

TOM – SCRIPT FOR ADMISSIONS VIDEO

Hello, I'm Tom LoBasso, President of Daytona State College, and I'm pleased to welcome you to the Falcon Family. You're taking an important step in your life by pursuing a college degree that will unlock doors and provide pathways to unlimited opportunities.

Here at Daytona State, you'll find faculty and staff who offer you a nationally recognized education, with student support that rivals those found at any institution in America.

Our Academic Advising Team will be there to guide you through every step of your academic journey. They will ensure that you are aware of the many additional resources that are now available to you. Some of our most popular areas are the Academic Support Center, the Writing Center, Library, and Career Services Department. Other specialized programs are available through the Falcon HOPE Center and the Veterans Center.

Your time at Daytona State will be a life-changing experience, and I encourage you to explore everything we have to offer, whether it's inside the classroom, at an athletic event or an art exhibit, or through

one of our many clubs and student organizations. And if you haven't seen our new residence hall, you're missing out. Imagine the possibilities of living on campus, with all of your classes, recreational activities, and academic support departments within walking distance of your room.

There's something for here for everyone, and once again, welcome to Daytona State College.
