**OR**

Tuesday, May 13, 2025

9 a.m. – 5 p.m.

**Location:** DSC [Advanced Technology College](#)

**COURSE:** This course is a practical and insightful training designed to equip law enforcement professionals with the knowledge and skills necessary for the effective deployment and use of Body-Worn Cameras (BWCs). The course covers the operational, legal, and technological considerations of BWC usage, with a focus on enhancing officer safety, accountability, and public trust.

Participants will explore the benefits and challenges of BWC programs, examine relevant Florida statutes and case law, and gain a deeper understanding of the differences between camera footage and human perception. The training also emphasizes proper handling, recording protocols, and best practices for analyzing video as part of investigations and incident reviews. **Seating is limited.**

#### TOPICS TO BE COVERED INCLUDE:

- Benefits & Challenges of BWC use in modern policing
- Florida Statute & Case Law relevant to BWC use
- Technology, Equipment, and Operations – what you need to know
- Proper Deployment and Operation techniques
