SAE) in Biology Education 6-12, in addition to completing all program courses prior to being eligible to enroll in their last semester of student teaching. Depending upon county of internship, students may need to be fingerprinted with a Level 2 background check, and/or may also need to complete a drug screening.

Note: Sequence of courses may vary. Check catalog course descriptions (p. 327) for requisite requirements.

Education - Secondary Chemistry Education, B.S. Degree

Program Information
BS Degree - Code 6226 - Catalog 2017/2018
Amy Ringue, Chair, Education, 386-506-3186, Amy.Ringue@daytonastate.edu
Alycia Ehlert, AVP, College of Arts & Sciences, 386-506-3769, Alycia.Ehlert@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The Bachelor of Science in Secondary Chemistry Education will provide the instructional programs that will produce highly qualified, State certified teachers ready for entry in a 6-12 environment. The fundamentals of the program embrace diversity, promote ethics in education, focus on student excellence and enhance teaching and learning through innovative instructional practices.

Description:
The State of Florida approved program fulfills the education courses, professional education competencies, and practical experience required to obtain a five-year Professional Educator's Certificate in Secondary Chemistry Education.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate mastery of the Florida Educator Accomplished Practices (FEAP) and Professional Education Competencies (PEC).
2. Demonstrate mastery of Reading Competencies 1-2.
3. Demonstrate mastery of the Subject Area Competencies (SAC) and Skills for Teacher Certification in Chemistry Education 6-12.
4. Attain additional Uniform Core Curriculum Content.

Additional Admission Requirements
1. Conferred Associate of Arts Degree from a regionally accredited institution.
2. Cumulative GPA of 2.5 in all higher education classes.
3. Satisfactory completion of the General Knowledge (GK) Test portion of the Florida Teacher Certification Examination. Click here for more information or to register for the exam.
4. Volusia County Schools Volunteer clearance:
   Complete the Volunteer Online Application on the VCS Volunteer/Partnership Program's website at: Volusia County Schools Volunteer
   All students who are going to complete their field hours must complete the volunteer application by visiting the district website (access it through any computer or other electronic device) or to complete an application at the Raptor Kiosk (if available at the Volusia school site). Just click on the URL of choice and complete the application. On the third page of the online application, be sure to check the following:
   a. In the 'Affiliations' column, the box marked 'other' and type in 'DSC Junior Intern'
   b. In the 'Organizations' column, the box marked 'Daytona State College'
   Once submitted, the online application will be redirected to the VIPS Department for approval. The application will stay on a "hold" queue until the volunteer applicant has visited the Volusia County school of choice and has scanned an ID into the visitor module. Provided that the applicant clears the sexual predator/offender database performed by the Raptor System, then, the application will be approved and an email will be generated by the system that will inform the applicant of their volunteer status.

5. Bachelor of Science in Education Program application.
6. Grade of "C" or higher in the following pre-requisite classes: EDF1005, EEX2010, MAC2311C (4 credits), CHM1045C (4 credits), CHM1046C (4 credits) and one of the following combinations: PHY2048C & PHY2049C OR PHY1053C & PHY1054C.

NOTES:
1. Once accepted, students must enroll in and complete a mandatory orientation class (SLS3355L) in their first semester of enrollment.

2. Students who have not taken two years of the same foreign language in high school, will need to complete two semesters of 8 credit hours of the same foreign language at the college level to meet the state foreign language requirement to graduate.

3. Students must also complete the State mandated 36 hours of general education core prior to graduation: Communications - 9 hrs; Mathematics - 6 hrs; Natural Sciences - 6 hrs; Humanities - 6 hrs; Social Sciences - 6 hrs; and Cultural/Global Focus - 3hrs. Please see the General Education requirements for Associates of Arts Degree.

4. Students enrolled in the A.A. degree program prior to the 2017-18 catalog year can complete the common Education prerequisites of EDF1005, EDF2085, and EME2040 with a grade of "C" or higher.

ESE4945 and EDF4943 (Student Internship/Seminar) are full term classes. Students are required to pass the Professional Education Test (PEd) and the Subject Area Exam (SAE) in Earth/Space Science 6-12, in addition to completing all program courses to be eligible for enrollment in their Senior Internship. Depending upon the county of internship, students may need to be fingerprinted with a Level 2 background check, and/or may also need to complete a drug screening.

Note: Sequence of courses may vary. Check catalog course descriptions (p. 327) for requisite requirements.

Education - Secondary Mathematics Education, B.S. Degree

Program Information

BS Degree - Code 6223 - Catalog 2017/2018
Amy Ringue, Chair, Education, 386-506-3186, Amy.Ringue@daytonastate.edu
Alycia Ehlert, AVP, College of Arts & Sciences, 386-506-3769, Alycia.Ehlert@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The Bachelor of Science in Secondary Mathematics Education will provide instructional programs that will produce highly qualified, State certified teachers ready for entry in a 6-12 environment. The fundamentals of the program embrace diversity, promote ethics in education, focus on student excellence and enhance teaching and learning through innovative instructional practices.

Description:
This State of Florida approved program fulfills the education courses, professional education competencies, and practical experience required to obtain a five-year Professional Educator’s Certificate in Mathematics Education.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate mastery of the Florida Educator Accomplished Practices (FEAP) and Professional Education Competencies (PEC).
2. Demonstrate mastery of Reading Competencies 1-2.
3. Demonstrate mastery of the Subject Area Competencies (SAC) and Skills for Teacher Certification in Mathematics Education 6-12.
4. Attain additional Uniform Core Curriculum content.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

1. Conferred Associate of Arts degree from a regionally accredited institution.
2. Cumulative GPA of 2.5 in all higher education classes.
3. Satisfactory completion of the General Knowledge (GK) Test portion of the Florida Teacher Certification Examination. Click here for more information or to register for the exam.
4. Volusia County Schools Volunteer clearance.

Complete the Volunteer Online Application on the VCS Volunteer/Partnership Program's website at: Volusia County Schools Volunteer

All students who are going to complete their field hours must complete the volunteer application by visiting the district website (access it through any computer or other electronic device) or to complete an application at the Raptor Kiosk (if available at the Volusia school site). Just click on the URL of choice and complete the application. On the third page of the online application, be sure to check the following:

a. In the 'Affiliations' column, the box marked 'other' and type in 'DSC Junior Intern'

b. In the 'Organizations' column, the box marked 'Daytona State College'

Once submitted, the online application will be redirected to the VIPS Department for approval. The application will stay on a "hold" queue until the volunteer applicant has visited the Volusia County school of choice and has scanned an ID into the visitor module. Provided that the applicant clears the sexual predator/offender database performed by the Raptor System, then, the application will be approved and an email will be generated by the system that will inform the applicant of their volunteer status.

For questions, please contact Ashorda Foley (386-255-6475 x 38379).

For a list of disqualifying offenses view Florida Statute 1012.315. Please note, the offenses may prevent program completion and future employment in the field of education.

5. Bachelor of Science in Education Program application
6. Grade of "C" or higher in the following pre-requisite classes: EDF1005, EEX2010, MAC2311C (4 credits),
MAC2312C (4 credits) and an additional 4 credit math elective (MAS, MTG, or MAC1114 and MAC1140).

**NOTES:**
1. Once accepted, students must enroll in and complete a mandatory orientation class (SLS3355L) in their first semester of enrollment.
2. Students who have not taken two years of the same foreign language in high school, will need to complete two semesters or 8 credit hours of the same foreign language at the college level to meet the state foreign language requirement to graduate.
3. Students must also complete the State mandated 36 hours of general education core prior to graduation: Communications - 9 hrs; Mathematics - 6 hrs; Natural Sciences - 6 hrs; Humanities - 6 hrs; Social Sciences - 6 hrs; and Cultural/Global Focus - 3hrs. Please see the General Education requirements for Associates of Arts Degree.
4. Students enrolled in the A.A. degree program prior to the 2017-18 catalog year can complete the common Education prerequisites of EDF1005, EDF2085, and EME2040 with a grade of "C" or higher.

MAC1140, EDF1005: This course is a prerequisite for admission into the program. All prerequisite courses require a grade of "C" or higher.

2nd Semester
ENC1102  Writing with Research  3
MAC1114  College Trigonometry  3
SYG2000  Introduction to Sociology  3
LIT2110  Masterpieces of World Literature I  3
EEX2010  Introduction to Special Education  3

MAC1114, EEX2010: This course is a prerequisite for admission into the program. All prerequisite courses require a grade of "C" or higher.

Year 2

1st Semester
SPC2608  Oral Communications/Research/Presentation Skills  3
MAC2311C  Calculus I and Lab  4
EDF2085  Introduction to Diversity for Educators  3
ECO2023  Principles of Microeconomics  3
OR  ECO2013  Principles of Macroeconomics  3
ARH1000  Art Appreciation  3
OR  MUL1010  Music Appreciation  3

MAC2311C, EDF2085: This course is a prerequisite for admission into the program. All prerequisite courses require a grade of "C" or higher.

2nd Semester
EDP2002  Educational Psychology  3
MAC2312C  Calculus II and Lab  4
CHM1025C  Introduction to Chemistry and Lab  4
HUN1201  Human Nutrition  3
OR  PET2084  Personal Health and Wellness  3

MAC2312C: This course is a prerequisite for admission into the program. All prerequisite courses require a grade of "C" or higher.

Apply for Admission to BS Program
After completion of the first two years and receipt of AA degree, students must apply for admission into the Bachelor of Science in Mathematics Education program and complete additional admission requirements.

Additionally, students must earn a "C" or higher in all BS program courses and must maintain an overall GPA of 2.5 or higher throughout the duration of the program.

Year 3
Select courses may not be offered in every semester. It is strongly recommended that students work with an advisor within the School of Education to ensure appropriate scheduling of classes to stay on track toward graduation.

1st Semester
SLS3355L  Orientation to BS in Education Programs Lab  3
EDG4323  Professional Teaching Practices  3
TSL3080  ESOL Issues and Strategies I  3

LAE4361 Strategies for Literacy for Middle/High Schools 3
SCE4360 Science Instructional Analysis 3
PHY2905 Directed Study in Physics 1

2nd Semester
EDF4943 Student Internship 9
ESE4945 Internship Seminar 3

ESE4945 and EDF4943 (Student Internship/Seminar) are full term classes. Students are required to pass the Professional Education Test (PEd) and the Subject Area Exam (SAE) in Physics Education 6-12, in addition to completing all program courses to be eligible for enrollment in their Senior Internship. Depending upon the county of internship, students may need to be fingerprinted with a Level 2 background check, and/or may also need to complete a drug screening.

Note: Sequence of courses may vary. Check catalog course descriptions (p. 327) for requisite requirements.

Engineering Technology (BSET), B.S. Degree

Program Information
BS Degree - Code 6331 - Catalog 2017/2018
Ronald Eaglin, Chair, School of Engineering, 386-506-4176, Ronald.Eaglin@daytonastate.edu
Jessica Matthews, 386-506-4138, Jessica.Matthews@daytonastate.edu

Program Mission, Description, and Outcomes
Mission:
To prepare students for successful employment in the field of Engineering Technology through quality education and advisement.

Description:
The Bachelors of Science in Engineering Technology prepares graduates for technical positions in the expanding fields of industrial operations, mechanical design, and construction design. The program has a strong commitment to maintain standards of excellence in content and to continuously upgrade curriculum to meet industry needs.

The Bachelors of Science in Engineering Technology uses a 2 + 2 model requiring the completion of an associates degree for entry into the program. The degree components are shown below.

Program Educational Objectives

The educational objectives of the BSET program are as follows.
1. Career: Graduates will have a broad understanding of the key principles and practices of engineering technology, the written and oral communications skills, and the ability to work with others to apply these skills and knowledge to the design, implementation, and maintenance of systems.
2. Skills: Graduates will have an understanding of the mathematical and scientific concepts that underlie engineering technology applications, will apply this understanding, and acquire new skills and knowledge necessary to analyze technology problems and develop suitable solutions.
3. Professionalism and Ethics: Graduates will have an understanding of the ethical, human, and social issues of their field and will be involved members of the local and global communities acting as responsible technical professionals.
4. Life-Long Learning: Graduates will be active contributors to their profession with a strong commitment to continuous individual and organizational improvement, effective communication, teamwork, quality, and timeliness.

Program Outcomes
Graduates of the program will be able to:
1. Demonstrate an ability to select and apply the knowledge, techniques, skills, and modern tools appropriate to the discipline.
2. Demonstrate an ability to select and apply knowledge of mathematics, science, engineering, and appropriate technology to engineering technology problems that require the application of principles and applied procedures or methodologies.
3. Demonstrate an ability to conduct standard tests and measurements; to conduct, analyze, and interpret experiments; and to apply experimental results to improve processes.
4. Demonstrate an ability to design systems, components, or processes for broadly-defined engineering technology problems appropriate to program educational objectives.
5. Demonstrate an ability to function effectively as a member or leader on a technical team.
6. Demonstrate an ability to identify, analyze, and solve broadly-defined engineering technology problems.
7. Demonstrate an ability to apply written, oral, and graphical communication in both technical and non-technical environments; and an ability to identify and use appropriate technical literature.
8. Demonstrate an understanding of the need for and an ability to engage in self-directed continuing professional development.
9. Demonstrate an understanding of and a commitment to address professional and ethical responsibilities including a respect for diversity.

10. Demonstrate a knowledge of the impact of engineering technology solutions in a societal and global context.

11. Display commitment to quality, timeliness, and continuous improvement.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

1. Students must submit a separate application for admissions to the upper two years of this program.

2. Applicants for the BSET must have earned an Associate of Science (AS), an Associate of Applied Science (AAS), an Associate of Arts (AA) degree, or previous Bachelor of Science (BS) with an overall grade point average of 2.5, or higher.

3. Students with a grade point average between 2.0 and 2.49 may be admitted conditionally. AA graduates may be admitted to the program with the approval of the Chair of the BSET program.

4. Applicants who have not earned an associate degree may be admitted to the BSET if they have earned at least 60 transferrable college level credits with a grade of "C" or better in all core courses. Applicants in this category must otherwise meet all other requirements for admission which will be granted by approval of the Chair. Students gaining admission through greater than 60 hours must have completed a class in College Algebra (MAC 1105) or equivalent with a grade of C or better for admission.

5. Prior to graduation, students must complete: a) at least 48 hours of approved upper level technical courses, b) 36 hours of general education course work and, c) 44 hours of approved lower level technical course work.

6. Students must have completed two years of the same foreign language in high school or two semesters of the same college level foreign language to graduate.

7. Specific to the graduation requirements of the BSET, students must complete a course in Computer Programming (e.g. COP2001, COP2220, COP2800, COP2360, or equivalent).

8. Students must complete the State mandated 36 hours of general education core prior to graduation: Communications - 9 hrs; Mathematics - 6 hrs; Natural Sciences - 6 hrs; Humanities - 6 hrs; Social Sciences - 6 hrs and an additional three (3) hours from any of the five categories.

9. Students should take the engineering technology applied mathematics sequence which consists of EGN2045 (Engineering and Technology Calculus I) and EGN3046 (Engineering and Technology Calculus II). Students may take MAC2311C or EGN2045 as a prerequisite for EGN3046, COP1000 or other programming language is also a prerequisite for EGN3046 as it includes MATLAB programming in the course.

10. Students intending to continue to a graduate program in Engineering or other technical majors may alternatively take the engineering math sequence which consists of MAC1140, MAC2311C, MAC2312C, and MAP2302. The prerequisite math classes for this sequence are MAC1114 and MAC1105. Students taking math through differential equations (MAP2302) may substitute the required EGN3046 (Engineering and Technology Calculus II) for an upper level technical elective.

11. Students that wish to continue to a graduate engineering program should complete the engineering core courses Statistics-EGN3311, Dynamics-EGN3321, Thermodynamics-EGN3343, Engineering Economics-EGN3613, and Principles of Electrical Engineering-EGN3373 in addition to math through differential equations (MAP2302) as noted in item 10.

Careers

Some associated careers are technical positions in the expanding fields of engineering and technology including but not limited to: systems engineer, process analyst, technical sales engineer, project engineer, field engineer, and calibration engineer.

The Bureau of Labor Statistics reported in 2013 that the annual salary for the median 50% of engineering technologists was between $59,440 and $90,560. Information on engineering technology careers (both 2 year and 4 year degrees) are available at http://www.bls.gov/oes/current/oes173029.htm#nat.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account, or email your Daytona State College Career Advisor.

### Notes

It may be necessary for the student to enroll in a developmental English, Math, or Reading course based upon college placement test scores. See an Academic Advisor to determine course requirements.

### Engineering Technology - Electrical Engineering Technology Concentration, B.S. Degree

#### Program Information

BS Degree - Code 6333 - Catalog 2017/2018  
Ronald Eaglin, Chair, School of Engineering, 386-506-4176, Ronald.Eaglin@daytonastate.edu  
Jessica Matthews, 386-506-4138, Jessica.Matthews@daytonastate.edu

#### Program Mission, Description, and Outcomes

**Mission:**
To prepare students for successful employment in the field of Engineering Technology and Electronics through quality education and advisement.

**Description:**
The program prepares graduates for technical positions in the expanding fields of electrical, digital, computers and microprocessors. The primary objective is to provide a broad foundation of theoretical and practical knowledge in the areas of electrical and electronics circuits, digital circuits, computers, power systems, programmable logic controllers, microprocessors, and control systems.

The program uses a 2 + 2 model requiring the completion of an associates degree for entry into the program. The degree components are below.

### Program Educational Objectives

The educational objectives of the BSET program are as follows.

1. **Career:** Graduates will have a broad understanding of the key principles and practices of engineering technology, the written and oral communications skills, and the ability to work with others to apply these skills and knowledge to the design, implementation, and maintenance of systems.

2. **Skills:** Graduates will have an understanding of the mathematical and scientific concepts that underlie engineering technology applications, will apply this understanding, and acquire new skills and knowledge necessary to analyze technology problems and develop suitable solutions.

3. **Professionalism and Ethics:** Graduates will have an understanding of the ethical, human, and social issues of their field and will be involved members of the local and global communities acting as responsible technical professionals.

4. **Life-Long Learning:** Graduates will be active contributors to their profession with a strong commitment to continuous individual and organizational improvement, effective communication, teamwork, quality, and timeliness.

### Program Outcomes

Graduates of the program will be able to:

1. Demonstrate an ability to select and apply the knowledge, techniques, skills, and modern tools of the discipline to broadly-defined engineering technology activities.

2. Demonstrate an ability to select and apply a knowledge of mathematics, science, engineering, and technology to engineering technology problems that require the application of principles and applied procedures or methodologies.

3. Demonstrate an ability to conduct standard tests and measurements; to conduct, analyze, and interpret
4. Demonstrate an ability to design systems, components, or processes for broadly-defined engineering technology problems appropriate to program educational objectives.

5. Demonstrate an ability to function effectively as a member or leader on a technical team.

6. Demonstrate an ability to identify, analyze, and solve broadly-defined engineering technology problems.

7. Demonstrate an ability to apply written, oral, and graphical communication in both technical and non-technical environments; and an ability to identify and use appropriate technical literature.

8. Demonstrate an understanding of the need for and an ability to engage in self-directed continuing professional development.

9. Demonstrate an understanding of and a commitment to address professional and ethical responsibilities including a respect for diversity.

10. Demonstrate a knowledge of the impact of engineering technology solutions in a societal and global context.

11. Display commitment to quality, timeliness, and continuous improvement.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

1. Students must submit a separate application for admissions to the upper two years of this program.

2. Applicants for the program must have earned an Associate of Science (AS), an Associate of Applied Science (AAS), an Associate of Arts (AA) degree, or previous Bachelor of Science (BS) with an overall grade point average of 2.5.

3. Students with a grade point average between 2.0 and 2.49 may be admitted conditionally. AA graduates may be admitted to the program with the approval of the Chair of the program.

4. Applicants who have not earned an associate degree may be admitted to the program if they have earned at least 60 transferable college level credits with a grade of "C" or better in all core courses. Applicants in this category must otherwise meet all other requirements for admission which will be granted by approval of the Chair. Students gaining admission through greater than 60 hours must have completed a class in College Algebra (MAC 1105) or equivalent with a grade of C or better for admission.

5. Prior to graduation, students must complete: a) at least 48 hours of approved upper level technical courses, b) 36 hours of general education course work and, c) 44 hours of approved lower level technical course work.

6. Students must have completed two years of the same foreign language in high school or two semesters of the same college level foreign language to graduate.

7. Specific to the graduation requirements of the program, students must complete a course in C language based Computer Programming (COP2001, COP2220, or equivalent).

8. Students must complete the State mandated 36 hours of general education core prior to graduation: Communications - 9 hrs; Mathematics - 6 hrs; Natural Sciences - 6 hrs; Humanities - 6 hrs; Social Sciences - 6 hrs and an additional three (3) hours from any of the five categories.

9. Students should take the engineering technology applied mathematics sequence which consists of EGN 2045 (Engineering and Technology Calculus I, 4 hours) and EGN3046 (Engineering and Technology Calculus II, 3 hours). Students may take MAC2311C or EGN2045 as a prerequisite for EGN 3046. COP 1000 or other programming language is also a prerequisite for EGN3046 as it includes MATLAB programming in the course.

10. Students intending to continue to a graduate program in Engineering or other technical majors may alternatively take the engineering math sequence which consists of MAC1140, MAC2311C, MAC2312C, and MAP2302C. The prerequisite math classes for this sequence are MAC1114 and MAC1105. With Department Chair approval, students completing this sequence may use MAP2302C (Differential Equations and Lab) to substitute the program-required course, EGN3046 (Engineering and Technology Calculus II). Also, some courses in the engineering math sequence are not required to complete the BSEET program and therefore, may not be eligible for financial aid assistance. For more details, contact the Office of Financial Aid Services, financialaid@DaytonaState.edu.

Careers

Some associated careers are technical positions in the expanding fields of electrical engineering, computers and microprocessors, and control systems.

The bureau of labor statistics reported in 2012 that the annual salary for the middle 50% of engineering technologists was between $ 57,850 and $ 83,120. Median salary information for 2013 for Electronics and Electrical Technicians are available at http://www.bls.gov/oes.

Nursing - BSN, B.S. Degree

Program Information

BS Degree - Code 6441 - Catalog 2017/2018
Linda Vought, Office Assistant, 386-506-3250, Linda.Vought@DaytonaState.edu
Judith Valloze, Assistant Chair, 386-506-3723, vallozj@daytonastate.edu
Maria Smith, 386-506-3069, maria.smith@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the school of nursing is to provide an innovative learning environment that promotes excellence in the field. Programs prepare students to exhibit professionalism, ethical behaviors, and competency in meeting the dynamic health care needs of individuals across the lifespan, amongst diverse cultures, and across healthcare continuums.

The mission of the registered nurse to Bachelor of Science in Nursing program is to offer a scholarly, comprehensive, innovative program that promotes excellence in nursing. The program offers opportunities for students to apply nursing knowledge to changing healthcare environments across the lifespan, amongst diverse cultures, and across healthcare continuums.

Description:
The registered nursing to Bachelor of Science in nursing (RN-BSN) program was developed for the new or working nurse interested in career advancement. The program offers a flexible schedule for the working adult. It is designed for nurses whose highest academic credential is a diploma or associate degree in nursing and possess a registered nursing license in Florida. It provides a seamless transition from the associate degree to the baccalaureate degree and prepares graduates for a broader scope of nursing practice.

Program Accreditation: The Bachelor of Science in Nursing program is accredited by the Accreditation Commission for Education in Nursing. Information about tuition, fees and program length also may be obtained from
the Accreditation Commission for Education in Nursing (ACEN) 3343 Peachtree Road, NE, Suite 850, Atlanta, Georgia, 30326 or call 404 975-5000.

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Outcomes:

Graduates of the Bachelor of Science in nursing program will be able to:
1. Plan care in accordance with management and leadership principles using evidence-based research for patients across the lifespan.
2. Synthesize knowledge of quality improvement and patient safety to improve patient-care outcomes.
3. Appraise empirical evidence derived from research to identify clinical problems, plan appropriate care, provide nursing interventions which are grounded in evidence, and evaluate the effectiveness of nursing care to patients across the lifespan.
4. Model interpersonal communication to effectively collaborate with members of the health care team while promoting optimal health care for all patients.
5. Examine safe, appropriate, evidence-based care based on health promotion, disease and injury prevention, to improve population health.
6. Integrate inherent values as defined by the ANA Code of Ethics, as a foundation to base nursing theory in practice in the role of the BSN.
7. Formulate plans of care which provide culturally sensitive, non-discriminatory care to individuals, groups and communities in today's global environment.
8. Integrate information management technology to improve patient outcomes.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Laboratory and Liability Insurance: $115
Textbooks: $1,000
Uniforms: $150
Laboratory Supplies: $50
Background Check/ Drug Screening/ Document Tracker: $120

Additional Admission Requirements

- Complete College Application and Submit Official Transcripts
- AS Nursing or Diploma in Nursing from Regionally Accredited Institution (Diploma must equate to Associate of Science Degree in Nursing)
- Unencumbered Florida Nursing License
- GPA 2.5 or higher
- Two letters of recommendation (one from current or prior employer)
- After acceptance into the program students will meet with advising to develop a curriculum plan.
- The program of study must be completed within a three year timeframe.
- Students will be held accountable for the policies and procedures of the nursing program as outlined in the nursing student policy handbook, as well as the college student handbook.
- General education, electives and program specific courses must be completed with a grade of 'C' or better.

***PRIOR to FIRST PRACTICUM

- Completion of health screening to include: recent physical examination; verification of immunization against influenza, tetanus, measles, mumps, rubella, varicella and Hepatitis 'B'; and PPD test for tuberculosis (or chest X-ray if indicated) is required prior to enrolling in courses with practicum requirements.
- Basic Cardiac Life Support (BLS) certification for healthcare providers to include adults, infant, children, and automatic external defibrillator (AED) affiliated with the American Heart Association or the American Red Cross is required prior to enrolling in courses with practicum requirements.
- Satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI) prior to enrolling in courses with practicum requirements.

Requirements for graduation from the Bachelor of Science in nursing (BSN) program are:

- Students must successfully complete 120 hours of college-level credit courses in the degree program, including the lower division associate degree, and the 48 hours of Bachelor of Science in nursing program.
- Students must successfully complete 36 hours of general education as established by Daytona State College for its Associate of Arts degree program.
- Students must complete the Humanities (6 credit) requirement as established by Daytona State College for its Associate of Arts degree program.
- Students must have completed the Florida foreign language requirement prior to the completion of the bachelor's degree. The requirement may be met by taking two years of the same foreign language in high
school or eight credits of the same foreign language in college.

- Students must complete 25 percent of the overall degree requirements, 25 percent of program-specific classes, and 25 percent of the upper-level program-specific credits at Daytona State College.
- Students must meet all other Daytona State graduation policies and deadlines.

EPI

Educator Preparation Institute

Program Information
EPI - Code 8008 - Catalog 2017/2018
Amy Ringue, Chair, Education, 386-506-3186, Amy.Ringue@daytonastate.edu
Alycia Ehlert, AVP, Education, 386-506-3769, Alycia.Ehlert@daytonastate.edu
Ana Blaine, EPI Ombudsperson, 386-506-3188, ana.blaine@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The Educator Preparation Institute will provide an alternate route to teacher certification for mid-career professionals and college graduates who are not education majors. The program will produce highly qualified, State certified teachers ready for entry in a variety of K-12 environments. The fundamentals of the program embrace diversity, promote ethics in education, focus on student excellence and enhance teaching and learning through innovative instructional practices.

Description:
This state of Florida approved program fulfills the education courses, professional education competencies, and practical experience required to obtain a five-year Professional Educator's Certificate in a specialized subject area. The program includes Reading Endorsement Competency 2.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate mastery of the Florida Educator Accomplished Practices (FEAP) and Professional Education Competencies (PEC).
2. Demonstrate mastery of the Subject Area Competencies (SAC) and Skills for Teacher Certification in a specialized subject area.
3. Demonstrate General Knowledge (GK).
4. Attain additional Uniform Core Curriculum content.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Program Tuition and Fees: $2,047.60*
Access Fee: $25.20 ($1.26 per credit)
Assessment Fee: $33
Lab Fees: $90

*In-state tuition only; out-of-state tuition will be higher.

Additional Admission Requirements
- Applicants must have earned a Baccalaureate degree from an accredited institution with an overall grade point average of 2.5. In addition, applicants must have volunteer clearance through Volusia County Schools. Please visit the following website for more information: Volusia County Schools Volunteer.
- Applicants must submit an application to Daytona State College Admissions as well as submit an EPI application to the School of Education. The EPI application includes a current resume and an Official Statement of Status of Eligibility with an eligible classification from the Florida Department of Education. Please visit the following website for more information: Florida Department of Education Teacher Certification.

SLS3355L - The purpose of SLS 3355L (No Credit) is to introduce students to the School of Education processes and overall expectations for disposition for teaching. Students will learn the use of the College's online assessment system (Livetext), how coursework relates to meeting the Florida Department of Education requirements for teacher certification, and how to ensure they remain a satisfactory candidate for graduation or program completion. This course requires the students to purchase access to the Livetext software program. This required course is offered in the FA and SP and must be completed prior to the start of the semester. Lab Fee: $90
EDG4323, EDF4430, RED3012 and TSL3080- Denotes 15-hour field experience requirement in a Volusia or Flagler County public school.

EDF4603 - Offered in Fall, Spring, or Summer.

EPI0940 - This course is the culminating program field experience and requires 30 hours of field experience in the public schools. This course may be offered in the FA or SP term. In addition to this course completion, students are required to pass the Professional Education Test (PEd), the Subject Area Exam (SAE), and General Knowledge Test of Skills (GKT) to be eligible for graduation.

**Subtotal:** **20**

**Vocational Certificate**

**Air Conditioning, Refrigeration and Heating Mechanic, Vocational Certificate**

**Program Information**

Vocational Certificate - Code 1054 - Catalog 2017/2018
Roger Raffaelo, Assistant Chair, 386-506-4174, raffaer@daytonastate.edu
Bridgette Cherry, 386-506-4165, cherryb@daytonastate.edu

**Program Mission, Description, and Outcomes**

**Mission:**

The mission of the Air Conditioning, Refrigeration and Heating Technician program is to provide the knowledge, practice and skill development necessary for a successful career in the air conditioning, refrigeration and heating industry. The program provides access to the vocational student with the latest technological equipment and methods. The program embraces diversity, equal access, and equal opportunity for training in the local, state HVAC market.

**Description:**

The program provides a solid foundation in the principles of air conditioning and refrigeration. Instruction is given by classroom demonstrations and laboratory experiments in refrigeration fundamentals; electricity and controls; and installing, operating, servicing and repairing air conditioning and refrigeration equipment. Students work on commercial refrigeration and air conditioning equipment, including heat pumps, ice machines, oil and gas systems. Students will design, construct, and evaluate refrigeration systems. State of the art, modern equipment with all of the commonly used refrigerants is available for students to gain "hands-on" experience. Students also receive related training in shop management and customer relations.

**Outcomes:**

Graduates of the program will be able to:
1. Demonstrate knowledge and ability to safely follow rules and regulations to industry standards.
2. Identify and use different tools, equipment, material and electrical products used in the industry.
3. Demonstrate proficiency in all aspects of the industry including but not limited to theory, application, troubleshooting and safety.
4. Demonstrate knowledge and skill in the residential, commercial and industrial markets.
5. Demonstrate the ability to plan, initiate, and estimate repairs and cost of projects in their field.

Note: This program is eligible for federal financial aid and state bright futures.

**Approximate Additional Costs**

Program Tuition and Fees: $2741* (Book costs are not included)
Access Fee: $45 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $308
Textbook Estimate: $300

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by visiting FAFSA at http://www.fafsa.gov. For more information on grants, loans and work programs available please visit the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

**Additional Admission Requirements**

- Must be able to lift 50 lbs.
- Must be able to climb a 12-foot ladder.

Students who do not have a standard high school diploma/GED may be eligible for admission, on an alternative basis, to this program if they meet the following criteria:
1. Take the Test of Adult Basic Education (TABE) which measures reading, English and math skills, and achieve specified minimum scores.
2. Meet with a counselor/advisor for placement test evaluation to receive advice on course selection and registration.
3. Students who do not have a standard high school diploma/GED cannot receive student financial aid.

**Careers**

CIP Code (6 digit): 47.0201

Students who complete certain combinations of courses within this program may qualify for one of the following jobs:
- Heating, A/C and Refrigeration Helper
- Heating, A/C and Refrigeration Mechanic Assistant,
- Heating, A/C and Refrigeration Mechanic

*Note: Most employers may require: Criminal Background Checks - Clean Driving Record - Compliance with Drug Free Work Place Testing

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on any career, job, or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of this program is three (3) semesters (45 weeks) for a full-time student, with 96% graduating within 3 semesters for 2014-15. The Florida Education and Training Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field at 75%.

47.0201 Heating, Air Conditioning, Ventilation and Refrigeration Maintenance Technology/Technician
49-9021.00 Heating, Air Conditioning, and Refrigeration Mechanics and Installers
49-9021.01 Heating and Air Conditioning Mechanics and Installers
49-9021.02 Refrigeration Mechanics and Installers

### Automotive Collision Repair and Refinishing, Vocational Certificate

#### Program Information

Vocational Certificate - Code 1097 - Catalog 2017/2018  
Eugene Deyo, Assistant Chair, 386-506-4169, deyoe@daytonastate.edu  
Bridgette Cherry, 386-506-4165, cherryb@daytonastate.edu

#### Program Mission, Description, and Outcomes

**Mission:**

The mission of the Automotive Collision Repair and Refinishing program is to provide the knowledge, practice and skill development necessary for a successful career in the automotive collision and repair industry. The program provides access to the vocational student with the latest technological equipment and methods. The program embraces diversity, equal access, and equal opportunity for training in the local, state manufacturing market.

**Description:**

As quickly as the body style of today's vehicles change, so do the skills and technology required to return vehicles to pre-accident condition. The Automotive Collision Repair and Refinishing Program at the ATC (Advanced Technology College) offers state-of-the-art training in collision repair and refinishing that will prepare students to repair today's complex vehicles. This program offers theory and hands-on-training including damage analysis, body repair and refinishing. The I-CAR enhanced delivery curriculum is used as a standard for classroom training that prepares students for I-CAR and ASE certification. Today's increasingly complex vehicle designs challenge students to develop and utilize the skills required to excel in this high demand job market.

The program accepts new students in the Spring, Fall or Summer. For course access and information go to http://www.daytonastate.edu/falconcentral. Access to a computer with high-speed internet connection is needed.

Program Accreditation: The Automotive Collision Repair and Refinishing Program is accredited by the National Automotive Technicians Education Foundation (NATEF).

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-
Graduates of the program will be able to:

1. Demonstrate knowledge and ability to safely follow rules and regulations to I-CAR standards.
2. Identify and use different tools, equipment, material and computerized products used in the industry.
3. Demonstrate proficiency in all aspects of the industry including but not limited to theory, application, troubleshooting and safety.
4. Demonstrate knowledge and skills of all aspects of collision repair and refinishing.
5. Demonstrate the ability to plan, initiate, and estimate repairs and cost of projects in automotive repair field of work.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Program Tuition and Fees: $2,961* (Book costs are not included)
Access Fee: $49 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $973

It is recommended that students purchase tools and uniforms as needed throughout the course of the program. The approximate cost is $300.

*In-state tuition only; out-of-state will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by visiting FAFSA at http://www.fafsa.gov. For more information on grant, loans and work programs available please visit the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements

Students who do not have a standard high school diploma/GED may be eligible for admission, on an alternative basis, to this program if they meet the following criteria:

1. Take the Test of Adult Basic Education (TABE) which measures reading, English and math skills, and achieve specified minimum scores.
2. Meet with a counselor/advisor for placement test evaluation to receive advice on course selection and registration.
3. Students who do not have a standard high school diploma/GED cannot receive student financial aid.

Automotive Service Technology, Vocational Certificate

Program Information

Vocational Certificate - Code 1201 - Catalog 2017/2018
Casey Knecht, Assistant Chair, 386-506-4178,
Bridgette Cherry, 386-506-4165,
cherryb@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Automotive Service Technology program is to provide the knowledge, practice and skill development necessary for a successful career in the automotive service industry. Through advanced teaching, learning and innovation we build strong ties to the community while emphasizing student success. By embracing excellence and diversity, and fostering innovation we enhance teaching and learning so that high quality educational opportunities are available to everyone.

Description:
The Automotive Service Technology program prepares the student to enter the rapidly changing and highly technical automotive industry and prepares the student to be successful on Automotive Service Excellence (ASE) tests A1 through A8. The entire program is 1800 hours and may be completed in two years. The courses are offered during the day and evening at the Advanced Technology College. The program is divided into nine occupational completion points or courses.

Program Accreditation: The Automotive Service Technology Program is accredited by the National Automotive Technicians Education Foundation (NATEF).

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate appropriate mathematical and scientific employability and communication skills by written or hands-on assessment.
2. Safely and competently perform industry light line service procedures as described in Florida Automotive OCP-A.
3. Diagnose, service, and repair automotive braking, steering and suspension, and drivability performance systems.
4. Diagnose, service, and repair automotive electrical and electronic systems.
5. Diagnose, service, and repair automotive heating and air conditioning systems.
6. Diagnose, service, and repair automotive manual and automatic transmissions, rear axles, and transaxles.
7. Diagnose, service, and repair automotive engines.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Program Tuition and Fees: $4,934* (Books/Electronic Software are not included)
Access Fee: $81 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $559
Textbook Estimate: $300

Students will be required to purchase uniforms and safety glasses throughout the course of this program. Consult the assistant chair for additional costs.

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by visiting FAFSA at http://www.fafsa.gov. For more information on grants, loans and work programs available please visit the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements

Baking and Pastry, Vocational Certificate

**Program Information**

Vocational Certificate - Code 1034 - Catalog 2017/2018
Costa Magoulas, Dean, 386-506-3578, Costa.Magoulas@daytonastate.edu
Lisa Allen, Program Advisor, 386-506-3946, Lisa.Allen@daytonastate.edu

**Program Mission, Description, and Outcomes**

**Mission:**

The Baking and Pastry Program at Daytona State College is committed to providing a quality education incorporating both theory and practice in order to prepare professionally responsible and capable individuals who will demonstrate value to employers within the hospitality industry. Additionally, our mission is to provide the hospitality industry with leaders who will make meaningful contributions to both the industry and their communities.

**Description:**

This program will prepare students for employment in the retail and wholesale bakery segment of the food service industry. This program is designed to teach students specific skills in the techniques and methods of planning, and production of baked goods. Students will learn industry standards of quality and quantity. An additional bonus for students in the Culinary Management AS program, if they choose to complete the Baking & Pastry Certificate, is the increased marketability of this additional skill set.

**Outcomes:**

Graduates of the program will be able to:
1. Prepare students to enter into entry-level positions within the wholesale and/or retail bakery segment within the foodservice industry.
2. Meet the needs of all students, traditional and non-traditional, by providing a curriculum that not only addresses industry needs, but supports the students' growth within the college community.
3. Provide students with an educational environment that encourages critical thinking and problem solving and encourages active learning to take place.
4. Promote ethical decision making through conscientious action toward peers, the college, the community, environmental issues and multicultural understanding.
5. Create an atmosphere that fosters student retention and encourages progress towards completion of their certification.

Note: This program is eligible for federal financial aid and state bright futures.

**Approximate Additional Costs**

Program Tuition and Fees: $1,645*
Access Fee: $25 ($1.26 per credit)
Assessment Fee: $33
Lab Fees: $1,200
Textbook Estimate: $285
Uniform: $150
Pastry Kit: $270

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grants, loans and work programs available please see the Office of Financial Aid webpage at...
Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements

Students who do not have a standard high school diploma/GED may be eligible for admission, on an alternative basis, to this program if they meet the following criteria:

Barbering, Vocational Certificate

Program Information

Vocational Certificate - Code 1204 - Catalog 2017/2018
Harriett Gay, Chair, 386-506-4452, gayh@daytonastate.edu
April Winkel, Faculty, New Smyrna Beach, 386-423-6320,

Program Mission, Description, and Outcomes

Mission:
Daytona State College will develop and encourage future leaders in the barbering industry. We shall develop their skills and critical thinking abilities, enhancing knowledge of innovations in the industry.

Description:
This program is comprised of 1200 hours of instruction consisting of both theoretical and practical training. Students will practice on mannequins and clients of the barbering program to develop and refine the skills used and taught in the barber class. Instruction is given in the fundamental knowledge behind the skill. Upon completion of the barber program requirements, a certificate will be awarded and graduates are eligible to take the State Licensure Board Examination for a Barber Stylist License.

Outcomes:
Graduates of the program will be able to:
1. Complete all skills and techniques as required by State Board in the following categories: FL Law, Hair Structure and Chemistry, Haircutting and Styling, Shampooing, Chemical Procedures, Shaving, Beard and Mustache Trimming.
2. Demonstrate in a classroom setting, the theory and skill based training for safe and efficient work practices based on Occupational Safety and Health Administration (OSHA) standards and the Department of Business and Professional Regulations.
3. Develop a professional image, business standards and employability skills to satisfy a diverse population.
4. Apply critical thinking skills to solve problems that may arise in the barbering industry.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Program Tuition and Fees: $3,290*
Access Fee: $54 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $836
Textbook (new): $275

Students may purchase other supplies ranging in price from $350 to $450 depending on brand selection and items purchased.

*In-state tuition only: out-of-state tuition will be higher.

Additional Admission Requirements

Students who do not have a standard high school diploma/GED may be eligible for admission, on an alternative basis, to this program if they meet the following criteria:
1. Take the Test of Adult Basic Education (TABE) which measures Reading, English and Math skills, and achieve specified minimum scores.
2. Meet with a counselor/advisor for placement test evaluation to receive advice on course selection and registration.
3. Students who do not have a standard high school diploma/GED cannot receive student financial aid.

Building Trades and Construction Design Technology, Vocational Certificate

Program Information

Vocational Certificate - Code 1209 - Catalog 2017/2018
Frank Snyder, Faculty, 386-506-4205, Frank.Snyder@daytonastate.edu
Bridgette Cherry, Administration Specialist, 386-506-4165, Bridgette.Cherry@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The Building Trades and Construction Design Technology program provides students with the knowledge and skills necessary to be successful in the construction industry. The program embraces diversity and uses innovative teaching and learning practices to engage students and the community in preparing the workforce of the future.

Description:
The purpose of this program is to provide the student with basic construction skills including but not limited to applying construction techniques, reading blueprints and specifications and developing trade skills in carpentry, masonry, electricity, plumbing and air conditioning. The student will have the opportunity to earn industry credentials from the National Center for Construction Education and Research (NCCER).

The program is 2 semesters and 750 clock hours. Program completers are prepared for entry-level employment in a variety of construction related fields.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate an understanding of the construction industry and related occupations including but not limited to OSHA safety practices, selection and use of basic hand and power tools, and understanding of construction related documents.
2. Apply rough and finish carpentry, masonry, electrical, plumbing and air conditioning skills.
3. Develop employability and entrepreneurship skills.
4. Demonstrate the ability to plan and implement projects within the construction field.

Note: Financial aid eligibility for this program is pending.

Approximate Additional Costs

Program Tuition and Fees: $2,056*
Access Fee: $32 ($1.26 per credit)
Assessment Fee: $333

*In-state tuition only; out-of-state will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by visiting FAFSA at http://www.fafsa.gov. For more information on grants, loans and work programs available please visit the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Correctional Officer Recruit Training
(Limited Access Program), Vocational Certificate

Program Information
Vocational Certificate - Code 1150/1050 - Catalog 2017/2018
Sheila Ellison, Assistant Chair, 386-506-4113, Sheila.Ellison@daytonastate.edu
Louie Mercer, Director, 386-506-4201, Louie.Mercer@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Basic Corrections Officer Recruit Program is to provide quality job training for students in this discipline, emphasizing student success, embracing excellence and diversity, and fostering innovation to enhance teaching and learning.

Description:
The program is designed for the student who intends to become a correctional officer. Students learn the tasks, duties and responsibilities of a correctional officer. Florida statute requires this certificate of completion for certification as a correctional officer. Job title: Correctional Officer.

This program is certified by the Criminal Justice Standards and Training Commission, Florida Department of Law Enforcement.

Graduates of the program are eligible to take the Florida Department of Law Enforcement Examination for Correctional Certification/Employment.

Outcomes:
Graduates of the program will be able to:
1. Exhibit effective communication within the field of Corrections in the State of Florida.
2. Demonstrate professional behaviors consistent with the expectations for the field of Corrections in the State of Florida.
3. Demonstrate safe practices within the field of Corrections in the State of Florida.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs
Program Tuition and Fees: $1,151*
Access Fee: $18 ($1.26 per credit)
Assessment Fee: $33 (First Semester Only)
Lab Fees: $325
Physical Exam: $150 to $250
Textbooks/Equipment/Uniforms: $300
State Exam: $100

*In-state tuition only: out-of-state tuition will be higher.

Additional Admission Requirements
• Complete a Criminal Justice Training Center Application for continuing enrollment.
• Completion of the Basic Abilities Test (CJBAT) and score a minimum of 70%.
• Must attend the Criminal Justice Training Center Orientation.
• Satisfactory results of a Florida Department of Law Enforcement background check.
• Must be able to meet minimum standards for the Florida Department of Law Enforcement as set forth in Florida Statute 943.
• Be at least 19 years of age prior to graduation of program.
• Be a citizen of the United States.
• High School Diploma or GED.
• Not have been convicted of any felony, or of a misdemeanor involving perjury or false statement.
• Any person who after July 1, 1981, pleads guilty or nolo-contendere to, or is found guilty of a felony or of a misdemeanor involving perjury or false statement shall not be eligible for employment or appointment as an officer, notwithstanding suspension of sentence or withholding of adjudication.
• Never have received a dishonorable discharge from any of the Armed Forces of the United States.
• Be of good moral character.
• Currently possess a valid Driver's License.
• Must be able to pass a physical examination by a licensed physician to include an EKG and drug screen.
• Students will be held accountable for the policy and procedures of the Criminal Justice Training Center Program as outlined in the CJTC student policy/rule book, as well as the college student handbook.
• Students will be required to wear uniforms.

Cosmetology, Vocational Certificate

Program Information

Vocational Certificate - Code 1084 - Catalog 2017/2018
Harriett Gay, Chair, Daytona Campus, 386-506-4452, Harriett.Gay@daytonastate.edu
Krissy Blackwelder, Deltona Campus, 386-506-7346, Krissy.Blackwelder@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the cosmetology program is to prepare students for a career in the field of hair, skin and nails through the fundamental concepts and techniques. We encourage our students to develop their creative potential to be successful in their chosen field.

Description:
The program provides the student with the technical knowledge and skills necessary for entry-level employment in the cosmetology field. The curriculum incorporates the industry's most advanced training and educational systems. Students learn state of the art techniques for cutting, styling, creative hair coloring, skin care treatment and much more. Specialized classroom activities include intensive studies of cosmetology law, ethics, cosmetic chemistry, hair styling, manicure/pedicure, salon management and other information related to the occupation. Skill and technical knowledge are acquired through planned, supervised lab activities. Students use hair mannequins to perform initial exercises and perform cosmetic services upon clients in the college salon.

Outcomes:
Graduates of the program will be able to:
1. Master and complete all skills required by the State Board of Cosmetology.
2. Demonstrate in a classroom setting, the theory and skill based training for safe and efficient work practices based on OSHA and the Department of Business and Professional Regulations.
3. Master all skills in hair, skin and nails.
4. Apply critical thinking skills to solve problems that may arise in the cosmetology industry.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Program Tuition and Fees: $3,290*
Access Fee: $54 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $876
Textbook (new): $275

Students may purchase other supplies ranging in price from $350 to $450 depending on brand selection and items purchased.

*In-state tuition only: out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work program available please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester.
For more information see:
http://www.daytonastate.edu/scholarships.

**Additional Admission Requirements**

Students who do not have a standard high school diploma/GED may be eligible for admission, on an alternative basis, to this program if they meet the following criteria:

1. Take the Test of Adult Basic Education (TABE) which measures reading, English and math skills, and achieve specified minimum scores.
2. Meet with a counselor/advisor for placement test evaluation to receive advice on course selection and registration.
3. Students who do not have a standard high school diploma/GED cannot receive student financial aid.

**Careers**

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on the any career, job, or salary potential can be found at http://www.onetonline.org.

**Major 1084: Cosmetology**

CIP Code (6 digit): 12.0401

Program Length: The typical length of this program is one (1) year/three (3) semesters (40 weeks) for a full-time student, with 98% graduating within 1 year/3 semesters for 2014-15. The Florida Education and Training Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field at 43%.

Customer Service Representative, Vocational Certificate

Program Information

Vocational Certificate - Code 1203 - Catalog 2017/2018
Matthew Davids, Department Chairperson, 386-506-3410, davidsm@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Customer Service Representative Program is for students to learn appropriate customer service skills to meet the needs of the business community. The program's philosophy is to promote a positive service culture whereby the customer service representative acts in a professional, ethical, and courteous manner, and uses the appropriate tools and communication skills to satisfy the customer.

Description:
The program prepares students for entry-level employment in customer service occupations. The content includes interpersonal skills, customer service and selling concepts, math, keyboarding, communication skills and employability skills.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate communication skills necessary for success in customer service.
2. Identify strategies for promoting a positive service culture.
3. Perform information gathering activities using appropriate business software.
4. Use technology to enhance service delivery capabilities.
5. Describe effective strategies for working with difficult customers.
6. Choose appropriate customer service skills for the specific line of business.

Note: The length of this program makes it ineligible for federal and state financial aid.

Additional Admission Requirements

Students who do not have a standard high school diploma/GED may be eligible for admission, on an alternative basis, to this program if they meet the following criteria:
1. Take the Test of Adult Basic Education (TABE) which measures reading, English and math skills, and achieve specified minimum scores.
2. Meet with a counselor/advisor for placement test evaluation to receive advice on course selection and registration.

Dental Assisting (Limited Access Program), Vocational Certificate

Program Information

Vocational Certificate - Code 1148/1048 - Catalog 2017/2018
Leslie Fehl, Assistant Chair, 386-506-3758, Leslie.Fehl@daytonastate.edu
Pamela Ridilla, Chairperson, 386-785-2093, Pamela.Ridilla@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Dental Assisting Program is the development of professional, ethical, and competent members of the oral health team who provide quality, patient-centered care to diverse population groups in a variety of health care settings. The Dental Assisting Program is committed to excellence in teaching and learning, emphasizing student success.

Description:
This program teaches students to pass and receive dental instruments; obtain and analyze dental radiographic images; provide oral health care instructions; mix various dental materials; maintain patient records and order supplies; manage recare maintenance systems; prepare instruments for sterilization; and acquire knowledge of infection control practices. Dental assistants are professional members of the dental health team who can perform minor laboratory and basic business office procedures. Upon completion of the program, students earn the Expanded Functions Dental Assistant (E.F.D.A.) credential required by the state of Florida and are eligible to take the Dental Assisting National Board examination to obtain certification as a Certified Dental Assistant (CDA).

Program Accreditation: The Dental Assisting Program is accredited by the Commission on Dental Accreditation, a specialized accrediting body recognized by the United States Department of Education. The Commission can be contacted at (312) 440-4653 or at 211 East Chicago Avenue, Chicago, IL 60611.

