DAYTONA STATE COLLEGE CAREER PATHWAY GUIDE
At Daytona State, you can claim your career by choosing from more than 100 one-year, two-year and four-year programs. With stackable credits, you can earn a certificate that will get you a job as you continue to pursue an associate degree, or even a bachelor’s degree, right here, close to home, for half the cost of going away to a university.

This booklet will help guide you through some of the academic pathways available to you at Daytona State. Whatever pathway you choose, however, rest assured you are an important part of this community of learners.

This is your time. Let us help you get a leg up on your academics. Apply for financial aid and scholarships to help with college costs. Gain insight and encouragement from our academic advisors and counselors. But most of all, have fun. Get involved! Enjoy our outstanding athletic and cultural programs. Join a club or student organization and make friends that will last a lifetime.

Best regards,
Dr. Tom LoBasso, President
Daytona State College

**WHAT DAYTONA STATE OFFERS:**

With over 100 programs to choose, we have one that’s right for you. Each is designed to help you move ahead on your career pathway with flexible opportunities for employment.

**1 Year or less**

**Certificate Programs**

Get started on a new career with specialized training that you can finish in one year or less. Our certificate programs can help you gain entry-level employment in a wide variety of fields. Certificate (college credit) and applied technology diploma credits also can go toward an associate of science (AS) degree as you continue your path to greater opportunity.

**2 Years**

**Associate Degrees**

For many of our students, their Daytona State College experience takes them on a pathway. Some start with a certificate that will prepare them for entry into their field of interest. From that waypoint, they move on to an associate of science degree that offers them more opportunities and earning potential. Others continue after earning their AS or AA degree, transferring into one of our 11 bachelor’s degree programs in supervision and management, engineering and information technology, education or nursing.

**4 Years**

**Bachelor’s Degrees**

Our bachelor’s degrees are developed under a 2+2 model. That means you earn your associate degree first, then transition into upper-level baccalaureate studies during your junior and senior years. Many of our bachelor’s degree students take advantage of internships and cooperative education opportunities while in school. It’s why a majority of our four-year graduates land jobs in their field within three months of earning their degrees. They’re able to hit the ground running and perform on the job right away.

**HOW TO USE THIS GUIDE:**

Here’s where you are

- YOUR INDUSTRY/ACADEMY CLUSTER

Here’s the Pathway from Certificate to Associate Degree to Bachelor’s Degree

- CERTIFICATE
- ASSOCIATE DEGREE
- BACHELOR’S DEGREE

Some programs allow you to go straight into an Associate Degree program

NOTE: The sources for all salary information were onetonline.org and careeronestop.org
What is a career cluster?
A career cluster is a group of jobs and industries that are related by skills or products. Within each cluster, there are “pathways” that lead to a collection of courses and training opportunities to prepare you for a given career.

What is a career pathway?
A career pathway is a collection of programs and services intended to develop your core academic, technical and employability skills. A career pathway offers clear direction that provides you with continuous education and training. The pathway also will connect you to high-demand, high-opportunity jobs.

Do I have to be in a high school Career Cluster to take advantage of a pathway?
It helps, but no! You can choose to enter any of Daytona State College’s pathways any time after your graduation from high school.

How do I choose a career pathway?
It’s easy - Follow your interest, skills and heart. Talk to your parents, guidance counselors, teachers, friends and relatives. You also can visit any of our DSC campuses to tour and speak with our advisors and faculty.

What is the difference between a college certificate and a college degree?
A certificate is usually two years or less that results in a specific skillset or industry certification. A 2- or 4-year degree allows you to expand on the foundation you’ve set and increase your opportunities for advancement. Typically, your earning power increases with each certificate and degree earned.

Did you know that you can earn industry certifications along your pathway?
All of our certificate programs align with and prepare you to earn industry certifications in your specific field. Industry certifications are nationally recognized, and increase your employability and earning potential.

What if I begin with a vocational certificate? Can those credits transfer into an associate degree?
Yes. Upon completion of many of our vocational certificate programs, you can transfer 23 credit hours into the A.S. in Industrial Management degree program.

