

Outline: Next Steps- Orientation

<p>Hi, I'm Dr. Michelle Goldys, Director of Academic Advising and I want to personally congratulate you on finishing your online orientation! This was an important first step to ensure you get off to the best start possible. Your next step is to schedule your group new student advising session, where we will cover all the essential items needed to ensure your path at DSC is smooth and answer all the questions you didn't even know to ask!</p> <p>You will then be connected to an advisor so we can discuss your academic and personal goals to ensure you have everything you need to be successful before enrolling in classes for the upcoming semester.</p> <p>Welcome to Daytona State College, we're SO glad you're here!</p>	<p>Scene: Next Steps Academic Advising</p>