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Outcomes:
Graduates of the program will be able to:
1. Apply the principles of four-handed dentistry during collection of diagnostic data and chairside procedures.
2. Perform a variety of clinical supportive treatments.
3. Demonstrate basic business office procedures.
4. Obtain and analyze diagnostically acceptable digital radiographic images on a variety of patients while executing radiation safety measures.
5. Manage asepsis utilizing infection and hazard control protocols consistent with published professional guidelines.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Program Tuition and Fees: $4,107*
Access Fee: $44 ($1.26 per credit)
Assessment Fee: $33
Lab Fees (including liability insurance): $299
Textbooks: $1,035
Uniforms and Lab Supplies: $529
American Dental Assistants Association Student Membership: $45
Class Pin and Composite Picture: $70
Dental Assisting National Board Examination: $425
Health Screening and Immunizations (depends on applicant's health care provider): $275
Basic Life Support Certification: $50
Florida Department of Law Enforcement/Federal Bureau of Investigation Background Check: $90

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work program available please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements
• This is a Limited Access Program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the two required courses listed below.
• High school diploma or equivalent (GED).
• Score on the placement test for vocational certification programs (TABE) indicating reading, language, and math skills at a 10th grade level or higher. Applicants starting in a Florida Public high school in 2003 or after and graduating from a Florida public high school with a standard high school diploma and active duty military are exempt from any placement testing. Contact an Academic Advisor for assistance.
• Completion of the following courses with a grade of "C" or better is required before submitting an application for continuing enrollment: DEA0000 Introduction to Dental Assisting (online course offered during Fall B and Spring A sessions only) and SLS1122 Managing Your Success. Also, completion of a minimum of eight (8) observation hours in a dental facility is required before submitting an application for continuing enrollment.
• Cumulative grade point average of 2.0 or better to apply for continuing enrollment.
• Recommend taking a course in basic computer skills, medical terminology, as well as general biology or anatomy and physiology before entering the program (if these courses were not taken previously in high school).
• Submit completed School of Dental Science application for continuing enrollment to the Academic Advisor in the College of Health and Public Services.
• Students are approved for continuing enrollment based on specific admission criteria.
• Applicants with higher cumulative GPAs and successful completion of all prerequisite and corequisite courses will be considered more favorably for continuing enrollment.
• Completion of health screening to include: recent physical examination; verification of immunization against tetanus-diphtheria, measles, mumps, rubella, and Hepatitis B; and negative test for tuberculosis is required prior to enrolling in program specific courses.
• Basic Life Support (BLS) certification for the Health Care Provider to include adults, infant, children, and automatic external defibrillator (AED); through the American Heart Association or the American Red Cross is required prior to enrolling in program specific courses.
• Admission into the program will be contingent on the satisfactory completion of both a drug screen and background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI). This must be completed prior to the first day of program specific classes.
• All program prerequisite, general education and dental assisting courses must be completed with a grade of "C" or better.
• OST1330 Business English is an acceptable prerequisite course for SPC2608 Oral Communication/Research/Presentation Skills and INP1390 Human Relations in the Workplace for this program.
• ENC1101 Introduction to Composition may be substituted for OST1330 Business English. PSY1012 General Psychology may be substituted for INP1390 Human Relations in the Workplace for this program.
• Students will be held accountable for the policy and procedures of the Dental Assisting Program as outlined in the Dental Assisting Student Policy Handbook as well as the College Student Handbook. Careers

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on any career, job, or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of this program is three (3) semesters (36 weeks) for a full-time student, with 100% graduating within 3 semesters for 2014-15. The Florida Education and Training Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field at 80%.

For additional career information, please see: http://www.onetonline.org/link/summary/31-9091.00

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account, or email your Daytona State College Career Advisor.

Fire Fighter (Limited Access Program), Vocational Certificate

Program Information

Vocational Certificate - Code 1156/1056 - Catalog 2017/2018
David McCallister, Assistant Chair, 386-506-4177, David.McCallister@daytonastate.edu
Louie Mercer, Director, 386-506-4201, Louie.Mercer@daytonastate.edu

Program Mission, Description, and Outcomes

Program Mission:
The mission of the Fire Fighter program is to provide quality job training for students in this discipline, emphasizing student success, embracing excellence and diversity, and fostering innovation to enhance teaching and learning.

Description:
This program prepares students with the fundamental knowledge and skills necessary to safely and dependably perform fire-rescue duties during emergency and non-emergency response situations. Students learn the tasks, duties, and responsibilities of a firefighter in accordance with NFPA Standard 1001 and Florida State Statute 633. This program is a contiguous program, in which Firefighter I and Firefighter II are offered in a series. Students desiring to obtain a State of Florida Certificate of Compliance (Firefighter II) must successfully complete the entire series (398 contiguous hours). They may then participate in the written and practical examinations administered by the state. This certification is required for employment as a firefighter. Job titles: Volunteer Firefighter, Career Firefighter.

The Fire Fighter vocational certificate program is certified through the Florida State Fire College.

Outcomes:
Graduates of the program will be able to:
1. Exhibit effective communication within the Fire Fighting field
2. Demonstrate professional behaviors consistent with the expectations for an entry level Fire Fighter
3. Demonstrate safe practices within the Fire Fighting profession

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Program Tuition and Fees: $1,091*
Access Fee: $17 ($1.26 per credit)
Assessment Fee: $33
Lab Fees: FFP0010 - $299 (includes liability insurance); FFP0020 - $275
First Responder (if applicable): $150
Fire in the Field DVD: $75
Uniforms, Books and Supplies: $300
Personal Protective Equipment/Bunker Gear Rental: $700
Physical Examination: $120
State Application/Fingerprint Fee: $90

*In-state tuition only; out-of-state tuition will be higher.

Additional Admission Requirements

• Must apply for admission to Daytona State College.
• Must take TABE - students need one attempt of test (minimum of 8.0 in each of the three sections) to enter the course and must have 10.0 in each section to exit the course. Applicants graduating from a Florida public high school with a standard high school diploma from 2007 to present or active duty military are exempt from any placement testing.
• Must complete fire academy application - available in Fire Science Department office in March for June (Summer) class, in June for August (Fall) class, and in October for January (Spring) class.
• Must have a physical examination.
• Must successfully complete a state-mandated criminal background check.
• Must be 18 years of age before completion of the course.
• Must have a standard high school diploma or a GED.
• Must not currently be on probation.
• Must not have been convicted of a misdemeanor related to certification or to perjury or false statement, or of a felony, or of a crime punishable by imprisonment of one year or more.
• Must not have a dishonorable discharge from any branch of the US Armed Forces.
• Must complete a physical skills assessment (Agility Test) prior to acceptance into the course.
• Must complete the Fire Academy Orientation.
• Must order classroom uniforms, rent firefighter bunker gear, purchase textbooks and classroom supplies/materials.
• Must register for the course and pay tuition and lab fees.
• Must follow the rules and regulations outlined in the course Student Handbook, as well as those of the Daytona State College Student Handbook.
• Must not have used tobacco products (cigarettes, snuff, chewing tobacco, etc.) for one year prior to registering for the course.

Florida Law Enforcement Academy (Limited Access Program), Vocational Certificate

Program Information
Vocational Certificate - Code 1151/1051 - Catalog 2017/2018
Patricia Lane, Senior Staff Assistant, 386-506-4202, Patricia.Lane@daytonastate.edu
Sheila Ellison, Assistant Chair, 386-506-4113, Sheila.Ellison@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Florida Law Enforcement Academy Program is to provide quality job training for students in this discipline, emphasizing student success, embracing excellence and diversity, and fostering innovation to enhance teaching and learning.

Description:
The program is designed for the student who intends to become either a full-time or part-time police officer. Students learn the tasks, duties and responsibilities of law enforcement officers to prevent and detect crime and to enforce the criminal, non-criminal and traffic laws of the state. Florida statute requires this certificate of completion for certification as a law enforcement officer.

This program is certified by the Criminal Justice Standards and Training Commission, Florida Department of Law Enforcement.

Graduates of the program are eligible to take the Florida Department of Law Enforcement examination for police officer certification/employment.

Outcomes:

Graduates of the program will be able to:
1. Exhibit effective communication within the Law Enforcement profession in the State of Florida.
2. Demonstrate professional behaviors consistent with the expectations for a Law Enforcement provider in the State of Florida.
3. Demonstrate safe practices within the Law Enforcement profession in the State of Florida.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Program Tuition and Fees: $2,111*
Access Fee: $33 ($1.26 per credit)
Assessment Fee: $33 (First Semester Only)
Lab Fees: $424
Equipment/Uniforms: $500
State Exam: $100

*In-State tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work program available please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements

• Complete a Criminal Justice Training Center Application for continuing enrollment.
• Completion of the Basic Abilities Test (CJBAT) and score a minimum of 70%.
• Must attend the Criminal Justice Training Center Orientation.
• Satisfactory results of a Florida Department of Law Enforcement background check.
• Must be able to meet minimum standards for the Florida Department of Law Enforcement as set forth in Florida Statute 943.
• Be at least 19 years of age prior to graduation of program.
• Be a citizen of the United States.
• High School Diploma or GED.
• Not have been convicted of any felony, or a misdemeanor involving perjury or false statement. Any person who after July 1, 1981, pleads guilty or nolo-contendere to, or is found guilty of a felony or of a misdemeanor involving perjury or false statement shall not be eligible for employment or appointment as an officer, notwithstanding suspension of sentence or withholding of adjudication.

• Never have received a dishonorable discharge from any of the Armed Forces of the United States.

• Be of good moral character.

• Currently possess a valid Driver’s License.

• Must be able to pass a physical examination by a licensed physician to include an EKG and drug screen.

• Students will be held accountable for the policy and procedures of the Criminal Justice Training Center program as outlined in the CJTC student policy/rule book, as well as the college student handbook.

Careers

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on any career, job, or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of this program is three (3) semesters (20 weeks) for a full-time student, with 96% graduating within 3 semesters for 2014-15. The Florida Education and Training Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field at 69%.

Machining, Vocational Certificate

Program Information

Vocational Certificate - Code 1202 - Catalog 2017/2018
Sherryl Weems, AVP, 386-506-3618, Sherryl.Weems@daytonastatate.edu
Bridgette Cherry, Administrative Specialist, 386-506-4165, Bridgette.Cherry@DaytonaState.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Machining program is to provide the knowledge, practice and skill development necessary to become a successful machinist. The program provides access to the vocational student with the latest technological equipment and methods. The program embraces diversity, equal access, and equal opportunity for training in the local, state manufacturing market.

Description:
The program provides students with the knowledge and skills necessary to be employed in the manufacturing industry. The instruction covers lathe and mill operations, proper care and use of measuring tools, CNC programming and operations, CAD/CAM programming, and manufacturing skills related to industry standards.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate knowledge and ability to safely follow rules and regulations to machining standards.
2. Identify and use different tools, equipment, material and measuring tools used in the industry.
3. Demonstrate proficiency in all aspects of the industry including but not limited to theory, application, troubleshooting and safety.
4. Demonstrate knowledge and skill in the industrial workplace.
5. Demonstrate the ability to plan and initiate projects in the machining field of work.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Program Tuition and Fees: $2,056* (Book costs are not included)
Access Fee: $34 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $380
Textbook Estimate: $300

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by visiting FAFSA at http://www.fafsa.gov. For more information on grants, loans and work programs available please visit the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements

Students who do not have a standard high school diploma/GED may be eligible for admission, on an alternative basis, to this program if they meet the following criteria:
1. Take the Test of Adult Basic Education (TABE) which measures reading, English and math skills, and achieve specified minimum scores.
2. Meet with a counselor/advisor for placement test evaluation to receive advice on course selection and registration.
3. Students who do not have a standard high school diploma/GED cannot receive student financial aid.

Massage Therapy (Limited Access Program), Vocational Certificate

Program Information

Vocational Certificate - Code 1124/1024 - Catalog 2017/2018
LaTassa Davis, Assistant Chair, 386-506-3185, LaTassa.Davis@daytonastate.edu
Connie Kisner, Staff Assistant, 386-506-3080, Connie.Kisner@daytonastate.edu
Melissa Brown, Academic Advisor, 386-506-3052, Melissa.Brown@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
Students will develop the skills of massage therapy applications, critical thinking, and communication which will permit them to practice the science of massage in a professional, ethical, and caring manner.

Description:
Massage Therapy is a 750-hour vocational certificate program which provides students with the knowledge and skills of therapeutic massage. The curriculum prepares students to pass the state licensing exam which is required to practice in the state of Florida. Students will be prepared for entry level employment as a massage therapy professional. The course content includes Anatomy and Physiology, History of Massage, Hydrotherapy, Allied Modalities, Theory and Practice of Massage, Florida Statutes, Professional Ethics, Pathology, Professional and Personal Development, Prevention of Medical Errors, and a HIV/AIDS education course. Students must obtain and provide proof of CPR/BLS prior to enrollment.

Outcomes:
Graduates of the program will be able to:
1. Evaluate the health care delivery system and differentiate between various health occupations.
2. Demonstrate the principle theories of therapeutic massage and perform massage techniques properly.
3. Compare the applications of allied modalities related to massage therapy.
4. Demonstrate comprehension of human anatomy and physiology for massage therapists.
5. Identify basic business practices and standards.
6. Define the Massage Practice Act and the rules outline by The Board of Massage Therapy.
7. Demonstrate safety and health practices that are conducive to massage therapy and clients/patients.
8. Apply the principles hydrotherapy and apply the modality therapeutically.
9. Demonstrate oral and written communication skills in creating, expressing, and interpreting information and ideas.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Program Tuition and Fees: $2,056*
Access Fee: $32 ($1.26 per credit)
Assessment Fee: $33
Lab Fees: $57
Textbooks: $400
Uniforms: $50
Laboratory Supplies: $25
Licensure Fees: $430
FDLE/FBI Background Screening: $90

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work program available please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements

- Attend mandatory program orientation.
- High school diploma or equivalent (GED).
- Must be 18 years of age or older.
- Applicants starting in a Florida Public high school in 2003 or after and graduating from a Florida public high school with a standard high school diploma and active duty military are exempt from any placement testing. Applicants that have successfully completed college level English and/or Math may be exempt from placement testing also. All other applicants must take the TABE test and must achieve a 10th grade level in Reading and English and a 9th grade level in Math.
- Submit completed application for continuing enrollment to the School of Health Careers.
- Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted...
through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).

• Selection for continuing enrollment is made once per year based on the date of the School of Health Careers application. This is based on first come, first served.

• Program specific courses must be completed with a grade 'C' or better.

• Students will be held accountable for the policies and procedures of the Massage Therapy program as outlined in the Massage Therapy student handbook, as well as the College Student handbook.

Medical Assisting (Limited Access Program), Vocational Certificate

Program Information

Vocational Certificate - Code 1123/1023 - Catalog 2017/2018
Tamara Mottler, Assistant Chair, 386-506-3215, mottlet@daytonastate.edu
Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu
Melissa Brown, Academic Advisor, 386-506-3052, Melissa.Brown@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
It is the goal of the Medical Assisting program at Daytona State College to:
1. Prepare competent entry-level medical assistants in the cognitive (knowledge), psychomotor (skills) and affective (behavior) learning domains.
2. To provide the local and surrounding communities with highly trained competent medical professionals.

Medical assisting is one of the fastest growing allied health professions in the country. Our efforts will be continually directed at improving and providing the most up to date training in the field.

Students should be aware that this is a professional program. The American Association of Medical Assistants has established a code of ethics and a creed for the profession. They both establish guidelines, obligations, basic beliefs and fundamental principles of the profession and offer standards of expected behavior. Students are expected to comply with the standards of professional responsibility as outlined in the documents on the following page.

Description:
The program prepares students to work in the multi-skilled field of medical assisting. Students are prepared to assist in all aspects of medical practice administratively and clinically under the supervision of a physician. Instruction covers terminology, anatomy and physiology, coding, pharmacology, medical office laboratory procedures, diet and nutrition, and radiography. Clinical experiences will be provided in physician offices, ambulatory care centers and clinics. Job title: Medical Assistant.

Program Accreditation: The Medical Assisting Program Daytona Beach Campus is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Medical Assisting Educational Review Board (MAERB). Information may be obtained from CAAHEP, 25400 U.S. Highway 19 North, Suite 158, Clearwater, FL 33763; (727) 210-2350 and AAMA, 20 N. Wacker Dr., Ste. 1575, Chicago, IL 60606; (312) 899-1500

College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate knowledge of the fundamentals of the Medical Assisting profession.
2. Demonstrate knowledge of the basic principles of medical office procedures.
3. Develop a clear idea of his/her role and responsibilities to the patient, the physician and other members of the health care team.
4. Demonstrate a sound basis of the scientific principles of Anatomy/Physiology and Medical Terminology.
5. Demonstrate knowledge of Pharmacology and Billing/Coding.
6. Demonstrate a basic knowledge of diet and nutrition, so that they may be able to provide patient education, as well as be self-educated in these areas as it relates to disease processes and good health.
7. Develop life-long learning habits for personal and professional growth and development.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Program Tuition and Fees: $3,563*
Access Fee: $58 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $114
Textbooks: $175
Uniforms: $175
Laboratory Supplies: $60
FDLE/FBI Background Screening: $90
Certification Exam Fee: $125

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more
information on grant, loans and work program available please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements

• High School Diploma or equivalent (GED).
• Applicants starting in a Florida Public high school in 2003 or after and graduating from a Florida public high school with a standard high school diploma and active duty military are exempt from any placement testing. Those applicants that have successfully completed college level English and/or Math may be exempt as well. All other applicants will be required to take the TABE test and must achieve a 10th grade level or higher on each section of the TABE test.
• Submit completed application for continuing enrollment to the School of Health Careers.
• Applications are accepted anytime during the year.
• Selection is made once per year based on cumulative GPA of at least 2.0 or better.
• Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).
• Basic Cardiac Life Support for Health Care Provider and AED through American Heart Association or American Red Cross.
• Program specific courses must be completed with a grade 'C' or better.
• Students will be held accountable for the policies and procedures of the Medical Assisting program as outlined in the Medical Assisting student handbook, as well as the College Student handbook.

Nursing Assistant (Long Term Care), Vocational Certificate

Program Information

Vocational Certificate - Code 1205 - Catalog 2017/2018
Linda Vought, Office Assistant, 386-506-3250, Linda.Vought@DaytonaState.edu
Patricia Marrow, Assistant Chair, 386-785-2059, patricia.marrow@daytonastate.edu
Maria Smith, 386-506-3069, maria.smith@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the School of Nursing is to provide an innovative learning environment that promotes excellence in the field. Programs prepare students to exhibit professionalism, ethical behaviors and competency in meeting the dynamic health-care needs of individuals across the lifespan, amongst diverse cultures and across health-care continuums.

Description:
The nursing assistant long-term care program prepares individuals to become entry level health care professionals providing basic nursing care to clients in nursing home and long-term care facilities. This program consists of 80 hours of classroom/laboratory instruction and 40 hours of clinical.

Students learn interpersonal skills; medical terminology; legal and ethical responsibilities; safe and efficient work; gerontology; nutrition; pet-facilitated therapy; health and safety; and employability skills. The program is designed to prepare students for employment as a nursing assistant after passing a nursing assistant competency exam in accordance with Florida Statutes 464.203.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate the ability to communicate and use interpersonal skills effectively.
2. Demonstrate legal and ethical responsibilities specific to the nursing assistant.
3. Demonstrate safe use of equipment in a nursing home and long-term care setting.
4. Demonstrate safe care of the geriatric client.
5. Apply principles of infection control in the health care setting.

6. Demonstrate employability skills.

*Note: The length of this program makes it ineligible for federal and state financial aid.*

**Approximate Additional Costs**

Program Tuition and Fees: $329*
Access Fee: $5 ($1.26 per credit hour)
Assessment Fee: $3
Lab Fees (including liability insurance): $23
Textbook/Workbook Combo and Syllabus: $60
Uniform: $35
Laboratory Supplies: $60
Background Check/ Drug Screening/ Document Tracker: $120
Nursing Assistant Exam: $155

*In-state tuition only; out-of-state tuition will be higher.

**Additional Admission Requirements**

• Score on the placement test for vocational programs which indicate language and reading at the 10th grade level and math ability at the 9th grade level. Applicants starting in a Florida Public high school in 2003 or after and graduating from a Florida public high school with a standard high school diploma and active duty military are exempt from any placement testing.

• The following items must be received prior to the first day of clinical:
  • Completion of health screening to include: verification of immunization against influenza, tetanus, measles, mumps, rubella and Hepatitis 'B'; and negative test for tuberculosis.
  • Satisfactory completion of both a drug screen and a background check (Level II) consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).
  • Basic Cardiac Life Support (BLS) certification for healthcare providers to include adults, infant, children, and automatic external defibrillator (AED) affiliated with the American Heart Association or the American Red Cross.
  • Program specific courses must be completed with a grade 'C' or better.

Phlebotomy, Vocational Certificate

Program Information

Vocational Certificate - Code 1210 - Catalog 2017/2018
Connie Kisner, Staff Assistant, 386-506-3080, Connie.Kisner@daytonastate.edu
Geraldine Rimstidt, Department Chairperson, 386-506-3823, Geraldine.Rimstidt@daytonastate.edu
Melissa Brown, Academic Advisor, 386-506-3052, Melissa.Brown@DaytonaState.edu

Program Mission, Description, and Outcomes

Mission:
The mission is to train effective phlebotomists in a variety of procedures allowing graduates to gain employment as entry-level phlebotomists.

Description:
A phlebotomist is an individual who is trained to collect blood specimens to be used in diagnostic laboratory tests from patients. They must have knowledge of the anatomy and physiology of the cardiovascular system as it pertains to phlebotomy as well as a basic understanding of infection control and safety practices. Graduates will also be able to interact and communicate with patients effectively as they are usually on the front line of patient care. Phlebotomists are employed in a variety of health care settings including hospitals, nursing homes, critical care facilities, dedicated blood collection facilities and dialysis centers.

Outcomes:
Graduates of the program will be able to:
1. Collect blood specimens by safely performing venipuncture and capillary blood collection.
2. Identify anatomy and physiology of the cardiovascular system as it pertains to blood collection.
3. Identify phlebotomy equipment and perform proper specimen handling.
4. Practice infection control.
5. Demonstrate effective communication skills.
6. Demonstrate appropriate record keeping and data collection.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Program Tuition and Fees: $452*
Access Fee: $7 ($1.26 per credit hour)
Assessment Fee: $33
Lab Fees (including liability insurance): $50
Uniform/Scrubs: $50
Background Check/Drug Screening: $99
Textbook Estimate: $100

*In-state tuition only; out-of-state tuition will be higher.

Additional Admission Requirements

• Score on the placement test for vocational programs which indicate language and reading at the 10th grade level and math ability at the 9th grade level. Applicants starting in a Florida Public high school in 2003 or after and graduating from a Florida public high school with a standard high school diploma and active duty military are exempt from any placement testing.
• The following items must be received prior to the first day of clinical:
  • Completion of health screening to include: verification of immunization against influenza, tetanus, measles, mumps, rubella and Hepatitis 'B'; and negative test for tuberculosis.
  • Satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).
  • Basic Cardiac Life Support (BLS) certification for healthcare providers to include adults, infant, children, and automatic external defibrillator (AED) affiliated with the American Heart Association or the American Red Cross.
  • Program specific courses must be completed with a grade ‘C’ or better.

Surgical Technology (Limited Access Program), Vocational Certificate

Program Information

Vocational Certificate - Code 1192/1092 - Catalog 2017/2018
Dana Bancer, Assistant Chair, 386-506-3747, kisnerc@daytonastate.edu
Melissa Brown, Academic Advisor, 386-506-3052, Melissa.Brown@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Surgical Technology program is to provide the student with an innovative learning experience preparing the student to be a professional and competent member of the surgical team. The realization of this mission will be the student's successful completion of the program and passing of the national certification examination.

Description:
The program offers the student an opportunity to develop the technical ability, knowledge and skills required for entry-level employment in any surgical setting, hospital operating room or free standing healthcare facility, as a member of the surgical team. The educational process is accomplished by classroom lecture, intense training in a mock operating room lab setting, and transition to operating rooms in local healthcare facilities.

Graduates are required to take the National Board of Surgical Technologist and Surgical Assistants (NBSTSA) Certification exam upon successful completion and graduation of the program. Once the graduate has taken the exam, they are eligible to receive their Certificate of Completion for the program from the College.

Classes admitted in August at the Daytona Beach Campus.

Program Accreditation: The Surgical Technology Program is accredited by the Commission on Accreditation of Allied Health Education Programs upon the recommendation of the Accreditation Review Committee for Education in Surgical Technology and Surgical Assistants (ARC-ST/SA). Information may be obtained from CAAHEP, 1361 Park Street, Clearwater, FL 33756; (727) 210-2350 and ARC-ST, 6 W. Dry Creek Circle, Suite 210, Littleton, CO 80120; (303) 694-9262.
College Accreditation: Daytona State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and bachelor's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Daytona State College.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate knowledge of all aspects of surgical technology.
2. Demonstrate the ability to function in the first scrub solo role (as defined by the Core Curriculum) for core and specialty surgical procedures.
3. Qualify to obtain an entry-level job at a sponsoring institution.
4. Model professional behavior by applying the ethical and legal principles of surgical technology practice in the culturally diverse environment of the operating room.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
All of the following are required for this program:

Program Tuition and Fees: $3,891*
Access Fee: $63 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $178
Uniforms/Lab Coats: $175
Textbooks: $1,150
National Certification Exam: $190
Association for Surgical Technology Membership Fee: $45

*In-state tuition only; out-of-state tuition will be higher.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by completing the FAFSA at http://www.fafsa.gov. For more information on grant, loans and work program available please see the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements
- This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.
- Completion of the following courses with a grade of 'C' or better is required before submitting a request for continuing enrollment: *BSC0070 (Basic Anatomy & Physiology for Health Careers) and HSC1531 (Medical Terminology).
- Please Note: *BSC1085C (Human Anatomy and Physiology I and Lab) and BSC1086C (Human Anatomy and Physiology II and Lab) may be substituted for BSC0070 (Basic Anatomy & Physiology for Health Careers).
- Submit the completed application for continuing enrollment to the School of Health Careers.
- Selection for continuing enrollment is made once per year based on cumulative GPA of at least 2.0 or better, completion of pre-requisite courses with a grade of C or better, pre-admission consultation and attendance at a program information session. Applicants with higher cumulative GPA's and successful completion of all prerequisite and corequisite courses will be considered more favorably.
- Applicants starting in a Florida Public high school in 2003 or after and graduating from a Florida public high school with a standard high school diploma and active duty military are exempt from any placement testing. Applicants that have successfully completed college level English and/or Math may also be exempt from placement testing. All other applicants will be required to take the TABE test and must achieve a score of at least 11th Grade level in Reading and Language, and 10th grade level in Math.
- Basic Cardiac Life Support for Health Care Provider and AED through American Heart Association or American Red Cross.
- Health Insurance mandatory.
- A physical examination is required prior to the first day of class.
- Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).
- A pre-admission interview is required prior to continuing enrollment approval. Dates to be announced.
- Program specific courses and general education courses must be completed with a grade 'C' or better.
- Students will be held accountable for the policies and procedures of the Surgical Technology program as outlined in the Surgical Technology student handbook, as well as the College Student handbook.

Careers
The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on any career,
job, or salary potential can be found at http://www.onetonline.org.

The typical length of this program is three (3) semesters (36 weeks) for a full-time student, with 100% graduating within 3 semesters for 2014-15. The Florida Education and Training Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field at 89%.

For additional career information, please see: http://www.onetonline.org/link/summary/29-2055.00

Transit Technician I (Limited Access Program), Vocational Certificate

Program Information

Vocational Certificate - Code 1206 - Catalog 2017/2018
Sherryl Weems, Associate Vice President
Bridgette Cherry, Administrative Assistant, 386-506-4165, cherryb@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Transit Technician program is to provide the knowledge, practice and skill development necessary to become a successful bus mechanic.

Description:
This program is designed for high school graduates and others who are interested in a career as a transit technician and incumbent technicians that desire postsecondary vocational training as a means of expanding or enhancing their career opportunities. The content includes but is not limited to the following: maintaining and repairing diesel engines, performing diesel engine and bus preventive maintenance inspections, maintaining and repairing ADA accessible lifts and ramps, maintaining and repairing basic electrical systems, and repairing and maintaining steering and suspension systems. There is on-the-job training conducted at the student's transit property.

The program will be an offsite program located at the Votran headquarters at 950 Big Tree Road, South Daytona, FL 32119. It is conducted in partnership with the Center for Urban Transportation Research at the University of South Florida. It is a limited access program.

Outcomes:
Graduates of the program will be able to:
1. Identify shop organization, management and safety requirements.
2. Demonstrate infection control, AED, CPR, shop and occupational safety procedures.
3. Demonstrate the use of hardware and fasteners, basic tools and equipment.
4. Apply proper oxy-acetylene gas practices and techniques.
5. Demonstrate workplace communication skills.
6. Perform bus and forklift preventive maintenance, tire service and repair, and engine preventive maintenance.
7. Maintain and repair transit bus basic electrical components; wheelchair lift, ramp systems and components; and steering and suspension systems.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Program Tuition and Fees: There is currently no cost for qualifying technicians.

Financing Options: This program is ineligible for federal financial aid. Accepted students tuition is made possible by scholarship money provided by the Florida Public Transportation Association (FPTA) to qualifying member property technicians.

THE ENTRY QUALIFICATIONS SHALL INCLUDE:
Applicants must apply and be accepted. They must be a current transit employee working in a participating member property.

DAYTONA STATE COLLEGE ADMISSIONS REQUIREMENTS:
Students who have been selected must be admitted to Daytona State College by completing the Daytona State College Application for Admissions. The College does charge a one-time, non-refundable assessment fee to all students, at the time of initial enrollment.

Additional Admission Requirements
• Enrollment is limited to current Transit employees.

Careers

The following information is required by federal regulations to be provided to all students for all vocational and certificate programs. Additional information on any career, job or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of the program is three (3) semesters and includes class time and paid on-the-job-training.

49-3031 - Bus and Truck Mechanics and Diesel Engine Specialists
49-3023.01 - Automotive Master Mechanics (Bright Outlook)
49-3041.00 - Farm Equipment Mechanics and Service Technicians

Transit Technician III (Limited Access Program), Vocational Certificate

Program Information

Vocational Certificate - Code 1208 - Catalog 2017/2018
Sherryl Weems, Associate Vice President
Bridgette Cherry, Administrative Assistant, 386-506-4165, cherryb@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Transit Technician program is to provide the knowledge, practice and skill development necessary to become a successful bus mechanic.

This program is pending SACSCOC approval.

Description:
This program is designed for high school graduates and others who are interested in a career as a transit technician and incumbent technicians that desire postsecondary vocational training as a means of expanding or enhancing their career opportunities. The content includes but is not limited to the following: maintaining and repairing diesel engines, performing diesel engine and bus preventive maintenance inspections, maintaining and repairing ADA accessible lifts and ramps, maintaining and repairing basic electrical systems, and repairing and maintaining steering and suspension systems. There is on-the-job training conducted at the student's transit property.

The program will be an offsite program located at the Votran headquarters at 950 Big Tree Road, South Daytona, FL 32119. It is conducted in partnership with the Center for Urban Transportation Research at the University of South Florida. It is a limited access program. Students must complete Transit Technician I and II prior to enrolling in Transit Technician III.

DAYTONA STATE COLLEGE ADMISSIONS REQUIREMENTS:
Students who have been selected must be admitted to Daytona State College by completing the Daytona State College Application for Admissions. The College does charge a one-time, non-refundable assessment fee to all students, at the time of initial enrollment.

Additional Admission Requirements
1. Enrollment is limited to current transit employees.
2. Students must complete Transit Technician I and II before enrolling in Transit Technician III.

Careers
The following information is required by federal regulations to be provided to all students for all vocational and certificate programs. Additional information on any career, job or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of the program is three (3) semesters and includes class time and paid on-the-job-training.
49-3031 - Bus and Truck Mechanics and Diesel Engine Specialists
49-3023.01 - Automotive Master Mechanics (Bright Outlook)
49-3041.00 - Farm Equipment Mechanics and Service Technicians
49-3042.00 - Mobile Heavy Equipment Mechanics, except Engines
49-3051.00 - Motorboat Mechanics and Service Technicians
49-3092.00 - Recreational Vehicle Service Technician

For additional information on wages, trend and career information: http://www.onetonline.org/help/bright/49-3031.00.

Welding Technology - Applied, Vocational Certificate

Program Information

Vocational Certificate - Code 1033 - Catalog 2017/2018
Timothy Colburn, Faculty, 386-506-3279,
Bridgette Cherry, Administrative Specialist, 386-506-4165,
cherryb@daytonastate.edu

Program Mission, Description, and Outcomes

Mission:
The mission of the Welding Technology program is to provide the knowledge, practice and skill development necessary to become a successful welder.

The program provides access to the vocational student with the latest technological equipment and methods. The program embraces diversity, equal access, and equal opportunity for training in the local, state manufacturing market.

Description:
The Welding Technology program is a 24.17 vocational credit certificate program. The curriculum is designed to give students a combination of classroom and lab related activities. A "hands-on" approach to student learning is evident as students learn the safety aspects of welding and become proficient at Stick, MIG, TIG and Oxy-acetylene welding. Students will also learn the related skill of blueprint reading which is required for employment as a welder or welder helper.

Outcomes:
Graduates of the program will be able to:
1. Demonstrate knowledge and ability to safely follow rules and regulations to welding certification standards.
2. Identify and use different tools, equipment, material and electrical products used in the industry.
3. Demonstrate proficiency in all aspects of the industry including but not limited to theory, application, troubleshooting and safety.
4. Demonstrate knowledge and skill in the welding, commercial and industrial markets.
5. Demonstrate the ability to plan and initiate projects in the welding field of work.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Program Tuition and Fees: $1,988* (Book costs are not included)
Access Fee: $33 ($1.35 per credit)
Assessment Fee: $31
Lab Fees: $1000
Textbook Estimate: $300
*In-state tuition only; out-of-state tuition will be higher.

Students will have to purchase the following items (approximate costs: $190): Instructor approved welding helmet and face shield, welding jacket, leather welding gloves, work shoes or boots.

Financing Options: All students are encouraged to apply for federal and state student financial assistance by visiting FAFSA at http://www.fafsa.gov. For more information on grants, loans and work programs available please visit the Office of Financial Aid webpage at http://www.daytonastate.edu/finaid. Students are also encouraged to apply for one of the many Daytona State College Foundation scholarships offered each semester. For more information see: http://www.daytonastate.edu/scholarships.

Additional Admission Requirements
• Ability to understand and follow specific directions.
• Ability to handle and operate all welding equipment in a safe manner.

Students who do not have a standard high school diploma/GED may be eligible for admission, on an alternative basis, to this program if they meet the following criteria:
1. Take the Test of Adult Basic Education (TABE) which measures reading, English and math skills, and achieve specified minimum scores.
2. Meet with a counselor/advisor for placement test evaluation to receive advice on course selection and registration.
3. Students who do not have a standard high school diploma/GED cannot receive student financial aid.

Careers
CIP Code (6 digit): 48.0508

The following information is required by federal regulations to be provided to students for all vocational and certificate programs. Additional information on any career, job, or salary potential can be found at http://www.onetonline.org.

Program Length: The typical length of this program is four (4) semesters (51 weeks), with 83% graduating within this timeframe for 2014-15. The Florida Education and Training Placement Information Program (FETPIP) lists the placement rate (2013-14) for this field at 33%.

Course Descriptions

Daytona State College course offerings and descriptions are grouped alphabetically under the applicable discipline title, not under the department or division of the college through which they are offered.

**Prerequisite courses require a grade of "C" or higher unless otherwise specified.**

Within the specific disciplines, courses are listed alphabetically by the course prefix and number. Not all courses are offered in all semesters, or at all campuses. For current offerings, please check Course Availability Search or contact the registration offices at all Daytona State campuses.

The course prefixes to discipline areas guide will help you locate your courses by prefix, course, or discipline area.

All courses follow the Florida Statewide Course Numbering System.

Note: FA, SP, SU denotes the semester the course is usually taught.

**REFER TO THE COURSE DESCRIPTIONS FOR REQUISITE AND LAB FEE REQUIREMENTS. PLEASE NOTE THAT FOR CLASSES WITH CONCURRENT LABS, THE LABS ARE NOT GRADED SEPARATELY FROM THE LECTURE, THERE IS A SHARED GRADE.**

**ACG - Accounting**

**ACG 2021 - Principles of Financial Accounting (3)**

A study of accounting concepts for service and merchandising businesses, matching concept, adjusting process, financial statements, accounting systems, internal controls, special journals, receivables, inventories, payroll, plant assets, current liabilities, bonds payable and investment in stocks and bonds, and corporate organization, equity rights and earnings. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption and C or better in ACG 2021 or permission of chairperson.)

Offered: Fall, Spring, Summer.

**ACG 3024 - Accounting for Non-Financial Majors (3)**

This course addresses the use of accounting information by non-financial managers. Emphasis is placed on the interpretation of accounting information and the language of financial accounting to effectively participate in activities such as planning, investment, control, and managerial decision making. PR: MAC1105 or equivalent; junior level status or permission of the chair is required.

Offered: Fall, Spring, Summer.

**ACR - Air Cond, Refrig and Heat**

**ACR 0001C - Physical Principles I and Lab (90)**

Scientific principles and calculations as they relate to compression refrigeration. Tools and test equipment used to construct, charge, operate and troubleshoot a refrigeration system.

Offered: Fall, Spring.

**ACR 0002C - Physical Principles II and Lab (90)**

Continuation of the study of scientific principles as they relate to compression refrigeration. Tools and test equipment used to construct, charge, operate and troubleshoot a refrigeration system.

Offered: Fall, Spring.

**ACR 0061C - Psychrometrics and lab (99.9)**

A study of air, humidity, heat and movement as it relates to comfort air conditioning. Psychrometric processes will be charted, measured, and applied.

Offered: Summer.

**ACR 0062C - Heat Load Calculations and Lab (90)**

A study of heat and heat flow. Calculate heat gain and loss, duct and register sizing for comfort in refrigeration and air conditioning.

Offered: Summer.

**ACR 0061C - Psychrometrics and lab (99.9)**

A study of air, humidity, heat and movement as it relates to comfort air conditioning. Psychrometric processes will be charted, measured, and applied.

Offered: Summer.

**ACR 0062C - Heat Load Calculations and Lab (90)**

A study of heat and heat flow. Calculate heat gain and loss, duct and register sizing for comfort in refrigeration and air conditioning.

Offered: Summer.

**ACR 0100C - Basic Electricity I and Lab (90)**

The study of physical principles of electricity and practices in air conditioning and refrigeration systems. Laws of energy, energy equivalents, electrical components and circuits.
ACR 0102C - Basic Electricity II and Lab (90)
Continuation of the study of physical principles of electricity and practices in air conditioning and refrigeration systems. Laws of energy, energy equivalents, electrical components and circuits.
Offered: Fall, Spring.

ACR 0150C - A/C Motors and Controls and Lab (90)
Study of single phase motors and related components. Disassembly, assembly, application and testing with appropriate instrumentation.
Offered: Fall, Spring.

ACR 0205C - Refrigerants I and Lab (90)
A study of the internal chemistry and physics of a refrigeration system. Refrigerants, oil, contaminants, dehydration and burnouts in detail.
Offered: Summer.

ACR 0506C - Residential Air Conditioning and Refrigeration and Lab (90)
Study of application, installation, and servicing central residential equipment. Integrates electrical, psychrometric and mechanical operation.
Offered: Fall, Spring.

ACR 0600C - Fossil Fuel Heating and Lab (80.1)
Oil and gas fired heating systems. Combustion, mechanical and electrical components.
Offered: Fall, Spring.

ACR 0601C - Heat Pumps and Lab (90)
An advanced study of the refrigerant cycle and the electrical circuitry necessary to provide year-round air conditioning. Includes electric furnaces.
Offered: Fall, Spring.

ACR 0700 - Central Residential Air Conditioning (0.66)
Central Residential Air Conditioning

ACR 0741C - Commercial Refrigeration I and Lab (90)
Comprehensive study of standard and special mechanical components. Component characteristics, operation and application. Design, construction and analysis of commercial systems.
Offered: Fall, Spring.

ACR 0742C - Commercial Refrigeration II and Lab (90)
A study of larger, multiple temperature refrigeration systems, more complex electrical and mechanical components and three-phase electricity. Design, construct and trouble-shoot advanced equipment.
Offered: Fall, Spring.

ACR 0815C - Advanced Service Practice and Lab (90)
Conglomerate of previous courses, diagnostic procedures of job entry competencies in commercial refrigeration and central residential air conditioning.
Offered: Fall, Spring.

ACR 0850C - Air Conditioning Wiring and Lab (90)
The student will study principles of controls and interaction of components associated with residential and light commercial air conditioning systems. The student will design, construct and troubleshoot electrical circuits as used in residential and commercial A/C systems.
Offered: Fall, Spring.

AER - Automotive Service

AER 0014C - Automotive Service Assistor and Lab (300)
This course prepares the student to perform a vehicle inspection and all basic vehicle service and maintenance procedures. This course also instructs on automotive industry operations, A.S.E. certification programs, service manual interpretation, and tire and wheel maintenance. Components include lecture/discussion, written assignments, and hands-on experience.
Offered: Fall, Spring.

AER 0102C - Engine Theory and Lab (90)
The principles of four-stroke engine designs are the foundation for this study. Two-stroke engine design is also covered. Motor application. Valve train to piston to combustion theory. Application of internal moving parts and relationships to each other are emphasized.
Offered: Fall, Spring.

AER 0110C - Engine Mechanical Service and Repair and Lab (150)
Prepares the student to test, diagnose, and repair four, six and eight-cylinder engines. Components include lecture/discussion both online and f2f, written and online assignments, online testing and hands-on experience.
Offered: Fall, Spring.

AER 0152C - Engine Assembly and Testing and Lab (90)
The engine assembly class will allow the students to completely assemble the engine and start it up and test. Student will fit all parts, measure and check clearances, test the oiling system and lubrication.

Offered: Fall, Spring.

**AER 0172C - Automotive Heating and Air Conditioning Systems and Lab (150)**

Prepares the student to diagnose, service, and repair automotive heating and air conditioning systems. Automatic Temperature Control systems are introduced, and refrigerant recovery procedures are taught. Components include lecture/discussion, online testing and assignments, written assignments, and hands-on experience.

Offered: Fall, Spring.

**AER 0257C - Automotive Transmission and Transaxles and Lab (150)**

Prepares the student to test, diagnose and repair automatic transaxles and electronic transmissions. Theory of operation, testing and diagnosis is stressed. Components include lecture/discussion, written assignments, and hands-on experience.

Offered: Fall, Spring.

**AER 0274C - Manual Drivetrain and Axle and Lab (150)**

Prepares the student to diagnose and repair manual transaxles, clutches, transmissions, differentials, driveline components, hydraulic systems, and four-wheel transfer cases. Components include lecture/discussion, written assignments, and hands-on experience.

Offered: Fall, Spring.

**AER 0360C - Electricity/Electronics Fundamentals and Lab (300)**

Prepares the student to test, diagnose, and repair starting, charging, lighting, and associated electrical systems. Electrical measurement and circuit tracing are stressed, along with an introduction to the operation of basic components associated with electrical and electronic systems. Components include lecture/discussion, written assignments, and hands-on experience.

Offered: Fall, Spring.

**AER 0418C - Automotive Brake Systems and Lab (150)**

Prepares the student to diagnose, service, and repair late model Disc and Drum braking systems and controls, including Anti-Lock Braking Systems. Components include lecture/discussion, online testing and assessment, written assignments, and hands-on experience.

Offered: Fall, Spring.

**AER 0453C - Automotive Steering and Suspension and Lab (150)**

Prepares the student to diagnose and repair steering and suspension systems, including electronic suspensions, and four-wheel steering systems. The most common wheel alignment techniques are taught. Components include lecture/discussion, written assignments and hands-on experience.

Offered: Fall, Spring.

**AER 0461C - Chassis and Brake System (90)**

This course covers the drivetrain and suspension. Having a high performance motor is one thing, if the chassis is not set up proper, the vehicle will not produce to optimum performance. This course is very important for the final outcome of high performance.

Offered: Fall, Spring.

**AER 0503C - Automotive Engine Performance and Lab (300)**

Prepares the student to test, diagnose, and repair electronic ignition and emissions control systems. Prepares the student to test, diagnose and repair electronic fuel injection systems utilizing industry standard tools. Five-gas theory and oscilloscope diagnosis are introduced. Components include lecture/discussion, written assignments, and hands-on experience.

Offered: Fall, Spring.

**AER 0608C - Electronics and Lab (90)**

Prepares the student to test, diagnose, and repair starting, charging and associated electrical systems. Electrical measurement and circuit tracing are stressed, along with an introduction to the operation of basic components associated with electrical and electronic systems. Components include lecture/discussion, written assignments, and hands-on experience.

Offered: Fall, Spring.

**AER 0811C - Electronic System Management and Lab (90)**

This course familiarizes the student with the theory of operation of automotive computer systems. Prepares the student to perform lab oscilloscope analysis of electronic control unit circuitry. Familiarizes the student with the theory of supercharging, and the diagnosis and repair of turbochargers. Components include lecture/discussion, written assignments, and hands-on experience.

Offered: Fall, Spring.

**AER 0831C - Ignition Theory and Lab (30)**
Familiarizes the student with the theory of operation of Engine performance systems. Prepares the student to perform diagnostics, service, and repair of the vehicle powertrain management system. Components include lecture/discussion, written assignments, and hands-on experience.

Offered: Fall, Spring.

**AER 0844C - Fuel Systems and Lab (90)**

Most vehicles today are using an electronic fuel system management. Racing engine today are using an electronic fuel management along with normally aspirated carburetors. Turbo charging, supercharging and nitrous oxide systems are all reviewed in this course.

Offered: Fall, Spring.

**AFR - Military Science**

**AFR 1101 - The Air Force Today I (General Military Course) - AF101 (1)**

A survey course that focuses on the organizational structure and missions of Air Force organizations, officerhip and professionalism, and includes an introduction to communicative skills. A weekly leadership laboratory is mandatory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.)

Offered: Fall.

**AFR 1111 - The Air Force Today II (General Military Course) - AF102 (1)**

Continuation of AFR 1101. A weekly leadership laboratory is mandatory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.)

Offered: Spring.

**AFR 2130 - The Development of Air Power I (General Military Course) - AF201 (1)**

Focuses on factors contributing to the development of air power from its earliest beginnings through two world wars, the evolution of air power concepts and doctrine and an assessment of communicative skills. A weekly leadership laboratory is mandatory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.)

Offered: Fall.

**AFR 2131 - The Development of Air Power II (General Military Course) - AF202 (1)**

Continuation of AFR 2130. A weekly leadership laboratory is mandatory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.)

**AFR 3220 - Air Force Leadership Studies I (Professional Officer Course) - AF301 (3)**

A study of leadership, management fundamentals, professional knowledge, Air Force personnel evaluation systems, leadership ethics, and the communication skills required of an Air Force junior officer. Case studies are used to examine Air Force leadership and management situations as a means of demonstrating and exercising practical applications of the concepts being studied. A mandatory Leadership Laboratory complements this course by providing advanced leadership experience in officer-type activities, giving students the opportunity to apply the leadership and management principles of this course. (Prerequisite: Completion of the General Military Course.)

Offered: Spring.

**AFR 3221 - Air Force Leadership Studies II (Professional Officer Course) - AF302 (3)**

Continuation of AFR 3220 - AF301. A weekly leadership laboratory is mandatory. (Prerequisite: Completion of the General Military Course.)

Offered: Spring.

**AFR 4231 - Preparation for Active Duty I (Professional Officer Course) - AF401 (3)**

Examines the national security process, regional studies, advanced leadership ethics, and Air Force doctrine. Special topics of interest focus on the military as a profession, officerhip, military justice, civilian control of the military, preparation for active duty, and current issues affecting military professionalism. Continued emphasis is given to the refinement of communication skills. An additional leadership laboratory complements this course by providing advanced leadership management principles.

Offered: Fall.

**AFR 4232 - Preparation for Active Duty II (Professional Officer Course) - AF402 (3)**

Continuation of AFR 4231 - AF401. A weekly leadership laboratory is mandatory.

Offered: Spring.

**AMH - History**

**AMH 2010 - United States History to 1877 (3)**

The political, economic, social and intellectual development of the people of the United States, from European exploration and settlement through the Civil War
and Reconstruction. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring, Summer.

**AMH 2020 - United States History 1865 to Present (3)**

The political, economic, social and intellectual development of the people of the United States, from the Civil War to the present. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring, Summer.

**AMH 2042 - American Social History 1860 to Present (3)**

An examination of the cultural experiences, institutions and customs of American life and their effects on our common heritage, from 1860 to present times. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring.

**AMH 2045 - American Maritime History (3)**

An introductory course on American maritime history, tracing the impact of seafaring Americans and their related institutions and activities on American history from pre-colonial times to the present. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring.

**AMH 2047 - Survey of US Military History (3)**

This course surveys American military history chronologically and thematically by examining history primarily from a military perspective and will analyze major military topics throughout world history with an emphasis on the 20th century wars that have shaped the modern world. Furthermore, the course will look at the leaders, strategists and soldiers who waged these wars. The course will also examine the evolution of technology and its impact on warfare. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring, Summer.

**AMH 2057 - The American Civil War (3)**

This course covers the American Civil War with emphasis on the complex causes and lasting effects of this conflict of the battles, home fronts, ordinary soldiers, African Americans, and military and political leaders of this era. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring.

**AMH 2058 - World War II (3)**

An introductory course on the Second World War tracing the causes and effects of this conflict on United States and World History. The course will review the people and events that caused the war from the end of the First World War, in 1918, to the signing of the surrender of Japan in 1945. The course will also examine the ramifications that this conflict caused in the United States and throughout the world. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring.

**AMH 2059 - The Vietnam War (3)**

An introductory course on the Vietnam War, tracing the causes, and the effects of this conflict on United States and World History. The course will review the conflicts that occurred in Vietnam, from the time of French colonization to the present day. The course will also examine the ramifications that this conflict caused in the United States, and throughout the world. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring, Summer.

**AMH 2091 - Survey of African American History (3)**

A historical survey of African American experiences beginning with an overview of ancient African peoples, with emphasis on the experiences of Africans and their descendants in America. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring.

**AML - English Language and Literature**

**AML 2050 - Modern American Literature (3)**

A survey of American writers covering roughly 1900-1950, emphasizing the modernist movement. Representative authors may include Faulkner, Hemingway, Fitzgerald, O’Neill, Cummings, Frost, Eliot, Pound. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring.

**AML 2060 - Contemporary American Literature (3)**

A survey of American writers of the last fifty to sixty years, since 1950, including attention to postmodernist literature. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring.
AML 2600 - Introduction to African American Literature (3)
A survey of the African American literary tradition from the eighteenth century to the present as reflected in a variety of oral and written traditions: songs, speeches, poetry, short-fiction, novels, drama, autobiographies, journals and letters. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring.

ANT - Anthropology
ANT 2000 - Introduction to Anthropology (3)
A survey course including the subfields of linguistics, archaeology, cultural and physical anthropology. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring, Summer.

APA - Accounting
APA 1111 - Office Accounting I (3)
The recording of business transactions; organization of ledgers, trial balances and worksheets; and adjusting and closing entries. Manual preparation of financial statements. Using accounting software to enter data, generate reports, and prepare financial statements.
Offered: Fall, Spring.

APA 1121 - Office Accounting II (3)
Principles and procedures for establishing, maintaining and summarizing financial records. Payroll procedures and closing books, both manually and on the computer. (Prerequisite APA 1111 or permission of chairperson.)
Offered: Fall, Spring.

APA 1711 - Computerized Spreadsheet (3)
Introduction in using computerized spreadsheets for beginning spreadsheet students. This course provides instruction in comprehensive concepts and techniques of spreadsheet applications used in the field of business. Basic topics are covered as well as additional topics including macros, PivotCharts and other worksheet design techniques.
Offered: Fall, Spring, Summer.

ARH - Art
ARH 1000 - Art Appreciation (3)
A foundation for understanding the visual arts. This course contributes to satisfying the Gordon Rule requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring.

ARH 2050 - Survey of Art History I (3)
Survey and criticism of ancient, medieval, Renaissance and contemporary art and architecture; relation of styles to cultural context. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring.

ARH 2051 - Survey of Art History II (3)
Relation of artistic styles to cultural context. Survey and criticism of Renaissance, Baroque and contemporary art and architecture. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring.

ARR - Automotive Collision
ARR 0121C - Introduction to Refinishing and Lab (120)
Students will be introduced to the theory of operating today's high tech refinishing equipment. Students will learn the proper application of today's refinishing materials, while adhering to personal and refinishing safety techniques.
Offered: Fall.

ARR 0122C - Refinishing and Lab (90)
Students are introduced to finish identification, masking, and surface preparation. Develop proper spray gun techniques and application of corrosion protective materials.
Offered: Spring.