How do I find out if credits I earn in my high school industry cluster apply toward my college certificate and/or degree program?
Talk to your guidance counselor or DSC advisor for details on how your high school courses may count toward a program at DSC.

HOW DO I FIND A JOB?
The Career Services Office provides employment assistance to current DSC students and alumni. Whether you are trying to find a temporary job while attending DSC or preparing for your first job in your profession following graduation, we have specialized expertise to help you accomplish your goal.

Our services include:
- Help finding information about a career or profession. You can find current and reliable information on salary, demand and related occupations.
- Assistance creating and updating your resume and other employment related documents, so you can make a good impression on an employer during the hiring process.
- An online job board where businesses can post opportunities for DSC students and alumni.
- An interactive multimedia “mock” interview tool to assist with interview preparation.
- Job fairs and on-campus hiring events that connect students and alumni with businesses.

We're Here to Help!

Daytona State College makes it easy to attend class and achieve your goals by giving you help when you need it. Think of us as a team of professionals with a common goal: your success.

Advising

Academic advisors are ready to help you from the day you first enroll in classes all the way to graduation. They're here to ensure you choose the classes that are most appropriate for your intended major. They will help you stay on track and find the resources you need to be successful.

Counseling

Daytona State counselors are licensed and experienced mental health professionals who can provide confidential short-term counseling services to students and link them to local community mental health professionals for long-term counseling, treatment or therapeutic intervention.

The Academic Support Center

The Academic Support Center (ASC) provides college-wide learning support to all DSC students by helping them develop the educational skills and strategies that are essential for academic achievement. In addition to technology-mediated learning and supplemental instruction, the ASC offers face-to-face or online peer and professional tutoring. These multimedia facilities are available on all campuses.

Library - Computing Commons

The Daytona Beach and DeLand Campus libraries provide a wide range of resources and services, including print and non-print collections, access to extensive electronic databases, and professional reference and research assistance. Our library networks with other state and national libraries to obtain the information you need when you need it, 24/7. A Computing Commons on each of DSC's five campuses provides access to academic software, word processing, spreadsheet applications and the Internet.

DSC-UCF Writing Center

When you visit the DSC-UCF Writing Center, you'll get highly individualized assistance with your writing on any subject and at any stage in the writing process. Whether it's for a course, personal project, resume, or scholarship essay, we'll help you develop your strengths as a writer. This free service is offered to all Daytona State and UCF Daytona Beach Campus students.

Student Disability Services

Student Disability Services (SDS) provides students with disabilities equal opportunity and access to Daytona State classes, educational programs and activities. SDS advisors work with students individually to determine the appropriate accommodations and support services each student is eligible to receive. Contact SDS prior to enrollment to arrange for any accommodations.

Center for Women and Men

The Center for Women and Men, located on all campuses, provides programs and services for students and families. It is an excellent resource for students facing hardships to receive support. You may be eligible to receive financial assistance with tuition, books, uniforms and childcare. Emergency bus passes, a clothes closet to help you achieve career readiness, a Falcon Grab-and-Go snack stand, a textbook lending library, and many services for homeless and hungry students also are available. Call us today at (386) 506-3068.

Your Falcon Life

Being serious about your future should also mean being serious about having fun along the way. Your Daytona State education can go well beyond your coursework. Through our many student clubs and activities, you can develop your talents and explore new passions while creating opportunities for friendship, learning and leadership. Choose from dozens of student groups and organizations that include:

Student Organizations

- Service Organizations
- Academic Clubs
- Medical & Health Associations
- Political Associations
- Multi-Cultural Organizations
- Religious Organizations
- Athletic & Gaming Clubs
- Art, Media and Performance Groups

Intramural Sports and Activities

Intramural sports and activities are scheduled throughout each semester.

- Basketball
- Flag Football
- Soccer teams
- Tennis
- Ping-pong
- Foosball
- Cafeteria board games and more

DSC Athletics: Catch the Falcon Fever!

DSC fields top-notch collegiate level athletics teams in the following sports:

- Men's Baseball
- Women's Fast-Pitch Softball
- Men's and Women's Basketball
- Men's and Women's Soccer
- Men's and Women's Cross Country
- Women's Golf
- Women's Volleyball
