Please attach any other placement method as a pdf.</i> <i>How to obtain scores: SAT, ACT</i>	<input type="checkbox"/> PERT	<input type="checkbox"/> PreACT
	<input type="checkbox"/> CASAS	<input type="checkbox"/> PSAT
	<input type="checkbox"/> ACT	<input type="checkbox"/> ALEKS
	<input type="checkbox"/> SAT	<input type="checkbox"/> High School Transcript/EOC

School Counselor Section

School	Grade Level	Cum. Unweighted GPA
Graduation Date (MM/YY)	Foreign Language Completed <input type="checkbox"/> Yes <input type="checkbox"/> No	

DSC Course Requests & Guidelines

- Use this guide when selecting courses: [DSC Course Search Guide](#).
- Before taking electives, AA degree students must finish general education and bachelor's program pre-requisites.
- 30+ earned credits and a minimum 3.5 DSC GPA required to take more than 2 fully online courses.
- All enrollment & drop requests must be initiated by the student by the dates published on the [academic calendar](#).
- New students must complete orientation and new student advising to be eligible for enrollment.
- Registration is subject to course availability at the time of processing.

Course #	4 Digit Class #	# of Credits	Session	Instruction Mode	HS Grad Requirement
<i>Example: ENC 1101</i>	<i>1489</i>	<i>3</i>	<i>Full</i>	<i>Face-to-Face</i>	<i>Yes</i>

Consent Agreement

Dual Enrollment Eligibility

All Dual Enrollment courses are college-level coursework with college-level expectations. Please be aware that:

- All grades become a part of the student's permanent college transcript, and poor grades can affect future college admissions and federal financial aid eligibility.
- Students should expect two to three hours of homework and study time for each credit hour taken each semester.
- Any letter grade below a "C" will not count as credit toward General Education or Gordon Rule requirements.
- Students will need written permission from a school counselor to withdraw from Dual Enrolled classes. Add/Drop and withdrawal deadlines are posted on the [academic calendar](#). Dual Enrollment students follow the same academic calendar as all Daytona State College students.
- Students must consult a DSC Academic Advisor regarding the selection of courses, both to meet their degree requirements and to ensure effective transfer to their planned university course of study.
- **Students who have earned [AP/IB/AICE](#) credit must send official transcripts to the college.**

To continue participation in the Dual Enrollment program, students must meet the [minimum eligibility requirements](#), including high school GPA, college GPA, and satisfactory course completion. Note that home educated students are exempt from the high school GPA requirement.

Parent/Guardian

I give my child permission to participate in Dual Enrollment courses at Daytona State College. I understand that Dual Enrollment courses are governed by the terms of an articulation agreement with my school. I am aware that I may not access my student's college records, including attendance, grades, and any other non-directory information, unless the student follows procedures to provide [delegated access](#) to allow parental permission, as described in the Family Educational Rights and Privacy Act (FERPA).

Course materials or class discussions may involve topics not typically included in secondary courses, and which some parents may find objectionable. **Courses are not modified to accommodate variations in student age and maturity.**

Student

I agree to abide by the terms and conditions of the dual enrollment agreement, which is incorporated into this application by reference and available on the [Daytona State College website](#).

- I accept responsibility for my own transportation to the campus where my classes are being held.
- I understand that availability of classes is subject to the number of seats available.
- I agree to abide by both Daytona State College and school rules and policies. I am aware that inappropriate conduct will result in administrative withdrawal from Daytona State College coursework and other possible consequences.
- I understand that I am obligated to review and follow the attendance policy of each class's syllabus.
- I understand that any grades become a permanent part of both my school and college records. I authorize Daytona State College to forward my placement test results, my class schedule, and my grades to my school.
- I understand that class registration activity is between the student and Daytona State College, not the student and the school.