ARR 0123C - Advanced Refinishing and Lab (120)
Students will be demonstrating advanced refinishing techniques, color theory and perform tinting and blending procedures. Students will also develop skills in refinishing defect removal and final detailing techniques.
ARR 0241C - Introduction to Collision Repair and Lab (120)
Students will learn vehicle construction, terminology and collision energy management of today's high tech vehicles. Students will develop understanding of repair vs. replacement techniques, and the basics of collision estimating. Students will also learn basic industry welding techniques.
Offered: Fall.

ARR 0242C - Collision Repair and Lab (120)
This course covers frontal impact analysis; and students learn vital repair/replacement decisions as well as how to develop repair plans and proper removal/replacement procedures will be covered. This class also covers function and fit of exterior panels.
Offered: Spring.

ARR 0243C - Advanced Collision Repair and Lab (120)
The students will develop skills in vehicle mechanical system analysis, effects of side and rear impacts, restraint systems and cosmetic straightening of steel.
Offered: Fall.

ARR 0244C - Basic Collision and Refinishing Overview (Work On Your Own Car) and Lab (120)
This advanced course takes students through the art of plastic repair, replacement of vehicle components, to the new technology of adhesive bonding for panel replacement.
Offered: Fall, Spring.

ARR 0381C - Introduction to Unibody and Frame and Lab (120)
Introductory instruction in the diagnosis and measurement of damaged unibody and frame-type vehicles. Training in frame straightening techniques and related tasks.
Offered: Fall.

ARR 0382C - Unibody and Frame II and Lab (120)
The students will learn advanced skill development in replacement of structural components. This course takes students through the theory to hands-on unibody and frame set-up and pulls to return vehicle dimensions to manufacturer specifications. Instruction also includes structural welding techniques.
Offered: Spring.

ARR 0905 - Directed Study in Automotive Body Repair and Refinishing (30)
Directed Study in Automotive Repair and Refinishing.
Offered: Fall, Spring, Summer.

ARR 0949 - Cooperative Education Experience in Automotive Body Repair and Refinishing
Cooperative Education Experience in Automotive Body Repair and Refinishing
Offered: Fall, Spring, Summer.

ART - Art

ART 1201C - Design I and Lab (3)
Studio assignments concerned with basic art fundamentals: line, color, shape, value and texture in organization of two-dimensional surface. Four studio hours.
Offered: Fall.

ART 1203C - Design II and Lab (3)
Studio problems relating basic art fundamentals of three-dimensional forms. Four studio hours per week.
Offered: Fall, Spring.

ART 1300C - Drawing I and Lab (3)
ART 1300C is a traditional, beginning drawing class which teaches the fundamental skills needed for representational/objective drawing from life. Open to all students. Four studio hours.
Offered: Fall, Spring, Summer.

ART 1301C - Drawing II and Lab (3)
Drawing II is a continuation of the skill development begun in ART 1300C. New materials, idea development and composition are stressed in the production of a portfolio. Four studio hours.
Offered: Fall, Spring, Summer.

ART 1331C - Drawing III and Lab (3)
The study of the human figure in drawing through the use of live models. Four studio hours. May be repeated one time for credit.
Offered: Fall, Spring.

ART 1500C - Painting I and Lab (3)
An introduction to opaque painting. Emphasis on the fundamentals of technique, color and equipment. Four studio hours.
Offered: Fall, Spring, Summer.

ART 1501C - Painting II and Lab (3)
Continuation of ART 1500C with emphasis on composition, elements of design and the development of work in a series. May be repeated one time for credit. Four studio hours.
Offered: Fall, Spring, Summer.

ART 1754C - Pottery Handbuilding I and Lab (3)
Introduction to ceramic design. Emphasizing basic hand building, glazing and firing techniques. Four studio hours.
Offered: Fall, Spring.

ART 1772C - Raku Pottery I and Lab (3)
Introduction to ceramic design using the low fire raku pottery process. Basic hand building, glazing and firing techniques will be taught.
Offered: Spring.

ART 2400C - Printmaking I and Lab (3)
A survey of relief, intaglio and monotype printmaking techniques, including linocut, woodcut, collagraph and etching. May be repeated one time for credit. Four studio hours.
Offered: Fall, Spring.

ART 2540C - Watercolor I and Lab (3)
An introduction to transparent watercolor painting. Emphasis on use of color, technique and equipment. Four studio hours.
Offered: Fall, Spring.

ART 2551C - Airbrush Techniques and Lab (3)
The art, history and techniques of the airbrush. Four studio hours.
Offered: Fall, Spring.

ART 2701C - Sculpture I and Lab (3)
Introduction to three dimensional space and mass using wood, clay, plaster and other materials. Four studio hours.
Offered: Fall, Spring.

ART 2702C - Sculpture II and Lab (3)
Continuation and refinement of Sculpture I processes. May be repeated one time for credit. Four studio hours.
Offered: Spring.

ART 2752C - Pottery Wheelthrowing I and Lab (3)
Introduction to wheel-thrown pottery. Basic principles and development of skills on the potter's wheel. Simple forming, glazing and firing techniques. Four studio hours.
Offered: Fall, Spring.

ART 2753C - Wheel Throwing II and Lab (3)
This course is a continuation of ART 2752C (Pottery Wheelthrowing I and Lab). This course focuses on perfecting techniques on the pottery's wheel and on creativity with conceptually based ceramic forms.
Offered: Fall, Spring.

ART 2755C - Ceramics: Hand-Building II and Lab (3)
This course is a continuation of ART 1754C (Pottery Handbuilding I and Lab). Emphasis on creativity and conceptual problems solving through the use of ceramic hand-building techniques.
Offered: Fall, Summer.

ASL - Foreign Lang (Sign Lang)

ASL 1430 - Fingerspelling (2)
This course studies the expressive and receptive methods of increased American Sign Language (ASL) fingerspelling dexterity using proper spatial location through ASL discourse, lexicalization, acronyms, abbreviations, numbering systems and tactile fingerspelling.
Offered: Fall, Spring, Summer.

ASL 2140 - American Sign Language I (4)
American Sign Language I introduces the fundamentals of American Sign Language (ASL) used by the Deaf Community in America. Included are basic vocabulary, grammatical syntax, fingerspelling, basic receptive listening practice and communicative competence. This course introduces basic cultural knowledge and provides an increased understanding of the Deaf Community. Completion of this course helps satisfy the Daytona State College foreign language requirement.
Offered: Fall, Spring, Summer.

ASL 2150 - American Sign Language II (4)
American Sign Language II continues developing American Sign Language (ASL) skills through vocabulary, proper grammatical syntax, rapid fingerspelling and basic classifiers. This course emphasizes active receptive listening skills, facial expressions, body language and spatial signs. It encourages live dialogue with Deaf individuals. This course discusses regional/ethnic sign variations and social, political and educational issues affecting the Deaf Community in America. Completion of this course helps satisfy the Daytona State College foreign language requirement.
Offered: Fall, Spring, Summer.

ASL 2160 - American Sign Language III (4)
American Sign Language III builds on skills learned in American Sign Language I/II, adding advanced ASL grammatical features, complex vocabulary for abstract ideas, idioms, short stories, poetry and conversational norms. This course further develops ASL receptive and expressive skills, dialogue skills, extensive use of classifiers and complex use of space. It introduces ASL linguistics with proper interpretation between ASL and English. Deaf culture and history are discussed. This course requires out-of-class interaction with the Deaf community. Completion of this course helps satisfy the Daytona State College foreign language requirements.

Offered: Fall.

**ASL 2200 - American Sign Language IV (4)**

American Sign Language IV builds on skills from ASL I, II, and III, adding advanced grammatical features, complex vocabulary for abstract ideas, idioms, short stories, poetry and conversational norms. This course further develops ASL receptive and expressive skills, dialogue skills, extensive use of classifiers and complex use of space. It introduces ASL linguistics with proper interpretation between ASL and English. Deaf culture and history are discussed. This course requires out-of-class interaction with the Deaf community. Completion of this course helps satisfy the Daytona State College foreign language requirement.

Offered: Spring.

**ASL 2510 - Introduction to Deaf Culture (3)**

The course will cover the impact of deafness on the individual and society, including historical perspectives, changing attitudes and the evolution of the Deaf community, its cultural norms and social expectations for members and outsiders. Pending assigned course number.

Offered: Spring.

**AST - Astronomy**

**AST 1002 - Astronomy (3)**

A survey of planetary, stellar and galactic astronomy; history of astronomy; and theories of the universe. Optional observing sessions may be held if the weather permits. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
BCA 0333 - Electrical Academy Union Apprentice 4 (99)
Course designed for electrical union apprenticeship students to develop competencies in resistors, inductors, capacitors, transformers, and vectors.
Offered: Fall.

BCA 0333L - Electrical Academy Union Apprentice 4 Lab-OJT (679.8)
Course designed for electrical union apprenticeship students to apply knowledge of resistors, inductors, capacitors, transformers, and vectors.
Offered: Fall.

BCA 0334 - Electrical Academy Union Apprentice 5 (99)
Course designed for electrical union apprenticeship students to develop competencies in AC Theory and how to relate the theory to everyday jobsite installations, How to interpret the National Electrical Code for jobsite installations, Understanding basic Transformer operation, and CPR review.
Offered: Spring.

BCA 0334L - Electrical Academy Union Apprentice 5 Lab-OJT (679.8)
Course designed for electrical union apprenticeship students to apply competencies in advanced electrical theory and DC and AC complex circuits and their relationship to practical applications.
Offered: Spring.

BCA 0335 - Electrical Academy Union Apprentice 6 (99)
Course designed for electrical union apprenticeship students to develop competencies in grounding and bonding of electrical equipment, the National Electrical Code book and the related theory as to how it relates to electrical installations, and how to use the proper test instruments.
Offered: Summer.

BCA 0335L - Electrical Academy Union Apprentice 6 Lab-OJT (679.8)
Course designed for electrical union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.
Offered: Summer.

BCA 0336 - Electrical Academy Union Apprentice 7 (99)
Course designed for electrical union apprenticeship students to develop competencies in grounding and bonding of electrical equipment, the National Electrical Code book and the related theory as to how it relates to electrical installations, How to use the proper test instruments,
Offered: Fall.

BCA 0336L - Electrical Academy Union Apprentice 7 Lab-OJT (679.8)
Course designed for electrical union apprenticeship students to develop competencies in grounding and bonding of electrical equipment, the National Electrical Code book and the related theory as to how it relates to electrical installations, and how to use the proper test instruments.
Offered: Fall.

BCA 0337 - Electrical Academy Union Apprentice 8 (99)
Course designed for electrical union apprenticeship students to develop competencies in understanding Transformers, Fire Alarm Systems, Telephone and Security Basics, and Structured Cabling Basics.
Offered: Spring.

BCA 0337L - Electrical Academy Union Apprentice 8 Lab-OJT (679.8)
Course designed for electrical union apprenticeship students to develop competencies in understanding Transformers, Fire Alarm Systems, Telephone and Security Basics, and Structured Cabling Basics.
Offered: Spring.

BCA 0338 - Electrical Academy Union Apprentice 9 (99)
Course designed for students (soon to be journeyman) to develop skills required to install lightning protection, motors and motor controls. Develop an understanding of building automation control devices. Introduction to photovoltaic systems, power quality and distributed generation.
Offered: Summer.

BCA 0338L - Electrical Academy Union Apprentice 9 Lab-OJT (639.9)
Course designed for electrical union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.
Offered: Summer.

BCA 0339 - Electrical Academy Union Apprentice 10 (99)
Course designed for electrical union apprenticeship students to develop competencies in advanced electricity, its uses and installation, methods including raceways, wiring, and electrical equipment.
Offered: Summer.

BCA 0339L - Electrical Academy Union Apprentice 10 Lab-OJT (679.8)
Course designed for electrical union apprenticeship students to apply knowledge of advanced electricity, its uses and installation, methods including raceways, wiring, and electrical equipment.

Offered: Summer.

BCA 0340 - Electrical Apprentice 9 (Union) (99)

Electrical Apprentice 9 (Union)

BCA 0340L - Electrical Apprentice 9 Lab-OJT (Non-Union) (639.9)

Course designed for electrical non-union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.

Offered: Summer.

BCA 0341 - Electrical Apprentice 10 (Non-Union) (99)

Course designed for electrical non-union apprenticeship students to develop competencies in advanced electricity, its uses and installation, methods including raceways, wiring, and electrical equipment.

Offered: Fall.

BCA 0341L - Electrical Apprentice 10 Lab-OJT (Non-Union) (679.8)

Course designed for electrical non-union apprenticeship students to apply knowledge of advanced electricity, its uses and installation, methods including raceways, wiring, and electrical equipment.

Offered: Fall.

BCA 0342 - Electrical Apprentice 11 (Non-Union) (99)

Course designed for electrical non-union apprenticeship students to develop competencies in blue print reading, motor calculations and transformer calculations.

Offered: Spring.

BCA 0342L - Electrical Apprentice 11 Lab-OJT (Union and Non-Union) (679.8)

Course designed for electrical non-union apprenticeship students to apply knowledge of advanced electricity, its uses and installation, motors, motor controls, transformers, safety and effective foremanship associated with the electrical industry.

Offered: Spring.

BCA 0343L - Electrical Apprentice 12 Lab-OJT (Non-Union) (639.9)

Course designed for electrical non-union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.

Offered: Spring.

BCA 0350 - Electrical Apprentice I (Non-Union) (99)

Course designed for electrical non-union apprenticeship students to apply knowledge of basic electricity, its uses and installation methods, Community First Aid Safety, and DC Theory.

Offered: Fall.

BCA 0350L - Electrical Apprentice I Lab-OJT (Non-Union) (679.8)

Course designed for electrical non-union apprenticeship students to apply knowledge of basic electricity, its uses and installation methods, Community First Aid Safety, and DC Theory.

Offered: Fall.

BCA 0351 - Electrical Apprentice 2 (Non-Union) (99)

Course designed for electrical non-union apprenticeship students to develop competencies in job safety and OSHA, basic wiring, electrical equipment, recognition and use of electrical materials, and basic blueprint symbols.

Offered: Spring.

BCA 0351L - Electrical Apprentice 2 Lab-OJT (Non-Union) (679.8)

Course designed for electrical non-union apprenticeship students to apply knowledge of job safety and OSHA, basic wiring, electrical equipment, recognition and use of electrical materials, and basic blueprint reading.

Offered: Spring.

BCA 0352L - Electrical Apprentice 3 Lab-OJT (Non-Union) (639.9)

Course designed for electrical non-union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.

Offered: Summer.

BCA 0353 - Electrical Apprentice 4 (Non-Union) (99)

Course designed for electrical non-union apprenticeship students to develop competencies in resistors, inductors, capacitors, transformers, and vectors.

Offered: Fall.

BCA 0353L - Electrical Apprentice 4 Lab-OJT (Non-Union) (679.8)

Course designed for electrical non-union apprenticeship students to apply knowledge of resistors, inductors, capacitors, transformers, and vectors.

Offered: Fall.
BCA 0354 - Electrical Apprentice 5 (Non-Union) (99)
Course designed for electrical non-union apprenticeship students to develop competencies in florescent, HID lights, and lighting calculations, breakers/fuses, panels/switchgear, voltagedrop calculations, wire pulling tension calculations, GFI operations, and CPR review.
Offered: Spring.

BCA 0354L - Electrical Apprentice 5 Lab-OJT (Non-Union) (679.8)
Course designed for electrical non-union apprenticeship students to apply competencies in advanced electrical theory and DC and AC complex circuits and their relationship to practical applications.
Offered: Spring.

BCA 0355 - Electrical Apprentice 6 (Non-Union) (99)
Course designed for electrical non-union apprenticeship students to develop competencies in fire alarm systems, the National Electrical Code book and the related theory as to how it intertwines with the industry, basic hazardous locations, and understanding auxiliary power systems.
Offered: Fall.

BCA 0355L - Electrical Apprentice 6 Lab-OJT (Non-Union) (639)
Course designed for electrical non-union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.
Offered: Summer.

BCA 0356 - Electrical Apprentice 7 (Non-Union) (99)
Course designed for electrical non-union apprenticeship students to develop competencies in fire alarm systems, the National Electrical Code book and the related theory as to how it intertwines with the industry, basic hazardous locations, and understanding auxiliary power systems.
Offered: Fall.

BCA 0356L - Electrical Apprentice 7 Lab-OJT (Non-Union) (679.8)
Course designed for electrical non-union apprenticeship students to apply knowledge of fire alarms, the National Electrical Code book and related theory as to how it intertwines with the industry, basic hazardous locations, and understanding auxiliary power systems.
Offered: Fall.

BCA 0357 - Electrical Apprentice 8 (Non-Union) (99)
Course designed for electrical non-union apprenticeship students to develop competencies in understanding auxiliary power systems, generators, special occupancies, special equipment, and special conditions.
Offered: Spring.

BCA 0357L - Electrical Apprentice 8 Lab-OJT (Non-Union) (679.8)
Course designed for electrical non-union apprenticeship students to apply knowledge of auxiliary power systems, generators, special occupancies, special equipment, and special conditions.
Offered: Fall.

BCA 0390 - Electrical Academy Union Apprentice 11 (99)
Course designed for electrical union apprenticeship students to develop competencies in utilizing the National Electrical Code in day to day electrical installations. Become familiar with the articles and sections of the NEC when preparing for the Journeyman Block Exam. Perform electrical calculations. Review Hazardous Locations. Understand general requirements for electrical installations in Health Care Facilities.
Offered: Spring.

BCA 0390L - Electrical Academy Union Apprentice 11 Lab-OJT (679.8)
Course designed for electrical union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.
Offered: Spring.

BCA 0391 - Electrical Academy Union Apprentice 12 (99)
Course designed for electrical union apprenticeship students to develop competencies in utilizing the National Electrical Code in day to day electrical installations. Become familiar with the articles and sections of the NEC when preparing for the Journeyman Block Exam. Perform electrical calculations. Review Hazardous Locations. Understand general requirements for electrical installations in Health Care Facilities.
Offered: Spring.

BCA 0391L - Electrical Academy Union Apprentice 12 Lab-OJT (639.9)
Course designed for electrical union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.
Offered: Summer.

BCA 0431 - Plumbing Apprentice 11 (123)
This course will provide students with knowledge in pipe fabrication, gas installation, oxy-fuel cutting/shielding metal arc welding, and HVAC refrigeration.
Offered: Fall.
BCA 0431L - Plumbing Apprentice 11 Lab (680)
This course will provide students with opportunities to apply and demonstrate knowledge in pipe fabrication, gas installation, oxy-fuel cutting/shielding metal arc welding, and HVAC refrigeration.
Offered: Fall.

BCA 0432 - Plumbing Apprentice 12 (123)
This course will provide students with knowledge of hydronic heating and cooling and steam systems, plumbing service and repair, plumbing fixtures and appliances, pumps, and water supply.
Offered: Spring.

BCA 0432L - Plumbing Apprentice 12 Lab (680)
This course provides opportunities for students to demonstrate knowledge and skills related to hydronic heating, cooling and steam systems, plumbing service and repair, plumbing fixtures and appliances, and water supply.
Offered: Spring.

BCA 0433L - Plumbing Apprentice 13 Lab (639.9)
This course will provide students with the opportunity to demonstrate knowledge of pipe fabrication and oxy-fuel cutting/shielded metal arc welding, plumbing service and repair, plumbing fixtures and appliances, and water supply.
Offered: Summer.

BCA 0434 - Plumbing Apprentice 14 (123)
This course will provide students with knowledge in chilled water systems, building automation and pneumatic controls, backflow prevention, cross connection, and control.
Offered: Fall.

BCA 0434L - Plumbing Apprentice 14 Lab (679.8)
This course provides opportunities for students to demonstrate knowledge and skills related to chilled water systems, building automation and pneumatic controls, backflow prevention, cross connection, and control.
Offered: Fall.

BCA 0435 - Plumbing Apprentice 15 (123)
This course will provide students with knowledge of plumbing code applications, foreman training, gas tungsten arc welding, instrumentation, and process control.
Offered: Spring.

BCA 0435L - Plumbing Apprentice 15 Lab (679.8)
This course will provide students with knowledge of plumbing code applications, foreman training, gas tungsten arc welding, instrumentation, and process control.
Offered: Spring.

BCA 0436 - Plumbing Apprentice 16 (123)
This course will provide students with knowledge of water service and repair, plumbing fixtures and appliances, and water supply.
Offered: Spring.

BCA 0436L - Plumbing Apprentice 16 Lab (680)
This course provides opportunities for students to demonstrate knowledge and skills related to water service and repair, plumbing fixtures and appliances, and water supply.
Offered: Spring.

This course will provide students with knowledge of plumbing code applications, foreman training, gas tungsten arc welding, instrumentation, and process control.
Offered: Spring.

BCA 0450L - Plumbing Apprentice 1 Lab (639.9)
This course will provide students with the opportunity to demonstrate their knowledge of job safety, health, use and care of tools, pipe fabrication, rigging, drawing interpretation, plan reading, mathematics, and customer service related to the piping industry.
Offered: Summer.

BCA 0451 - Plumbing Apprentice 2 (123)
This course will provide students the opportunity to demonstrate their knowledge and skills related to various types of pipe, labor history, job safety, health, use and care of tools, soldering, brazing, and mathematics related to the piping industry.
Offered: Fall.

BCA 0451L - Plumbing Apprentice 2 Lab (679.8)
This course will provide students the opportunity to demonstrate their knowledge and skills related to various types of pipe, labor history, job safety, health, use and care of tools, soldering, brazing, and mathematics related to the piping industry.
Offered: Fall.

BCA 0452 - Plumbing Apprentice 3 (123)
This course will provide students with knowledge of mathematics related to the piping industry, pipe fabrication, basic electricity, related science, rigging, drawing interpretation, and plan reading. Students receive training in customer service skills.
Offered: Spring.

BCA 0452L - Plumbing Apprentice 3 Lab (679.8)
This course will provide students with opportunities to apply knowledge of mathematics and science related to the piping industry including pipe fabrication, basic electricity, rigging, drawing interpretation, and plan reading. Students will demonstrate customer service skills.
Offered: Spring.

BCA 0453L - Plumbing Apprentice 4 Lab (639.9)
This course will provide students with opportunities to apply general knowledge of ventilation, air conditioning, refrigeration, and conservation and safe handling of refrigerants. Students will demonstrate knowledge in hydronic heating and cooling, pipe layout, the various piping fixtures, valves, electric controls, HVAC,
refrigeration controls, drainage, equipment, and skills in customer service.

Offered: Summer.

**BCA 0454 - Plumbing Apprentice 5 (123)**

This course will provide students with the fundamentals of oxy-fuel cutting and shielded metal arc welding along with general knowledge of ventilation, air conditioning, refrigeration, electric motors, conservation, and safe handling of refrigerants. Students will gain knowledge of intermediate mathematics for the piping industry.

Offered: Fall.

**BCA 0454L - Plumbing Apprentice 5 Lab (680)**

This course will provide students with the opportunity to demonstrate their understanding of the fundamentals of oxy-fuel cutting and shielded metal arc welding while applying general knowledge of ventilation, air conditioning, refrigeration, and electric motors within the piping industry. Students will apply knowledge of intermediate mathematics for the piping industry. Students also learn conservation and safe handling of refrigerants.

Offered: Fall.

**BCA 0455 - Plumbing Apprentice 6 (123)**

This course will provide students with the knowledge in hydronic heating and cooling, pipe layout, gas installation, various piping fixtures, valves, equipment, electric controls, HVAC and refrigeration controls, drainage, plumbing service and repair, and skills in customer service.

Offered: Spring.

**BCA 0455L - Plumbing Apprentice 6 Lab (679.8)**

This course will provide students with opportunities to apply knowledge in hydronic heating and cooling, pipe layout, gas installation, various piping fixtures, valves, equipment, electric controls, HVAC and refrigeration controls, drainage, plumbing service and repair, and skills in customer service.

Offered: Spring.

**BCA 0456L - Plumbing Apprentice 7 Lab (639.9)**

This course will provide students with opportunities to demonstrate knowledge of oxy-fuel cutting/welding and shielded metal arc welding, hydronic heating and cooling, pumps, air conditioning, and ventilation. Students will demonstrate knowledge in plumbing code application.

Offered: Summer.

**BCA 0457 - Plumbing Apprentice 8 (123)**

This course will provide students with knowledge of customer service, and the plumbing code and its application to pumps, air conditioning, and ventilation.

Offered: Fall.

**BCA 0457L - Plumbing Apprentice 8 Lab (679.8)**

This course will provide students with opportunities to gain knowledge and demonstrate skills using pumps, air conditioning and ventilation, and customer service in plumbing code application.

Offered: Fall.

**BCA 0458 - Plumbing Apprentice 9 (123)**

This course will provide students with knowledge in steam system technology, oxy-fuel cutting/welding and shielded metal arc welding, hydronic heating and cooling, and refrigeration and air conditioning.

Offered: Spring.

**BCA 0458L - Plumbing Apprentice 9 Lab (679.8)**

This course will provide students with opportunities to apply knowledge in steam system technology, oxy-fuel cutting/welding and shielded metal arc welding, hydronic heating and cooling, and refrigeration and air conditioning.

Offered: Spring.

**BCA 0459L - Plumbing Apprentice 10 Lab (640)**

This course will provide students the opportunity to install compressed air piping systems, corrosive resistant waste piping, medical gas piping, and private waste disposal and water supply systems, the installation of swimming pools and hot tubs. Knowledge of refrigeration equipment and applications such as supermarket installations, low temperature applications, compound compression systems, cascade and ultra-low temperature systems along with the fundamental operating concept of pneumatic controls, centrifugal and absorption cooling (lithium bromide and water-ammonia systems) will be detailed in the course.

Offered: Summer.

**BCH - Biochemistry**

**BCH 3023C - Biochemistry I and Lab (4)**

Survey of the fundamental components of biochemistry. 3 hours lecture and 3 hours lab.

Offered: Fall.

**BCN - Building Construction**

**BCN 1210 - Materials and Processes (3)**
Applications and characteristics, both physical and chemical, of materials commonly used in construction and mechanical processes by which materials may be shaped or formed.

Offered: Fall, Spring.

**BCN 1251C - Architectural Drawing I and Lab (3)**
Fundamentals of construction drafting, including basic components of construction. Development of working drawings including plans, elevations and sections using wood and construction in accordance with building code requirements.

Offered: Fall, Spring, Summer.

**BCN 1253C - Architectural Drawing II and Lab (3)**
Intermediate principles of architectural drawing, space utilization, visual design and perspective.

Offered: Spring, Summer.

**BCN 2257C - Architectural Detailing and Lab (3)**
Architectural detailing of steel, wood and concrete systems used in light construction.

Offered: Spring.

**BCN 2560 - Mechanical and Electrical Equipment (3)**
The study of heating, air conditioning, water supply, sanitation and electrical service and their installation. Design methods along with the operation of equipment and controls is also included.

Offered: Spring.

**BCN 2905 - Directed Study in Construction (1)**

Directed Study in Construction

Offered: Fall, Spring, Summer.

**BCT - Building Construction**

**BCT 1040 - Blueprint Reading (3)**
This class is a survey of the various types of drawings and other documents commonly used in the construction industry. It includes topics such as: terminology, abbreviations, symbols, notations, scales, dimensions, meanings of lines, drawing history, technical and orthographic projections, types of construction, and trade information. This class reinforces the skills of reading, writing and mathematics.

Offered: Fall, Spring.

**BCT 2949 - Cooperative Education Experience in Construction (1)**

(Prerequisite: 12 semester hours of approved Building and Architecture Technology courses and permission of the Building and Architecture Technology chairperson.) Course does not show up in regular catalog schedule until you are registered. You are not officially registered until you have completed the Cooperative Education Learning Plan (with all signatures) and Cooperative Education Training Assignment/Registration. Required to complete 80-320 program contact hours in the field based on program 1-4 credit hour course requirement. (Average of 12-15 hours a week at an employer worksite)

1 credit = 80 contact hrs. 2 credits = 160 contact hrs. 3 credits = 240 contact hrs. 4 credits = 320 contact hrs. To register contact the Chairperson of your Department, or Cheryl Miller - Work Experience Coordinator millerc@DaytonaState.edu 386-506-4143 - Technology Campus

Offered: Fall, Spring, Summer.

**BCT 2990 - Technical Training (23)**
Students must have completed an appropriate apprenticeship or certificate program of 700 contact hours or equivalent with a GPA of 2.0 or better. Demonstrated work experience with supporting documentation equivalent to an apprenticeship or certificate may be acceptable. The certificate or apprenticeship program will be evaluated. If accepted, credit will be awarded.

Offered: Fall, Spring, Summer.

**BCV - Build Construct Voc**

**BCV 0080L - Building Construction Assistant I Lab (375)**
The purpose of this course is to prepare students with the basic skills needed to work in the construction industry. Students will gain a basic understanding of safety and appropriate usage of hand and power tools used in the construction industry.

Offered: Spring.

**BCV 0081L - Carpentry and Masonry Technician Lab (150)**
The purpose of this course is to provide students with knowledge of the construction industry including but not limited to applicable laws, building codes, contracts and specifications. Students will continue to develop skills in carpentry and masonry.

Offered: Spring.

**BCV 0082L - Electrical and Plumbing Technician Lab (150)**
The purpose of this course is to provide training in rough and finish electrical skills, rough and finish plumbing skills and rough and finish air conditioning skills.

Offered: Spring.

BCV 0084L - Building Construction Assistant II Lab (75)
The purpose of this course is to prepare students with the basic skills needed to work in the construction industry. Students will demonstrate and practice safety standards and the appropriate usage of hand and power tools used in the construction industry.

Offered: Spring.

BOT - Botany

BOT 1010C - General Botany and Lab (4)
General principles of the structural organization and function of plants emphasizing cellular structure and physiology, anatomy, genetics, growth and diversity of plants. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring.

BOT 2150 - Native Plants of Central Florida (3)
This course will explore plants native to Central Florida including those in the coastal regions and inland wetlands and their interaction with the environment. SP

Offered: Spring.

BOT 3151 - Flora of Central Florida (3)
Identification and natural history of the plants of Florida's coastal wetlands. Field and laboratory work in collection and preservation. Will involve field trips to sites in Volusia and Flagler Counties.

Offered: Spring.

BSC - Biological Science

BSC 0070 - Basic Anatomy and Physiology for Health Careers (45)
This course guides the student in the exploration of the structure and function of the various systems of the human body as applied to certificate health programs. During the course students will explore the Internet, utilize course discussions and course mail and engage in activities, which will enable them to build a sound knowledge base for further studies in health care programs. Topics examined during the course will be all of the systems of the body. This course can not be applied to the A.A. degree.

Offered: Fall, Spring, Summer.

BSC 1005L - Survey of Biological Sciences (For Non-Science Majors) Lab (1)
A survey of topics in biology designed to meet the informational needs of the non-scientist. Coverage of topics in molecular, cellular, organismal and population biology is included. Pre or Co-requisite ENC1101 (Not intended for science, engineering or pre-professional health-related majors.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

BSC 1005C - Survey of Biological Sciences (For Non-Science Majors) (3)
A survey of topics in biology designed to meet the informational needs of the non-scientist. Coverage of topics in molecular, cellular, organismal and population biology is included. Pre or Co-requisite ENC1101 (Not intended for science, engineering or pre-professional health-related majors.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

BSC 1005L - Survey of Biological Science (For Non-Science Majors) Lab (1)
The laboratory consists of observation, demonstration and experiments which correlate with the lecture.

Offered: Fall, Spring, Summer.

BSC 1010C - General Biology I (For Science Majors) and Lab (4)
Basic principles, which apply to the nature of plant and animal cells, including metabolism, reproduction, protein synthesis and genetics. Designed for Science majors. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

BSC 1011C - General Biology II (For Science Majors) and Lab (4)
A survey of the evolution, morphology, physiology and ecology of the five kingdoms of living organisms. Designed for science majors. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

BSC 1020 - Human Biology (3)
This course provides an introduction to scientific inquiry in relationship to the human body, its systems and basic functions with emphasis on homeostasis mechanisms. Not intended for science majors. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

BSC 1085C - Human Anatomy and Physiology I and Lab (4)
Structure and function of the integumentary, skeletal, muscular and nervous systems of the human body. Course also will cover basic cytology and histology. This course is
designed for students in health professions. A background in biology and chemistry strongly recommended. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**BSC 1086C - Human Anatomy & Physiology II and Lab (4)**

A continuation of BSC 1085C. This course covers the structure and function of the digestive, urinary, respiratory, endocrine, circulatory and reproductive systems. This course is designed for students in health professions. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**BSC 2905 - Directed Study in Biological Sciences (1)**

Directed Study in Biological Science (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)

Offered: Fall, Spring, Summer.

**BUL - Business Law**

**BUL 2040 - Law For The Ind (3)**

Law For The Ind

**BUL 2241 - Business Law I (3)**

An introduction to the legal setting in which businesses operate. Coverage includes introduction to law, constitutional law, administrative law, torts, crimes, contracts, ethics and the effect of government regulation on businesses. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)

Offered: Fall, Spring, Summer.

**BUL 2242 - Business Law II (3)**

This course is a continuation of Business Law I (BUL 2241) which reflects current thinking and recent changes in the law, and examines the Uniform Commercial Code (UCC), sales and secured transactions, creditor's rights, agency and business organizations. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)

Offered: Fall, Spring, Summer.

**BUL 3130 - Legal, Ethical, and Social Aspects of Business (3)**

This course explores the nature of legal, ethical, and societal environments of business. Emphasis is placed on business's social, legal, political, and ethical responsibilities to both external and internal groups in business. Topics include corporate social responsibility, legal, political and ethical aspects of business, state and federal laws, contracts, intellectual property, employment law, product liability, safety issues, and environmental regulation. PR: Junior level status or permission of the chair is required.

Offered: Fall, Spring, Summer.

**CAP - Computer Science**

**CAP 1801 - Simulation Fundamentals (3)**

This is an introductory course in simulation technology. Students will learn the basic concepts in safety and housekeeping, basic sim-related software and hardware, instrumentation, documentation, and publications as related to the simulation industry.

Offered: Fall.

**CAP 2023 - Introduction to Game Programming (3)**

During this course student will complete a ready-to-play, 3D animated game. This is a fast-paced, hands-on class to introduce the student to programming essentials, scripting, networking, GUI, textures, skins, and 3D math. Students program clients and server modules; users interface; model and animate 3D characters, vehicles, terrains, and environments; program sound and music; and finally play test the finished game.

Offered: Fall.

**CAP 2804 - Advanced Simulation Systems (4)**

The student will build on basic knowledge of simulator systems and operations gained in Simulation Fundamentals. Evaluation of simulator performance in comparison to requirements with consideration of government and manufacturing standards and statement of work documentation is included. Overall alignment procedures will also be covered.

Offered: Spring.

**CAP 2905 - Directed Study in Simulation and Robotics (1)**

Directed Study in Simulation and Robotics.

Offered: Fall, Spring, Summer.

**CAP 2949 - Cooperative Education Experience in Simulation and Robotics (1)**

(Prerequisite: 12 semester hours of approved Computer Science courses and permission of Computer Science
chairperson.) Course does not show up in regular catalog schedule until you are registered. You are not officially registered until you have completed the Cooperative Education Learning Plan (with all signatures) and Cooperative Education Training Assignment/Registration. Required to complete 80-320 program contact hours in the field based on program 1-4 credit hour course requirement. (Average of 12-15 hours a week at an employer worksite)

1 credit = 80 contact hrs. 2 credits = 160 contact hrs. 3 credits = 240 contact hrs. 4 credits = 320 contact hrs. To register contact the Chairperson of your Department, or Cheryl Miller - Work Experience Coordinator millerc@DaytonaState.edu 386-506-4143 - Technology Campus

Offered: Fall, Spring, Summer.

CCJ - Criminal Justice

CCJ 1010 - Introduction to Criminology (3)
Survey of the social origins of criminal law, the administration of criminal justice, the causes of criminal behavior and the prevention and control of crime. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)
Offered: Fall, Spring, Summer.

CCJ 1020 - Introduction to Criminal Justice (3)
Exposure to the philosophical and historical background of criminal justice agencies and evaluation of their purpose, functions and contemporary problems. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)
Offered: Fall, Spring, Summer.

CCJ 1080 - Introduction to Criminal Forensic Studies (3)
This course is a survey course introducing the students to the multidisciplinary nature of forensics. Topics will represent different disciplines and will discuss the role of each discipline in criminal justice forensics.
Offered: Fall, Spring.

CCJ 2647 - Organized Crime (3)
An examination of organized crime, including structures, histories and activities, and issues of surrounding efforts to define and control it.
Offered: Fall.

CCJ 2650 - Drugs, Alcohol and Crime (3)
This course presents an overview of the crime problems associated with the use of drugs and dangerous substances, with the impact of these problems on society and criminal justice.
Offered: Fall, Spring.

CCJ 2930 - Selected Topics in Criminal Justice (3)
Selected Topics in Criminal Justice

CDA - Computer Science

CDA 4101 - Computer Organization and Design (3)
This course is the study of computer systems design and architecture. Topics include: machine, machine languages, digital logic, processor design, computer arithmetic, and memory system design.

CEN - Computer Science

CEN 2002 - Software Design and Development I (3)
This course deals with the techniques used in analysis, design, and development of computer system software through data flow analysis and system development life cycle including traditional (and object) analysis, requirements analysis, specification, systems design, implementation, and maintenance.
Offered: Spring.

CEN 3722 - Human Computer Interfaces (3)
The students will learn the basic elements of design and evaluation of human computer interfaces. Topics will include interface design, ergonomic consideration, interface design best practices, integrating design with user requirements, and common design elements of computer interfaces. Programming will be required.
Offered: Fall, Spring, Summer.

CEN 4010 - Software Engineering (3)
This course covers the study and application of engineering to the design, development, and maintenance of software. This course requires programming.
Offered: Fall, Spring, Summer.

CEN 4801 - Systems Integration (3)
Studies the process of integration of different software systems and applications into an organization. Covers issues with integrating software systems in large organizations including developing requirements, security, interoperability, business process documentation and support, testing, and maintenance.
Offered: Fall, Spring, Summer.
CET - Computer Electronic Tech

CET 1112C - Digital Fundamentals and Lab (4)

First course in digital theory covers number systems, including binary, octal, hexadecimal and decimal. Also includes logic gates, Boolean algebra, decoders, flip-flops, counters and programmable logic devices.

Offered: Fall, Spring, Summer.

CET 1600 - Network Plus (3)

Basic concepts of network communication using the OSI model. Media, access protocols, routing, reliability, network services. Concepts of routing on an internet work. Prepares students for Network Plus certification exam.

Offered: Fall, Spring, Summer.

CET 2123C - Microcomputer and Basic Digital Communications and Lab (4)

This course includes the architectural study of a microprocessor with its bus system and instruction set. An introduction to the principles of digital communications is also included in this course.

CET 2154 - A+ Computer Repair (4)

Designed to teach the fundamentals needed to perform assembly, upgrading, and servicing of PC hardware and operating systems. Covers the basic installation and function of current operating systems, multi-boot and maintenance utilities. Also introduces handheld devices such as notebooks, tablets, and PDAs. Course uses hands-on approach to learning, along with on-line content and A+ certified text to prepare students for the A+ exams.

Offered: Fall, Spring, Summer.

CET 2615 - Advanced Cisco Router Configuration (3)

Advanced techniques in configuration of Cisco routers in Internet works, including utilization of configuration files downloaded from a TFTP server, employing advanced Cisco IOS EXEC commands.

Offered: Fall.

CET 2620 - Cisco Wide Area Network (WAN) (3)

Routing WAN services and encapsulation, WAN design, PPP operation and authentication, ISDN capabilities and configuration, Frame Relay, subinterfaces and configuration. CCNA 640-607 certification exam.

Offered: Fall, Spring.

CET 2625 - Building Scalable Cisco Internetworks (3)

The Building Scalable Cisco Internetworks (BSCI) course focuses on using Cisco routers connected in LANs and WANs typically found at medium to large network sites. Upon completion of this training course, students will be able to select and implement the appropriate Cisco IOS services required to build a scalable, routed network.

BSCI is part of the recommended training path for those students seeking the Cisco Certified Network Professional (CCNP) and Cisco Certified Design Professional (CCDP).

Offered: Spring.

CET 2626 - Building Cisco Remote Access Networks (3)

In the Building Scalable Remote Access Networks (BSRAN) course, students learn how to build, configure and troubleshoot a remote access network to interconnect central sites to branch offices and home offices. Students also learn how to control access to the central site, as well as to maximize bandwidth utilization over the remote links. BSRAN is part of the recommended training path for those students seeking the Cisco Certified Network Professional (CCNP), Cisco Certified Design Professional (CCDP), and Cisco Certified Internetwork Expert (CCIE) certifications.

Offered: Spring.

CET 2660 - Fundamentals of Network Security (3)

This course introduces the student to the concepts and methods of securing a computer network. The course includes general security concepts, legal aspects of computer crime, cyber-crime culture, viruses, types of attack, communications security, cryptology, access control, firewalls, intrusion detection and disaster preparedness. This course prepares the student for the CompTIA Security+ certification. Students must have a thorough knowledge of TCP/IP prior to enrolling.

Offered: Fall, Spring.

CET 2850 - Wireless and Mobile Security (3)

Site survey, installation, configuration, and troubleshooting of Wireless Local Area Networks. Basic RF and antenna theory.

Offered: Spring.

CET 2949 - Cooperative Education Experience in Computer Engineering Technology (1)

(Prerequisite: 12 semester hours of approved Computer Science courses and permission of Computer Science chairperson.) Course does not show up in regular catalog schedule until you are registered. You are not officially registered until you have completed the Cooperative Education Learning Plan (with all signatures) and Cooperative Education Training Assignment/Registration. Required to complete 80-320 program contact hours in the field based on program 1-4 credit hour course requirement. (Average of 12-15 hours a week at an employer worksite) 1credit=80 contact hrs. 2credits=160 contact hrs. 3credits=240 contact hrs. 4credits=320 contact hrs. To
register contact the Chairperson of your Department, or Cheryl Miller - Work Experience Coordinator millerc@DaytonaState.edu 386-506-4143 - Technology Campus

Offered: Fall, Spring, Summer.

**CET 3116 - Digital Technology (4)**

Class provide Digital logic gates, memory devices, Karnaugh Maps, combinational logic, arithmetic units, registers and sequential logic.

Offered: Fall, Spring.

**CET 3198 - Digital Systems (2)**

Finite State Machines and Algorithmic State Machines, includes design, synthesis and implementation of a digital system using schematic capture and VHDL.

Offered: Fall.

**CET 3198L - Digital Systems Lab (1)**

Hands on lab component for; Finite State Machines and Algorithmic State Machines, includes design, synthesis and implementation of a digital system using schematic capture and VHDL.

Offered: Fall.

**CET 3906 - Directed Study in Computer Engineering Technology (1)**

Directed Study in Computer Engineering Technology

Offered: Fall, Spring, Summer.

**CET 4134C - Microprocessor Electronics II and Lab (3)**

Detailed discussion of MC68000 Software architecture programming and hardware architecture. Additionally, assembly language programming interfacing and hardware are discussed.

**CET 4138C - Programmable Digital Devices and Lab (3)**

Architecture and applications of various types of programmable logic devices. Design entry, methods, e.g. HDL, schematic capture, etc. Lab exercises using PALS, PLDs, and FPGS.

**CET 4668 - Practice of Information Security (3)**

Practice of Information Security including technical security issues, legal issues, physical and operational security, and security, architecture and models.

Offered: Fall, Spring.

**CET 4860 - Introduction to Digital Forensics (3)**

Topics will include; forensic process; forensic duplication; authentication; file recovery; file systems; FAT file system; digital artifacts, and various digital forensic tools.

Offered: Fall, Spring.

**CET 4861 - Advanced Digital Forensics (3)**

Topics include forensic process, NTFS, EXT, HFS+ file systems, Window's registry forensics, RAM and SWAP capture, and mobile device forensics. This is a hands-on course that requires prior knowledge of computer systems and Linux.

Offered: Fall.

**CET 4862 - Network Forensics and Incident Response (3)**

Course covers identification, recovery and analysis of forensic artifacts from computer and network intrusions. Topics include: incident handling, malware analysis, identifying and recovery evidence of intrusions, data hiding, and identifying network-based attacks. This is a hands-on course that requires prior knowledge of networking and Linux.

Offered: Spring.

**CET 4884 - Security Methods and Practice (3)**

An introduction to the fundamentals of how an enterprise's information, technology, facilities and people are protected. This includes business, legal, human resources and technology issues.

Offered: Fall.

**CET 4885 - Digital Forensics for Information Security (3)**

This course will provide students with the fundamental principles of digital forensics with an emphasis on the skills needed by information security professionals.

**CGS - Computer Science**

**CGS 1002 - Introduction to Microcomputer Operations (1)**

This is an introductory hands-on course that teaches the essentials of using the Windows Operating System. Emphasis on the use and management of the explorer, the taskbar, the desktop and menus, online help, disk tools and accessories.

Offered: Spring.

**CGS 1060C - Basic Computer Concepts and Lab (3)**

This course is intended for first time computer users and concentrates on basic computer literacy. Students completing this course will have a concrete understanding
of how to use a personal computer, manage computer files, use the Windows operating system and its various tools, send and receive e-mail and utilize the Internet to access information. Furthermore, the student will receive hands on experience with word processing, spreadsheet, presentation and other application programs. The course will be composed of classroom lectures together with hands-on computer exercises.

Offered: Fall, Spring, Summer.

**CGS 1421 - Intr Pgm Tech (3)**
Intr Pgm Tech

**CGS 1421L - Cmp/basic Lab (1)**
Cmp/basic Lab

**CGS 1570 - Introduction to Computer Applications (1)**
This is a short introductory course, which introduces students to word processing, spreadsheets, database and presentation software. Students participate in hands-on activities using these software applications.

Offered: Fall, Spring.

**CGS 2100 - Microcomputer Applications (3)**
An introduction to computer operations including Windows operating system, e-mail, internet, and the use of software packages, including word processing, spreadsheets, data base management and presentation software.

Offered: Fall, Spring, Summer.

**CGS 2512 - Advanced Computer Spreadsheets and Graphics Presentations (3)**
This course examines advanced spreadsheet techniques such as functions, formula development, what-if tables, and logic functions. Also covered is the planning and development of graphics presentations using animation, sound, charts, and narration.

Offered: Spring.

**CGS 2820 - Web Programming (JavaScript, Ajax, ASP.Net) (3)**
This project-based course deals with a variety of web design tools used to access, design, and develop web sites. The students will be trained in techniques for creation and implementation of well-designed Dynamic Web sites using a design tool and a client side scripting language like JavaScript, Ajax, and server side technique with ASP.Net.

Offered: Fall, Spring.

**CGS 2821 - Advanced Web Programming (XML, ASP.Net, SQL Server) (3)**

This course continues the participants’ development of skills using advanced web design techniques. Students will gain hands-on experience in creating and applying XML documents to web pages; understand XML mechanics and applications; manage XML data with ASP.Net and SQL Server programming.

Offered: Spring.

**CGS 2840 - Cryptology (3)**
The student will learn about the history, present, and future of electronic commerce in the world. The student will also learn about the threats, vulnerabilities and policies when dealing with commerce in the electronic age.

Offered: Spring.

**CGS 2905 - Directed Study in Computer Software Applications (1)**
Directed Study in Computer Software Applications

Offered: Fall, Spring, Summer.

**CHD - Early Childhood Education**

**CHD 1104 - Introduction to Early Childhood Education I (3)**
This course is designed to introduce the student to the field of Child Development and Education, with an emphasis on the historical, philosophical, psychological and sociological foundations of Early Childhood Education.

**CHD 1220 - Child Growth and Development (3)**
A study of the interplay of biological factors, human interaction, social structure and cultural forces involved in shaping the growing child.

Offered: Fall, Spring.

**CHD 1430 - Observation, Recording and Assessment (3)**
This course covers techniques for observing, recording and assessing the behavior of young children.

Offered: Summer.

**CHD 1820 - Introduction to Early Childhood Education II (3)**
An overview of facilities, equipment, program planning and family involvement, using educational objectives and lesson plans in the preschool. Includes field experiences.

Offered: Spring.

**CHD 2320 - Curriculum Planning for Early Childhood (3)**
A course designed to study and develop competencies in lesson planning, curriculum design, record keeping, diagnostic/evaluative procedures and teaching techniques using preschool settings. This course is intended to meet one of the educational requirements for the Advanced Level Child Care and Education Administrator Credential as defined by the state of Florida.

Offered: Summer.

**CHD 2333 - Creative Activities for the Young Child (3)**

Designed to develop competencies in planning and supervising creative activities and to provide students with skills acquisition necessary to develop and adapt learning materials for the young child.

Offered: Spring.

**CHD 2334 - Language Arts for the Young Child (3)**

Course covering skills and concepts required by teachers of young children to plan developmentally appropriate activities in language development, reading readiness and storytelling.

Offered: Spring.

**CHD 2335 - Music and Motor Activities for the Young Child (3)**

Designed to teach the value of musical and physical activities in the child's life and ways to incorporate musical and motor activities in creative learning experience in the preschool.

Offered: Spring.

**CHD 2338 - Math and Science for the Young Child (3)**

A course covering the skills and concepts required by teachers of young children to plan developmentally appropriate activities in math, safety, science and food experience.

**CHD 2440 - Child Development Practicum (6)**

The course is designed to provide students with a supervised internship in a selected educational program for young children. (Prerequisite: Permission of chairperson.)

Offered: Spring.

**CHD 2801 - Child Development Management (3)**

Child care management course covering director responsibilities in implementing and administering an early childhood program, staff selection and supervision and financially managing the program. This course is intended to meet the educational requirements for the foundational-level child care and Educational Administrator Credential as defined by the state of Florida, and can be used toward the advanced level of the credential.

Offered: Fall, Spring, Summer.

**CHD 2905 - Directed Study in Child Development (2)**

Directed Study in Child Development

Offered: Fall, Spring, Summer.

**CHD 2930 - Special Topics in Early Childhood (1)**

This course provides an overview of the roles and requirements of various children care professionals.

Offered: Spring.

**CHM - Chemistry**

**CHM 1020 - Chemistry in Society (3)**

This course is for non-science majors who wish to fulfill the general education science requirement. Basic chemical concepts and principles are introduced to help students better connect chemistry to everyday life. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring.

**CHM 1025C - Introduction to Chemistry and Lab (4)**

Survey of modern chemistry, designed particularly for those with little or no chemistry background or for those needing an overview of chemistry. May also be used as a preliminary to CHM 1045C. Three-hour lecture, one-hour recitation/laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring.

**CHM 1045C - General College Chemistry I and Lab (4)**

Fundamental laws and theories of chemistry and related laboratory experiments. Designed for students majoring in science. Three-hour lecture, three-hour laboratory. (Prerequisites or corequisites: ENC 1101 and MAC 1105 and satisfactory completion of CHM 1025C or evidence of satisfactory achievement in high school chemistry.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**CHM 1046C - General College Chemistry II and Lab (4)**

Continuation of CHM 1045C. Three-hour lecture, three-hour laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**CHM 2210C - Organic Chemistry and Lab (4)**
The first semester of the CHM 2210C - 2211C sequence. A study of the structure, synthesis and reactions of organic compounds. Three-hour lecture, three-hour laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall.

CHM 2211C - Organic Chemistry II and Lab (4)
Continuation of CHM 2210C. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Spring.

CHM 2905 - Directed Study in Chemistry (1)
Directed Study in Chemistry (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)

Offered: Fall, Spring, Summer.

CHM 3085 - Environmental Chemistry (3)
The study of the basic concepts of organic and inorganic chemistry in the context of applications to the environmental issues of water quality, atmospheric pollution, sustainable agricultural practices, and environmental risks to human health in an integrated environment of lectures and field experiences.

Offered: Fall.

CHM 3120C - Quantitative Analysis and Lab (4)
The principles and laboratory techniques of quantitative analytical methods, with emphasis on problem solving and choice of analytical methods.

Offered: Spring.

CIS - Computer Science

CIS 2350 - Principles of Information Assurance (3)
This course introduces the student to basic security principles. Students will gain an understanding of the current threats and vulnerabilities in the cyber landscape, plus other topics relating to the information assurance field.

CIS 2381 - Foundations of Digital Forensics (3)
Digital forensics is the application of traditional forensic science principles and practices to the problem of electronically stored evidence. Students will receive an overview of the principles and practices of this emerging discipline to include the acquisition, examination and analysis of electronic evidence.

