Daytona State occupational therapy assistant student Angela Roccio works with student Kelly Brownrigg, in the blindfold, who is pursuing her associate of arts degree.

Daytona State College had various events Wednesday to raise awareness of what it’s like to live with a disability. The 22nd annual Abilities Awareness Day was organized by the college’s Office of Student Disabilities Services.

Events varied from wheelchair obstacles to listening to a band from the Florida School for the Deaf and Blind in St. Augustine.

Agencies from throughout the area were also on hand to provide information.