CIS 2905 - Directed Study in Computer and Information Systems (4)
Independent individual or team studies, projects and practical in computer and information sciences under the direction of the Computer Science faculty. Specific content to be arranged. May be repeated with change of content. (Prerequisite: Permission of chairperson.)

Offered: Fall, Spring, Summer.

CIS 2935 - Computer Science Seminar (1)
Discussion of computer programming work experience and special topics in computer science. (Prerequisite: Permission of chairperson.)

Offered: Fall, Spring, Summer.

CIS 2949 - Cooperative Education Experience in Computer and Information Systems (1)
(Prerequisite: 12 semester hours of approved Computer Science courses and permission of Computer Science chairperson.) Course does not show up in regular catalog schedule until you are registered. You are not officially registered until you have completed the Cooperative Education Learning Plan (with all signatures) and Cooperative Education Training Assignment/Registration. Required to complete 80-320 program contact hours in the field based on program 1-4 credit hour course requirement. (Average of 12-15 hours a week at an employer worksite) 1credit=80 contact hrs. 2credits=160 contact hrs. 3credits=240 contact hrs. 4credits=320 contact hrs. To register contact the Chairperson of your Department, or Cheryl Miller - Work Experience Coordinator millerc@DaytonaState.edu 386-506-4143 - Technology Campus

Offered: Fall, Spring, Summer.

CIS 4250 - Ethical Issues in IT (1)
This course covers the historical, social and economic consideration of the discipline. It includes studies of professional conduct, risks, and liabilities, and intellectual property relative to the software engineering and computing professions. Software engineering/computing case studies will be used.

CIS 4360 - Applied Cybersecurity (3)
Fundamentals of computer security technology, including cryptography, authentication, digital signatures, firewalls, intrusion detection, and network security tools and applications.

CIS 4510 - IT Project Management (3)
This course introduces concepts, methodologies, techniques and tools of managing software development.
In addition; hardware, computer networks and communication systems configuration will be provided.

CJC - Criminal Justice

CJC 1000 - Introduction to Corrections (3)
A lecture/discussion of the organization and functions of corrections within the criminal justice system emphasizing the evolution of corrections for the rehabilitation of offenders. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)
Offered: Fall, Spring, Summer.

CJD - Criminal Justice

CJD 0259 - Le Sem-Auto Pi (1)
Le Sem-Auto Pi

CJE - Criminal Justice

CJE 1670 - Crime Scene Investigation (3)
This course strives to depict the role of the forensic scientist in the criminal justice system. This course is designed for the non-scientific student. The course is a classroom introduction to the world of forensic science that includes Internet application, ability and limitations of the modern crime laboratory. Forensic science begins at the crime scene. If an investigator cannot recognize, collect, and package evidence properly, no amount of equipment or expertise in the laboratory will salvage the situation.
Offered: Spring.

CJE 2304 - Introduction to Police Supervision (3)
This course focuses on the fundamentals of criminal justice supervision, such as motivational and discipline techniques, employee performance evaluations, operational planning and implementation. The student will be introduced to the concepts of effective leadership.
Offered: Fall, Spring, Summer.

CJK - Criminal Justice

CJK 0001 - Introduction to Law Enforcement (9.9)
Students will receive a basic understanding of the structure and components of the criminal justice system. Values and ethics are explored.
Offered: Fall, Spring, Summer.

CJK 0012 - Law Enforcement Legal (62.1)
This course will provide a solid legal foundation from which students may function as law enforcement officers. Students will learn federal, state, and local laws.
Offered: Fall, Spring, Summer.

CJK 0013 - Law Enforcement Interactions in a Diverse Community (39.9)
Students learn the common communication traits of individuals based upon their cultures, experiences, physical and psychological conditions, and how specific situations can challenge a law enforcement officer's effort to perform his or her duties.
Offered: Fall, Spring, Summer.

CJK 0014 - Law Enforcement Interviewing and Report Writing (56.1)
This course covers note taking, interviewing and report writing principles for law enforcement officers.
Offered: Fall, Spring, Summer.

CJK 0017 - Law Enforcement Communications (75.9)
The entire police report writing process is covered. Topics include interviewing and interrogation, IPC skills, radio and telephone procedures, as well as practice exercises.
Offered: Fall, Spring, Summer.

CJK 0020 - CMS Law Enforcement Vehicle Operations (48)
Components of the police driving environment are explored and practical exercises on the driving range are conducted. Vehicle pullovers and felony traffic stops are included via lecture, demonstration and scenario.
Offered: Fall, Spring, Summer.

CJK 0031 - CMS First Aid for Criminal Justice Officers (39.9)
Based on DOT’s first responder to medical emergencies. Included are major types of communicable diseases among adults, signs, and symptoms of each and methods of transmission.
Offered: Fall, Spring, Summer.
CJK 0040 - CMS Criminal Justice Firearms (80.1)
Handgun and shotgun use, safety procedures and ammunition use are covered in lecture. Introduction includes weapons qualifications.
Offered: Fall, Spring, Summer.

CJK 0051 - Criminal Justice Defensive Tactics (80.1)
Unarmed defense, restraining and apprehending techniques are taught. Special emphasis on the use of force continuum. Restraining devices, impact weapons, pressure points, chemical agents, and use of aerosol subject resistance, and officer fitness are also covered.
Offered: Fall, Spring, Summer.

CJK 0064 - Law Enforcement Fundamentals of Patrol (35.1)
This course provides an overview of the law enforcement techniques and tactics that officer's use while on patrol. The course focuses on the use of communications equipment, Community Oriented Policing, officer safety, and basic instruction on responding to calls and making arrest.
Offered: Fall, Spring, Summer.

CJK 0065 - Law Enforcement Calls for Service (36)
This course provides an overview of the more common calls for service that a law enforcement officer may encounter. Students are taught proper techniques for responding to a variety of calls for service.
Offered: Fall, Spring, Summer.

CJK 0077 - Criminal Investigations (50.1)
Students will learn to conduct an initial investigation of crimes against persons, society, property, and economic crimes.

CJK 0078 - Law Enforcement Crime Scene to Courtroom (35.1)
Students will learn appropriate procedures for processing a crime scene, handling a criminal investigation and preparing the case for court.
Offered: Fall, Spring, Summer.

CJK 0084 - Law Enforcement DUI Traffic Stops (24)
This course outlines the specific procedures for detection, apprehension and prosecution of DUI offenses. Students will learn to perform the Standardized Field Sobriety Test.
Offered: Fall, Spring, Summer.

CJK 0087 - Law Enforcement Traffic Stops (30)

CJK 0088 - Law Enforcement Traffic Crash Investigations (31.8)
This course introduces the student to traffic crash investigations, laws pertaining to traffic crashes and procedures for responding to a traffic crash.
Offered: Fall, Spring, Summer.

CJK 0092 - Law Enforcement Critical Incidents (43.8)
This course provides an overview of law enforcement techniques and tactics employed in confronting large scale or critical incidents.
Offered: Fall, Spring, Summer.

CJK 0096 - Law Enforcement Officer Physical Fitness Training (60)
This course evaluates the student's level of fitness, then develops a program of improvement through exercise and instruction in areas of nutrition, stress management and basic training techniques. This course is for students enrolled in the Basic Law Enforcement Recruit Training program.
Offered: Fall, Spring, Summer.

CJK 0100 - Corrections Interpersonal Skills I (2.07)
Basic components of human needs and behavior are explored, as are the needs of various groups within the inmate society, including substance abusers, juveniles, mentally ill and handicapped. Crisis intervention, stress management and human diversity are also explored in depth. FA, SP, SU

CJK 0101 - Corrections Interpersonal Skills II (1.67)
Human adjustment to imprisonment as well as basic characteristics of inmate societies are explored. Emphasis on officer interpersonal skills. FA, SP, SU

CJK 0102 - Correctional Operations (2.13)
The general operation of correctional facilities is studied, including inmate intake, daily care, institutional procedures and officer tasks. FA, SP, SU

CJK 0270 - Corrections Legal I (1.53)
An introductory review of the criminal justice system and a history of law. The foundation and basic components of law are studied. Emphasis on correctional officer application. FA, SP, SU

CJK 0285 - Corrections Legal II (0.73)
Constitutional law as it relates to the public, police and corrections are examined. Law topics of study include evidence procedures, arrest law, search and seizure and criminal liability of officers.  FA, SP, SU

**CJK 0286 - Corrections Communications (1.4)**
The entire report writing process is covered. Topics include interviewing, interrogation, interpersonal communication skills, radio procedures, telephone procedures and practical exercises. FA, SP, SU

**CJK 0300 - Introduction to Corrections (32.1)**
This course introduces students to the legal and ethical responsibilities of a correctional officer. Legal terms and definitions are explained. Offered: Fall, Spring, Summer.

**CJK 0305 - CJSTC Communications (39.9)**
The entire report writing process is covered. Topics include interviewing, interrogation, interpersonal communication and practical exercises. Offered: Fall, Spring, Summer.

**CJK 0310 - Officer Safety (12)**
Correctional officer safety procedures are learned. Students will learn to identify potential hazards and learn how to safely respond. Offered: Fall, Spring, Summer.

**CJK 0315 - Facility and Equipment (12)**
Students learn the appropriate procedures for inspecting a correctional facility and equipment. Offered: Fall, Spring, Summer.

**CJK 0320 - Intake and Release (18)**
Students learn the appropriate procedures for admitting and releasing inmates in a correctional facility. Offered: Fall, Spring, Summer.

**CJK 0325 - Supervising in a Correctional Facility (39.9)**
Students learn the appropriate procedures for supervising inmates in a correctional facility. They also learn to detect crimes and rule violations in various correctional settings. Offered: Fall, Spring, Summer.

**CJK 0330 - Supervising Special Populations (20.1)**
Students learn how to identify and supervise special population groups such as threat groups, juveniles, elderly and mentally ill inmates. Offered: Fall, Spring, Summer.

**CJK 0335 - Responding to Incidents and Emergencies (15.9)**
Students learn how to identify and respond to situations involving escapes, riots, bomb threats, fires and medical emergencies in a correctional facility. Offered: Fall, Spring, Summer.

**CJK 0340 - Officer Wellness and Physical Abilities (30)**
This course evaluates the students' level of physical fitness, and then develops a program of improvement through exercise and instruction in the areas of nutrition, stress management and basic training techniques. Offered: Fall, Spring, Summer.

**CJK 0422 - Dart Stun Gun Firing (8.1)**
This course familiarizes the student with the function and effects of a dart firing stun gun. This course is required by the State of Florida. Offered: Fall, Spring, Summer.

**CJL - Criminal Justice**

**CJL 2072 - Civil Rights and Liability in Criminal Justice (3)**
This course focuses on the study of ethical thought and issues facing the criminal justice and legal profession regarding law and legal liability. Topics include constitutional law, liability concerns, and codes and standards of conduct that are specific to the criminal justice system. Students will leave this course better suited to make critical decisions as a public servant. Offered: Fall, Spring, Summer.

**CJT - Criminal Justice**

**CJT 2100 - Criminal Investigation (3)**
This course introduces the student to the elements of criminal investigation, crime scene examination, collection of evidence and searching for witnesses, developing and questioning suspects, and protecting physical evidence. Offered: Spring.

**CLP - Psychology**

**CLP 2140 - Abnormal Psychology (3)**
A study of terminology, diagnostic categories and treatment methods of major types of psychological disturbances. Offered: Fall, Spring, Summer.
CNT - Computer Networking

CNT 2402 - Certified Ethical Hacker (3)
This course will enable students to understand the principles of risk management, security architectures, incident handling, disaster recovery, and secure systems administration in Computer Networking.
Offered: Fall, Spring.

CNT 3104 - Introduction to Telecommunications (2)
This course introduces the fundamentals of telecommunications. Topics include: sound, electrical signal, electromagnetic spectrum, the telephone and the telephone lines, manipulating information for transmission, open system interconnection, the digital circuit switch, signaling, distributed switching architecture, and IP routing fundamentals.
Offered: Fall, Spring, Summer.

CNT 4007 - Data and Computer Communications (3)
This course examines the modern local and metropolitan area networks. Topics include: data communications, protocols, transmission media and topology, protocol architecture, logical link control, network reliability, and LAN performance.
Offered: Fall, Spring.

CNT 4703 - Voice and Data Network Design (3)
Designing Wide Area Networks; determining requirements, designing the networks, structure, choosing appropriate technologies, and evaluating results.

COP - Computer Science

COP 1000 - Principles of Computer Programming (3)
This course provides the beginning programmer with a guide to developing structured program logic, and assumes no programming language experience. Programming concepts together with program definition, algorithms, flow charts, debugging, documentation, pseudocode, and a high-level language are introduced.
Offered: Fall, Spring, Summer.

COP 2001C - Computer Programming C++ and Lab (3)
A continuation of Computer Programming I using ?C?. Object-oriented programming concepts and fourth generation languages will be introduced and applied.
Offered: Spring, Summer.

COP 2220 - Computer Programming C (3)
Hands-on, introductory study of C Programming language as applied to business applications. The course includes arrays, pointers, functions, I/O operations, data structures, and operating system interaction. Students write and compile their program in multiple platforms and compilers. Students also learn debugging techniques in existing malfunctioning programs and customize programs according to specifications.
Offered: Fall.

COP 2360 - C# Programming (3)
This course is a programming course on the study of Microsoft Visual C# programming language with emphasis on object-oriented programming. Topics include control structures, methods, arrays, exception handling and inheritance.
Offered: Fall.

COP 2654 - IPhone/I Pad Programming (3)
The students will be trained in techniques for creation and implementation of well-designed iPhone programs. The student applies the Objective-C programming language to create applications that run on iOS devices, including iPad, Phone, and iPod. Students will learn how to run apps on their own devices and how to distribute apps to the Apple Store.
Offered: Fall.

COP 2660 - Programming for Mobile Devices: Android (3)
This is a programming course designed to develop Android-based Applications for mobile devices and tablets. It will use the Android Software Development Kit (SDK) to create and test Apps on the Android Emulator and/or on students’ own devices. Topics include User Interface Layouts and Views, Event Handling, and Publishing an App.
Offered: Spring.

COP 2700 - Introduction to Database Management (3)
This class covers the concepts of relational databases and the industry standard SQL language. Students are taught the relational model to create and maintain database objects. Data analysis, logical and physical structure will be covered. Students will learn data definition language and data manipulation language syntax in SQL. CASE tools will be used to analyze data structure.
Offered: Fall, Spring, Summer.

COP 2800 - Computer Programming Java (3)
The high-level computer language java is used to solve business problems. Course includes basics, object-oriented
programming, graphical user interfaces with event-driven programming and applets used in web pages.

COP 2805 - Advanced Computer Programming Java (3)
This course expands on the Java programming basics to explore advanced Java topics such as inner classes, object serialization, and multithreading. Many of the objectives for Sun Java Certification are covered.
Offered: Spring.

COP 2842 - Web Scripting (PHP) (3)
This course is designed to teach Web server-side programming skills. Students completing this course will be able to develop a complete Web site, maintain and manage the Web site. Students will learn the essentials of Web server-side programming language, database, and server, write server-side programming code, integrate the code into Web pages, and identify different uses and applications of scripts in Web sites and/or other multimedia projects. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

COP 2850 - Web Programming Project (3)
Upon completion of this project based course students will write a proposal, create project development plan, understand the project development procedure, demonstrate the computer skills, implement the project, test and deploy the complete system on the web server.

COP 2905 - Directed Study in Computer Programming (1)
Independent individual or team studies, projects and practica in computer programming - design, construction, documentation and implementation-under the direction of the Computer Science faculty. Specific content to be arranged. May be repeated with change of content. (Prerequisite: Permission of Computer Science chairperson.)
Offered: Fall, Spring, Summer.

COP 2940 - Computer Science Internship (2)
Six hours per week of practical computer programming experience in a computer installation.
Offered: Fall, Spring, Summer.

COP 2949 - Cooperative Educational Experience in Computer Programming (1)
Prerequisite: 12 semester hours of approved Computer Science courses and permission of Computer Science chairperson.) Course does not show up in regular catalog schedule until you are registered. You are not officially registered until you have completed the Cooperative Education Learning Plan (with all signatures) and Cooperative Education Training Assignment/Registration. Required to complete 80-320 program contact hours in the field based on program 1-4 credit hour course requirement. (Average of 12-15 hours a week at an employer worksite) 1credit=80 contact hrs. 2credits=160 contact hrs. 3credits=240 contact hrs. 4credits=320 contact hrs. To register contact the Chairperson of your Department, or Cheryl Miller - Work Experience Coordinator millerc@DaytonaState.edu 386-506-4143 - Technology Campus
Offered: Fall, Spring, Summer.

COP 3530 - Data Structures (3)
This course introduces fundamentals of Data Structures. Topics include: Programming strategies, Data Structures, Searching, Complexity, Queues, Sorting, and Algorithms.
Offered: Fall, Spring, Summer.

COP 4610 - Operating Systems (3)
This course covers modern operating system principles. Topics include memory management, peripheral device management, file system management and process management. Different types of operating systems and their administrations are studied.
Offered: Fall, Spring, Summer.

COP 4708 - Applied Database I (3)
Design and implementation of data base systems within the concept of central administration, structured data storage. Programming project is required.
Offered: Fall, Spring.

COP 4709 - Applied Database II (3)
Study of relational and other database system. Advanced SQL query and programming, decision support systems, and advanced database topics are covered. Programming project is required.
Offered: Spring.

COP 4813 - Web Systems I (3)
Introduction to web systems with emphasis on server configuration, web standards, page design, use of XML, Javascript for client interactivity, and accessibility standards. Extensive computer programming with Javascript and HTML5 will be performed. Course Project is Required.
Offered: Fall.

COP 4834 - Web Systems II (3)
Advanced web design with server side technology (focus on .NET) is covered. Students will develop, test, and publish database driven web sites using cloud based servers and .NET publishing standards including code management. Programming project is required.

Offered: Spring.

**COS - Cosmetology**

**COS 0012L - Barbering Lab - Level I (240)**
Orientation to the field of barbering: The student will use classroom and laboratory facilities to develop basic skills, techniques, and prepare students to work on clients.

Offered: Fall, Spring, Summer.

**COS 0080L - Cosmetology I Lab (240)**
Orientation to the field of cosmetology: The student will use classroom and laboratory facilities to develop basic skills, techniques, and prepare students to work on clients.

Offered: Fall, Spring, Summer.

**COS 0081L - Cosmetology II Lab (240)**
A continuation of basic skills and concept development from level I. Students will be taught the principles and concepts of cosmetology while mastering cosmetology skills on the clinic floor.

Offered: Fall, Spring, Summer.

**COS 0082L - Cosmetology III Lab (240)**
The student will acquire knowledge of the principles and concepts of cosmetology. Intermediate skills will be perfected on clients in the school-operated salon.

Offered: Fall, Spring, Summer.

**COS 0083L - Cosmetology IV Lab (240)**
The student will acquire knowledge of the principles of Florida Law, Anatomy and Physiology, and Salon Management. Skills will be perfected in the school-operated salon.

Offered: Fall, Spring, Summer.

**COS 0084L - Cosmetology V Lab (240)**
State Board preparation is emphasized. Theoretical knowledge and skills will be perfected to employment competency level.

Offered: Fall, Spring, Summer.

**COS 0501L - Barbering Bridge Lab - Introduction to Barbering: Shaves/Beards/Mustaches (240)**
The student will acquire knowledge of the principles of Florida Law, history of the art of barbering and it's evolution throughout the centuries, proper sanitizing procedures for tools and implements, the art of shaving, honing and stropping. To be eligible for this program, you must already possess a valid cosmetology license.

(Prerequisite: Permission of chairperson.)

Offered: Fall, Spring, Summer.

**COS 0511L - Barbering Lab - Level II (240)**
The Science of Barbering: This course is a continuation of basic skills and concept development from Level I. Students will be taught the principles and concepts of barbering while developing basic skills, techniques, and preparing students to work on clients. This will include hands-on lab experience and instruction to include histology of skin disorders and diseases, and the operation of electrical equipment.

Offered: Fall, Spring, Summer.

**COS 0560L - Barbering Lab - Level III (240)**
Professional Barbering: The student will acquire knowledge of the principles and concepts of barbering. Intermediate skills will be perfected on clients in the school-operated shop.

Offered: Fall, Spring, Summer.

**COS 0570L - Barbering Lab - Level IV (240)**
Advanced Barbering Techniques: The student will acquire knowledge of additional chemical services that are often offered in Barbershops as well as perfecting haircutting and styling techniques. Skills will be perfected in the school-operated salon.

Offered: Fall, Spring, Summer.

**COS 0580L - Barbering Lab - Level V (240)**
Focus of the course will be The Business of Barbering in which State Board preparation is emphasized. Theoretical knowledge and skills will be perfected to employment competency level in the school-operated shop.

Offered: Fall, Spring, Summer.

**COS 0905 - Directed Study in Cosmetology (30)**
Directed Study in Cosmetology

Offered: Fall, Spring, Summer.

**COS 0930 - Special Topics/Seminar in Cosmetology (120)**
The course provides supplemental therapy, skills, techniques and practice in the field of cosmetology. The course assists to prepare students to take the cosmetology exam for state licensure.
Offered: Fall, Spring.

COT - Computing Theory
COT 3100 - Discrete Computational Analysis (3)
This course applies basic mathematical logic skills and foundations used in Computer Science and Information Technology. Topics include logic rules, tautologies, boolean algebra, set theory, mathematical induction and other topics of discrete computational analysis.
Offered: Spring.

CPO - Political Science
CPO 2001 - Comparative Government (3)
A general introduction to countries and regions around the world and the comparative political analysis used to understand them. The course suggests factors which might provide better living conditions for citizens, including: institutions, legislative arrangements, party systems, culture, nationality, and ethnicity.
Offered: Fall, Spring, Summer.

CRW - English Language and Lit
CRW 2100 - Fiction Writing (3)
Fiction Writing
Offered: Fall, Spring.
CRW 2300 - Poetry Writing (3)
An introduction to the techniques of writing poetry. FA
Offered: Fall.

CSP - Cosmetology
CSP 0003L - Cosmetology Bridge Lab - Introduction to Cosmetology (240)
The student will acquire knowledge of the principles of Florida law, history of cosmetology, the art of artificial nails, hair removal (including hot and cold waxing techniques), manicures and pedicures, applying make-up and hair braiding. To be eligible for this program, you must already possess a valid Barber license.
Offered: Fall, Spring, Summer.

CTS - Computer Science
CTS 1851 - Internet Web Foundations (HTML, CSS) (3)
An introductory course designed to teach the basic hands-on skills and knowledge that today's business and Internet professionals are expected to understand and use. The three major topics covered are: Fundamental uses of the Internet, web page design, and web page development and publishing including the use of HTML, CSS, and various fundamental web server management skills. Students will perform a variety of practical tasks and assignments.
Offered: Fall, Spring, Summer.

CTS 2141 - Advanced C++ and Direct X Programming (3)
The student applies the Objective C programming language to create applications that run on iOS devices, including iPad, iPhone, and iPod. The XCode development environment will be used to create and test apps. Students will learn how to run apps on their own devices and how to distribute apps to the AppStore. Owning an iOS device is not necessary, since XCode includes a simulator. Online students will either need access to an Apple computer or notebook running OS X Snow Leopard or later, or will need to work in the school's Apple computer lab.
Offered: Fall.

CTS 2144 - Project Management w/Microsoft Project (3)
This course provides an introduction to the basic elements of Project Management. Students build project plans using Microsoft Project software.
Offered: Fall.

CTS 2302 - Microsoft Windows Active Directory Services (3)
Implementation, administration and troubleshooting Windows Active Directory Services. Learn how to plan, create and maintain user and group accounts and profiles. Additional topics, such as DNS name resolution, zone, NTFS permissions and DFS will be discussed. MCP Exam 70-217, a core requirement for MCSE.
Offered: Spring.

CTS 2306 - Microsoft Windows Professional (3)
Installing, configuring and supporting Microsoft Windows Professional in a workgroup or domain to prepare for MCP Exam 70-270, a core requirement for MCSA and MCSE certifications.
Offered: Fall, Spring, Summer.

CTS 2310 - Designing Windows Network Security (3)
Design a security framework for small, medium and enterprise networks by using Microsoft Windows technologies. This course focuses on securing specific
areas of the network. MCP Exam 70-220, a core requirement for MCSE.

Offered: Spring.

**CTS 2311 - Linux Networking and Security (3)**

This is an advanced course in the Linux operating system emphasizing installing, configuring and using Linux networking services. It also stresses securing the Linux OS in a networked environment. Topics include configuring and using basic networking connectivity, Linux clients, SNMP, mail lists and news servers, email servers, DNS servers, file sharing, FTP servers, NFS, Samba, cryptographic security, password security, file security, routing, firewalls, and intrusion detection. Previous experience with Linux installation and configuration is required.

Offered: Spring.

**CTS 2320 - Implementing, Managing and Maintaining a Windows Network Infrastructure (3)**

Introduction to primary protocols and network services required to plan and design a Windows network infrastructure. Topics include TCP/IP, NWLink, DNS, WINS, WIN32, DHCP, RAS, Network Monitor, IPSec, NAT and Certificate Services. Exam 70-216, a core requirement for MCSA and MCSE certifications. (Prerequisite: CEN 2304 or permission of Computer Science chairperson.)

Offered: Fall.

**CTS 2321 - Linux Fundamentals (3)**

This course is designed to teach students the skills they need to effectively administer the Linux operating system. The course includes Linux server installation, configuration, administration, networking services, security, system maintenance, and troubleshooting tasks. Previous experience with computer hardware configuration, network services and network operating systems is required.

Offered: Fall, Spring.

**CTS 2328 - Managing and Maintaining a Windows Network Environment (3)**

Manage a network infrastructure, services and resources to prepare for MCP Exam 70-290, a core requirement for MCSA certification and an elective for MCSE certification.

Offered: Spring.

**CTS 2370 - Virtualization Infrastructure: Installation and Configuration (3)**

In this course, students learn the concepts and capabilities of virtual architecture with a focus on the installation, configuration, and management of a VMware virtual infrastructure. This course covers fundamentals of virtual network design and implementation, fundamentals of storage area networks, virtual switching, virtual system management, and engineering for high availability.

Offered: Fall, Spring.

**CTS 2402 - Visual Basic Programming (3)**

A first course in object-oriented programming using Microsoft Visual BASIC.NET for Windows. Topics covered will be the programming environment and how to use it, use of programming values and variables, conditional statement and loops, modules and parameter passing and use of color and windows forms for communication with the user. An introduction to ASP.NET and database access will be covered.

Offered: Fall, Spring.

**CTS 2403 - Advanced Visual Basic Programming (3)**

The student applies the Visual Basic programming language to more advanced problems including accessing SQL Server databases, creating Web forms, and creating custom controls. The student designs, implements and documents computer programs using Microsoft’s Visual Basic.NET development environment. This course covers competencies of the developing and implementing Windows-based Applications with Microsoft Visual Basic.NET and Visual Studio.NET exam (70-306) of the Microsoft Certified Application Developer (MCAD) certification.

Offered: Fall.

**CTS 2431C - Data Organization and Management and Lab (3)**

Advanced concepts using Microsoft Access. Topics covered include creating table structures, enforcing referential integrity, creating and modifying forms, creating and modifying reports and saving objects as Web pages. This course covers topics required by the Microsoft Office Specialist (MOS) certification exam.

Offered: Summer.

**CTS 2801 - Web Application Development - ActionScripting (3)**

This course is designed to teach Web server-side programming skills. Students completing this course will be able to develop a complete Web side, maintain and manage the Web site. Students will learn the essentials of Web server-side programming language, database, and server, write server-side programming code, integrate the code into Web pages, and identify different uses and
applications of scripts in Web sites and/or other multimedia projects.
Offered: Spring.

**CTS 3348 - Linux Administration (3)**

Student will learn how a system administrator fulfills various organizational information resource management requirements using a Linux-based operating system. Topics will include; installation; creating and maintaining file systems; user and group administration; backup and restore processes; network configuration; various system services; security administration; and updating and maintaining the system.
Offered: Fall, Spring.

**DAA - Dance**

**DAA 1100 - Modern Dance I (3)**

Includes conditioning exercises and techniques that provide a vocabulary of movement to develop basic movement phrases and elements of composition. The use of improvisation will be introduced to develop a sense of individual accomplishment and skills. May be repeated one time for credit.
Offered: Fall, Spring, Summer.

**DAA 1104 - Beginning Modern Dance I (3)**

This is a beginning class in modern dance technique for pre-majors. This class will introduce the student to the physical concepts of time, space and energy at the beginning level.
Offered: Fall, Spring, Summer.

**DAA 1105 - Beginning Modern Dance II (3)**

This is an advanced beginning class in modern dance technique for pre-majors. This class will further explore the physical concepts of time, space and energy at an advanced intermediate level.
Offered: Fall, Spring, Summer.

**DAA 1200 - Classical Ballet I (3)**

Provides a beginning level technique in the discipline of classical ballet. May be repeated one time for credit.
Offered: Fall, Spring, Summer.

**DAA 1204 - Beginning Ballet I (3)**

This is a beginning class in classical ballet technique. Classroom emphasis is on correct body alignment, beginning body positions, barre, center and across the floor work using classical ballet vocabulary.
Offered: Fall, Spring, Summer.

**DAA 1205 - Ballet II for Pre-Majors (3)**

This is an advanced beginning class in classical ballet technique. Classroom emphasis is on correct body alignment, with further study of body positions, barre, center and across the floor work using classical ballet vocabulary.
Offered: Fall, Spring, Summer.

**DAA 1500 - Beginning Jazz I (3)**

Beginning level techniques and movement exploring a broad range of jazz dance. Elements of theater, lyrical and hip hop may be explored. May be repeated one time for credit.
Offered: Fall, Spring, Summer.

**DAA 1520 - Beginning Tap I (3)**

Basic elements of tap dancing: shuffle, slap, and ball change, including varied combinations of these and other elements. Tap notation and varied styles of tap explored. May be repeated one time for credit.
Offered: Fall, Spring.

**DAA 2101 - Modern Dance II (3)**

Intermediate techniques and performance comprise the course. May be repeated one time for credit. May be repeated one time for credit.

**DAA 2106 - Intermediate Modern I (3)**

This is an intermediate class in modern dance technique for pre-majors. This class will further explore the physical concepts of time, space and energy at an intermediate level.
Offered: Fall, Spring, Summer.

**DAA 2107 - Intermediate Modern II (3)**

This is an advanced intermediate class in modern dance technique for pre-majors. This class will further explore the physical concepts of time, space and energy at an advanced intermediate level.
Offered: Fall, Spring, Summer.

**DAA 2201 - Classical Ballet II (3)**

A continuation of Classical Ballet I. This course will provide an intermediate level in the discipline of classical ballet. May be repeated one time for credit. May be repeated one time for credit.

**DAA 2206 - Intermediate Ballet I (3)**

This is an intermediate class in classical ballet technique. Classroom emphasis is on correct body alignment with further study of body positions, barre, center and across the floor work using classical ballet vocabulary.
Offered: Fall, Spring, Summer.

**DAA 2207 - Intermediate Ballet II (3)**
This is an advanced intermediate class in classical ballet technique. Classroom emphasis is on correct body alignment with further study of body positions, barre, center and across the floor work using classical ballet vocabulary.

Offered: Fall, Spring, Summer.

**DAA 2501 - Intermediate Jazz I (3)**
Dance Secondary level technique in basic movements of contemporary jazz dance. Primary emphasis is placed on lyrical, percussive and contemporary styles of jazz with improvisation choreography. May be repeated one time for credit.

**DAA 2540 - Musical Theater Dance (3)**
This course will explore the history of musical theater dance from the 1800s to the present time. Lecture and dance techniques are an integral part of the course methodology.

**DAA 2610 - Dance Composition (3)**
The analysis of dance movement and vocabulary related to the basic choreographic elements of space, time and energy will be examined. Individual choreography is an integral part of the course.

**DAA 2640 - Rehearsal & Performance (Dance Theatre) (1)**
The creation, preparation and performance of original dance compositions. Students participate in public performances as the Daytona State Dance Ensemble. May be repeated three times for credit.

**DAN - Dance**

**DAN 1100 - Dance Appreciation (3)**
Lecture-based dance appreciation class. Extensive use of audio/visual materials which highlight the development of contemporary dance in America. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring.

**DAN 2740 - Stretch and Conditioning (3)**
This course will investigate dynamic alignment principles as they relate to flexibility and movement quality. Emphasis is placed on the anatomical and kinesiological factors involved in

Offered: Fall, Spring.

**DAN 2905 - Directed Study in Dance (1)**
Directed Study in Dance

**DEA - Dental Assisting**

**DEA 0000 - Introduction to Dental Assisting (30)**
This course explores the major historical events in dentistry. Other areas of study include ethics and jurisprudence, OSHA regulations, the state dental practice act, certification procedures, expanded functions for dental auxiliaries and an overview of the dental specialties.

Offered: Fall, Spring.

**DEA 0020C - Chairside Assisting I and Lab (105)**
This course introduces students to the knowledge and skills that are required of a dental assistant in clinical practice. Emphasis is placed on the knowledge and practice of proper infection control methods, principles of four-handed dentistry and restorative procedures.

**DEA 0130 - Biomedical Science (60)**
This course is an introduction to the fundamentals of anatomy and physiology of the human body, with emphasis on head and neck anatomy. Other areas of study include histology, microbiology, pathology, oral pathology, pharmacology, and medical/dental emergencies.

**DEA 0801C - Chairside Assisting II and Lab (105)**
This course is a continuation of DEA 0020C Chairside Assisting I and Lab. This course exposes the students to the knowledge and skills that are required for a dental assistant in the various dental specialties. Emphasis is placed on the sequence of steps, armamentariums, expanded functions and procedures performed in specialized areas of dentistry.

Offered: Spring.

**DEA 0850L - Externship I (240)**
Students are assigned to clinical facilities to develop competence in performing chairside assisting skills, expanded functions, minor laboratory and basic business office procedures. Students must maintain current certification in cardiopulmonary resuscitation while rotating through clinical facilities. Seminars are conducted in order to correlate clinical experiences with instructional goals.

Offered: Spring.

**DEA 0851L - Externship II (240)**
This is a continuation of DEA 0850L Externship I. Students are assigned to clinical facilities to perfect
competence in performing chairside assisting skills, expanded functions, minor laboratory and basic office procedures. Students must maintain current certification in cardiopulmonary resuscitation while rotating through clinical facilities. Seminars are conducted in order to correlate clinical experiences with instructional goals.

Offered: Spring.

**DEH - Dental Hygiene**

**DEH 1002C - Preclinical Dental Hygiene and Lab (4)**
This course is designed to acquaint students with the basic principles of dental hygiene practice. Lectures focus on diagnostic collection techniques, instrumentation and methods of infection control.
Offered: Fall.

**DEH 1133 - Orofacial Anatomy and Physiology (3)**
This course provides an in-depth study of the human dentition and supporting structures. Topics of study include anatomical landmarks of the oral cavity, tooth and root morphology, oral embryology, oral histology and nomenclature.
Offered: Summer.

**DEH 1602 - Periodontology (3)**
This course is a study of the etiology, clinical manifestations, prognosis and treatment of periodontal disease. Periodontal examinations, treatment planning and the dental hygienist's role in periodontal therapy are emphasized.
Offered: Spring.

**DEH 1800 - Clinical Dental Hygiene I (2)**
This course is a continuation of DEH 1002C Preclinical Dental Hygiene and Lab. Emphasis is on dental hygiene care planning, nonsurgical periodontal therapy, power instrumentation and debridement, dentin hypersensitivity, dental ergonomics, family abuse and neglect and the care of patients with bloodborne infectious diseases.
Offered: Spring.

**DEH 1800L - Dental Hygiene Clinic I (2)**
This course focuses on the utilization of patient assessment and dental hygiene care planning, periodontal debridement, and selective coronal polishing during clinical sessions.
Offered: Spring.

**DEH 1802 - Clinical Dental Hygiene II (2)**
This course is a continuation of DEH 1800 Clinical Dental Hygiene I. Lectures focus on the care of patients with orthodontic appliances and dental prostheses, dental implants, and use of tobacco products. Lectures also include cosmetic whitening, intraoral photographic imaging, case development and presentation, indices and scoring methods, dietary analysis and nutritional counseling, and the care of patients with special needs.
Offered: Summer.

**DEH 1802L - Dental Hygiene Clinic II (2)**
This course focuses on the refinement of basic skills pertaining to dental hygiene practice.
Offered: Summer.

**DEH 2300 - Pharmacology (2)**
This course is a comprehensive study of the general principles of pharmacology, drugs used in dentistry, and drugs that may alter dental treatment.
Offered: Fall.

**DEH 2400 - General and Oral Pathology (2)**
This course is a comprehensive study of oral abnormalities and disease processes with a focus on clinical identification. The principles of general pathology in relationship to the diseases and the oral cavity are emphasized.
Offered: Fall.

**DEH 2702C - Community Dental Health and Lab (3)**
This course covers the philosophy and practice of community and public health dentistry. The study of statistical analysis, research methodology, epidemiology of dental disease and the role of the dental hygienist in the community are emphasized. Students are required to design and implement an oral health education program for a community group.
Offered: Spring.

**DEH 2804 - Clinical Dental Hygiene III (2)**
This course is a continuation of DEH 1802 Clinical Dental Hygiene II. Lectures focus on applied techniques for patients with special needs.
Offered: Fall.

**DEH 2804L - Dental Hygiene Clinic III (3)**
This course emphasizes the utilization of advanced dental hygiene skills, expanded functions and periodontal therapy.
Offered: Fall.

**DEH 2806 - Clinical Dental Hygiene IV (2)**
This course is a continuation of DEH 2804 Clinical Dental Hygiene III. Lectures focus on applying for employment, prevention of medical errors, ethics, jurisprudence, and legal concerns which are relevant to clinical practice. Emphasis is on review of clinical case studies.

Offered: Spring.

DEH 2806L - Dental Hygiene Clinic IV (3)
This course provides further proficiency of clinical skills and refinement of assessment capabilities in preparation for licensure and clinical practice.

Offered: Spring.

DEP - Psychology

DEP 2001 - Infant Child and Adolescent Psychology (3)
An in-depth study of the concepts and principles of growth and development in infancy and childhood.

Offered: Fall, Spring, Summer.

DEP 2004 - Developmental Psychology (3)
A study of the various aspects of normal human development, equally emphasizing tasks, changes and adjustments that occur in each stage of the life span. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

DEP 2402 - Psychology of Adulthood and Aging (3)
An in-depth study of the concepts and principles of growth and development in adulthood and old age. A multicultural perspective will be utilized examining general adult developmental processes as well as examining differences among genders, ethnicities and cultures. (Prerequisite: PSY 1012.) FA, SP, SU

Offered: Fall, Spring, Summer.

DEP 2481 - Death and Dying: Life and Living (3)
An exploration of the meanings, human experiences and dilemmas associated with life and death in the twentieth century. Lecture/discussion method.

Offered: Fall, Spring, Summer.

DES - Dental Sci Support

DES 0002 - Dental Anatomy and Physiology (30)
This course provides an in-depth study of the human dentition and supporting structures. Topics of study include: anatomical landmarks of the oral cavity, tooth and root morphology, and oral histology and embryology.

Offered: Summer.

DES 0103C - Dental Materials and Laboratory Procedures (90)
This course is designed to acquaint the student with the physical and chemical properties of materials used in dental practice. Instruction and practice in the manipulation of materials and minor laboratory procedures are emphasized.

Offered: Fall.

DES 0205C - Dental Radiology and Lab (90)
This course is a study of the theories and principles of dental radiology. The following areas will be covered: history of X-ray development, radiation physics, radiographic anatomy, processing techniques, radiation hygiene and safety, X-ray equipment and radiographic techniques. Emphasis is placed on the interpretation, placement, exposing, processing and mounting of X-ray films during laboratory sessions.

Offered: Fall.

DES 0501 - Practice Management (30)
This course prepares the student to plan and manage a professional career path and implement the principles of dental office management. Other areas of study include: financial systems and dental insurance, technology and telecommunications, patient and appointment management, recare maintenance systems, oral and written communications, and inventory systems and supply ordering.

Offered: Spring.

DES 0844 - Preventive Dentistry and Nutrition (30)
This course is a study of the mechanisms employed to avert or intercept dental disease and the conditions that tend to destroy oral structures. Students are given the opportunity to study the utilization of food derivatives in the maintenance and repair of body and oral tissues. Emphasis is placed on dietary considerations for the dental patient.

Offered: Spring.

DES 1010 - Head and Neck Anatomy (2)
This course is an in-depth study of the anatomy of the head and neck region. The skeletal, muscular, nervous, lymphatic and circulatory systems are emphasized.

Offered: Fall.

DES 1054 - Pain Control and Anesthesia (2)
This course covers methods of pain control, need for pain management, use of topical and local anesthetic agents, and prevention of complications related to oral anesthesia.

Offered: Spring.

DES 1100C - Elements of Dental Materials and Lab (3)
This course introduces the student to the physical and chemical properties of materials used in dental practice. Instruction and practice in the manipulation of materials and minor laboratory procedures are emphasized during laboratory sessions.

Offered: Summer.

DES 1200C - Dental Radiography and Lab (3)
This course provides students with the fundamental background and theory for the safe and effective use of X-ray radiation. Laboratory sessions emphasize the placement, exposing, processing, mounting and interpretation of dental radiographs.

Offered: Fall.

DES 1832L - Expanded Functions for the Dental Hygienist (2)
This course provides students with didactic information and the laboratory experience to perform expanded functions that are permitted by the Florida laws and rules found in the Florida Statues and Administrative Code.

Offered: Spring.

DES 1840 - Preventive Dentistry (2)
This course is designed to introduce the student to the practice and philosophy of preventive dentistry. Methods of dental biofilm control, tooth deposits and stains, dental caries, fluorides, oral physiotherapy, interdental care and oral health care products are emphasized.

Offered: Fall.

DES 2600 - Medical and Dental Emergencies (2)
This course is designed to provide students with information on the signs, symptoms, treatment and equipment that is necessary to render care for common emergencies that can occur in the dental office.

Offered: Fall.

DIG - Digital Media
DIG 1109 - Digital Imaging Fundamentals (3)
This course covers digital image manipulation, editing and file management techniques using industry software. Introduces students to personal computers, the Macintosh Operating System and peripheral devices as graphic production tools for design, photography and digital media.

Offered: Fall, Spring.

DIG 2000 - Introduction to Digital Media (3)
This course explores the avenues of contemporary digital design, highlighting the importance of process, innovation, and communication. Students will become familiar with design projects, ranging from traditional print, sophisticated websites, interactive digital media, and motion graphics. The course will focus on developing and refining the design concept and the execution strategy.

Offered: Fall, Spring.

DIG 2100 - Web Design I (3)
An introduction to professional tools, techniques and methods used in web publishing. Current industry production software is used to create and edit electronic pages, layouts and websites. This course is repeatable one time for credit.

Offered: Fall, Spring.

DIG 2500 - Fundamentals of Interactive Media (3)
This course studies the implementation of the foundations of interactive media including user-interface design concept, optimization/performance issues, resources and tools. Students combine audio, video, imaging, animation and other media formats to construct an interactive product using industry-standard software.

Offered: Fall, Spring.

DIM - Automotive Mech (Diesel)
DIM 0810 - Transit Equipment Preventive Maintenance (200)
The purpose of this course is to develop the competencies essential to the public transit bus technology industry. This is the introductory course into transit maintenance which includes identifying shop organization, management, and safety requirements, demonstrating infection control procedures, demonstrating MSDS, AED, and CPR procedures and practicing general shop safety. Students will also demonstrate the use of hardware and fasteners, basic tools and equipment, perform transit bus and forklift preventive maintenance, perform tire service, identification and repair, and demonstrate workplace communication skills and qualifications for employment.

Offered: Spring.

DIM 0811 - Transit Basic Electrical Systems (120)
This course will provide the students with the skills and knowledge needed to diagnosis and repair basic electrical systems and electrical components on transit buses.
Offered: Spring.

**DIM 0812 - Transit Wheelchair Life/Ramp (60)**
This course will provide the students with the skills and knowledge needed to diagnosis and repair wheelchair lift/ramp components on transit buses.
Offered: Spring.

**DIM 0813 - Transit Diesel Engine Preventive Maintenance (120)**
This course will provide the students with the skills and knowledge needed to diagnosis and conduct preventive maintenance on transit buses.
Offered: Spring.

**DIM 0814 - Transit Steering and Suspension (120)**
This course will provide the students with the skills and knowledge needed to maintain and repair steering suspension systems.
Offered: Spring.

**DIM 0820 - Transit Hydraulics (60)**
This course will provide the student with the skills and knowledge to maintain and repair transit Hydraulics systems. (Students must have completed the Transit Technician I Program.)
Offered: Spring.

**DIM 0821 - Transit Diesel Electrical and Diesel Engine Electronics (120)**
This course will provide the student with the skills and knowledge to maintain and repair transit Diesel Electrical and Diesel Engine Electronics systems. (Students must have completed the Transit Technician I Program.)
Offered: Spring.

**DIM 0822 - Transit Drivetrain (120)**
This course will provide the student with the skills and knowledge to maintain and repair transit drivetrain systems. (Students must have completed the Transit Technician I Program.)
Offered: Spring.

**DIM 0823 - Transit Intermediate Electrical Systems (120)**
This course will provide the student with the skills and knowledge to maintain and repair electrical systems.
Offered: Spring.

**DIM 0824 - Transit Brakes/Air Systems (120)**
This course will provide the student with the skills and knowledge to maintain and repair brake and air systems. (Students must have completed the Transit Technician I Program.)
Offered: Spring.

**DIM 0830 - Transit Alternative Fuel Systems (120)**
This course will provide the student with the skills and knowledge to maintain and repair alternative fuels systems. (Students must have completed the Transit Technician I and II Programs.)
Offered: Spring.

**DIM 0831 - Transit Advanced Electrical Systems (120)**
This course will provide the student with the skills and knowledge to maintain and repair advanced electrical systems. (Students must have completed the Transit Technician I and II Programs.)
Offered: Spring.

**DIM 0832 - Transit Heating and Air Conditioning (200)**
This course will provide the student with the skills and knowledge to maintain and repair advanced electrical systems. (Students must have completed the Transit Technician I and II Programs.)
Offered: Spring.

**DIM 0833 - Transmission Diagnosis, Rebuild and Repair (120)**
This course will provide the student with the skills and knowledge to maintain and repair transmissions. (Students must have completed the Transit Technician I and II Programs.)
Offered: Spring.

**DIM 0834 - Diesel Engine Diagnosis, Repair and Rebuild (120)**
This course will provide the student with the skills and knowledge to maintain and repair diesel engines and related components. (Students must have completed the Transit Technician I and II Programs.)
Offered: Spring.

**EAP - English Second Language**

**EAP 1501 - Accent Reduction (3)**
This course is designed to equip students with the necessary skills to proximate the spoken language of Standard American English. Topics will range from discrete, individual sounds of letters and words to the holistic concepts that encompass sentences and phrases.

Offered: Fall, Spring.

**EAP - English for Academic Purposes**

**EAP 1620 - Academic Reading (3)**

This course develops students’ ability to comprehend and interpret authentic college-level texts in content areas by applying appropriate reading strategies.

Offered: Fall.

**EAP 1640 - Academic Writing (3)**

This is an advanced academic English language course designed to develop the student’s ability to write academic essays and basic research papers, with an emphasis on accuracy, clarity and cohesiveness as well as execute other academic writing tasks.

Offered: Fall.

**ECO - Economics**

**ECO 2013 - Principles of Macroeconomics (3)**

An introduction to the fundamental principles and concepts of the U.S. national economy, including supply and demand analysis, national income accounting, economic growth, fiscal and monetary policy, business cycle theories and international trade. This course contributes to satisfying the Gordon Rule writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**ECO 2023 - Principles of Microeconomics (3)**

An introduction to the fundamental principles and concepts of individual, business and government, including supply and demand, taxation price supports, plus analysis of labor, income distribution, politics, health care, and anti-trust. This course contributes to satisfying the Gordon Rule writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**EDF - Education**

**EDF 1005 - Introduction to the Teaching Profession (3)**

The purpose of this course is to introduce pre-service teachers to the education profession. Pre-service teachers will understand the historical, sociological and philosophical foundations of the profession as well as the challenges educators face in the 21st century. This course requires 15 hours of field experience in the public schools. This course is offered during the FA, SP and SU terms.

Offered: Fall, Spring, Summer.

**EDF 2085 - Introduction to Diversity for Educators (3)**

The purpose of this course is to introduce the instructional needs of diverse classroom populations including cultural, racial, religious, ethnic, gender issues, learning styles, abilities and disabilities, as well as to prepare pre-service teachers to become culturally responsive teachers. This course requires 15 hours of field experience in the public schools with at least one ESE or ESOL student. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. This course is offered during the FA, SP and SU terms.

Offered: Fall, Spring, Summer.

**EDF 3214 - Child/Adolescent Development and Learning (3)**

The purpose of this course is to provide an examination of the various stages of human development and their relationship to contemporary theories of learning including motivation of at-risk urban and special needs students. This course is a 7 week class and may be offered during the FA or SP term.

Offered: Fall, Spring.

**EDF 4430 - Classroom Assessment (3)**

The purpose of this class is to help the pre-service teacher understand the principles of assessment, the different assessment strategies which can be used in the classroom, formative and summative evaluation, test construction, rubrics, alternative assessment and interpretation of standardized test information. This course requires field experience in the public schools. This course is a 7 week class offered during the FA and SP terms.
EDF 4603 - Critical Issues in Classroom Management, Ethics, Law and Safety (3)

The purpose of this course is to introduce basic skills and knowledge for creating a safe environment that encourages learning, positive social interaction, and effective communication among students of diverse gender, ability, culture, language, race, ethnicity, and sexual orientation. The course emphasizes attitudes, language patterns, communication, values, and behaviors for eliciting and maintaining student learning as well as on-task behaviors. Included are methods and strategies for communicating and working safely and effectively with students, other school professionals, community members, and parents. The course examines public and private school law as it affects teachers' legal rights and legal responsibilities to students. The course covers ethical issues relevant to teaching and the development of one's personal professional ethics. This course is a 7 week class offered during the FA, SP and SU terms.

Offered: Fall, Spring, Summer.

EDF 4943 - Student Internship (9)

The purpose of this course is to be the culmination of all principles learned throughout the pre-service education program. This course is the senior internship class and requires the pre-service teacher to experience working as a full-time teacher in an elementary school setting for one semester. This course is a full term 15 week class offered during the FA and SP terms.

Offered: Fall, Spring, Summer.

EDG - Education

EDG 2370 - Introduction to Teaching Reading and Language Arts (3)

Introduction to Teaching Reading and Language Arts

EDG 2770 - Exploring Global Education Issues in International Context (3)

This course is a guided field experience designed to immerse students in global issues challenging the educational community worldwide, from both academic and experiential perspectives. Through guided studies and field experiences within Haiti/Nicaragua, students will gain a greater appreciation of the challenges faced by emerging nations that include the effects of poverty, exceptionality, race, ethnicity, language and gender on access to quality education and equitable life chances.

Offered: Summer.

EDG 2905 - Directed Study in Education (3)

Directed Study in Education (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)

Offered: Fall, Spring, Summer.

EDG 4323 - Professional Teaching Practices (3)

The purpose of this course is to provide the pre-service teacher with essential skills of planning units and lessons, selecting learning outcomes, appropriate activities, and methods of learning to achieve student learning outcomes and methods of assessment. This course requires field experience in the public schools. This course is a 7 week class offered during the FA and SP terms.

Offered: Fall, Spring.

EDP - Education

EDP 2002 - Educational Psychology (3)

The purpose of this course is to provide application of psychological principles to the educational process and the effect of intelligence factors, environment, emotions and motivation on learning. This course is offered during the FA, SP and SU terms.

Offered: Fall, Spring, Summer.

EEC - Early Childhood Education

EEC 2401 - Home, School and Community (3)

Designed for students to become acquainted with the dynamics of the relationships of home, school and community in early childhood education.

EEC 2523 - Leadership and Management of Child Care Programs (3)

This course is designed to study and develop competencies in the administrator's leadership role in the organizational structure of a child care center. This course is intended to meet one of the course requirements of the Advanced Level Child Care and Education Administrator Credentials as defined by the state of Florida.

Offered: Fall, Spring, Summer.

EEC 2527 - Child Care Center Financial and Legal Issues (3)

This course is designed to study and develop competencies in Financial and Legal Issues in child care programs. This course is intended to meet one of the course requirements of the Advanced Level Child Care and Education Administrator Credentials as defined by the state of Florida.

Offered: Fall, Spring.
EET - Electronic Engineer Tech

EET 1011C - Introduction to Electrical Circuits and Lab (3)
An introduction to the basic concepts of electricity and magnetism. Emphasis is placed on resistance, capacitance and inductance as basic circuit components.
Offered: Fall, Spring.

EET 1021C - Advanced Electrical Circuits and Lab (3)
An introduction to the basic concepts of alternating voltage and current. Emphasis is placed on resistance, capacitance and inductance as basic AC circuit components.
Offered: Fall, Spring.

EET 1141C - Analog Devices and Circuits and (4)
Introduces the concepts of circuit simplification via idealizations, approximations and an overview of semiconductor devices and their electrical properties. Emphasis is placed on circuit analysis.
Offered: Fall, Spring.

EET 1607C - Electronics Assembly and Cabling and Lab (3)
This course involves lab environment training in communications cabling and electronics assembly techniques. Topics covered include computer network cable fabrication, installation, and management, safety, testing and troubleshooting, cabling industry standards, component recognition, soldering and desoldering methods, and reading and drawing of schematics.
Offered: Fall, Spring.

EET 2142C - Analog Circuits and Basic Analog Communications and Lab (4)
Circuits covered are more complex in applications. Includes FET circuitry, amplitude/phase shift response of transistor circuits, integrated circuits and negative and positive feedback circuits.
Offered: Fall.

EET 2326C - Wireless Communications and Lab (4)
A comprehensive study of electronic communication systems, including topics in fiber optic, AM/FM radio, transmission lines, antennas, wave propagation, microwave techniques and other broadcast technologies.
Offered: Spring.

EET 2905 - Directed Study in Electronics (4)
Directed Study in Electronics
Offered: Fall, Spring, Summer.

EET 2949 - Cooperative Education Experience in Electronics (1)
(Prerequisite: 12 semester hours of approved Computer Science courses and permission of Computer Science chairperson.) Course does not show up in regular catalog schedule until you are registered. You are not officially registered until you have completed the Cooperative Education Learning Plan (with all signatures) and Cooperative Education Training Assignment/Registration. Required to complete 80-320 program contact hours in the field based on program 1-4 credit hour course requirement. (Average of 12-15 hours a week at an employer worksite)
1 credit=80 contact hrs. 2 credits=160 contact hrs. 3 credits=240 contact hrs. 4 credits=320 contact hrs. To register contact the Chairperson of your Department, or Cheryl Miller - Work Experience Coordinator millerc@DaytonaState.edu 386-506-4143 - Technology Campus
Offered: Fall, Spring, Summer.

EET 3085 - Electricity and Electronics (3)
Basic theorems and circuit analysis techniques. Instruments and measurements. Introduction to integrated circuits.
Offered: Fall.

EET 3085L - Electricity and Electronics Lab (1)
Lab component for; Basic theorems and circuit analysis techniques. Instruments and measurements. Introduction to integrated circuits
Offered: Fall.

EET 3086 - Principles of Electrical Circuits (3)
DC, AC circuits and electronics. Theorems and circuit analysis techniques. Introduction to transducers, instrumentation, measurements and circuits simulation.
Offered: Fall, Spring.

EET 3716 - Network Analysis (3)
Transient analysis of first and second-order circuits, circuit analysis using LaPlace Transforms. Transform function, frequency response analysis, and Bode plots.
Offered: Spring.

EET 4158 - Linear Integrated Circuits (3)
Applications of operational amplifiers, comparators, phase-locked loops, timers, regulators, other integrated circuits. Includes amplifiers, active filters, oscillators, differentiators and integrators.
Offered: Spring.

EET 4158L - Linear Integrated Circuits Lab (1)
Linear Integrated Circuits Lab

**EET 4329C - Communications Systems and Lab (4)**
Principles and interrelationships of communication system components and circuits. Signals, noise, modulation, demodulation, bandwidth requirements. Transmitters and receivers. Course descriptions are updated from time to time with new relevant information.
Offered: Spring.

**EET 4732 - Feedback Control Systems (3)**
Analysis of networks and control systems. Stability and Compensation considerations, root locus, Nichols chart and Bode plots. Simulation techniques, systems components.
Offered: Spring.

**EET 4732L - Feedback Control Systems Lab (1)**
Lab component for; Analysis of networks and control systems. Stability and Compensation considerations, root locus, Nichols chart and Bode plots. Simulation techniques, systems components.
Offered: Spring.

**EEX - Education (Except Child)**

**EEX 1600 - Classroom Management (Early Childhood) (3)**
Course designed to acquaint the student with factors that influence learning and behavior, and with strategies for changing behavior. This course is required as part of the AS Degree program in Early Childhood Education.
Offered: Summer.

**EEX 2010 - Introduction to Special Education (3)**
The purpose of this course is to provide an introduction to exceptional student education and includes basic information on etiology and characteristics as well as the programs and services provided to this population. This course requires field experience in the public schools with at least one ESE student. This course may be offered during the FA and SP terms.
Offered: Fall, Spring.

**EEX 2080 - Teaching the Exceptional Learner (3)**
This course provides students with strategies and methods to teach learners, birth through 8, with special needs. This course is required as part of the AS Degree program in Early Childhood Education.
Offered: Spring.

**EEX 3240 - Organization, Curriculum Theory and Instructional Strategies (2)**
The purpose of this course is to focus on the development of well-researched methods for teaching reading, language arts, and math at the K-12 levels for exceptional students. It includes teaching and remedial methodology for promoting progress in basic academic subject matter, rates of presentation, and techniques of motivation. This course requires field experience in the public schools. This course is a 7 week class and may be offered during the SP term.

**EEX 3280 - Career/Vocational Assessment and Planning (2)**
The purpose of this course is to introduce special educators to the career and vocational futures of mildly and severely handicapped youth. Two general areas that will be developed include (a) career/vocational content, and (b) basic skills expected of special education students. This course is a 7 week class and may be offered during the FA and SP terms.

**EEX 4034 - Introduction to Exceptional Student Education for Inclusive Teachers (1)**
Introduction to Exceptional Student Education for Inclusive Teachers

**EEX 4070 - Teaching Exceptional Students (3)**
The purpose of this course is to provide an examination of the various stages of human development and their relationship to contemporary theories of learning including motivation of at-risk urban and special needs students. This course requires field experience in the public schools with at least one ESE student. This course is a 7 week class offered during the FA and SP terms.
Offered: Fall, Spring.

**EEX 4221 - Assessment of Exceptional Education Students (3)**
The purpose of this course is to examine the various assessment strategies for diagnosis and intervention of learning, behavioral, and developmental needs of students who qualify for exceptional student education (ESE) services. It will include development of individual education plans to align curriculum, instructional methods, and evaluations to meet the identified needs of students. This course requires field experience in the public schools. This course is a 7 week class and may be offered during the FA term.
Offered: Fall.

**EEX 4242 - Teaching Exceptional Students in Secondary Schools (3)**
The purpose of this course is to examine specific instructional interventions, approaches, current issues, curriculum, and learning strategies appropriate for working with adolescents with exceptional needs in a secondary setting. This course requires field experience in the public schools with at least one ESE student. This course is a 7 week class and may be offered during the FA term.

Offered: Fall.

**EEX 4265 - Curriculum and Instruction for Students with Disabilities 6-12 (3)**
Curriculum and Instruction for Students with Disabilities 6-12
Offered: Fall, Spring.

**EEX 4483 - Differentiated Instruction (3)**
Differentiated Instruction

**EEX 4601 - Behavior Management (3)**
The purpose of this course is to provide familiarization, observation, and application of effective behavior management principles for general and exceptional students in preschool through grade 12 educational settings. It will explore the historical foundations for understanding behavior, implications for discipline, and measurement, charting, assessment, and strategies for modifying behavior. It will include practical application of these principles for working with students with linguistic, cultural, behavioral, and diverse learning characteristics. This course requires field experience in a public school. This course is a 7 week class and may be offered during the FA term.

Offered: Fall.

**EEX 4943 - Student Externship (9)**
Student Internship is the student teaching field experience for the teacher education programs. Students are placed in a school or schools for the entire semester. A minimum of 10 - 12 weeks must be spent in full time teaching. (Prerequisites: Acceptance into the teacher education program and completion of all courses required for certification. Students should also have passed the appropriate Florida Teacher Certification Exams required for the student's program. Professional Education and Subject Area Exams).

Offered: Fall, Spring.

**EGN - Engineering**

**EGN 1111C - Engineering Drawing and Lab (3)**
An introductory course in descriptive geometry, engineering graphics, and drafting principles including orthographic projection, isometric drawings, and engineering problem layout which includes an introduction to computer-aided drafting (AutoCAD).

Offered: Fall.

**EGN 2045 - Engineering and Technology Calculus I (4)**
This course presents the concepts of pre-calculus and calculus with direct applications of the use of these mathematics in engineering and technology problem solving. Concepts through derivatives of algebraic and transcendental functions, techniques of differentiation, applications of derivatives, differentials, optimization and plane areas are covered. This course is to be taught specifically by faculty with an engineering background and industrial experience.

Offered: Fall, Spring.

**EGN 3046 - Engineering and Technology Calculus II (3)**
This course presents advanced mathematical topics and their direct application to problem solving in engineering and technology. Beginning with the calculus topics of integration the course progresses through higher order differential equations and also introduces computer numerical techniques of solving engineering and technology problems. This course is to be taught specifically by faculty with an engineering background and industrial experience.

Offered: Fall, Spring.

**EGN 3311 - Statics (3)**
This course covers fundamental concepts and laws of mechanics, coordinate systems and resultants of force systems, free-body diagrams, center of gravity, centroid, moment of inertia, equilibrium of rigid bodies, friction, and analyses of structures.

Offered: Fall.

**EGN 3321 - Dynamics (3)**
This course covers the dynamics of particles and rigid bodies, application of free-body diagrams, Newton's second law, the impulse-momentum method, and the work-energy principle to solve dynamic problems in mechanical systems.

Offered: Fall, Spring.

**EGN 3343 - Thermodynamics (3)**
This course will allow students to develop an understanding and solve problems related to work, heat, energy transformations, and relation of properties: including laws, concepts, and modes of analysis common to all applications of thermodynamics in engineering.
Offered: Spring.

**EGN 3373 - Principles of Electrical Engineering (3)**

This course is a comprehensive treatment of traditional topics in circuit analysis, electronics and instrumentation, suitable for electrical and non-electrical engineering majors. While the course emphasizes analysis skills and measurement, some examples and exercises that can be used to teach practical applications and troubleshooting will be given.

**EGN 3613 - Engineering Economics Analysis (3)**

The course covers application of principles of engineering economy for establishment of equipment and system feasibility with emphasis on economic evaluation of engineering alternatives. Included are calculating project costs, incorporating interest rates, tax implications, risk, and depreciation to assess the relative worth of engineering and generic investment alternatives.

Offered: Fall, Spring.

**EGS - Engineering (Support)**

**EGS 1000 - Professional Performance for Technicians (3)**

Introduction to professional training activities related to organizations including interpersonal relationships, problem solving, goal settings, ethics, policy and procedures, personal development and organizational structures and cultures.

Offered: Fall, Spring, Summer.

**EGS 2033 - Technical Ethics (1)**

This course is designed to make the student aware of the ethical responsibilities associated with extensive technical knowledge. Topics to be explored include electronic privacy intrusion, proprietary product knowledge and unclear or untried legislation regarding technical capabilities.

Offered: Fall, Spring.

**EGS 2905 - Directed Study in Electronics (1)**

Directed Study in Engineering

Offered: Fall, Spring, Summer.

**EME - Education**

**EME 2040 - Introduction to Education Technology (3)**

The purpose of this course is to serve as a practical course in computer-assisted educational research, curriculum development, and instruction for the multimedia classroom. Adaptations for Exceptional Student Education and English Language Learner students are included in the course. This course is offered during the FA, SP and SU terms.

Offered: Fall, Spring, Summer.

**EME 3434 - Integrating Technology into Math and Science (3)**

The purpose of this course is to explore the multitude of technologies currently available for use in secondary classrooms; evaluate them and determine the appropriateness of their use in a diverse 6-12 classroom. This course is a 7 week class and may be offered during the FA term.

**EMS - Emergency Medical Services**

**EMS 1119C - Emergency Medical Technician I and Lab (10)**

Emphasizes basic life support skills necessary to work as an Emergency Medical Technician. Skills include assessment and pre-hospital care of the sick and injured. This course prepares the student for state licensure and the paramedic curriculum.

Offered: Fall, Spring, Summer.

**EMS 1335 - Emergency Vehicle Operators Course (1)**

Designed to meet the Florida Department of Health, Bureau of EMS requirements that all emergency vehicle operators employed by EMS providers must have completed an emergency vehicle driving program. The course combines lecture with a driving laboratory. Students who are not active duty military must show proof of a valid Florida Driver's License.

Offered: Fall, Spring, Summer.

**EMS 1431 - Emergency Medical Technician Clinical/Field Experience (2)**

This course is designed to fuse the theory learned in lecture and skills learned in lab while participating as part of the Emergency Medical Services (EMS) team in the pre-hospital and hospital settings. Students will participate in clinical rotations in an Emergency Department and on-board and Advanced Life Support (ALS) ambulance.

**EMS 2603C - Paramedic I and Lab (13)**

The Paramedic is a certified allied health provider qualified in advanced life support. Skills and knowledge include recognition, assessment and management of the acutely ill or injured patient. This course serves as the building block to prepare the candidate with the necessary background information and basic cognitive knowledge to successfully complete the Paramedic program.
Offered: Fall, Spring, Summer.

**EMS 2604C - Paramedic II and Lab (12)**

This course emphasizes the recognition and advanced pre-hospital care of the traumatically injured patient and the patient presenting with a medical emergencies related to respiratory, cardiovascular, neurological, endocrine, gastroenterologic, renal or urologic, toxic exposure, environmental, behavioral, gynecologic and obstetric pathologies.

Offered: Fall, Spring, Summer.

**EMS 2605C - Paramedic III and Lab (11)**

This course presents information on the pathophysiological principles and assessment findings of patients with special needs and integrates assessment-based management with clinical decision-making and transport considerations. It also develops an awareness of special considerations in the application and delivery of Emergency Medical Services and further defines the role of the Paramedic within the EMS system.

Offered: Fall, Spring, Summer.

**EMS 2659 - Paramedic Field Internship (3)**

This is the capstone course of the Paramedic program. Interns will participate as lead crewmembers aboard a licensed Advanced Life Support transport ambulance during a 240-hour field internship with an assigned preceptor.

Offered: Fall, Spring, Summer.

**EMS 2666 - Paramedic Clinical I (1)**

Rotation through various departments of local hospitals, health department and Advanced Life Support EMS providers performing invasive and noninvasive paramedic skills under the direct supervision of the clinical instructor and/or assigned preceptor. The EMS program clinical coordinator or designee will provide clinical schedules. Students are responsible for transportation to and from the clinical sites.

Offered: Fall, Spring, Summer.

**EMS 2667 - Paramedic Clinical II (2)**

Rotation through various departments of local hospitals, health department and Advanced Life Support EMS providers performing invasive and non-invasive paramedic skills under the direct supervision of the clinical instructor and/or assigned preceptor. The EMS program clinical coordinator or designee will provide clinical schedules. Students are responsible for transportation to and from the clinical sites.

Offered: Fall, Spring, Summer.

**ENC - English Language and Lit**

**ENC 0025C - Writing and Lab (4)**

An introduction to composition designed to help students gain proficiency in basic writing skills. Upon exiting the course, students will write adequately developed, logically organized expository essays. Recommended based on the student's academic record and available test scores. (ENC 0025C cannot be used toward AA or AS degree requirements.)

Offered: Fall, Spring.

**ENC 0027 - Introduction to College Reading and Writing (3)**

This course is an introduction to composition and reading designed to help students gain proficiency in writing and reading skills. Emphasis is placed on advancing reading comprehension and writing. This course cannot be used toward AA or AS degree requirement.

Offered: Fall, Spring.

**ENC 0055L - The English Studio (1)**

A co-enrolled class designed to support students taking ENC1101 and to help them gain proficiency in the reading and writing skills needed for success in ENC1101 and beyond. Recommended based on the student's academic record and available test scores. This course cannot be used toward the AA or AS degree requirements.

Offered: Fall, Spring, Summer.

**ENC 1101 - Introduction to Composition (3)**

This course is designed to develop students' skills as critical readers and thinkers, and as effective writers able to adjust and compose in different rhetorical situations. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**ENC 1102 - Writing with Research (3)**

This course is designed to continue developing skills for critical thinking, the writing process, and navigating rhetorical situations with the addition of inquiry based on research, synthesis and argument. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**ENC 2210 - Report Writing (3)**
Principles and techniques for presenting technical and job related information, including primary research, graphically as well as in clear, concise written form.

Offered: Fall, Spring.

ENG - English Language and Lit

ENG 2100 - Introduction to Film (3)

Designed to enable students to better understand the structure of individual films and the means by which films tell stories. The course will focus on the elements of film, technology, and/or popular topics in film.

Offered: Fall.

ENG 2905 - Directed Study in English (4)

Directed Study in English

Offered: Summer.

ENL - English Language and Lit

ENL 2330 - Selected Topics in Shakespeare (3)

This course introduces students to Shakespeare's plays and poetry. Students read and view plays, including the study of staging, plot, characterization and language in Shakespearean works. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring.

EPI - Education

EPI 0940 - Field Experience I (Professional Foundations) (2)

This course is intended to strengthen and reinforce strategies and techniques conducted in a fully accredited K-12 school setting. EPI candidates will complete 30 hours of direct observation and participate in lesson delivery, assessment, and collaboration with colleagues over the course of the term. This is for EPI students only.

EXP - Psychology

EXP 2420 - Animal Learning (3)

Introduction to the basic principles of classical and operant conditioning in animals and humans. Specific techniques for controlling behavior are presented. Includes lecture, outside lab and infield experiences.

Offered: Fall, Spring, Summer.

ESE - Education

ESE 4945 - Internship Seminar (3)

The purpose of this course is to serve as the support course accompanying the pre-service teacher’s senior internship. The focus of the course will be to discuss issues in the public school setting they are working in, competencies which need to be addressed, and professional development plans. This course is a full term 15 week class offered during the FA and SP terms.

ETC - Engineering Tech (Civil)

ETC 2207C - Construction Planning and Estimating and Lab (3)

Construction project organization and management, contracting and construction. Estimating fundamentals: square-foot estimates; quantity take-off; unit pricing; direct and indirect costs. Scheduling: network diagram setting and critical path analysis; bar charts; resource analysis; project control. Manual and computer approaches are used. Project: estimate and schedule a small facility construction.

Offered: Fall.

ETC 2245 - Construction Methods (3)

Civil Engineering specialized methods including: site investigation; foundation construction; piles and pile driving; drilling rock and earth; rock blasting; conveyor belt systems; production of aggregates; compressed air; and pumping operations. Cursory review of Construction Codes and Licensing requirements. Small research project on special construction methods or systems.

Offered: Spring.

ETC 4206 - Construction Estimating (3)

Techniques of making estimates and computations of materials, labor, equipment, overhead costs and profits. Software packages are utilized. This course is offered every 2 years.

ETC 4241 - Construction Materials and Methods (2)

Construction principles, details, materials and methods used as related to the construction of buildings.

Offered: Spring.

ETC 4241L - Construction Materials and Methods Lab (1)

Lab component for; Construction principles, details, materials and methods used as related to the construction of buildings.

Offered: Spring.
ETC 4414C - Structural Steel Design and Lab (3)
Introduction to indeterminate analysis, design of steel members, components and connections using current code and specification requirements.
Offered: Fall.

ETC 4415C - Structural Concrete Design and Lab (3)
Strength design of reinforced concrete members, foundations, slabs, and walls. Current code and specification requirements.
Offered: Fall.

ETD - Engineering Tech (Draft)

ETD 2320C - Computer Aided Drafting I (AutoCAD) and Lab (3)
An applications course in computer aided drafting covering equipment, drawing setup, creating geometry, use of text, dimensioning, plotting, rendering, and file management. Course work intended to prepare students for the AutoCAD User Certification Test. Prior course or experience with drafting principles is recommended.
Offered: Fall, Spring.

ETD 2340C - Computer Aided Drafting II (AutoCAD) and Lab (3)
An advanced course in computer aided drafting covering external references, dynamic blocks, meshes, customization, table-driven design, advanced rendering and 3-D modeling. Course work intended to prepare students for Auto CAD Associate Certification Test.
Offered: Fall, Spring.

ETD 2350C - Computer Aided Design Applications (AutoCAD) and Lab (3)
Advanced applications course utilizing CAD software to produce finished drawings. Topics include Windows operating system, text editors, software variables, menu modification, macros, and programming.
Offered: Fall.

ETD 2357C - Inventor Solid Modeling and Lab (3)
Beginning course in 3D modeling using AutoDesk INVENTOR software. Topics include generation of engineering drawings and animated presentations from part and assembly models. Course work intended to prepare students for the INVENTOR User Certification Test.
Offered: Spring.

ETD 2364C - SolidWorks Solid Modeling and Lab (3)
A course covering the creation of 3D solid models for manufacturing utilizing SOLIDWORKS software. Topics include sketching, dimensioning, extruding, revolves, sweeps, booleans, shelling, assemblies, drawing creation, design tables, exploded views and rendering. Coursework intended to prepare students for CSWA (Certified SOLIDWORKS Associate) examination which is given at the conclusion of the course.
Offered: Fall, Spring.

ETD 2368C - SolidWorks II and Lab (3)
A second course in SOLIDWORKS covering more advanced skills and applications. Topics include core and cavity, weldments, surfaces, multibodies, troubleshooting, layout sketches, libraries, and design tables. Coursework intended to prepare students for CSWP (Certified SOLIDWORKS Professional) examination.
Offered: Spring.

ETD 2377C - 3D Computer Animation (3D Studio) and Lab (3)
Lab component for; Solidworks covering more advanced skills and applications. Topics include core and cavity, weldments, surfaces, piping and wiring, management of large assemblies, and design tables.
Offered: Spring.

ETD 2390C - Introduction to Revit Architecture and Lab (3)
Architectural design and drafting utilizing REVIT software by AutoDesk which is used for Building Information Management (BIM) as various building components and systems are incorporated in a project.
Offered: Fall.

ETD 2395C - Architectural CAD and Lab (3)
Architectural design and drafting utilizing Architectural CAD software by AutoDesk. Topics include floor plans, doors, windows, roofs, stairs, annotations, elevations, sections and commercial structures.
Offered: Spring.

ETD 2465C - Tool Design and Lab (3)
An entry-level course covering theory, principles and techniques for the modern design of part holding devices, jigs, fixtures and tooling, including related drawings, geometric dimensioning and tolerancing (G,D,T), and efficiency calculations.
Offered: Spring.

ETD 2540C - Civil Drafting and Surveying (CAD) and Lab (3)
Interpretation of USGS maps. Theory and application of field data in measurements, land surveying and grading; surveying data acquisition, lot, building lines and grades layout; drawing contour lines; street and highway plans, profiles and cross-sections, excavation quantities, horizontal circular curves and vertical curves for road work. Drawings are prepared using AutoCAD Civil 3D computer software.

Offered: Spring.

ETD 2805C - Technical Illustration and Lab (3)
Methods and techniques of pictorial drawing as related to mechanical and industrial graphics using AutoCAD.
Offered: Fall.

ETG - Engineering Tech (Gen)

ETG 2520 - Statics and Strength of Materials (3)
Course which introduces mathematical concepts needed to calculate the design parameters of structural components.
Offered: Fall.

ETG 2906 - Directed Study in Engineering (1)
Directed Study in Engineering
Offered: Fall, Spring, Summer.

ETG 2949 - Cooperative Education Experience in Engineering (1)
(Prerequisite: 12 semester hours of approved Building and Architecture Technology courses and permission of the Building and Architecture Technology chairperson.) Course does not show up in regular catalog schedule until you are registered. You are not officially registered until you have completed the Cooperative Education Learning Plan (with all signatures) and Cooperative Education Training Assignment/Registration. Required to complete 80-320 program contact hours in the field based on program 1-4 credit hour course requirement. (Average of 12-15 hours a week at an employer worksite) 1 credit=80 contact hrs. 2 credits=160 contact hrs. 3 credits=240 contact hrs. 4 credits=320 contact hrs. To register contact the Chairperson of your Department, or Cheryl Miller - Work Experience Coordinator millerc@DaytonaState.edu 386-506-4143 - Technology Campus
Offered: Fall, Spring, Summer.

ETG 3533L - Engineering Strength of Materials Lab (1)
Lab component for; Relationship between external forces and action of members of a structure. Topics include stress, shear, moment, deflections, columns, connections, and Mohr's circle.
Offered: Spring.

ETG 3533 - Engineering Strength of Materials (2)
Relationship between external forces and action of members of a structure. Topics include stress, shear, moment, deflections, columns, connections, and Mohr's circle.
Offered: Spring.

ETG 3541 - Applied Mechanics (3)
Coplanar, parallel, concurrent, and non-current force systems. Centroids, CG's, moments, of inertia. Principles of dynamics, rectilinear motion and rotation, work, energy, power, impulse, momentum, and impact.
Offered: Spring.

ETG 3907 - Directed Study in Industrial Systems (3)
Directed Study in Industrial Systems
Offered: Fall, Spring, Summer.

ETG 4950C - Project Management and Senior Design II and Lab (3)
The course addresses product design and development, product testing, bill of materials, supplier selection and supply chain management, and product documentation including marketing material.
Offered: Fall, Spring.

ETI - Engineering Tech (Indust)

ETI 1110 - Intro to Quality Assurance (3)
This course defines the role of quality in an industrial environment. Topics include the use of quality management techniques and quality philosophies, process development, techniques used for evaluation, approaches used on continuous operations, methods used to control quality, and the International Organization for Standardization (ISO) series of standards. The responsibility of quality assurance during the engineering, manufacturing, and marketing of a product is also covered.
Offered: Fall, Spring.

ETI 1420 - Manufacturing Processes and Materials (3)
This course provides coverage of the characteristics, fundamentals, and manufacturing properties of materials, including metal alloys, polymers, ceramics, and composites. The metal-casting processes and the shaping and forming processes are also covered along with the machines needed for manufacturing.
Offered: Fall, Spring.
ETI 1701 - Industrial Safety (3)
This course focuses on the theories and principles of occupational safety and health in a practical and useful real world job related setting. The major topics include the Occupational Safety and Health Administration (OSHA) compliance, safety standards, code enforcement, ergonomic hazards, mechanical hazards, falling, lifting, electrical hazards, fire hazards, industrial hygiene, radiation, noise, emergencies, and environmental safety.

ETI 3116 - Engineering Quality Assurance (3)
This course covers the fundamentals of quality improvement tools and techniques, concepts and methods for quality design and control including statistical process control, control charts, process capability, and the latest quality initiatives and approaches such as Lean Enterprise and Six Sigma.
Offered: Fall, Spring.

ETI 3421 - Materials and Processes (3)
Offered: Fall.

ETI 3671 - Technical Economics Analysis (3)
Analysis of cost elements in technical operations. Basis for comparison of alternatives.

ETI 3690 - Technical Sales (3)
This course covers application of technical knowledge to sales and service; relationship of technical sales organization to production, customers, and competitors; and technical knowledge with sales skills to provide advice and support on a range of products.
Offered: Spring.

ETI 4186 - Applied Reliability (3)
This course covers practical application of reliability concepts and the analysis applicable to design, development, production, logistic, and operation phases of system components. Principal methods of reliability analysis, including Failure Mode and Effects Analysis (FMEA) and reliability data collection and analysis.
Offered: Fall.

ETI 4205 - Applied Logistics (3)
This course emphasizes on practical applications. Includes systems engineering, cost/systems effectiveness, reliability, maintainability, system functional analysis, logistic support, analysis, life cycle cost analysis. It covers everything from organizing the manpower needed to run a management system, planning maintenance, meeting equipment needs and keeping documentation in order. By becoming familiar with these needs, students can create effective and practical support and logistics systems that are easy to maintain and manage.
Offered: Fall.

ETI 4448 - Project Management and Senior Design I (3)
Statement of work, activity decisions, timelines, scheduling and resource allocation methods. Techniques will be appropriate for large and small projects within commercial, academic, or non-profit organizations.
Offered: Fall, Spring.

ETI 4635 - Technical Administration (3)
This course provides an overview of the techniques of applying management principles to professional positions held by Engineering Technologists and Engineers. The management functions of planning, organizing, leading, and controlling are discussed with their role in managing technology.
Offered: Spring.

ETI 4640 - Operations Management (3)
The course will provide an overview of the tools and techniques used in the ten important decision areas related to operations. The course will also review realistic case studies for best practices in decision making and operations management.
Offered: Spring.

ETI 4704 - Occupational Safety (3)
Accident prevention and the operation of an industrial safety program. Basic requirements of the occupational safety and Health Act standards.
Offered: Spring.

ETM - Engineering Tech (Mech)

ETM 1010 - Mechanical Measurement and Instrumentation (3)
This course provides the basic foundation for both mechanical and electronic measurement techniques used in manufacturing environments. The course will integrate the concepts, principles, and techniques of mechanical measurement with the use of various types of instruments including micrometers, verniers, calipers, gages, and other types of measuring equipment. The course will also introduce the student to the basic measurement techniques employing electronic test equipment including the
operation and usage of digital multimeters, function generators, and oscilloscopes. Offered: Fall, Spring.

**ETM 2315C - Simulation Power and Control and Lab (3)**

Electro-mechanical, Hydraulics and Pneumatics A practical approach to technical problems involving hydraulics and pneumatics, fluid mechanics, hydrostatic forces, and pipe and pump operation including the electrical circuitry needed to operate and control mechanical and hydraulic/pneumatic systems. Offered: Fall.

**ETM 4220 - Energy Systems (3)**

Introduction to energy, work, and thermal systems and processes. Fundamentals of thermodynamics, electricity and nuclear principles and applications, renewable energy and efficiency of energy resources and effects on the environment. Offered: Fall.

**ETM 4331 - Applied Fluid Mechanics (3)**

An introduction to the basic concepts of hydrostatics and hydrodynamics covering fluid statics, flow of ideal fluids, continuity of mass, impulse and momentum principles, conservation of energy, flow of fluid in pipes, etc. Offered: Fall.

**ETM 4512 - Design of Machine Elements (3)**

Design of basic machine elements, including cams, gears, bearings, and coupling, taking into account loads, stresses, and strength of materials. Offered: Spring.

**ETP - Engineering Tech (Power)**

**ETP 4240 - Power Systems (3)**

Analysis of electrical power systems and energy conversion. 3-phase load, per-unit quantities, circuit constants rotating machines, 3-phase transformers, transmission lines, power flow, stability and fault calculations. Offered: Fall.

**ETP 4240L - Power Systems Lab (1)**

Apply knowledge of analysis of electrical power systems and energy conversion. 3-phase load, per-unit quantities, circuit constants rotating machines, 3-phase transformers, transmission lines, power flow, stability and fault calculations. Offered: Fall, Spring, Summer.

**ETS - Engineering Tech (Spec)**

**ETS 3543C - Programmable Logic Applications and Device and Lab (3)**

This course presents logic fundamentals, programming technologies, integrated circuits, and number systems to operate and test systems using programmable logic protocol. Use of program control instructions and Data Manipulation with I/O instructions and addresses in laboratory exercises. Offered: Fall, Spring.

**ETS 4502C - Metrology and Instrumentation and Lab (3)**

An introduction to the basic concepts and terminology of metrology and instrumentation. Theory, procedures and techniques essential to industrial measurement and laboratory practice are covered. Offered: Fall.

**EUH - History**

**EUH 2000 - History of Western Civilization to 1648 (3)**

An analysis of the major changes in the societies of western man, from the Middle Eastern origins through the Protestant Reformation. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. Offered: Fall, Spring.

**EUH 2001 - History of Western Civilization from 1648 to Present (3)**

An examination of the historical evolution and diffusion of western institutions and ideas, including nationalism, the modern state, totalitarianism and democracy. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. Offered: Fall, Spring.

**EUH 2905 - Directed Study in European History (3)**

Directed Study in European History (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.) Offered: Fall, Spring, Summer.

**EVR - Environmental Studies**

**EVR 2001 - Introduction to Environmental Science (3)**
This is an introductory lecture course linking the human and physical/biological worlds. The course will help students to develop an understanding of population and resource interactions. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring.

**EVR 2001L - Introduction to Environmental Science Lab (1)**

This is an introductory lab course linking the human and physical/biological worlds. The course will help students to develop an understanding of population and resource interactions. Enrollment by permission of instructor only.

Offered: Fall.

**EVR 2933 - Environmental Seminar (1)**

This course requires that students create a peer-reviewed presentation synthesizing all learned material, sampling methods, analytical techniques, and data analysis as well as experiences gained via their Environmental Internship position.

Offered: Spring.

**EVR 2943 - Environmental Internship (3)**

This course provides students with meaningful work experience in the field of environmental science.

Offered: Spring.

**FFP - Fire Science**

**FFP 0010 - Firefighter I (206)**

This course of study is the first of two parts, which prepares the student with the fundamental knowledge and skills necessary to safely and dependably perform fire-rescue duties as a firefighter. This course is corequisite with FFP 0020 for those desiring to become state certified firefighters.

Offered: Fall, Spring.

**FFP 0020 - Firefighter II (192)**

This corequisite course with FFP 0010 is the second of the two-part series, which prepares the student for participating in the state certification examinations administered by the Bureau of Fire Standards and Training for obtaining a state of Florida Firefighter Certificate of Compliance. Students must have successfully completed all aspects of FFP 0010 in order to participate in this course.

**FFP 1510 - Construction Codes and Material Rating (3)**

A study of building codes applicable to fire prevention, principles and practices used in various types of building construction, and fire resistance tests and ratings of building materials.

Offered: Fall, Spring, Summer.

**FFP 1520 - Fire Prevention Programs (3)**

A study of the principles and applications of fire prevention for community and industrial plants. Includes the development and maintenance of fire prevention programs, educational programs, inspection programs, and specific applications to fire prevention problems.

Offered: Fall, Spring, Summer.

**FFP 1700 - Management of Municipal Fire Protection (3)**

A study of fire department organization, personnel management, and relationships with other city departments. Evaluation of fire protection needs, financial factors, and other equipment necessary for modern fire protection.

Offered: Fall, Spring, Summer.

**FFP 1799 - Time Management for Fire Service (1)**

A study of incorporating the ideas and concepts of organization, priority setting, planning, decision making, study skills, and communications needed for achievement of personal and scholastic goals.

Offered: Fall, Spring, Summer.

**FFP 1810 - Firefighting Strategy and Tactics I (3)**

A study of firefighting tactics and strategies used for extinguishing fires. Tactical operations, commanding fire ground operations, and contributing factors to fire ground failure will be emphasized.

Offered: Fall, Spring, Summer.

**FFP 2111 - Fire Chemistry (3)**

This course is a study of basic definitions of the chemical characteristics applicable to the chemistry of fire and of the physical and chemical properties of matter, with a particular emphasis on hazardous materials, hydrocarbons, oxidation-reduction chemistry, and residuals of pyrolysis. Emphasis is on emergency situations and the most favorable methods of handling leaks, spills, fire fighting and incident control.

Offered: Fall, Spring.

**FFP 2120 - Building Construction (3)**

A study of building designs and construction features providing indications of how fire will behave and spread in various types of structures.
Offered: Fall, Spring, Summer.

**FFP 2401 - Hazardous Materials I (3)**
A study of hazardous materials, with emphasis on unstable chemicals, explosive substances and their handling, exotic fuels (solid and liquid propellants), pesticides, and corrosive, toxic, and radioactive substances.

**FFP 2402 - Hazardous Materials II (3)**
A study of the methods used to transport hazardous materials, and ways to control and lessen the effects of an accident.

**FFP 2521 - Blueprint Reading and Plans Evaluation (3)**
A study of actual building plans designed to give the student an understanding of the basic principles involved in graphic communications and, in particular, blueprints and plans reading.

**FFP 2540 - Private Fire Protection Systems (3)**
A study of private fire detection systems to include fixed extinguishing systems and standard and/or special fire alarms. Includes a review of the design, installation, maintenance, and testing of the systems.

**FFP 2604 - Fire Detection and Investigation (3)**
A study in determining causes of fire, losses, and records, origins, preservation of physical evidence, scientific aid to investigation, and courtroom procedure in presenting evidence.

**FFP 2706 - Public Information Officer (3)**
This course is a study of what public relations are and how a fire department can utilize positive public relations to benefit the organization and the public. The student will demonstrate techniques to bridge public relations with the community. This course describes the functions of a public information officer along with the responsibilities the position holds.

**FFP 2720 - Fire Department Leadership (3)**
A study of the fundamentals of leadership for officers and potential officers within the fire service. Specifications of the fire officer’s position are covered extensively.

**FFP 2740 - Fire Service Instructor (3)**
A study of the methods and techniques of instruction including oral communication, preparing lesson plans, writing performance objectives, use of training aids, and the selection, evaluation, and preparation of performance tests.

**FFP 2741 - Fire Service Course Design (3)**
A study of the principles of effective curriculum design. Stresses the principles of adult learning and student-centered learning, designing units and courses that address learning, and performance and behavioral objectives.

**FFP 2770 - Ethical and Legal Issues for the Fire Service (3)**
This course is a study of the entire spectrum of legal issues facing today's fire service leaders. Topics include: Labor relations, human rights and diversity; conflicts of interest and frameworks for ethical decision making.

**FFP 2801 - Introduction to Command (3)**
A study of principles associated with the Incident Command System (ICS). Discusses how personnel can effectively protect themselves from a variety of potential dangers, perform responder tasks in a situation which combines the elements of a hazardous materials incident and a crime scene, notify and respond to appropriate authorities from local, state, and federal jurisdictions.

**FFP 2811 - Firefighting Strategy and Tactics II (3)**
A study in pre-fire plans, techniques of using available equipment and manpower, and predicting fires by fuel analysis. Emphasis will be on developing thinking skills in relation to crises.

**FIN - Finance**

**FIN 1100 - Personal Financial Planning (3)**
Study of the fundamental principles and practices used to prepare and monitor personal financial plans.

Offered: Fall, Spring, Summer.
FIN 2000 - Principles of Finance (3)
An introductory study of the essentials of business finance as applied to corporations, small firms, and governmental units. Topics include financial markets, the banking system, financial assets, risk and return, ratio analysis, capital budgeting, time value of money, and working capital management.
Offered: Fall, Spring, Summer.

FOS - Culinary Mgmt (Food Serv)
FOS 1201 - Sanitation and Safety (3)
This course is designed to study the causes and prevention of food spoilage and food borne illnesses. Students will focus on proper food handling, personal hygiene, and food service safety.
Offered: Fall, Spring.

FRE - Foreign Language (French)
FRE 1120 - Elementary French I Concentrated (4)
Introductory-level course to French and Francophone cultures for students who have no or limited knowledge of French. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to develop reading, listening, writing and speaking skills.
Offered: Fall, Spring, Summer.

FRE 1121 - Elementary French II Concentrated (4)
A continuation of FRE 1120. Beginning-level course to French and Francophone cultures for students who have completed FRE 1120 or have a basic knowledge of French. Instruction is designed to continue the study of the fundamentals of grammar principles with activities designed to develop reading, listening, writing and speaking skills.

FRE 2220 - Intermediate French Reading and Conversation I (4)
A continuation of FRE 1121. An intermediate-level course designed to enhance the student's knowledge of French and Francophone cultures by continuing the study of grammar principles and by enhancing communicative competency through interactive activities.

FRE 2221 - Intermediate French Reading and Conversation II (4)
A continuation of FRE 2220. This course completes the second-year sequence of the intermediate-level course in French and Francophone cultures. Instruction is designed to strengthen communicative and written skills with emphasis on oral as well as written expression while introducing aspects of the history and literature of France and the Francophone world.

FRE 2905 - Directed Study In French (1)
Directed Study in French (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)
Offered: Fall, Spring, Summer.

FSS - Culinary Mgmt (Food Serv)
FSS 0070 - Artisan Breads (75)
As part of the Pastry program, this class is an introduction to a variety of yeasted bread doughs and properties of ingredients and mixing methods. Students will prepare an assortment of bread products using a variety of tools, methods and appearance.
Offered: Fall, Spring.

FSS 0071 - Cakes and Petit Fours (75)
As part of the Pastry program, this course is an introduction to classic cakes and mixing methods. Students will prepare an assortment of cake and petit four products using a variety of tools, methods and appearance.
Offered: Fall, Spring.

FSS 0072 - Desserts Production and Presentation (75)
This course is designed as part of the Pastry program, to compile cumulative prior knowledge of both Pastry I and Advanced Pastry, in order to create well-composed and well-designed plated desserts suitable for restaurant service.
Offered: Fall, Spring.

FSS 0291 - Chocolate and Pastillage and Sugar (75)
This advanced class will introduce students to the art of edible pastry showpieces. Topics will include tempered chocolate showpieces and decor, Pastillage showpieces and decorative sugar work.
Offered: Fall, Spring.

FSS 1063C - Baking and Lab (3)
Introduction to baking science and the composition and properties of baking ingredients. Students will produce a variety of baked goods, using proper tools and methods.
Offered: Fall, Spring, Summer.

FSS 1202C - Food Production I and Lab (3)
Principles of food preparation, study will focus on basic principles and techniques of food production, use of recipes and use and care of equipment and tools.
Offered: Fall, Spring, Summer.

**FSS 1222C - Food Production II and Lab (3)**
Study will focus on the preparation of meats, poultry, seafood and game. Students will use a variety of cooking and preparation methods.
Offered: Fall, Spring, Summer.

**FSS 1240C - Contemporary American Cuisine and Lab (3)**
Preparing modern American cuisine with emphasis on regional influences and contemporary presentation techniques.
Offered: Fall, Spring.

**FSS 1242C - International Cuisine and lab (3)**
In this course students will study and practice classical/international menus of Europe and Asia. Special attention on flavor principles of various cuisines.
Offered: Fall, Spring.

**FSS 1270 - Introduction to Craft Beer and Wine (3)**
This course is an introduction to the subject of wine and craft beer for culinary industry managers. Topics include the history of wine and beer, production methods, producing regions of the world, grape and wine varieties, brewing ingredients, tasting, food pairing, and service techniques. Classes include tasting labs that focus on developing sensory evaluation skills, and varietal identification.
Offered: Fall, Spring.

**FSS 1287 - Introduction to Craft Beer Production (3)**
This course is an introduction to brewing craft beer in a commercial setting. Students will learn in the classroom and lab about ingredients and selection, recipe development, materials handling, proper equipment usage and commercial brewing methods. Students will prepare pilot and quantity batches of beer.
Offered: Spring.

**FSS 2210C - Food Production III and lab (3)**
Study to focus on the art of advanced food preparation. Students will acquire skills in producing a variety of food items including garde manger, charcuterie, entrees and desserts. Students will execute planned meals using learned food preparation and presentation techniques.
Offered: Fall, Spring.

**FSS 2284C - Catering and Buffet Management and Lab (3)**
This course will introduce the student to effective practices and principles of effective buffet and catering/event management. From pre-planning to service and staffing to breakdown and clean up.
Offered: Fall, Spring, Summer.

**GEB - General Business**

**GEB 1011 - Introduction to Business (3)**
Business in the modern political, social, and economic environment. Topics include entrepreneurship, accounting, finance, management, economics, and marketing.
Offered: Fall, Spring, Summer.

**GEB 2351 - International Business (3)**
An introduction to international trade theories and practices including exporting, importing, and countertrade. International monetary systems and cultural differences affecting trade are explored. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring, Summer.

**GEB 2430 - Ethics and Social Responsibility (3)**
The purpose of this course is to direct the student toward a professional level of ethical awareness and decision-making in business. A review of the historical origins of ethics and value systems and their influence on various cultures is included. Different ethical values are compared and reviewed in relation to current ethics issues and cases. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring, Summer.

**GEB 2905 - Directed Study in Business (1)**
Directed Study in Business
Offered: Fall, Spring, Summer.

**GEB 3213 - Business Writing (3)**
This course emphasizes the basics of business writing while reviewing the various kinds of written business correspondence. Students are expected to integrate business decision making and analytical thinking skills into the content. Students must be able to determine solutions to problem-based exercises. PR: ENC 1101 or equivalent; junior level status or permission of the chair is required. (This course number was formerly GEB 3212).
Offered: Fall, Spring, Summer.

GEB 4891 - Strategic Management and Decision Making (4)
This course emphasizes strategic planning and strategy implementation in an organization. Students learn how to perform internal and external audits, identify problems, formulate goals and objectives, develop action plans, and evaluate the effectiveness of the outcome of the plan. Case studies are used to promote decision-making abilities. PR: Senior level status or permission of the chair is required.

GEB 4905 - Directed Study in Supervision and Management (1)
Directed Study in Supervision and Management
Offered: Fall, Spring, Summer.

GEB 4930 - Selected Topics in Management (3)
Current topics, issues, and trends pertinent to supervisors and managers are discussed. Topical selections rotate each term; view course search information for details on topics offered each term. PR: Senior level status or permission of the chair is required.

GEO - Geography

GEO 2000 - World Geography (3)
A study of the Earth in spatial terms, place names of major countries and world regions, maps, globes and physical-human phenomena of environments and places. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring, Summer.

GEO 2420 - Cultural Geography (3)
A descriptive study of the location and distribution of people in the world and their cultural characteristics, including: language, religion, and how people use resources and earn their livings. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring, Summer.

GER - Foreign Language (German)

GER 1120 - Elementary German I Concentrated (4)
Introductory-level course to German language and culture for students who have no or limited knowledge of German. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to develop reading, listening, writing and speaking skills.

GER 1121 - Elementary German II Concentrated (4)
Beginning-level course to German language and culture for students who have completed GER 1120 or have a basic knowledge of German. Instruction is designed to continue the study of the fundamentals of grammar principles with activities designed to develop reading, listening, writing and speaking skills.

GER 2220 - Intermediate German Reading and Conversation I (4)
A continuation of GER 1121. An intermediate-level course designed to enhance the student's knowledge of German language and culture by continuing the study of grammar principles and by enhancing communicative competency through interactive activities.

GER 2221 - Intermediate German Reading and Conversation II (4)
A continuation of GER 2220. This course completes the second-year sequence of the intermediate-level course in German language and culture. Instruction is designed to strengthen communicative and written skills with emphasis on oral as well as written expression while introducing aspects of German history and literature.

GER 2905 - Directed Study in German (1)
Directed Study in German (Prerequisite: Appropriate placement scores or successful completion of college prep courses.)
Offered: Fall, Spring.

GIS - Geography (Info Science)

GIS 2040C - Geographic Information Systems and Lab (3)
This course introduces the hardware and software components of a geographic information system (GIS) and reviews GIS applications. Topics include data structures and basic functions, methods of data capture and sources of data, and the nature and characteristics of spatial data and objects.

GLY - Geology

GLY 2010C - Physical Geology and Lab (4)
Detailed study of the materials comprising the earth?s crust and interior and the forces acting to change its surface; the origin of continents and ocean basins in light of recent geologic research. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
GLY 2100 - Historical Geology (3)
This course covers the general principles of historical geology with emphasis on evolution of Earth and life through time. Topics include an overview of the rock cycle and plate tectonic theory, with emphasis on stratigraphic principles, the fossil record, evolutionary theory, and paleogeographic map interpretation.

GRA - Interactive Media
GRA 1543 - Graphic Design Studio (3)
This course provides an overview of the design industry and the methods of graphic design and visual communications. Covers the application of graphic design production tools and the design process with an emphasis on conceptualization and visualization.
Offered: Spring.

GRA 2144 - Web Publishing (3)
The course includes the design, preparation of web sites, including the web home page. Focus is from a graphics point of view and emphasis is on the importance of web page design and layout. The course is taught using various software programs. Basics of HTML for the web will be introduced.

HCP - Nursing - Assistant
HCP 0750C - Phlebotomy Technician - Theory and Clinical (75)
This course is a general overview on techniques, procedures and issues related to collecting blood samples for diagnostic laboratory tests.

HCP 0940 - Internship Phlebotomy (90)
This clinical experience provides supervised learning opportunities for students to apply basic venipuncture principles and techniques under the direction of professionals in a clinical setting. The clinical component will prepare the student for entry level work with the integration of coursework.

HEV - Child Care Apprentice
HEV 0941 - Child Care Apprentice I (96)
Course designed to introduce students to rules and regulations governing child care and child development. CPR and Basic Life Saving Instruction are included.
Offered: Fall.

HEV 0941L - Child Care Apprentice I Lab (680)
Course designed for students to apply knowledge of rules and regulations governing childcare and child development.
Offered: Fall.

HEV 0942 - Child Care Apprentice II (96)
Course designed for students to develop competencies in planning, implementing and supervising developmentally appropriate activities for preschool children.
Offered: Spring.

HEV 0942L - Child Care Apprentice II Lab (680)
Course designed for students to develop competencies in establishing developmentally appropriate activities for preschool children.
Offered: Spring.

HEV 0943 - Child Care Apprentice III (36)
Designed for students to develop competencies in planning, implementing and supervising developmentally appropriate activities for infants/toddlers, preschool, school-age children and children with special needs.
Offered: Summer.

HEV 0943L - Child Care Apprentice III Lab (640)
Course designed to develop competencies in implementing developmentally appropriate activities for school-age and children with special needs, and infants/toddlers, interpersonal relationships, personal and professional growth and positive guidance.
Offered: Summer.

HEV 0944 - Child Care Apprentice IV (96)
Designed to introduce the students to the concepts of personal and professional development including classroom management.
Offered: Fall.

HEV 0944L - Child Care Apprentice IV Lab (679.8)
Course designed to develop competencies in professionalism and leadership and organizational skills necessary to work in a preschool setting.
Offered: Fall.

HEV 0945 - Child Care Apprentice V (96)
Designed for students to become acquainted with characteristics of a safe, clean, healthy learning environment.
Offered: Spring.

HEV 0945L - Child Care Apprentice V Lab (680)
Course designed to develop competencies in establishing a safe, clean, healthy learning environment, including food service.

Offered: Spring.

HEV 0946 - Child Care Apprentice VI (36)
Designed for students to become acquainted with career and job opportunities and employability skills.

Offered: Summer.

HEV 0946L - Child Care Apprentice VI Lab (640)
Course designed to develop competencies in appropriate skills essential to working in child care and in managing an effective child care program.

Offered: Summer.

HFT - Hospitality Management

HFT 1000 - Introduction to Hospitality Industry (3)
This course provides students a basic introduction into the hospitality industry. Topics include the foundations of lodging, food and beverage operations, tourism, attractions, and events. Current industry trends, career opportunities, customer service responsibilities, and computer applications are also stressed.

Offered: Fall, Spring.

HFT 1021 - Beer, Wine and Beverage Service (3)
In this course, classroom activity, discussion and lab will focus on service of beer, wine and non-alcoholic beverages common to the hospitality industry. Students will learn and practice proper procedures for selection, pricing and service.

HFT 1261 - Hospitality Service (3)
This course teaches the principles of guest service as it relates to the hospitality industry. Students will learn about the challenges of interacting with and helping guests, in addition to understanding how behaviors and attitudes can impact the quality of the guest experience. Topics include problem solving for guests, employee training, tools for assessing quality guest service, and service techniques specific to different areas of the hospitality industry.

Offered: Fall, Spring.

HFT 1213 - Beverage Sanitation and Safety (3)
In this course, students will learn industry specific procedures related to proper sanitation, safety and equipment usage in a beverage production and service facility. Bar and brewing chemical selection, storage and proper use will be emphasized.

Offered: Spring.

HFT 1287 - Introduction to Craft Beer Production (3)
This course is an introduction to brewing craft beer in a commercial setting. Students will learn in the classroom and lab about ingredients and selection, recipe development, materials handling, proper equipment usage and commercial brewing methods. Students will prepare pilot and quantity batches of beer.

Offered: Spring.

HFT 1410 - Lodging Operations I (3)
This course will provide an in-depth look at management of the front office and how this department interacts with others in the lodging establishment to create a memorable guest experience. The managerial functions of the lodging front desk operations, reservations, registration, and account settlement will be covered, as well as developmental training in interpersonal skills and communication.

Offered: Spring.

HFT 1860 - Beverage Operations Management (3)
This course will introduce beverage management concepts to students including safe alcohol service, product procurement, storage, inventory control, staffing and product knowledge including non-alcoholic beverages. Proper bar and beverage service equipment selection, maintenance and usage will be emphasized.

Offered: Spring.

HFT 1940C - Hospitality Practicum I (Basic) and Lab (3)
This course will prepare students to participate in work related experience in basic food service and table service in the College operated hospitality facility. Students will rotate through work positions in the restaurant kitchen and dining room, applying basic skills learned in the classroom and lab to an industry work situation.

Offered: Fall, Spring, Summer.

HFT 1941C - Hospitality Practicum II (Intermediate) and Lab (3)
The students will participate in work related experience in basic food service and table service in the College operated hospitality facility. Students will rotate through work positions in the restaurant kitchen and dining room, applying intermediate skills learned in the classroom and lab to an industry work situation.

Offered: Fall, Spring, Summer.

HFT 2009 - Hospitality Professionalism (3)
This course prepares students with the academic, technical and workplace skills necessary to seek further education and employment in the hospitality industry.

Offered: Fall, Spring.

**HFT 2276 - Resorts: Management and Operations (3)**

This course is an introduction and orientation into the various aspects of the resorts segment of the hospitality industry. The course includes an in-depth study of country clubs, pools and spas, casinos, mountain-based resorts, beach resorts, waterparks, timeshares, specialty resorts, golf courses, and cruise ships.

Offered: Fall, Spring.

**HFT 2282 - Hospitality Supervision (3)**

This course covers principles of supervision that are necessary for leading a team of employees within the hospitality industry. Topics include recruitment, selection, orientation, training, evaluation, and leadership skills. Students will also learn procedures related to interviewing, hiring, motivation, and discipline. Upon completion, students should be able to understand and apply basic supervisory skills to the hospitality and service industries.

Offered: Fall, Spring.

**HFT 2283 - Hospitality Contract Management (3)**

This course will expose students to onsite foodservices, often which are contracted out to third party operations. Study will focus on foodservice needs for healthcare facilities, K-12, college, and university settings, business and industry organizations, assisted living facilities, and correctional facilities. Topics will also include quality control, productivity, and technological advances in onsite foodservice management.

Offered: Fall, Spring.

**HFT 2454 - Hospitality Purchasing and Controls (3)**

This course explores the industry standard use of cost controls and purchasing systems. Students will utilize basic math skills to perform food costing, yields, recipe calculation and revenue management. Students will demonstrate best practices and procedures for controlling purchasing and revenue management.

Offered: Fall, Spring.

**HFT 2500 - Hospitality Marketing (3)**

Students will be introduced to basic skills and strategies for effective marketing within the hospitality industry. Special emphasis is given to the topics of market segmentation and targeting, internal marketing, services marketing, destination marketing, brand management, and social media as they apply to the practice of hospitality management.

Offered: Fall, Spring.

**HFT 2600 - Hospitality Law (3)**

Many critical aspects of hospitality law are covered in this course, including employer responsibilities, occupational health and safety issues, personal liability and torts, liquor laws, truth in advertising, contracts, and management ethics. Students will be trained in the knowledge and skills necessary to make informed decisions within professional and legal boundaries and to build sound and progressive labor relations as a hospitality manager.

Offered: Fall, Spring.

**HFT 2671 - Event Risk Management (3)**

This course will expose students to the key segments that make up the risk management aspect of event planning and management. Students will grow and develop an understanding of the proper principles and fundamentals regarding risk management and safety policies and procedures. The course will additionally cover risk management assessments, analyses, and steps for proper implementation.

Offered: Fall, Spring.

**HFT 2750 - Event Industry (3)**

This course will expose students to the importance of event marketing as a specific component of the event planning process. Students will learn about the skills and procedures required to successfully market different types of events, including meetings, conventions, conferences, and social events. Topics concerning the complex coordination of people, resources, and facilities are also covered.

Offered: Fall, Spring.

**HFT 2780 - Introduction to Casino Operations (3)**

This course is an introduction and orientation into the various aspects of the casino and gaming industry. This course focuses on the history of casinos and on modern-day trends, career opportunities, and recent innovations in the casino industry.

Offered: Fall, Spring.

**HFT 2804 - Introduction to Beverage Science (3)**

An introduction to the science of fermentation to produce beverages including yeast propagation, harvesting and management in a professional brewery setting. Students will manage yeast used to brew commercial quantities of beer.

Offered: Spring.
HFT 2822 - Brewery Operations (3)
In this course, class lectures and lab time will focus on operating a professional brewery. Topics include purchasing, receiving, and storage of raw materials, chemicals and cleaning supplies as well. Students will develop standard operating procedures for safety, sanitation and quality control in a commercial brewery setting.
Offered: Spring.

HFT 2860 - Beverage Service Mgmt. (3)
Beverage Service Mgmt.

HFT 2867 - Wine Essentials (3)
This course covers topics related to wine including viticulture, grape varietals, production and the wine making process, identification, regional designations, and sensory evaluation.
Offered: Spring.

HFT 2942C - Hospitality Practicum III (Advanced) and Lab (3)
This course is designed to apply a students learned techniques in a food service setting. Students will apply advanced food service culinary and service skills in the College operated Hospitality facility. Students will plan, prepare and serve advanced modern cuisine in the restaurant kitchen, dining room and banquet operation, applying advanced skills learned in the classroom and lab to a work situation.
Offered: Fall, Spring, Summer.

HFT 3700 - Tourism Management (3)
This course provides students an interdisciplinary introduction of the concepts, methods, and practices of leisure, recreation, and tourism studies. It provides an overview of the principles, practices, and philosophies that affect the cultural, social, economic, psychological, and marketing aspects of human travel and the tourism industry.
Offered: Spring.

HFT 4064 - Bar and Beverage Management (3)
This course prepares students with how to manage the bar and beverage option of a restaurant, bar, hotel, country club ? any place that serves beverages to customers. It provides students with the history of the beverage industry and showcases the appreciation of wine, beer, and spirits. Students will obtain the knowledge necessary to successfully equip, staff, manage, and market a bar and beverage establishment.
Offered: Spring.

HFT 4253 - Hotel Management (3)
This course provides students an advanced focus on the hotel industry. The course examines modern-day and futuristic trends, career opportunities, and recent innovations in the hotel industry from a management perspective. Specific emphasis will be placed on the role of the general manager, as well as the varied roles of departmental managers within the hotel and lodging industry. Topics include operations, department organization and management, benchmarking, quality control, guest service management, and financial controls of hotels.
Offered: Spring.

HFT 4277 - Club Management (3)
An introduction and orientation into the various aspects of the club management sector of the hospitality industry. Includes an in-depth study of country clubs, spa/fitness/aquatic clubs, golf and tennis clubs, and entertainment/nightclubs.
Offered: Spring.

HFT 4809 - Management of the Foodservice Industry (3)
This course prepares students with the theoretical, organizational and operational skills necessary to understand, synthesize and put into action the management philosophies and procedures of the foodservice industry. Students will learn key concepts of creating, developing, managing, and running a foodservice business, from concept to operation.
Offered: Spring.

HHD - Interior Design

HHD 1321 - Introduction to Interior Design (3)
Color, design principles, lighting, interior furnishings, accessories and planning for functional and aesthetic settings. Experience in applying the elements and principles of design and drawing floor plans and elevations.
Offered: Fall, Spring.

**HHD 1361 - Practical Interior Applications (3)**

Working knowledge of window treatments, floor coverings and wall coverings. Cost estimations, reupholstery estimations and installation techniques, calculations and schedules. Students learn appropriate applications for various surface treatments.

Offered: Spring.

**HIM - Health Information**

**HIM 1000C - Introduction to Health Information Management and Lab (3)**

Introduction to the science of health information management. The professional organization, chart content and development, databases, information systems will be emphasized.

Offered: Spring.

**HIM 1031C - Medical Record Transcription I and Lab (3)**

Develop skills in the use of dictating/transcribing units and reference sources. Laboratory experience in transcribing medical record forms.

**HIM 1032C - Medical Record Transcription II and Lab (3)**

Study of advanced medical record terminology and transcription of various medical records and reports.

**HIM 1222C - Beginning ICD-10-CM Coding and Lab (4)**

This course is designed to develop skills in the use of approved disease and operative classification systems, abstraction of patient data from the medical record and assignment of ICD-9-CM diagnostic and procedure codes.

Offered: Spring.

**HIM 1273 - Billing and Reimbursement Methods (2)**

Study of the principles and practices of insurance and reimbursement processing, to include the assignment and reporting of codes for diagnoses and procedures and services. Also covered are completion of UB-92 and CMS-1500 claims for outpatient, emergency department, and physician office encounters.

Offered: Summer.

**HIM 1273L - Billing and Reimbursement Methods Lab (1)**

Study of the principles and practices of insurance and reimbursement processing, to include the assignment and reporting of codes for diagnoses and procedures and services. Also covered are completion of UB-92 and CMS-1500 claims for outpatient, emergency department, and physician office encounters.

Offered: Fall.

**HIM 2012 - Legal Aspects of Health Records (2)**

In-depth study of the federal, state and local laws which govern the preparation and use of health records in healthcare delivery systems.

Offered: Fall, Spring.

**HIM 2214 - Health Information Management Statistics (3)**

This course will introduce the student to healthcare statistics and their uses in healthcare settings.

Offered: Spring.

**HIM 2234C - Advanced ICD-10-PCS Coding and Lab (5)**

This course is designed to enhance skills learned in HIM 1222. By recalling the basic coding rules and applying them with in-depth diagnosis and procedure analysis learned in this course, the student will become capable of accurate medical record coding and DRG assignment.

Offered: Fall.

**HIM 2253C - Beginning CPT Coding and Lab (3)**

This course is designed to develop skills in the use of the Physician's Current Procedure Coding Terminology (CPT) systems for hospital and physicians' offices.

Offered: Summer.

**HIM 2283C - Advanced CPT Coding and Lab (3)**

This course will be a continuation of Beginning CPT coding. This course will also combine CPT with ICD-9 to complete the billing and reimbursement process.

Offered: Spring.

**HIM 2400 - Health Records in Alternate Settings (2)**

This course will explore the use of health records in sites other than hospitals. Long term care, hospice, tumor registry, physician offices and clinics. Record content in each area will be discussed.

Offered: Spring.

**HIM 2430 - Concepts of Diseases (4)**

Given a body of medical information, students will demonstrate their ability to interpret, understand, extract, analyze and synthesize information within the medical record.
Offered: Spring.

**HIM 2442 - Pharmacology and Lab (1)**
This course will introduce the student to the most common drugs and laboratory tests utilized in medicine.

Offered: Summer.

**HIM 2500 - Quality Assurance and Compliance (2)**
This course will discuss the development of health care quality programs including performance improvement, utilization review, risk management and coding compliance.

Offered: Fall.

**HIM 2512 - Health Information Systems Management (2)**
This course will review the basic management functions as they apply to a Health Information Systems (H.I.S.) department.

Offered: Fall.

**HIM 2652 - Electronic Health Record (2)**
This course will review the history of the electronic record, trends, and healthcare information applications. Discussion of the transition from a paper based health record to an electronic record.

Offered: Fall.

**HIM 2800 - Coding Professional Practice Experience I (1)**
This course will give the coder/biller student hands on experience in a physician or outpatient department.

Offered: Fall.

**HIM 2810 - Professional Practice Experience II (2)**
Supervised experience in a non-hospital health care facilities. Compiling health/data statistics, use of indexes and registers and computerization of HIS functions reports are emphasized.

Offered: Spring.

**HIM 2820 - Professional Practice Experience III (2)**
Supervised experience in a Health Information Services (HIS) department offering experience of a supervisory nature, utilization review quality assurance and overall chart flow.

Offered: Fall.

**HIM 2920 - Health Information Management Seminar (2)**
This course will be a capstone course. Employability skills, marketing, and review for the national certification exam will be covered.

Offered: Fall.

**HIM 2930 - Special Topics in Health Information Technology (3)**
This course is designed to enhance coding skills taught in the earlier coding classes for the Health Information Technology program.

Offered: Fall, Spring.

**HLP - Health and Wellness**

**HLP 1081 - Fitness Assessment and Improvement (3)**
This course evaluates the student's level of fitness, then develops a program of improvement through daily exercise and instruction in the areas of nutrition, stress management and basic training techniques. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**HMV - Hospitality Mgmt (Voc)**

**HMV 0103 - Pastry I (75)**
As part of the Pastry program, this class is an introduction to fundamental pastry techniques, a variety of pastry doughs, cakes and custards, properties of ingredients and mixing methods. Students will prepare an assortment of pastry products using a variety of proper tools, methods and decor.

Offered: Fall, Spring.

**HMV 0104 - Advanced Pastry (75)**
As part of the Pastry program, this class is a continuation of fundamental techniques, a variety of pastry doughs, cakes and custards, and properties of ingredients and mixing methods. Students will prepare an assortment of pastry products using a variety of proper tools, methods and decor.

Offered: Fall, Spring.

**HMV 0145 - Wholesale Bakeshop Production (75)**
This advanced class introduces students to artisan chocolate work and candy making. Topics will include chocolate tempering, flavored confectionary centers, hand-enrobed chocolates, non-crystalline confections, fudges, aerated confections and jelly candies.

Offered: Fall, Spring.
HMV 0146 - Retail Bakeshop Production (75)
As part of the Pastry program, this class is a continuation of Cakes and Petit Fours, with focus on professional cake decorating skills, including fondant, gumpaste, royal icing and buttercream décor, as well as tiered cake construction, suitable for a retail bakeshop operation.
Offered: Fall, Spring, Summer.

HSC - Health Sciences

HSC 0005 - Healthcare Concepts for the Massage Therapist (90)
This course provides an overview of the current healthcare delivery system in the USA and healthcare occupations. Content includes but not limited to the use of interpersonal and communication skills with patients and other health professionals, written communication skills, insurance reimbursement, legal and ethical responsibilities.

HSC 1000 - Introduction to Health Care (3)
Introduction to current practices and issues in health care. Content includes social and cultural responses to health problems of individuals and families; health care delivery in primary, secondary, and tertiary settings; critical thinking; health care professions; standards of practice; health care organizations; United States health policies; issues of finance, ethics, legal rights of patients and health care workers; infection control; universal precautions; and principles of effective communication and computer applications to health care. NOTE: This is a required course for students in selected health career programs.
Offered: Fall, Spring, Summer.

HSC 1421 - Health, Safety and Nutrition for the Young Child (3)
Designed to provide the early childhood student with health, safety and nutrition principles for the young child; and experience and resources for teaching these principles in various curriculum areas.
Offered: Summer.

HSC 1531 - Medical Terminology (4)
This course prepares students for medically oriented careers.
Offered: Fall, Spring, Summer.

HSC 2400 - First Aid, Responding to Emergencies (3)
Demonstrations, practical experiences, lectures and discussions on the principles and skills essential to the individual for the care of emergencies in the home and community. Certificates in CPR and Responding to Emergencies will be issued to those individuals successfully completing the course.
Offered: Fall, Spring, Summer.

HUM - Humanities

HUM 2020 - Introduction to Humanities (3)
Taking a thematic approach, this course explores how the human experience is expressed creatively through the arts, including visual arts, music, literature and philosophy. This course contributes to satisfying the Gordon Rule (state rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

HUM 2210 - Prehistory to Medieval Humanities (3)
Literature, fine arts, music and philosophy of Western Europe from earliest times to the Renaissance, and their interrelation with the culture. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

HUM 2230 - Renaissance to Postmodern Humanities (3)
A continuation of HUM 2210, beginning with the high Renaissance and concluding with the early 20th century. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. NOTE: HUM 2210 is NOT a prerequisite for HUMANITIES 2230. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

HUM 2740 - Humanities Overseas Study Program (3)
An opportunity to examine monuments of Western art in the classroom and in Europe. Specific attention given to interrelationships among the arts.
Offered: Summer.

HUM 2905 - Directed Study in Humanities (1)
Directed Study in Humanities
Offered: Fall, Spring, Summer.

HUM 2949 - Cooperative Education Experience in Humanities (1)
Cooperative Education Experience in Humanities
Offered: Fall, Spring, Summer.

HUN - Nutrition

HUN 1201 - Human Nutrition (3)
This introductory course focuses on the principles of nutrition science and how they relate to human physiology and health. Practical applications for using nutrition as part of a personal approach to wellness are emphasized. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**HUN 1203 - Culinary Nutrition (3)**

This course relates nutrition to the food service industry by way of menu planning, studying nutritional deficiencies, diseases, retention of nutrients and the basic principles for health conscious cooking.

Offered: Fall, Spring.

**HUN 1270 - Sports Nutrition (3)**

Introduces human nutrition and its relationships to athletic performance, fitness and health. Presents scientifically-based sports nutrition recommendations for the active person and the trained athlete.

Offered: Fall, Spring.

**HUS - Human Services**

**HUS 1001 - Introduction to Human Services (3)**

Introduces the history and an overview of human services including social work and mental health. Describes roles, responsibilities and goals of the human service worker and values, conflicts and dilemmas that affect the worker and the client relationship. Involvement in college, community, and social service work is emphasized. In addition, the critical involvement of students in professional responsibilities is introduced with involvement in student/faculty clubs and professional organizations.

Offered: Spring.

**HUS 1421 - Assessment and Treatment Planning in Addictions (3)**

This course introduces the student to the basic concepts of substance and dependence counseling. A variety of theoretical approaches including relapse prevention, cognitive behavioral, group theory, and family systems will be covered.

Offered: Fall, Spring.

**HUS 1423 - Group Counseling in Substance Abuse (3)**

This course introduces the student to the group counseling process for the chemically dependent. Throughout the course, emphasis is placed on the necessity for changing behavior, and how behavior change is best accomplished in the substance abuser cohort.

Offered: Fall, Spring.

**HUS 1424 - Counseling for the Chemically Dependent (3)**

This course defines the role of the mental health worker in the treatment of the chemically dependent. The various models of addiction and the classification of drugs will be reviewed. Additionally, the diagnostic process including interviewing techniques, assessment, diagnosis, relapse prevention, and ethics will be addressed.

Offered: Fall, Spring.

**HUS 1850 - Human Services Externship I (3)**

Experiential learning in human service agencies through the practice of counseling skills and techniques. Off-campus job training and clinical supervision are required.

**HUS 2050 - Introduction to Case Management (3)**

This course will introduce students to the case management process which is needed for the Human Services worker to meet the service needs of their clients.

**HUS 2111 - Introduction to Interpersonal Behavior (3)**

This course will examine the fundamental skills of interpersonal communication. Various theories of mental health are examined and the dynamics of both normal as well as dysfunctional interactions are explored. Pending assigned course number.

Offered: Spring.

**HUS 2320 - Introduction to Crisis Intervention (3)**

This course will introduce students to crisis intervention theories, models, and specific interventional Therapeutic techniques. This course is designed to assist students to acquire basic helping skills in crisis Intervention counseling. Pending assigned course number.

**HUS 2425 - Addictions and Treatment (3)**

Addictions and Treatment

**HUS 2500 - Issues and Ethics in Human Services (3)**

This course continues the human services emphasis on professional practice and responsibilities. It adds to the student's knowledge and practice of legal and ethical problems and professional codes of ethics in human service fields. In addition, topics explored include sources of burnout and methods of reducing anxiety, stress and tension; current issues; social and multicultural issues, domestic violence; and effective personal and professional skills.

Offered: Fall, Spring, Summer.

**HUS 2520 - Dynamics of Abnormal Human Behavior (3)**
This course is designed to increase knowledge and understanding of the current issues and perspectives in abnormal behavior. The course will introduce the student to the characteristics, classification, diagnosis and treatment of abnormal behavior, as well as the ethical issues associated with the professions that deal with abnormal behavior.

HUS 2540 - Building Stronger Families and Communities (3)

This course provides information regarding, and an opportunity to explore the relationships and interactions between addiction, disability, gender, social and cultural factors, and the family. Orientation to evidence-based practice is reviewed and updated.

HUS 2851 - Human Services Externship II (3)

Students select and interview at approved human service programs; activities will emphasize application of group dynamics and group skills. This course continues the practice skills from earlier externship and practicum experiences. Off-campus job training and clinical supervision are required.

IDH - Interdisciplinary Honors

IDH 2028 - Honors College Capstone Seminar (3)

This course assists students in developing an integrated understanding of their coursework and co-curricular activities by completing an independent research project and reflecting critically on it.

Offered: Spring.

IDS - Interdisciplinary Studies

IDS 2191 - The 1960's - The Era of Metamorphosis (3)

An introduction to the social, political, psychological, and historical issues and events that transformed the 1960's into one of the most turbulent decades in our nation's history. Examining the 1960's allows us a deeper understanding of postwar America, revealing the roots of many contemporary issues and conflicts. Major course themes include the following: The Civil Rights Movement; Black Power; the Viet Nam War; The Anti-War Movement; the rise of the New Left and the New Right; Cultural Change and the Counterculture; The Women's Liberation Movement and the Emergence of Radical Feminism; The New American Family; Marriage and No-fault divorce; Drugs and Psychodelia; and Music and Rock 'n Roll.

Offered: Fall, Spring.

IND - Interior Design

IND 1001 - History of Architecture and Interiors II (3)

The study of furniture history and architectural styles for the 19th century through contemporary interior design; current and future trends; recognizing and using different architectural and furniture styles in the interiors.

Offered: Spring.

IND 1021 - Interior Design Studio I (3)

Planning floor plans in regard to function and aesthetics. Research and development of design solutions associated with color theory, furniture and room arrangement, lighting and electrical placement, application, floor plans, elevation development and graphic communication.

Offered: Fall, Spring.

IND 1211 - History of Architecture and Interiors I (3)

Furniture history and the development of architectural styles from Antiquity to the end of the 18th century. Recognition and use of different period styles in the design of historical interiors.

Offered: Fall.

IND 1300 - Graphics of Interior Design I (3)

Basic presentation techniques with emphasis on materials and presentation boards. Oral and written communication and graphic presentation. Emphasis on marker and pencil rendering techniques.

Offered: Fall, Spring.

IND 1429 - Textiles for Commercial and Residential Interiors (3)

The study of fibers used in interiors, fire and life safety codes involving their use, fabrication, application and evaluation of textiles and proper professional terminology.

Offered: Spring.

IND 1432 - Lighting for Interior Design (3)

This course is an introduction to the principles of lighting. Students will learn lighting effects, lighting systems, and the effect of lighting on human behavior for both residential and commercial applications.

Offered: Spring.

IND 1935 - Building and Barrier Free Codes (3)

This is a mandatory course required by the State Board of Education for all interior design students. It is designed to give the student an in-depth understanding of building codes and the American with Disabilities Guidelines (ADA). This course will teach students about space-planning and material specifications. Basic building construction and fire safety will be addressed.
IND 2210 - Interior Design Studio II (3)
This course creates a design studio atmosphere with projects and deadlines required throughout the semester. Advanced application of the principles and elements of design into the conceptual design process. Creative problem solving, programming and special analysis. Graphic communication and presentation, placement and selection of furniture, materials, accessories, lighting and electrical schedules.
Offered: Fall, Spring, Summer.

IND 2220 - Commercial Interior Design (3)
Advanced application in creative problem solving and research of the design process for non-residential interiors. Space planning, programming, human factors, code requirements and specifications. Sample test project.
Offered: Fall.

IND 2410 - Kitchen and Bath Design I (3)
This course teaches basic residential kitchen design. The National Kitchen and Bath Association design principles are presented. Students complete kitchen and bath design projects including programming, space planning, mechanical systems and product selection.
Offered: Spring.

IND 2411 - Materials and Estimating for Kitchen and Bath (3)
This course teaches the construction and systems essential in kitchen and bath design. An understanding of foundation to roof construction, wiring, plumbing, heating, ventilation, and air conditioning, building codes, foundations and floor systems, building materials and project estimating will be stressed.
Offered: Spring.

IND 2414 - Kitchen and Bath Design II (3)
This course teaches basic advanced kitchen design; advanced techniques are presented. National Kitchen and Bath Association guidelines are stressed. Students complete kitchen and bath design projects using industry standard CAD program.
Offered: Fall, Spring.

IND 2501 - Practices of Interior Design (3)
Establishing and maintaining a successful interior design business. Resume writing, cover letters and portfolio development procedures. Specifications, financial operations, estimating, schedules and recordkeeping.
Offered: Spring.

IND 2608 - Sustainable Design (3)
The basic theories and practices of ecology relating to interior design products will be introduced. Students will gain an understanding of the impact of their interior selections on the environment. Green design will be introduced as students understand renewable resources, environment pollution, and conservation. This is an emerging field for interior design and architecture.
Offered: Fall, Spring.

IND 2949 - Cooperative Education Experience in Interior Design (1)
(Prerequisite: 12 semester hours of approved Building and Architecture Technology courses and permission of the Building and Architecture Technology chairperson.) Course does not show up in regular catalog schedule until you are registered. You are not officially registered until you have completed the Cooperative Education Learning Plan (with all signatures) and Cooperative Education Training Assignment/Registration. Required to complete 80-320 program contact hours in the field based on program 1-4 credit hour course requirement. (Average of 12-15 hours a week at an employer worksite) 1credit=80 contact hrs. 2credits=160 contact hrs. 3credits=240 contact hrs. 4credits=320 contact hrs. To register contact the Chairperson of your Department, or Cheryl Miller - Work Experience Coordinator millerc@DaytonaState.edu 386-506-4143 - Technology Campus
Offered: Fall, Spring, Summer.

INP - Psychology
INP 1390 - Human Relations in the Workplace (3)
Designed to enhance effectiveness in the workplace through an emphasis on awareness of self and others communication technique and interpersonal skills. Individualized Instruction.
Offered: Fall, Spring, Summer.

INR - Political Science
INR 2002 - International Relations (3)
Analysis of national power, foreign policy, settlement of disputes, the balance of power system, and international organization and disarmament in world affairs. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring.
ISM - Information Systems Mgmt

ISM 2000 - Business Information Processing (3)
Information processing concepts and the use of business software application programs for managers to effectively use the interaction between technology and information to increase personal and organizational competitive advantage.
Offered: Fall, Spring, Summer.

ISM 4011 - Introduction to Management Information Systems (4)
This course provides an introduction to the use of information technology in the business environment. The language, concepts, structures and processes involved in the management of information systems will be discussed. The course will have an applications component where software will be used to support managerial decision making. PR: ISM2000, CGS 2100 or equivalent. Senior level status or permission of the chair is required.

ITA - Foreign Language (Italian)

ITA 1120 - Elementary Italian I Concentrated (4)
Introductory-level course to Italian language and culture for students who have no or limited knowledge of Italian. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to develop reading, listening, writing and speaking skills.
Offered: Fall, Spring.

ITA 1121 - Elementary Italian II Concentrated (4)
A continuation of ITA1120. Beginning-level course to Italian language and culture for students who have completed ITA1120 or have a basic knowledge of Italian. Instruction is designed to continue the study of the fundamentals of grammar principles with activities designed to develop reading, listening, writing and speaking skills.

ITA 2220 - Intermediate Italian Reading and Conversation I (4)
A continuation of ITA1121. An intermediate-level course designed to enhance the student's knowledge of Italian language and culture by continuing the study of grammar principles and by enhancing communicative competency through interactive activities.

ITA 2221 - Intermediate Italian Reading and Conversation II (4)
A continuation of ITA2220. This course completes the second-year sequence of the intermediate-level course in Italian language and culture. Instruction is designed to strengthen communicative and written skills with emphasis on oral as well as written expression while introducing aspects of Italian history and literature.

ITA 2905 - Directed Study in Italian (1)
Directed Study in Italian (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)
Offered: Fall, Spring, Summer.

JOU - Mass Comm (Journalism)

JOU 1100 - Introduction to Journalism (3)
Designed as a basic skills and practical application course for gathering, writing, reporting and editing news in journalistic style.

JOU 2905 - Directed Study in Journalism (1)
Directed Study in Journalism (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)
Offered: Fall, Spring, Summer.

JOU 2949 - Cooperative Education Experience in Journalism (1)
Cooperative Education Experience in Humanities (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)
Offered: Fall, Spring, Summer.

LAE - Lang Arts and English Ed

LAE 3414 - Children's Literature (3)
The purpose of this course is to present new and outstanding titles in literature for elementary children. Topics include authors and illustrators, surveys the genres of children's literature, principles of selection, evaluation, and integration of literature, fiction and nonfiction in a variety of formats to enrich classroom activities and recreational and lifelong reading. This course is a 7 week class offered during the FA and SP terms.
Offered: Fall, Spring.

LAE 4314 - Teaching Language Arts (3)
The purpose of this course is to develop materials and implement effective practices related to teaching reading and writing in elementary schools. This course is a 7 week class that may be offered during the SP or SU term.
LAE 4361 - Strategies for Literacy for Middle/High Schools (3)
The purpose of this course is to examine theory, strategies and resources related to implementation options to deliver literacy instruction in the content areas. This course requires a field service in a public secondary school. This course is a 7 week class and may be offered during the SP term.

LIN - English Language and Lit
LIN 1670 - English Grammar, Usage and Composition (3)
This course is an intensive study of the principles of English grammar and usage for those students who wish to improve their understanding and use of standard American English in written discourse of various styles. Recommended based on the student's academic record and available test scores.
Offered: Fall, Spring.

LIS - Library and Info Studies
LIS 2004 - Introduction to Internet Research (1)
This course is designed to develop skills needed to find, evaluate and use relevant resources that are available on the Internet including search strategies, retrieval, evaluation and proper citing of Internet resources.
Offered: Fall, Spring, Summer.

LIT - English Language and Lit
LIT 2000 - Literature and Culture (3)
This course is a study of selected literary texts organized around a central theme, an historical period, or a cultural movement. Emphasis is placed on developing reading skills for greater comprehension, appreciation, analysis, and cultural awareness. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring, Summer.

LIT 2030 - Understanding Poetry (3)
A survey of chronologically selected poets against the background of their periods, with emphasis upon the major themes of poets of all ages. A broad cultural approach. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

MAC - Mathematics
MAC 1105 - College Algebra (3)
Topics include: Polynomial and rational equations and inequalities, graphs of functions, rate of change,
transformations, extreme values, modeling, combining functions, one-to-one and inverse functions, exponential functions, logarithmic functions, laws of logarithms, exponential and logarithmic equations, modeling, systems of equations, linear systems in three variables, nonlinear systems of equations, and linear and nonlinear systems of inequalities. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption or passed MAT 1033 with grade "C" or better or permission of chairperson). This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

MAC 1114 - College Trigonometry (3)

Topics include: The unit circle, trigonometric functions (definitions, graphs and inverses), right triangles, oblique triangles, trigonometric identities, trigonometric equations, the trigonometric form of complex numbers, two-dimensional vectors, polar coordinates, and parametric equations. A scientific calculator is required. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption or passed MAC 1105 with grade "C" or better or permission of chairperson). This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

MAC 2233 - Calculus for Business and Nonphysical Sciences I (3)

This course is designed for students who plan to major in Business or the Social Sciences. Topics include: Limits, continuity, differentiation and integration of algebraic, exponential and logarithmic functions with emphasis placed on applications in business, economics, and social sciences. A scientific calculator is required. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption or passed MAC 1140 with grade "C" or better or permission of chairperson). This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.
MAD - Mathematics

MAD 2104 - Discrete Mathematics (3)
Topics include: Sequences and sequence notation, propositional logic, negation and logical equivalence, quantifiers, multiple quantifiers and their negations, implications, the logic of implications, valid and invalid forms of reasoning; Direct and indirect proofs, proving by cases, mathematical induction, proof by contradiction, and modular arithmetic; Sets, subsets, operations on sets, proving set properties, the duality principle, Boolean algebra; Notation and terminology of functions, inverse functions, properties of relations, order relations, proofs about properties of relations, equivalence relations; Graphs and Trees, proofs about graphs and trees, isomorphism and planarity, graphs in puzzles and games. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption or passed MAC 1114 with grade "C" or better or permission of chairperson or concurrent requisite of MAC 1114). This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. Offered: Fall.

MAE - Mathematics Education

MAE 2801 - Elementary School Mathematics (3)
This course contains mathematical material appropriate for students studying to be elementary school teachers. Topics include: Operations on real numbers, problem solving techniques, prime factorizations, numerical systems, simplifying numeric expressions, sets and Venn diagrams, converting base systems, solving geometric problems, identification and classification of two and three dimensional figures, and finding area and perimeter of these figures. Offered: Fall, Spring, Summer.

MAE 4326 - How Children Learn Mathematics (3)
The purpose of this course is to provide strategies for pre-service teachers to develop mathematical literacy and understanding in the elementary classroom. This course requires a field experience in the public schools. This course may be offered in the FA and SP terms. Offered: Fall, Spring.

MAN - Management

MAN 2021 - Principles of Management (3)
Designed to enable the student to understand and apply the following basic functions of management: planning, organizing, staffing, leading and controlling. Offered: Fall, Spring, Summer.

MAN 3240 - Organizational Behavior (3)
This course is a study of individual and group behavior in organizations. Students will develop an understanding of how organizations can be managed more effectively. Course content includes motivation, group dynamics, conflict resolution, goal setting and rewards, job design, work stress, power/politics, and organizational change and development. PR: Junior level status or permission of the chair is required. Offered: Fall, Spring.

MAN 3353 - Management Theory and Practices (3)
This course examines management theory, relevant applications and cases, self-management, teamwork, global awareness, and communication for the development of management competencies. PR: Junior level status or permission of the chair is required. Offered: Fall, Spring, Summer.

MAN 3593 - Scheduling and Logistics (3)
This course enables students to demonstrate knowledge and advanced experience in the specialized area of developing and maintaining project schedules. It also prepares students for the internationally recognized Scheduling Professional (PMI-SP) certification exam by Project Management Institute based on experience. Offered: Spring.
Discussion and application of leadership theories include skill formation to develop leadership abilities. Team building skills are emphasized to enhance leadership effectiveness. Students learn the importance of visioning in their organizations. PR: Senior level status or permission of the chair is required.

Offered: Fall, Spring, Summer.

**MAN 4162 - Customer Relations for Managers (3)**

This course examines relationship building for all customers of an organization. The impact of culture and diversity on business relationships, successful negotiation strategies, and promotion of the organization through media relations are discussed. PR: Junior level status or permission of the chair is required.

Offered: Fall, Spring, Summer.

**MAN 4301 - Human Resource Management (3)**

This course is a study of the functions of human resource management including recruitment, selection, benefits and compensation, performance evaluation, development of employees, and formulation of human resource procedures. The strategic role of human resources and current issues will be discussed. PR: Junior level status or permission of the chair is required.

Offered: Fall, Spring, Summer.

**MAN 4504 - Operational Decision Making (3)**

This course focuses on operational decision-making management techniques to improve the processes and productivity in organizations. Discussion of quality and outcomes, efficiency, forecasting, work-flow processes, inventory control, design of goods and services, waiting lines and critical path. Managing a project from beginning to end, including how to identify needs, and define, assign and track items, is addressed. PR: Senior level status or permission of the chair is required.

Offered: Fall, Spring, Summer.

**MAN 4520 - Quality Management (3)**

This course enables students to examine the strategic role of quality within an organization, as well as strategic issues involved in managing quality. Topics include assessing customer requirements, developing customer focus, measuring quality performance and applying principles of quality management throughout the Project Life Cycle.

Offered: Spring.

**MAN 4535 - Business Process Analysis (3)**

This course will enable students to work effectively with stakeholders to define their business requirements, shape the output of projects and drive successful business outcomes. It also prepares students for the internationally recognized Professional in Business Analysis (PMI-PBA) certification exam by Project Management Institute based on experience.

Offered: Fall.

**MAN 4583 - Applied Project Management (3)**

This course will enable students to effectively use industry recognized project management software. It also prepares students to take the Microsoft Project certification exam (2013 74-343).

Offered: Fall.

**MAN 4584 - Project Risk Management (3)**

This course will enable students to demonstrate knowledge and expertise in the specialized area of assessing and identifying project risks along with plans to mitigate threats and capitalize on opportunities. It also prepares students for the internationally recognized Risk Management Professional (PMI-RMP) certification exam by Project Management Institute based on experience.

Offered: Spring.

**MAN 4741 - Agile Project Management (3)**

This course will enable students to apply agile principles and practices on projects. It also prepares students for the internationally recognized Agile Certified Practitioner (PMI-ACP) certification exam by Project Management Institute based on experience.

Offered: Fall.

**MAN 4900 - Capstone Project in Supervision and Management (4)**

This course focuses on the integration of knowledge, skills and abilities learned in the program through a capstone project. PR: Senior level status or permission of the chair is required. To be taken during the last semester of the program.

Offered: Fall, Spring, Summer.

**MAN 4905 - Directed Study in Supervision and Management (1)**

Directed Study in Supervision and Management.

Offered: Fall, Spring, Summer.

**MAP - Mathematics (Applied)**

**MAP 2302C - Differential Equations and Lab (3)**

Topics include: First order ordinary differential equations, theory of linear ordinary differential equations solutions of linear and non-linear equations including variation of
parameters, undetermined coefficients and Laplace transformations, matrix methods along with applications such as Newton's Law of Cooling, mixture problems, springs and free fall. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption or passed MAC 2312C with grade "C" or better or permission of chairperson or concurrent requisite MAP 2302C.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

MAP 3401 - Problem Analysis (3)
Application of Calculus in Solving Engineering Technology Problems.
Offered: Fall, Spring.

MAR - Marketing

MAR 2011 - Principles of Global Marketing (3)
A global approach to the study of marketing. Domestic, international and multinational consideration of customer, product, price, promotion and place will be explored. Students will complete a marketing plan.
Offered: Fall, Spring, Summer.

MAR 2101 - Social Media Marketing (3)
An in-depth review of the impact that social media has had on marketing. The focus will be on developing an effective marketing plan using social media.
Offered: Fall, Spring, Summer.

MAR 2321 - Advertising (3)
An in-depth review of advertising, including consumer behavior, relationship marketing, advertising planning, media selection, public relations and integrating marketing communications.
Offered: Fall, Spring.

MAR 2720 - Digital Marketing in Business (3)
Course introduces students to the steps and strategies necessary for marketing products on the Internet. Emphasis is on tools, techniques, challenges and decision-making ability needed to participate in this rapidly growing sector of the economy.
Offered: Fall, Spring.

MAS - Mathematics

MAS 3105 - Linear Algebra (3)
Topics include: Solving systems of linear equations, matrix algebra, determinants, vector spaces and linear transformations with an emphasis beginning placed on computational methods with some exposure to proofs.
Offered: Spring.

MAS 3301 - Abstract Algebra (3)
Topics include: Divisibility and Euclid's Algorithm, Theorems of Euler and Fermat, Groups, Sub Groups, Cyclic Groups, Permutation Groups, Symmetric Groups, Cosets, Normal Subgroups, Quotient Groups, Fields, Rings, Subrings, Ideals, Quotient Rings, Isomorphisms, Homeomorphisms and Congruence.
Offered: Fall.

MAS 4203 - Number Theory (3)
Topics include: Distribution of primes, representations of integers, Fibonacci Numbers, Divisibility, Euclidean algorithm, Mersenne Primes, Fundamental Theorem of Arithmetic, Number-theoretic functions, Diophantine Equations, Congruences, the Chinese Remainder Theorem, Perfect Numbers, Pythagorean Triples, continued fractions, Gaussian Integers, Euler's Theorem, Fermat's Little Theorem, and Wilson's Theorem. (Prerequisite: Placement through appropriate college placement test or passed MAC 2312/2312L with grade "C" or better or permission of chairperson).

Offered: Fall.

MAT - Mathematics

MAT 0018C - Mathematics I (Pre-Algebra) and Lab (4)
Topics include: A review of the basic arithmetic operations of whole numbers, mixed numbers, fractions, decimals and percents, ratio and proportion, basic operations of real numbers, simplifying algebra expressions and solving basic linear equations. (MAT 0018C cannot be used toward A.A. or A.S. degree requirements.)
Offered: Fall, Spring, Summer.

MAT 0022 - Integrated Arithmetic and Algebra (5)
This course is a review of arithmetic involving basic operations of whole numbers, fractions, decimals and percents. Additional topics includes an introduction to algebraic concepts such as graphing linear equations in two variables, polynomials and properties of exponents, factoring and other skills need for further study in algebra and general education mathematics. MAT 0022 cannot be used towards an A.A. or A.S. degree requirement.
Offered: Fall, Spring, Summer.
MAT 0028C - Mathematics II (Elementary Algebra) and Lab (4)
Topics include: An introduction to algebra: a review of basic operations of real numbers, solving linear equations containing parentheses, fractions, and decimals, graphing linear equations in two variables, polynomials and properties of exponents and factoring. MAT 0028C cannot be used toward A.A. or A.S. degree requirements.
Offered: Fall, Spring, Summer.

MAT 0055L - Developmental Mathematics I Lab (1)
This course includes topics such as graphing linear functions, quadratic functions, absolute value functions, radical functions and rational functions, with a focus on simplifying, adding and multiplying these functions as well as methods to solve equations involving these types of functions. Other topics include inequalities, functional equations, factoring polynomials, applied problems, systems of equations, quadratic formula, complex numbers, and completing the square. MAT 0055L cannot be used toward A.A. or A.S. degree requirements. FA, SP, SU
Offered: Fall, Spring, Summer.

MAT 0056L - Developmental Mathematics II Lab (2)
This course is a review of basic algebra including but not limited to, operations of real numbers, solving linear equations containing parentheses, fractions, and decimals. Additional topics include graphing linear equations in two variables, polynomials and properties of exponents and factoring. Other topics will include quadratic functions, absolute value functions, radical functions and rational functions, with a focus on simplifying, adding and multiplying these functions as well as methods to solve equations involving these types of functions. Other topics include inequalities, functional equations, factoring polynomials, applied problems, systems of equations, quadratic formula, complex numbers, and completing the square. MAT 0056L cannot be used toward A.A. or A.S. degree requirements.
Offered: Fall, Spring, Summer.

MAT 1033 - Intermediate Algebra (4)
Topics include: Graphing linear functions, quadratic functions, absolute value functions, radical functions and rational functions, with a focus on simplifying, adding and multiplying these functions as well as methods to solve equations involving these types of functions. Other topics include inequalities, functional equations, factoring polynomials, applied problems, systems of equations, quadratic formula, complex numbers, and completing the square. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption or passed MAT 0028C with grade "C" or better or permission of chairperson).
Offered: Fall, Spring, Summer.

MAT 1033A - Intermediate Algebra (4)
Topics include: Graphing linear functions, quadratic functions, absolute value functions, radical functions and rational functions, with a focus on simplifying, adding and multiplying these functions as well as methods to solve equations involving these types of functions. Other topics include inequalities, functional equations, factoring polynomials, applied problems, systems of equations, quadratic formula, complex numbers, and completing the square. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption or passed MAT 0028C with grade "C" or better or permission of chairperson).
Offered: Fall, Spring, Summer.

MCB - Microbiology

MCB 1010C - Microbiology and Lab (4)
A study of the microbial world, with emphasis on structure, function, metabolism and principles of the host-parasite relationship. Three-hour lecture, three-hour laboratory.

MCB 2905 - Directed Study in Microbiology (1)
Directed Study in Microbiology
Offered: Fall, Spring, Summer.

MEA - Medical Assisting

MEA 0005 - Introduction to Medical Assisting (120.9)
This course covers the history of medicine, the medical assisting profession, the duties of a medical assistant, the characteristics of a medical assistant and members of the health care team, insurance, credits, collection methods and correct coding procedures for billing purposes will be covered. Students will also be prepared to seek employment in the field and be given guidelines for resum', writing, cover letters and follow-up letters for interview purposes.
Offered: Fall, Spring.

MEA 0204C - Clinical Procedures for Medical Assisting and Lab (150)
This course covers infection control techniques, how infections and blood borne pathogens are spread, basic first aid and emergency procedures, as well as how to maintain emergency equipment. Students will also know how to take vital signs, prepare patients for, as well as assist with
various procedures, quality control and how to maintain medication records and accurately document interviews and findings.

Offered: Spring.

**MEA 0230C - Medical Terminology for Medical Assisting and Lab (120)**

Students will demonstrate a knowledge and understanding of basic body systems. Terminology, spelling, diseases and procedures associated with each system will be covered in this course.

Offered: Fall.

**MEA 0231C - Anatomy and Physiology for Medical Assisting and Lab (180)**

The student will have knowledge of the organization of the human body and how it functions in both a wellness and illness state. The course will also prepare the student to assist the physician in planning of and education of patients on diets as they relate to diseases/health of each of the body systems.

Offered: Fall.

**MEA 0242C - Pharmacology for Medical Assisting and Lab (120)**

This course will prepare students to perform duties relevant to the administration of medications under the supervision of a physician.

Offered: Spring.

**MEA 0256C - Laboratory Procedures for Medical Assisting (189)**

The student will gain an understanding of the various laboratory tests, the departments in a laboratory, the personnel, safety rules, government regulations, how to perform basic tests, how to collect blood specimens by various methods and how to perform electrocardiograms.

Offered: Spring.

**MEA 0310C - Clerical Procedures for Medical Assisting and Lab (120)**

This course will prepare students to perform all duties of a medical office receptionist. Including but not limited to, skills in typing, filing, scheduling and billing.

Offered: Fall.

**MEA 0334C - Coding for Medical Assisting and Lab (60)**

This course will develop the basic skills in Current Procedural Terminology (CPT), International Classification of Diseases (ICD), and insurance and billing procedures needed by the medical assistant working in a physician's office.

Offered: Fall.

**MEA 0801 - Externship for Medical Assisting (240)**

The student will apply those skills gained in the classroom in a professional setting. They will be responsible for 240 hours of hands-on practical in physician's offices, clinic settings and urgent care facilities. The school will be responsible for obtaining the clinical sites, and monitoring the student’s progress to complete this portion of the program.

Offered: Summer.

**MEA 0905 - Directed Study in Medical Assisting (240)**

Directed Study in Medical Assisting

**MET - Meteorology**

**MET 2010 - Meteorology (3)**

An introduction to the fundamentals of weather and climate. Topics include temperature, humidity, clouds, precipitation, air masses, fronts, storms, air pollution and climate. Emphasis is on how these processes take place and their results. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**MGF - Mathematics**

**MGF 2106 - Survey in Mathematics (3)**

This course is designed to motivate students and to illustrate the relevance of mathematics in everyday life. The objective of this course is not to focus on algebraic manipulation, but rather on the understanding and interpretation of real world applications. Topics include a review of the basic operations of real numbers, sets, linear functions, systems of linear equations, linear programming, introduction to probability and statistics, interest and annuities, and geometry. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption or passed MAT 0028/0028L with grade "B" or better or permission of chairperson.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**MGF 2107 - Mathematics for Liberal Arts (3)**

Topics include: Consumer mathematics, mathematical modeling, and geometry in art, graph theory, voting,
apportionment techniques and history of mathematics. Applications to real-world situations are heavily emphasized. (Prerequisite: Placement through Daytona State College placement test or MAT0028 with grade "B" or better or permission of chairperson.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

MHF - Mathematics

MHF 4404 - History of Mathematics (3)
Topics include: Counting Methods (Egyptian, Babylonian), the Pythagoreans, Euclid, the Alexandrian School, Roman Mathematics, Indian Mathematics, Arabic Mathematics, Descartes, Pascal, the Calculus Controversy, Newton's Principia, the development of probability theory, the development of number theory, Euler, Gauss, moving toward a rigorous set of axioms for mathematics, Hilbert's unsolved problems, non-Euclidean geometries and modern topics in Mathematics.

Offered: Spring.

MKA - Marketing

MKA 2021 - Building Selling Relationships (3)
Designed for the student who holds or aspires to a sales position. Students prepare a complete sales presentation as they apply proven sales techniques.

Offered: Spring.

MMC - Mass Communication

MMC 1000 - Introduction to Mass Communication (3)
Introduction to the media of mass communication, covering: media's impact on society; responsibilities and legalities; and careers in broadcasting, newspapers, magazines, book publishing, advertising, the music and movie industries.

Offered: Fall, Spring.

MNA - Management

MNA 0084 - Customer Service Representative (150)
This course develops students' customer service, human relations, communications, conflict resolution and employability skills.

Offered: Fall, Spring.

MNA 0086 - Customer Care Specialist (150)
This course builds upon MNA 0084 (Customer Service Representative). Students develop technological literacy, techniques and procedures for information gathering, and techniques for promoting a positive customer service culture.

Offered: Fall, Spring.

MNA 2161 - Customer Service Management (3)
This course examines quality service management and develops an appreciation for its vital importance in today's businesses, nationally and internationally. The content includes customer service techniques, customer communications skills, dealing with challenging customers, and problem-solving skills.

Offered: Fall, Spring.

MNA 2345 - Supervision of Personnel (3)
Designed for the student who holds or aspires to a supervisory position. The management functions of planning, organizing, leading and controlling will be studied and applied.

Offered: Fall, Spring.

MNA 2949 - Cooperative Education Experience in Management (1)

MSL - Military Science

MSL 1001 - Foundations of Officership - MSL101 (1)
A study of the defense establishment and the organization and development of the United States Army. A study of military courtesy, discipline, customs and traditions of the service. A historical perspective of the role of the different branches of the United States Army and the role they have played in the freedom of the nation. An instruction to physical readiness training. Exercises normally include M16-A1 rifle firing, rappelling training, and airmobile helicopter operations. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.)

Offered: Fall.

MSL 1002 - Basic Leadership - MSL102 (1)
Fundamentals of land navigation that include map reading, terrain identification, intersection, resection and polar coordinates. A study of the roles the active Army Forces, the Army Reserve Forces and the Army National Guard play in our nation's defense. Continued emphasis on physical readiness training. Field training exercises normally include M16-A1 rifle firing, rappelling training and airmobile operations. (Prerequisite: Appropriate
placement scores or successful completion of college prep courses.)

Offered: Spring.

**MSL 2101 - Individual Leadership Studies - MSL201 (1)**

A review of the customs and traditions of the service. The fundamentals of leadership development and the importance of understanding the principles needed for effective leadership. Requires mandatory physical training exercises which normally include M16-A1 rifle firing, rappelling training and airmobile helicopter operations. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.)

Offered: Fall.

**MSL 2102 - Leadership and Teamwork - MSL202 (1)**

The fundamentals of military geography and their application in the use of navigational aids for the military forces. A study of preventive medicine countermeasures and first aid techniques that every leader must know. Requires mandatory physical training and includes both lecture and leadership laboratory. Two weekend training exercises normally include M16-A1 rifle firing, rappelling training and airmobile helicopter operations. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.)

Offered: Spring.

**MSL 3201 - Adaptive Team Leadership - Army ROTC - MSL 301 (3)**

A study, practice and evaluation of adaptive leadership skills in challenging scenarios related to squad tactical operations. The focus is developing cadets' leadership abilities to enable them to succeed at ROTC's summer Leadership Development and Assessment Course (LDAC). A leadership laboratory and physical training course is mandatory.

Offered: Fall.

**MSL 3202 - Applied Team Leadership - Army ROTC - MSL 302 (3)**

Course uses increasingly intense situational examples and exercises applying team leadership challenges to build cadet awareness and skills in leading tactical operations at the small unit level. Cadets review aspects of full spectrum operations and also conduct military briefings and develop proficiency in the operation orders process. A leadership laboratory and physical training course is mandatory.

Offered: Spring.

**MSL 3203 - The Joint Environment - Army ROTC - MSL 399 (3)**

The Joint Environment - Army ROTC - MSL 399

**MSL 4301 - Adaptive Leadership - Army ROTC - MSL 401 (3)**

Cadets will learn about the special trust proposed by the US Constitution to Army Officers, Army Values and Ethics and how to apply them to everyday life as well as in Operating Environments, the officer's role in the Uniform Code of Military Justice and methods of Officer Career Management. A leadership laboratory and physical training course is mandatory.

Offered: Fall.

**MSL 4302 - Leadership in a Complex World - Army ROTC - MSL 402 (3)**

Course explores the dynamics of leading Soldier's in Full Spectrum Operations in the Operating Environment (OE). The course places significant emphasis on preparing Cadets for their first unit of assignment. It uses case studies, scenarios and What Now, Lieutenant? exercises to prepare Cadets to face the complex ethical and practical demands of leading as a commissioned officer in the US Army. A leadership laboratory and physical training course is mandatory.

Offered: Spring.

**MSS - Massage Therapy**

**MSS 0156 - Anatomy and Physiology for Massage Therapist I (75)**

This course will study the organ systems of human body and their structure and functions. Students will begin with a basic understanding of tissues from a cellular level, progress to individual organ systems, and discuss their relationships.

Offered: Fall.

**MSS 0157 - Anatomy and Physiology Massage Therapist II (75)**

This course is a continuation of Anatomy and Physiology for Massage Therapist I. Students will continue to study the organ systems of human body and their structure and functions. Students will begin with a basic understanding of tissues from a cellular level, progress to individual organ systems, and discuss their relationships.

Offered: Spring.

**MSS 0215 - Statutes/Rules and Ethics (9.9)**

Students will learn the history and purpose of the Florida Massage Practice Act and the rules of the Board of
Massage Therapy. (Chapter 480, F.S and Chapter 64 (B)(7).
Offered: Fall.

**MSS 0274 - Pathology Related to Massage Therapy (45)**
This course will provide students with information about pathological conditions. Emphasis will be on conditions that occur frequently enough that a practicing massage therapist will likely encounter them and those conditions that may be profoundly affected by massage therapy. Mandatory education courses that are required for licensure in Florida will be presented; Prevention of Medical Errors and HIV/ AIDS.
Offered: Spring.

**MSS 0283 - Allied Modalities I (51)**
This course will provide instruction of the various uses of massage therapy in allied health. Students will learn applications within the scope of practice of massage therapy. Students will be directed to the proper resources for further inquiry and expertise.
Offered: Fall.

**MSS 0284 - Allied Modalities II (51)**
This course continues to instruct the uses of massage therapy in allied health with a focus on alternative therapies in eastern theories and practices. The various modalities within the scope of practice of massage therapy will be practiced. Students will be directed to the proper resources for further inquiry and expertise.
Offered: Spring.

**MSS 0315 - Theory and Practice of Hydrotherapy (20.1)**
This course will provide students with an understanding of the principle theory of hydrotherapy and applications in therapeutic massage practices.
Offered: Spring.

**MSS 0601 - Professional and Personal Development (15)**
This course will prepare students for a professional career in massage therapy. Students will learn practical guidelines to establish a successful massage therapy practice, secure entry level employment, professional presentation, fee structure, marketing strategies, and business ethics.
Offered: Spring.

**MSS 0803 - Massage Theory and Clinical Practicum I (37.5)**
This course will provide students with an understanding of the fundamental principles and theories of therapeutic massage. Students will be instructed the proper techniques of massage manipulation. Sanitation and professional communication will be introduced. It is here that students will begin their awareness of sensitivity and trust which will be carried throughout the program.
Offered: Fall.

**MSS 0803L - Massage Theory and Clinical Practicum I Lab (121.5)**
This course will provide students with an understanding of the fundamental principles and theories of therapeutic massage. Students will be instructed the proper techniques of massage manipulation. Sanitation and professional communication will be introduced. It is here that students will begin their awareness of sensitivity and trust which will be carried throughout the program.
Offered: Fall.

**MSS 0804 - Massage Theory and Practicum II (37.5)**
This is a continuation course which will further students understanding of the principles and theories of therapeutic massage. Students will develop skills and confidence through palpation of major anatomical structures and muscle attachments, recognizing the quality of various tissue structures of the body. As part of this course students are required to complete 30 evaluated Swedish Massage session. In addition, students must participate at least 3 community massage events organized by the clinical coordinator.
Offered: Spring.

**MSS 0804L - Massage Theory and Practicum II Lab (121.5)**
This is a continuation course which will further students understanding of the principles and theories of therapeutic massage. Students will develop skills and confidence through palpation of major anatomical structures and muscle attachments, recognizing the quality of various tissue structures of the body. As part of this course students are required to complete 30 evaluated Swedish Massage session. In addition, students must participate at least 3 community massage events organized by the clinical coordinator.
Offered: Spring.

**MSS 0905 - Directed Study in Massage Therapy (30)**
Directed Study in Massage Therapy

**MTB - Mathematics**

**MTB 1348 - Applied Technical Math (3)**
Precalculus mathematics designed for Engineering Technology majors. Topics emphasized are functions and graphs, equations, geometry and right angle trigonometry. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption or MAT 0024/0024L with grade of "B" or better or permission of chairperson.)

Offered: Fall, Spring.

MTG - Mathematics

MTG 4212 - Modern Geometry (3)
Topics include: Euclidean geometry and its relationship to logic, trigonometry, and coordinate geometry. The problems, proofs, constructions, and graphs involve line segments, angles, triangles and polygons, parallel and perpendicular lines, circles, and similarity. (Prerequisite: Placement through appropriate college placement test or passed MAC 2312C with grade "C" or better or permission of chairperson).

Offered: Fall.

MUC - Music

MUC 2601 - Introduction to Songwriting (3)
This course covers the craft and technique of commercial songwriting through song analysis and construction. Students will take a step-by-step approach in organizing the creative elements for song building, performing and demo recording. The discipline and business procedures of the professional songwriter will be explored.

MUH - Music History

MUH 1021 - History of Country Music (3)
An overview of the history and culture of American country music. This course explores the origin and progression of the genre and its relationship to other modern musical genres. Attention is given to the influence of the economic and sociological concerns of the day on the lyrical and musical content of the genre.

Offered: Fall, Spring.

MUH 2110 - Introduction to Music History and Literature (3)
This is a survey course in music history and literature from the Middle Ages to the present. There will be an emphasis placed on the development of musical forms and performing mediums as they relate to Western Art Music through the ages. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

MUL - Music

MUL 1010 - Music Appreciation (3)
A survey course designed to establish a broad understanding of Western and Non-western musical styles. An emphasis will be placed upon critical listening skills, the recognition of fundamental musical elements and the roles of music in society from ancient to modern times. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

MUL 2380 - Popular Music in America (3)
This course looks at the events both social and musical that affected pop music in America. In addition, a timeline will be established and major artist’s contributions identified for the various periods of America pop culture. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

MUM - Music Production

MUM 1610 - Survey of Recording Technology (3)
An introductory course presenting an overview of recording technology as related to the music industry. The survey course provides an overall history of modern recording technology and techniques.

Offered: Fall, Spring.

MUM 1622 - Sound Reinforcement (3)
A study of current technology and techniques in sound reinforcement. Students focus upon the selection and operation of sound equipment for venues ranging in size from small clubs to large concert halls. Topics include live mixing and monitor equalization. Outside lab/field work is required.

Offered: Fall, Spring.

MUM 1634 - The Digital Audio Workstation (1)
This course is an introduction to audio recording using a Digital Audio Workstation, concentrating on the development of basic and intermediate skills on the most
current software and hardware used in the recording industry.

**MUM 2600 - Audio Engineering I (3)**

A detailed study of the equipment used in the modern recording studio. Emphasis is placed on each component of the recording process. Students receive an introduction to the recording session and modern recording studio practices.

Offered: Fall, Spring.

**MUM 2600L - Audio Engineering I Lab (2)**

This course is a hands on companion to MUM 2600. Students apply recording techniques in order to complete a finished mixed project.

Offered: Fall, Spring.

**MUM 2601 - Audio Engineering II (3)**

A continuation of MUM 2600, this course is an advanced study of the equipment used in the modern recording studio. Emphasis is placed on critical listening, ear training and aesthetics.

Offered: Fall, Spring.

**MUM 2601L - Audio Engineering II Lab (2)**

This course is a hands on companion to MUM 2601. Students apply advanced recording techniques in order to complete a finished mixed project.

Offered: Fall, Spring.

**MUM 2603 - Studio Maintenance (3)**

This course focuses on system architecture and troubleshooting techniques. Topics include soldering, wiring standards, preventative maintenance and basic electronic circuitry as related to recording equipment. Lab hours required.

Offered: Fall, Spring.

**MUM 2607 - Soundtrack Development (3)**

A project oriented approach to the development of soundtracks for audio-visual presentations such as motion pictures, TV shows and commercials. It covers basic principles of graphics design and technology, basic video editing techniques, DVD authoring, Foley, ADR, music timing, sweetening, and sound replacement.

Offered: Fall, Spring.

**MUM 2609 - Studio Production (3)**

A detailed study of the role of the music producer and recording engineer. Topics include musical arrangement, lead sheets, number charts, union documentation and payment practices. Students create demo and master projects under the supervision of the instructor. Lab hours required.

Offered: Fall, Spring.

**MUM 2611 - Live Recording Techniques (3)**

A study of live concert recording techniques. Students explore the unique challenges involved in recording live performances. Topics include selection and operation of recording equipment, synchronization and transformer isolation. Students create a live recording under the supervision of instructor. Field work required.

Offered: Fall, Spring, Summer.

**MUM 2640 - Post Production Sound (3)**

A project oriented approach to audio post-production techniques, includes CD mastering, Surround Sound mixing, integration of dialog, sound effects and music in film and video productions.

Offered: Fall, Spring.

**MUM 2677 - Sound Reinforcement II (3)**

This course is an in-depth study of contemporary production techniques and tools used in live sound reinforcement and concert production. Conventional and in-ear monitor matrix mixing and sound system design with practical application techniques will be studied.

Offered: Fall, Spring, Summer.

**MUM 2700 - Survey of Music Business (3)**

An overall examination of the major areas of the music industry. Attention is given to current issues related to the production, marketing, distribution and sale of music products. Guest lecturers from the music industry may be utilized.

Offered: Fall, Spring.

**MUM 2716 - Automated Show Control (3)**

This course presents the principles and practices of computerized control of audio, lighting, multimedia, event sequencing, and automated show control systems for indoor and outdoor entertainment venues.

**MUM 2720 - Music Publishing, Copyright and Intellectual Property (3)**

This course is a practical multi-perspective examination of copyrighting, music licensing, songwriting, music publishing and the marketing and exploitation of copyrights in specific application to the music business.

Offered: Fall, Spring, Summer.

**MUM 2722 - Artist Management (3)**
This course is a comprehensive examination of the critical aspects, concepts and components of artist management as it pertains directly to recording artist career development and expansion from launch to selling-through. Many of the concepts presented may be applied to other areas of the entertainment business and related fields and may provide significant value to those interested in managing recording engineers, producers, performers, authors, fine artists, and other performing artists.

Offered: Fall, Spring, Summer.

**MUM 2728 - Concert Production and Event Management (3)**

This course is a practical multi-perspective study of the business of concerts and events including concert production, event management, tour production, audience-building, contracts and promotion as it applies directly to the music business. The course will include thorough discussion of the elements of team members required for concert production and event management including promoters, sponsors, buyers, talent bookers, performers, and musicians.

Offered: Fall, Spring, Summer.

**MUM 2730 - Public Relations and Marketing for Music (3)**

This course is a practical multi-perspective examination of basic Public Relations (PR) and Marketing principles pertaining specifically to the fundamentals of the music business. Students will explore marketing, promotion and public relations practices employed to promote and support the monetization of a recording career, including the sale of recorded music, concert tickets, merchandise, and ancillary product. Discussion will include tools of the trade, traditional record label marketing, traditional record label public relations, product packaging, marketing plans, media exposure, crisis management, the media universe, new media and mobile technology, the publicity plan, branding, the roles of a PR/marketing executive, events, and story design/angles.

Offered: Fall, Spring, Summer.

**MUN - Music**

**MUN 1031 - Contemporary Music Ensemble I (1)**

Courses in an instructional program that provide opportunities for students to participate in ensembles. May be repeated two times for credit. (Prerequisite: Permission of instructor.)

Offered: Fall, Spring, Summer.

**MUN 1032 - Contemporary Music Ensemble II (1)**

Courses in an instructional program that provide opportunities for students to participate in ensembles, including rock, pop, blues and country. May be repeated two times for credit.

Offered: Fall, Spring, Summer.

**MUN 1120 - College Band (1)**

Reading and performance of all styles of concert band literature; encouragement of soloist and ensemble performance with band. May be repeated three times for credit. Four hours of class per week.

Offered: Fall, Spring.

**MUN 1210 - Orchestra (1)**

An instrumental ensemble performing works from the symphonic repertory. May be repeated three times for credit. Four hours of class per week.

Offered: Fall, Spring.

**MUN 1340 - Concert Choir (1)**

Offers an opportunity to study and perform master choral works from the Renaissance to the contemporary periods. Membership open to all students by audition. May be repeated three times for credit. Four hours of class per week. (Contact instructor.)

Offered: Fall, Spring.

**MUN 1362 - Madrigal Dinner Rehearsal and Performance (1)**

The class will focus on acting, singing (choral, ensemble, and solo), and role playing as they are applied to the annual Yuletide Feast productions. May be repeated three times for credit.

Offered: Fall, Spring, Summer.

**MUN 1410 - String Chamber Ensemble (1)**

MUN 1410-2410 String Chamber Ensemble. May be repeated two times.

Offered: Fall, Spring, Summer.

**MUN 1420 - Woodwind Chamber Ensemble (1)**

MUN 1420-2420 Woodwind Chamber Ensemble. May be repeated two times for credit.

Offered: Fall, Spring, Summer.

**MUN 1430 - Brass Chamber Ensemble (1)**

MUN 1430-2430 Brass Chamber Ensemble. May be repeated two times for credit.

Offered: Fall, Spring, Summer.

**MUN 1440 - Percussion Chamber Ensemble (1)**
MUN 1440-2440 Percussion Chamber Ensemble. May be repeated two times for credit.
Offered: Fall, Spring, Summer.

MUN 1450 - Keyboard Chamber Ensemble (1)
MUN 1450-2450 Keyboard Chamber Ensemble. May be repeated two times.
Offered: Fall, Spring, Summer.

MUN 1460 - Mixed Chamber Ensemble (1)
MUN 1460-2460 Mixed Chamber Ensemble. May be repeated two times.
Offered: Fall, Spring, Summer.

MUN 1470 - Collegium Musician Chamber Ensemble (1)
MUN 1470-2470 Collegium Musician Chamber Ensemble. May be repeated two times.
Offered: Fall, Spring, Summer.

MUN 1480 - Guitar Chamber Ensemble (1)
MUN 1480-2480 Guitar Chamber Ensemble. May be repeated three times for credit. May be repeated two times.
Offered: Fall, Spring, Summer.

MUN 1490 - Early Music Chamber Ensemble (1)
MUN 1490-2490 Early Music Chamber Ensemble. May be repeated two times.
Offered: Fall, Spring, Summer.

MUN 1710 - Jazz Ensemble (1)
Analytical study and performance of popular works in big band jazz, small combo groups, swing, be-bop, ballad and improvisation techniques. Three hours of class per week. May be repeated four times for credit. (Prerequisite: Permission of instructor.)
Offered: Fall, Spring.

MUN 1711 - Jazz Combo (1)
This course provides the student with an applied, laboratory setting in which to explore the literature and performance techniques involved in small jazz combo playing. Improvisation skills, piano voicing and comping styles, horn arranging and a wide range of other skills will be explored. May be repeated two times.
Offered: Fall, Spring.

MUN 1720 - Contemporary Vocal Ensemble (1)
Vocal and instrumental showcase group which represents the College through performance of choreographed American popular music. Membership open to all students by audition. May be repeated two times for credit. (Contact instructor.) Four hours of class per week.

MUN 2410 - String Chamber Ensemble (1)
This course is a continuation of MUN 1410, String Chamber Ensemble. May be repeated two times.

MUN 2420 - Woodwind Chamber Ensemble (1)
This course is a continuation of MUN 1420 Woodwind Chamber Ensemble. May be repeated two times for credit.
Offered: Fall, Spring.

MUN 2430 - Brass Chamber Ensemble (1)
This course is a continuation of MUN 1430 Brass Chamber Ensemble. May be repeated two times for credit.

MUN 2440 - Percussion Chamber Ensemble (1)
This course is a continuation of MUN 1440, Percussion Chamber Ensemble. May be repeated two times.

MUN 2450 - Keyboard Chamber Ensemble (1)
This course is a continuation of MUN 1450, Keyboard Chamber Ensemble. May be repeated two times.

MUN 2460 - Mixed Chamber Ensemble (1)
This course is a continuation of MUN 1460 Mixed Chamber Ensemble. May be repeated two times.

MUN 2470 - Collegium Musician Chamber Ensemble (1)
Collegium Musician Chamber Ensemble. May be repeated two times.

MUN 2480 - Guitar Chamber Ensemble (1)
This course is a continuation of MUN 1480 Guitar Chamber Ensemble. May be repeated two times.

MUS - Music

MUS 1621 - Acoustics and Psychoacoustics (3)
A study of theoretical and architectural acoustics such as absorption coefficients, modes, growth and decay, diffusion and isolation. Topics include design applications, structural techniques and materials. Lab hours required.
Offered: Fall, Spring.

MUS 1622 - Sound Reinforcement (3)
Sound Reinforcement

MUS 2360 - Learning Basic Music Using the Computer (3)
A course designed to introduce the student to basic music applications on the computer. The student will gain a basic knowledge of MIDI setup and applications such as engraving and sequencing.

Offered: Fall, Spring.

**MUS 2905 - Cooperative Education Experience in Music (1)**
Cooperative Education Experience in Music
Offered: Fall, Spring, Summer.

**MUT - Music Theory**

**MUT 1001 - Fundamentals of Music (3)**
The student learns to read basic music notation and applies this knowledge to develop fundamental skills. Also, students begin to create simple compositions and to develop the ability to notate music which is heard. This course requires no music skills or previous experience.

Offered: Fall, Spring, Summer.

**MUT 1121C - Music Theory I and Lab (4)**
Elements of music through reading, writing, singing and playing. All primary and secondary triads, their conversions and the dominant seventh chord. Sight singing, ear training, keyboard harmony, harmonic and structural analysis and elementary dictation. Three-hour class, two-hour laboratory. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)

Offered: Fall, Spring.

**MUT 1122C - Music Theory II and Lab (4)**
Continuation of MUT 1121C through secondary dominant chords and modulation. Part-writing principles, figured bass writing for instruments and elementary composition. Sight singing, ear training, keyboard harmony, harmonic and form analysis and intermediate dictation. Three-hour class, two-hour laboratory. (Prerequisites: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption and MUT 1121C.)

Offered: Fall, Spring.

**MUT 2126C - Music Theory III and Lab (4)**
Study of modulations; altered chords; extended chord structures; form analysis through reading, writing; sight-singing and ear training; and keyboard harmony. Three-hour class, two-hour laboratory. (Prerequisites: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption and MUT 1122C or equivalent.)

Offered: Fall, Spring.

**MUT 2127C - Music Theory IV and Lab (4)**
Study of modulation, altered chords, extended chord structures and extended-form analysis. Score reading, part writing, composition, sight singing, ear training and form analysis. Three-hour class, two-hour laboratory. (Prerequisites: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption and MUT 2126C or equivalent.)

Offered: Fall, Spring.

**MVB - Music**

**MVB 1211 - Applied Music Secondary, Trumpet (1)**
MVB 1211-2221 Applied Music Secondary, Trumpet. May be repeated one time.
Offered: Fall, Spring, Summer.

**MVB 1212 - Applied Music Secondary, French Horn (1)**
MVB 1212-2222 Applied Music Secondary, French Horn. May be repeated one time.
Offered: Fall, Spring, Summer.

**MVB 1213 - Applied Music Secondary, Trombone (1)**
MVB 1213-2223 Applied Music Secondary, Trombone. May be repeated one time.
Offered: Fall, Spring.

**MVB 1214 - Applied Music Secondary, Baritone Horn (1)**
MVB 1214-2224 Applied Music Secondary, Baritone Horn. May be repeated one time.
Offered: Fall, Spring.

**MVB 1215 - Applied Music Secondary, Tuba (1)**
MVB 1215-2225 Applied Music Secondary, Tuba. May be repeated one time.
Offered: Fall, Spring.

**MVB 1311 - Applied Music Principal, Trumpet (2)**
Applied Music, Principal, trumpet. May be repeated one time.
Offered: Fall, Spring.

**MVB 1312 - Applied Music Principal, French Horn (2)**
Applied Music Principal, French Horn. May be repeated one time.
Offered: Fall, Spring.
MVB 1313 - Applied Music Principal, Trombone (2)
Applied Music Principal Trombone. May be repeated one time.

MVB 1314 - Applied Music Principal, Baritone Horn (2)
Applied Music Principal Baritone Horn. May be repeated one time.
Offered: Fall, Spring.

MVB 1315 - Applied Music Principal, Tuba (2)
Applied Music Principal Tuba. May be repeated one time.

MVB 2221 - Applied Music Secondary, Trumpet (1)
Applied Music Secondary Trumpet. May be repeated one time.

MVB 2222 - Applied Music Secondary, French Horn (1)
Applied Music Secondary French Horn. May be repeated one time.
Offered: Fall, Spring.

MVB 2223 - Applied Music Secondary, Trombone (1)
Applied Music Secondary Trombone. May be repeated one time.

MVB 2224 - Applied Music Secondary, Baritone Horn (1)
Applied Music Secondary Baritone Horn. May be repeated one time.

MVB 2225 - Applied Music Secondary, Tuba (1)
Applied Music Secondary Tuba. May be repeated one time.

MVB 2321 - Applied Music Principal, Trumpet (2)
Applied Music Principal Trumpet. May be repeated one time.

MVB 2322 - Applied Music Principal, French Horn (2)
Applied Music Principal French Horn. May be repeated one time.
Offered: Fall, Spring.

MVB 2323 - Applied Music Principal, Trombone (2)
Applied Music Principal Trombone. May be repeated one time.

MVB 2324 - Applied Music Principal, Baritone Horn (2)
Applied Music Principal Baritone Horn. May be repeated one time.

MVB 2325 - Applied Music Principal, Tuba (2)
Applied Music Principal Tuba. May be repeated one time.

MVK - Music

MVK 1111 - Applied Music-Group (Piano) I-II (1)
Class piano instruction. Open to all students. Required of all music and music theory students having had little or no previous piano instruction. Two hours of class per week. May be repeated one time.
Offered: Fall, Spring, Summer.

MVK 1211 - Applied Music Secondary, Piano (1)
MVK 1211-2221 Applied Music Secondary, Piano. May be repeated one time.
Offered: Fall, Spring, Summer.

MVK 1212 - Applied Music Secondary, Harpsichord (1)
MVK 1212-2222 Applied Music Secondary, Harpsichord. May be repeated one time.
Offered: Fall, Spring, Summer.

MVK 1213 - Applied Music Secondary, Organ (1)
MVK 1213-2223 Applied Music Secondary, Organ. May be repeated one time.
Offered: Fall, Spring, Summer.

MVK 1311 - Applied Music Principal, Piano (2)
Applied Music Principal Piano. May be repeated one time.

MVK 1312 - Applied Music Principal, Harpsichord (2)
Applied Music Principal Harpsichord. May be repeated one time.

MVK 1313 - Applied Music Principal, Organ (2)
Applied Music Principal Organ. May be repeated one time.

MVK 2121 - Applied Music-Group (Piano) III-IV (1)
Class piano instruction. Open to all students. Required of all music and music theory students having had little or no previous piano instruction. Two hours of class per week. May be repeated one time.
Offered: Fall, Spring, Summer.

MVK 2221 - Applied Music Secondary, Piano (1)
Applied Music Secondary Piano. May be repeated one time.
MVK 2222 - Applied Music Secondary, Harpsichord (1)
Applied Music Secondary Harpsichord. May be repeated one time.

MVK 2223 - Applied Music Secondary, Organ (1)
Applied Music Secondary Organ. May be repeated one time.

MVK 2321 - Applied Music Principal, Piano (2)
Applied Music Principal Piano. May be repeated one time.

MVK 2322 - Applied Music Principal, French Horn (2)
Applied Music Principal French Horn. May be repeated one time.

MVK 2323 - Applied Music Principal, Organ (2)
Applied Music Principal Organ. May be repeated one time.

MVO - Music
MVO 1210 - Applied Music Secondary, Other Instruments (1)
MVO 1210-2220 Applied Music Secondary, Other Instruments. May be repeated one time.
Offered: Fall, Spring.

MVO 1310 - Applied Music Principal, Other Instruments (2)
Applied Music Principal Other Instruments

MVO 2220 - Applied Music Secondary, Other Instruments (1)
Applied Music Secondary Other Instruments

MVO 2320 - Applied Music Principal, Other Instruments (2)
Applied Music Principal Other Instruments

MVP - Music
MVP 1211 - Applied Music Secondary, Percussion (1)
MVP 1211-2221 Applied Music Secondary, Percussion
Offered: Fall, Spring, Summer.

MVP 1311 - Applied Music Principal, Percussion (2)
Applied Music Principal Percussion. May be repeated one time.

MVP 2221 - Applied Music Secondary, Percussion (1)
Applied Music Secondary Percussion. May be repeated one time.

MVP 2321 - Applied Music Principal, Percussion (2)
Applied Music Principal Percussion. May be repeated one time.

MVS - Music
MVS 1116 - Beginning Class Guitar (1)
Class in guitar instruction designed primarily for the beginner who does not read music. Emphasis on fundamentals of reading and technique. May be repeated one time.
Offered: Fall, Spring, Summer.

MVS 1211 - Applied Music Secondary, Violin (1)
MVS 1211-2221 Applied Music Secondary, Violin. May be repeated one time.
Offered: Fall, Spring, Summer.

MVS 1212 - Applied Music Secondary, Viola (1)
MVS 1212-2222 Applied Music Secondary, Viola. May be repeated one time.
Offered: Fall, Spring, Summer.

MVS 1213 - Applied Music Secondary, Cello (1)
MVS 1213-2223 Applied Music Secondary, Cello. May be repeated one time.
Offered: Fall, Spring, Summer.

MVS 1214 - Applied Music Secondary, String Bass (1)
MVS 1214-2224 Applied Music Secondary, String Bass. May be repeated one time.
Offered: Fall, Spring, Summer.

MVS 1215 - Applied Music Secondary, Harp (1)
MVS 1215-2225 Applied Music Secondary, Harp. May be repeated one time.
Offered: Fall, Spring, Summer.

MVS 1216 - Applied Music Secondary, Guitar (1)
MVS 1216-2226 Applied Music Secondary, Guitar. May be repeated one time.
Offered: Fall, Spring, Summer.

MVS 1311 - Applied Music Principal, Violin (2)
Applied Music Principal Violin. May be repeated one time.

MVS 1312 - Applied Music Principal, Viola (2)
Applied Music Principal Viola. May be repeated one time.
MVS 1313 - Applied Music Principal, Cello (2)
Applied Music Principal Cello. May be repeated one time.

MVS 1314 - Applied Music Principal, String Bass (2)
Applied Music Principal String Bass. May be repeated one time.
Offered: Fall, Spring.

MVS 1315 - Applied Music Principal, Harp (2)
Applied Music Principal Harp. May be repeated one time.

MVS 1316 - Applied Music Principal, Guitar (2)
Applied Music Principal Guitar. May be repeated one time.

MVS 2126 - Intermediate Class Guitar (1)
Class in guitar instruction designed primarily for the intermediate guitar student who has developed rudimentary music reading skills. Emphasis on developing reading and technique to college level performance expectations. (Prerequisite: MVS 1116 or by audition.) May be repeated one time.
Offered: Fall, Spring.

MVS 2221 - Applied Music Secondary, Violin (1)
Applied Music Secondary Violin. May be repeated one time.

MVS 2222 - Applied Music Secondary, Viola (1)
Applied Music Secondary Viola. May be repeated one time.

MVS 2223 - Applied Music Secondary, Cello (1)
Applied Music Secondary Cello. May be repeated one time.

MVS 2224 - Applied Music Secondary, String Bass (1)
Applied Music Secondary String Bass. May be repeated one time.

MVS 2225 - Applied Music Secondary, Harp (1)
Applied Music Secondary Harp. May be repeated one time.

MVS 2226 - Applied Music Secondary, Guitar (1)
Applied Music Secondary Guitar. May be repeated one time.

MVS 2321 - Applied Music Principal, Violin (2)
Applied Music Principal Violin. May be repeated one time.
Offered: Fall, Spring.

MVS 2322 - Applied Music Principal, Viola (2)
Applied Music Principal Viola. May be repeated one time.

MVS 2323 - Applied Music Principal, Cello (2)
Applied Music Principal Cello. May be repeated one time.

MVS 2324 - Applied Music Principal, String Bass (2)
Applied Music Principal String Bass. May be repeated one time.

MVS 2325 - Applied Music Principal, Harp (2)
Applied Music Principal Harp. May be repeated one time.

MVS 2326 - Applied Music Principal, Guitar (2)
Applied Music Principal Guitar. May be repeated one time.

MVV - Music

MVV 1111 - Beginning Class Voice (1)
Students will gain a general understanding of the fundamentals of singing and vocal techniques through practical application in both group and individualized settings. May be repeated one time.
Offered: Fall, Spring, Summer.

MVV 1211 - Applied Music Secondary, Voice (1)
MVV 1211-2221 Applied Music Secondary. May be repeated one time.
Offered: Fall, Spring, Summer.

MVV 1311 - Applied Music Principal, Voice (2)
Applied Music Principal Voice. May be repeated one time.

MVV 2121 - Intermediate Voice (1)
To cultivate learned technique and stage performance through practical application in both group and individualized settings. May be repeated one time for credit.
Offered: Fall, Spring, Summer.

MVV 2221 - Applied Music Secondary, Voice (1)
Applied Music Secondary Voice. May be repeated three times for credit
Offered: Fall, Spring, Summer.

MVV 2321 - Applied Music Principal, Voice (2)
Applied Music Principal Voice. May be repeated one time.

MVW - Music

MVW 1211 - Applied Music Secondary, Flute (1)
MVW 1211-2221 Applied Music Secondary, Flute. May be repeated one time.
Offered: Fall, Spring, Summer.

MVW 1212 - Applied Music Secondary, Oboe (1)
MVW 1212-2222 Applied Music Secondary, Oboe. May be repeated one time.
Offered: Fall, Spring, Summer.

MVW 1213 - Applied Music Secondary, Clarinet (1)
MVW 1213 2223 Applied Music Secondary, Clarinet. May be repeated one time.
Offered: Fall, Spring, Summer.

MVW 1214 - Applied Music Secondary, Bassoon (1)
MVW 1214-2224 Applied Music Secondary, Bassoon. May be repeated one time.
Offered: Fall, Spring, Summer.

MVW 1215 - Applied Music Secondary, Saxophone (1)
MVW 1215-2225 Applied Music Secondary, Saxophone. May be repeated one time.
Offered: Fall, Spring, Summer.

MVW 1311 - Applied Music Principal, Flute (2)
Applied Music Principal, Flute. May be repeated one time.
Offered: Fall, Spring.

MVW 1312 - Applied Music Principal, Oboe (2)
Applied Music Principal, Oboe. May be repeated one time.
Offered: Fall, Spring.

MVW 1313 - Applied Music Principal, Clarinet (2)
Applied Music Principal Clarinet. May be repeated one time.
Offered: Fall, Spring.

MVW 1314 - Applied Music Principal, Bassoon (2)
Applied Music Principal Bassoon. May be repeated one time.

MVW 1315 - Applied Music Principal, Saxophone (2)
Applied Music Principal Saxophone. May be repeated one time.
Offered: Fall, Spring.

MVW 2221 - Applied Music Secondary, Flute (1)
Applied Music Secondary Flute. May be repeated one time.

MVW 2222 - Applied Music Secondary, Oboe (1)
Applied Music Secondary Oboe. May be repeated one time.

MVW 2223 - Applied Music Secondary, Clarinet (1)
Applied Music Secondary Clarinet. May be repeated one time.

MVW 2224 - Applied Music Secondary, Bassoon (1)
Applied Music Secondary Bassoon. May be repeated one time.

MVW 2225 - Applied Music Secondary, Saxophone (1)
Applied Music Secondary Saxophone. May be repeated one time.

MVW 2321 - Applied Music Principal, Flute (2)
Applied Music Principal Flute. May be repeated one time.
Offered: Fall, Spring.

MVW 2322 - Applied Music Principal, Oboe (2)
Applied Music Principal Oboe. May be repeated one time.

MVW 2323 - Applied Music Principal, Clarinet (2)
Applied Music Principal Clarinet. May be repeated one time.

MVW 2324 - Applied Music Principal, Bassoon (2)
Applied Music Principal Bassoon. May be repeated one time.

MVW 2325 - Applied Music Principal, Saxophone (2)
Applied Music Principal Saxophone. May be repeated one time.

NUR - Nursing

NUR 1005C - Transition into Professional Nursing and Lab (8)
The transition course introduces concepts that facilitate educational progression to professional nursing without repetition. Concepts introduced in this course build on the practical nursing curriculum. The concepts are roles, health and wellness, nursing process, cultural and spiritual, family dynamics and injury. Upon completion of the course students will be able to apply these concepts to client care within the framework of the nursing process. Clinical experiences will be provided with clients across the lifespan in simple care environments.
Offered: Fall, Spring.
NUR 1010 - Foundations of Nursing Practice (3)
The foundations course is designed to introduce the new student to the profession of nursing. Concepts introduced are legal rights and responsibilities, professional responsibilities, teaching and learning and community health. Upon completion of the course students will have an ethical grounding for entry into practice.
Offered: Fall, Spring.

NUR 1020C - Nursing Process I and Lab (7)
Concepts introduced in this course will provide students with the knowledge, attitude and skills to promote health and prevent disease with clients who have normal physiological responses. The concepts emphasized will be health and wellness, safety and protection, age appropriate care, nursing process, cultural and spiritual, and roles. Upon completion of the course students will be able to apply these concepts to client care within the framework of the nursing process. Clinical experiences will be provided with clients across the lifespan in wellness, community and long-term care settings
Offered: Fall, Spring.

NUR 1230C - Nursing Process III and Lab (7)
Concepts introduced in this course will provide students with the knowledge, attitude and skills to safely care for clients with alterations in health. The concepts emphasized are physical mobility, metabolism, injury, comfort, elimination, infection and inflammation. Upon completion of the course students will be able to apply these concepts to client care within the framework of the nursing process. Clinical experiences will be provided with clients across the lifespan in diverse, simple care environments. This course will provide a foundation to build future concepts and future clinical experiences will be provided in increasingly complex environments.
Offered: Fall, Spring.

NUR 1322 - Maternal Child Nursing for Transition into Professional Nursing Student (3)
This course introduces concepts related to the delivery of nursing care to childbearing families during the prenatal, intrapartum and postpartum periods. The concepts family assessment and reproductive will also be introduced. Emphasis will be placed on promotion, maintenance and restoration of health for the childbearing family. Concepts introduced in this course are prenatal, intrapartum and postpartum; care of newborn, family dynamics and reproductive. Upon completion of the course students will be able to apply these concepts to mothers, infants and families within the framework of the nursing process. Clinical experiences will be provided with the childbearing family in maternal and newborn settings.
Offered: Fall, Spring.

NUR 1423C - Nursing Process II and Lab (4)
This course introduces concepts related to the delivery of nursing care to childbearing families during the prenatal, intrapartum and postpartum periods. The concepts family assessment and reproductive will also be introduced. Emphasis will be placed on promotion, maintenance and restoration of health for the childbearing family. Concepts introduced in this course are prenatal, intrapartum and postpartum; care of newborn, family dynamics and reproductive. Upon completion of the course students will be able to apply these concepts to mothers, infants and families within the framework of the nursing process. Clinical experiences will be provided with the childbearing family in maternal and newborn settings.
Offered: Fall, Spring.

NUR 2731C - Nursing Process IV and Lab (10)
The concepts in this course will provide students with the knowledge, attitude and skills to safely care for clients with alterations requiring multi-contextual nursing care. The concepts emphasized are gas exchange, tissue perfusion, fluid and electrolytes, and cellular regulation. Upon completion of the course students will be able to apply these concepts to client care within the framework of the nursing process. Clinical experiences will be provided with clients across the lifespan in diverse, complex care environments.
Offered: Fall, Spring.

NUR 2905 - Directed Study in Nursing (1)
Directed Study in Nursing
Offered: Fall, Spring, Summer.

NUR 2940C - Nursing Process V and Lab (11)
Concepts introduced in this course will emphasize nursing care to clients across the lifespan with recurring healthcare needs. This capstone course integrates concepts introduced in prior courses providing a holistic, summative learning experience focusing on multi-disciplinary care. New concepts introduced in this course are health maintenance, love and belonging, mood and affective disorders, coping disorders, behaviors and developmental disorders. Students will have a supervision and team leading experience. Emphasis will be placed on clinical competencies, management of care, clinical decision making, professional behaviors, and teaching and learning. Clinical experiences will be provided with clients across the lifespan in diverse care settings. This course will culminate with a practicum experience in diverse care settings.
Offered: Fall, Spring.

NUR 2990 - Advanced Standing (10)
Advanced Standing
NUR 3065 - Health Assessment (3)
This course prepares students to complete a holistic assessment on individuals across the lifespan with a focus on health promotion and disease prevention. Emphasis is on risk assessment, health history and physical examination, psychosocial, cultural, development and functional assessment. Focus will be placed on the national goals and objectives of Healthy People 2020.
Offered: Fall, Spring.

NUR 3125 - Pathophysiology (3)
This course examines the cellular adaptations in organ systems as it relates to the manifestation of disease and alteration in human function. The course covers advanced study of pathophysiology and symptomology across the lifespan.
Offered: Fall, Spring.

NUR 3145 - Pharmacology (2)
This course will focus on principles of nursing management in drug therapy and basic drug knowledge and patient-related variables. Nursing implications related to assessment of client outcomes and evidence based treatment guidelines are emphasized.
Offered: Fall, Spring.

NUR 3655 - Nursing in a Multicultural Society (3)
This course examines beliefs, values and practices of different cultures, with a focus on how culture influences health practice and health care decisions. (Historical and Global Pre or Coreq.)(Humanities Elective and NUR 3826 Pre.)
Offered: Fall, Spring.

NUR 3826 - Legal and Ethical Aspects of Nursing (3)
This course explores the current ethical and legal issues surrounding health care and the practice of nursing. Emphasis will be placed on professional nursing judgment, ethical dilemma, conflict resolution, and role of the nurse in decision-making.
Offered: Fall, Spring.

NUR 3846 - Critical Approaches to Nursing Theory (3)
This course examines the theories and conceptual basis for nursing practice. The historical and contemporary influences of nursing will be explored. Theories related to the scientific basis of nursing practice will be analyzed.
Offered: Fall, Spring.

This course provides an introduction to the research process as it applies to nursing theory and practice. Emphasis focuses on understanding and applying nursing models as foundations of nursing practice, and evidence-based approaches as related to current and future nursing practice.
Offered: Fall, Spring.

NUR 4636C - Community Health Nursing and Lab (4)
This course provides students with an introduction to focused practice in the community nurse setting. Using theory related to health promotion and disease prevention, students will explore epidemiology of community health issues, community assessment, interventions, and environmental hazards along with the health care needs of the vulnerable. Findings related to incidence and prevalence of disease, morbidity and mortality statistics and causal factors will be explored. This course includes a clinical learning experience focused in the community setting.
Offered: Fall, Spring.

NUR 4827C - Leadership and Clinical Decision-Making and Lab (5)
This capstone course, including a practicum learning experience, will provide students knowledge and skills to assume leadership and management roles in a variety of healthcare settings. The course will focus on leadership and management theories, outcome measurements, performance evaluations and development of problem solving skills.
Offered: Fall, Spring.

NUR 4837 - Health Care Policy and Economics (3)
This course will explore current legislative issues, economic constraints and political controversies surrounding health care and the practice of nursing. The student will learn about the impact of these issues from an historical and contemporary perspective.
Offered: Fall, Spring.

OCB - Marine Biology

OCB 2000C - Introduction to Marine Biology and Lab (4)
An introduction to the chemical, physical, and biological components of the marine environment. Emphasis is on the study of marine organisms and their ecological roles. Specific topics include Florida coastal and intracoastal systems and issues. Several one-day field trips are scheduled in addition to the weekly laboratory sessions.
This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring.

OCE - Oceanography

OCE 1001 - Introduction to Oceanography (3)
An introduction to oceanography, including the geology, biology, chemistry, physics and hydrology of the world's ocean basins and the coupling effects of the ocean and atmosphere. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring.

OCE 1001L - Introduction to Oceanography Lab (1)
This course is an accelerated lab component for OCE1001 designed for students enrolled in the AA Transfer Tracks of Marine Science, Marine Biology, Environmental Science and Ocean Engineering. This lab teaches the interdisciplinary aspects of physical, geological, chemical and biological oceanography. Students become acquainted with basic scientific and oceanographic concepts through hands-on studies and exploration of oceanic environments and are introduced to state-of-the-art oceanographic equipment. Enrollment by permission of instructor only.

Offered: Spring.

OCE 2013C - Aquatic Environmental Science and Lab (4)
This course is organized around the geochemistry of Earth's hydrologic cycle with an emphasis on the principal constituents dissolved in and transported by natural waters. The course is built around field trip(s) and lab work during which students will obtain water quality data from local aquatic environments and create technical reports and presentations based on their data.

Offered: Spring.

OCE 2905 - Directed Study in Oceanography (1)
Directed Study in Oceanography

Offered: Fall, Spring, Summer.

OCE 3014C - Oceanography: Coastal Ocean Studies in Biogeochemistry and Lab (4)
A systems approach to the study of the world's oceans integrating elements of biological, chemical, geological and physical oceanography. Examination of basic oceanographic principals and processes, with a focus on marine ecosystems of East Central Florida.

Offered: Spring.

OST - Office Systems

OST 1100 - Keyboarding and Formatting I (3)
Introduction to the touch system of keyboarding (computer-aided) with application (using Word software) of skills to problems including letters, tabulations and manuscripts.

Offered: Fall, Spring, Summer.

OST 1110 - Keyboarding and Formatting II (3)
Emphasis on timed production of various business forms and correspondence, speed and accuracy drills and an understanding of basic business functions.

Offered: Fall, Spring, Summer.

OST 1141 - Keyboarding (1)
This course emphasizes the use of a keyboard and is designed for all students who are or will be using a personal or business computer.

Offered: Fall, Spring, Summer.

OST 1330 - Business English (3)
Designed as a systematic review of English grammar, usage, mechanics, vocabulary development, and spelling as they are used in business. A special emphasis on business terminology, practices and written correspondence.

Offered: Fall, Spring, Summer.

OST 1435 - Legal Terminology (3)
This course provides a general introduction to law by explaining the common legal vocabulary involved in broad, general principles of substantive and procedural law.

Offered: Fall, Spring.

OST 2336 - Business Communications (3)
Principles and techniques of correspondence, including specialized letter writing, and research reports.

Offered: Spring.

OST 2401 - Basic Office Procedures (3)
Basic Office Procedures

Offered: Fall, Spring, Summer.

OST 2431 - Legal Office Procedures (3)
A study of the legal administrative role, professional relations, legal terminology and legal office procedures, including preparation of legal documents using automated dictation equipment. Student must register for lab.

Offered: Fall, Spring.
OST 2461 - Medical Office Procedures (3)
Study of advanced medical office procedures including professional office relations, administrative skills, preparation of medical documents and management of office operations. Student must register for lab.
Offered: Fall, Spring.

OST 2501 - Office Management (3)
Study of the organization and management of office personnel, electronic office equipment and the development of management skills.
Offered: Spring.

OST 2713 - Advanced Computer Software Applications (3)
A study of advanced concepts, features and applications of personal computers, and advanced techniques in using word processing, electronic spreadsheets and database management software.
Offered: Spring.

OST 2828 - Business Presentation Software (1)
This course provides the opportunity for the student to develop, design and create graphics presentations using Microsoft PowerPoint, a popular business presentation program. Students will use various features of the program, both basic and advanced, to develop computer generated slide presentations for business applications and virtual presentations on the Internet.
Offered: Spring.

OST 2852 - Excel for the Office (1)
This course provides the opportunity for the student to learn the fundamentals of a spreadsheet application and to gain an in-depth understanding of a spreadsheet program that allows the student to organize data, complete calculations, make decisions, graph data and develop professional looking spreadsheets.
Offered: Spring.

OTH - Occupational Therapy

OTH 1001 - Introduction to Occupational Therapy (3)
Students are introduced to the field of occupational therapy; the history, philosophy, and underlying concepts of the profession; and exposed to various clinical settings and personnel. It also includes an introduction to basic medical terminology.
Offered: Fall, Spring.

OTH 1003 - Human Occupation Across the Lifespan (3)
This course provides a study of occupation (activities that have meaning and purpose in a person?s life) across the lifespan. Topics include occupational development, roles and performance; meaning and identity; the person-environment-occupation model, client-centered treatment and health and wellness.
Offered: Fall.

OTH 1006 - Occupational Therapy Documentation (2)
This course provides the student with the history, components, current trends and mechanics of documentation for occupational therapy services. Documentation as related to reimbursement is emphasized.
Offered: Spring.

OTH 1014C - Analysis of Human Movement and Lab (3)
This course introduces the phenomenon of human motion and function within the context of occupational performance. Topics include: introduction to movement, survey of skeletal system, articular system, muscular system, and nervous system. Normal movement and posture are also examined. Impact of body structure and function upon client?s occupational status and motor performance is integrated via discussion and application projects.
Offered: Spring.

OTH 1114C - Occupational Therapy Skills and Techniques I and Lab (2)
This course focuses on developing basic competencies in occupational therapy treatment techniques and methodologies. Content includes: application of occupational therapy practice framework in areas relating to performance skills, patterns, and contexts; skill building in areas of patient care, safety, and basic mobility; communication/interaction dynamics; cultural diversity; computer literacy and resource development; and basic occupational analysis.
Offered: Fall.

OTH 1800 - Occupational Therapy Practicum I (1)
Level I field placements provide opportunities for students to apply basic occupational therapy principles and techniques. The placements are integrated in didactic courses to provide hands-on learning and participation under the direction of placement supervisors.
Offered: Spring.

OTH 1802 - Occupational Therapy Practicum II (2)
Students will perfect methods and techniques expected of entry-level Certified Occupational Therapy Assistants (COTA’s) while participating in observation, evaluation, treatment planning and treatment delivery under the direction of their supervisors.

Offered: Fall.

**OTH 2261C - Occupational Therapy Skills and Techniques II and Lab (3)**

This course provides instruction enabling the OTA student to further develop skills in areas of therapeutic mobility, activity analysis, and dealing with individuals, groups and populations in the context of health care restoration, prevention and promotion. Specific topics include: wheelchair transfers; basic exercises; ADL training and equipment provision; life skills training, occupational analysis, art and craft media; basic treatment strategies; service delivery models, and skill development in basic research methods.

Offered: Spring.

**OTH 2264C - Occupational Therapy Skills and Techniques III and Lab (3)**

This course provides information, demonstrations, and lab activities that address advanced occupational therapy treatment methods that promote occupational performance and quality of life. Topics include: sensorimotor treatment models, applications of therapeutic adaptation, family training, community programming, basic orthotics and prosthetics, assistive technologies, physical agent modalities, accessibility issues, intervention planning, and healthy lifestyles.

Offered: Fall.

**OTH 2300 - Psychosocial Occupational Therapy (4)**

Provides an overview of psychopathology as well as understanding of occupational therapy evaluations, treatment planning, intervention strategies and documentation used in psychosocial dysfunctions. Labs provide opportunities to observe and practice specific techniques.

Offered: Spring.

**OTH 2410 - Conditions in Occupational Therapy (3)**

This course will familiarize the student with the etiology, diagnosis, detection, medical management and prognosis of selected disease processes and traumatic injuries. Exploration of how these conditions affect the occupational performance of an individual, family, or community will be examined. This course will also enable the student to develop research and oral presentation skills via a research assignment.

Offered: Fall.

**OTH 2420C - Occupational Therapy for Physical Dysfunction (4)**

Provides the student with an understanding of evaluations, treatment planning, intervention strategies and documentation used in physical disabilities. Labs and occupational therapy settings provide opportunities to observe and practice specific techniques.

Offered: Summer.

**OTH 2520C - Developmental Issues and Lab (3)**

This course introduces students to the role of occupational therapy in a pediatric setting. It includes the normal development processes specific to pediatric-related disorders and how they impact development, treatment approaches and interventions; and legal, ethical, and family issues related to children with special needs, ages 0 - 21 years.

Offered: Fall.

**OTH 2704C - Advanced Practice and Professionalism for OTA (4)**

This course will enable students to apply previously-learned concepts at a more complex level in preparation for full-time field-work. Clinical scenarios, such as client mobility, exercise, stress and functioning, occupations in the home setting, and use of technology, will be used to further develop students’ clinical reasoning and application to client care. Professional knowledge and skills in delivery and management of OT services will be reviewed and applied. The role of skills and contributions of occupational therapy assistants (OTAs) to practice as part of inter-professional teams will be examined.

Offered: Summer.

**OTH 2840 - O.T. Supervised Clinical Practice I (5)**

Requires full-time field work for eight weeks in an O.T. treatment program. The student gains clinical experience working with patients under the supervision of an OTR/L. The student adheres to all the policies and regulations of the clinic.

Offered: Spring.

**OTH 2841 - O.T. Supervised Clinical Practice II (5)**

Requires full-time field work for eight weeks in an O.T. treatment program with a diagnostic group other than that chosen for OTH 2840.

Offered: Spring.

**OTH 2933 - O.T. Seminar for Clinical Practice (1)**
This course presents the student with a variety of issues such as the transition from student to practitioner, relationships between OTA's and other healthcare professionals, ethics review, licensing requirements, resource and management skills, job search strategies and preparation for the National Certification Exam.

Offered: Spring.

PCB - Biological Science

PCB 2033C - Introduction to Ecology and Lab (4)
This course explores the natural history, evolution and adaptation of fauna and flora to the environment with special emphasis on ecosystems of East Central Florida. The laboratory portion will stress wetlands ecology utilizing field techniques of sampling, identification, and delineation.

Offered: Fall.

PCB 3034C - General Ecology and Lab (4)
Principles of ecology with emphasis on Florida ecosystems.

Offered: Fall.

PCB 3060 - Introduction to Genetics (3)
This course covers fundamental principles of heredity from Mendel to the present and molecular genetics of prokaryotic and eukaryotic organisms.

Offered: Spring.

PCB 3203 - Cell Physiology (3)
Physiology of cell specialization. Emphasis on comparative ultra structure, function and regulation of differentiated cell types.

Offered: Fall.

PET - Health and Wellness

PET 2084 - Personal Health and Wellness (3)
The components of fitness are blended with the presentation and understanding of information relating to nutrition, resistance training, common illnesses, sexually transmitted diseases, stress management, health care, substance abuse and managing personal lifestyles.

Offered: Fall, Spring, Summer.

PET 2621 - Principles of Athletic Training (3)
An introductory course to the field of athletic training. Includes information regarding career information, legal issues, conditioning, equipment emergency procedures, injury recognition, rehabilitation and pharmacology.

Offered: Spring.

PET 2622 - Care and Prevention of Athletic Injuries (3)
A continuation of Principles of Athletic Training. Emphasis is on functional anatomy and the recognition, treatment and rehabilitation of specific injuries, illness and disorders that are commonly seen in the physically active population.

Offered: Spring.

PGY - Photography

PGY 1100 - Photography I (3)
The basics of camera handling and the guidelines to better composition, including an introduction to the black and white darkroom.

Offered: Fall, Spring, Summer.

PGY 1101 - Photography as an Art Form (4)
This course emphasizes the development of conceptual and formal photographic skills through an exploration of media using assignments and demonstrations that incorporate drawing, 2D and 3D design, color theory, and practical and profession-related still photography.

Offered: Fall, Spring.

PGY 1115 - Color Theory and Processes (7)
The course emphasizes production methods and techniques for color still photography, page layout and multimedia production. The cultural, historical and contemporary aesthetics and the theory and technology of color photography will be explored through classroom demonstration, exercises and assignments.

Offered: Summer.

PGY 1201 - Introduction to Studio and Location Photography (4)
The students will explore advanced studio and location photography using a variety of camera, lighting, and image processing techniques.

Offered: Fall, Spring.

PGY 1800 - Photography and Image Making (4)
This course introduces the fundamental photographic techniques of camera operation, exposure, digital workflow and processing, image editing, scanning and print output. The basic aesthetic aspects of still photography are also explored.

Offered: Fall, Spring.
PGY 1802 - Digital Image Processing and Applications (3)
This course is a survey of current professional digital imaging and editing applications and techniques, asset management principles and the Macintosh Operating System. Fundamental techniques for capture, workflow, library and collection development and digital tools are introduced.
Offered: Fall, Spring.

PGY 2000 - History and Aesthetics Photography (3)
This course traces the development of the photographic processes, cites the major contributions to the development of the art and examines contemporary aesthetic thought and practice.
Offered: Fall, Spring.

PGY 2107 - Commercial/Illustration Photography (4)
Concepts, techniques and applications for commercial illustrative photography emphasizing advanced lighting and creative problem solving for portraiture, architecture, landscape and still life photography in the studio and on location.
Offered: Fall, Spring.

PGY 2110 - Professional Studio Portraiture (4)
Development of lighting skills and practice in the production of studio portraits.
Offered: Fall, Spring.

PGY 2270 - Field Survey in Professional Photography (1)
This course is an introduction to the field of professional photography, including but not limited to photojournalism, editorial, advertising, portrait and wedding, corporate/industrial, public relations, and fine art photography.
Offered: Summer.

PGY 2273 - Professional Photographic Business Practices (3)
Introduces the professional practices required to successfully run a photographic business. Provides a detailed industry overview through guest lectures, field trips and professional seminars. Topics include business types and structures, legal and financial issues, promotion and marketing, billing, pricing and copyright. Offered in cooperation with the American Society of Media Photographers.
Offered: Fall, Spring.

PGY 2470 - Advanced Photo Workshop (1)
Topics for this course are selected from a range of advanced applied and technical areas and are designed to develop a specific set of professional skills. Student work will represent an independent and professionally challenging contribution to the discipline. Course may be offered as a Field Studies travel class.
Offered: Fall, Spring, Summer.

PGY 2650 - Editorial Photography (4)
Intensive development of skills and concepts in the production of photographs for editorial and illustrative contexts. Designed to emulate professional world conditions. Course emphasizes problem solving techniques, the working process and the refinement of photographic style.
Offered: Fall, Spring.

PGY 2705 - Digital Video and Sound (3)
Digital Video and Sound

PGY 2750 - Introduction to Video Production (4)
The course enables students to create a short digital video production. Instruction covers pre-production, production, and post-production methods, strategies, and techniques, including story/script development, interviewing, videography, audio recording and editing.
Offered: Fall, Spring.

PGY 2801 - Digital Photography (3)
This course introduces fundamental photographic skills through technologies. Emphasis is placed on the tools, techniques and aesthetics of a range of digital photographic applications pertaining to graphic design and interactive media.
Offered: Fall, Spring, Summer.

PGY 2806 - Fine Arts Digital Photography (4)
This course covers digital photographic systems and aesthetics with a focus on production techniques and creative expression.
Offered: Fall, Spring.

PGY 2930 - Special Topics in Photography (4)
Special Topics in Photography

PGY 2935 - Portfolio Workshop (1)
Examines professional issues relevant to current photographic practice through the presentation of theoretical and production projects. Includes a review of visual communications concepts and critical theory. Emphasis will be placed on developing the format, content
and sequencing of a portfolio appropriate to a particular industry segment.

Offered: Fall, Spring, Summer.

**PGY 2949 - Cooperative Education Experience in Photography (1)**

The course requires the student to research and make arrangements for a 15-25 hour cooperative work experience in the field of professional photography.

(Prerequisite: Permission of department chair.)

Offered: Fall, Spring, Summer.

**PHI - Philosophy**

**PHI 2010 - Introduction of Philosophy (3)**

This course presents an introduction to an overview of the major areas of philosophy. It introduces the student to the methods of philosophy, some of the major questions addressed by philosophy and to a selection of the philosophies and philosophers found throughout the world from the ancient ages to the present. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**PHI 2100 - Philosophy of Reasoning, Argument and Critical Thinking (3)**

This course is designed to introduce students to the theoretical knowledge and practical skills involved in becoming a critical thinker based on the theories and systematic methods developed within the discipline of philosophy. This course also includes a discussion of critical thinking with regard to values and ethics.

Offered: Fall, Spring.

**PHI 2600 - Introduction to Ethics (3)**

An introduction to the key concepts and principles of ethics as a basis for the study of values, ethical decisions, right actions and justice. It covers the philosophical roots, as well as modern applications of ethics based upon the ideas and influence of many diverse philosophers, both classical and modern, Eastern and Western, female and male. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring.

**PHT - Physical Therapist**

**PHT 1006 - Introduction to Physical Therapy (3)**

Introduces the student to the history and philosophy of physical therapy; the national organization; legal and ethical responsibilities as a PTA also includes SOAP Note writing. Emphasis will be placed on the team building concept.

Offered: Fall, Spring, Summer.

**PHT 1128 - Kinesiology of PTA (4)**

This course covers the relationships between the systems that relate to the functional movement of the human body. This course will also cover all functional body movements such as mechanisms, planes and other relationships to body movement.

Offered: Spring.

**PHT 1251 - Patient Care Skills (2)**

This course begins the implementation of treatment techniques in patient positioning, passive exercises, vital signs, massage, transfers, functional mobility, gait training with assistive devices and infection control.

Offered: Spring.

**PHT 1251L - Patient Care Skills Lab (2)**

This laboratory course begins the implementation of treatment techniques in patient positioning, passive exercises, vital signs, massage, transfers, functional mobility, gait training with assistive devices, lifting precautions and infection control.

Offered: Spring.

**PHT 1300 - Pathology for PTA (4)**

This course will cover all body systems with an emphasis on the orthopedics, neuromuscular, and cardiopulmonary diseases commonly treated in the physical therapy department. This course will emphasize the recognition of acute physiological changes in the patient and how to report these situations to the physical therapist.

Offered: Fall.

**PHT 2129 - Neuroscience for PTA (2)**

This course is a continuation of PHT 1128 - Kinesiology for PTA I - emphasizing the neuromuscular system and how it relates to functional movement of the human body. Other systems - cardiopulmonary, integumentary - will be addressed for their impact on functional movement of the human body.

Offered: Summer.

**PHT 2140 - Rehabilitation Skills for PTA (3)**

This course provides instruction in common neurological problems treated by the PTA. Emphasis will be placed on the client with closed head injury, degenerative neurological diagnoses and pediatric disorders to include their orthotic and wheelchair needs. The effects of aging
will be discussed as related to physical therapy treatments. Clinical decision making skills will be included. 
Offered: Spring.  
**PHT 2140L - Rehabilitation Skills Lab (1)**
This course provides clinical lab skills for treating common neurological problems. Emphasis will be placed on skills and treatments to be used with clients with closed head injury, degenerative neurological diagnoses and pediatric disorders to include their orthotic and wheelchair needs. Clinical decision making skills will be included. 
Offered: Spring.  
**PHT 2211 - Modalities I (2)**
This course includes the indications and contraindications for therapeutic modalities of superficial heat and cold, hydrotherapy, ultrasound; wound care and postural drainage as seen in the physical therapy department.  
Offered: Summer.  
**PHT 2211L - Modalities I Lab (1)**
Laboratory application of therapeutic modalities for superficial heat and cold, hydrotherapy, ultrasound; wound care and postural drainage as seen in the physical therapy department.  
Offered: Summer.  
**PHT 2214 - Modalities II (1)**
This course includes the indications, precautions and contraindications in the use of electrical stimulation equipment for a variety of neurological and musculoskeletal conditions. In addition, electromagnetic energies - LASER, ultraviolet, infrared and diathermy - will be discussed.  
Offered: Fall.  
**PHT 2214L - Modalities II Lab (1)**
This laboratory course teaches the application of electrical stimulation equipment used for a variety of neurological and musculoskeletal impairments.  
Offered: Fall.  
**PHT 222O - Therapeutic Exercise I (3)**
This course provides instruction for therapeutic exercise techniques with the rationale for treating musculoskeletal and neurological impairments to include goniometric measurements as seen in the PT Department.  
Offered: Spring.  
**PHT 2220L - Therapeutic Exercise I Lab (2)**
Laboratory application of therapeutic exercise techniques with the rationale for treating musculoskeletal and neurological impairments to include goniometric measurements as seen in the PT Department.  
Offered: Spring.  
**PHT 2221L - Therapeutic Exercise II Lab (2)**
This lab course will include the application of therapeutic exercises for orthopedic problems, balance and coordination problems, cardiovascular clients to include the indications, precautions and contraindication; along with application of Manual Muscle Testing.  
Offered: Summer.  
**PHT 2235 - Therapeutic Exercise III (4)**
This course will include the application of therapeutic exercises for clients with vascular problems, amputations, and stroke along with gait training and analysis for these clients.  
Offered: Fall.  
**PHT 2235L - Therapeutic Exercise III Lab (2)**
This course will include the application of therapeutic exercises for clients with vascular problems, amputations, and stroke along with gait training and analysis for these clients.  
Offered: Fall.  
**PHT 2804 - PTA Clinical Practicum I (3)**
This level I clinical experience provides supervised planned learning opportunities for students to apply basic physical therapy principles and techniques under the direction of physical therapists or physical therapists assistants.  
Offered: Fall.  
**PHT 2810 - PTA Clinical Practicum II (2)**
This course integrates the practical application of those theories, concepts and manual skills introduced into the classroom and laboratory into a practice setting under the supervision of a physical therapist or physical therapist assistant.  
Offered: Spring.
PHT 2820 - PTA Clinical Practicum III (3)
Course is a supervised learning experience in a selected physical therapy setting in which the previously learned didactic information is integrated under the supervision of physical therapist or physical therapist assistant.
Offered: Spring.

PHT 2931 - PTA Seminar (3)
The purpose of this course is to acquaint the physical therapist assistant student with the professional, legal and ethical considerations which are inherent to performance on the job. Membership in professional organizations, licensure, code of ethics and standards of professional practice will be discussed. Other areas such as community involvement, basic pharmacology, ADA legislation and documentation will be addressed.
Offered: Spring.

PHY - Physics
PHY 1020 - Energy and its Environmental Effects (3)
This course is a survey course designed to introduce basic physics concepts and applications, with emphasis placed on energy and the environment. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring.

PHY 1053C - General Physics I and Lab (4)
First half of PHY1053C/1054C. Course covers vectors, systems of measurement, laws of motion, energy, heat, mechanical and thermal properties of matter. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring.

PHY 1054C - General Physics II and Lab (4)
Continuation of PHY1053C. Course covers sound, wave motion, electrostatics, magnetism and physical and geometrical optics. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Spring.

PHY 2048C - Physics with Calculus I and Lab (5)
First half of PHY2048C/2049C sequence. Course covers kinematics of motion in one, two and three dimensions, vectors, dynamics, Newton's laws of motion, gravitation, work, power and energy; and systems of particles, wave motion and sound, heat and thermodynamics. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall.

PHY 2049C - Physics with Calculus II and Lab (5)
Continuation of PHY2048C. Course covers electrostatics, current electricity, DC circuits, AC circuits and resonance, magnetism, electromagnetic radiation, geometric optics and physical optics. Introduction to special relativity and quantum effects. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Spring, Summer.

PHY 2905 - Directed Study in Physics (1)
(Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)
Offered: Fall, Spring, Summer.

PHY 3101 - Modern Physics (3)
An introductory modern physics course designed primarily for students majoring in the sciences, engineering or mathematics. Topics include the special theory of relativity, wave properties of matter, the Schrodinger wave equation, atomic structure, molecular bonding, the electrical and magnetic properties of solids, semiconductors, the atomic nucleus and nuclear interactions.
Offered: Fall.

PHY 3221 - Classical Mechanics (3)
Topics covered include one-dimensional motion, three-dimensional motion, Newton's laws of motion, energy and momentum conservation, circular and rotational motion, statics, planetary motion, oscillations, and wave motion.
Offered: Spring.

PHY 3513 - Thermal Physics (Thermodynamics and Elementary Statistical Mechanics) (3)
The objective of this course is to develop a working knowledge of the laws and methods of thermodynamics and elementary statistical mechanics and to use this knowledge to explore various applications. Many of these applications will relate to topics in materials science and the physics of condensed matter.
Offered: Fall.

PHY 4424 - Geometrical and Physical Optics (3)
This course is intended to increase a student's knowledge of physics via further development of geometrical optics, and then by the introduction of new topics. These new
topics will include aberration theory, optical instrumentation, wave optics, interference of light, interferometry, optical coherence, the interaction of light and matter, holography, and nonlinear optics.

Offered: Spring.

PLA - Paralegal (Legal Assist)

PLA 1003 - Introduction to Paralegal (3)
This course introduces students to the legal system and legal terminology, examines the role of the lawyer and paralegal, the ethical and professional practice standards applicable to both lawyer and paralegal, and provides a working knowledge of theory and concepts to enable students to perform supporting legal tasks for an attorney.

Offered: Fall, Spring.

PLA 1103 - Legal Writing and Research I (3)
Study of legal researching methods, writing techniques, and use of the law library in preparing memoranda, legal argument, format, and legal citations.

Offered: Spring.

PLA 1610 - Real Estate Law and Property (3)
A study of real estate transactions and conveyances such as deeds, contracts, leases, easements and closing documents and the drafting of these conveyances.

Offered: Fall.

PLA 1800 - Law of Domestic Relations (3)
A study of the fundamental principles and laws involving marriage, dissolution, separation agreements, custody, adoption, support provisions and property disposition.

Offered: Spring.

PLA 2114 - Legal Writing and Research II (3)
A study of the various legal writing techniques used to present the results of legal research. Emphasis on legal argument and development of legal instruments and documents.

Offered: Fall.

PLA 2200 - Introduction to Litigation, Torts and Evidence (3)
A study of the court system and the litigation process, including preliminary interviews with clients, investigation and marshalling of facts, drafting of all pleadings and motion practice.

Offered: Fall.

PLA 2303 - Criminal Law and the Paralegal (3)
A study of the origin, structure and definition of criminal law, including criminal prosecution, investigation, pre-trial and trial procedures, and the criminal court system.

Offered: Fall.

PLA 2460 - Bankruptcy Law (3)
The purpose of this course is to introduce students to the historical, political, economic and legal principles of debtor/creditor and bankruptcy law. Emphasis is on practical application and preparation of Bankruptcy Statements and Schedules.

Offered: Fall, Spring.

PLA 2600 - Probate Administration (3)
A study of wills, trusts and estate administration using the Florida Probate Code that includes analysis of the substantive law, drafting of related documents and researching of the legal issues.

Offered: Spring.

PLA 2763 - Law Office Management (3)
This course is designed to familiarize the student with the practical inner workings of a law office, including its equipment, office procedures and management.

Offered: Spring.

PLA 2880 - Constitutional Law (3)
The course is developed both topically and historically to approach the judicial review process, the doctrine of implied powers, the three branches of government, substantive due process along with equal protection, civil rights, free speech and religion.

Offered: Fall, Spring, Summer.

PLA 2905 - Directed Study in Legal Assisting (1)
Directed Study in Legal Assisting

PLA 2949 - Cooperative Education Experience in Legal Assisting (1)
Cooperative Education Training Assignment in Legal Assisting (Prerequisite: 12 semester hours of approved Paralegal Studies courses and permission of Chairperson.)

Offered: Fall, Spring, Summer.

PMT - Precision Metals

PMT 0106C - Introduction to Welding I (90)
This course introduces basic procedures for welding cutting safely. Students learn to read and understand blueprints, hands-on oxyacetylene plasma arc cutting, and SMAW (stick) welding in various applications positions.
PMT 0109C - Introduction to Welding II and Lab (90)
This course continues with advanced procedures for welding and cutting safely. Students learn fabrication from blueprints, advanced hands-on oxyacetylene plasma arc cutting, and SMAW (stick) welding in various applications positions.
Offered: Fall, Spring.

PMT 0121C - Welding III (Shield Metal Arc) and Lab (90)
This course advances students in the skills of welding and cutting. Students are introduced to different techniques of SMAW (stick) welding, as well as advanced blueprints.
Offered: Fall, Spring.

PMT 0131C - Welding VII (Gas Tungsten Arc) and Lab (90)
This course introduces basic Gas Tungsten Arc (TIG) welding. Students practice basic TIG welding skills starting with plate, and combining basic TIG with SMAW welds.
Offered: Fall, Spring.

PMT 0134C - Welding V (Gas Metal Arc) and Lab (90)
This course enables students to actively hone their welding skills in Stick and MIG processes. Introduction of blueprints for Structural Steel and the use of various weld machines.
Offered: Fall, Spring.

PMT 0154C - Welding IV (Plasma Cut Welding and Introduction to MIG) and Lab (90)
This course continues to instruct students in the skills of welding and cutting. Students continue to learn specialty cuts as well as introduced to GMAW (MIG) welding.
Offered: Fall, Spring.

PMT 0161C - Welding VI (Introduction to Pipe Welding) and Lab (90)
This course enables students to continue to polish their welding skills in Stick and MIG processes. Students now focus on welding pipe in various positions in order to pursue weld certifications.
Offered: Fall, Spring.

PMT 0171C - Welding VIII (Advanced Gas Tungsten Arc and Pipe Welding) and Lab (90)
This course requires focus on testing criteria for various welding applications. Students practice advanced TIG welding skills, advancing to pipe to pursue weld test certifications.
Offered: Fall, Spring, Summer.

PMT 0211C - Precision Machining I and Lab (90)
Basic machining, use of measuring tools, shop math and print reading. Manual machining operations are covered in milling and turning.
Offered: Fall, Spring.

PMT 0215C - Precision Machining II and Lab (90)
A continuation course in basic machining, use of measuring tools, shop math and print reading. Manual machining operations are covered in milling and turning.
Offered: Fall, Spring.

PMT 0251C - CNC Operations I and Lab (90)
Introductory course in computer numerical programming (CNC). Linear coordinate systems, and polar coordinate systems will be the main focus of study. Machine part programming and toolpaths are covered extensively.
Offered: Fall.

PMT 0255C - CNC Operations II and Lab (90)
Set up and operation of CNC machine tools. Lathe turning programming, CAD/CAM programming and off-line programming are topics covered in this course.
Offered: Fall.

PMT 0260C - CAD/CAM Programming I and Lab (90)
Introductory course in computer aided machining (CAM). CAM utilizes computer software to design, draw and develop machine tool paths created by a computer. The course is structured around the software program MasterCam.
Offered: Spring.

PMT 0265C - CAD/CAM Programming II and Lab (90)
Advanced training on CAD/CAM operations using Mastercam software. Creating machine tool paths from original drawings and transferred files. Complex shapes such as 2-D and 3-D geometry are also used in training.
Offered: Spring.

PMT 0290 - Cooperative Education Experience in Machining (30)
This is an on-the-job training course that most students will enroll in towards the end of their training. This is a course that the student will apply their training in a working
environment. Students will be expected to treat this as a real job. Evaluations and site visits will be expected.

Offered: Fall, Spring.

**PMT 0720C - Computer Numerical Control (CNC) III and Lab (90)**

This course provides students with the ability to complete advanced set-up and operation of Computer Numerical Control (CNC) machine tools, electric discharge machine (EDM) programming and operation, lathe turning programming, mill programming 4th axis, and CAD/CAM programming. Students will set-up and operate many types of CNC equipment and will perform assigned projects.

Offered: Fall, Spring, Summer.

**POS - Political Science**

**POS 2001 - Introduction to Political Science (3)**

A study of current political and economic issues in the United States, including international cases affecting American society. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

**POS 2041 - American Federal Government (3)**

Constitutional rights of the individual; structure and functions of our legislative, executive and judicial branches; role of the citizen in political parties and the electoral process. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

**POS 2112 - State and Local Government (3)**

Introduction to the principles and institutions of state and local government with emphasis on Florida. Explores the structures and functions of state governments, including federal-state and state-local relations.

Offered: Fall, Spring, Summer.

**POS 2930 - Russian Politics and Foreign Policy (3)**

This course is an examination of politics and foreign policy in Russia and selected Post-Soviet Successor States since the collapse of Soviet communism, focusing on the factors promoting and impeding the development of a stable democratic regime. Topics include the general dynamics of political and economic transformation, leadership, institution building, political culture, regionalism and federalism, electoral and party politics, national security and foreign policy state-society relations and interest groups, and Russian nationalism and neo-imperialism.

Offered: Summer.

**PPE - Psychology**

**PPE 2001 - Survey of Personality (3)**

Survey of Personality

Offered: Spring.

**PRN - Nursing - Practical**

**PRN 0004C - Introduction to Nursing and Lab (457.5)**

Foundation course related to the role of the practical nurse, relationships with other members of the health team, and the common needs of well people. Includes critical thinking; fundamentals of nursing; normal nutrition; vocational, personal and community relationships; introduction to medical-surgical nursing; human growth and development; geriatric nursing; pharmacology; and mental health wellness.

Offered: Fall.

**PRN 0042C - Neuromuscular Sensory Nursing and Lab (174)**

This course focuses on advanced concepts of nursing practice as they apply to clients experiencing alterations in musculoskeletal, nervous and sensory systems.

Offered: Summer.

**PRN 0090 - Nursing Assistant (120)**

The nursing assistant long-term care program prepares individuals to become entry level health care professionals providing basic nursing care to clients in nursing home and long-term care facilities. This program consists of 80 hours of classroom/laboratory instruction and 40 hours of clinical.

Offered: Fall, Spring, Summer.

**PRN 0120C - Maternal/Child Health Nursing and Lab (174)**

Introduction to the role of the practical nurse providing care to the childbearing, childbearing family, newborn and pediatric client. Learning activities will emphasize nursing techniques, communication skills, and problem solving in selected situations of nursing practice. This course focuses on applying your knowledge of obstetric and pediatric pathophysiology in addition to nursing skills, to client situations in order to provide the most effective and appropriate nursing care.

Offered: Summer.

**PRN 0207C - Medical-Surgical Nursing I and Lab (455)**
Concepts introduced in this course will emphasize nursing techniques, communication skills, problem solving, role responsibilities, and employability skills in selected areas of nursing practice. The role of the practical nurse will be emphasized while caring for clients with disorders of the following systems: (1) respiratory, (2) circulatory, (3) renal/urinary, (4) reproductive, (5) gastrointestinal, (6) endocrine, and (7) immune.

Offered: Spring.

PRN 0904 - Directed Study in Practical Nursing (30)

Directed Study in Practical Nursing

Offered: Fall, Spring, Summer.

PSB - Psychology

PSB 2442 - Addictions I - Psychology of Addictions (3)

Students acquire a knowledge base about a variety of substances abused; understanding addiction, categories of addiction; current trends and evidence based practice in the field, including education, behavioral health, and social sciences; and addiction services available for referrals. This course can be used towards the Transdisciplinary Foundations requirement of the certification boards. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)

Offered: Fall, Spring.

PSC - Physical Sciences

PSC 1121 - Physical Science (3)

Integrated principles of physical and earth sciences, the scientific method and selected areas of fundamental physics, chemistry, astronomy and meteorology. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

PSY - Psychology

PSY 1012 - General Psychology (3)

A scientific study of human behavior in relation to our development, motivation, emotion, perception learning and thinking. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

PSY 2905 - Directed Study in Psychology (3)

Directed Study in Psychology (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)

Offered: Fall, Spring, Summer.

PSY 2931 - Special Topics in Intimate Relationships (3)

This course provides students with an opportunity to explore, research, observe, and discuss problems, current and historical issues, and emerging trends in psychology and society as they pertain to intimate relationships. Students will be introduced to contemporary research findings in intimacy, marriage, divorce, and human sexuality.

Offered: Fall, Spring.

PSY 2932 - Special Topics in Research Methods in Psychology (3)

This course is designed to introduce students to the basic principles and elements of research. Focus areas will include the application of the scientific method, empiricism, experimental control, validity, reliability, variance, descriptive and inferential statistics, population distributions, qualitative research techniques and applications, parametric and non-parametric statistics. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Offered: Fall, Spring.

PSY 2933 - Special Topics in Clinical Psychology (3)

This course introduces students to the science, theories and practices of clinical psychology, highlighting the varied and dynamic areas of the discipline. This is a beneficial course for those students that are seriously considering psychology as a career path.

Offered: Fall, Spring.

PSY 2934 - Special Topics in Forensic Psychology (3)

Special Topics in Forensic Psychology

PSY 2935 - Special Topics in Parenting and Family Dynamics (3)

This course takes a research based in depth look at parenting issues and dynamics within the contemporary family unit. Topics covered will include parenting practices, work/life/family balance, and educational challenges for parents and children.

Offered: Fall, Spring.

PSY 2936 - Special Topics in Comparative Psychology (3)

This course focuses on the interaction between nature and nurture in regards to animal behavior. Issues such as
mating, predatory, defensive and social behavior in animals will be examined. By the end of this course students should have a basic understanding of how brain physiology and functioning create behavior and how behavior is influenced by the interaction between biology and the environment.

Offered: Fall, Spring.

**PSY 2937 - Special Topics in Persuasion and Prejudice (3)**

Provides an opportunity to understand, analyze, and evaluate significant issues within social relationships. Students explore contemporary research in the nature of groups, prejudice, intergroup relations, social influence, and persuasion.

Offered: Fall, Spring.

**QMB - Quant Methods in Business**

**QMB 1001 - Business Math (3)**

Analytical treatment of practical business financial problems concerning interest, payroll, buying and selling goods, consumer credit, using calculators.

Offered: Fall, Spring, Summer.

**REA - Reading**

**REA 0017C - Reading and Lab (4)**

An introduction to reading designed to help students gain proficiency in basic reading skills. Emphasis is placed on advancing vocabulary and comprehension skills in content reading. Recommended based on the student's academic record and available test scores. (REA 0017C cannot be used toward AA or AS degree requirements.)

Offered: Fall, Spring.

**REA 1105 - Critical Reading Techniques (3)**

This course is a college-level reading course designed to develop efficient reading skills for purposeful application. Emphasis is on critical thinking/comprehension skills, developing a college-level vocabulary, reading techniques, speed, critical analysis and written response to various types of reading materials. Recommended based on the student's academic record and available test scores.

Offered: Fall, Spring.

**RED - Lang Arts and English Educ**

**RED 3012 - Principles of Reading (3)**

The purpose of this course is to introduce reading principles, procedures and organization, current practices, analysis of reading materials, correlation with child development and investigation of research to the pre-service teacher. This course includes field experience in the public schools. This course may be offered in the FA or SP term.

Offered: Fall, Spring.

**RED 3309 - Early and Emergent Reading K-2 (3)**

The purpose of this course is to increase the understanding of early literacy development and the conditions which promote total literacy from birth through lower elementary grades. The course requires field experience in the public schools. This course is a 7 week class offered during the FA and SP terms.

Offered: Fall, Spring.

**RED 4511 - Intermediate Literacy, Reading and Thinking (3)**

The purpose of this course is to discuss procedures as well as material selection to effectively implement reading in intermediate grade classrooms. This class requires field experience in all intermediate grade settings. This course may be offered in FA or SP term.

Offered: Fall, Spring.

**RED 4519 - Diagnosis, Intervention in Reading (3)**

The purpose of this course is to introduce formal and informal methods and materials used to identify reading strengths and weaknesses of students. Emphasis is placed on diagnosis of reading problems, administration of assessments, evaluation of results and planning instructional interventions to remediate reading difficulties. This course requires field experience in the public schools. This course may be offered in the FA or SP term.

Offered: Fall, Spring.

**RED 4844 - Reading Practicum (3)**

The purpose of this course is to provide a supervised practicum on the application of reading instruction. Pre-service teachers work in a school site with students who are experiencing reading problems, including Exceptional Student Education students and English Language Learners. Pre-service teachers review current reading research literature and select, plan, and use appropriate reading assessments, materials, and strategies to identify needs and provide remedial reading instruction in a K-12 classroom. Field service in a public school required. This course may be offered in the FA, SP or SU term.

Offered: Fall, Spring.
REL - Religion

REL 2300 - World Religion (3)
A comparative study of religion, with emphasis on Judaism, Christianity, Hinduism, Buddhism, Taoism, Confucianism, Shinto and Islam. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring, Summer.

RET - Respiratory Care

RET 1025C - Principles of Respiratory Care and Lab (4)
This course is an introduction to comprehensive patient assessment and the scientific basis for Respiratory Care. Lecture and laboratory experiences. (Prerequisite: Admission to the Respiratory Care program)
Offered: Fall.

RET 1026C - Basic Equipment of Respiratory Care and Lab (3)
An introduction to basic respiratory care techniques and equipment, including medical gas therapy, humidity, aerosol, lung expansion, and airway clearance. Lecture and laboratory. (Prerequisite: Admission to Respiratory Care Program.)
Offered: Fall.

RET 1264C - Advanced Equipment of Respiratory Care and Lab (3)
This course covers advanced respiratory care techniques and equipment. Topics emphasized are airway management, arterial punctures and respiratory care outside of the acute care setting.
Offered: Spring.

RET 1265C - Mechanical Ventilation and Lab (4)
This course involves an in-depth examination and application of mechanical ventilation principles and equipment. Current practice as well as innovations in the use of pressure and volume ventilation, clinical practice guidelines, patient-driven protocols and management of the patient ventilator system are also discussed.
Offered: Spring.

RET 1295 - Chest Medicine (3)
A study of diseases and clinical entities commonly encountered in patients needing respiratory care.
Offered: Spring.

RET 1450 - Basic Physiologic Monitoring (3)
A study of diagnostic techniques and instrumentation, including pulmonary function, electrocardiogram, and other related procedures.

RET 1485 - Cardiopulmonary Anatomy and Physiology (4)
This is provides a detailed study of the structure and function of the heart and lungs, including respiratory related abnormal physiological processes and acid-base status. (Prerequisite: Admission to the Respiratory Care program.)
Offered: Fall.

RET 1874 - Clinical Respiratory Care I (4)
This course covers clinical application of respiratory care procedures, including Medical Gas Therapy, Humidity, Aerosol and Lung Expansion therapies. Ventilator support, Arterial Blood Gases and other adjunctive procedures in Respiratory Care are included. An article review with a pre-approved topic relevant to the practice of Respiratory Care. Clinical.
Offered: Summer.

RET 1875 - Clinical Respiratory Care II (4)
This course is a continuation of Clinical Respiratory Care I with an emphasis on critical respiratory care. Rotation through specialty areas including pulmonary rehab, cardiac catheterization lab, pulmonary function lab, operating room, emergency room and post-anesthesia recovery areas. SOAP forms are presented in post conference daily and weekly on assigned patients. A practice CRT exam, an article review with a pre-approved topic relevant to the practice of Respiratory Care, and a major case study on a cardiopulmonary patient are required.
Offered: Fall.

RET 2244 - Life Support (3)
This course encompasses the concepts and applications of chest tube maintenance, vacuum systems, nasogastric and orogastric tube placement and maintenance as it relates to the practice of respiratory care. Chest radiography, cardiopulmonary stress testing and advanced cardiac life support concepts are reviewed. Hemodynamic monitoring, including both right and left heart catheterization and intra-aortic balloon pumping are intensively covered. Critical care concepts such as therapeutic hypothermia, pharmacology and the critically ill patient are discussed.
Offered: Fall.

RET 2350 - Cardiopulmonary Pharmacology (4)
The course analyzes the history of pharmacology, regulatory agencies and regulations concerning the use of drugs. It will include drug action, absorption, and distribution in the human body with emphasis on respiratory, cardiac, and related drugs that a student is exposed to in clinical settings.

Offered: Spring.

**RET 2714 - Neonatal and Pediatric Respiratory Care (3)**

This course introduces the evolving field of Pediatric and Neonatal Respiratory Care to include the assessment and treatment of the newborn and pediatric patient.

Offered: Fall.

**RET 2876 - Clinical Respiratory Care III (4)**

The students continue their critical care rotations, exposure to special care areas adding skilled nursing facilities, long term care, and neonatal/pediatric areas. Students also complete mini case studies for oral presentation. During the final semester, students will write a term-quality research paper on a pre-approved topic relevant to the practice of respiratory care, take a practice board exam, and turn in their volunteer portfolio.

Offered: Fall.

**RET 2877 - Clinical Respiratory Care IV (4)**

The students continue their critical care rotations, exposure to special care areas adding skilled nursing facilities, long term care, pulmonary rehabilitation, pulmonary function testing laboratories and neonatal/ pediatric areas. Students also complete case studies for oral presentation. As a final project, students will write a term-quality research paper on a pre-approved topic relevant to the practice of respiratory care.

Offered: Fall.

**RET 2934 - Respiratory Care Seminar (3)**

This capstone course presents clinical simulations and future implications of respiratory care therapies. This seminar course also provides a review of all materials learned throughout the 5 semester program. Self-assessment advanced practitioner examinations are administered throughout and as a conclusion to this course. Resume writing and interview skills are also covered.

Offered: Spring.

**RTE - Radiography**

**RTE 1000 - Fundamentals of Radiologic Technology (1)**

Provides extensive understanding of the fundamentals of radiation positioning, technique, protection, patient care and assessment, ethics, human diversity, body mechanics, medical-legal aspects, history and role of radiographer.

Offered: Spring.

**RTE 1001 - Medical Terminology for Radiographers (1)**

Medical Terminology for Radiographers

Offered: Summer.

**RTE 1418 - Radiographic Exposures and Processing (2)**

A study of the factors that govern and influence the production of an image. Image processing, image receptor systems and accessory devices will be discussion.

Offered: Spring.

**RTE 1457 - Radiographic Exposures II (2)**

Radiographic Exposures II

Offered: Summer.

**RTE 1503 - Radiographic Procedures I (2)**

A study of patient positioning, equipment usage and image quality evaluation for exams involving the respiratory system, digestive/biliary system and appendicular skeleton. Emphasis on radiation protection and patient care.

Offered: Spring.

**RTE 1503L - Radiographic Procedures Lab I (1)**

Radiographic Procedures Lab I

Offered: Summer.

**RTE 1513 - Radiographic Procedures II (2)**

Radiographic Procedures II

Offered: Summer.

**RTE 1513L - Radiographic Procedures Lab II (1)**

Radiographic Procedures Lab II

Offered: Summer.

**RTE 1523 - Radiographic Procedures III (4)**

This course is a continuation of Radiographic Procedures II, with emphasis on the vertebral column, cranium and special projections for each system, and study of fluoroscopic and tomographic equipment. The course also provides students with critical thinking and problem solving methods to be utilized in image evaluation to assure appropriate anatomy and/or pathology demonstrated on properly positioned images with high image quality.
Students also gain knowledge in performance of repeat analysis.
Offered: Fall.

**RTE 1804 - Radiographic Clinical Education I (4)**
This course will introduce students to a supervised clinical education experience in performing radiographic procedures with an emphasis on competency evaluations in the respiratory, appendicular and abdominal anatomy.
Offered: Spring.

**RTE 1814 - Radiographic Clinical Education II (3)**
Supervised clinical education in performing radiographic procedures with emphasis on competency evaluation in the appendicular, axial skeleton and contrast studies.
Offered: Summer.

**RTE 1824 - Radiographic Clinical Education III (5)**
Supervised clinical education in performing radiographic procedures with emphasis on competency evaluation on trauma, pediatric patients, and procedures performed outside the department in the axial and appendicular skeletons.
Offered: Fall.

**RTE 2385 - Radiation Biology and Protection (2)**
Radiation Biology and Protection
Offered: Spring.

**RTE 2473 - Quality Management in Radiography (1)**
Quality Management in Radiography

**RTE 2563 - Selected Radiographic Special Procedures I (3)**
A study of techniques/procedures other than those used in diagnostic radiography to include anatomy of the cardiac, nervous and reproductive systems, cross-sectional anatomy, and imaging/therapeutic procedures for these systems.
Offered: Spring.

**RTE 2573 - Selected Radiographic Special Procedures II (3)**
Selected Radiographic Special Procedures II
Offered: Summer.

**RTE 2613 - Radiation Physics I (3)**
This course covers the physics of diagnostic imaging including analysis and synthesis of energy and matter and their relationship. Students will embark on a detailed study of the atom and the components needed for the production of X radiation. Extensive study of the components involved in imaging systems with tests and procedures to evaluate them will be a focus. State and Federal regulations/guidelines will be discussed. Basic pharmacology will also be instructed during this course.
Offered: Spring.

**RTE 2623 - Radiation Physics II (3)**
A continuation of Radiation Physics with emphasis on the X-ray tube, equipment, x-ray production and interactions with matter.
Offered: Fall.

**RTE 2782 - Radiographic Pathology (1)**
Radiographic Pathology
Offered: Spring.

**RTE 2834 - Radiographic Clinical Education IV (5)**
Radiographic Clinical Education IV
Offered: Spring.

**RTE 2844 - Radiographic Clinical Education V (4)**
This course is a supervised clinical education experience in performance of radiographic procedures with an emphasis on competency evaluation in specialized procedures. This course covers CT, MRI, Invasive Radiology, Surgery (Mobile), Radiation Therapy (optional), Nuclear Medicine, Mammography (optional), Cardiac Cath, Ultrasound, Interventional Procedures and in-services on osteoporosis exams.
Offered: Fall.

**RTE 2854 - Radiographic Clinical Education VI (6)**
This course will involve supervised clinical education in performance of radiographic procedures with an emphasis on Final Competency Exams.
Offered: Spring, Summer.

**RTE 2930 - Radiographic Image Critique (1)**
Radiographic Image Critique

**RTV - Mass Comm (Radio TV))**

**RTV 1000C - Fundamentals of Broadcast Production and Lab (4)**
Introduction to television production with an emphasis on identifying industry terms, outlining production theory, and learning the production sequence. Students learn to apply terminology and techniques through a combination of online activities, hands-on training performance of specified tasks. Topics covered include studio camera
operation, staging and lighting, floor directing, prompter and videotape operation.

Offered: Fall, Spring, Summer.

**RTV 1510C - Studio Television Production and Lab (4)**

This level II course in television production will further develop television production methods and techniques. Student will refine skills in the production roles specified and participate in production projects.

Offered: Fall, Spring, Summer.

**RTV 1670 - Television Directing (3)**

The course presents the methods and techniques used to plan, produce and direct entertainment and informational programs and short subject in the broadcast media that prepare individuals to function as professionals in broadcast and production media.

**RTV 2104 - Broadcast Research/Newswriting/Presentation Skills (3)**

Basic instruction and practice in news gathering, writing and announcing for radio and TV. Students will create a video portfolio of live performances.

Offered: Spring.

**RTV 2241 - Producing for Television (3)**

This course teaches students preproduction methods for a live television broadcast. Students will plan all phases of the production including the concept, format, and audio and visual elements.

**RTV 2290 - Selected Topics in Remote Sports Production (3)**

This Selected Topics course prepares students to work advanced production positions on live and recorded productions. The topics covered include preproduction, production and post-production skills.

**RTV 2534 - Electronic Field Production (3)**

This course offers students an opportunity to advance their field production skills in videography, audio recording, and lighting. The course also requires students to practice advanced non-linear production skills, graphics creation, producing and directing.

**RTV 2540 - Workshop in Studio Production (3)**

The Workshop in Studio Production course will enable students to prepare a studio for a production, create a television program, and post-produce the program for broadcast and internet distribution.

**RTV 2541C - Team Media Production and Lab (4)**

This level III course in video production will further develop video production methods and techniques. Students will refine skills in the production roles specified and produce group projects.

Offered: Fall, Spring, Summer.

**RTV 2600C - Acting for the Lens and Camera and Lab (3)**

This course introduces students to blocking and performance techniques for live and taped television productions.

Offered: Fall, Spring, Summer.

**RTV 2940 - Practicum for Television Broad (4)**

This course offers students an opportunity to advance their live remote production skills. Topics will include videography, audio, graphics, replay, prompting, and lighting.

**RTV 2949 - Cooperative Education Experience in Radio and Television (1)**

Cooperative Education Experience in Radio and Television

**SBM - Management (Small Bus)**

**SBM 2000 - Small Business Management (3)**

A step-by-step presentation of how to manage and operate a small business. The areas covered include developing a business plan, securing financing, site location, and marketing.

Offered: Fall, Spring.

**SCE - Science Education**

**SCE 3310 - Teaching Science in the Elementary School (3)**

The purpose of this course is to provide the pre-service teacher with the knowledge and skills to be an effective elementary science teacher. Pre-service teachers will explore the foundational topics in Earth/Space, Life and Physical Sciences. This course requires a field experience in the public schools. This course is a full term 15 week class offered during the FA and SP terms.

**SCE 4360 - Science Instructional Analysis (3)**

The purpose of this course is to provide the pre-service science teacher with the necessary knowledge and skills to become a reflective and effective science teacher in the grades 6–12. This course requires field experience in a secondary public school. This course is a 7 week class and may be offered during the SP term.
SLS - Student Life Skills

SLS 1101 - College Resources (1)
This course is designed to assist first-year students to enhance their knowledge and use of academic resources at Daytona State College. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

SLS 1122 - Managing Your Success (3)
This course is designed to assist students in becoming engaged learners while transitioning to Daytona State College. Emphasis is on orienting students to college resources, academic expectations and career planning, time/money management, technology, student services/organizations and academic integrity. This course is a graduation requirement for students in the Associate of Arts (A.A.) degree.
Offered: Fall, Spring, Summer.

SLS 1127 - Faculty Peer Mentoring Experience for Marine and Environmental Science Programs (0)
Students are socialized into the Institute of Marine and Environmental Studies (IMES). Students will enter and participate in a mentoring relationship where the mentor will assist the student awareness of IMES courses, lab and field-research skills to increase success in Marine Environmental Science programs.
Offered: Fall, Spring.

SLS 1130 - DSC Basics (0)
This course will highlight need-to-know first semester college policies, services, campus locations and suggestions to prepare for the first day of class.

SLS 2281 - Diversity, Culture and Communication (3)
The course provides a methodical approach to expanding awareness of the knowledge and skills necessary to effectively interact with and serve diverse populations. This course will particularly emphasize attitudes and competencies that are important in lives beyond college, as well as in interactions with others. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring, Summer.

SLS 2300 - Academic and Occupational Research (1)
This course emphasizes the development of realistic goals through investigation of academic program requirements, transfer options, career qualifications and alternative related professions.
Offered: Fall, Spring, Summer.

SLS 2301 - Career Development (3)
This course provides an overview of career interests, values, aptitude, career and academic program exploration and employability skills including job search planning.
Offered: Fall, Spring, Summer.

SLS 2303 - Job Search and Employability Skills (1)
This course emphasizes student preparation for industry trends and standards related to resumes, applications, cover letters, and interviews.
Offered: Fall, Spring, Summer.

SLS 2304 - Career Exploration and Decision Making (1)
This course will clarify career and educational goals by developing a personal profile of skills, interests, and values. Course activities include self-assessment, exploring occupational options and resources.
Offered: Fall, Spring, Summer.

SLS 2505 - Critical Thinking (3)
This course is designed to teach students to become critical thinkers, showing students how to apply their critical thinking skills to everyday problems and issues in school, in careers, and in their personal lives and public affairs. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.
Offered: Fall, Spring, Summer.

SOP - Psychology

SOP 2002 - Introduction to Social Psychology (3)
The function of individuals in social groups, with emphasis upon communications, persuasion, attitudes and other practical applications.

SOP 2772 - Psychology of Human Sexuality (3)
A study of the psychological, biological, psychosocial and cultural aspects of human sexuality. (Prerequisite: Appropriate placement scores, successful completion of college prep course or qualified developmental exemption.)
Offered: Fall, Spring.

**SPC - Speech Communication**

**SPC 2511 - Argumentation and Debate (3)**
The principles of argumentation, including analysis, evidence, inference and refutation, and their application to issues of current public interest through the practice of team debates. FA

**SPC 2608 - Oral Communications/Research/Presentation Skills (3)**
Basic principles of speech communication, including practice with various types and methods of oral expression. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring, Summer.

**SPN - Foreign Language (Spanish)**

**SPN 1120 - Elementary Spanish I Concentrated (4)**
Introductory-level course to Spanish and Hispanic cultures for students who have no or limited knowledge of Spanish. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to develop reading, listening, writing and speaking skills.
Offered: Fall, Spring, Summer.

**SPN 1121 - Elementary Spanish II Concentrated (4)**
Beginning-level course to Spanish and Hispanic cultures for students who have completed SPN 1120 or have a basic knowledge of Spanish. Instruction is designed to continue the study of the fundamentals of grammar principles with activities designed to develop reading, listening, writing and speaking skills.
Offered: Fall, Spring, Summer.

**SPN 2220 - Intermediate Spanish Reading and Conversation I (4)**
A continuation of SPN 1121. An intermediate-level course designed to enhance the student's knowledge of Spanish and Hispanic cultures by continuing the study of grammar principles and by enhancing communicative competency through interactive activities.
Offered: Fall.

**SPN 2221 - Intermediate Spanish Reading and Conversation II (4)**
A continuation of SPN 2220. This course completes the second-year sequence of the intermediate-level course in Spanish and Hispanic cultures. Instruction is designed to strengthen communicative and written skills with emphasis on oral as well as written expression while introducing aspects of the history and literature of the Spanish-speaking world.
Offered: Spring.

**SP 2905 - Directed Study in Spanish (1)**
Directed Study in Spanish

**SSE - Social Studies Education**

**SSE 3312 - Teaching Social Studies (3)**
The purpose of this course is to provide the pre-service teacher with the practical and theoretical knowledge and skills to be an effective elementary social studies teacher. This course requires a field experience in the public schools. This course is a full term 15 week class offered during the FA and SP terms.
Offered: Fall, Spring.

**STA - Statistics**

**STA 2023 - Elementary Statistics (3)**
Topics include: A survey of descriptive statistics and graphs, probability, random variables, confidence intervals, hypothesis testing, sampling, types of distributions, correlation and regression, and statistical applications. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.
Offered: Fall, Spring, Summer.

**STA 4024 - Statistics II (3)**
Topics include: Mathematical derivation of standard statistical distributions along with their mean and variance, estimation and hypothesis testing of means, proportions, and variances, analysis of variance, simple and multiple linear regression, an analysis of count data: chi-square and contingency tables, and nonparametric methods. (Prerequisite: Placement through appropriate college placement test or passed STA 2023 and MAC 2312/2312L with grade "C" or better or permission of chairperson). Offered: Spring.

**STS - Surgical Tech Studies**

**STS 0003 - Introduction to Surgical Technology (60.9)**
An introduction to the medical, legal, ethical and psychological aspects of health care during surgical intervention. Aseptic techniques employed to guard against disease and infection, with methods to combat them.

Offered: Fall.

STS 0008 - Pharmacology for Surgical Technology (45)
This course teaches general pharmacological concepts and principles in the management of patient care. Effective administration of therapeutic drugs, indications, and contraindications are discussed, including effects of medication on body systems, drug classifications and their principle action. Correct drug and dose identification is emphasized, including medications handled by the surgical technologist on the sterile field.

Offered: Fall.

STS 0120 - Surgical Specialties I (66)
Introduction to various surgical specialties and procedures along with specified human anatomy of the area where the surgical procedure is performed.

Offered: Fall.

STS 0121 - Surgical Specialties II (88.2)
Introduction to additional surgical specialties and specific human anatomy of the area in which the surgical procedure is performed.

Offered: Spring.

STS 0122 - Surgical Specialties III (34.8)
Introduction to the final group of complex surgical specialties and procedures along with specific anatomy of the area where the surgical procedure is performed.

Offered: Summer.

STS 0155 - Surgical Techniques and Procedures (96)
A supervised, well-structured laboratory learning experience in the specialized field of operating room services and patient care.

Offered: Fall.

STS 0155L - Surgical Techniques and Procedures Lab (111)
A supervised, well-structured laboratory learning experience in the specialized field of operating room services and patient care.

Offered: Fall.

STS 0255L - Surgical Procedures Clinical I (192)
Introduction as a surgical technologist by practicing learned skills and acquiring additional skills in clinical affiliate facility?s operating rooms in various surgical specialties and procedures.

Offered: Fall.

STS 0256L - Surgical Procedures Clinical II (375)
Intermediate participation as a surgical technologist by practicing learned skills and acquiring additional skills in clinical affiliate facility?s operating rooms in various surgical specialties and procedures.

Offered: Spring.

STS 0257L - Surgical Procedures Clinical III (156)
Advanced participation as a surgical technologist by practicing learned skills and acquiring additional skills in clinical affiliate facility?s operating rooms in various surgical specialties and procedures.

Offered: Summer.

SYG - Sociology

SYG 2000 - Introduction to Sociology (3)
A systematic and scientific study of social behavior, including social organization, culture, deviance, cultural behavior and social institutions. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

SYG 2010 - Social Problems and Deviance (3)
A study of major social problems and deviance in American society emphasizing causes, consequences and means of coping with these conditions. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring.

SYG 2430 - The American Family (3)
Investigation of the issues, changes and trends surrounding the contemporary American family. Findings from the field of family sociology will be compared to life experiences of students.

Offered: Fall, Spring.

TAX - Accounting

TAX 2000 - Personal Income Tax (3)
An introductory study of the individual income tax return that includes gross income and exclusions, business expenses and retirement plans, self-employed and
employee expenses, itemized and certain other deductions, credits and special taxes, accounting periods and methods, depreciation, capital gains and losses, withholding, estimated payments and payroll taxes.

Offered: Fall, Spring.

TDR - Technical Drafting

TDR 0304C - Computer Aided Drafting CAD and Lab (120)
Introductory course to CAD. This is a certificate CAD training course in software, blueprint reading, dimensioning and tolerancing and print making. AutoCad will be the primary training software.

Offered: Fall, Spring.

THE - Theatre Arts

THE 1000 - Theatre Appreciation (3)
An introduction to all the basic aspects of theater, including the play, the playwright, the actor, settings, and historical periods using a Golden Ages approach. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. Attendance at productions required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

THE 1035 - Dramatics I (Acting) (3)
Dramatics I (Acting)
Offered: Fall, Spring.

THE 1036 - Advanced Acting II (3)
Basic scene study focusing on script analysis. Students will learn to recognize themes, dramatic structure, and metaphor.

Offered: Fall, Spring.

THE 2037 - Advanced Acting III (3)
Exploration and development of a range of fundamental tools of the acting process with particular emphasis on actions, objectives, imagination, and collaborative theatre production and performance.

Offered: Fall, Spring.

THE 2038 - Advanced Acting IV (3)
Actors will expand their acting cannon through extensive physical based actor development, work with Shakespeare, and "Comedy of Manners." Actors will also learn the basis of stage violence. May be repeated one time for credit.

Offered: Fall, Spring.

TPA - Theatre Arts

TPA 2200 - Stagecraft (3)
A study of the basic principles of set design, stage carpentry and props construction, with emphasis on performance construction/support.

Offered: Spring.

TPP - Theatre Arts

TPP 2120C - Creative Improvisation: Innovation for Theatre and the Real World and Lab (3)
Through acting exercises in a safe, open environment students will discover and develop their creative and authentic responses to situations on and off stage. Using relaxation techniques and a variety of character-based improvisation games, they will achieve greater self-confidence, freedom of expression and an ability to adapt, take risks, and collaborate.

Offered: Fall, Spring.

TPP 2190 - Theatre Rehearsal and Performance (1)
The class will focus on stage and acting basics as they are applied to the production of a play or musical play. May be repeated three times for credit. (Prerequisite: Permission of chairperson through audition.)

Offered: Fall, Spring.

TPP 2250 - Musical Theatre Performance (3)
Introduction to the study of musical theatre analysis, creation, and performance as applied to the study of voice, dance, and acting.

Offered: Fall, Spring.

TPP 2300 - Beginning Directing (3)
A basic theatre techniques course with an emphasis on script analysis, fundamentals of staging, and work with actors. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP (Pending Approval)

TSL - Teaching Eng-Second Lang

TSL 3080 - ESOL Issues and Strategies I (3)
ESOL Issues and Strategies I

TSL 4081 - ESOL Issues and Strategies II (3)
The purpose of this course is to build upon the foundation course in Teaching English to Speakers of Other Languages for students in integrated teacher education programs. The goal of this course is to link the theory and practice for effective teaching of English Language Learners students. The course will focus primarily on methods, curriculum and assessment of ELL students. This course requires field experience in the public schools with at least one ESOL student. This course is a 7 week class offered during the FA and SP terms.

Offered: Fall, Spring.

WOH - History

WOH 2012 - World History Before 1500 (3)
Survey of the major civilizations of the world from ancient times to the modern era. Emphasis on the development of civilization and the influence of encounter and exchange. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Offered: Fall, Spring, Summer.

WOH 2022 - World History After 1500 (3)
An overview of the modern civilizations of Asia, Africa, Europe and the Americas. Emphasis on the development of new social, economic and political systems accompanied with intensified cultural exchange. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement.

Offered: Fall, Spring, Summer.
